Chapter 2241

As father and son were talking, Su Shou Dao's phone rang.

The screen showed that it was his second brother, Su Shoude, who had called.

Thinking of Su Shoude falling down at a critical moment, Su Shou Dao was filled with hatred, and his mood naturally wouldn't be good.

He directly pressed the speaker and asked in a cold voice, "What is it?"

Su Shou Dao smiled and said, "Brother ah, the car is ready, the plane is also ready, it's time to send you to the airport."

Su Shou Dao gritted his teeth and said coldly, "Okay, I'll have a few words with Zhi Fei and go down later."

Su Shou Dao busily said, "Big brother, you must not delay any longer, the old man is still waiting for my return, his old man means that you must leave as soon as possible, the sooner the better."

Su Shou Dao could only hold back his anger and said, "Okay, I'll be here in five minutes!"

"Okay big brother." Su Shou De smiled, "I'll be waiting for you at the door, and I'll personally take you to the airport later!"

Su Shou Dao didn't say anything more and directly hung up the phone.

Then he looked at Su Zhi Fei and said with great intentions, "Be sure to spend more time with your mother these days, and if she has anything to report to me in time." first address oqiu

Su Zhi Fei's heart naturally still hoped that his parents would be able to break the mirror, so he nodded very seriously and said, "Dad don't worry, I know."

Su Shou Dao nodded and stood up, dragging his suitcase, "Okay, I'm leaving."

Su Zhi Fei was busy asking, "Dad, when will you probably be back?"

Su Shou Dao shook his head, "It depends on your grandfather's will, when exactly, I don't know."

Saying that, Su Shou Dao waved his hand, "Don't say it."

Right after that, he pulled the box and stepped towards the door.

Su Zhi Fei hurriedly snatched the case from his hand and said, "Dad, I'll take you to the airport!"

Su Shou Dao said, "No need, just drop me off and you'll be back."

At this time in the courtyard of the huge villa, a Lexus L commercial car was already waiting in the courtyard.

The Toyota Elfa itself was already the top business car in China, and this new Lexus L was even a level higher than the Elfa.

Su Shou Dao stood outside the car door, looking at the step out.

A few meters away, Su Shou Dao hastily welcomed forward, full of friendly smile: "Oh brother, please get into the car, we have to leave quickly!"

Su Shou Dao said coldly, "It's me who's leaving and not you, what's your hurry?"

Su Shou Dao wasn't angry and said with a smile, "Oh brother, isn't this still for your own good? The old man is rushing, if you move a little slower, he'll be upset again!"

Su Shou Dao heart fire, originally a belly fire, want to give Su Shou Dao shake a stink face, the results did not expect, Su Shou Dao everything to take the old man out as a shield, he said, if he returned to him to shake his face, then he went back to the old man before definitely say bad words himself.

Helplessly, Su Shou Dao could only hold back his anger and spoke up, "Since it's what Dad ordered, let's hurry up and go!"

After saying that, greeting the driver, he took the suitcase from Su Zhi Fei's hand, put it in the back of the commercial vehicle, and said to Su Zhi Fei, "Zhi Fei ah, take care of your mother and your sister."

Su Zhi Fei was busy saying, "I know dad, don't worry."

Su Shou Dao also didn't say anything, stepped into the back of the commercial vehicle and waved his hand at Su Zhi Fei, signaling him to go back.

Su Shou Dao smilingly sat next to Su Shou Dao and said to Su Zhi Fei, "Okay Zhi Fei, go back and rest, I'll put your father on the plane."

After saying that, he instructed the driver, "Okay, hurry up and drive!"

Chapter 2242

The driver immediately started the car and went out of the house. ei

Su Zhi Fei's heart was lost as he watched the commercial vehicle leave the villa courtyard.

Tonight was almost more difficult than the night he and Su Zhiyu were kidnapped.

At that time, he and Su Zhiyu were facing only life-threatening danger.

But tonight, he had experienced a series of changes such as his father being exposed as having an illegitimate daughter, his parents' love affair, his father's instant loss of power, and being sent to Australia.

In his mind, he is worried not only about his parents' feelings, but also about his father's future.

Before tonight, his father was the next generation heir of the entire Su family.

And himself, naturally, would be the next generation's heir.

However, tonight's change of heart had changed all of that.

Father had lost the old man's favor and trust.

The first thing you need to do is to get your hands on the right person. Remember address m.jyyxs

If Second Uncle Su Shou De were to be the heir, he would have even less of a chance!

Su Zhi Fei, who was sad and lost, returned to his sister's room, when Su Zhi Fish, who was still in front of the computer, kept checking the photos of male passengers at the Japanese airport.

In the past few years, we have seen a lot of people who have been looking for the same thing. Is it making excuses with you to wash your hands of it?"

"No" Suchi Fei sighed long and hard, "Hey! Dad got kicked out to Australia by Grandpa!"

"What?!" Surprised, Su Zhiyu asked off the cuff, "Dad was driven to Australia? When did this happen?"

"Just now." Su Zhi Fei said with a sad face, "Dad has already packed his luggage and left for the airport that Uncle Er sent him to."

Su ZhiFei was very puzzled and asked, "Why did grandpa drive Dad to Australia! This matter from the beginning to the end, and Pa has a relationship with him, it's nothing more than the relationship between Su Ruo Li and him, in Pa's capacity to be exposed to have an illegitimate daughter is not a big deal ah, grandpa why is this bitter?"

Su Zhi Fei said, "Dad said that Grandpa is trying to make him take the blame."

Su Zhiyu's heart thudded, and he said off the cuff, "Oh no, this is bad, this is bad Dad's gone, Grandpa is definitely going to pin all the shit on him."

Saying that, Su Zhiyu said nervously, "I think grandpa might announce to the public that the decision to betray Su Ruorui was Dad's doing! That way, he'll be able to clear his name of betraying his own granddaughter, and Dad he'll have to take the fall for betraying his own daughter!"

Su Zhi Fei said with extreme helplessness, "This is something that can't be helped Grandpa told Dad to leave tonight, and Dad can't stay away ah"

Su Zhiyu looked at Su Zhifei and said seriously, "Brother Su's family may be changing this time"

Su Zhi Fei asked, "Did you feel it too?"

Su Zhiyu nodded gravely and said seriously, "Brother, I don't care about money or power, I'm a girl anyway, and I'm not likely to inherit much in my own right, but you're different, if our dad can't get back on his feet this time, then you're finished in the future."

Su Zhi Fei covered his face and said with great sadness, "But what can be done about it? I can see Grandpa is desperate to shake things off, and the best person to shake things off to is our dad."

He said, "Moreover, the pot of betraying his own daughter is too ruthless, once this charge is implemented on our father, then our father will be a ruthless image in the eyes of outsiders, the influence must be extremely bad, and for this reason alone, grandpa will never let him inherit the Su family's headship."

At this point, Su Zhi Fei sighed quietly, "Alas our family, may not be able to get up from here on out."

Su Zhiyu's pretty eyebrows creased tightly as she clenched her neat little white teeth and said resolutely, "No! Make sure you help our father take back the heirship!"

Su Zhi Fei asked off the cuff, "How do you take it?!"

Su Zhiyu said coldly, "Don't ask yet, let's go to Jinling with Mom tomorrow and stay away from this place of wrongdoing for a while, I have my own ideas on how to help Dad take it all back!"

Chapter 2243

Half an hour later.

A Boeing 747 converted private jet drew up from Yanjing Airport.

This plane, which was of the same model as the US President's Air Force One, could carry a maximum of 467 passengers if it used the typical three-class cabin arrangement.

But now, apart from the crew, there was only one passenger on the entire plane, and that passenger was Su Shoudao.

From Yanjing to Queensland, Australia, the flight distance was around 9,000 kilometers.

For a route as long as this, it was impossible for ordinary small and medium-sized private planes to fly directly.

Only a large airliner like the 747 with a range of over 10,000 kilometers could complete a direct flight.

At this time, Su Shoudao, who was on the plane, was in a very depressed mood.

Seeing out the window, the brightly lit night scene of Yanjing was getting farther and farther away, and his heart was getting heavier and heavier.

Just when the plane had just taken off less than twenty minutes ago, someone sent a set of photos to the mailboxes of major media reporters in Yanjing.

This set of photos was a sneak shot of Su Shoudao's entire journey to the airport, through security, and boarding the plane from a distance. A second to remember oqiu

Because it was nighttime, the photos were a little blurry and had some noise, but the person who took them was just right, so that people could immediately recognize the person in the photos as Su Shoudao.

In addition to sending these photos to the reporter, the person who took the photos also gave the reporter a little news, which stated.

"The truth of the Su Ruorui matter is that Master Su wasn't involved in the whole thing, and the one who conspired with the Japanese Self-Defense Force and betrayed Su Ruorui was actually Su Ruorui's own father, Su Shoudao!"

They also claimed, "The reason why Su Shoudao wanted Su Ruorui dead was because he didn't want his identity as his illegitimate daughter to be revealed! Trying to keep the secret stonewalled forever!"

The other side even broke the story, saying, "After the matter was revealed, Su Shoudao's original wife Du Haiqing immediately returned to her mother's home and was determined to divorce Su Shoudao, and the reason why Su Shoudao left Yanjing overnight and went to Australia was that he was afraid that the fact that he himself was the mastermind behind it would be revealed! That's why he fled overnight to avoid the limelight and let his father, Su Chengfeng, stay in Yanjing to take the blame for him."

The media got this lead and immediately treated it as explosive news, so they aired it at once!

As soon as the news appeared, there was an immediate public outcry!

Previously, the JSA's version of events was that it was the Su family's oldest son, Su Chengfeng, who betrayed Su Ruorui.

However, in comparison, to the domestic public, this version that it was Su Shoudao who betrayed Su Ruorui was more credible.

There are several reasons for this.

The first point, Su Ruorui is Su Shoudao's illegitimate daughter, Su Shoudao wants to defend his reputation, his persona, and his marriage, so he must not want to see Su Ruorui's identity revealed, so he has the underlying motive to kill Su Ruorui to silence her.

Secondly, Su Ruorui's order to exterminate the entire Matsumoto family in Japan was given by Su Shoudao, which shows that Su Shoudao's methods are incomparably cruel and vicious, and can be described as inhumane, so the claim that he wants to kill Su Ruorui to silence him is all the more justified.

The third point is that Su Shou Dao must have something on his mind, otherwise he wouldn't have left for Australia without hesitation on the night after the incident to run away, and this run proves that there is definitely something very wrong with him!

As the press releases continued to spread, Su Shoudao immediately became the most beastly person in the hearts of the entire country.

He was the one who ordered the killing of dozens of Matsumoto family members, who pushed his own daughter into the fire with his own hands, and who fled with his tail between his legs at the first sign of trouble!

Thus, a wave of crusade against Su Shou Dao was set off on the network!

Only, at this time, Su Shoudao was still on the plane and had no idea of all that was happening behind him.

Chapter 2244

At the same time, Su old man Su Chengfeng's room. m.jyyxs Elite Fiction Network

Su Shoude fawned with a tablet computer, presenting the media reports, as well as the friend comments one by one to Su Chengfeng, and said with a smile, "Dad, this way, everyone won't be able to blame your old man for Su Ruo Li's matter."

Master Su nodded his head in satisfaction, while feeling completely relieved.

The older a person got, the more they actually cherished their feathers, especially someone like Master Su.

He was wise for a lifetime and was even the goal and life idol of countless people's hearts.

Seeing that he was approaching retirement age, if he really turned over a boat in the gutter over this matter of Su Ruorui, then his one-time fame would also be lost in his old age.

Therefore, he was extremely eager to be able to shake this black pot out deep inside, and the cleaner the better.

Only before that, he hadn't figured out what method he should use to completely dump the pot.

After all, what he did was exposed by Japan's National Security Agency, and all they exposed was the truth, he was simply unable to defend himself, and he was unable to refute it.

But, he really didn't think that his second son, Su Shou De's head, was so smart! Initial addressoqiu

He himself had originally planned to first send his eldest son, Su Shoudao, to Australia, and then dump all the blame for the extermination of the Matsumoto family.

As for the matter of joining forces with the Japanese Self-Defense Force to betray Su Li, the old man himself didn't think he could really dump it.

But, Su Shou Dao had done such a beautiful job of it!

He had people secretly take pictures of Su Shoudao boarding the plane, and then sent a text to the media anonymously.

Right after that, he managed to dump all the blame on Su Shoudao!

This misfortune move of his is just about as pedagogical as it gets!

Among them, the chain of clues was clear and the logic of the story was complete, and although most of them were fabricated, they appeared to be well-founded and convincing.

Master Su was happy in his heart, after all, his once-in-a-lifetime reputation had finally been completely preserved, which was more important than anything else.

The first thing you need to do is to take a look at the company's website.

So now, he was really in a happy and relaxed mood.

However, he was not in a position to directly praise Su Shou De, so he said with some emotion, "Hey! This is a matter that will have to be condescended to the Shoudao!"

When Su Shou De heard this, he hurriedly followed with a sigh, "Yes dad, big brother is really going to suffer a bit from this"

With that, he changed his words and said seriously, "Dad! But then again, our Su family, we can lose anyone's face, but only your old man's face can't be lost!"

"You, old man, are the mainstay of the Su family, the backbone of the seven of us siblings, and the Emperor Taizu who is forever enshrined in the hearts of all of our Su family's descendants, you must not leave a stain like Su Ruoli in your life!"

"So, for the sake of your once-in-a-lifetime fame and your glorious image, it's only right for big brother to share your worries!"

Su Shoudeh's words spoke directly to Su Chengfeng's heart!

He couldn't hold back the joy in his heart any longer and smiled as he stroked his beard and said, "Shou De, you're right! You've made a great achievement in this matter today, and I'll remember it in my heart for you!"

Chapter 2245

The news about Su Shou Dao suddenly took up all the media headlines, large and small.

Su Zhiyu and Su Zhifei were very angry about this, Su Zhifei even wanted to go to Grandpa several times to question the reason, but they were all stopped by Su Zhiyu.

Su Zhiyu knew very well in his heart that it was now grandpa who deliberately wanted to save himself and sacrifice his father, so going to confront the old man now would only make him annoyed.

Rather than that, it was better to be honest and say nothing, or even accompany mom to Jinling tomorrow morning as planned.

As for how to help her father turn the tables, Su Zhiyu already had her own plan in mind.

Only, now she had to patiently wait for the right time.

Meanwhile, the He family had withdrawn all of their experts in the Su family overnight.

He Hong Sheng, the head of the He Family, who was Su Ruo Li's grandfather, directly ordered internally that the children of the He Family were not allowed to work for the Su Family again until the Su Family gave a clear explanation.

At the same time, he also called Su Chengfeng and demanded that the Su family must give him a clear explanation.

Su Chengfeng promised with his mouth, but in reality, he didn't care about him at all.

Right now he only wanted to save his reputation, and as for whether the He family would turn against him or not, he didn't care at all anymore.

After all, after his cooperation with the Japanese Self-Defense Force was exposed, he knew that regardless of whether he took the blame for this matter or Su Shoudao, the He Family could no longer serve the Su Family.

As such, why continue to waste energy on the Nether Family.

This night.

Su Ruo Li, who was living under surveillance at the Chen Zhai Kai Hotel, was unaware of everything that was happening outside.

She was lying on the hotel's soft and luxurious bed, tossing and turning, and all that came to her mind was Ye Chen's figure.

She couldn't figure out why this man was so powerful.

Even more, she couldn't figure out why this man would save her life.

"I was running to kill him after all, not only did he not retaliate against me, but he saved my life, is this what people say about repaying a debt with kindness?"

"So much for that man being extraordinary."

The next morning.

A private plane landed in the calm ancient city of Jinling.

This plane was the Du family's eldest son, Du Haifeng's private jet.

Du Haiqing didn't want to fly on the Su family's plane anymore, so eldest brother Du Haifeng sent his own plane to bring her over.

After the plane stopped, Du Haiqing, who was nervous inside, walked down the spiral staircase, accompanied by a pair of children and daughters.

In her heart, she had been thinking about Jinling, a place that had been on her mind for almost twenty years.

For twenty years, she would fall asleep every day silently thinking of the name of Ye Changxing, and when she thought of Ye Changxing, she could not help but think of Jinling.

Coma Ye was the love of her life.

When the year, coma is in Jinling perished, now she finally has the opportunity to come to the memory, deep inside the natural hard to calm.

A family of three just arrived at the airport arrival hall, a middle-aged man greeted respectfully and opened his mouth, "Second Miss you have had a long journey."

Chapter 2246

The one who spoke was one of the Du family's old housekeepers in Jinling.

This old housekeeper, Du Haiqing had seen him when he was still young, and in the last twenty years or so, the old housekeeper had been taking care of the old mansion in Jinling, and Du Haiqing had married into the Su family, so they hadn't seen each other again.

However, Du Haiqing still recognized him at a glance and said respectfully, "Uncle Wang, don't be surprised if you've come!"

After saying that, she then quickly ordered the pair of children around her, "Zhi Fei and Zhi Yu, quickly call Grandpa Wang."

Su Zhifei and Su Zhifu hurriedly said respectfully, "Good day, Grandpa Wang!"

The old housekeeper panicked and bowed in thanks, then somewhat flattered, he said to Du Haiqing, "I didn't think Second Miss would remember me."

Du Haiqing smiled, "How could I not remember, you used to be in charge of the mansion next to the Prince Gong's residence in Yanjing, and then after father donated that mansion to the state for a museum, you came to Jinling."

The old housekeeper nodded repeatedly and lamented, "After I came to Jinling, I returned to Yanjing twice a year to report to the master, but each time I went in a hurry and came back quickly after reporting, so I haven't seen you again."

Saying that, he couldn't help but sigh, "Oh my, Second Miss, you haven't been to Jinling for more than twenty years, right? I remember that before you got married, you used to come over every year with your master and mistress for a spin, and then you haven't been here much since."

Du Haiqing nodded and said, "I haven't come back since Changga died in Jinling."

The old housekeeper was startled at the words, and couldn't help but sigh, "You said that the long coma prince ah hey really the sky is jealous of him."

Du Haiqing pursued him, "By the way Uncle Wang, you were in Jinling before the coma accident, do you know anything about what happened back then?"

The old housekeeper said with a stifled look on his face, "Back then, when the Prince of Long-gaze came to Jinling, the old master had informed me, he said that the Prince of Long-gaze had come, probably because he had some conflicts with his family, plus there was a lot of pressure from the Yanjing side, so he came to Jinling to take a break, he asked me to find the Prince of Long-gaze, invited their family of three to the old mansion to stay for a few days, and also asked me to tell the Prince of Long-gaze that if he was willing, their family of three could always stay at the old mansion, treating the old mansion as their home."

Du Haiqing busily asked, "Then what happened? Are they coming?"

The old housekeeper shook his head and said, "Prince Changga himself came to visit, but he only paid a visit and asked me to thank the Master, but didn't agree to stay."

Du Haiqing asked again, "Then did he say anything?"

The old housekeeper pondered for a moment and said, "At that time, the long-suffering gentleman was saying that he had also encountered something and didn't want to cause trouble for the Du family, so he thanked him and left."

Du Haiqing nodded her head with a somewhat forlorn look for a moment.

At this time, the old housekeeper was busy and said, "Right Second Miss, let's stop talking here, the car is waiting outside, let's go home first."

Du Haiqing nodded, "Okay Uncle Wang, go home first."

Outside the airport, three red-flagged cars were parked side by side.

Du Haiqing said to Su Zhifei and Su Zhiyu, "Zhifei and Zhiyu, you two take the car in the back, I'll take this one in the middle and chat with your grandfather Wang on the way."

The two siblings naturally agreed and got into the last one, the Red Flag.

The old steward then opened the back of the middle Red Flag car for Du Haiqing, and after Du Haiqing got in, he got into the passenger side.

The fleet drove away from the airport, Du Haiqing opened his mouth and asked the old butler, "Uncle Wang, I want to ask you something."

The old housekeeper was busy saying, "Second Miss, you may ask!"

Du Haiqing said, "Uncle Wang, I've heard people say that in the beginning, Changba came to settle in Jinling with his wife and children, since he didn't want to live in our family's old house, where did he end up living?"

The old housekeeper explained, "Prince Changgao also liked the old mansion, and at that time he also asked me to help him search for it, so I asked a friend to find him an old mansion that was slightly out of the way."

"That mansion used to be the residence of a military dignitary, then after escaping it was handed over to someone else to take care of, and after a long time, the mansion fell into disuse."

"But the Coma Prince liked it so much that he rented it and refurbished it himself."

Du Haiqing was suddenly a little excited and said, "Uncle Wang, can you take me to see it?"

Chapter 2247

Ye Chen, at this time, had just pushed his electric car and came out of the gate of the villa of Thompson's.

Xiao Churan's company had finished the Spring Festival holiday and officially went to work, and her father-in-law, Xiao Changkun, also started to get back into the affairs of the Painting and Calligraphy Association.

In the morning, Ma Lan, who was on crutches, cooked breakfast, Xiao Changkun and Xiao Churan finished their meals, then each drove a BMW to go about their business, and Ye Chen cleaned up the house, then prepared to go out to buy some meat and eggs.

The small vegetable garden at home could provide most of the vegetables and fruits needed by the family, but meat and eggs still had to be bought at the market.

Ye Chen rode out, not in a hurry to set out, but parked his car at the side of the road in the villa area of Townsend, his feet propped up on the ground, and took out his cell phone to call Chen Zhaichai.

The various scandals that broke out in the Su family last night, Ye Chen had read all of them without missing a single line.

The wind of public opinion had started off by condemning Su Chengfeng, then immediately switched its spearhead to point directly at Su Shoudao, and Ye Chen could see at a glance that this was Su Chengfeng's self-preservation ploy.

It seemed that the Su family now had internal conflicts, which was very encouraging news for Ye Chen.

Although he still wasn't sure if the murderer who had killed his parents was the Su family or not, but just because the Su family had once formed an anti-Yeh alliance, he had to make the Su family pay a huge price.

Now, the Su Family was beginning to disintegrate internally, so it was naturally the perfect situation for him.

Next, how to make the Su Family disintegrate even more completely and make the Su Family go further and further down the road to doom was what Ye Chen was most concerned about right now.

In his opinion, Su Ruo Li was definitely a nuclear weapon to further disintegrate the Su Family.

As soon as the call to Richard Chen was connected, he asked, "Old Chen, how are Su Ruorui and the others doing now?"

Chen Zekai was busy saying, "Back to Young Master, I just had breakfast sent over, and according to the report from the person who sent it, they are all in pretty good shape."

Ye Chen asked again, "Having severed their contact with the outside world, they're not having any trouble, right?"

"No." Richard Chen smiled, "Those crew members are still afraid that people will know they're back, and even if they were given a cell phone, they wouldn't dare to call outside."

Ye Chen asked, "What about Su Ruoli? What's the status?"

Richard Chen said, "According to her people, she's not dissatisfied with anything, but she did ask about you."

Ye Chen asked curiously, "Oh? What was asked of me?"

Chen Zhai Kai smiled, "I asked you when you were coming over and said that I wanted to discuss something with you."

"Mm." Ye Chen looked at the time, it was only 9:30 am, as long as he could buy meat back at eleven o'clock, he wouldn't delay Ma Lan from cooking lunch, so he spoke up, "How about this, I'll go over there later."

"Okay young master." Chen Zekai said respectfully, "Do you want me to drive over to pick you up?"

"No need, I'll ride a battery-operated bike over there, it's quite hassle-free."

Ye Chen didn't really have any good feelings towards Su Ruorui.

Although this woman was very pretty and had a very hot body, she was also very malicious.

If he hadn't guessed that he was Su Shou Dao's illegitimate daughter, he would never have kept her alive.

Keeping her alive was to disgust the Su Family.

After all, it was very easy to kill a Su Family general, but it wasn't so easy to create a sworn enemy for the Su Family.

If he could make Su Ruo Li, like himself, see the Su family as a great enemy, the Su family would definitely have a lot of trouble in the future.

Chapter 2248

This was Ye Chen's purpose for keeping Su Ruorui.

He planned to send Su Ruorui back to Yanjing when the time was right.

Immediately, he put away the phone, twisted the throttle of the electric car, and the little electric donkey made a buzzing sound and quickly scurried out.

After leaving the Townshend Yijin neighborhood, Ye Chen had just turned right on his bike and was about to go to Chen Zekai's hotel when he heard a familiar voice behind him shout with some nervousness, "Brother-in-law!"

When Ye Chen subconsciously turned back, he saw a familiar woman waving at him from the sidewalk behind him.

"Xiao Weiwei?" Ye Chen was confused as he saw the woman clearly.

The family of one's own and the family of Old Mrs. Xiao have not been turning against each other for a day or two, and for so long, the two families have been like water and fire.

Not to mention that they wouldn't greet each other when they met, if mother-in-law Ma Lan saw their family on the terrace of the villa, she would hate to scold them for an hour to relieve her hatred.

So, he didn't quite understand what this Xiao Weiwei was calling herself for.

Besides, why did she have to call herself brother-in-law? Didn't they used to call themselves losers?

With that in mind, he frowned and asked, "Are you in trouble?"

Xiao Weiwei hurriedly took two quick steps to arrive in front of Ye Chen and said with a bit of shame, "Brother-in-law, what are you doing?"

Ye Chen said coldly, "I'm going to buy food, what do you want?"

Xiao Weiwei gently bit her lips and asked with some inner apprehension, "Brother-in-law, can you give me a ride to Pearl Riverview? It's not that far from here, the electric car will be there in twenty minutes."

Ye Chen looked her up and down, saw that she was dressed formally and wore light makeup, and said with a sneer, "You are a lady of the Xiao family, riding in my electric car is too cheap, right? What? Still want the same as before, then I'm kidding?"

When Xiao Weiwei heard this, she lowered her head in shame.

At this moment, what came to her mind was the situation when she was riding in Wang Yunfei's Bentley sedan and saw Ye Chen downstairs at the Emperor Group.

"At that time, Ye Chen was riding this electric car."

"At that time, I didn't put Ye Chen in my eyes at all, I always felt that he was a complete soft rice king and stinky hangman, so I really couldn't even look down on him with half a pull of my eyes at that time."

"But, who would have thought that today, half a year later, Ye Chen has become the top man in Jinling, and I'm reduced to supporting my family and having to go work for someone as a Miss Manners for two hundred dollars a day?"

"And I couldn't even take a bus or a taxi to save money to feed my grandmother, my father, and my brother."

Thinking of this, she summoned up her courage and spoke with a very humble attitude, "Brother-in-law don't make fun of me, our family has fallen into such a state now, where am I still a Miss Xiao".

After saying that, she raised her head, looked at Ye Chen with red eyes, and said with incomparable guilt, "Brother-in-law, what happened in the past, it's all my bad, it's all my fault, I shouldn't look down on you, I shouldn't go against you and Chorán sister in every way, life has given me too many lessons, I also deeply realized my mistakes, I hope you can be an adult and not care about the little people, don't be with me in general anymore"

When Xiao Weiwei said these words, Ye Chen was somewhat surprised.

He really did not expect that Xiao Weiwei could say such words.

What he didn't expect was that Xiao Weiwei's tone of voice and attitude were very sincere when she said these words.

He could tell that Xiao Weiwei said these words from the bottom of her heart and was definitely not speaking from her heart.

Seeing that Xiao Weiwei was genuinely apologizing and truly knowing her mistake, Ye Chen's attitude softened a bit and said indifferently, "Knowing your mistake can be corrected and there is nothing wrong with it, if you really realize that you did wrong in the first place, it's not too late to wake up now."

Chapter 2249

Hearing Ye Chen's words, Xiao Weiwei hurriedly nodded her head incessantly, even her voice choked up a bit and said seriously, "Brother-in-law you're right I'm now I'm really awakened I'm no longer the old straw-bag lady with eyes above my head, unlearned and dog's eyes looking down on people"

Saying that, she unzipped the down jacket a little, revealing the blue Miss Manners uniform inside, and spoke, "Brother-in-law, you see, I've started looking for a job on my own now, and I'm working as a welcoming guest in the newly opened Pearl River Regency."

Ye Chen curiously asked, "How did you become a welcoming guest? If I remember correctly, you're at least a college student, so isn't any job better than being a welcoming guest?"

Xiao Weiwei is very ashamed of the low voice: "This brother-in-law does not hide it from you, my father and my brother years ago because of the plot against my second aunt, let people to beat into a cripple, now can only lie in bed, nothing can be done, my grandmother is also old, and lost weight some time ago second aunt's stimulation, has not slowed down, so also can not go out to find a job, only I can come out to make money to support the family"

At that, Xiao Weiwei sobbed a few times and choked, "But but but I can't find those serious jobs, because that kind of job, they all have to be paid next month, but my father, my brother and my grandmother, the three of them are still waiting at home, I earn money to go back to fill their stomachs"

"So that's why I'm only looking for a job like welcoming lady with a day job."

Ye Chen nodded lightly.

Years ago when he and his father-in-law went to the supermarket to make purchases, he had seen Mrs. Xiao, who specialized in pulling plastic bags for customers in the supermarket.

At that time, he knew that the Xiao family had run out of money.

In the past, they used to rely on Wu Donghai and were able to eat and drink spicy food.

But then Xiao Changqian and Xiao Hailong made a big trouble and kidnapped Ye Changmin along with Ma Lan, causing Wu Donghai to completely offend Ye Changmin.

In the end, Wu Donghai learns of his identity as the young master of the Ye family, and can only bend the knee to himself, seeking a way out.

Now, Wu Donghai had become Hong Wu's licking dog, so naturally, he couldn't give the Xiao family any more chances.

If it wasn't for the fact that he still wanted to give the Xiao family one last bit of retreat, the Xiao family would have already been swept away by Wu Donghai.

However, it wasn't that Ye Chen pitied them by leaving them this back way.

He was feeling that since the ancient sages had summed up that the wicked had their own way of grinding.

Therefore, it was better to let them feel the depth of water and fire in Thomson than to let them get out of Thomson.

That was why Wu Donghai looked for connections to release Zhang Guifen and three others in advance.

Ye Chen had already tried to figure out Old Lady Xiao clearly, and he knew that if Old Lady Xiao saw that Zhang Guifen and the three of them were going to share a villa with him, she would definitely try everything to get rid of Zhang Guifen, and then, she would offend Zhang Guifen to her death.

That was not the case.

Originally, the three of them were still grateful to Mrs. Xiao, and if Mrs. Xiao treated them well, they would definitely do their best to repay her.

In that case, with the help of three village women, Old Mrs. Xiao would at least be able to have a full meal for the family.

However, Ye Chen just calculated that Old Mrs. Xiao would not choose this path.

That's why, he deliberately let Old Lady Xiao experience the feeling of lifting a stone to smash her own feet.

The original helper turned into an enemy, which would definitely cause Old Mrs. Xiao a lot of pain.

And Old Mrs. Xiao, as expected, did not disappoint him.

Now, it was obvious that it was already very hard for Old Mrs. Xiao to support a family of four by herself, so it could only be Xiao Weiwei who carried the burden of raising the family.

Chapter 2250

Ye Chen looked at Xiao Weiwei in front of him, and although his impression of her had slightly changed, he did not sympathize with her.

Immediately, he spoke lightly, "Pearl River Lijing is not far from here, you can take a taxi and the starting price will be almost there."

Xiao Weiwei hurriedly said, "Brother-in-law I can't wait to break a penny into two halves and spend it now, I can't even take a bus, let alone a taxi"

Saying that, she pointed to the high heels under her feet and said, "I was going to walk straight over there so I could save some money, but I just happened to see you pass by here, so I got up the courage to want to apologize to you and ask if you could give me a ride."

In fact, the current Xiao Weiwei had a good feeling towards Ye Chen in her heart.

Ever since the day before the New Year's Eve, when many great figures from Jinling came together to pay their respects to Ye Chen, she realized that she had made a huge mistake in looking down on Ye Chen.

She also realized that the current Ye Chen was by no means comparable to the Ye Chen of the sunset.

Moreover, Ye Chen had always been very good to Xiao Choran, and Xiao Weiwei also saw it in her eyes.

Therefore, her view of Ye Chen now had changed drastically from before.

When she went out today, she just happened to see Ye Chen riding by on a bicycle, so she plucked up the courage to call out to him.

In her heart, she was also looking forward to taking this opportunity to turn the tide with Ye Chen.

But Ye Chen really couldn't bring up any good feelings towards Xiao Weiwei, so he said, "I still have something to do, and I'm not on the right track with Pearl River Lijing, so I can't bring you over."

Although Xiao Weiwei was lost in her heart, she didn't continue to pester, and nodded her head very cheerfully and said, "It's fine brother-in-law, if you have something to do, you can be busy first, I'll just walk over."

Ye Chen saw that she was still wearing high heels, it was impossible to walk forty minutes this way, so he felt more or less sympathetic, so he said, "Let's do this, let's add a WeChat, I'll transfer some money over to you."

Xiao Weiwei subconsciously said, "No brother-in-law I can't take your money."

Ye Chen said calmly, "Just because you can sincerely call me brother-in-law, it's only right for me to help you, don't say that it's me you're running into, if you run into your sister, she'll definitely help you as well."

Xiao Churan was always kind-hearted and didn't like to hold grudges, if she were to see Xiao Weiwei in this state, she would definitely give a helping hand as well.

Xiao Weiwei was touched and ashamed when she heard this, and choked, "Brother-in-law, I was so kind to you before, and you are still willing to help me I really I really"

Speaking of which, Xiao Weiwei could not help but cry out.

Today, she truly understood what it meant to repay a grudge with virtue.

If it were an aside, she had offended others before, and they would definitely hate to step on her at this time to see the joke.

However, not only had Ye Chen not mocked and ridiculed himself, he was willing to help, which was really unexpected for her.

Ye Chen spoke at this time, "Okay, don't cry, and don't put it off, quickly add a WeChat, I have something else to do later, I have to go first."

Xiao Weiwei was so busy that she nodded her head, but when she reached into her pocket, she realized that she didn't have a cell phone at all

Her cell phone had already been taken away by Wu Donghai's people.

So, she said in a restless manner, "Brother-in-law that I I don't have a phone."
