

Identity 2261

Chapter 2261

Ye Chen left the hotel, rode his little electric donkey, and headed to Pearl River Lijing first.

This community had just opened recently, and was recently advertising and promoting everywhere in Jinling, so Ye Chen had heard about it.

If it had been a few years ago, any newly-opened community would have been snapped up by crazy citizens as well as speculators in a very short period of time.

However, real estate agents weren't very prosperous recently, and many new communities were stagnant, so these developers started trying to do everything they could to promote their properties.

Xiao Weiwei originally also wanted to apply for a real estate sales job, but since the salary for this kind of job can only be settled the following month, she had to settle for a temporary job as an etiquette lady in an etiquette company.

Etiquette companies are, to put it bluntly, a manpower agency.

The same with the domestic agency, they signed up a large number of girls want to do Miss Manners, and then according to the different external conditions of each girl to develop different prices, and then take the girl's information, to docking with the party.

For example, the opening of a club to engage in celebrations, the scene needs twenty slim and beautiful temperament Miss Manners, will talk directly with the etiquette company.

Etiquette company with Miss Etiquette's information photo, so that Party A selected, selected, the price agreed, and then arrange with Miss Etiquette schedule and time.

Generally speaking, the average cost to the etiquette company is one etiquette lady, ranging from four hundred to eight hundred per day.

However, these etiquette companies would take half or even more from the middle and give the Miss Manners two hundred to four hundred as a reward.

Although Xiao Weiwei was not as pretty as Xiao Choran, but she was definitely a beautiful woman with a good body and a passable temperament, and she was able to get an eight hundred slot at the A-side.

Correspondingly, the etiquette company should also pay her four hundred a day.

However, the person in charge of the etiquette company saw that Xiao Weiwei was very short of money, so he deliberately lowered her price and was only willing to give her two hundred a day.

Xiao Weiwei felt that with three family members waiting for food and medication at home, she couldn't cut off her cash income every day, so even if she was exploited a bit more harshly, she could only swallow her pride and accept it.

At this time, she was wearing a blue cheongsam style Miss Etiquette uniform, standing at the entrance of the Pearl River Regency sales office as a welcoming guest.

It was still the first month of the season, the temperature was very low, and the uniform she was wearing was very thin, with her calves that were only wearing stockings exposed underneath, and after standing at the entrance for less than half an hour, she was already freezing her body a bit.

However, in order to earn money, she didn't dare to have any complaints and could only bite her teeth.

At this time, she had been standing at the door for over an hour, her entire body shivering with cold, her face pale and lips blue, but still forced herself to maintain the signature smile of a Miss Manners, nodding, bowing and greeting every customer who entered the sales office.

At this time, a woman in a mink coat came out from the sales office and said to Xiao Weiwei, "Weiwei ah, today General Manager Liu ordered that all of our Miss Manners must sign an exclusive guarantee agreement with the company, while there are not many customers to come to see the house, you and I will sign the agreement."

This woman's name was Chen Xiaofei, she was the on-site supervisor of the etiquette company where Xiao Weiwei was working, and was the company's second in command.

With a respectful face, Xiao Weiwei asked, "Sister Chen, what does the exclusive guaranteed agreement mean?"

Chen Xiaofei said with a face full of arrogance, "The exclusive guarantee agreement is that from now on, you can only work exclusively with this one etiquette service company of ours, and you cannot have any kind of business dealings with other etiquette companies, otherwise, the company has the right to demand compensation from you."

Chapter 2262

Vivian Siu asked again, "Isn't it an exclusive guaranteed agreement? What does it mean to keep a guarantee, other than working exclusively with our company?"

Chen Xiaofei explained, "The bottom line means that you have to guarantee to produce a minimum of twenty-eight events for the company in a month, and if the number of events you produce in that month is not up to the requirements due to your personal reasons, the company will also ask for compensation or deduct a portion of your labor costs."

Xiao Weiwei pursued, "Then by signing this agreement, will the company give any benefits?"

"Benefits?" Chen Xiaofei trailed off, "The advantage is that if you follow the company's requirements and put out at least twenty-eight events per month, the company will give you a base salary of five thousand yuan."

Xiao Weiwei was delighted to hear this and said, "Sister Chen, do you mean that in addition to the two hundred yuan present settlement fee for each event, the company also gives you a five thousand yuan base salary?"

"Right." Chen Xiaofei nodded and said, "This is a contract prepared by the company specifically for good employees, ordinary people don't have this opportunity."

Saying that, she handed the agreement to Xiao Weiwei and urged, "Come, quickly sign and stamp your fingerprints, I'll take it back to the company to report to General Manager Liu when I'm done."

Xiao Weiwei's heart was overjoyed, if there were twenty-eight events a month, the event fee alone would be five thousand six, plus five thousand yuan base salary, that's properly over ten thousand!

A monthly salary of over ten thousand was something she didn't even look down on before, but now, it meant a lot to her.

With this income, their family will never have to starve again, and as long as they don't buy anything, the money will be used for living expenses, and the family will definitely be able to eat well, and dad and brother's health recovery speed will definitely be a lot faster.

She was overjoyed and didn't think much about it, she probably looked at the contract and saw that it did indeed state a base salary of five thousand dollars per month, so she put her mind at ease and immediately signed her name, then used the imprinting clay that Chen Xiaofei handed over and stamped her own handprint.

After Chen Xiaofei got the contract, she smiled proudly and said, "Oh my Xiao Weiwei, welcome to be the exclusive contracted artist of our Shangmei Etiquette Company, you must work hard in the future!"

Xiao Weiwei said excitedly, "Sister Chen, don't worry, I'll definitely redouble my efforts!"

Chen Xiaofei gave a hmmm and said, "Alright, I'm going back to the company first, after your side reaches the end of the day, sign with your team leader and then you can go back."

Xiao Weiwei was busy asking, "Sister Chen, are you still coming this afternoon?"

Chen Xiaofei waved her hand, "I won't come over, the company has also taken over ceremonial work at a few other properties today, I have to go over to inspect the site in the afternoon."

Xiao Weiwei had been working with this company for a few days, and knew that Chen Xiaofei was the one in charge of distributing salaries on site, and she was the one who took the cash to settle everyone at the end of each day's work, so as soon as she heard her say that she wouldn't be coming in the afternoon, she hurriedly asked, "Sister Chen, is today's expenses to be settled with the team leader after work?"

Chen Xiaofei looked surprised, "Fees? What costs?"

Xiao Weiwei was busy, "It's the ceremonial fee for this today ah Two hundred dollars"

Chen Xiaofei looked at Xiao Weiwei and said with a scowl on her face, "I say Xiao Weiwei, are you awake? What are you dreaming about here?"

Xiao Weiwei was a little nervous and said, "Sister Chen, I What's wrong with me?"

Chen Xiaofei shook the contract in her hand and said coldly: "Xiao Weiwei, it is written clearly in the contract, the company gives you a base salary of 5,000 yuan and packages you for 28 events per month, all your rewards are included in this 5,000 yuan monthly salary, and you still want to ask me for the

etiquette fee for today's event? How can you think so beautifully when you work one job and ask for two dollars?"

Chapter 2263

Xiao Weiwei was surprised when she heard Chen Xiaofei's words and asked, "Sister Chen, didn't you just say that? The money for the activity is the money for the activity, and the base salary is extra!"

Chen Xiaofei trailed off, "What a beautiful thought you had! Let me tell you, General Manager Liu said that all Miss Manners must be settled on a monthly basis from now on, so from today onwards, you'll be working for the company in a practical manner, and as long as you do all twenty-eight events, you'll be paid your five thousand base salary on the fifteenth of next month!"

Xiao Weiwei's expression became embarrassed and opened her mouth, "Sister Chen, two hundred for one event, twenty-eight events should be five thousand six ah, the company is packed with five thousand dollars, that's equal to me having to work three times a month for nothing ah"

Saying that, she said with great difficulty, "I've been tight on cash lately, I can't accept this kind of cooperation with monthly settlement, or I won't sign"

"What? No signing?" Chen Xiaofei sneered, "Xiao Weiwei, do you think you've hardened your wings after working as a Miss Manners for a few days?"

Xiao Weiwei shook her head and said piously, "Sister Chen, I didn't mean it like that, I just think that this way of cooperation really doesn't suit me"

Chen Xiaofei snorted and said seriously, "Xiao Weiwei, let me tell you, you have signed the contract, if you want to break it at this time, you will have to bear the responsibility of breaking the contract!"

Realizing that she had been duped, Xiao Weiwei hurriedly asked, "What is the liability for breach of contract?"

Chen Xiaofei raised the contract in her hand and sneered, "It's clearly written in black and white on this, you have voluntarily signed a contract with the company, if you break the contract on your own initiative, you have to pay the company half a million yuan in penalty, otherwise, the company has the right to sue you in court!"

Xiao Weiwei's heart thudded as she hurriedly begged, "Sister Chen, I'm relying on this two hundred yuan reward every day to feed my family, please, for the sake of the two paralyzed bedridden patients at my home, lift up your hand and void that contract"

"Void it?" Chen Xiaofei scoffed, "What are you dreaming about? It's fine if you want this contract voided, but first bring me half a million dollars for breach of contract!"

Xiao Weiwei said, "Sister Chen, if I could come up with half a million dollars, I wouldn't have come to do this job ah"

"Yo!" Chen Xiaofei scoffed, "From your Xiao Weiwei's tone, it seems like you think this job is a shame?"

Xiao Weiwei hurriedly shook her head, "That's not what I meant, I just wanted to say that I really can't come up with that much money"

Chen Xiaofei shrewdly roared, "You can't fucking come up with the breach of contract and you're still here whining with my mother? If you don't get the money, you'll work for me! This contract is for a total of three years, three years and thirty-six months, and you must work a full twenty-eight games every month, otherwise, one less game and a thousand will be deducted until it is all deducted!"

"What?!" Xiao Weiwei was on the verge of tears, and took off, "Aren't you screwing people? It's less than two hundred dollars pay for one show, and a thousand dollars is deducted for one less show, so if I work twenty-three shows a month and am missing five, won't you deduct all five thousand dollars from me?"

Chen Xiaofei glared at Xiao Weiwei and laughed, "You should be lucky, the contract says only deduct light, and doesn't let you compensate, if you were to compensate, you wouldn't be able to do enough, you'd have to pay the company back!"

Vivienne Shaw took off, "That's too dark for you guys! I'm out! I won't honor the contract either!"

"Non-performance?" Chen Xiaofei sneered, "If you don't perform you'll come back to the company with me and give the company an IOU for half a million dollars!"

Xiao Weiwei became anxious and questioned, "By what?!"

"By what?" Chen Xiaofei scowled, turned around and waved at the entrance of a gold cup car, and four big men appeared out of the car and surrounded Xiao Weiwei directly.

Chen Xiaofei snapped at those strong men, "Take her to the car and take her back to the company! I still don't fucking believe it, I can't stop her one Xiao Weiwei!"

"Okay Faye!" One of the strong men immediately responded, whirled around and rushed forward with his men, grabbed Xiao Weiwei's arm in a death grip, and snapped, "Behave yourself and follow us to the car, or else you'll suffer!"

Chapter 2264

"I'm not going!" Xiao Weiwei shouted out, "You are committing a crime in broad daylight! I'm calling the police to arrest you!"

"The police?" Chen Xiaofei came up and slapped Xiao Weiwei, cursing, "You fucking think calling the police will bluff me? Let me tell you, I've seen a lot of cheap hooves like you! I have ten thousand ways to screw you!"

Xiao Weiwei took off, "You guys are too much of a bully! It's the law now! How can you allow such nonsense!"

Chen Xiaofei sneered, "So what if I bully you? I love to do is bullying! Let me tell you, our General Manager Liu is a famous and reputable number one on the Jinling Road, if you dare to be dishonest, not only will you not have a good ending for yourself, your family won't have a good ending either!"

The company will then come to your home every day to block you and force you to pay back the money. If you don't pay back, they will live in your home every day and throw paint on your walls. No matter where you go to work, they'll go to your workplace and make a scene, and you'll be skinned to death."

Chen Xiaofei and his company, the etiquette company, was originally transformed by a grey group in Jinling.

Their mode of operation is to first lure the young girls in with normal cooperation, and then trick them into signing a deed of sale, and then use the deed of sale to firmly control them.

The average posture, generally became their hard work, with the lowest reward, to help them do everywhere Miss Manners, desperately squeeze, and some even a day to run three or four activities.

The ones with better posture were basically forced by them to go to KTV to become princesses or misses, and some were even forced to take the dusty road.

Chen Xiaofei felt that Xiao Weiwei's posture could indeed be considered superior, and if she was controlled and sent to a high-end club, she would be able to create at least fifty to sixty thousand dollars a month, definitely a cash cow.

She was also worried about the long night, so she hurriedly said to those people, "Quickly, get her into the car[penpal www.boquge.me] to go!"

A few strong men immediately grabbed Xiao Weiwei and dragged her to the car.

Xiao Weiwei was scared out of her wits and shouted, "Help! Kidnap!"

Some passersby heard and immediately looked over.

Chen Xiaofei hurriedly said loudly, "Don't misunderstand, we're from Jinling Shangmei Etiquette Company, a regular enterprise!"

"This girl is one of our employees, her family had an accident some time ago, her parents met with a car accident, and our boss kindly lent her half a million dollars to see a doctor, but she was lucky and quietly took the money to gamble!"

"Not only did she lose all her money, but she abandoned her parents at the hospital without a care, and now we're taking her to the hospital to see her dying parents and see if we can reawaken her conscience!"

As soon as the crowd heard this, they suddenly didn't know who to believe.

At this time, Chen Xiaofei scolded those people in a low voice, "Hurry up and get in the car!"

Those people immediately dragged Xiao Weiwei to the outside of the car door, pushing her cart and about to stuff her into the car.

Xiao Weiwei was terrified at this time and was in deep despair, she knew very well that once she got into this car, it was the same as getting into a thief's boat, and it was very likely that she would not be able to get down in this life

Just when she was desperate and didn't know what to do, she suddenly heard a familiar voice coldly snapping, "Let her go!"

Chapter 2265

With this roar, Xiao Weiwei and the others, including Chen Xiaofei, immediately subconsciously followed the sound.

At this moment, they saw Ye Chen riding his electric bike and quickly arrived in front of everyone.

Immediately, Ye Chen stopped the electric bike and didn't get off, his legs braced on the sides of the electric bike and said in a cold voice, "Release her to me."

As soon as Chen Xiaofei saw that Ye Chen was actually riding an electric bike, his expression immediately became extremely disdainful and ridiculed, "I thought it was some kind of person who came to rescue a hero, but it turned out to be a fucking stinky hangman!"

After saying that, she snorted coldly between her nostrils and snapped, "I'm telling you, stinky slinger, don't meddle here, or else I'll make you eat your heart out!"

When Xiao Weiwei saw Ye Chen suddenly appear, she immediately felt a strong sense of security in her heart, and cried out, "Brother-in-law, brother-in-law, save me ah brother-in-law"

When Chen Xiaofei heard this, she couldn't help but sneer, "Aigoo, so you're her brother-in-law, what's up? Trying to help her redeem herself?"

Ye Chen smiled and asked her back, "What is this lady's name? I don't know where I, my sister-in-law, have offended you."

Chen Xiaofei left her mouth, "Just a stinking loser like you, you don't deserve to know my name, as for how your sister-in-law offended me, you don't need to know so clearly, you only need to know one thing, your sister-in-law now owes me half a million, if you pay the money, I'll let her go now, if you don't, then I'll have to take her away! "

Xiao Weiwei hurriedly and grievously said, "Brother-in-law, I don't owe them any money at all, they tricked me into signing a contract that comes with a half million penalty, they are completely contract fraud"

Ye Chen waved his hand, "Okay Weiwei, don't talk yet, I'll talk to this lady."

Saying that, he looked at Chen Xiaofei with a smile on his face and spoke, "Beauty, isn't it just half a million? This is so easy to solve, how about this, you give me a card number right now, or your Alipay account, and I'll immediately send 500,000 to you."

Chen Xiaofei frowned at Ye Chen and said coldly, "Che, what the fuck are you bull? Can you get half a million dollars for a hangdog like you who can't be bothered to ride a better electric bike?"

Ye Chen didn't get angry and directly took out his own phone and smiled, "This way, you can open your Alipay right now, I'll transfer money to you right now, if the money arrives, you can just let him go; if the money doesn't arrive, kill or cut you as you wish."

Chen Xiaofei began to hesitate a bit at this point.

She thought to herself, "Look at this idiot, it doesn't seem like he's bragging, if he can really take out 500,000, this is an excellent good deal, even if I bring Xiao Weiwei back and force her to work for me, at most I can squeeze her for tens of thousands of yuan a month, and if I want to squeeze out 500,000, it will take at least half a year or even longer" "

"Now that this idiot is willing to just spend half a million dollars to end this, wouldn't I be making half a million dollars a morning for nothing?"

Thinking of this, she immediately said to Ye Chen, "Since you really have the heart to settle this matter for her, I'll give you a chance, but don't blame me for not warning you beforehand, if you dare to play tricks on me, not only will I take your sister-in-law away today, even you won't have a good ending!"

Ye Chen smiled, "Don't worry, you have so many people here, how dare I play you?"

Chen Xiaofei grinned and immediately pulled out her own phone and opened her Alipay.

Ye Chen casually scanned her receiving QR code, then immediately filled in an amount of 500,000 on the transfer column.

Because the amount was relatively large, Alipay required full name verification, so Ye Chen smiled and said to Chen Xiaofei, "Beautiful girl, this time you won't be able to tell me your name, the transfer needs to be verified."

Chen Xiaofei hugged her shoulders and arrogantly said, "I'm called Chen Xiaofei, ear east Chen, the size of the small, Wang Fei's Fei."

Chapter 2266

Ye Chen nodded and entered her name on it, followed by clicking on the confirmation, and after the Alipay face recognition passed, a prompt immediately popped up that the transfer was successful.

Chen Xiaofei's hand vibrated, and then a prompt immediately popped up, "Ye Chen transfers 500,000 yuan to you!"

When she saw the message, her entire surprise was unmistakable, and she surmised with excitement, "Mom! That's a lot of money to make! I've never made so much money in my life! If Mr. Liu knew about it, he would have to reward me personally with at least a hundred thousand!"

Excited, Chen Xiaofei couldn't help but think highly of Ye Chen and smiled, "I didn't expect Mr. Ye to be quite generous, in order to help your sister-in-law, he can take out 500,000 with the flick of his finger, I guess Mr. Ye's financial strength is also extraordinary, right?"

Ye Chen laughed, "Extraordinary what ordinary ah, I'm just a small hanging silk, it's not easy to save some family money with hard work, if it wasn't for her being my sister-in-law, I wouldn't have taken it so readily."

Xiao Weiwei saw that Ye Chen really gave half a million, and immediately cried and said, "Brother-in-law You can't just give them the money like that They are a bunch of bandits"

Chen Xiaofei immediately scolded, "Xiao Weiwei you pay attention to your words ah, we have written this contract in black and white, you yourself also stamped your fingerprints, I am now taking this money also according to the contract, how is it that they are robbers?"

Xiao Weiwei was shaking with anger, and said angrily, "You know yourself if you're a robber or not! That contract itself is fraudulent in nature!"

Ye Chen spoke at this time, "Okay Weiwei, stop talking nonsense."

Xiao Weiwei did not expect Ye Chen to admit the compensation so easily and choked, "Brother-in-law I know it's easy for you to make money, but you can't cheapen them for nothing like this"

Ye Chen laughed, "How can this be called cheap for them?"

When Chen Xiaofei heard this, she also immediately echoed, "That's right, how can it be a bargain for us? Do as you're told and you'll pay the company for it! Still, Mr. Ye knows the law, you girl knows nothing!"

Ye Chen turned his face at this time and said to Chen Xiaofei, "Miss Chen, you've misunderstood my meaning."

Chen Xiaofei frowned, "What do you mean?"

Ye Chen smiled, "That money I gave you, it's really not for nothing, I lent you this money with 500,000 per minute interest, now it's been two minutes, you should pay me back 1.5 million with interest."

Saying that, Ye Chen added, "Oh right, I suggest you hurry, it will be three minutes soon, and then it will be two million."

Chen Xiaofei gritted her teeth and cursed, "You're fucking insane, right? You want to play this game with me? You think I give a shit about you? What a fucking retard!"

Saying that, she waved her hand at a few strong men around her and coldly said, "Let's go!"

In Chen Xiaofei's mind is: "half a million has been to my paypal, I naturally have no need to continue to bullshit with this guy, just leave, he is a motorcycle, what can he do to me? If he dares to pretend with me, I'll have to deal with him on the spot!"

As soon as a few strong men heard this, they immediately pushed Xiao Weiwei aside and prepared to get into the car and leave.

Ye Chen pointed at Chen Xiaofei at this time and said coldly, "The others can leave, Miss Chen you have to stay and pay back the money whenever you want to leave."

As soon as Chen Xiaofei heard this, she cursed angrily, "Mother, give me face! Someone, give me a fight!"

Chapter 2267

The few strong men beside Chen Xiaofei were already rubbing their fists.

This company of theirs, which specialized in grey areas, had to rely entirely on performance if they wanted to make money.

Chen Xiaofei's performance depended on how many little girls she had cheated and then how much value she had extracted from them.

And the performance of their thugs depends on how many times they've moved their hands.

To put it in layman's terms, if they don't get a hand job for a month, they only get a base salary.

But if there was a fight every day this month, then they would at least get a salary of tens of thousands.

They could see this business today, Chen Xiaofei already had 500,000 in his payment account, and if they made a move to teach the retarded guy in front of them a lesson, the 500,000 would be split at least 20,000 to 30,000.

Therefore, as soon as they heard Chen Xiaofei's order, they immediately took a step towards Ye Chen and pressed over, and one by one, they were going to do it viciously.

Ye Chen's face smiled faintly.

Not to mention a few thugs, even a few martial arts experts like Su Ruo Li were completely inadequate in front of him.

So, he directly met them with a smile on his face.

He kicked one with a bang, smashed down another with a punch, then lifted a strong man with two hands, and with a slight throw of his arms, he threw those two people into the green belt planted with dwarf pine trees by the roadside and fell unconscious.

The remaining two people saw that Ye Chen easily took care of his four companions as if chopping melons and cutting vegetables, and they were so scared that they turned around to flee.

But before they could turn around, they were directly grabbed by the back of Ye Chen's neck, and then, they also turned into two parabolas and flew into the green belt by the roadside.

Chen Xiaofei was dumbfounded.

She had never dreamed that this hangman on an electric bike would be so strong.

This kind of strength was even more powerful than those famous red sticks on the road!

Chen Xiaofei only then realized that she had stirred up a tough strife today.

So, she hurriedly compensated with a smile and said, "Mr. Ye, I'm really sorry, I'm the one who offended you with my eyes, don't mind, I'll transfer that 500,000 back to you!"

Ye Chen smiled, "Don't, six minutes have passed, 500,000 principal and 3 million interest, you have to give me 3.5 million in total."

Chen Xiaofei cryptically said, "Mr. Ye you're joking It's only half a million in total, you're going to charge interest of half a million a minute, there's no such ruthless ah"

Ye Chen smiled and asked her, "What, never seen it before is it?"

Chen Xiaofei shook her head and said, "Mr. Ye, such a high interest rate, I really haven't even heard of it"

Ye Chen nodded his head, "Good, so now you've not only heard of it, but you've also seen it with your own eyes, I advise you to cut the crap, or else it will go up by 500,000 again soon."

Chen Xiaofei wiped her cold sweat and said awkwardly, "Mr. Ye you just don't tease me, also working for the company, although this money is given to me by you, I still have to give it to our boss later, I am a working person, how can I take so much money to compensate you"

Ye Chen said calmly, "Then you call your boss over, but don't blame me for not reminding you beforehand, if your boss needs 20 minutes to come over, this interest will have to grow by another 10 million."

Once Chen Xiaofei heard Ye Chen say that she should call her boss, she was delighted.

The reason why she confessed to Ye Chen and begged for forgiveness was because she couldn't handle him by herself.

Chapter 2268

But since he asked him to call his boss, he could call his boss over and have him settle the matter.

When she thought of that, she immediately said attentively, "Then wait a moment, I'll call our boss!"

After saying that, he hurriedly pulled out his phone and dialed a number.

As soon as the call came through, Chen Xiaofei said impatiently, "Mr. Liu, help, Mr. Liu, I've encountered some trouble on the Pearl River Regency side"

The General Manager Liu on the phone, named Liu Zonghui, used to be a local gangster, and had once made a bit of a name for himself, but then he lost his eyes because he went abroad to gamble and gambled on one of his hands, and then his right hand was crippled.

With his right hand crippled, he couldn't continue to hang around in the underground world where the law of the jungle prevails, so he gathered a group of people and started an etiquette company.

The reason why he chose to work in an etiquette company was because all the etiquette girls the company came into contact with were all girls, and all of them were girls with a bit of posture, but not much background.

After all, if you come to work for a few hundred dollars a day, what kind of powerful background can you have at home? Naturally, no one can stand up for them if they are bullied.

Because of this, Liu Zonghui hasn't missed out on forcing them into prostitution over the years.

He was on the phone, and after hearing Chen Xiaofei say what had happened, he was furious and furious.

"Damn it, even my Liu Zonghui's money, someone dares to miss it! Just wait, I'm bringing someone over here right fucking now!"

Chen Xiaofei implicitly reminded, "Mr. Liu, then you must be well prepared ah"

Liu Zonghui immediately smiled, "Don't worry, it just so happens that Brother Zhongliang is having tea at my place, I'll bring Brother Zhongliang along!"

Chen Xiaofei excitedly asked, "Brother Zhongliang is in our company, huh?"

"Right." Liu Zonghui sneered, "The little di who signed up last week, when he was working in KTV yesterday, he was seen by Zhongliang brother, Zhongliang brother wanted to cover her, so he came over to greet me, I didn't charge Zhongliang brother any money, so he owes me a favor, it just so happens that this matter let him help."

Chen Xiaofei was so excited that she hurriedly said, "Okay Mr. Liu, then come over quickly!"

Liu Zonghui smiled, "Okay, tell him I'll be right there, ten minutes at most!"

Chen Xiaofei hung up the phone and looked at Ye Chen with a full complacency already.

In her heart, she knew very well that once Brother Zhongliang came to help, Ye Chen would be finished.

"Ma Zhongliang's great name, who doesn't know in the underground world of Jinling?"

"He's one of the Four Kings of the Hung Five! With at least a few thousand men under his command, this fellow surnamed Ye was able to fight, but in the end, two fists were no match for four hands! I'm just waiting to see you get chopped into cripples by Ma Zhongliang's men!"

However, although she was very proud in her heart, but her mouth did not dare to pretend in front of Ye Chen, instead she said very politely: "Mr. Ye, our boss said that he would come over in a moment, you wait a moment, don't be in a hurry"

Ye Chen smiled, "I'm not in a hurry, the one who should be in a hurry is your boss, after all, it's half a million a minute, if he dawdles for a while, he might lose his fortune."

Chen Xiaofei accosted two laughs and cursed angrily in her heart, "Fuck! You really take yourself seriously, don't you, you idiot? Half a million a minute, you fucking dare to think about it, later when you're cut down to your dying breath, I'll see how you can still pretend!"

Xiao Weiwei, who was a little worried at the side, whispered to Ye Chen, "Brother-in-law, the owner of their company is a daoist, he might bring a lot of people over later, so we should leave first!"

Ye Chen waved his hand and said with a righteous seriousness, "How can I leave at this time? What if I leave and his boss can't find me later?"

"Do you know how much his boss will pay me if this money is delayed for a day? Half a million a minute, \$30 million an hour, \$720 million in 20 to 40 hours, we have to be principled, we can't trap people like that, you know?"

When Chen Xiaofei heard this, she lowered her head and stretched out her hand to cover her face while lamenting in her heart, "Emma, which haystack did this guy pop out of? That mouth is a real braggart."

Chapter 2269

It was also very patient and waited in place for fifteen minutes.

Fifteen minutes later, a Mercedes-Benz S-class car, finally drove to the parking lot in front of the Pearl River View.

The two vans were filled with thugs holding machetes.

The direction of the vehicle's travel was just behind Ye Chen, the car's Liu Zonghui saw Chen Xiaofei, then immediately realized that the man in front of Chen Xiaofei, sitting on the electric car with his back to himself, should be the guy who shouted with Chen Xiaofei.

He was very disdainful and surmised: "A hangman on a motorbike, also fucking dare to pretend with me? It just so happens that I have an itchy free hand today, so I'm practicing with you!"

However, when he thought of Chen Xiaofei saying that this slinger had put down six of his little brothers all by himself, he felt a bit of a drummer again.

Secretly, he thought, "What if this guy is really good at fighting and finishes me off in one shot?"

The company has been in the process of developing the new product for the past few years, and the company has been working hard to develop the new product.

Ma Zhongliang was very proud of this wave of boasting from him, and said with a smile, "Zong Hui ah, just a small hangman, if you dare to look down on you, you are looking down on me, later on brother will take out this anger for you!"

After saying that, the driver stopped the car beside Ye Chen.

Ma Zhongliang directly pushed the door and got out, staring at the back of Ye Chen's head and cursed in a cold voice, "Let me see which one of you, who is blind, dared to offend my brother Ma Zhongliang!"

At this time, Ma Zhongliang had more than twenty little brothers standing behind him.

A few of these were Liu Zonghui's men, but most of them were his.

Once Chen Xiaofei saw that Liu Zonghui had really brought Ma Zhongliang over, she became excited and jumped to her feet, smiling coquettishly at Ye Chen, "Surnamed Ye, you're fucking dead today! You're just waiting to be chopped into mincemeat by Brother Tadanori!"

Xiao Weiwei was a little nervous and said, "Brother-in-law they are so many people."

Ye Chen left his mouth open and said indifferently, "What's the use of having too many people?"

Ma Zhongliang didn't hear Ye Chen's voice at once, so he said in a fiery voice, "Kid, you're arrogant! You don't even care about me, Ma Zhongliang, I think you're tired of living!"

Ye Chen turned around slowly at this time, looked at Ma Zhongliang and said with a smile, "Aigoo, it's Brother Zhongliang, what? Bringing so many little brothers, is this to come over and cut me down?"

When Ma Zhongliang saw Ye Chen's smiling face, he was scared out of his wits!

[Smoke and Red Dust Novel www.yyhc.info] Never in his wildest dreams did he think that this hangman Liu Zonghui had asked himself to help teach him a lesson would be Master Ye Chen Ye, whom his boss, Master Hong Fifth, greatly respected!

"Isn't this a fucking dog fuck? This isn't"

Ma Zhongliang cried out in his heart, and his legs involuntarily went limp.

Immediately afterwards, he plunged to his knees in the astonished eyes of the crowd and choked, "Master Ye Ye I really didn't think it would be you ah please be generous, don't be so generous with me this silly dog".

Liu Zonghui was silly, and took off, "Brother Zhongliang you you how to kneel down to this hangman? What the hell is he? Him!"

When Ma Zhongliang heard this, he was furious!

He struggled to his feet, stepped in front of Liu Zonghui, swung his arm round, and smacked him across the face!

With a snap, Liu Zonghui was knocked back several steps and his entire body was already dizzy and bleary-eyed.

Chapter 2270

He covered his face and asked in amazement, "Brother Zhongliang, what are you hitting me for? Hit that stinking hangman!"

Ma Zhongliang's entire body shivered in anger and stammered, "You you are really fucking looking for death! How dare you call Master Ye a stinky hangman! I think you're the one who's really fucking tired of living!"

After saying that, he immediately shouted to a group of his men, "Damn it, hold him down and beat him to death!"

Most of Ma Zhongliang's group of boys had never seen Ye Chen before, but they had still heard of Master Ye's name.

After all, this was the benefactor that Master Hong Fifth talked about all day long, and Master Hong Fifth could be called the godfather of the entire underground world of Jinling, and it could be said that his benefactor was the benefactor of all the members of the underground world of Jinling.

This Liu Zonghui provoked no one badly, but had to provoke Master Ye's head, isn't this just a lantern in the toilet, looking for death?

The company has been in the process of developing the new product for the past two years.

Liu Zonghui was beaten to the point of screaming, crying out and wailing: "Brother Zhongliang spare my life Brother Zhongliang, I didn't know this Mr. Ye was your friend, if I knew, I wouldn't have clashed with Mr. Ye to death! Please spare me!"

"Spare you?" The company's main business is to provide a wide range of products and services to its customers. If Master Ye blames me, I'll be damned. Even if Master Ye doesn't blame me, if this comes to Master Five's ears, he'll scrap me! You son of a bitch is killing me you know that?!"

Liu Zonghui cried, "Brother Zhongliang, forgive me, I really know I was wrong."

After that, he looked at Ye Chen again and cried out and begged, "Master Ye, please spare your life, Master Ye!"

Ye Chen smiled indifferently and said to Ma Zhongliang, "Okay, let your people stop for a while."

As soon as Ma Zhongliang heard this, he quickly took off and roared, "All fucking stop for a moment, Master Ye is about to speak!"

A large number of people were surrounding Liu Zonghui on the ground, beating and kicking him, when they heard these words, they quickly stopped and took two steps back, standing still.

Liu Zonghui had already been beaten to a bloody pulp, and his face was swollen into a big pig's head.

Chen Xiaofei, who was dumbfounded, stared at Liu Zonghui, not knowing what to do.

Ma Zhongliang was now hastily bowing and said to Ye Chen with great respect, "Master Ye, please order."

Ye Chen nodded and said to Ma Zhongliang, "Xiao Ma ah, not that I'm saying you, civilized society, don't fight at every turn, how bad is it for ordinary citizens to see the impact of this in public?"

Ma Zhongliang was startled for a moment, hurriedly slapped himself and said with a face full of shame, "Master Ye, you are right in your criticism! I'm the one who's too low quality to be a disgrace to the people of Jinling."

Ye Chen gave a hmmm and said calmly, "It's good to know."

After saying that, he looked at Liu Zonghui again and said with a smile, "Always Liu from Shangmei Etiquette Company, right?"

Liu Zonghui, with blood still hanging from the corner of his mouth, said incomparably weakly, "It's me it's me Master Ye, I was wrong, I was blind and offended you, please forgive me."

Ye Chen waved his hand and said seriously, "Oops! There is no right or wrong in the world of adults, there is only profit."

Saying that, he pointed at the pale Chen Xiaofei and said with a smile, "Look, before you came here, I have already told your Chen, I lent your company five hundred thousand RMB about thirty minutes ago, I made an agreement with your Chen, one minute interest of five hundred thousand RMB,

this thirty minutes passed, the interest is fifteen million RMB, together with the capital, the total is fifteen and a half million RMB, you Let's see when we'll settle it."

Liu Zonghui scared the whole person a shudder, out of his mouth: "Master Ye Grandpa Ye you this interest is too high 500,000 a minute, aren't you trying to kill me?"

Ye Chen smiled: "Look, your company, on the other hand, has made its fortune by tyranny; and I, on the other hand, have made my money by lending to the outside world, you have your fortune making skills, and I have my way of making money, we are both out to make a living, so of course we have to respect each other."
