

## Identity 2271

### Chapter 2271

Liu Zonghui was the first time he met someone like Ye Chen.

Not fighting, not cursing, and with a smiling face, he looked more civilized than anyone else, but when he opened his mouth, he wanted to eat people's bones.

Fifteen and a half million? Where could he get that kind of money?

It's true that he's made a lot of money by opening an etiquette company and forcing people to buy and sell into prostitution day in and day out, but for people like him, the more money he makes, the more he spends.

Originally these people who used to be in the grey world, they all have a kind of nature of today's wine and drunkenness, money not to spend more to wait.

So, although Liu Zonghui usually quite a lot of money, but also really quite a lot of spending outside.

He can make at least a few million dollars a year, but he can't afford to be wasteful and wasteful, so he can only have a maximum of one million to eight hundred thousand left in his hands year after year.

Liu Zonghui's all savings together, but only three or four million yuan, at this time, Ye Chen asked him to repay 15.5 million yuan, even if he sold his kidneys, he could not take so much money.

So, he cried and begged, "Master Ye, I'll be honest with you, I really don't have that much money ah"

When Ma Zhongliang heard this, he came up and kicked him, cursing, "Fuck! Don't give me that face, do you? Master Ye gave you a solution to your problem and you're still crying poor? Do I have to screw you to death to satisfy you?"

Liu Zonghui trembled, "No Brother Zhongliang, I'm really not crying poverty, I really can't take that much money ah"

Ma Zhongliang cursed angrily, "Can't get the money? If you can't come up with the money, I'll cripple both your legs!"

Liu Zonghui was trembling with fright, whirling around to look at Chen Xiaofei and scolded angrily, "It's all because of you, this bitch, you've been out all day causing trouble for me!"

Saying that, he also said to Ye Chen, "Master Ye, the matter of the tyranny was all manipulated by this Chen Xiaofei, there is a debt to be settled, you have to find her to settle the account ah!"

When Chen Xiaofei heard this, her entire body was also scared to death and panicked, "Liu Zonghui! Shame on you, huh? These things are all your ideas, I'm just a subordinate who runs your errands and helps you out, and you're dumping the blame on me at this point, do you still have a conscience?"

After saying that, she panicked and said to Ye Chen, "Mr. Ye, this Shangmei Etiquette Company, is Liu Zonghui's hand in making it, I used to be just a lady accompanying the drinks in the KTV, it was him who took me as a mistress, then said that he would take me to make money, before he tricked me into this business, technically speaking, I'm the same as Wei Wei, all victims ah!"

"Fart your mother!" Liu Zonghui took off and cursed, "Chen Xiaofei, don't you dare pretend to be a white lotus flower here, what kind of fucking goods are you, who doesn't know on the Jinling Road?"

"Aren't you just a fucking guy out for sale?!"

"It's fine to come out and sell it, but you see someone else's mama-sang making money, and you want to set up your own business, and you jump out and try to dig up that previous mama-sang, you're breaking the rules of the road!"

"People threatened to disfigure you with acid and drive you to desperation before you came running to beg me to bail you out, to beg me to take you out of that circle!"

"If it wasn't for me in the first place, you'd have been fucking disfigured! How dare you come out and bite me back at this point, do you have a fucking conscience?"

Chen Xiaofei said in a bit of a panic, "You you don't talk nonsense, you made all this up!"

Ye Chen shouted coldly at this time, "All of you, shut up!"

Chen Xiaofei shrank her neck in shock and immediately shut her mouth in good sense.

Ye Chen glared at her and said in a cold voice, "Miss Chen, there is no point in rushing to shake it off, wait until I am done with Liu, I will naturally give you a clear settlement."

Chen Xiaofei was frightened and kneeled down in panic, begging, "Mr. Ye, I'm really forced ah beg you to see that I'm a woman, don't treat me as a normal person"

## **Chapter 2272**

When Ma Zhongliang, who was on the side, heard this, he walked right up to her and slapped her hard across the face with a slap.

Before Chen Xiaofei could recover from the beating, he pulled Chen Xiaofei's hair and dragged her to Liu Zonghui, kicking her down in front of Liu Zonghui's body and coldly said, "You're pretty damn capable, and you dare to play moral kidnapping with Master Ye? Master Ye is a true dragon, he doesn't normally beat women, but I, Ma Zhongliang, am not so particular! If you keep talking fucking bullshit, I'll ruin your face right now!"

Chen Xiaofei was immediately scared and didn't dare to say more.

She did want to play a hand at moral kidnapping for Ye Chen, first revealing the point that she was a woman, so that Ye Chen couldn't do anything to her.

But she didn't expect that Ye Chen indeed didn't do anything to himself, but Ma Zhongliang didn't eat this at all

At this time, Ma Zhongliang looked towards Ye Chen and spoke respectfully, "Master Ye, how do you want these two bastards to be dealt with, just tell me!"

Ye Chen said indifferently, "Let's start with one thing at a time, let's start with the money they owe me."

Liu Zonghui had realized at this point that it was basically impossible for this matter to be good today.

If he didn't quickly pray for Ye Chen's forgiveness, there was no telling how much suffering he would have to endure next.

So, he hurriedly said respectfully, "Master Ye, I have a total of more than 3.7 million deposits, I'll give them all to you, I just beg you to lift your hand and forgive me this time"

Chen Xiaofei, who was on the side, also hurriedly said, "Mr. Ye, I also have more than 700,000 deposits, and I'm willing to pay it all to you, please let me go."

Ye Chen waved his hand, "The two of you together are less than five million, which is a bit far, isn't it? You see, this moment and let you delay for several minutes, soon the interest will exceed 20 million, so I advise you to quickly pay all the money, otherwise this interest has been running here, for you, the pressure to pay back the money must also be growing."

Liu Zonghui heard this, the board cried and said: "Master Ye I really do not have so much money ah you are stripping me alive, I can not come up with 20 million out ah, please be magnanimous."

Chen Xiaofei also cried, "Yes Mr. Ye, I really don't have that much money, over seven hundred thousand is all I have."

Ye Chen laughed, "When you pitted those girls against each other, they must have begged you for favors, right? Did you guys lift it?"

The two of them didn't dare to speak at once.

In the past, when they pitted little girls, they didn't care if they lived or died on the other side.

If they didn't have money, they would just honestly sell their lives.

The two of them would even force the company's contracted etiquette lady to accompany them to drink and sleep with them for money.

At that time, they also never cared about anyone's pleas.

When Ye Chen saw that they were both silent, he sneered and said, "Given that the amount of money you owe me has exceeded twenty million, far exceeding your actual ability to repay, you'll have to find me other ways to make up for that insufficient amount!"

Liu Zonghui shuddered and asked, "Master Ye Ye, how do you want us to find the mending"

Ye Chen sneered, "People say to spend money to dispel disasters, but since you can't come up with the money, you'll have to suffer!"

Ma Zhongliang at the side suddenly felt that he had instantly gotten Ye Chen's point!

In the past, when Ye Chen dealt with Liu Guang, Liu Ming and his son, and a few experts from the Wu family, what he liked most was to carve characters on the foreheads of the other party!

So, he immediately said to Ye Chen, "Master Ye! Just tell me, what do you want to carve on their foreheads, I've got a knife here!"

### **Chapter 2273**

As soon as Liu Zonghui and Chen Xiaofei heard that Ye Chen liked to carve characters on people's foreheads, they immediately thought of Liu Guang and Liu Ming, the father and son who were known to everyone in Jinling!

This father and son, at first, that was a sensation, even a national sensation.

First, there was Liu Ming, whose forehead was carved with the word "Poor Hanging" because he had offended a mysterious big figure.

Then there was Liu Ming's oldest son, Liu Guang, who wanted to avenge Liu Ming's death, but ended up offending a mysterious figure, so he was carved on his forehead as the father of a poor man.

This wasn't the end.

What really made this father and son famous throughout the country was actually the comic strip about the Wu family that they both said together.

At first, the father and son said that crosstalk that completely offended the Wu family, the rivers and lakes rumor, in fact, the father and son did not dare to offend the Wu family, the reason why they also recorded that crosstalk was completely coerced.

Earlier, everyone wasn't quite sure what kind of big person he was coerced by to dare to offend the Wu family to the death, but now, Liu Zonghui has figured out that the one Liu Guang and Liu Ming's father and son had offended was this Master Ye.

Now, the fate of Liu Guang Liu Ming is afraid that it will be his turn.

When he thought of this, Liu Zonghui felt an inexplicable pain on his forehead.

It was as if his forehead had been carved with a knife as well.

Just when he was at a loss for words, Ye Chen on the side spoke to Ma Zhongliang and said, "The carving is fine, the mistake these two have made is not looking down on people, but bullying and forcing people into prostitution, for such people, there needs to be a different solution."

Ma Zhongliang hurriedly asked respectfully, "Master Ye, then how exactly do you want to solve these two people? Just say the word, and I'll make all the arrangements!"

Ye Chen nodded his head and asked him, "Do you have any KTV nightclubs or other places under your hands?"

I'm not sure if I'm going to be able to do that, but I think I'm going to be able to do that.

Ye Chen then said, "Fine, then let this Chen Xiaofei go over to accompany the bar, doesn't she like to force young girls to go to nightclubs to accompany drinks? Just now you still want to force my sister-in-law to accompany the wine, then simply let her have a taste of this herself, don't give her a penny of the money she earns, when she has saved enough five million, when she will be free!"

Chen Xiaofei heard this, frightened and instantly paralyzed, she kneeled on the ground and cried, "Mr. Ye, please look at me for the sake of my momentary confusion, just spare me this time I this kind of posture, go to ktv to accompany a drink a maximum of three or four hundred dollars, five million I have to earn how long to start ah."

Ye Chen said in a cold voice, "What? You know it's hard when it's on you, so how come you don't think about other people's feelings when you force them to go drinking with you? I'll let you know what it means to do unto others as you would have them do unto you!"

Chen Xiaofei cried, "Mr. Ye I did do a lot of wrong things in the past, but but but I am more or less restrained, generally speaking, the most I can do by myself is to pit a few hundred thousand, how can you pit me five million so much ah"

Ye Chen said calmly, "If you feel that 5 million is too much, then we can adjust it to 10 million, and if 10 million is still too much for you, then we can adjust it to 20 million."

Chen Xiaofei's entire body almost collapsed when she heard this

She sobbed and cried in her heart, "This Ye Chen, the methods are too cruel!"

## **Chapter 2274**

"It's five million dollars right off the bat, and if it's true what he says, I'll have to spend at least ten years in the KTV drinking for nothing!"

"Isn't this going to kill me?!"

Ye Chen saw that Chen Xiaofei didn't speak, and said coldly, "Since you won't agree, I'll just raise the price for you, starting with 10 million first, and then there will be Ma Zhongliang and Hongwu watching you together, if you don't make enough 10 million, even the king of heaven won't be able to get you out! I'll give you three seconds to think about it!"

Saying that, Ye Chen directly started the countdown.

"Three two."

Just as Ye Chen was about to count to "one", Chen Xiaofei no longer dared to bargain, she cried, "Mr. Ye, I promise, I promise."

After saying that, when she thought of her fate, she would soon be like those girls who were forced to KTV, her entire body cried out in despair.

At this time, Ye Chen looked at Liu Zonghui, smiled calmly and said, "Mr. Liu, Chen's side has been arranged, it's time to arrange a way out for you next."

Liu Zonghui inwardly despairingly surmised, "This Chen Xiaofei is so miserable, I'm sure I don't have anything to fucking eat, if I don't think of a way out, wouldn't this life be all ruined?"

Thinking of this, he kept kowtowing desperately, begging, "Master Ye, in the future I am willing to saddle up for you and work as an ox, I only beg you to spare me this time please."

Ye Chen waved his hand, "Don't tell me it's useless, when you two were working in tandem and trapping innocent women, why didn't you think of sparing them once?"

Speaking of which, Ye Chen sneered, "Since Chen Xiaofei is going to go to KTV to accompany the drinks in the future, then you can go to KTV to be a tortoise male, just like her, when you earn enough five million, when you return your free body, in this way, the two of you can be considered as a double sleeper, and no one has abandoned anyone."

"Be the Turtle Gong?!" As soon as Liu Zonghui heard this word, his face went white with fear.

In the ancient times, a male turtle was a man who did groceries in a brothel, and to be frank, he wasn't even considered a security guard to watch the house.

Generally speaking, the work done by Lord Tortoise was the dirtiest and most tiring, and in a modern ktv, he was the one who handed out toilet paper to the customers after washing their hands.

The first time I thought of this, Liu Zonghui cried a tearful nose, choking: "Master Ye, you just leave me by your side as a dog, after you have any instructions, I won't have any delay, just pray that you don't send me to the ktv to fuck the turtle Gong I at least have been in the road some days, Jinling road people more or less also know some, ktv is the most common place for road people, in case you see me there, I can't hang up this old face ah".

Ye Chen smiled, "What are you afraid of? When you become a tortoise, put a small tray by the ktv sink with a few bills in it, and then ask customers for spending money when you pass them tissues in passing, haven't you been on the dole? There are a lot of acquaintances and friends, and when people see you as a tortoise, they'll definitely take care of your business and give you more tips, so maybe you'll make enough five million faster than Faye Chen."

"Me me me" Liu Zonghui at this point just wanted to crash to death on the concrete floor.

He cried out in despair in his heart, "To think that I, Liu Zonghui, in the Jinling Road, the size of all are considered one person, although not as good as Ma Zhongliang, but at least it is the middle of that gossip ah!"

"Now, if you let a person like me, No. 1, go to the KTV and become a turtle gong, wouldn't that be a complete laughingstock of the entire Jinling Road?!"

"And when I used to be arrogant and domineering, I didn't make a lot of enemies!"

"If I run into this later at the KTV and they find me nodding and handing out tissues to customers in front of the toilet, then they'll have to beat me to death!"

**Chapter 2275**

Ma Zhongliang saw that Liu Zonghui didn't say a word for half a day and angrily kicked him forward, cursing, "Grass! You ungrateful dog, Master Ye gave you a way out, why don't you fucking kowtow and thank him? Really wait until you're sent to the Fifth Master's dog pound to feed the dogs and you won't even have a fucking tear to cry!"

Liu Zonghui shuddered with fright at the words!

Who doesn't know about Master Hung's dog ranch?

It was said that there were dozens, if not hundreds, of vicious purebred fighting dogs there.

It was also said that Hong Wu had never stopped throwing his enemies into the kennel to feed the dogs.

If he was sent to a kennel, he wouldn't even be able to get a full corpse if he died, let alone live.

Thinking of this, Liu Zonghui was desperate deep inside.

To be honest, having him be a tortoise gong, in a way it would be better to kill him.

However, if he really wanted him to die, he didn't have the courage to do so.

He choked in his heart and sighed, "Although being a tortoise gong is humiliating and life is bleak, but in the end, a good death is better than a bad life."

"I'd feel sorry for myself if I had to die here."

"Moreover, this Master Ye in front of me is not someone I can fight against at all."

"Even Master Hongwu is so respectful to him, and I'm such a commodity that I'm nothing more than a broken fish in front of him, and now that he's willing to spare my life and let me go to the KTV to be a tortoise, he's already opening the net, so if I don't respond quickly, in case he changes his mind, then I'm really going to regret my intestines."

So, Liu Zonghui was busy choking with gratitude, "Master Ye thank you for not killing me I Liu Zonghui will definitely obey your orders and go to the ktv to be an honest tortoise male and work hard to earn money to pay back your interest."

After saying that, he hurriedly said, "Right Master Ye, you give me an account number, I'll transfer the three million I have to you first, the remaining five million, I'll slowly return to you when I become a turtle male."

Seeing that this guy had accepted his punishment, Ye Chen nodded his head in satisfaction and said coldly, "All those money you earned, the blood and sweat money that you pitched from those little girls, is black money earned with an obscene conscience, if I take your money, it's like I also become a part of the gang that victimized those girls."

Once Liu Zonghui heard that Ye Chen didn't want to take his money, his heart was instantly happy.

It didn't matter if he was a tortoise, as long as he could keep his three million deposits, he could at least live a well-off life!

But before he could get happy, Ye Chen said to Xiao Weiwei, "Weiwei, I have a mission for you."

Xiao Weiwei had been beside her, watching Ye Chen move his mouth to decide the future fate of Liu Zonghui and Chen Xiaofei, the worship for him in her heart had reached a point where there was no way to attach, looking at him as if she had seen God.

Now that she heard Ye Chen say that he was going to give her a mission, she said with a flattered feeling, excitedly, "Brother-in-law, whatever you have to tell us, Vivian will definitely do her best!"

Ye Chen nodded and instructed, "From today onwards, I want you to take over that Shangmei Etiquette Company, this company will be your responsibility from now on, as for the shares of the company, let Liu Zonghui transfer all of them to your name today."

"Ah?!" Xiao Weiwei was surprised and said, "Sister-in-law you want me to accept Shang Mei? But but but I don't know how to run a company."

### **Chapter 2276**

Ye Chen seriously said, "Doing things, as long as you're serious, responsible, and attentive while living up to your conscience, even if you don't do it well, there's no harm."

Saying that, he added: "Later, I'll let them both, all of their deposits, all of them remitted into the account of Shangmei Company, as for how this money is used, after you take over the company, you must find out all the overbearing terms and conditions signed by the company, unconditionally lift the unequal terms and conditions on each girl, and then according to the number of years they were forced to sign, the money will be distributed to them as compensation! The rules of distribution must be fair and reasonable!"

As soon as she heard this, Xiao Weiwei nodded her head almost without hesitation and said, "Okay brother-in-law, I will definitely send all this money to them in a fair and reasonable manner!"

"Very well." Ye Chen nodded his head in satisfaction and said, "After you compensate them with this money, make it clear to them that the company is next in your charge, and that the company's next process of operation, division, payment of salaries, etc. will be all open and transparent, and if they are still willing to continue to be Miss Manners, then they will continue to work with the company and sign an equal employment contract! As long as you follow through on these points, I'm sure they won't refuse."

"This way, after you take over this company, you will also have a stable team, and when the time comes to take on some ceremonial work, I'm sure the company will be somewhat profitable."

Xiao Weiwei heard this and said very seriously, "Brother-in-law you're right, as long as you sign an equality agreement with everyone, everyone will definitely be very willing to sign with the company!"

At this point, she continued quite empathetically, "After all, it's really hard for one to be Miss Manners, one has to get up early every morning and take a long time to wash, make up, and dress, and then an event is often from morning to night, so it's impossible to go around talking about cooperation and expanding relationships at other times of the day to catch up on activities."

"For those of us who are Miss Manners, the best way to work together is to have a reliable company to help us take on events everywhere, and then give us the right arrangements, scheduling, and co-ordination work."

"That way, people are also willing to let the company take a cut of their own labor compensation, and only then can the employees and the company cooperate with each other and get what they need, and only then can they do better and better."

During this period of time, Xiao Weiwei was having a hard time.

Hard because she had transformed from a lady who never came out to do anything to earn money without her ten fingers, to a laborer who ran around every day to make a living.

It is because of the actual participation in the labor, she was able to get down to earth to understand an industry, to find out the problems of an industry.

After she had been a Miss Manners for a while, she was able to figure out the sour and sweet of the Miss Manners business.

She then thought to herself, "The little girls like me who are Miss Etiquette, one by one, have little background and no one to rely on at the bottom, earning their pay by working hard every day, and since we have chosen this line, we are all ready to suffer, so we are not afraid of the bitterness or the fatigue."

"But what we're afraid of is coming across a company that's not reliable."

"Like Liu Zonghui's Shangmei Etiquette Company, which gives everyone a very heavy workload, but pays very little."

"It's just as well to give very little, this Liu Zonghui and Chen Xiaofei are still not satisfied and want to further squeeze us little girls for our surplus value, so they use all kinds of overbearing terms and conditions, contract traps to trap us, and even force us into the fire in order to make money."

"If we can find a solid company where the company and the employees support each other, even if it's hard, everyone won't complain."

"It's just a shame that Miss Manners is a really vulnerable and bullying group! That's why most of the bosses in this business are just like Liu Zonghui, greedy enough to swallow an elephant, trying to exploit us young girls with no background."

"So, as long as we are still in this industry, we can only jump from this pit into that pit."

"But, brother-in-law has now given me a chance to run an etiquette company, and if I do it properly and with care, let alone how much money I can make, at least, I can make sure that the girls I work with will no longer be bullied and desperately squeezed out of their residual value by the company."

Thinking of this, Xiao Weiwei's heart began to feel a little hot blooded.

She looked at Ye Chen with adoring and determined eyes and said with certainty, "Brother-in-law, thank you for giving me this opportunity, I will do my best to not disappoint you!"

## Chapter 2277

Ye Chen had known Xiao Weiwei for so long, and today was the first time that he saw this expression of determination to make a good career on Xiao Weiwei's face.

In the past, she really didn't have this kind of determination.

In the past, she was young, impetuous, boastful, and too poor to love the rich.

But now, after experiencing some of life's hardships, she had a much more stable nature.

This, however, made Ye Chen somewhat pleased.

The Xiao family was certainly hateful, but these people were all blood relatives of his wife, Xiao Choran.

Therefore, this was the real reason why Ye Chen hadn't screwed them to death.

Otherwise, with the Xiao family's ability at this point, they would have died many times already.

Now that Xiao Weiwei had the determination to change her evil ways, it would be a good idea to give her a chance.

However, giving her a chance couldn't completely let her take sole control of the company's decisions.

So Ye Chen then said to Xiao Weiwei, "After you take over the Shangmei Etiquette Company, remember to never forget your original intention, and don't let people drift away just because the company has made some money."

Xiao Weiwei nodded her head repeatedly and said firmly, "Brother-in-law, don't worry, I will definitely remember your instructions and teachings."

Ye Chen hummed and continued, "After Liu Zonghui and Chen Xiaofei's money hits the company's account, you leave 500,000 on the account for operating funds, you yourself receive 10,000 yuan per month for the basic company, and then find an accountant to manage the accounts, every month I will have people go over to check the accounts to see if you have public funds for private use."

Xiao Weiwei said without hesitation, "Brother-in-law, I absolutely will not engage in any small actions, you can always supervise me, once you find out that I am not of the right mind, you can kick me out at any time!"

Ye Chen nodded, and said: "In addition, you give the company to purchase three domestic commercial vehicles, buy that kind of 10-seat, 13-seat domestic cars, cost-effective, new price should be about 100,000, and then recruit three drivers, specifically pull the girls out to run activities, so that rain or shine or cold heat, can let the girls suffer less, since you are from this step! Those who come here should be more sympathetic to their hardships."

Xiao Weiwei was moved to the point where her tears were all linked together.

Although she had only worked as a Miss Manners for a short time, she had already tasted enough of the hardships.

Some of the suburban developments were far away, the public transportation was inconvenient, and it might take more than an hour to go back and forth, but a taxi was too expensive, and the income from going to the event might not be enough to cover the cost of a round trip taxi ride.

In addition, the weather is very cold now, and the dawn is very late, so sometimes she has to go out at five o'clock, only she knows how hard it is.

If the company could allocate a car and drive everyone to the event, it would be a very practical and good benefit for every Miss Manners.

Therefore, the fact that Ye Chen could take this into consideration really moved her heart immensely.

Liu Zonghui who was on the side had personally heard Ye Chen give away his company in a few simple words, and had collapsed inside his heart.

Although he was incomparably resentful, he didn't even dare to let out a fart at this time.

He was now able to figure out that what he was going to do next was to make all the money to the company, then surrender the company to someone else, and then he would go to the KTV as a tortoise male with both sleeves intact.

## **Chapter 2278**

If you're a good tortoise, you still have a chance to regain your freedom early.

If not, you may really have to work in a karaoke for the rest of your life.

It is not possible to be sixty or seventy years old, with white hair, and still be gallantly handing out toilet paper to male customers in front of the toilet, right? That's too fucking tragic.

At this time, Ma Zhongliang, who was on the side, saw Liu Zonghui's dead father-like face and felt more or less sympathy in his heart.

Thinking of this, he lamented in his heart, "Although this Liu Zonghui almost caused me a big trouble today, but at least he is considered a friend of mine, and has always treated me with respect not to mention, and also arranged for me to have the girl of my choice, I also owe him a favor."

"And just now, in order to save myself, I immediately beat him up and threatened to waste him, and now that I think about it, it's true that I'm a bit fucking sorry in my heart, and if this gets out, people outside will also say that I'm unkind to Ma Zhongliang and betray my friends when I get into trouble."

"Also, this Master Ye fixing people is really too damaging, letting Liu Zonghui go to the KTV as a turtle male, it's like letting a company leader with a million annual salary clean toilets, the do-gooders all love to save face, who can take this kind of thing?"

At this thought, Ma Zhongliang took advantage of the fact that Ye Chen was talking to Xiao Weiwei at this time, so he leaned in front of Liu Zonghui and whispered, "Hey, Zonghui ah, don't be too depressed in your heart, you are already burning incense to have this ending today"

Liu Zonghui heard this, tears flowed down, hardened the urge to cry out in pain, and choked out, "Brother Zhongliang I'm fucking up to this point, or is it burning incense?"

Ma Zhongliang nodded seriously and said: "Not to mention you are a small boss who has been forcing people into prostitution all day long, there was a company valued at billions of dollars, almost listed on the GEM boss, people did not do this kind of unconscionable business, because of blindness, with Master Ye pretending to be a pusher, and now he is still fucking in the construction site to carry cement! Master Ye can say when he's carried enough for twenty years, when it's over! Tell me who's worse off when you compare yourself to him."

Liu Zonghui was startled.

Ma Zhongliang continued: "So ah, you just think, is it light at the ktv as a turtle for ten years or go to the construction site to carry twenty years of concrete comfort?"

"Sleeping Day."

As soon as Liu Zonghui heard this, he hurriedly wiped away his tears and choked, "In that case, it's better to be the Turtle Master comfortably"

"Still!" Ma Zhongliang exclaimed, "So if you ask me, that's good for you! It doesn't matter if you lost your money, but you still have your life, arms and legs and everything. There are so many people who have offended Master Ye in the past, not many people can end up like you, aren't you satisfied? What else do you want with a bike?"

Liu Zonghui nodded as if pounding garlic: "Brother Zhongliang you are right I hey I admit it."

Ma Zhongliang nodded gently and continued, "This matter, it's that paramour of yours to blame, dammit, she offended no one, but Master Ye, isn't that a death drive?"

Liu Zonghui gritted his teeth and nodded.

When it came to Chen Xiaofei, he really hated it in his heart!

So I gritted my teeth and cursed in my heart, "Son of a bitch Chen Xiaofei, you're not good enough to succeed, you're bad enough to fail! If I'd known you'd get me into this kind of trouble, I'd have sent you to a karaoke parlor instead of sleeping with you. If that were the case, I wouldn't be in this mess today."

"Hey, it's just a pity that there's no such thing as foreknowledge, after all, there's no turning back in life, and even if you're angry and dissatisfied, don't you still have to go to work at the KTV at night?"

Thinking of this, he looked at Ma Zhongliang and begged in tears, "Brother Zhongliang, in the future, my younger brother will fuck the turtle in your yard, you must cover me a little."

Ma Zhongliang turned his back to Ye Chen, quietly patted his chest and said seriously, "Zong Hui ah, don't worry, brother will quietly take care of you!"

**Chapter 2279**

Ma Zhongliang knew very well in his heart that Ye Chen was punishing Liu Zonghui by letting him go to the KTV as a tortoise male, and if he still helped him and took care of him in a dignified manner, it would be the same as confronting Ye Chen.

He definitely didn't have the guts to do so.

So, the solution he could think of was to quietly and appropriately take care of Liu Zonghui a little bit later, and only a little bit.

For example, if you go to the bathroom at the ktv and meet him at the door to hand out tissues, don't give five if you can give ten, don't give ten if you can give twenty.

If you're looking for a way to get a good deal, you'll be able to find a way to get a good deal.

Ye Chen this side and Xiao Weiwei booked the direction of the operation of the etiquette company in the future, then said to Ma Zhongliang, "Xiao Ma, you take Weiwei and Liu Zonghui to handle the transfer of the company in the afternoon, and in addition keep an eye on Liu Zonghui and Chen Xiaofei to put the money into the company's account."

Ma Zhongliang hurriedly nodded and said, "Don't worry, Master Ye, leave it all to me!"

Ye Chen nodded, looked at Ma Zhongliang and said coldly: "Today's matter, I won't settle accounts with you, in the future you should be more alert, don't think that you are the number one person in Jinling, don't help others to fight and kill regardless of the cause and effect, if I find out that you dare to do this kind of aiding and abetting, I'll make you go with Liu Zonghui to be a turtle, understand? "

Ma Zhongliang was shaking with fear and said out of his mouth, "Master Ye you can relax, if I do this kind of thing again, I'll mention my head and see you!"

Ye Chen snorted coldly, "To mix in the underground world, you have to behave yourself, bars, ktv, nightclubs, there are many ways to make serious money, don't bully the market, bully men and women, otherwise, I'll even teach Hongwu a lesson!"

Ma Zhongliang hurriedly bowed and said, "Master Ye you have taught me a lesson, I will keep it in mind"

Ye Chen ignored him and turned to Xiao Weiwei, "Weiwei, just do what I ask, take over the company and do your work and behave well, don't let me down!"

Xiao Weiwei choked with tears, "Okay brother-in-law I'll do my best."

Ye Chen nodded, "Alright, do a good job, I'll look for you to understand the situation in a few days, I'll leave first."

Xiao Weiwei said gratefully, "Brother-in-law you take care."

Ma Zhongliang, who was on the side, also hurried to the front and bowed, saying, "Master Ye, you take care!"

Ye Chen was all ready to leave, remembering something, from the basket of the electric car, he took out the cloth bag he used to buy food, and from the cloth bag, he took out a brand new unopened Apple phone.

He handed the phone to Xiao Weiwei and spoke, "The phone is for you, people in the modern society can't do many things without a phone, and you will soon be the owner of the company, all the more you need a phone to contact the business as well as communicate with the team."

Xiao Weiwei had never dreamed that Ye Chen would even buy himself a mobile phone, this really moved her to the extreme.

"Ye Chen gave me money to ride the bus in the morning and just saw me being bullied out to help me, all by chance and in passing."

"But the phone, it's not a handy thing!"

"He bought this because he knew I didn't have a phone and thought he'd give me one! It was bought especially for me!"

At this moment, Xiao Weiwei was moved beyond attachment.

## **Chapter 2280**

She looked at Ye Chen, only to feel as if it was stuck in her throat, wanting to speak, but she couldn't say anything.

When Ye Chen saw that her entire body was completely stunned, he didn't say anything more to her, and directly put the phone into her hand, then said to Ma Zhongliang, "Little Ma, in the future, if you need to use Miss Etiquette for your friends, partners or whatever, remember to take care of Vivian Company's business, understand?"

Ma Zhongliang didn't say a word, when he boldly said, "Master Ye, don't worry, after Miss Weiwei opens, I will definitely help her promote everywhere! Thinking that I, Ma Zhongliang, have more or less a few thin faces on the Jinling Road, my friends will definitely give me this face, and I will ensure that Miss Weiwei's etiquette company will be so busy with business!"

Saying that, he hurriedly added, "Right Master Ye, tomorrow is the anniversary celebration of the opening of several of my KTVs, and I happen to be hiring a group of ceremonial ladies, so I'll ask Miss Vivian to help out more then!"

Ye Chen asked him with great interest, "Oh? What a coincidence? Tomorrow is the opening anniversary?"

"Yes!" Ma Zhongliang smiled hehely, "If not Master Ye you are the true dragon on earth, this no matter who is fine ah, all subliminally around you in the dark!"

Ye Chen knew that he must be intentionally flattering and pleasing himself, but he didn't say anything, and instead said to Xiao Weiwei, "Weiwei, tomorrow you must arrange all the activities on Ma Zhongliang's side, this is your new company's first business, so let's try to make a good start."

Xiao Weiwei hurriedly nodded her head and said, "Brother-in-law, don't worry, I'll make the arrangements!"

Ye Chen gave a hmmm and said to Ma Zhongliang, "The people in your dao are rather shaggy in their work and their overall quality is not very good, tomorrow Miss Manners will go over, you must keep their mouths and hands and feet in check and don't provoke and molest any of the Miss Manners, do you understand?"

Ma Zhongliang immediately said, "Don't worry, Master Ye, whoever dares to have bad thoughts about Miss Weiwei's people, I'll fucking castrate him right away!"

Ye Chen nodded his head in satisfaction and said to Xiao Weiwei, "Oh right Weiwei, I have one more thing to tell you."

Xiao Weiwei was busy saying, "Brother-in-law, you say it!"

Ye Chen said seriously, "Don't tell anyone about this matter today, including your grandmother, your parents, and your brother, including your sister Chorán, understand?"

"Huh?" Xiao Weiwei was surprised and asked, "Brother-in-law, why can't you say ah? You've helped me so much, and Grandma, and Dad and my brother will be so grateful when they find out."

Ye Chen said indifferently, "I don't need their gratitude or flattery, and I didn't help you just to make you feel me, but because you did improve than before and can sincerely call me brother-in-law, you respect me a foot and I respect you a foot, that's all."

Saying that, Ye Chen added, "As for your grandmother, your father, and Xiao Hailong, I don't want to have any extra involvement with them, Chorán's side, it's also more trouble than it's worth, so only you know about this matter and I know about it, if you leak it to them, then I'll have to call it all off, got it?"

When Xiao Weiwei heard this, although her heart was a bit lost, she could only nod her head honestly and said, "Okay brother-in-law, I know, don't worry, I won't tell anyone about this"

Ye Chen looked at Ma Zhongliang again and said coldly, "You guys are the same, all of you keep your mouths shut, whoever dares to say to the outside world that Weiwei is my sister-in-law and that I took this company from Liu Zonghui and gave it to her, I'll send him to a dog farm to experience it!"

Ma Zhongliang as well as the others all looked tight and panicked to agree.

Only then was Ye Chen satisfied and spoke, "Alright, that's it, I'm leaving first."

After saying that, Ye Chen twisted the throttle and the little electric donkey quickly leaped out.

Xiao Weiwei saw him go and was too busy to shout behind him, "Goodbye brother-in-law! Thank you brother-in-law!"
