

Identity 611

Chapter 611

Ma Lan herself also knows that if this incident is disclosed, she is considered to be a gambler, and once her husband and daughter find out that she has gambled so much outside, they will be extremely angry.

If that happens, you may not have a good life either.

Now although the money is gone, but those people are more difficult to live, one by one were sent to the black coal mine to dig coal, not a decade or two do not want to get out, much more miserable than their own.

It's not that bad, but it's not that bad.

It's just that the money and the bracelet are gone, which is really heartbreaking.

It's easy to say that the bracelet is gone, but I brought the pieces over anyway, so I can just tell my family that the bracelet is broken.

But the money, it's a bit hard to bear.

The family's money was stored in his own hands, Xiao Changkun himself didn't have much money, even the hundreds of thousands he earned from selling antiques upside down.

He, on the other hand, had lost all of his family's savings, and if his husband knew about this, he would be furious, right?

Ma Lan lamented in her heart, she was really remorseful about today's events.

On the way back, Hong Fifth called Ye Chen and said, "Master Ye, I just personally sent the convoy to the highway, and the convoy has already gone to Jinxi, I should have gone there personally to take care of the things you explained a little better, but there's something going on at Tianxiangfu tonight, and a person with quite a big influence has chartered the diamond box for a banquet, so I have to go over to see"

Said Hongwu, "But don't worry, I'll take a plane over tomorrow, and I guess their fleet will be here by the time I arrive in the afternoon."

Ye Chen hummed and asked curiously, "The Heavenly Fragrance House has guests tonight?What's the origin?"

Hong Wu hurriedly said, "Jiangnan Wu Family's Wu Donghai and his son Wu Xin."

Ye Chen frowned, it had been several days and the people from the Wu family hadn't left yet?

Did they stay in Jinling to find themselves?

After all, the psychological implication that Wu Qi must eat shit every hour was created for him by himself.

Presumably, the Wu family also realized that there must be a hidden agenda behind this, so they wanted to find out what was going on.

But Ye Chen wasn't worried, the Wu family was no bigger than the Ye family.

Besides, with his current strength, even if he didn't bring out the Ye family's background, the Wu family wouldn't be able to do anything about it.

If the Wu family insisted on pretending with himself, then don't blame yourself for being rude when the time came.

So Ye Chen said to Master Hong Wu, "Okay, you can busy yourself first."

"Okay Master Ye!"

Hanging up the phone, the car had almost arrived home.

Ma Lan said to Ye Chen, "Pull over to the side, I'll drive back myself, you walk back, so that your father and Chorán won't see us coming back together!"

Ye Chen nodded indifferently and pulled over to the side, then got out of the car.

It was just as well to stop by and buy some food.

While buying food, Ye Chen called his father-in-law and asked if his party at the Splendid Club had ended.

The father-in-law told him that he had just returned home from the party and that he had thanked Ye Chen a bit because Ye Chen had earned him a lot of face today.

When Ye Chen returned home after buying food, Xiao Changkún was sitting in the living room with a cup of tea, humming a little tune with a happy face.

Seeing Ye Chen return, he immediately said with a smile on his face, "Oh my good son-in-law, you're back!"

612

Ye Chen smiled and called out to Dad, then noticed that Xiao Chorán and his mother-in-law, Ma Lan, were not in the living room, so he asked, "Are Chorán and Mom back?"

"Chorán didn't come back, your mother came back."

Xiao Changkún waved his hand and said, "Your mother went into the house as soon as she came back, she said she was uncomfortable, and I don't know what's wrong, it's probably because she felt uncomfortable after losing money in mahjong."

Ye Chen nodded and deliberately asked, "Do you want to take a look?Care?"

"Concerned about nothing." Xiao Changkún trailed off and said, "She knows how to play mahjong all day long, she's annoyed to death, if she really loses and counts tens of thousands of dollars, let her be miserable, she'll know to restrain herself after two days of misery!"

Ye Chen laughed dumbly.

Ten thousand and eight thousand?

You'd have to multiply that by \$8,000 on top of the \$8,000!

Today, Mashi lost over \$60 million!

When Ye Chen thought about it, he couldn't help but sigh that his mother-in-law was really lacking in brains, a few old ladies playing mahjong and she could lose over 60 million, what kind of fool did she have to be to make such a mistake?

.....

At this moment, the Xiao family villa.

Xiao Changqian was currently sitting comfortably on a recliner just like Xiao Changkun, sipping tea and humming a tune as he waited for Qian Hongyan to return triumphantly.

Xiao Changqian and Xiao Changkun were worthy of being brothers, and the way they celebrated when they encountered a good thing was almost exactly the same.

Xiao Changqian was playing with his phone at this time, repeatedly looking at the WeChat sent by Qian Hongyan an hour ago, and his mouth was going to smile crookedly.

The WeChat read, "Honey, Ma Lan's two million dollar savings, the one to two million dollar house she now lives in on her own, and her emerald bracelet worth four to five million dollars, have all been lost to us! There's also that set of 130 million dollars worth of Townsend's villas that are set to be mortgaged to us, and Yeh Chen will be sending over the house books soon! We're rich this time!"

Xiao Changqian calculated that even without mentioning those miscellaneous things, this villa alone could be sold for at least 120 million when it changed hands, and by the time his family split 40%, it would be nearly 50 million!

Fifty million, that's more than enough!

When the time comes, if you add the cash, the old house property and the emerald bracelet, you'll be able to split a few million more, and the harvest will be properly over fifty million!

Add to that the fact that my own family has \$15 million in savings, and it adds up to over \$60 million nearly \$70 million!

Even if the Xiao family collapses, this money will be enough for him to be unrestrained for a long time!

Xiao Changqian had even planned out how the money would be used.

First of all, eight million should be given to Old Mrs. Xiao.

He also promised that the money will be credited to the Xiao Group's account tomorrow.

He himself planned to give the old lady the 8 million to get rid of her first after Qian Hongyan finished screwing Ma Lan.

As for the rest of the money, he decided to cover it to death and never let the old lady know that he would then buy a villa first and move there directly after the Xiao family went bankrupt.

Thinking of this, Xiao Chang Qian's mood was not to mention how happy he was, and he couldn't help but exclaim, "This stinking bitch, Ma Lan, has a villa and dares to play rough with herself? That's cool, right? It's fucking deserved! The money is rightfully for your own mental anguish!"

For him to cheat Ma Lan out of all her money, he had no psychological burden at all.

This kind of stinking bitch, just had to cheat more, fiercely, to the death!

Better yet, as soon as this bitch has the money, she'll figure out some way to get it all herself and turn her into a long-term money bag!

613

While Xiao Chang Qian was fantasizing about treating Ma Lan as a long-term wrongdoer, Old Lady Xiao walked in from outside with a frosty face.

Xiao Changqian was busy welcoming her and spoke, "Mom, you're back? How's the company?"

Old Mrs. Xiao blackened her face and grunted angrily, saying, "The bank will soon start the bankruptcy and liquidation process, saying that it will start next Monday, and once the process starts, the villa will be seized, why haven't you called me with the eight million you promised up to now?!"

Xiao Changqian smiled and said, "Mom, didn't I tell you that the money is in the money management, and I'm looking for a money manager to redeem it, what are you always rushing me to do, can I still not give you this money?"

That said, but from Xiao Changqian's heart, he didn't want to give a penny to Old Mrs. Xiao, but there were still millions of life insurance after her death, and she still had millions of jewelry in her own private collection, and the old man left behind more than 20 million worth of antiques.

Xiao Changqian knows his own mother well, and those jewelry and antiques have been her coffin book, and she has been reluctant to take them out to save the company.

Moreover, where all these things were hidden, no one knew except her.

Even if the bank and the court came and seized the company and the villa, they would never be able to find these things.

With the old lady's shrewdness, the jewelry and antiques must have already been moved to a safe place by her.

If you turn your back on the old lady and refuse to pay the eight million, then the old lady's coffin book may not be left to you in the future. Remember the website . kanshu8. net

So, the eight million is still to be spent!

As long as He Lian sells Ye Chen's Townsend One villa, the eight million can be given to the old lady!

I don't know what Xiao Changqian is up to, and when she saw that he was still excusing himself, she said in a bad mood: "Changqian, I raised you since you were a child, and as soon as you pouted, I knew what kind of shit you were going to take, so don't try to hold off on giving it to me, I'm telling you, if you don't give me this money, I'll move to Chang Kun's house tomorrow, and when I die, I'll have my life insurance,

jewelry, and the antiques your father left behind. The words and paintings, I'll leave them all to Chang Kun alone!"

Xiao Chang Qian was busy consoling, "Mom, what are you talking about, I promised you that I would give you this money, the earliest today, the latest tomorrow, okay?"

Old Mrs. Xiao sat on the sofa with her butt on the floor and spoke, "Okay, then first you take the money out!"

Xiao Changqian spread his hands and said, "I don't have it now ahBut don't worry, I will give it to you tomorrow!"

Before he could finish his sentence, Old Mrs. Xiao was screaming and crying out, "You heartless thing, always perfunctory tomorrow, I've really raised you so much for nothing!"

Xiao Changqian was busy stopping him, "Mom, don't yell, I really don't have the money at home, it's all put there by Hongyan. Hongyan went out to do this for you today, and I'll give it to you as soon as she returns, no later than tomorrow!"

It was only when Old Mrs. Xiao heard this that she stopped crying and asked, "It's getting dark, why hasn't Hongyan come back yet?"

Xiao Changqian replied, "She went out to do something about money, she should be back soon"

Saying that, Xiao Changqian took out his phone and sent a WeChat to Qian Hongyan, "Wife, it's almost time to come back, right?"

As a result, the message was sent and there was no reply for half a day.

Xiao Chang Qian frowned and said to Old Mrs. Xiao, "Mom, I'll give Hongyan a call."

Saying that, he then, dialed Qian Hongyan.

The phone was put on speakerphone, and a system reminder came from the speaker, "Sorry, the subscriber you dialed has been switched off."

Xiao Changqian said to old Mrs. Xiao, "Mom, you also heard, the phone can't get through, it's probably out of battery"

"If you can't get through, just keep calling me until you get through!" Old Mrs. Xiao didn't have a good mood and said, "I'm telling you, don't try to muddle through for me today, give me your phone and I'll call!"

Xiao Changqian sighed helplessly and handed the phone to Old Mrs. Xiao, "You call."

614

After receiving the phone, Old Mrs. Xiao dialed Qian Hongyan's number again, but the opposite side still reminded her that it was off.

Old Mrs. Xiao was confused and said, "What happened? Why is a good phone still off?"

Xiao Changqian said, "Mom, isn't it normal for the phone to automatically turn off when it's out of battery, and besides, it's not convenient for her to charge it when she's outside."

Old Mrs. Xiao threw the phone at him and said in a puffed up voice, "Then keep calling until you get through!"

Xiao Changqian had no choice but to sit on his chair and keep hanging up and dialing out.

It lasted for more than half an hour, and the phone was still prompted to turn off.

Xiao Changqian felt more and more in his heart that something didn't seem right

It was reasonable that Qian Hongyan went out to team up with He Lian to cheat money, not outdoors, but indoors, so it should be convenient to charge the phone.

Moreover, he had reminded her before that she should keep in touch at all times when the time came, so that she could go to the rescue in case something happened.

So, she shouldn't turn off her phone. One second to remember to read the book

What's going on here?

When he thought of this, he couldn't help but sit up straighter and his face became serious as he said to himself, "Something isn't right about this"

Old Mrs. Xiao looked at him and coldly snorted, "Don't give me any drama here, what's going on!"

Xiao Chang Qian's heart was suddenly a bit inexplicably irritated, while its a hidden feeling of unease.

So he opened his mouth and said to the old lady, "Mom, just don't follow the trouble, Hong Yan can't be reached now, I'll look for the others first and see if anyone is with her."

After saying that, Xiao Chang Qian then dialed He Lian's phone again.

Like Qian Hongyan's phone, the handset also had an indication that it had been switched off.

Then, Xiao Changqian dialed He Huaqiang and Niu Guimin's phone again, and the result was the same

That's too weird, right?

Now, Xiao Chang Qian's heart was completely confused!

He scratched his hair in panic, and the bad feeling in his heart grew stronger and stronger.

The more Old Lady Xiao saw his state, the less it looked like he was acting, realizing that something was really wrong I'm afraid!

So she even asked, "Chang Qian, what's going on? You tell Mom the truth!"

Xiao Chang Qian shook his head and said, "I don't know what's going on ah"

Old Mrs. Xiao asked further, "Then what are you thinking about with this soul? Why hasn't Hongyan contacted us yet? What are you hiding from me?"

The reason for this is that the company's business is not only in the business, but also in the market for its products and services."

As soon as Old Lady Xiao heard this, she hurriedly brightened before her eyes and excitedly asked off the cuff, "Did the villa cheat in the end?When do I get to live in it?"

615

Old Mrs. Xiao's eyes straightened as soon as she heard the four words Tomson.

She had always been greedy for Ye Chen's big villa and dreamed of living there.

She even really wanted to die there when she got old.

The people all had some superstitious sayings and sayings, such as.

When you're dying, it's best not to die in a hospital, as you won't be able to find your way home.

Another example is that you must wear a birthday suit before you die, or you will have no clothes to wear when you go there.

For example, if you are in a mansion before you die, you will be able to give birth to a rich family in your next life and enjoy glory and wealth.

Therefore, Old Mrs. Xiao also longed that she could live in a top luxury villa like Tomson's until she died of old age.

Last time, she commanded Xiao Hailong to go over and rob the villa, resulting in several of the Xiao family's bodyguards being beaten to death and Xiao Hailong being beaten extremely badly.

After that, although the old lady broke the idea of hard robbery, but still a greedy heart will not die. The first website m.kanshu8.net

As soon as she heard that Xiao Changqian and Qian Hongyan, designed to cheat her out of that villa, she was all the more excited!

At this time, Xiao Hailong and Xiao Weiwei had also just returned from outside, and once they entered the villa, they got excited when they heard this.

Xiao Hailong quickly stepped forward and asked after him, "Dad, you just said that Mom is going to cheat Ye Chen's villa?Did it work?"

Vivian Shaw was also excited and asked, "Yeah Dad, did it work?"

Xiao Chang Qian sighed at this point, "The last WeChat message she sent me said that she had already cheated Ma Lan of her cash, the house she was living in now, and Ye Chen of that Townsend Villa"

Before Xiao Changqian could finish his sentence, Old Mrs. Xiao became extremely excited and smiled, "This is really great, it's great!So, when the bank comes to seize the villa, we'll be just in time to move into Townsend's!Hahaha, that poor, uneducated shrew Mashi should be cheated!Better cheat her out of everything she has!"

Xiao Changqian smiled bitterly and said: "Mother, even if the villa is completed, we still have to share the profit with the swindler, and if we want to keep the villa, we have to pay tens of millions to the swindler. Now I can't get in touch with her anyhow, and the guys she was teaming up with are all out of touch!"

"Disconnected?" Old Mrs. Xiao was stunned for a moment, and a moment later, she frowned tightly and said, "Chang Qian, she's not going to run away with the money, is she?"

"Run away?" Xiao Changqian blurted out, "It shouldn't, should it? Why is she running?"

Xiao Hailong also said, "Grandma, it's impossible for Mom to roll away the money, don't worry."

Old Mrs. Xiao shook her head and said, "Don't say such things now! The Xiao family is not what it used to be now, and Qian Hongyan knows in her heart that it is impossible for the Xiao family to return to its original glory, and you have put all your money with her, so if she doesn't want to live a miserable life with you, won't she donate the money and run away?"

Speaking of which, Old Mrs. Xiao said seriously, "In case she has already sold off the villa she cheated to get for tens of millions of dollars in cash, then she has all the more reason to run away, and maybe the person has already left the country and can't be found from now on!"

Xiao Changqian said, "Mom, Hong Yan and I have been married for so many years, and although there are times when we often fight and bicker, our relationship is still very solid!"

Old Mrs. Xiao said coldly, "That's because she has no money! She used to live off of us. Now what? You gave her all the savings and she took control of the finances and never had to rely on you again!"

Said Old Mrs. Xiao, "And! She cheated her way into Ye Chen's villa today, her worth has suddenly skyrocketed several times, and now with tens of millions of dollars of assets in her hands, you're not a husband in her eyes! Instead of dragging oil bottles!"

Xiao Chang Qian's expression was suddenly frozen.

Although he did not want to admit that what Old Lady Xiao said was the truth, in his heart, he was vaguely aware of some problems.

616

If Qian Hongyan really got her hands on tens of millions of dollars, she might actually do something like this, after all, this woman was all the way with Ma Lan, who was money-obsessed and money-loving.

Now that herself, her son, her daughter, and even her own mother had become a drag queen, she might actually choose to roll up all the money and walk away!

Thinking of this, Xiao Chang Qian's face was cloudy and said, "I'll give Ma Lan a call and ask."

After saying that, he immediately pulled out his cell phone and dialed out to Ma Lan.

This time, the call was answered very quickly.

When Xiao Chang Qian heard the phone connected, he said in a row, "Ma Lan, it's your big brother"

As soon as Ma Lan heard his voice, she hated the itch!

The old dog! Qian Hongyan set up the trap to deceive herself, he would have known about it!

And it's probably the old dog that's behind all this!

When she thought of her extremely heavy losses today, Ma Lan could not wait to greet Xiao Chang Qian's ancestors directly on the phone! Remember the URL .kanshu8.net

However, when she thought that that dog thing Qian Hongyan had been sent to the black coal kiln, she could only suppress the anger in her heart and said disdainfully, "Xiao Changqian, my husband and I have left the Xiao family, who are you with Big Brother Big Brother?"

When Xiao Chang Qian heard this, he was also angry, but he sought her out to inquire about matters, so naturally he still couldn't annoy her, so he could only ask with annoyance, "Ma Lan, count me in for saying the wrong thing, okay?"

Only then did Ma Lan snorted and said, "Tell me, what do you want from me?"

Only then did Xiao Chang Qian hurriedly ask, "Ma Lan, have you seen Hong Yan today?"

Ma Lan immediately denied, "No, I haven't seen my sister-in-law since the last time I was there at Chen Shu Yi's villa, what's wrong?"

"No?!" Xiao Changqian cursed in his heart, isn't it obvious that you're a bitch who's lying?

Today, Qian Hongyan has been live streaming to me on WeChat, has been downstairs at your house to give me reports, has been up in your BMW to give me reports, and has given me reports when playing mahjong with you.

Even the amount of money and things she won from you were reported to me, and you told me you didn't see her?

Although Xiao Chang Qian's heart was furious, he could only endure his anger and said, "When Hong Yan went out today, she said she was going to find you to play mahjong, you really haven't seen her?"

After all, the three people who played mahjong with him and a group of thugs have been sent to dig coal, so if their families find out that they are involved, they may take revenge and call the police, they will have no defense.

So, she had to deny it to the end!

So she impatiently said to Xiao Changqian: "You're so interesting, I've never seen her before, can I not know in my own mind? If you haven't seen it, you haven't seen it!"

Xiao Changqian couldn't care less whether he would be exposed or not, and said, "Ma Lan, don't hang up yet, tell me the truth, have you seen her or not? Where did she go? In the afternoon, but she sent me a WeChat, saying that she was playing cards with you, and that she won your son-in-law Ye Chen's villa in Townsend, so how could you not have seen her?"

Ma Lan was busy saying, "Xiao Changqian, you're an interesting person to talk to, when did you win my family's villa? Besides, if I say I haven't seen Qian Hongyan, then I haven't! How can I play cards with her when I'm so annoyed with her!"

Having said that, she also guessed in her heart that Xiao Changqian must be the mastermind behind it.

So, she gritted her teeth and said, "Xiao Changqian, your wife, ah, might have run away and eloped with someone and deliberately used playing mahjong with me as a cover! I've heard, however, that she previously bagged a tender duck about the same size as your Hailong in the KTV, and the two of them have been talking about saving up for a double night."

617

When Xiao Chang Qian heard this, he cursed angrily, "Ma Lan, don't you dare fucking spew blood here!"

Ma Lan also got anxious and said out of the blue, "Ouch, you don't believe it, do you? Okay, I tell you, if you can find Qian Hongyan, I'll lose! up."

Xiao Changqian asked off the cuff, "What do you mean?"

Ma Lan scolded, "What does it mean? Go figure it out for yourself, I'm too distracted right now to bother talking to you!"

After saying that, Ma Lan immediately hung up the phone.

Xiao Chang Qian listened to the busy tone on the phone and was so angry that he almost wanted to drop the phone.

Still, Xiao Hailong stopped him just in time and took off, "Dad, don't be impulsive yet, the priority now is to get Mom back first!"

Xiao Hailong, however, did not know that her mother had been sent to the ditch in Jinxi, and with the Xiao family's skills at this point, it would be impossible to find her in this lifetime.

At this time, Xiao Weiwei, who was on the side, also advised, "Yes dad! What are you so angry about? What did that bitch Marashi say?"

Xiao Changqian said in annoyance, "Ma Lan said your mom bagged a little white guy and ran off with him!" One second to remember to read the book

"Huh?!" Hailong Xiao, Vivian Xiao and Old Lady Xiao were all in shock!

"Bagging a white boy?!" Old Mrs. Xiao shouted angrily, "Is this true?"

"I don't know, Mom!" Xiao Changqian was anxious and angry, and got out of his mouth, "That's what Ma Lan said on the phone, and said that Hong Yan only verbally lied to me about setting her up and tricking her into losing money, when in reality Hong Yan was setting me up and making me take things lightly, and then buying time and opportunities to elope!"

Xiao Hailong blurted out, "The dog surnamed Ma is bloody-mouthed! How could my mom keep some gigolo! Even less likely to elope with a little white guy!"

Xiao Changqian's expression was a bit strange as he said coldly, "Who can say that? Now that I think about it, your mother does do things a little suspiciously!"

"What?" Xiao Hailong and Xiao Weiwei hurriedly asked, "Why is Mom suspicious?"

Xiao Chang Qian said with a gloomy face, "Your grandmother kept asking me to call eight million to the family, but your mother didn't want to give it, so she suggested transferring the money to her first, then I told your grandmother that the money was looking for a money manager to redeem it, that's why I transferred all fifteen million of the family's money to her!"

Old Mrs. Xiao glared furiously and slapped Xiao Chang Qian directly in the face, scolding him angrily, "Didn't you tell me that you only have ten million?!"

Xiao Changqian was in a hurry just now, so he told the truth all at once, and now that he was slapped, he was aggrieved and angry, and got out, "Mom! Didn't you yourself estimate that I have 10 million? And it wasn't me who said it!"

Old Mrs. Xiao scolded angrily, "Then why don't you tell me the truth! I'm your mother! Why don't you give me an explanation and tell me how much money you really have?!"

Xiao Changqian was speechless for a moment.

In the end, it was true that he had concealed the amount of his own funds, and there was no arguing with this.

Old Mrs. Xiao was furious and said coldly, "I always thought that you were different from your brother, that you were more capable and more discerning than your brother! But I didn't think you'd even dare lie to me!"

Said Old Mrs. Xiao, gritting her teeth, "You now know what it means to be clever, don't you? Instead of paying your own mother, you gave all your money to that wife of yours, and now well, she's rolled up and run away, and we're all screwed!"

Xiao Weiwei bit her lip and said, "Grandma, my mother is not like that!"

Old Mrs. Xiao sneered, "Not that kind of person? Where's your mother? Where did it go? Why are you missing at this point?"

She said, "And your mother said that she was looking for someone to trap Ma Lan, but why are the people who worked with her in the game also missing? Only Mashiro is still alive? This proves that there is something very strange about this!"

Xiao Hailong blurted out, "Could it be that Ma Lan did it? Could it be that she in turn cleaned up my mother, and some of the other people who played the game for her?"

Old Mrs. Xiao said in disgust, "Ma Lan? How could a shrew like her do that? Only a fool like your uncle would be tricked by a shrew like her! I won't comment on your mom's character, but she's ten times smarter than Ma Lan, and if she really wants to play with Ma Lan, then Ma Lan will only be played with!"

Xiao Changqian's expression was shifty, and he was now highly suspicious that his wife had run away with the money!

Nothing other than that explanation doesn't explain anything!

Four people can't just disappear, can they?

If a person evaporates, there must be some shadows and clues left behind, right?

Combined with the fact that Qian Hongyan had fifteen million in cash in her hand, he felt even more likely that Qian Hongyan had sentenced herself.

Thinking of this, he gritted his teeth and said, "No, I have to go find Ma Lan and ask her again in person to clarify!"

Old Mrs. Xiao hit Xiao Changqian on the back with a cane in annoyance and scolded, "You quickly go and ask me for clarification and then find that smelly bitch Qian Hongyan back for me! Even if she doesn't come back, you still have to get me the \$15 million, and if you don't get the money back, you're not coming back! Pretend I never had a son like you!"

Xiao Chang Qian could only nod and say, "Okay, okay, I'm on my way!"

Old Mrs. Xiao suddenly said, "Don't worry! I'm coming with you!"

Xiao Changkun broke down and said, "Mom, what are you doing there! Don't follow to add to the mess!"
First web site m. kanshu8.net

"Me adding to the mess?!" Old Mrs. Xiao scolded angrily, "You've lost all your money, and now you're saying I'm causing trouble? I'm telling you, I'm going this time! If you don't settle this matter for me, I'll be living at Chang Kun's house from now on, cutting off mother-son relations with you!"

Xiao Changqian had no choice but to nod and say, "Okay, okay, let's go together then!"

Both of them were incomparably anxious, and after going out to take a taxi, they went straight to Ma Lan's house.

Ye Chen and his father-in-law were sitting on the sofa watching TV, and his mother-in-law, Ma Lan, was alone in the room, wrapping her head in the blanket and sobbing, still distressed about her two million cash and the broken emerald bracelet.

At this time, the sound of banging on the door suddenly came.

Ye Chen stood up and opened the door, finding Old Lady Xiao and Xiao Chang Qian standing at the door, frowning and asking, "What are you guys doing here?"

Old Mrs. Xiao was furious when she saw Ye Chen and scolded him in anger, "You piece of trash, get out of my way and let Ma Lan out!"

Ye Chen frowned and said in a cold voice, "Wife, our family has severed ties with you, you are not welcome here!"

"What did you say?!" Old Mrs. Xiao scolded angrily, "Who gave you the list? How dare you disrespect me?!"

Ye Chen said coldly, "You still think you're the previous Xiao family's master? Do you always act like you're the only king in the world? I'm telling you, you're not welcome here, so get out!"

After saying that, Ye Chen was about to close the door.

Xiao Changkun heard the commotion at this time and ran over.

When he saw the two at the door, he couldn't help but frown and asked, "What are you doing here?"

Old Mrs. Xiao snorted coldly and questioned with full authority, "Chang Kun! Do you still have eyes for me as your mother?"

Xiao Changkun was startled and said, "You're the one who wanted to sever ties with me, ah, you should ask yourself if you have a son like me in your eyes."

Old Mrs. Xiao's expression was ugly, and she said offhandedly, "Blood is thicker than water! At all times, I'm your mother!"

Xiao Changkun has been wronged by the old lady for so many years, he had already had enough, and said angrily, "When you get tired of me, you have to break off relations with me, and when you have something to find me, any time is my mother? I'm sorry, but I don't want a mom like that either!"

After saying that, Xiao Changkun turned his head and went back into the house.

Ye Chen looked at Old Madam Xiao as well as Xiao Changkun, smiled slightly and spoke, "You have heard my father-in-law's words, please go back."

619

Old Mrs. Xiao didn't expect that the always cowardly Xiao Changkun would have a temper in front of her!

She couldn't help but feel angry and hateful!

For decades, she had been using her authority to death against Xiao Changkun, and Xiao Changkun had never been able to resist or even refute it.

Even when she drove him out of the Xiao family, he didn't dare to let out a fart.

But never thought that he would dare to say such words to himself today!

Are you really hard-wired?

How dare you say such treacherous things about a mother like yourself, he doesn't want such treacherous things!

What a revolting thing to do!

Just when she was so angry that she wanted to attack on the spot so as to maintain her dignity and majesty.

Xiao Changqian on the side had already lowered himself and spoke to Ye Chen, "Ye Chen, we're not here to look for trouble today, I have something to ask your mother-in-law, Ma Lan, so hurry up and let her come out, I have a hundred thousand urgent things to ask her!" Remember the URL .kanshu8.net

Naturally, Ye Chen knew very well in his heart that Xiao Chang Qian must have come to find Qian Hongyan.

Unfortunately, Xiao Chang Qian had never dreamed that Qian Hongyan and He Lian's group of people had been secretly sent to Jinxi, so to him, Qian Hongyan must be as if she had vanished from the face of the earth.

So, Ye Chen said to Xiao Chang Qian, "You can tell me anything and I'll go tell her."

Xiao Changqian hurriedly said, "I lost my wife!"

Ye Chen asked with an act of surprise, "Lost your wife?How did you lose it?"

Xiao Chang Qian was very unhappy with Ye Chen's nosy questions, but still kept his temper in check and said, "It's just that I can't find anyone, I can't get in touch with her anyhow, she met your mother-in-law last before she lost contact, so I came over to ask."

Ye Chen smiled, "This kind of thing can actually be figured out without having to ask ah."

Xiao Changqian asked off the cuff, "What do you mean?"

Ye Chen said, "My meaning is very simple ah, that is, I think your wife should have run away."

Saying that, Ye Chen snapped his fingers, "Look at you guys now, one has no money, two has no power, and three has no nobleman to help you, so it seems that the Xiao family will soon go bankrupt and liquidate, and that villa of yours will have to be repossessed by the bank by then, right?Aunt Qian has never suffered in her life, so she can't follow you to live in low-cost housing then, right?"

Xiao Chang Qian gritted his teeth and said, "This matter has nothing to do with you, you'd better keep your mouth shut!"

Ye Chen's father-in-law, Xiao Changkun, came over again at this time and said seriously, "Big brother, I think Ye Chen is right, the Xiao family is a bottomless pit right now, if I were your sister-in-law, not only would I not live with you anymore, I would take all your money and go out and start a new life!"

"You"Xiao Changqian did not expect that Xiao Changkun would suddenly poke at the piece of his heart that he feared the most, and he became furious and scolded, "Xiao Changkun, don't you dare speculate about my wife here!If it wasn't for the fact that you're my brother, I would have taught you a lesson!"

As soon as Xiao Chang Qian's voice fell, Ye Chen directly slapped him in the face, smacking his eyes with gold stars.

Before he could recover, Ye Chen said coldly, "Xiao Chang Qian, you dare to be so insolent at my doorstep, have you forgotten what happened to your son and the Xiao family's group of dogs?"

Xiao Changqian was slapped with this one and was instantly honest.

He knew, don't say that he didn't have what he wanted now.

Even if he was still the same Xiao Chang Qian from before, he couldn't do anything to Ye Chen.

This guy didn't know where he learned his martial arts, and several of the Xiao family's bodyguards were beaten by him, not to mention himself.

Thinking of this, Xiao Changqian held back the fire in his heart and said to Xiao Changkun, "Changkun, it's my fault just now, I apologize to you, but it's better to trouble you to call your younger sister-in-law out, I want to ask her something."

Xiao Changkun was so happy at this point that he could not wait to hug and kiss his precious son-in-law Ye Chen.

Really relieving himself of hatred ah!

He was making Xiao Changqian so angry with himself that he just slapped him right across the face, awesome!

Xiao Changkun's heart was beautiful, and his mouth said to Xiao Changqian, "Brother, I'm asking you, two days ago, with your sister-in-law, were you going to buy a villa?"

Xiao Changqian subconsciously asked, "How do you know that?"

Xiao Changkun got out of his mouth and said, "Ma Lan told me ah, she was playing mahjong at her friend's house and just happened to see you and your sister-in-law going to her friend's house to look at the house."

Xiao Changqian nodded and said, "I did indeed look, but what does that have to do with today's events?" One second to remember to read the book

As soon as she finished speaking, Old Lady Xiao on the side knitted her brows and asked, "Chang Qian, what's going on? You're buying a villa? How come I don't know?"

Xiao Changqian's heart was in despair.

He was so anxious in his heart that his brain simply wasn't enough, forgetting that he had bought the villa behind Old Mrs. Xiao's back.

Seeing Old Mrs. Xiao's angry face, he could only patiently explain, "Mom, Hong Yan and I are afraid that you won't have a place to live after the villa is seized later, so we wanted to see if there's a suitable replacement beforehand"

"You're full of shit!" Old Mrs. Xiao scolded angrily, "My villa will only be repossessed if you won't take this money out to save my life! Even if you don't help me, you're still going behind my back to see the villa?!"

Xiao Changqian's expression was incomparably embarrassed, it seemed that this matter could not be rounded up

Old Mrs. Xiao was so furious that she padded her foot and slapped him, cursing, "You ungrateful dog! You don't believe your own mother? Trust an outsider! Well now! \$15 million is gone! You're pushing us all to the brink!"

Once Xiao Changkun heard that his big brother, Xiao Changqian, had fifteen million, his heart was also sore.

He had followed the Xiao family for so many years, and continued to be just over a million, and then he poured some antiques and earned some more, and his daughter gave some more, and the family barely had over two million.

Unexpectedly, Xiao Chang Qian himself had fifteen million!

Thinking of this, he said sourly, "No wonder, brother! You must have put fifteen million dollars with your sister-in-law, right?"

Xiao Chang Qian's expression was indignant as he said, "This has nothing to do with you!"

Xiao Changkun sighed and said, "Big brother, if you give your sister-in-law so much money, even if your sister-in-law herself doesn't want to cheat, those young men who dream every day and hope that a rich old aunt will save them won't let your sister-in-law go ah!"

Xiao Chang Qian frowned tightly and questioned, "What do you mean by that?"

Xiao Changkun looked at him and said in surprise, "Don't you usually use your phone to surf the Internet? There are a lot of these cases on the internet! Some young men specialize in seducing rich old women like the sister-in-law, and when the time is right, they say to the old aunt, "Auntie I don't want to try anymore, and the rich old aunt will immediately give money and cars and houses to keep him, and will even elope with him!"

At that, Xiao Changkun said regretfully, "Fifteen million ah!! don't know how many young men are chasing after your sister-in-law to please her, I'm just afraid your sister-in-law can't even pick one!"
