

Identity 451

Chapter 451

If the psychological suggestion of a scum is a stream of water, then Ye Chen's hypnosis is a whole ocean!

In an instant, he had crushed every bit of the psychological implication that the scum had given to Liu Yue.

And right now, in Liu Yue's heart, Ye Chen's words were already standing there like a life beacon that would never go away in her life.

She suddenly had an epiphany at this time, suddenly realizing how stupid she had been.

Thinking that she had almost committed suicide just now by the scum compulsion, she was terrified afterwards and immediately knelt on the ground, kowtowed to Ye Chen and said, "Thank you for saving me, I will definitely live well in the future and will never let down my parents and society's cultivation of me!"

Ye Chen nodded his head in satisfaction and said, "Since you were able to come to your senses, I wish you a beautiful and successful life in the future."

Saying that, Ye Chen thought of that scum and asked, "Can you tell me a little bit about that boyfriend of yours?"

Willow Moon hated, "From now on, he's not my boyfriend, this kind of person only makes me feel sick!"

Saying that, she still said to Ye Chen very respectfully, "That scumbag is called Wu Qi, he's the schoolmaster of our Jinling Finance and Economics College, he's not from here, but it's said that his family is extremely good, I was also blinded by lard and always thought he was the perfect match, but I didn't expect him to be such a despicable and dirty villain."

Ye Chen nodded and said, "I heard that he has harmed many girls?"

Willow Moon nodded her head repeatedly, "There are already an unknown number of girls that he has played with, I'm just one of them"

Ye Chen mmed and said, "So, call him and tell him that before he dies, there's a gift you want to give him, and ask him to come here now."

Liu Yue was busy asking, "What if he doesn't want to come over?"

Ye Chen said, "If he doesn't want to come, then tell him that you are going to break up with him and from now on the well water won't be a problem, this kind of trash, who is bent on forcing you to commit suicide and treating your suicide as his greatest achievement, if he hears that you are going to break up with him, it must be a great blow to him."

This kind of scum takes pleasure in being able to control women, but if women get out of their control, it's a huge pain and blow to them.

They see this kind of thing as a war in which there is only one victor, and if the victor is not themselves, then the loser's hat will be on their heads.

Defeat, for these people, is something they cannot tolerate!

.....

At this moment, in a bar near the Jinling University of Finance and Economics, Wu Qi is sitting across from a pretty girl, full of smiles and accosted, "Beautiful girl, God is really unfair to me, I go to this bar every day alone to drink two cups, today I actually just saw you for the first time, instantly made me feel that I have lived the past twenty years in vain."

The girl slightly blushed and smiled, "You're pretty good, you haven't missed picking up girls, have you?"

Wu Qi shook his head repeatedly and said in a serious manner, "Actually, I'm quite shy and don't quite dare to talk to girls, but the feeling you give me is really too special, I just hesitated and struggled for a long time by myself before I finally decided to come over and say hello to you."

Saying that, Wu Qi deliberately revealed the Vacheron Constantin watch on his wrist.

This watch, worth over seven million, was an extremely rare limited edition.

But to Wu Qi, this kind of watch was nothing at all, and he had several more expensive watches at home, each one worth tens of millions.

The girl recognized the Vacheron Constantin at a glance and was surprised in her eyes for a moment, then she hastily pretended not to see it and said with a smile, "Since the two of us are so fortunate, why don't we have a couple of drinks together?"

Wu Qi smiled slightly and said, "Tonight is on me."

After saying that, he immediately waved his hand and said to the waiter, "Bring two of the best champagne of Black Spade A."

Spade A sold for over 20,000 yuan each at the bar, so it was arguably the most expensive champagne.

Chapter 452

When the girl saw him being so generous, the defenses in her heart had almost completely crumbled, and she was just waiting to get to know Wu Qi better, and then go even further.

At this time, Wu Qi's phone suddenly rang, he looked down and found that it was a call from Liu Yue, and he couldn't help but frown.

This woman, why isn't she going to die yet? It's fucking annoying!

The girl saw his odd expression and asked curiously, "It wasn't your girlfriend who called, was it?"

"No no." Wu Qi hurriedly explained, "Ex-girlfriend, cheated on me, but still keeps pestering me."

Afterwards, he sighed and said, "Wait for me, pretty girl, I'll be back after taking a call."

"Good."

Wu Qi took his cell phone and went out of the bar, which was the only way to get the call, and as soon as he opened his mouth, he cursed, "Why are you still calling me, you dirty bastard? Haven't you brought me enough insults and humiliation?!"

Liu Yue was on speaker at the moment, and Ye Chen was annoyed when he heard this.

This son of a bitch was really exerting his own psychological implication all the time! Just to make Ryu Moon feel dirty and want to give up her life herself!

However, he never expected that Willow Moon was actually completely free from his mental suggestion at this time.

However, Liu Yue was still very obedient and followed Ye Chen's instructions and spoke, "Wu Qi, I'm ready to die, only if I die will you be free from humiliation"

Wu Qi impatiently said, "Then hurry up and go, don't fucking hurt me anymore!"

Ye Chen typed out a string of words on his phone and handed it to Liu Yue.

Liu Yue mirrored the words on Ye Chen's phone and said, "Then can you come to the school's artificial lake to meet me, I still have a gift I want to give you before I leave"

Wu Qi immediately said, "No! I don't want to see you again, it makes me sick to see you! Makes me sick to my stomach, makes me want to puke, makes me want to smack myself in the face and question how I could ever love a dirty woman like you!"

Liu Yue gave an oh, Ye Chen sent another string of words at this time.

She read it as she did, "Since you don't want to come, then let's break up, from now on, you take your Yang Guan [PENCIL www.bequge.xyz] path and I'll cross my wooden bridge, if the two of us run into each other at school, I also hope you can pretend you don't know me, thanks."

Wu Qi's entire body was stunned.

What the heck?!

Hadn't Willow Moon been brainwashed by herself all along!

How had she suddenly come to her senses? And you're so calm to break up with yourself?

Shit, isn't that a slap in the face! Everything you've worked for has been ruined, right?

So he hurriedly begged, "Yue Yue, how could you be so cruel as to hurt me and then leave me, do you really want to break my heart?"

Ryu Yue looked at Ye Chen's phone, read the new lines Ye Chen had written for himself, and said, "Don't you ever break my heart? I'm ready to die, and my only wish is to see you again and give you a gift before I die, so why can't you promise me? Since you won't agree to me, I'll have to break up with you!"

As soon as Wu Qi heard this, he immediately took off, "Don't don't! Don't break up with me! You wanted to see me, didn't you? I'm coming to see you! By the man-made lake, right?"

Willow Moon hmmm and said, "Right!"

Chapter 453

Seeing that Willow Moon might be getting rid of her control, Wu Qi was extra nervous and couldn't care less about the beautiful prey in the bar waiting to make a move on him, and hurriedly ran back to school.

As soon as he entered the school, Wu Qi rushed to the artificial lake, and finally met Liu Yue at the edge of the artificial lake.

He quickly arrived in front of Willow Moon and asked after her, "Moon Moon, what gift do you have for me?"

Ye Chen suddenly stepped forward at this time and smiled, "She doesn't have a gift for you, but I do!"

"Who are you?" Wu Qi frowned at Liu Yue and asked after her, "Is this person a relative of yours?"

Ye Chen smiled, "I'm not a relative of hers."

Wu Qi asked after her, "Then what are you?"

Ye Chen said indifferently, "I'm the one who takes the place of Heaven!"

After saying that, Ye Chen patted Liu Yue's back and said, "Liu Yue, go find Ao Xue and the others, go back to your dorm room first to change into dry clothes, this is not your business."

Liu Yue nodded gratefully, because of what just happened, so she had ten thousand trust in Ye Chen, she bowed respectfully and stepped forward to find Qin Aoxue and the others not far away.

Qin Aoxue and a few of her classmates, seeing that she had given up on suicide, immediately hugged her and cried tears of joy.

Liu Yue was also grateful to her classmates for their concern.

After that, a few classmates sent her back to her dorm room first.

Wu Qi watched from afar, feeling as if Liu Yue's current state was strange, had she gotten rid of her mental suggestion!

His heart was on fire and he frowned at Ye Chen in front of him and said in a cold voice, "You're the one who made Liu Yue call and trick me into coming here, right? What exactly do you mean?"

Ye Chen sneered and asked, "What do you mean? I just want to ask you, did your parents give birth to you so that you could poison women? You're such a scumbag, do your parents know?"

Wu Qi's expression also darkened, he had realized that he might have been defeated, so he scolded, "It's my skill to play with women, and it's even more my ability to play with as many women as I can, what's the matter with you? Who the hell are you to tell me what to do? Do you know who I am? I'll kill you in minutes, believe it or not."

Ye Chen smiled, "What?You're big?"

Wu Qi was full of arrogance and said, "Have you heard of the Suhang Wu family?If you've never heard of it, you can ask around, our Wu family, is the top family in Jiangnan!"

"Oh."Ye Chen smiled, "Jiangnan's top family, so powerful, are all the men from your Jiangnan's top family as scummy as you?Specifically to trap innocent women?"

Wu Qi sneered, "I like it, aren't you convinced?I just love to see these women manipulated by me, just love to see them mutilate themselves and kill themselves for me, what do you care?And, what do you care?"

Ye Chen said coldly, "Do you think that your family is awesome, so you have someone backing you up in everything you do?Besides.How I heard that the real big families are all in the north ah, especially in Yanjing, that's where the big families cluster, these families outside are more or less up to no good."

Wu Qi said despicably, "Although our Wu family is not as good as those top big families in Yanjing, we are still one of the best in Jiangnan, even the Song family in Jinling is not as strong as our Wu family, so you'd better weigh your options, if you mess with me, can you carry it?"

Ye Chen nodded and exaggeratedly said, "The Suhang Wu family, right?It's awesome, I'm so scared!"

Wu Qi sneered, "If you're afraid, get the hell out of here and don't mind your own fucking business, or else I'll make a phone call and have your whole family killed!"

Ye Chen smiled, "Fear is fear, but I have a problem, the more afraid I am, the more I have to try!"

After saying that, Ye Chen gazed at him with a murderous face and said word by word, "Do you know who I am?"

"I don't fucking care who you are!"Wu Qi gritted his teeth and said, "If you mess with me, even if it's the King of Heaven, you'll have to pay the price!"

Chapter 454

Ye Chen swung his arm round and smacked over with a slap, directly causing Wu Qi to stagger and fall to the ground.

Wu Qi had never been nodded a finger in his life, he had always been held up, where had he ever received such a slap, he got up and roared, "I'll fucking kill you!"

"Get me killed?"Ye Chen said in a cold voice, "Little Bee pup, listen up, Grandpa's name is Ye, Ye Chen!Young master of the Ye family in Yanjing, chairman of the Imperial Group!You weigh yourself now, you're worthy of being arrogant in front of me even if you're just a Suhang Wu family?!"

Wuchiton was struck by lightning!

The Yanjing Ye family?

It's the top family in the country!

Although the Wu family was a little stronger than the Song family, it was not even a tenth of a percent better than the Ye family.

Although he had doubted if Ye Chen was bluffing himself, but on second thought, it seemed that this man must have a strong bottom when he heard that he was not afraid in the slightest of reporting his family and dared to slap himself!

That would mean that what he said was 80% true!

At this, Wu Qi was tense!

He thought that he could run roughshod over Jinling or even the entire Jiangnan, but he did not expect that the son of the Yanjing Ye family would appear in Jinling and would appear before him and find trouble.

He was, after all, a highly talented student and a young master of a large family who had been trained by nobles since childhood, and his intelligence, emotional quotient, and means of doing things were in no way comparable to Xiao Hailong's generation, so he immediately realized that he might have caused big trouble, and might even bring trouble to the entire family.

So he was very sensible and knelt on the ground, begging, "Young Master Ye, it was my eyesight that offended you, please don't forget your mistakes, Your Excellency!"

Ye Chen was very surprised at the speed of his transformation.

It seemed that this guy was indeed very smart!

No wonder he was able to constantly control and hurt the girl with mental suggestion, this kind of person was too brainy, most people who spelled IQ couldn't fight him and could only accept his manipulation in the end.

However, Ye Chen was not half merciful to him.

He sneered and said, "You, to this guy, are really able to yield, but do you really think that, if you kneel down and beg me, I will let you go?!"

Wu Qi shuddered and said, "Young Master Ye, I know I was wrong, I will definitely mend my ways in the future, and at the same time I am willing to take out 100 million to compensate Liu Yue! I hope you can forgive me!"

Ye Chen laughed, "You, too ignorant of my Ye Chen's style of acting, today when you commit a crime in my hands, it's not something that money can solve!"

Wu Qi hurriedly followed up, "Young Master Ye, what do you want to do about it?!"

Ye Chen smiled sardonically and said, "I want to return the favor!"

Wu Qi was a little startled.

What do you mean? Are you trying to psychoanalyze me, too?

How is that possible?

I'm the best at psycho-suggestion. I majored in psychology in college. How can you brainwash me?

Ye Chen saw that he looked surprised and said with a smile, "Don't you like to add psychological hints to girls? I'm going to ah, also put a mental note on you that you must eat shit every hour and never stop until you're full!"

Chapter 455

Wu Qi looked at Ye Chen in stunned silence, feeling that Ye Chen was simply talking about the Arabian Nights.

At this time, Ye Chen smiled evilly and continued, "And ah, after I'm done with this mental implication, when the time comes, if anyone stops you from eating shit, you'll do everything you can to kill yourself until you eat it. At the same time, if you see shit on the road, you must also eat it, and if you don't eat it, you'll die, and whoever dares to stop you, you'll still try to kill yourself, and so on and so forth for the rest of your life!"

"Therefore, you will have no other pursuit in life than to eat shit, and you will not pursue spending money, pleasure, or women, and you will only want to eat shit for the rest of your entire future life!"

When Wu Qi heard this, he couldn't help but get a little angry and said, "Mr. Ye, are you treating me like a retard? You think, just because you say so, I'll listen to you? That's not how psychological suggestion works, you're not professional at all!"

Ye Chen laughed and said, "I'm not professional? I'm such a professional, okay? If you don't believe me, come on, try it!"

Saying that, Ye Chen stretched out his hand and gently dabbed at his head

As if Wu Qi's entire body had been immobilized, he paused for about ten seconds, then he suddenly opened his eyes wide and anxiously muttered to himself, "Where's the shit? Where's the shit? I'm going to die if I don't eat another bite! It's dying! Where the hell is the shit?!"

After saying that, he also forgot who Ye Chen was, and turned his head and ran to his dorm room, because a voice in his head told him that the dorm room buildings all have toilets, and there is plenty of shit to eat

The dormitory building of the Jinling University of Finance and Economics erupted into a horrifying incident!

Wu Qi, the school's most popular girl and super-rich second generation, suddenly burst into the dormitory toilet and kicked a male student who was sitting on the toilet and taking a dump.

The first half of the story seems to be about a domineering rich second generation bullying a classmate, but the second half is a bit disgusting.

After he kicked the classmate who was pooping, he reached out and grabbed the poop that the person had just pooped out, grabbed it and stuffed it in his mouth.....

The scene where he gobbled up the poop made his roommate in the dorm room vomit bile.

The students also do not know what he suddenly crazy, quickly called the teacher, the teacher came, Wu Qi just full, even the mouth has not wiped, the teacher came also a puke, puke to death.

Vomit to vomit, the teacher knows that Wu Qi family strength is very strong, so do not dare to take it lightly, stared at the nausea and asked him: "Wu Qi student, what is wrong with you?"

Wu Qi's entire consciousness had just recovered at this point, feeling an extremely disgusting taste in his mouth, immediately wiped a handful of it and put it under his nose, disgusted and almost died.

He had completely forgotten that he had met Ye Chen, and had also forgotten that he had just grabbed the shit to eat, and now he was completely confused as to why he had a mouthful of shit.

He rushed into the bathroom and kept gargling and dry heaving, and the teacher was right next to him, asking, "Student Wu Qi, are you not feeling too well?"

Wu Qi shook his head with a pale face, "What the hell is going on? Is someone screwing me over?!"

A classmate plucked up the courage to say, "Boss, you just came back from outside, kicked the third man off the toilet, and then ate his shit"

At this point, he couldn't go on, and strongly controlled the thought of vomiting and said, "Why don't we go to the hospital?"

"What the fuck did you say?!" Wu Qi cursed angrily, "You said I ate Lao San La"

Several students nodded their heads.

Wu Qi vomited and cursed, "Quick! Get me to a fucking hospital!"

The teacher hurriedly drove his car, in which Wu Qi went to the People's Hospital.

A few students who were very close to Wu Qi also followed along.

As soon as he arrived at the hospital and saw the emergency doctor, Wu Qi eagerly said, "Doctor, quick, wash my stomach! I eat shit!"

The doctor was stunned. He had been a doctor for more than ten years, but this was the first time he had seen such a "patient".

He subconsciously asked: "Why are you eating shit?"

Chapter 456

Wookiee grabbed him by the collar in anger, "Why the fuck would I come to you if I knew?! Hurry up and pump my stomach!"

The doctor was not happy with his attitude, but he was still a doctor and hurriedly said to the nurse, "Prepare the gastric lavage kit!"

The nurse hurriedly nodded her head and set about preparing.

Just then, Wu Qi suddenly felt, another pain in his head, then his whole body lost his mind, and all he could think about was eating shit!

So he subconsciously took off, "Where's the bathroom?Where's the toilet?!"

The doctor subconsciously pointed to the right and said, "Turn left over there and go to the head."

As soon as Wu Qi heard this, he took off and rushed to the toilet.

The teacher and a few students rushed to catch up.

As soon as Wu Qi rushed into the toilet, he went straight to pull open one of the cubicles, and after opening it, instead of going to the toilet, he looked into the urinal, saw that it was empty, and immediately withdrew and pulled open the second one.

The crowd was scared silly by his action, didIs it going to be eaten again?!

At that moment, Wu Qi pulled open the second compartment, there was a boss in there, Wu Qi immediately was about to rush up, the crowd died to hold him back, and took off, "No, Wu Qi, no."

Wookie shrieked madly, "Let me go!Get off me!Let me eat, I want to eat!"

The crowd almost collapsed, what was wrong with this man?Suddenly you're a psychopath?Otherwise, why else are they suddenly crazy and desperate to eat shit?

The teacher now yelled, "Quick, rack him up and get him out!"

So several people joined together and carried him out hard.

As soon as he got out of the bathroom door, Wu Qi broke down and shouted, "Put me down, I want to eat shit!Put me down!!I'm going to die if I don't eat!Please put me down!"

The whole hospital emergency department is boiling.

I've seen people with all kinds of diseases, but who's ever seen a man forced to eat shit in exchange for death?

And a handsome young man, what was the stimulus for that?

The doctor was also embarrassed and asked, "He just said he was going to have his stomach pumped, why is he now suddenly saying he wants to eat that kind of foodI wonder if there is something wrong with this person's nerves?Why don't you guys go take him to the Green Mountain Psychiatric Hospital?"

When the teacher thought about it, this kind of thing also really didn't seem like some kind of organ disease, and it was estimated that 80% of it was a mental problem, so he hurriedly said, "Let's go to Qingshan Mental Hospital!"

By this time, Wookie was going crazy!

All he could think about was eating shit, and if he couldn't eat it, he was ready to hurt himself. He kept slapping himself, kneeling down and banging his head on the floor when he got the chance, and the students grabbed him with their hands, but he became more violent and yelled, "Get the fuck off me, all of you! If you don't let me eat shit, I'll die for you!"

Saying that, his entire body began to struggle violently.

Due to the strength of his outburst, a few students didn't hold him down, and after he broke free all at once, he raced to the toilet.

The first thing that you need to do is to take a look at the newest version of this article.

"Eye-opening! Jinling People's Hospital actually has a shit-eating lunatic"

Chapter 457

Wu Qi's homeroom teacher and dorm mates were going crazy with his torture.

They were forced to wrestle with the nausea and send Wu Qi back to the doctor.

The old man who was pulled out of the toilet and dumped on the floor by Wu Qi whimpered, "Don't let him out if he's sick in the head! Why is he even robbing shit?"

The class teacher, with an embarrassed face, took out his wallet, handed the master five hundred dollars and said, "Master, this as compensation for your loss, please forgive me"

The Boss didn't expect to make five hundred dollars this way, and the grievance he had just suffered disappeared in an instant, then he spoke with a happy face and asked, "That, do you want it next time?"

The class teacher had a dry heave and said, "Sir, next time, don't, if you haven't finished, just keep going in to do it"

After saying that, he quickly greeted everyone, "Quick, get Wu Qi to the doctor!"

When he got to the doctor, the doctor took one look at him and threw up all his dinner, saying off the top of his head, "I beg of you, take him to a mental hospital, we really can't cure this disease!"

The class teacher said, "You should at least give him a stomach wash, how dirty it is when you eat it"

The doctor was on the verge of tears and said, "I could have washed him, but aren't you afraid he'll go back to eating after a while when he's slowed down? No matter how much I wash this, I have to go down the tube to get in a little bit of it, I can't stand the fact that he eats so fast!"

The class president opened his mouth and asked a few of his dorm mates, "Is this the second time he's done this?"

"Right." The same sleeper nodded hastily and said, "It's almost like an hour apart."

The class teacher said, "Then there's a chance he'll have to eat" in another hour."

Thinking about it, he hesitated for a moment and said off the top of his head, "Wipe his mouth clean, get him in the car, and let's go to Castle Peak Mental Hospital, or if we delay, we're finished again!"

Everyone had to endure the nausea and wipe Wu Qi's mouth with a paper towel, then take the confused him outside.

As soon as he got into the car, Wu Qi came back to his senses and felt a weird nauseous feeling in his mouth again, and couldn't help but ask, "What did I just do again?"

A fellow bunkmate sitting next to him asked in surprise, "Don't you remember?"

Wu Qi shook his head and said, "I don't quite remember, I just remember that I had a bit of a headache and my brain was buzzing."

After saying that, Wu Qi put his hand to his mouth and harrumphed, instantly smothering himself to the point of fainting, with a face full of collapse out of his mouth, "What's the situation?! Did I just eat that stuff again?!"

A third dormer sitting in the front passenger seat turned back and said, "Boss, just now we couldn't stop you even though we were fighting for our lives, you rushed into the toilet and put a boss"

A fellow dormitory sitting next to Wu Qi hurriedly said, "Lao San, you don't say!"

"Oh" That third man realized that this fact was a bit disgusting, so he shut his mouth knowingly.

Wu Qi hurriedly followed up, "What's going on?! Talk to me clearly!"

"This" Everyone looked at each other, no one was willing to describe that horrible devil scene just now, and it was disgusting to even think back on it.

Wu Qi roared with a black face, "Shit! You guys say it or not!"

The whole carriage immediately stinks from that roar!

Chapter 458

The three classmates and the class director who was driving were all a little giddy from the stench, and the class director hurriedly lowered all the windows so that the smell could be blown away as the wind kept pouring into the car.

Wu Qi was furious, and he gritted his teeth and said to the man on his right, "Fourth, if you don't fucking tell me the truth, don't blame me for turning against you! The two hundred thousand you took from me last time, hurry up and give it back!"

When Old Fourth heard this, he hurriedly said, "Boss, I say! I said why not! Just now, you suddenly went crazy and insisted on eating that thing, the three of us pressed you, and as a result, you were too strong, and after breaking free of us, you ran to the hospital's toilet, and as a result, we didn't catch up

with you, and you just barged into a cubicle and pulled out an old man who was using the toilet, and then

Wu Qi's face was black, he held back his nausea and muttered, "II ate it?"

Old Four nodded cautiously and said, "EatEat"

"Vomit"

Wu Qi threw up all at once.

The thing that he had eaten two meals in a row, all vomited in the car

This time, the whole car was like falling into a septic tank, the stench was so bad that the drive-through window was no good

The other four people in the car had a complete meltdown!

The class teacher simply wanted to die, just spent two hundred thousand to buy a car, drove for two weeks, let him this mouthful of vomit, he probably can't drive later.

But he also dares not speak out, after all, the Wu family's strength is too strong, the principal has already explained himself, must serve Wu Qi well, must not have the slightest slack

At this time, the sight of Wu Qi eating poop had already exploded on Shakespeare!

This inhumane devilish video that went up instantly gained explosive distribution!

Suhang's Wu family was horrified when they saw this video!The entire family was nervous.

The Wu family was one of the largest families in Jiangnan, and had always taken their heirs very seriously, and when something unthinkable like this suddenly happened to Wu Qi, the Wu family immediately realized that something must have changed, so they had to hurry over to find out what was going on.

At the same time, the Wu family was also doing everything they could to contact the whole network to delete the video, after all, this kind of thing was too humiliating for them, how could a big family like them afford to lose this person?

However, the video spread so fast, and it quickly spread to platforms like Weibo, Youku, and iQiyi, reaching its hottest status almost at once, and instantly it was already known to everyone.

The head of the Wu family was furious, and Wu Qi's father, Wu Donghai, immediately called Wu Qi and asked out of the blue, "Xiao Qi, what's wrong with you!Is it something that's bothering you?Do you have any idea how much that video of yours has smeared the family's face after the jitterbug explosion!"

As soon as Wu Qi heard that the video had exploded on Shakespeare, he had also been itching to hit his head or simply jump out of the car and kill himself.

He wailed, "Dad!It's not my fault!I don't know what's wrong with me, every hour my brain goes out of whack, and then I have an uncontrollable need to eat that stuff, my whole body was completely

unconscious when it happened, and my classmates said that when I have a seizure, if I can't eat that, I'll kill myselfDad, you have to do something to save me!"

When Wu Donghai heard this, he said, "Son, wait for me!!'m flying there with your brother with the doctor!"

After saying that, he immediately brought his brother Wu Xin with him, not being able to pack any luggage in time, and hurriedly took a private jet, flying from Suhang to Jinling, and with them, the entire Wu family's team of physicians.

The strength of the Wu family even surpassed the Song family by a large margin, the family is very complete in all aspects of support, not only a private jet, private yacht, and even a private team of physicians, security team.

The Wu family's team of physicians was made up of six top medical experts in various fields, including one who was one of the best psychiatrists in China.

However, the Wu family didn't know that even if the best psychiatrists in the world came over, they wouldn't be able to cure Wu Qi's illness!

Chapter 459

Ye Chen was currently at the entrance of the Jinling Finance and Economics College, being held affectionately by Qin Ao Xue with one arm.

"Master Ye, you're really amazing!It was useless for so many of us to persuade Liu Yue for so long, you just spoke to her and she figured it out in no time!"

Ye Chen said indifferently, "It might be that after she jumped into the lake, she realized the preciousness of life, people have to be in desperate times to see some of their own problems."

Qin Ao Xue nodded her head repeatedly and said gratefully, "Master Ye, thank you so much this time, if it wasn't for your help, Liu Yue might have killed herself"

Ye Chen said, "Don't worry, she will definitely face life positively in the future."

Saying that, Ye Chen reminded, "You should be careful yourself, if you are looking for a boyfriend in the future, don't be fooled by such a scum!"

Qin Ao Xue blushed with shame and said, "Of course not!He is very smart"

After saying that, the big eyes filled with adoration and love looked at Ye Chen and whispered, "I've thought about it, if I'm looking for a boyfriend in the future, I'll look for someone like Master Ye"

Ye Chen smiled, "Your family is also looking for a son-in-law ah?"

Qin Ao Xue shyly said: "If I can find Master Ye you like this, it doesn't matter whether I go to the door or not"

Ye Chen nodded and smiled, "Okay, you're still young, study hard, it's not too late to fall in love after you graduate from college."

Qin Ao Xue muttered her small mouth and said, "Then if you meet the right one, you might talk about it earlier, after all, true love is the biggest!"

"Mm." Ye Chen also said very seriously, "If you really meet the right person, of course don't miss the chance."

Saying that, Ye Chen didn't think deeper and said to her, "Okay, you go back to your dorm room, I'm leaving."

Qin Ao Xue said, "Master Ye, you're leaving already? Do you want to go for a cup of coffee with me?"

Ye Chen waved his hand, "Don't drink it, I can't sleep at night if I drink it."

At this time, Qin Ao Xue suddenly received a WeChat, she subconsciously opened it and was stunned, and took off, "My mother, how disgusting!"

Ye Chen curiously asked, "What's wrong?"

Qin Ao Xue dry heaves for a while, before handing the phone to Ye Chen, while coughing violently, said: "The video that is hot on Shakespeare That Wu Qi, actually in the hospital bathroom grabbing to eat poop Oops, it's really disgusting, what kind of person would eat that kind of stuff ah! It's simply sick!"

Ye Chen took a look at the video, it was indeed disgusting, but it was pretty damn cool to watch.

Didn't the dogby pups like to give psychological hints to others? This time you're in trouble, feel the pleasure of psychological suggestion.

Wu Qi's future, Ye Chen could already foresee.

He had to eat poop once an hour, or else his life would fall into the extreme of self-mutilation and suicide.

Even if his entire body was securely tied up, it would be useless, if he didn't eat poop, he would try to bite his tongue and kill himself, try to go on a hunger strike, starve himself of water, and even scream incessantly and crazily.

Therefore, the best way to keep him alive properly is to satisfy his need to eat poop once an hour.

Otherwise, the man would die of torture in less than a month.

But the good thing is that the Wu family is also considered a big family, with a large family and many people, so he definitely won't be missing this bite in the future

Rather, the rest of Wu Qi's life would be a bit miserable, having to eat every hour, I wonder how long he can last!

.....

When Ye Chen returned home, Wu Qi had just been sent to the Green Mountain Mental Hospital.

The Qingshan Mental Hospital, was the only psychiatric hospital in Jinling, but it was just too remote.

Chapter 460

Driving this way, twenty to thirty kilometers, the smell of this car was comparable to a septic tank, and to the other few people, it was like a purgatory on earth.

Just got out of the car and was assisting Wu Qi to the hospital, when Wu Qi suddenly felt out of place again

The first thing he felt was a dizzy headache, so he looked at the few people around him in despair and cried, "It's overThat feeling has come backLater on, if I lose my mind again, you guys must hold me back!"

A few people had palpitations, but they still nodded subconsciously.

What they were thinking was, pulling you is definitely going to try to pull you, but whether they can pull you, this is really hard to say

Immediately afterwards, Wu Qi suddenly changed his face and roared hysterically, "Where's the toilet?!Where's the toilet?!"

The crowd looked at each other, despairing inside

It had indeed started again!

What to do?

The class teacher shouted, "Hold him there!Never let go this time!"

So everyone rushed to hold him back, put him down, and then held him down by his limbs, and the class teacher said, "You guys wait, I'm going to get the doctor to come help!"

The three men were holding Wu Qi down as hard as they could, but Wu Qi kept struggling so hard that one of them couldn't help but say, "Oh fuck, I can't hold him down anymore what should I do!"

"Even if you can't press it, you have to!"The other said, "Wait until I pull the belt off and tie his legs together!"

"It's a good idea!"

At this point, Wu Qi was dead on the ground, already red-eyed, and yelled out, "Let go of me!Let go of me, you bastards!"

The people passing by the entrance of the mental hospital were used to this, people didn't even bother to look at it, after all, there were often such hysterical patients here.

This is the first time that a retired old man, who lives in the back of the family home, is leading an incomparably large husky to the front, and the husky sniffed everywhere, then squatted down as he turned in place.

The third man in Wu Qi's dorm room saw this and yelled at the old man, "Get your dog out of here! Don't let it pull in here!"

The Boss glared at him and said, "What do you care?"

Lao San was anxious and took off cursing, "You dead old man, if you don't get your dead dog out of here, something big will happen!"

The boss snorted and said, "I've had this dog for six years, even if he had to pull on my bed, I'd let him do it comfortably and then I'd clean up after him, I wouldn't even let him suffer, what kind of a thing are you?"

"You"Lao San was suddenly speechless.

By this time, the husky had exerted himself so hard that his body pumped out a few times, and he pulled a big pile of hot dog shit out.

When Wu Qi saw this, he went even crazier!

As if being doped up in an instant, his body's strength also skyrocketed several times, and with a fierce bow, he actually toppled all three people who were on top of him to the ground!

The three fell on their backs, and before they could cry out in pain, the fourth collapsed and shouted, "Fuck, stop the boss!"

The three of them said that they were crazy to catch up.

But, they were nowhere near as fast as the really crazy Wu Qi!

Wu Qi instantly rushes up to the husky, towards the big pile of dog shit on the floor, and instantly pounces on it like a vicious dog with its mouth wide open!

The old man was shocked by this subversive scene, jumping half a meter high and shivering: "YouYouHow many days have you been hungry?!"
