

Identity 2231

Chapter 2231

Hearing the old man's arrangement, Su Shou Dao almost spewed old blood out of his mouth!

"It's obvious that the old man is blindly fucking and making a whole lot of things happen, but I'm going to Australia to get away from the limelight? What the fuck is this called?"

With that in mind, he hurriedly spoke up, "Dad, I'm totally okay with you keeping me out of the public eye for a while, but there's no need for me to go to Australia, right? There's still a whole bunch of things going on at the group, and I still have to find a way to mediate and salvage Haiqing's side."

Master Su said coldly, "If you stay here, the paparazzi will keep an eye on your every move, and don't forget, there are an unknown number of families waiting to take advantage of the opportunity to drink our blood and eat our flesh, and you're their breaking point!"

"So, in my opinion, you'd better go to Australia and get away, don't we have a beach house in Queensland? You go over there and relax, I'll sort things out for you over here."

Su Shou Dao was almost on the verge of collapsing.

In his heart, he surmised angrily, "Letting me go to Australia at this time, isn't this a clear sign for me to be a moving target and attract firepower? It would be fine if I didn't leave, but in the outside world's perception of this matter, it's still the old man betraying his granddaughter, and if I run away, then I don't know how these people will compose themselves on me!"

"Also, I'm now the group's executive vice chairman, the group's standard second-in-command, so if I leave, who's going to take over my job? Could it be Soo Shou De's pick up? If this bastard Su Shoudeh takes my job, then when I come back, the executive vice chairman will be his, so won't I be overridden?!"

Just as Su Shou Dao racked his brains to politely refuse this arrangement of the old man, Su Chengfeng directly spoke up and commanded, "Shou Dao, you help your brother arrange the plane, and let him leave quickly tonight, his work in the group, the future is temporarily under your custody."

When Su Shoude heard this, he was almost cheering with excitement inside.

However, he still suppressed his excitement and said respectfully, "Don't worry, Dad, I'll go arrange the plane!"

Su Shou Dao begged, "Dad, even if you let me go, I beg you to slow me down for two days, at least let me talk to Hai Qing properly before you say anything!"

Su Chengfeng waved his hand, "There's nothing to talk about, with my understanding of Du Haiqing, there's no way she'll remarry you, so you might as well make it quick and divorce her!"

"I" Su Shou Dao's voice was almost on the verge of tears.

If this really had to go, the delay would be too much.

Not only the matter of his wife, there was also the matter of the group's heir status, but he also wanted to find Su Ruorui's whereabouts, after all, he was his own flesh and blood, and now that life and death were uncertain, he always had to find a way to find her, what if she was still alive?

If she was found by herself, she could still find a way to secretly arrange a homecoming for her, so that she could live somewhere in this world and live incognito.

But if the rest of the Su family found her, or if the Japanese side found her, then she would surely die!

When Su Chengfeng saw that he wouldn't agree, he snapped harshly, "You what? Do you not even abide by my arrangements anymore?"

As soon as he heard this, Su Shou Dao immediately realized that he no longer had any room for mediation, in order not to completely offend the old man, he could only gently nod his head and said, "Okay dad, I'll listen to you, we'll leave tonight."

Only then did Su Chengfeng nodded his head in satisfaction and waved his hand, "Alright, go back and pack up, say hello to Zhi Fei and Zhi Yu, we'll leave in an hour."

Just when Su Shou Dao was called away by the housekeeper, Su Zhi Fei and Su Zhi Fish, were still in their own study, looking at the computer screen non-stop.

After their mother, Du Haiqing, left, she called the siblings on the drive back to her mother's house.

On the phone, Du Haiqing very calmly told them about Su Ruoli, and Su Zhi Fei and Su Zhi Fish were both shocked speechless by the news.

Chapter 2232

I'm afraid that any young man in his twenties would have a hard time immediately accepting such a reality when he suddenly heard that his father actually had an illegitimate daughter.

Especially Su Zhiyu.

Like her mother, Du Haiqing, she had a serious fetish for emotional cleanliness.

Although she had never been in love so far, if something like this were to happen to her, she would definitely be like her mother and would never hesitate to divorce her husband.

Therefore, although it was difficult for her to accept this reality for a while, she unconditionally supported all of her mother's decisions.

Su Zhi Fei, on the other hand, was more or less chauvinistic on this point.

He was of the opinion that a man of Dad's status was hardly likely to remain faithful to his marriage for the rest of his life.

Men who are rich to the extreme are rarely satisfied with only one partner of the opposite sex, so it's actually normal for them to occasionally get involved with women outside.

After all, he grew up in the upper social circles, where he has seen a lot of men's affairs.

Having illegitimate children and illegitimate daughters was simply a common occurrence in this circle, and had long been commonplace.

The best one he'd seen was a billionaire who was involved in the internet, found a bunch of women to give him a bunch of kids, and was fine showing off on social networking sites.

So, compared to that, if dad was just the one thing that he had a one-night stand with his bodyguard back then and had a daughter, Su Zhi Fei felt that dad was already relatively low-key and family-oriented in this circle.

And the women in this circle were actually already used to such things.

Of course, he didn't say this to his mother as well as his sister, because he knew their personalities, and if he washed the floor for dad at this time, he was afraid that he would be scolded by them.

Su Zhiyu was very angry inside.

She could empathize with her mother's feelings at this time, and if she were to meet such a husband, she would not hesitate to leave him, so she said to Du Haiqing on the phone, unable to hide her anger, "Mom, I support your divorce from Dad! To make such a mistake and hide it for so long, this is absolutely unforgivable! When I see him later, I'm going to find him and ask him in person!"

Du Haiqing was not as crowded as she was, but she just said indifferently, "Know Fish, I'm telling you this because you and your brother are adults, you have the right to know these things, but this is between the two of us, so you don't need to confront your father again because of this."

"Also, after I divorce your father, you two can choose to continue living in the Su family, or you can choose to come live at your grandmother's house, or you can go out and live on your own if you want, Mom is fine with that."

"In the future, if there are any family gatherings at grandpa's or grandma's house, you should all participate normally as usual, except that your father and I will no longer attend the other family's meetings, and everything else will continue as usual."

Su Zhiyu said somewhat reluctantly, "Mom! We have to confront the woman named Ho about this, right? Seducing someone else's husband and having the nerve to have a child, this woman is too much!"

"No need." Du Haiqing said indifferently, "She is also a pitiful person, I have nothing to blame her for, and you should not go to confront her, feelings like this are all personal choices, there is no right or wrong."

Su Zhiyu asked with a bit of a choke, "Mom, then what are your next plans ah?"

Du Haiqing smiled: "I don't have any plans ah, wait for your father to figure it out, then quickly divorce the marriage, if he can quickly figure it out, I'll finish the divorce and go out for a walk; if he can't figure it out for a while, then I won't spend time with him, first go out for a walk."

Su Zhiyu was busy, "Mom, where do you want to go for a walk?"

Du Haiqing smiled slightly and uttered two words, "Jinling!"

Chapter 2233

Du Haiqing's thoughts of visiting Jinling had been buried in her heart for almost twenty years.

Ever since Ye and his wife passed away, she had wanted to visit Jinling, after all, it was the place where Ye's life had finally fallen.

As a woman who had loved him for most of her life, she especially wanted to go to Jinling to walk, see, and live for a while longer to try to find traces of the existence of Ye Changba in Jinling.

However, as a woman who is married to a woman, her moral compass keeps reminding her that she shouldn't go to Jinling, because that would really be unfair to her husband.

Quietly going to the Ye family's ancestral tomb to pay homage to Ye Changya was already the thing that Du Haiqing felt most guilty about in her heart towards Su Shoudao, and it would be a bit inappropriate to go to Jinling again.

But now, she no longer had those moral restraints.

Su Shou Dao's physical derailment in the first place had already broken the gentleman's agreement between her and Su Shou Dao, since that was the case, she no longer needed to be bound by any reason, it was time to realize her wish to go to see Jinling.

As soon as Su Zhiyu heard her mother say that she wanted to go to Jinling, she immediately said happily, "Mom! My brother and I are going to Jinling. Why don't we go together?"

Du Haiqing curiously asked, "What are you guys doing in Jinling? How come I didn't hear you guys talk about it?"

Su Zhi Fei busy: "Mom, I go to Jinling is the company business needs, just said to take Zhi fish over for a turn, if you also go, then I will arrange a plane and hotel!"

Du Haiqing smiled, "No need to arrange a hotel, your grandfather has an old mansion in Jinling that has been taken care of over the years, we'll stay over there when we go."

Su Zhiyu asked in surprise, "Mom, grandfather still has a mansion in Jinling, how come I've never heard of it?"

Du Haiqing smiled and said, "Your father is a bit shy about this place in Jinling, so he hasn't taken you to Jinling for so many years, so you naturally don't know about the mansion."

Saying that, Du Haiqing introduced, "Your grandfather's ancient mansion in Jinling is very remarkable, it's right next to the presidential palace, that mansion has been there since the Ming Dynasty, until the Qing Dynasty and the Republic of China, all the people who lived in it over the years were big shots, it was only in the seventies that your grandfather spent a lot of money to buy it, and he and your grandmother would occasionally go over there to stay for a few days."

As soon as Su Zhi Fei heard that his father was somewhat avoiding Jinling, he instantly recalled the past events back then.

He had heard about some things back then, and knew that Mom's favorite Ye Changba back then was the one who died in Jinling.

Therefore, his heart was suddenly a bit torn.

At this time, Su Zhiyu on the side said without hesitation, "Mom, why don't you go to grandfather's house tonight and rest well, we'll go to Jinling tomorrow morning!"

Du Haiqing said, "Okay, you two also don't want to talk to your father about me and him, this is between the two of us, and no matter what, it will only affect my relationship with him, and I won't be affected in any way, me and you, or him and you, understand?"

Su ZhiFei and Su ZhiFish returned in unison, "Understood Mom."

Only then did Du Haiqing say with satisfaction, "Okay, I'm at your grandmother's house, I won't talk to you yet."

Chapter 2234

Su Zhiyu busily said, "Mom, then you rest well tonight, I'll call you tomorrow morning!"

"Good."

When Su Zhiyu hung up the phone, Su Zhifei on the side was a little worried and said, "Zhiyu, Dad has always been a little shy about Jinling, if we go to Jinling with Mom at this time, will he be very angry?"

Su Zhiyu snorted, "So what if you're angry? He's got an illegitimate daughter out there, and he's bringing her home in a dignified manner and putting her under our family's noses, why doesn't he think about how angry our family would be too?"

After a pause, Su Zhiyu was exasperated, "Seriously, I'd like to confront him face to face! The three of us went to Jinling to send a signal to him that it's all his fault!"

Su Zhi Fei said awkwardly: "Harm, this kind of thing, how can we as sons and daughters say anything."

Said Su Zhi Fei, "There are so many top rich people in this world, how many of these people don't play a little extra-marital or something, Dad was just confused that time back then, among these people, it's considered a very good one."

Su Zhiyu's expression was very serious as she questioned, "How can you say that? Can a rich man be unfaithful to his marriage?"

Su Zhi Fei busy said: "Oh my, I do not mean that, I just said, I think our father's circumstances are not very bad, if the admission of fault and repentance sincere attitude can be forgiven, but Mom's determination to divorce him, is not a little lack of consideration? After all, after 20 years of being married, and with two of our kids, couldn't we give our dad a chance?"

Su Zhiyu seriously said, "You're just thinking like a typical scum! To put it bluntly, it's a misconception! Let me ask you, if you get married in the future and your wife cheats on you behind your back, will you be able to forgive her?"

"I" Su Zhi Fei said awkwardly, "things aren't like that, after all, a man cheating on his wife, it's not the same thing".

"Why isn't it the same thing?" Su Zhiyu said with some annoyance: "Is there a distinction between men and women for such things as marital infidelity? Is it forgivable for a man to cheat on his wife, but not for a woman to do so? Sochi Fei! In all the years I've known you, it's the first time I've realized how politically incorrect you are!"

"I told you! If you make this mistake in the future, even if your wife forgives you, I won't forgive you! When the time comes, just disown your scum brother!"

Su Zhi Fei was scolded by Su Zhi fish, his expression was embarrassed to the extreme, "Aigoo my aunt, your mouth is too damaging, I didn't do anything, how did I become a scum?"

Su Zhiyu said coldly, "This kind of thinking is typical scum thinking! Think you're so great just because you have two stinking dollars that you can fuck around?"

"If you really want to do this, then you shouldn't go after someone Gu Qiu Yi, after all, she's at least a lady's daughter, and you're not even good enough for her with this kind of scum thinking!"

"I suggest that you should just go from the entertainment industry and marry an actress who is all about money and wanting to marry into a rich family."

"When the time comes, you make an agreement with someone in advance: you give her enough money and provide her with a good enough life, and she may not interfere with you getting with any woman outside, so won't everyone be happy?"

When Su Zhi Fei heard this, he looked depressed and said, "I'm wrong, okay? I'm wrong."

After saying that, he quickly changed the subject and spoke, "Right, I'll quickly arrange a plane, we'll fly to Jinling together tomorrow morning!"

Su Zhiyu saw that he wanted to change the subject and immediately said aggressively, "Su Zhifei! Respecting women and respecting your partner is a must and essential for every man, and if you turn out to be a scumbag too, I won't have you as a brother!"

Chapter 2235

This night, the entire Yanjing was greatly shaken.

The Su family had made a big mess in Japan and was targeted by the Japanese National Security Agency by name, which dealt a huge blow to the Su family's reputation as well as its influence.

At the same time, the other families in Yanjing, led by the Ye family, also began to rub their fists.

Now the Su family has lost a large number of experts, not to mention, offended overseas warlords, in the future, the Su family is bound to fully tighten up and pin its tail between its legs, so that the other families will have the opportunity to encroach on the Su family's power.

Ye Zhongquan was especially excited about this.

He felt that this was the blessing of the heavens.

The Ye family's second spring was finally coming!

Thus, he gathered all of his children except for Ye Changmin and immediately made a three-year plan.

From now on, for the next three years, the Ye family was going to launch an all-out attack on the Su [PEN www.baquku.com] family just like the Su family had organized an anti-Ye alliance back then!

Not only to pull the Su family off the altar, but also to take their own strength to the next level, leaving the Su family far behind and asking for the number one family in the country again!

However, Old Master Ye did not immediately begin to make a move, but chose the day of the declaration of war to be this year's Qingming Ancestor Sacrifice Ceremony.

He couldn't hide his excitement and said to a group of his children, "This Ancestor Ceremony will bring all the Ye family branches in the country together at Ye Ling Mountain!"

"At that time, I will use the grandest ancestral ritual to make all surnamed Ye realize that the Ye family is a large family with an orderly inheritance, a once incomparably glorious super family! Let all Ye family members take the surname Ye as their highest honor!"

"By then, it will surely be a moment of unprecedented unity for the Ye Clan!"

"At that time, at the Ancestor Ceremony, on the grounds of taking revenge for Changga, I will call on all Ye family members to work together, crusade against the Su family, and demand that the Su family severely punish Su Shou Dao, the mastermind of the anti-Ye Alliance back then!"

"The moment when the entire Ye family is on the same page is the perfect time for us to go all out and wage war on the Su family!"

When the eldest son, Ye Changkong, heard this, his entire body had been in a state of excitement, and he said, "Dad! By then, we'll have an anti-Soviet coalition too! We must knock down half of the Soviet family's assets! Let them fall right out of the Yanjing Three Families sequence!"

Master Ye sneered, "In Yanjing, there are quite a few families that have a grudge against the Su family, and the one with the deepest hatred is us, followed by the Gu family, if we raise a banner against the Su family, the Gu family will definitely follow!"

"The most important thing right now is to make sure that Chen'er and that Gu Qiu Yi of the Gu family get married soon!"

"Once the two of them finish their marriage, the Gu family will definitely not hesitate to do their best to help the Ye family! By then, the Su family will be powerless to fight and allow us to slaughter them at will!"

Ye Changkong pursued, "Dad, didn't you also say before that you wanted Chen'er to try to see if he could get that Su Zhi fish from the Su family?"

Master Ye waved his hand and laughed coldly, "I was thinking before that the Su family is, after all, head over heels over us in every way, and we can't rigidly fight them, so why don't we change our minds and let Chen'er pursue that Su Zhiyu"

"But who would have thought that the Soviet family would suffer a series of Waterlooes in Japan? They're so wounded now, we can just go to all-out war with them, where would we need Tatsuo to marry their girl?"

At this point, Master Ye laughed a few times and said in a loud voice, "Hahaha, what an eye opener for the old heavens! The old gods have opened their eyes!"

Ye Changyun, the third oldest on the side, asked, "Dad, what if Chen'er doesn't want to marry Gu's girl?"

Master Ye smiled inscrutably, "At that time, Chen'er will also come to attend the Ancestor Ceremony, at that time, in front of all the Ye family heirs, I will announce the plan to take revenge on the Su family, and then let Chen'er marry the Gu family, so as to strengthen our overall strength, and trample the Su family to death, the revenge of parents is not common, I believe he will not refuse! "

Chapter 2236

Yanjing, Du Family.

Before Du Haiqing had even arrived home, her parents, as well as her siblings, knew about the scandal of the Su family and the fact that Su Shou Dao had already had an illegitimate daughter outside.

So, when she hadn't returned, all the other brothers and sisters in the Du family rushed back at Master Du's call.

Master Du and Mrs. Du knew very well Du Haiqing's temperament and personality, they knew that as soon as Du Haiqing knew about this, she would definitely return to her mother's house, so they didn't call Du Haiqing, nor did they ask anyone else to call Du Haiqing, the family had already gathered and were waiting for Du Haiqing to return.

When Du Haiqing's car drove into the Du family mansion, her parents, as well as several of her siblings, all came out of the mansion to welcome her.

When Du Haiqing saw the entire family in front of her, she was instantly moved to the point of no return.

Unlike other business families, the Du family's elders had been in high positions for several generations, so money was never something worth mentioning to the Du family.

Just because they didn't care about money, there wasn't much hooking up between the Du Family's siblings.

Among the Du family's children, some inherited Du's mantle within the system and had excellent career prospects; some concentrated on studying their professions in the top universities, or research institutes; some became Confucian merchants that the world rarely heard of, and although they had hundreds of billions of dollars, they never showed their faces.

As for Du Haiqing and several of her sisters, they also each had their own emotional home.

The women in the Du family, under Mrs. Du's childhood education, do not have a strong work ethic, on the contrary, one by one, they are all capable of running the family, each of them, is very strong traditional Chinese women's good virtues.

As soon as Du Haiqing's side got off the bus, Old Mrs. Du stepped forward and held her hand in a heartfelt manner, softly saying, "Haiqing, you've been wronged."

Du Haiqing smiled slightly and said, "Mom, don't say that, I actually don't feel aggrieved at all."

Master Du, who was on the side, spoke up, "Haiqing, it's been a few days since our whole family got together, I've had the charcoal fire burned, let's have a copper pot shabu shabu together as a family later!"

One of the favorite dishes of the older generation of Yanjing people is copper pot shabu shabu, which is different from other hotpot dishes using induction or gas stove.

Unlike other hotpot dishes which use induction or gas stove, the old Yanjing people must use a hollow pot with charcoal inside to eat shabu shabu, which is also the way they used to eat in the palace.

In the cold winter of Yanjing, eating shabu shabu in a copper pot is a wonderful pleasure.

The five generations of the Du family are all native Yanjing people, so they love shabu-shabu even more to their bones.

It's just that over the years, the children have started their own families, and each family is different, so although everyone comes back often to visit the old man, it's really not easy to gather them all together.

The company's main business is to provide a wide range of products and services to its customers.

The children were so excited when they heard about the shabu shabu, that they couldn't bear to think that it was almost midnight.

The youngest sixth child, Du Haimei, who was Du Haiqing's little sister, immediately went forward excitedly and took Du Haiqing's arm, saying with a smile, "Second sister, I happen to be free these days and want to come and rub up against my parents' house for a few days, and we'll sleep together these days?"

Du Haiqing smiled wanly and said, "Tonight is fine, but not tomorrow, tomorrow I want to go to Jinling."

"What?!" The crowd all looked at Du Haiqing in amazement.

Old Master Du Zhenhua spoke up and asked, "Haiqing, did you go to Jinling for the long coma?"

Du Haiqing nodded his head and said frankly: "Yes dad, I always wanted to go before, but I'm not in a position to do so, but now it's not so taboo, so I just want to hurry up and go there, as well as to fulfill a wish."

Du Zhenhua looked a bit lonely, heartfelt emotion: "Long coma long coma na failed to recruit long coma as son-in-law, really the biggest regret in my life."

Chapter 2237

A sigh from Du Zhenhua made everyone's look at the scene become more or less regretful.

Old Mrs. Du hurriedly pinched a hand on his waist and scolded in a low voice, "You, which pot really can't mention which pot, hurry up and open up the children to go in and get ready for dinner!"

Du Zhenhua sobbed, "Oh my, Haiqing is so old, there are many things she sees more open than us, what I say is also from the heart, there is no need to be too taboo."

On the side, Du Haiqing nodded and said seriously: "Mom, this time, I'm really not angry at all, nor do I feel bad, so you don't need to be too sensitive."

Old Mrs. Du looked surprised, "Haiqing, Shou Dao has kept it from you for so many years, and you're not angry at all?"

Du Haiqing seriously said, "Instead of being angry, I feel relieved."

Du Zhenhua smiled: "Good thing! It's good to be free! To tell you the truth, for years, Dad has felt that you were unhappy, and now that you've come out of it, Dad is happy for you from the bottom of his heart!"

Du Haiqing nodded seriously and smiled slightly, "Thank you, Dad!"

Du Zhenhua laughed and busily waved, "Go go go, eat shabu shabu! Haifeng, all three of you brothers will have a drink with me later!"

As the eldest son of the Du family, Du Haifeng nodded without hesitation and said, "Okay dad! Tonight, the three of us will have a few drinks with you!"

On the side of Du Haiqing's sister Du Haiping is also busy laughing: "Dad, is there any wine at home? We three sisters will drink with you too!"

Old Sixth Du Haimei smiled and said, "That's great, Dad, I'll have a drink with you along with my elder and second sisters!"

Du Zhenhua was so happy that he smiled cheerfully and said, "OK! You three sisters didn't come back on New Year's Eve, let's treat this day as New Year's Eve!"

Du Haimei was busy, "Dad, we wanted to come to accompany you on New Year's Eve, but you said you wouldn't let us."

Du Zhenhua seriously: "You married into the Shen family, is the Shen family's daughter-in-law, the New Year should accompany the in-laws, your two sisters are also the same, this is the rule, your three brothers are coming to accompany me and your mother for the New Year, if you three sisters also come, then people will say that I Du old man is not sensible, everything is only thinking about his own family."

Du Haimei was busy: "I know dad, I can agree with Shen Silong to come back to spend New Year's Eve with you next year."

Du Zhenhua smiled, "We'll talk about it then, let's see what Xiao Shen means, if he's not willing, you shouldn't force him."

Subsequently, the three sons and three daughters of the Du family, clustered around a pair of old men, came to the restaurant in faithful steps.

At this time in the restaurant, the family's chef had already brought a beautiful brass pot to the table, with a charcoal-blue fire in the middle of the pot, a pot of broth boiling outside, and the table was already filled with freshly cut, various kinds of mutton.

Old Yanjing people are very particular about the lamb they eat, basically they don't eat the kind of lamb rolls made by machines in hotpot restaurants, they eat pure fresh hand-cut lamb.

Depending on the part of the lamb, there are various names for it, such as top brains, loin, big three forks, small three forks and cucumber strips.

There are different cuts of meat, different sizes and thicknesses, and many claims.

The Du family seldom flaunts their wealth, and rarely lives an extravagant and wasteful life, but they are extremely particular about what they eat, not about the venue or the price, but about the taste and the essence.

In the case of food, the Du family's mouths are more gripping than one another.

The family will never get tired of the deep-fried dough cakes at Hutongkou for ten years, but they will find it hard to swallow if they switch to another family with lesser skills, even if the difference is negligible.

Chapter 2238

I'm particularly fond of cigarettes produced by a cigarette factory in southern Yunnan.

The first time I saw this, I thought it was a good idea.

The company has been in the process of developing the new product for the past two years.

It's a great way to get the most out of your time.

The company is also a member of the company's marketing and sales team.

The company's main business is the company's business unit, which is responsible for the development of the company's products and services.

However, the old man is also guilty of using the privilege, specially let the second son of the business Du Ocean ran to the cigarette factory, verifying all the costs of reopening the production line, and then all out of his own pocket, which is the peace of mind to accept the privilege.

In fact, the children of the Du family, all inherited the old man's exquisite.

The more refined they are, the more refined they live.

Therefore, not only was the family highly educated and capable, they all adhered to the traditional virtue of the Chinese nation of being gentle and frugal.

At this time, the Du family was sitting around the table, eating shabu shabu and drinking wine, chatting animatedly with eight mouths, all in a very good mood.

Originally, everyone was worried that Du Haiqing's mood would be rather low.

But to our surprise, Du Haiqing's entire state was extremely relaxed and comfortable.

Everyone was her closest relative and could see that this relaxed and comfortable state was not a performance, so they were all completely relieved.

The old couple was in an exceptionally good mood, over the years, six children had started families one after another, no matter which one they looked at individually, they were all doing very well, even impeccably well, but they had always been distressed by Du Haiqing.

This is mainly because they always knew that Du Haiqing had loved Ye Changya for so many years to no avail, and then after Ye Changya's wedding, she decided to marry Su Shoudao, which was also an impulsive gambling move.

Du Haiqing married the night before, holding the old lady cried all night, sister Du Hai Ping and sister Du Hai Mei accompanied around, one is also heartbroken.

At that time, the three mothers and fathers advised her to repent of her marriage together because of their heartache, but she was dead set against it.

After so many years of marriage, although Su Shoudao doted on Du Haiqing, only Du Haiqing's family could tell that she had actually been unhappy.

Especially after Ye Changga's accidental death, she had become even more silent as a whole, and had even started to occasionally fast and pray to the Buddha, becoming a householder who practiced at home.

But now, everyone could see that Du Haiqing was truly relieved.

Old Master Du Zhenhua remembered that Du Haiqing was going to Jinling, so he asked, "Haiqing, how long do you plan to stay in Jinling this time?"

Du Haiqing thought about it and said, "Dad, I don't know exactly how long I'll be staying right now, let's wait and see."

Du Zhenhua asked again, "Who will go with you?"

Du Haiqing said, "Zhi Fei and Zhi Yu are both accompanying me."

Du Zhenhua nodded: "The old mansion in Jinling has been very well maintained, you haven't been there for many years, you can live there for some days, if your mother and I don't have anything to do, we'll also go to Jinling for a few days in a couple of days, the winter in Yanjing is too dry, your mother has already said that she wants to go to Jiangnan for a few days."

Chapter 2239

While the entire Du family was in a state of bliss, Su Shou Dao had simply packed his luggage and was ready to depart for Australia.

This time, he was very passive, and the old man clearly asked him to take shelter for a while, so he could only honestly do as he was told.

Before departing, he gave Su Zhi Fei a call and opened his mouth to ask, "Zhi Fei, you and your sister, come over to my study."

Su Zhi Fei was too busy to respond and said, "Okay dad, we'll be right over."

After saying that, he hung up the phone and said to Su Zhifei, "Zhifei, Dad told us to go to the study."

Su Zhifei was a bit pouty and said, "Go by yourself, I don't want to see him!"

Su Zhifei was still having a hard time accepting the fact that dad had betrayed mom and had an illegitimate daughter who was only a year younger than her, so she was very reluctant to go see Su Shoudao at this time.

Su Zhi Fei helplessly advised, "Zhi Fish, things between mom and dad, we as children should not get too involved, you can't break the father-daughter relationship with dad because of the small mistake he made more than twenty years ago, right?"

Su Zhiyi said seriously, "I'm not trying to cut ties with him, but I just don't want to see him right now, so go see him yourself."

Su Zhi Fei asked awkwardly, "Then I'll see Dad once, what will I say if Dad asks about you?"

Su Zhifei said off the cuff without hesitation, "Then just tell him that I don't want to see him yet."

Su Zhifei saw that Su Zhi Fei was not joking, and could only sigh helplessly and say, "Alright then, I'll go over first."

Immediately, Su Zhi Fei stood up and stepped out of Su Zhi Fish's study.

The Su family villa covered a huge area, the whole thing was more like a castle, although a large family lived together, everyone lived separately in different areas of the villa.

Su Zhi Fei went downstairs to his father Su Shou Dao's study, and after knocking on the door, he saw that Su Shou Dao was holding a cigarette with a sad face, looking as if he had aged ten years all of a sudden.

Seeing Su Zhi Fei come in, Su Shou Dao was surprised and asked, "Where is your sister?"

Su Zhi Fei said awkwardly, "Zhi Fish she is a little bit"

Su Shoudao laughed bitterly and asked, "The fish must be very angry with me, right?"

Su Zhi Fei accosted, "She's just a bit of a shaft, in fact, this kind of thing should have been seen long ago."

Su Shou Dao sighed, "Hey, after all, it's me who failed your mother, failed you siblings."

Su Zhi Fei was busy saying, "Dad, don't say that isn't it true that there is no right or wrong in the matter of feelings, you don't have to blame yourself too much"

Su Shou Dao waved his hand, "There is no right or wrong who you like or dislike, but after getting married, you do have to be responsible for the marriage as well as the other half, this is something I did wrong, and it is only right and proper that Zhi Fei is angry with me."

Saying that, he said, "Zhi Fei, I called you here, mainly because I want to tell you something, your grandfather asked me to go to Australia to get away from the storm, I'm leaving tonight, and I may not be able to come back in a short time."

"Go to Australia?!" Su Zhi Fei was surprised and asked, "Dad, what did Grandpa ask you to do in Australia at this time? And in such a hurry? Even if this is a big deal, there's no need to go to Australia, right?"

Su Shou Dao smiled bitterly, "This matter is a scandal between the two of us, your grandfather and I. Your grandfather let me go to Australia, naturally, he made me the one to take the blame, and also let me divert the attention of the media, after I leave, they will definitely leak the news of me running away in the night to the media, and then the media will definitely focus all their energy on me. "

Chapter 2240

Su Zhi Fei said angrily, "Dad! Grandpa has gone too far with this, hasn't he? He was the one who betrayed Su Ruo Li, if it's really a matter of making light of this, he's an old fox who can betray even his own granddaughter, at this time, he doesn't quickly think of a way to solve the immediate crisis, but also throws you out as a target, how can this be justified!"

Su Shou Dao waved his hand and said seriously, "This kind of talk is fine if you say it here, don't mention it to anyone when you leave this house, your grandfather's temperament character is like that"

"In his eyes, everything must be done with personal interest in mind first, and there's nothing that can't be sacrificed in front of personal interest."

"If he can sell Wakari to the Japanese Self-Defense Force today, who knows if he'll sell one of us to some interest group tomorrow? So when you are with him, remember five words: accompany the king, like a tiger!"

Su Zhi Fei nodded gently.

Su Shou Dao added: "Right Zhi Fei, after I'm gone, during this period of time, you and Zhi Fish accompany your mother more, also help me apologize to her and say a few more good words, by the way, I also need to trouble you to help me keep an eye on your mother, to see what she has done, where she has gone, who she has met, and tell me if there are any movements in time."

After saying that, he quickly explained again, "Don't think too much about it, and I don't mean for you to help me keep an eye on your mom, mainly because I also want to try to save my marriage with your mom, so I need to ask you to help as an inside man."

Su Zhi Fei nodded, "Dad, I understand, don't worry."

After saying that, he quickly said again, "Right Dad, Mom said she's going to Jinling tomorrow, and I and Zhiyu just happen to be going too"

"To Jinling?!" Su Shoudao asked, "What is your mother going to do in Jinling?"

Su Zhi Fei fidgeted and said, "That mom probably wants to go for a walk, I'm not sure exactly"

Su Shou Dao's expression was very ugly.

He knew very well what Du Haiqing was going to Jinling for.

In his heart, he gritted his teeth and secretly thought, "Jinling, is the place where Ye Changba perished back then!"

"She's had residual feelings for Ye Changxing all these years, and the thought of going to Jinling must not have existed for a day or two!"

"This side just said they want to divorce me, and then they immediately want to go to Jinling, Du Haiqing, you're too much! Have you ever had any respect for me in your eyes?!"

"The scandal of me having an illegitimate daughter outside of marriage just broke out today, tomorrow Du Haiqing will go to Jinling to miss Ye Changya, if people find out about this, where will I put my old face!"

Thinking of this, Su Shou Dao's heart hated it.

Su Zhi Fei saw Su Shou Dao's expression was very ugly and knew that he had said the wrong thing, so he hurriedly changed the subject: "Dad when are you leaving? I'm going to send you."

Su Shou Dao forcibly calmed his mind, withdrew his thoughts and said to Su Zhi Fei, "I have to leave in ten minutes, this time I was arranged by your grandfather to go to Australia, your second uncle didn't miss a beat in the back, you and Zhi Fei must be careful of him during the time I'm away."

"Second Uncle?" Su Zhi Fei frowned and asked, "He has always obeyed you, so why is he falling down on you at this time?"

Su Shou Dao sneered, "Since ancient times, no matter how many princes the emperor had, he would only choose one to be the crown prince who would inherit the unification, in order for the crown prince to succeed the throne, he would greatly weaken his other sons to ensure that they are powerless

to rebel, your second uncle wants to be the crown prince, so naturally he would come all out to deal with me."

Su Zhi Fei gritted his teeth, "Second Uncle has always been courteous and smiling to you and us, he never expected that he would suddenly turn his back on us at this time!"

Su Shou Dao said with a bitter smile, "Your second uncle is a typical smiling tiger, laughing and hiding a sword in his mouth, this time I was negligent and he seized the opportunity to trap me, when I come back, I will make him pay the price!"
