

Identity 701

Chapter 701

Before this, every time Liu Ming came to the Heavenly Fragrance Mansion with the word poor hangings on his forehead to find Master Hong Fifth's point of order, his heart was extremely broken.

Every time he came over, he would be surrounded by the guests of the Heavenly Fragrance Mansion, as well as the waiters, causing him to feel an extreme humiliation.

But, today was different.

Today was the final death of Master Hong Fifth, and after tonight, Master Hong Fifth would be completely a thing of the past in Jinling! In his place, his father, Liu Guang!

By then, his own father will be the underground emperor of the Golden Mound!

Then, people will call him "Master Guang"!

And at that time, I will also get rid of the humiliating scar on my forehead and be free forever from the shadow that the word "poor hangman" has cast on me!

At the thought of this, Liu Ming's blood almost boiled.

At this time, Liu Guang in the car, after seeing his son go in, hurriedly said respectfully to Wu family bodyguard Zhang Zizhou, "Mr. Zizhou, everything will depend on you later!"

Zhang Zizhou nodded indifferently and said, "Don't worry, no one in the entire Jinling is a match for me, Zhang Zizhou! This Hongwu, won't survive tonight!"

Liu Guang was excited.

He had been looking forward to this moment for a long time, as had his son.

.....

At this moment, Master Hong Fifth directly invited Xiao Changkun and the others to the Diamond Box of the Heavenly Fragrance Mansion.

He protected Xiao Changkun all the way, pointed to the most distinguished main seat among them, and said respectfully, "Mr. Xiao, please take your seat."

Xiao Changkun was still a little uncomfortable and looked towards President Pei and said, "It's better for President Pei to take the seat."

Chairman Pei's heart tightened and hurriedly waved his hand, "Oh, Chang Kun, how dare I sit on the top seat! Or you do!"

If just now, Xiao Changkun had invited him to sit on the top seat, he would have sat down without thinking about it.

After all, he was the chairman, the head of the Painting and Calligraphy Association, so it was normal for him to be in the upper seat.

Fortunately, he didn't swing in front of Xiao Changkun like Sun Youcai just now, otherwise, he might have had a special opportunity to experience life with an old sow in a pig farm.

When the others saw this, they hurriedly agreed, "Yes, Brother Xiao, this top seat is definitely yours, please, please!"

Xiao Changkun was still very proud of being touted in the clouds, so he smiled and said, "Haha, since everyone is so enthusiastic, it's hard to turn down the hospitality, so I won't be polite to everyone!"

After saying that, he sat on the main seat with one buttock, and as for Xu Wenyan and Chairman Pei, they sat on his left and right.

After Hong Fifth waited for him to take his seat, he smiled and said, "Mr. Xiao, please wait for a moment, the food will be ready soon, you can have tea first."

As he was speaking, a beautiful female manager strolled into the box and attached herself to Hong Fifth's ear and said, "Fifth, that boy from the Liu family has come to see you for docking."

After hearing this, Fifth Master Hong was delighted and immediately said, "Well, today is the big day for Mr. Xiao to become an executive director of the Painting and Calligraphy Association, and was worried about not having much of a program, but since this kid is here, call him into the box and give Mr. Xiao a boost."

When this pretty manageress got the order, she bowed slightly and walked out of the Diamond Box.

Once Xiao Changkun heard that Hong Wu had specially prepared a celebration program in addition to letting himself use the Diamond Box, he was flattered and said, "Fifth Master, you don't have to be so polite"

Hong Fifth waved his hand and said with a smile, "Haha, this is all I should do!"

After saying that, he made another riddle and then said, "Mr. Xiao, don't worry, this program I have prepared for you is absolutely unique in all of Jinling, and it is also somewhat related to your son-in-law, Master Ye, so it is guaranteed to brighten your day!"

As soon as they heard this, the crowd became interested and sat in their seats, eagerly waiting.

702

A moment later, the pretty manageress from before returned again, and this time, behind her, followed a young man who was cowering and didn't dare to raise his head to meet anyone.

Xiao Changkun as well as the rest of the Painting and Calligraphy Association were suddenly confused, saying in his heart, this kid is the program prepared by Hongwu?

This young man, he didn't look anything out of the ordinary!

However, at this time, when the young man in front of him walked into the box, without saying a word, he immediately bowed to Hongwu and said respectfully and fearfully, "Uncle Hong, I have come to report to you for review."

The person who came was precisely Liu Ming.

The company has been in the process of developing the new product for the past two years, and has been working on the new product for the past two years.

The company's main business is the development of a new product, which will be launched in the near future.

However, Master Hongwu didn't know that he didn't come over today for the sake of docking, but to make a front stand.

From the time he entered the door until now, Liu Ming had been silently counting the number of security guards.

After entering the compartment, he took a closer look at the people in the compartment.

When he found that the box was full of old men, he put his mind at ease.

Even if all of these old men were friends of Hongwu, I'm afraid that they didn't have much actual fighting power, so he could just take a machete and down them all.

At this time, Hong Wu opened his mouth and said to Liu Ming, "Ah Liu Ming, these people here today can be the leaders of our Jinling Painting and Calligraphy Association, since it is a painting and calligraphy association, they are naturally very knowledgeable and accomplished in calligraphy, come on, raise your head, let Mr. Xiao and the others look at the human calligraphy on your forehead and let everyone give a critique!"

Upon hearing that, a momentary humiliation surged within Liu Ming!

He wanted to turn his face away, but he knew in his heart that Dad was still waiting for him to go back and report on the situation before he brought someone in to kill him.

So, he had to hold himself back now and make a show of it!

Thinking of this, he could only clench his teeth and slowly raised his head, displaying his forehead to the crowd present.

Although these old men weren't young and were more or less presbyopic, the word Poor Hanging on his forehead was just too striking! Everyone recognized it right away!

Chairman Pei said in amazement, "ThisWhat's going on here? Why should this little gentleman carve the word poor hang on his forehead?"

Master Hong Wu sneered and said, "This little brother usually doesn't have a good mouth, he likes to call others poor hangers, and occasionally offends Master Ye and calls him a poor hangers, since he likes to say these two words, I'll carve them on his forehead so that he can keep company with these two words for the rest of his life."

Xiao Changkun was surprised and asked, "He carved this word on his forehead because he had offended my son-in-law?"

"Right!" Master Hong Fifth nodded and said, "Your son-in-law, Master Ye's Dragon Might, which can be violated by such a hangman!"

Chairman Pei was surprised and said, "Oh, Chang Kun, why didn't you tell us that you had such a great son-in-law!"

"Yes!" Xu Wenyuan also exclaimed, "Chang Kun, you're hiding this too deeply, it's really low key!"

Xiao Changkun laughed, "Oh my, that son-in-law of mine is very low-key himself, so it's not good for me to be high-key!"

The crowd was complimentary.

Liu Ming looked at the smug-looking Xiao Changkun and thought viciously, So you, old thing, are that bastard Ye Chen's father-in-law!

Then you're in my crosshairs today!

Today, I'll kill you for sure!

Let's call your damn son-in-law for some interest!

703

Liu Ming was obediently laughed at by a crowd of people before being waved off by Master Hong Fifth.

If it were usual, as soon as he left Tianxiangfu, he would have covered his forehead and hurried home.

But this time, he didn't cover his forehead, but walked back to the parking lot with a murderous look on his face and got into the car that Liu Guang and Zhang Zizhou were riding in.

Liu Guang had already been waiting here for a long time, and as soon as he saw Liu Ming getting into the car, he hurriedly asked, "Son, how is the situation inside?"

Liu Ming gritted his teeth and said, "Even the waiter with security has more than thirty people, but more than half of them are women, and the ones who really have some fighting ability are twelve security guards."

Liu Guang turned to the middle-aged man who was following him and said worriedly, "Mr. Zizhou, are you sure about this many people? Shouldn't you be at a disadvantage if you get into a fight later?"

Zhang Zizhou laughed coldly and said, "Don't tell me that more than half of the thirty people are women, even if all of them are security guards, they're virtually useless to us!"

Liu Guang immediately complimented, "Mr. Zizhou is truly extraordinary! I'm impressed!"

Zhang Zizhou nodded with an arrogant look, looked at Liu Ming again, and asked, "What position is that Hongwu in right now?"

Liu Ming blurted out, "Hongwu is in the Diamond Box on the top floor!"

Saying that, he added with an excited face, "Dad, Mr. Zizhou, I was at the Heavenly Fragrance House, and I also found an unexpected surprise!"

"Oh?What is it?"Liu Guang asked evenly.

Liu Ming laughed gloomily and said, "I found that trash Ye Chen's father-in-law inside, and he's even eating here!And it's in the Diamond Box, Hung Ng is serving him there too, so let's go in later, should we kill him with us?"

"Ye Chen's father-in-law?!"When Liu Guang heard this, he was delighted and said, "What an effortless success!Today at Song Jimo's birthday banquet, this Ye Chen even beat me up!Let's make his father-in-law pay some interest today!"

If he could kill Ye Chen's father-in-law, on the one hand, it would be a revenge for himself and his son, and on the other hand, Young Master Wu also hated Ye Chen with a passion, and by killing his father-in-law, Young Master Wu would definitely look at himself differently as well.

Thinking of this, he turned to look at Zhang Zizhou and said, "Mr. Zizhou, I'm sure you must have heard about how Ye Chen treated General Manager Wu and the eldest young master at the Song family's birthday banquet before, since that wasteful father-in-law of Ye Chen is also here, do you think we should do away with him as well?"

Zhang Zizhou nodded his head and said, "Ye Chen insulted my master and young master, naturally I can't wait to cut him to death by a thousand cuts, and since I met his father-in-law, I have no reason to spare him!"

Liu Guang nodded excitedly and said, "Then let's go in together and let them die without a burial place today!"

.....

The other side.

In the Diamond Box of the Heavenly Fragrance Mansion, various dishes were served on the table, which could be described as a delicacy.

As the underground emperor of the hallowed Jinling, but at the moment, Master Hong Fifth was very respectful to Xiao Changkun and said, "Mr. Xiao, I purposely had the backstage kitchen prepare this table of special nourishing dishes in the hope that it would suit your appetite, these ingredients are the best that can be bought in Jinling, and they are all purely natural and without any additions."

Xiao Changkun's mouth watered as he looked at the various delicacies before him.

One had to know that even before the Xiao family had gone bankrupt, he had never come to such top restaurants, much less eaten such good food.

Sometimes, he dreamed of experiencing this kind of extravagant life of the top people, being able to casually order an excellent shark's fin, an excellent abalone, and steaming an Australian lobster or king crab in a restaurant.

However, for so many years, he has never had such an opportunity, he has eaten the most expensive meals, per capita is only a thousand or two thousand dollars, today is already open to the limit, ready to eat a per capita two or three thousand.

704

But Master Hong Fifth's preparation today was really extremely extravagant, a portion of the finest double-headed abalone for one person cost eight thousand eight hundred and eighty-eight pieces, looking at Xiao Changkun was dumbfounded.

Not to mention what black truffles, caviar and other delicacies, a random portion for one person would cost several thousand yuan.

This meal, if calculated according to the specifications, would already cost at least two to three hundred thousand!

Xiao Changkun had never eaten such an expensive meal in his life, and was thrilled beyond words, busy to say to Hong Fifth: "Mr. Hong, it's so nice of you to take the trouble to entertain us."

With a slight smile, Master Hong Fifth pulled out a business card of his own from his pocket and handed it to Xiao Changkun, saying, "Mr. Xiao, this is my business card, please accept it! Next time you visit the Heavenly Fragrance Residence, just give me a call and I will immediately have someone pack out the Diamond Box to use at your discretion."

Xiao Changkun was delighted after receiving the business card.

The others from the Calligraphy and Painting Association were even more eager-eyed upon seeing such a scene!

This Xiao Changkun was really something! The famous Master Hong Wu was like a grandson in front of him, which didn't have the slightest bit of a big brother's presence.

Not only did Hongwu personally serve and pour wine in the box, he even took the initiative to pour a glass of white wine and came to Xiao Changkun, saying respectfully, "Mr. Xiao, I'll drink a glass to you."

Immediately flattered, Xiao Changkun lifted his wine cup and clinked it with Master Hong Fifth, then drank all the wine in the cup.

A cup of wine down, he couldn't help but exclaim, "Oh my, this wine is really good!"

Hong Wu smiled and said, "This is a forty year old Maotai wine, a catty bottle casually costs six figures, Mr. Xiao, if you like it, drink a little more, I'll have someone bring up two more bottles later!"

Xiao Changkun hurriedly thanked, "Oh my gosh Mr. Hong, I really don't know how to thank you! That's very kind of you!"

"Shoulda shoulda!" Master Hong Fifth said piously, "Master Ye has treated me with great kindness, and you are Master Ye's father-in-law, so I naturally have to entertain you wholeheartedly in order to be worthy of Master Ye's kindness to me!"

Xiao Changkun couldn't help but sigh in his heart, this Ye Chen, how in the world did he fool around? He's about to turn Hung Ng into his henchman!

Unexpectedly, this guy has no other abilities, the ability to fool people is really remarkable

The others at the table, seeing that Xiao Changkun was so honorable in front of Master Hong Fifth, had already had the intention of stammering and catering.

Chairman Pei couldn't help but lift his wine cup and said with a smile on his face, "Oh my, we really have to thank Changkun for arranging such a game for us today! My husband has never eaten such an extravagant meal in his entire life, it's an eye opener!"

Saying that, he added with a serious face, "In addition, today our Painting and Calligraphy Association has welcomed a new executive director, come, come, let's all simply toast Director Xiao together!"

The crowd was also very knowledgeable, and they all lifted their glasses and said with a smile, "Councilor Xiao, let's toast you together!"

As soon as Xiao Changkun heard Chairman Pei take the lead in calling himself Director Xiao, he said in surprise, "Chairman Pei, I'm elected?!"

"Of course!" Chairman Pei smiled, "Chang Kun, this executive director of ours is none other than you!"

When Xiao Changkun heard this, he was so excited that he hurriedly said, "Thank you, President Pei! Thank you all! I will definitely keep up the good work in the future and contribute more to our Painting and Calligraphy Association!"

The crowd also smiled obsequiously and compensated, then lifted their wine glasses together.

Just as they were about to share a glass of wine, there was a loud thumping sound, and the door of the compartment, was kicked open!

705

The people inside the compartment were suddenly startled by the loud noise.

Everyone was too busy to look, only to see a burly middle-aged man with an indifferent face enter the compartment.

Behind him, four arrogant-looking middle-aged men also stepped in with long strides.

These five people were Wu Donghai's personal bodyguards.

Liu Guang and Liu Ming, on the other hand, arrogantly followed behind these men's asses with a sardonic smile on their faces, very arrogant.

When Hong Wu saw Liu Guang and Liu Ming's father and son, he frowned and said in a cold voice, "You father and son are really bold enough to bring someone to kick in the door of my Tian Xiangfu?"

Liu Ming snorted coldly and said, "Hongwu, dying to the last minute doesn't delay you from pretending to be a pussy? Let me tell you, I don't dare to forget for a moment the humiliation that you put me through in the first place, and I'm here to kill you today!"

Everyone dropped their jaws in shock when that was said!

Did you hear me right?

How dare someone have the audacity to want the life of Master Hung Fifth!

Hong Wu then also sneered sarcastically, "Want to kill me? Do you really think I'm a jobber? Do you know how many little brothers I have in Jinling?"

Liu Guang said coldly at this time, "I tell you Hong Wu, it's useless how many little brothers you have, your Heavenly Fragrance Residence's more than ten security guards have all been crippled, and no one can save you now!"

Saying that, he pointed at Zhang Zizhou who was beside him and said with a malicious face, "These are all Wu Family's experts, with them here, you will have no wings to fly and absolutely no place to die today! I'll give you a chance to kneel in front of me, lick my shoes clean and I'll leave you a whole body, or else I'll break you into pieces today!"

As soon as Master Hong Fifth heard this, he was a bit nervous.

It seemed that he had been negligent and careless!

For so many years, his position in Jinling had been so highly respected that he had long disbelieved that there was anyone in Jinling who dared to touch him in the slightest.

Therefore, he didn't always have dozens of bodyguards with him.

It was always felt that a dozen security guards of the Heavenly Fragrance House were not bad, and protecting himself was already enough.

But no one had expected that the Wu family was going to do something to himself!

Moreover, these five bodyguards of the Wu family did look extraordinary, they looked like experts among experts.

It seemed that even if he brought twenty people here today, he might not be able to stop these five people!

At this time, Liu Ming pointed at Xiao Changkun and coldly questioned, "You are Ye Chen's father-in-law?!"

Xiao Changkun's heart thumped, "YouWhat do you want?!"

"What do I want?" Liu Ming sneered and said, "That punk Ye Chen, not only did he humiliate me, he also humiliated my father, do you really think that our master and father are mud pinchers? It's lucky he's not here today, otherwise I'd just kill him today and be done with it!"

After saying that, Liu Ming looked at Xiao Changkun and said viciously, "However, since Ye Chen is not here today, then you, who is the father-in-law, will pay some interest for him!"

When Xiao Changkun heard this, he turned white with fear and asked in a panic, "YouWhat do you meanWhat do you want?"

"What do I want?"Liu Ming gritted his teeth and said, "Of course I'm going to kill you!Let your good son-in-law come and collect your body!"

Xiao Changkun was so shocked that he tried to get under the table.

At the table, the other people from the Painting and Calligraphy Association were also afraid to avoid the table and hid in the corner.

Zhang Zizhou coldly spoke at this time, "Everyone who has nothing to do with Hongwu and Xiao Changkun, get out!If not, I'll kill them all together!"

As soon as the words left his mouth, Chairman Pei and the others ran out in panic.

Xiao Changkun's best friend Xu Wenyuan was at a loss for words, he wanted to run away, but seeing that Xiao Changkun's life was in danger here, he was reluctant to abandon him for a moment.

706

Xiao Changkun was trembling with fear at this point, and seeing that Xu Wenyuan was still hesitant, he hurriedly said, "Old Xu you should leave quickly, if these people really make a move on you, I won't be able to give an account to your family."

Zhang Zizhou shouted coldly, "If you don't want to go, just stay."

Xu Wenyuan gritted his teeth and didn't dare to delay any longer, rushing out of the compartment.

Xiao Changkun was desperate inside, but it was good that Hong Wu remained in the box, so he prayed that Hong Wu would be able to deal with the situation at hand.

However, Hong Wu was helpless at this time.

These people had kicked in the door of the Diamond Box and made such a big commotion, if their own people hadn't been in trouble, they would have appeared long ago.

The fact that none of them had come by now was proof that these people had already had their misfortune.

Liu Guang gritted his teeth as he looked at Hong Wu and said in a cold voice, "Hong Wu, your time to die has come!"

After saying that, he turned his head and said respectfully to Zhang Zizhou, "Mr. Zizhou, please do something!"

Zhang Zizhou nodded, took a step forward and spoke, "Hongwu, come forward and suffer death!"

When Hong Wu was young, he was also considered half a trainer, and when he saw that things had come to this, he didn't resign himself to his fate, but made a good stand to deal with it and said in a cold voice, "If you want my life, it's up to you!"

Zhang Zizhou sneered and said, "You're nothing more than a mole in my eyes!"

Saying that, he took a direct step towards Master Hong Fifth.

Master Hong Fifth's face was heavy, but he knew that he couldn't back down at this point and immediately swung his fist to take the initiative to hit Zhang Zizhou.

Zhang Zizhou sneered and just lightly punched out a punch.

The company has been in the process of developing the new product for the past few years, and has been working on the development of the new product for a long time.

Hong Fifth, who couldn't fall down, turned pale, completely unable to believe that this man's strength was so perverted! It's practically crushing itself!

Liu Ming saw this scene and brightened with delight!

And his father, Liu Guang, was even more excited inside!

The one who fell to the ground was the underground emperor of Jinling!

But, after tonight, he will be taking his place!

And he will be a dead body!

As soon as he thought of this, Liu Guang immediately sneered, "Hongwu, aren't you arrogant and bullish? Now do you know what it means to be outside the human race and outside the sky?"

Saying that, Liu Guang walked up to Master Hong Fifth and gritted his teeth, "Before I kill you, I'll also let you have a taste of what humiliation is!"

Whirling around, he hurriedly said to Zhang Zizhou, "Mr. Zizhou, please help me control him, I want to carve the word Poor Hang on his forehead to avenge my son!"

Zhang Zizhou said coldly, "I'm here to kill him today, not for you to engrave him, if you want to engrave it, you can wait until I've killed him!"

Liu Guang hurriedly said, "Mr. Zizhou, that wouldn't allow him to feel that pain of dying in humiliation ah!"

Zhang Zizhou looked at him and said, "That one over there, surnamed Xiao, you can carve whatever you want, this Hongwu, I want to kill him first!"

Saying that, Zhang Zizhou squeezed Master Hong Fifth's neck with one hand, so he lifted him up with his feet dangling in the air!

With just a little force on Zhang Zizhou's hand, Hongwu felt a sharp pain in his neck, completely unable to breathe, feeling more painful than hanging, his Adam's apple seemed to be crushed by him with great force!

At this moment, Hong Wu suffocated his face black and purple, his heart had realized that today, he would die!

707

Back when Liu Guanggang had led his men into the Diamond Box, Ye Chen had left his home, driven his father-in-law's BMW sedan, and headed to the Heavenly Fragrance House.

Originally, he was not prepared to go out so early.

But his mother-in-law, Ma Lan, had been nagging at him at home.

At one point, she disliked Xiao Changkun for going to a hotel and being wasteful, and thought that the 20,000 yuan would be better for her to buy cosmetics and go to a mahjong parlor to play a few rounds with her friends on the way.

At one point, they discarded Ye Chen for being idle at home and not going out to work to earn money and eat free food.

Later on, the more she talked, the more excited she became, insisting on introducing Ye Chen to a job as a parking lot security guard, and said that she would be paid all the three thousand dollars a month on payday.

Ye Chen knew that Ma Lan was recently broke, her pockets were cleaner than her face, and she couldn't go out to have fun, so she had to stay home most of the time.

As long as she is at home, she will sulk and complain endlessly.

She was in a bad mood, and she would look at Ye Chen even more unpleasantly.

It just so happened that tonight the old father-in-law, Xiao Changkun, and his wife, Xiao Churan, hadn't come home yet, so Ma Lan was whining at him, which really annoyed Ye Chen to death, so he simply went out earlier, even if he sat in the car, it was much better than listening to her complain at home.

Ye Chen drove to the Tianxiang Mansion, after parking the car at the entrance of the Tianxiang Mansion, he didn't hurry and didn't go up.

He saw that it was still early, so he guessed that his father-in-law would have to sit up there for a while longer, so he turned off the engine and sat in the car to listen to music and pass the time.

According to the original plan, he was going to wait until the father-in-law had finished drinking and had enough wine to call himself, and then he would go up to pick him up.

However, just after waiting at the entrance of the Heavenly Fragrance Mansion for a while, Ye Chen noticed that something was wrong.

There had always been two security guards as well as two waitresses at the entrance of the Heavenly Fragrance Mansion, the security guards were responsible for guarding and the waitresses were responsible for welcoming the guests.

But today, there was not a single person at the entrance of the Heavenly Fragrance Mansion.

Moreover, there was a sign erected at the entrance, which said that business was suspended.

"What's the situation?"

Ye Chen pondered in his heart, did Hongwu know that the old father-in-law was coming today, so he directly booked him?

Hong Wu was very discerning in his work, so maybe he really might have booked the show.

Just as he was thinking this, he saw a large number of panicked old men running out of the entrance of the Heavenly Fragrance Residence.

Ye Chen was even more puzzled.

These old men looked like they were all similar in age to Xiao Changkun, and they all looked as if they were scared, as if something had happened inside.

So Ye Chen hurriedly got out of the car and stopped an old man and asked, "Sir, what happened upstairs?"

It was Chairman Pei who was stopped.

He was still frightened and shivering, and said, "Murder upstairs!"

Ye Chen's heart thudded as he heard this!

Killed someone?

What the hell?

Could it be that something has happened to the Heavenly Fragrance House?

As soon as he thought of this, he immediately stepped forward and rushed into the Heavenly Fragrance House.

708

When he entered the Heavenly Fragrance House, he realized that the waiters and security guards had fallen to the ground.

Ye Chen went up to investigate and found that all of the waiters and security guards had fallen unconscious, and each of them had some bruises on their necks, and it seemed that they had been directly and vigorously chopped unconscious with their hands.

"This is a master!" Ye Chen couldn't help but attach importance to it, whirling around, stepping up the stairs!

At this time, Master Hong Fifth was already dying, and his eyes were turning white.

On the other hand, Liu Guang and Liu Ming gave each other a wink as they saw this.

Liu Ming pulled out a dagger from his waist, looked towards the trembling Xiao Changkun in the corner, and said coldly, "Since Hongwu has Mr. Zizhou to deal with, I'll make this Xiao Changkun suffer a double punishment!"

He said to his father, Liu Guang, "Dad, catch this old man, and I'll carve the words 'Poor Hanging Father-in-Law' on his forehead."

Liu Guang nodded and said coldly, "Carve! It must be carved! Do it hard and carve it into his skull!"

Xiao Changkun was so scared that he took off, "I have no grudge against you, why are you doing this to me?!"

"No hard feelings?!" Liu Ming rushed in front of Xiao Changkun with a healthy step and slapped Xiao Changkun directly in the face.

"Old immortal! Your son-in-law made me lose face and you still dare to say we have no grudge? I'm telling you, I'm not only going to carve the word "poor father-in-law" into your forehead today, I'm going to fucking kill you! Let your damn poor hanging son-in-law collect your corpse!"

The tip of Liu Ming's blade was incomparably sharp, and Xiao Changkun cried out in fright as he looked at the cold light refracted by the blade.

However, there was nothing else he could do, so he could only take off and shout to Master Hong Fifth, "Master Fifth, Master Fifth help!"

Hongwu was already on the brink of death at this point, his brain almost about to lose consciousness due to lack of oxygen, and suddenly heard Xiao Changkun's cries for help, fighting for the last ounce of strength to say, "Mr. Xiao, I'm sorry, it's Hongwu who got you into trouble, Hongwu will go first!"

Zhang Zizhou said with a gloomy face, "Hongwu, you're still not dead after all this time, you're a bit of an old man, but I advise you not to persist any longer, continuing to persist will only cause you to suffer more pain!"

Hong Wu's face was completely black and purple from holding it in, yet he was still shouting at the top of his voice, "I'll be a ghost and I won't let you go!"

"Oh?" Zhang Zizhou sneered, "Then I'll wait for you to turn into a ghost and come to me tonight, and then I'll let you die again!"

Hong Wu smiled with difficulty and said, "Don't worry, Master Ye will definitely avenge my death today! I'll go slower on the Yellow Springs Road and wait for you to come!"

"Noisy!"

Zhang Zizhou snorted coldly and said, "The Master Ye you speak of is nothing more than a piece of trash in my eyes!"

Saying that, Zhang Zizhou added, "But you do have to go a little slower on the Yellow Spring Road, because soon I'll send that Master Ye on his way, and then, on the Yellow Spring Road, you two can travel together!"

"With you?" Hong Wu sneered miserably, "You have no idea of Grandmaster Ye's strength, you're not even worthy of trash in front of Grandmaster Ye!"

"Looking for death!" Zhang Zizhou's face turned cold and said coldly, "Shut up, if you have anything to say, go talk to the King of Hell!"

Immediately, he increased a few points of force in his hand, and Hongwu was immediately pinched to the point where he couldn't breathe at all, and the last bit of returning light just now had also been consumed, and was about to run out of oil.

Liu Ming now laughed hehely, "Cool! Kill Hong Wu and Ye Chen's father-in-law tonight, and then kill Ye Chen tomorrow, and I'll have my revenge!"

At this time, Liu Guang had pressed down on Xiao Changkun's head and said to Liu Ming, "Son, engrave quickly! After the carving, I'll have to take a picture to mark the occasion!"

"All right!" Liu Ming laughed sardonically, and the tip of the knife had touched Xiao Changkun's forehead.

And at this point, Hong Wu's eyes had completely rolled up, and he had almost snapped.

Right at this moment, the door of the compartment was suddenly kicked straight away with a fierce kick!

As soon as Xiao Changkun saw the visitor, he collapsed into tears and shouted, "Ye Chen, my good son-in-law, if you're one step late, you'll have to collect my corpse!"

709

Ye Chen's face was as cold as frost at this point!

He really didn't think that Liu Guang and Liu Ming, father and son, would dare to bring people to kill Hongwu and his father-in-law!

At this moment, he was so furious that he was already moving to kill!

And as soon as Liu Guang and Liu Ming saw him coming, they were excited too!

For so long, Liu Ming had lived a life worse than death all day long, how much ridicule and humiliation had he suffered?

And it's all thanks to Ye Chen!

Right now, I'm finally getting my revenge!

And Liu Guang was beaten in the face by Ye Chen today, naturally he hated him to the bone, and was regretting that he couldn't take his life today, but he came to us himself!

Immediately afterwards, Liu Guang said to Zhang Zizhou, "Mr. Zizhou! This bastard is Ye Chen! Kill him now!"

Liu Ming shouted at the side, "Mr. Zizhou, kill this poor hangman!"

Ye Chen frowned and spoke, "You let go of Hongwu and my father-in-law, I might consider sparing your dog's life."

Liu Guang became furious and snapped out, "Ye Chen, what kind of lies are you talking about, you piece of trash? You really think you're that serious when you're so fucking close to death? Knowing that Mr. Tzu Chau can kill you in minutes!"

After saying that, he once again said in a cold voice, "I'm telling you, since you dared to appear here today, don't even think about being able to walk out alive!"

Ye Chen said disdainfully, "You think it's just these few trash? Can you kill me?"

Liu Guang looked at Ye Chen with cold eyes and said in a villainous manner, "Ye Chen, I know you're good at fighting, but these people behind me are great experts carefully cultivated by the Wu family, they are all powerful, no matter how good you are at fighting, you can't be their opponent! I don't believe that Mr. Zizhou will beat you to death with a single move and beg for your life!"

Liu Ming hurriedly said, "Dad, what's there to say to this piece of trash Ye Chen, if you want me to say it, just beat him into an invalid! I will make him kneel in front of me and kowtow and admit his mistake, and before Ye Chen dies, I will even carve the word waste on his forehead, film it with my phone, and post the video online, so that the entire Jinling will know that Ye Chen is a useless piece of trash!"

Liu Guang laughed and said, "Good! Just do as you say!"

Ye Chen saw that Zhang Zizhou was strangling Hong Wu and Hong Wu was already about to lose his breath, and said coldly, "Let go of him, come at me if you have anything!"

Zhang Zizhou said with a scowl on his face, "Let go of him? Kid, I can kill you with one hand! Send you on your way with Hongwu!"

Ye Chen saw his face full of confidence and sneered, "This hand of yours doesn't belong to you anymore!"

Just say the word and rush right on!

Zhang Zizhou didn't expect Ye Chen to charge at him, his right hand still didn't let go of Hongwu, and said that his left hand came at Ye Chen viciously!

At this time, Zhang Zizhou was full of confidence.

He felt that he was already unbelievably strong, so how could a mere ordinary person be a match for him?

Even if it's a fighter like Hong Wu who's been fighting for half his life, wouldn't he still be able to handle it with one hand?

However, what he didn't expect was for Ye Chen to dodge his attack in an instant, followed by suddenly grabbing his arm and punching him in the shoulder!

This punch was powerful beyond imagination!

Just a click!

Zhang Zizhou's left shoulder had all shattered into pieces!

Bones turned to pieces in the flesh, and this pain was literally like millions of bone thorns, constantly piercing through nerves and flesh, causing Zhang Zizhou to grimace in pain, as if all his strength was being drained away in an instant!

Immediately after that, his right hand loosened and Hongwu slumped to the ground, his entire body no longer reacting.

Ye Chen looked at him and could notice that he still had an extremely faint breath and wasn't dead, which was why he was relieved.

Since Hong Wu still had only a trace of life left, Ye Chen was in no hurry to save him immediately, but looked at the group of people in front of him and said in a cold voice, "None of you are going to leave today!"

710

Zhang Zizhou's left shoulder was shattered, his left arm was only connected by a layer of skin and flesh, he was completely out of control and could only drape over one side, and his expression was even more horrified at this point!

He's the king of the special forces! It's extremely powerful!! I've never even met an opponent in the army!

If it wasn't for the price that the Wu family offered was too high, with his strength and pride, how could he be willing to be someone's bodyguard and hitman.

Zhang Zizhou had never tasted defeat in all these years, but he didn't expect to be crippled in his left arm after just a single meeting with Ye Chen, he was a bit too strong, wasn't he?

Ye Chen looked at Zhang Zizhou, who looked frightened, and sneered, "What? Afraid?"

Zhang Zizhou looked astonished and subconsciously took a step back, questioning, "Who the hell are you? Why do you have this power?"

Ye Chen faintly said, "What am I? I'm the last person you should ever mess with in your life!"

Zhang Zizhou gritted his teeth and said to the four brothers around him, "Let's go together and get him killed!"

The other four immediately rushed forward, and Zhang Zizhou joined them with a broken arm!

The five of them instantly surrounded Ye Chen in the middle with a murderous look!

However, they also looked incomparably grave!

Ye Chen had just made a move and even Zhang Zizhou was unable to make an effective defense, it was clear that the other party was quite a bit stronger than them!

Therefore, they could only hope that the five of them together could be stronger than Ye Chen!

Ye Chen smiled coldly at this point and indifferently spoke, "Togs."

In the next moment, Ye Chen's body was like lightning, and in an instant, he was engaged in an epic battle with the five men!

However, Ye Chen's speed, strength, and explosive power was a whole lot stronger than theirs!

Therefore, these people had no power to fight in front of Ye Chen!

Only a cracking crunching sound, mixed with the screams of several people, kept resounding through the compartment.

And these five people, constantly feeling like they had suffered a heavy blow!

Some suddenly took a punch to the chest and cracked several ribs!

Some, like Zhang Zizhou, accidentally had their arms broken and became one-armed warriors!

There were even worse ones, with their jaws broken by Ye Chen's punch, and a lump of bone rotten flesh attached to their lower lip, as miserable as it looked!

Zhang Zizhou didn't have any luck either, he suffered a series of heavy blows to his abdomen, his entire body was like a dead dog, he was paralyzed on the ground and couldn't move!

At this point, he was completely freaked out!

Before today, he had never thought that someone would be so powerful that they could crush him with the slightest move of a hand!

And now, after years of having trouble meeting his opponents, he finally understood the truth that there is a mountain beyond the mountain and a sky beyond the sky!

Ye Chen's strength, to him, was terrifying to the point of perversion! He's the only one who's a real insect before him!

And Liu Guang and his sons, who were still arrogant, were horrified at the sight of such a scene!

Never would you have dreamed that Zhang Zizhou would be beaten into a dead dog in front of Ye Chen in a few showers!

Not only him, but four of his men had turned into four dead dogs that could only pant in terror!

Ye Chen stomped on Zhang Zizhou's chest, directly breaking many of his ribs.

He looked down at the terrified Zhang Zizhou, who was spitting blood from his mouth in pain, and coldly questioned, "Come, tell me, who is the real Gryphon?!"

711

Zhang Zizhou was now nearly crippled, in excruciating pain, and all his courage and strength had completely dissipated!

He looked at Ye Chen in despair, thinking of those weaklings that he had killed.

Today, would he also step into the footsteps of those weaklings? To be crushed and decapitated by an expert you couldn't fight against?

Thinking of this, Zhang Zizhou was terrified!

He was indeed very strong, but that didn't mean that he wasn't afraid of death.

On the contrary.

The more he killed and killed people, the more he cherished life.

He wanted to live, he wanted to live comfortably, to live with food, clothing and unrestrained elegance.

That's why he followed the Wu family and aided and abetted them.

The enemies of the Wu family, he came to kill them, and after killing them, he would be able to exchange them for huge amounts of wealth from the Wu family.

These few years of good living, he felt even more that living was too good.

So, to let him die now, he couldn't accept it no matter what.

So, he cried to Ye Chen and said, "Master Ye, Ancestor Ye, it's me who has eyes but doesn't know that you have such great strength, I only beg you to spare my life on the basis that I'm only working for the Wu family and following their orders!"

Ye Chen said coldly, "It's because you're working for the Wu family that I find you even more hateful!"

Saying that, Ye Chen stepped on his right shoulder and completely crippled his entire right arm as well!

Zhang Zizhou cried out in pain, but Ye Chen said in disgust, "I can still understand if someone else has a real grudge against me and comes to kill me, but I have no grudge against you, and you come to kill me just for money, so tell me, are you more hateful than my enemy?"

"Master Ye is sorry"

Zhang Zizhou didn't expect that trying to defend himself for a few words would unintentionally make Ye Chen even more upset, now that both of his shoulders had been shattered, in the future these two arms would be like two sleeves, they could only dangle and flap back and forth with his body, basically they had become indistinguishable from invalids!

Ye Chen then turned his face and looked at the frightened Liu Guang and his son and said coldly, "You two are very arrogant, you even dare to hit my father-in-law?"

The originally arrogant Liu Guang and his sons had already been scared silly now!

One had to know that these five people who were ruined by Ye Chen were young, but they were by all accounts the personal bodyguards of Young Master Wu Xin, and they were very powerful.

But they never dreamed that they would be so vulnerable that they wouldn't even be a match for Ye Chen's one move!

At the thought of this, Liu Ming panicked in his heart.

He pressed his dagger tightly against Xiao Changkun's neck, and his voice trembled [PEN www.sbiqige.info] as he shouted, "Ye Chen, you stop me! Otherwise, I'll kill your father-in-law!"

Xiao Changkun was scared half to death and hurriedly shouted to Ye Chen, "Ye Chen, save me, Ye Chen!"

Just at this time, Liu Guang suddenly swung his arm and slapped Liu Ming hard, smacking Liu Ming's eyes with gold stars.

Liu Ming hadn't recovered yet, and covered his face in stunned silence, asking, "Dad, why did you hit me?!"

Liu Guang snapped out of his mouth, "You bastard, you dare to point a knife at Master Ye's father-in-law's neck, you're looking for death! Kneel down to Master Ye yet!"

After scolding his son, Liu Guang twisted around, poofed to his knees, and immediately cried out in tears, "Master Ye, I was bewitched by the Wu family's father and son, they told me to kill Hong Wu, and then held me up to sit in Hong Wu's position, they also said they would kill you and vent their anger on behalf of his son, please forgive me for my momentary confusion!"

Liu Ming was a stunned young man, Liu Guang was not.

He knew very well that the current situation had been completely wrestled back by Ye Chen alone, and if he still confronted Ye Chen at this time, he would really be looking for death by lantern in the toilet!

Sure he'd love to take Hongwu's seat, but that would require a life of his own to do so! Therefore, at this time, what Wu family, what the number one family in Jiangnan, what the underground emperor of Jinling was, it was nothing to him, he just wanted to survive and live well.

Otherwise, even if Ye Chen granted himself extra-legal favors and let himself survive, he was afraid that he would still end up beating himself into the same situation as Zhang Zizhou.

712

This Zhang Zizhou was already an invalid, he wouldn't even have the ability to wipe his own ass afterwards, both shoulders had been completely powdered and shredded, and the fleshy tissues had been crumbled into mush, so the first thing to pull to the hospital like this would definitely be a double arm amputation.

He didn't want to live a life worse than death!

Liu Ming just thought of this time, he is still playing tough with Ye Chen is useless, Zhang Zizhou so awesome, to beat Hong Fifth's men, chopping melons and chopping vegetables, under the hand of Ye Chen, is not just a move to be dried?

Even if he really used the knife against Xiao Changkun's throat, I'm afraid that Ye Chen would be able to kill himself while keeping Xiao Changkun alive.

So, it's still dad who knows the time!

Thinking of this, he also poofed to his knees and cried, "Master Ye, I was wrong, please forgive meMy father and I came here today because Wu Shao forced me to, otherwise you give me ten guts, I wouldn't dare to touch your people"

After saying that, he kneeled on the ground, kowtowed and apologized, and cried bitterly, his entire body collapsed.

Ye Chen sneered and said, "It seems that you father and son have a strong desire to live!"

Liu Guang was busy saying, "Master Ye, we're also lost in our own way ah"

Ye Chen coldly snorted, "You two kneel properly!If you dare to move a muscle, I'll rip your dog's head off!"

Both father and son shivered and knelt on the ground, not daring to move.

Ye Chen then stepped forward to Hongwu and touched his pulse.

Although it had been discovered just now that he still had a breath left, he had indeed been deprived of oxygen for too long, and his body had been severely damaged and extremely weak.

Such a person was like someone who had suffered severe brain damage, and although he didn't die, he might not be able to wake up in three to five years, or even a lifetime.

Ye Chen couldn't bear to see him become a living dead man.

After all, in Ye Chen's opinion, Hongwu was a tough and loyal man, and such people were rare, so he couldn't just stand by and see him become a cripple.

So, Ye Chen blocked his view with his body, and from an angle that no one could see, he pulled out a rejuvenation pill from his pocket and put it directly into Hong Wu's mouth.

As it was a secret medicine made from a lost ancient recipe, this medicine melted in the mouth and had an excellent medicinal effect!

Therefore, the medicine soon turned into a warm current that entered Hong Wu's internal organs.

Very soon, Hong Wu woke up ghostly from his near-death state.

Hong Wu was already deeply unconscious, but he suddenly woke up, opened his eyes, and saw Ye Chen right in front of him, unable to speak in surprise.

He knew that he was clearly dying just now, but he didn't know why he suddenly woke up again now.

He couldn't help but cry out in alarm, "Master YeThisWhat's going on here?!I'm not dead?"

Ye Chen nodded his head and said indifferently, "With me here, you can't die."

Hong Wu was extremely grateful and took off, "Hong Wu thanks Master Ye for saving my life!"

After saying that, he said guiltily, "I'm sorry Master Ye, because I got your father-in-law into trouble"

Ye Chen waved his hand, "It's not your fault, besides, my father-in-law didn't suffer any harm."

Hong Wu was relieved, and in the next moment, he felt a powerful heat current in his body that was traveling throughout his body.

Not only did this heat flow heal his injuries, it even gave his body a huge boost and improvement.

He felt like his body had become stronger and younger than before!

He was already a bit presbyopic, but right now, looking at Ye Chen, it was becoming clearer and clearer!

He looked at Ye Chen stunned, excited to the point of trembling, and asked in a trembling voice, "Master Ye, how did my bodyIs it, is it backRejuvenation"

713

Today at Master Song's birthday banquet, Master Hong Fifth had seen the Rejuvenation Pill and had seen how miraculous it was.

However, he didn't dare to dream that he would have such a chance.

Therefore, although he felt as if he had taken the Rejuvenation Pill, this matter was too shocking for him, so deep down, he was not sure if he had actually taken the Rejuvenation Pill or not.

Ye Chen smiled slightly and hurriedly gave him a don't-speak look, saying lightly, "This is your chance, feel it well."

Hong Wu was in tears at this moment!

He knew that Master Ye's words meant that he had granted himself a chance!

He couldn't have imagined, last second, that he would almost certainly die! And in the next second, not only did he not die, but he also received a great opportunity bestowed upon him by Master Ye Chen Ye!

The rejuvenation potion!

The great opportunity that I had never dared to dream of, but it came straight to me uninvited!

At this moment, Hongwu's inner loyalty to Ye Chen was almost bursting at the seams!

He even felt that this life of his was given by Ye Chen, and from now on, every extra second he lived was for Master Ye.

Therefore, he was bound to saddle up for Grandmaster Ye with a death wish in the future, because without Grandmaster Ye, he would already be a dead man!

Immediately afterwards, Hong Wu's body recovered so quickly that he even stood up with a flourish before kneeling in front of Ye Chen and kowtowed, "Hong Wu, thank you Master Ye for saving my life! From today onwards, this life of Hongwu is Master Ye's!"

Ye Chen smiled slightly, "Get up!"

Hong Wu heard the sound, which made him stand up.

He then looked around and saw the Liu family's father and son kneeling on the ground, not daring to move, and Zhang Zizhou and the other five Wu family bodyguards had all become useless, and sighed in his heart, Master Ye's strength was unfathomable!

So many people, but they couldn't even hurt Master Ye a bit!

Immediately, he couldn't help but ask, "Master Ye, what are you going to do with these people? Did you just kill them? Still"

Ye Chen smiled slightly and said, "Come on, let's raise the court for a trial and convict them!"

"Ascension?" Hong Wu was surprised and asked, "Master Ye, what do you mean by that?"

Ye Chen laughed, "It's the ancient lord of the government raising the court to hear the case ah."

Hong Wu hurriedly nodded, moved a chair over and said with a smile, "Lord Ye please sit down, we're going to elevate the court!"

Ye Chen laughed, sat down on a chair, pointed at Liu Guang, Liu Ming and his son, and said in a cold voice, "Human criminals Liu Guang and Liu Ming, you two are dogs for the Wu family, and you still intend to kill me, what is the crime?"

Liu Guang and Liu Ming were frightened and worshiped with their heads in their mouths, crying out, "Master Ye spare your life ah Master Ye We are also compelled to do so"

Ye Chen smiled calmly and said generously, "Since you are also compelled, then this official will spare you the death penalty!"

When they heard this, they were so excited that they were about to cry out.

But Ye Chen then said, "Capital punishment can be forgiven, living punishment is unforgivable! If you two want to live, you'll have to see how well you actually perform!"

Liu Guang and Liu Ming stated, "Master Ye, from now on, we, father and son, will serve you as an ox! A lifetime of saddling up!"

Ye Chen waved his hand, "I don't want you two to saddle me up."

714

Saying that, he said to Hong Wu, "Hong Wu, since this Liu Guang is already a poor hangman, what should his father be?"

Hong Wu thought about it and said, "The words of the poor hangman's father should be called the father of the poor hangman, right?"

Ye Chen nodded, "Right! You're right, the father of the poor hangman."

After saying that, Ye Chen looked at Liu Guang and asked with a smile, "Liu Guang, what do you think yourself?"

Liu Guang panicked and nodded his head as if pounding garlic and said flatteringly, "Master Hong Fifth is right, I am the father of the poor hangman!"

"Mm." Ye Chen nodded his head in satisfaction and said to Hongwu, "Look, since he himself has said that, then quickly prepare that ink treasure of yours as well and send him a pair."

"Ink treasure?" Hong Wu was stunned and blurted out, "Master Ye, what kind of ink treasure? I'm a person who doesn't know how to write calligraphy ah"

Ye Chen pointed at the word poor hanging on Liu Ming's head and asked Hong Wu, "Human calligraphy ah, you forgot?"

Only then did Hong Wu slammed his head and said guiltily, "Oh sorry Master Ye, I was foolish, I didn't think you meant it!"

Liu Guang was scared out of his wits when he heard this!

The word "Poor Hanging" on my son's forehead is already causing me great pain.

So he cried and said, "Master Ye, you see I'm also an old man, so just save me some face"

Ye Chen nodded his head and said seriously, "I've saved your face ah, that's why I let Hongwu only carve your forehead, otherwise, carve the word poor hanging on each side of your face as well, and by the way also give your son a pair, to make up a progeny for you and your son!"

Liu Guang collapsed into tears and howled, "Master Ye please spare me, I'm old and my skin is wrinkled, Fifth Master he's no good to cut!"

Hong Wu sneered, "Liu Guang, don't bother, I have a steady hand, even if your forehead is full of big folds, I can still carve the characters for you!"

The company's main business is to provide a wide range of products and services to its customers, and to ensure that its products and services are of the highest quality and that they meet the highest standards.

Liu Guang shivered in fear and cried, "Mr. Xiao, I was just joking ah"

"You farted your mother's old mule!" Xiao Changkun was furious and cursed: "Just now your son's knife was to my head, if not for my son-in-law's timely arrival, I would have let you carve the words!"

Liu Guang hurriedly cried out to Ye Chen, "Master Ye, I'm really playing a little joke with your father-in-law, I don't really mean it ah"

Ye Chen coldly said, "I don't care if you are sincere or not, I am now giving you two choices, either, you don't move a muscle and let Hongwu finish carving the characters; or, I will let Hongwu castrate your son with a knife, and in front of your face! Take your pick!"

As soon as Liu Ming heard this, he bawled and knelt in front of Liu Guang, kowtowing and crying out, "Dad ah dadYou can't let him castrate me ah, I don't have children yetOur old Liu family can't be endangered"

Liu Guang was also about to faint from the pain.

What to do?Had I known it was today, I wouldn't have dared to mess with Hongwu and Ye Chen's father-in-law to death!

Now that Ye Chen had put such a choice question in front of him, how should he choose?

Choose the engraving?The wisdom of my own life is considered to have been thrown into the latrine.

However, if you don't choose to engrave, your son's roots may be broken by Hong Wu, this is not just your son's roots, this is the entire Wu family's roots ah

Thinking of this, he shivered, looked at Hong Wu, desperate and pained, choked, "Fifth Master, please be merciful when you engrave ah"

Hong Wu sneered and said, "Don't worry, I'll definitely carve it into your skull!"

715

Liu Guang cried out in frightened despair, and the moment the tip of Hong Wu's knife touched his forehead, he cried out in even more pain, even struggling violently to hide.

Hong Wu slapped him directly and said in a cold voice, "One more scream and I'll go and break your son's roots!"

Upon hearing this, Liu Guangton didn't dare to move, and could only tearfully, grit his teeth, and accept Hong Wu's human inkblot.

Hong Wu's knife was very hard and soon engraved four characters on Liu Guang's forehead, Father of the Poor Hanged!

Liu Guang's entire forehead had been blurred with blood and flesh, looking very miserable.

Liu Ming was also scared half to death at the side, watching his own father also being carved, and four at a time, this feeling, this taste, was also really unpleasant.

After the characters were carved, Liu Guang shivered and cried, asking Ye Chen, "Master Ye, can you let us go?"

Ye Chen shook his head and said, "Do you think that's all there is to living crimes?"

After saying that, he said to Liu Ming, "Here, poor hangman, give me your phone."

Liu Ming hurriedly pulled out his latest iPhone and handed it to Ye Chen after unlocking it.

Ye Chen asked him, "Do you have a jitterbug ah?"

"There is"Liu Ming hurriedly nodded his head.

Ye Chen found Shakespeare, and after opening it, he said to him: "Come, today, you master and son record a father-son phase on Shakespeare, if the recording is good, I'll let you go, if the recording is bad, the legs and feet are all broken."

The father and son said in a panic, "Master Ye, we'll do whatever you say, as long as you don't kill us, anything"

"Mm." Ye Chen nodded slightly and said, "Come, I'll say the lines for you two master, you both remember it well, if you say it wrong palm a hundred, do you understand?"

The man nodded his head as if pounding garlic: "I understand, I understand!"

"Good." Ye Chen sneered and greeted the two to come to the front, saying the lines he had designed for them.

After this speech, both father and son were scared blinded.

Liu Guang cried and said, "Master Ye, if we really say that and make a video and send it out, the Wu family will definitely kill us."

Liu Ming also said, "Master Ye, you're killing our master and son"

Ye Chen said in a cold voice, "What? The Wu family will kill you, but I won't?"

The two of you paled in fright.

Ye Chen added, "I tell you, if you honestly record this video, the two of you will at least have one night to escape, if you escape Jiangnan, the Wu family may not be able to do anything to you, if you flee the country, you and your master will be able to live in peace for the rest of your lives, but if you don't do as I tell you, then you will leave your lives here tonight!"

As soon as Liu Guang heard this, he panicked, "Master Ye, we have so many years of hard work in Jinling, if we leave tonight, we won't be able to take many of our assets with us ah!"

Ye Chen frowned, "What? Want to haggle? So forget it, don't record it, just hand over your life!"

Liu Ming hurriedly advised his father, saying, "Dad! What's more important than life? Let's go to Yanjing tonight and then fly to Malaysia tomorrow morning to find my uncle. We'll buy a small estate in Malaysia too, and we'll just never come back for the rest of our lives!"

Thinking of this, Liu Guang bit his teeth and said, "Master Ye, let's shoot!"

716

Ye Chen nodded his head in satisfaction and said, "Come, come, hurry up and start."

After saying that, he picked up his phone and pointed it at the Liu family's father and son.

The two men stood side by side, Liu Ming wiped his tears and said with a forced smile, "Hello everyone, I am Poor Hanging Liu Ming."

Liu Guang also hurriedly interfaced, "I am Liu Guang, the father of the poor hangman."

The man and his son said at the same time, "We father and son will give you a comic speech today!"

Liu Ming then said, "Everyone must have seen these two words on my forehead, the reason why I carved the word poor hanging on my forehead is mainly because I am a person who is always arrogant, carving these two words on my forehead is to remind everyone that they are all poor hanging."

Liu Guang also said, "They say that I am a heroic father of my son, but I am a heroic father of my son, and since my son has carved the word poor hanging on his forehead, I definitely can't hold back my son, that's why I have carved the four words father of poor hanging on my forehead."

Liu Ming said at this time, "Seeing this, you will definitely ask why my father and I are so arrogant. This is mainly because we have a very good relationship with the Suhang Wu family!"

"Right!" Liu Guang said beside him, "Everyone knows that the Wu family is rich, but the best thing about the Wu family is not the money, but having a son who likes to eat shit!"

The company's main business is to provide a wide range of services and products to the public, including the production of a wide range of products and services for the public."

Liu Guang chimed in, "According to what you say, this Wu family gentleman is indeed extraordinary!"

"Of course." Liu Ming nodded repeatedly and gave a thumbs up praise, "So it's still necessary to say that the others are powerful, otherwise, the second young master of the Wu family, could he be so arrogant?"

Liu Guang curiously asked, "Hey right, why haven't you heard anything from the Wu family's second young master lately?"

Liu Ming said, "I've heard that people are living a comfortable life now! It's like the royal treatment!"

"How so?" Liu Guang looked gossipy.

Liu Ming said, "People are powerful now, living in the Wu family mansion, it is said that there are twenty or so times a day of shit, and there are people who specialize in giving it, and they all eat fresh food."

Liu Guang was surprised and asked, "So exciting? Can the Wu family produce enough to supply twenty tons a day?"

Liu Ming said seriously, "That's definitely not enough to supply ah, think about it, no matter how well the Wu family can pull it off, they can't afford to have an occasional constipation or something."

"Ouch!" Liu Guang took off, "Then it's possible that the second young master of the Wu family will break off his toner!"

Afterwards, Liu Guang asked Liu Ming, "Dad, do you think the two of us should also sign up to go to the Suhang Wu household for a few days and cook a few hot meals for Young Master Wu?"

Liu Ming nodded his head repeatedly and said with a smile, "That's a good idea! If we go, that old son of a bitch, Master Wu, and that son of a bitch, Wu Donghai, won't be grateful enough to kowtow to us?"

Liu Ming's heart trembled as he said this.

This was really going to fucking offend the Wu family to death!

Liu Guang's heart was beating just as wildly, but he looked at Ye Chen and could only continue with a hard scalp, "More than just kowtowing! I guess they'll all be grateful to kneel and lick with us, I've heard that Master Wu likes to acknowledge godfathers everywhere, maybe when he gets excited, he'll have to acknowledge me as a godfather or something."

"Master Wu likes to acknowledge godfathers?" Liu Ming was surprised and asked, "Why do you have this fetish?"

"Then who knows go." Liu Guang shrugged his shoulders and said, "I heard that the old immortal has recognized more than three hundred godfathers since he lived until now, so it's probably because this old immortal just likes to be a son to people."

717

Liu Ming now hurriedly picked up Liu Guang's words and said, "Then if I go to the Wu family, will that old immortal of the Wu family also want to recognize me as his father?"

Liu Guang snapped his fingers, "Hey, don't tell me, I think it's very likely!"

Liu Ming hurriedly said, "Oh daddy, that's no good! That old immortal calls us both father, so we're not the same generation, are we?"

Liu Guang pondered for a moment, nodded his head and said, "That makes sense, then I'll let him acknowledge me as his god-grandfather, that's always okay, right?"

Liu Ming hehe, "I think it works!"

Liu Guang then said, "Actually, this Wu family ah, all of them have a little special fetish, not only Wu Qi likes to eat shit and Master Wu likes to recognize his godfather, including Wu Donghai, he also has a special fetish."

"Really?" Liu Ming asked curiously, "What is Wu Donghai's fetish? Could it be that he likes to eat that stuff too?"

"That's not true." Liu Guang said, "I heard that ah, when Wu Donghai was young, he had a very strong cuckold plot."

Liu Ming curiously asked, "Dad, what does cuckold plot mean?"

Liu Guang said, "Hey, just like to be cuckolded ah, and the more you wear, the more he enjoys!"

Liu Ming exclaimed in awe, "Is it that magical?"

"Of course!" Liu Guang facially stiffened with two dry chuckles and said, "It is said that ah, when this Wu Donghai was young, he still had a particularly ambitious dream."

Liu Ming hurriedly asked, "What dream?"

Liu Guang said, "Dreaming of wearing 10,000 green hats, and feeling that life isn't complete enough even if one is missing!"

Liu Ming waved his fingers to calculate and said, "Dad, 365 days a year, one green hat a day, this Wu Donghai will have to wear for thirty years! The point is that his wife can't be idle all day!"

Liu Guang laughed, "Look, you don't understand this, who says people only wear one a day? People sometimes wear several tops a day, or even several at once!"

As Liu Ming heard this, he gave a thumbs up and exclaimed, "Or else people Wu family is awesome! It sure is powerful!"

Saying that, Liu Ming asked again, "Right dad, that Wu Xin, does he have any special fetishes?"

"Him ah?" Liu Guang laughed and said, "The Wu family is the most powerful of all this pups!"

Liu Ming curiously asked, "What?"

Liu Guang said mysteriously, "Actually, this pup, ah, is gay!"

"Huh?" Liu Ming exclaimed in shock, "Wu Xin is gay?!"

"Right!" Liu Guang took off, "Not only is he gay, but he's one of those characters in there who gets screwed by men! I'm telling you, don't look at him like he's out there all day, but he's a perverted pussy right behind the door! They say he loves to get with strong men, and several at a time, awesome!"

He said, "You know what? This Wu Donghai and Wu Xin's father and son have a bodyguard named Zhang Zizhou by their side, this person is awesome! Back then, he was a super expert at killing people without blinking an eye, and then he took a few of his brothers and followed Wu's father and son as a bodyguard, but this guy was also gay and just the type of person Wu Xin liked, so Wu Xin and these five bodyguards got together all day and night and had a great time!"

"Oh my God!" Liu Ming exclaimed, "So the Wu family is playing so excitingly! I'm so alone!"

Liu Guang laughed, "Let's put it this way, this Wu family ah, there is one to count, all of them are perverts among perverts and beasts among beasts!"

718

At this point, Liu Guang paused briefly, but still plucked up the courage to say, "But to be honest with you, Wu Donghai's wife is still very good-looking, and back then, she was also a famous beauty in the Suhang area!"

Liu Ming hurriedly asked, "Is that the one who likes to cuckold Wu Donghai and is even prepared to wear up to ten thousand hats?"

"Yes, yes, yes, she is!" Liu Guang said with an enthralled face, "I've really dreamed of having sex with her! Let me also give Wu Donghai a cuckold!"

Liu Ming was busy saying, "Dad, I've heard she's a visitor, why don't you bring me one too?"

Liu Guang smiled: "OK, then we're both walking here? It's not even nine o'clock in the evening, we drive, drive faster, more than twelve o'clock can be to Suhang, just can let Wu Donghai's wife to serve us well!"

"Gotta go!" Liu Ming also hurriedly smiled, "Then let's hurry up and leave!"

At this time, Ye Chen pressed the button to stop the recording and nodded his head in satisfaction, "Not bad, it seems that you two are quite talented at speaking comic dialogues, okay, hurry up and run for your lives!"

Liu Guang cryptically asked, "Master Ye, are you sending out this video?"

"Right." Ye Chen nodded and said, "I'll immediately send you guys Shakespeare on it, as soon as this phase of yours goes on Shakespeare, it's probably going to be an instant hit all over the net!"

Liu Guang was shaking with fear and said, "Master Ye, can you post the jitterbug later? If you send it now, the Wu family will soon come after us"

Ye Chen kicked Zhang Zizhou, who was like a dead dog, and said to Liu Guang, "Look at you, that wimp, what are you afraid of? The Wu family only brought these bodyguards with them. They're all lying here now. What are you afraid of? Are you afraid that Wu Donghai and Wu Xin will personally come after you and your son? I don't think they're as good as you two with that body, and when you four fight, it's definitely the two of you who will suffer."

When Liu Guang thought about it, it seemed that it was indeed the case.

The Wu family now had no one available in Jinling, and it would take time to transfer people over from Suhang, and by then, he and his son would have already run away without a trace.

Liu Ming said to Liu Guang on the side, "Dad, let's quickly go back and pack our things, then we'll drive to Yanjing overnight and buy the earliest plane to Malaysia tomorrow, in that case, the Wu family will definitely not be able to catch up with us!"

Liu Guang sighed and said, "This video of ours is to offend the entire Wu family, I am afraid that they will get angry and chase us both around the world regardless of everything"

Liu Ming shivered and said with some worry, "Dad, the Wu family shouldn't be so extinct, right?"

"No?" Liu Guang sighed, "Don't you know, Wu Donghai loves his wife the most ah" We insult his wife like this, I'm afraid"

Ye Chen didn't bother to listen to the two of them nonsense here, indifferently said: "I'm about to upload the video, if you two want to run, run quickly, if you run fast you can still live, if you run slow across the street don't blame me for not giving you a chance to live!"

Liu Guang came back to his senses and hurriedly said, "Master Ye, we're leaving now! Leave now!"

After saying that, he pulled Liu Ming and took off, "Quickly go, go home, pack up and go to Yanjing overnight!"

Liu Ming was also afraid of being chased by the Wu family and hurriedly nodded his head repeatedly.

Immediately after, the father and son fled nervously and wretchedly.

Hong Wu looked at their backs and respectfully asked Ye Chen, "Master Ye, just let them both go?"

Ye Chen nodded and said, "Don't worry, the two of them insulted the Wu family so much, the Wu family will definitely do their best to hunt them down, they may not live long, and even if they do, they'll be on edge for the rest of their lives."

Saying that, Ye Chen laughed, "And they may not have the guts to return home for a lifetime, they may not even dare to return home for burial when they die, otherwise, the descendants of the Wu family will definitely dig out their ashes and raise them!"

719

The Liu family's father and son fled for their lives, and Hong Wu suddenly felt that Master Ye's punishment was interesting, and without having to do it himself, it could be said to be the best punishment for the two of them to keep them on tenterhooks.

At this time, there were still five of the Wu family's bodyguards left in the compartment.

Hong Wu opened his mouth and asked, "Master Ye, what to do with these people? Do you think we should just kill them? It's still"

Ye Chen smacked his lips and said, "I need to think about this, do you have any good ideas?"

Hong Wu looked at the dead dog-like Zhang Zizhou, naturally incomparably indignant inside.

He would never have thought before that the Wu family would want to kill him.

It was really thanks to Master Ye that he was able to pick up his life today.

Otherwise, he would have already died under Zhang Zizhou's thumb!

Therefore, Hong Wu's hatred for the Wu family had instantly reached its peak at the moment.

He hated to cut Zhang Zizhou's five people to death by a thousand cuts.

Thus, he hurriedly said, "Master Ye, why don't you leave these five people to me!"

Ye Chen curiously asked, "What are you going to do with it?"

Hong Wu said coldly, "Take them all to the dog farm and let my dogs eat them all little by little in a month's time!"

Said Hong Wu, "Tonight, let my dog be the first to eat all the stuff in their pants!"

When Zhang Zizhou and the other five heard this, they all wailed in fear!

These usually murderous and powerful experts were now all afraid to death one by one.

Zhang Zizhou even cried up and down, begging bitterly, "Master Ye, Master Hongwu, I really know I was wrong![Jiujiu Fiction www.99xsw.info] please both of you have mercy and spare my dog's life!"

The other four people also begged and cried incessantly.

Ye Chen then looked at Master Hong Wu and smiled inscrutably, "They're just a few dogs of the Wu family, killing them doesn't mean much ah, for the Wu family, it doesn't matter if a few people die, it still has to be interesting in a different way."

Zhang Zizhou and the other five people let out a sigh of relief.

In any case, Ye Chen's words were considered to have saved their lives!

At this time, Master Hong Fifth hurriedly asked, "Master Ye, what kind of alternative do you think?"

Ye Chen thought about it and said, "How about this, leave some ink on all of their foreheads as well, and let them go back and show Wu Donghai properly."

After saying that, he turned to the five people and spoke in a cold voice, "Which one of you five will be the first to come?I'm telling you, there's a discount for the first person to engrave, the first person to engrave only four words, and the ones after that, one word in descending order!"

When Zhang Zizhou heard this, he thought of Liu Guang's miserable condition when the four words "Father of the Poor Hanged" were carved on the top of his head, his heart thumped, and he subconsciously wanted to beg for mercy.

However, one of them, knowing that there was no way to hide this time, shouted, "Me!!I'll be first!"

Next thing you know, someone shouts, "I'm second!"

"My third!"

"Me, I'm fourth!"

The four of them were almost like firecrackers, taking up all of the first to fourth in one breath.

Zhang Zizhou, who hadn't said anything, was only left with the fifth.

His expression was extremely depressed and he almost wanted to commit suicide on the spot!

720

The first person inscribed with four words.

The second person engraved five words.

A third person carved six words.

A fourth person inscribed seven words.

If I'm the fifth, I'll have to carve eight characters!

There's no place like this on your forehead!

Zhang Zizhou burst into tears, wiping his tears as he begged, "Master Ye, please just spare me this time, I will definitely saddle up and serve you in the future, I will do everything you tell me to do and be your dog"

Ye Chen indifferently said, "You are not qualified enough to be my dog, but if you continue to whine so much fart, I'll have Hongwu take you to a dog farm and feed his dogs!!, Ye Chen, will do what I say, if you don't believe me, try jabbering one more sentence!"

Zhang Zizhou was so scared that he shut his mouth tightly.

He was truly afraid of Ye Chen!

Since Ye Chen had said so, he didn't care if he let out any more fart, afraid that Ye Chen would really kill him!

At this time, Hong Wu picked up the dagger from the ground, walked up to the first one who raised his hand and asked, "Master Ye, what was the first one to carve?"

Ye Chen thought about it and said, "It has to be concise!How to be concise and clear"

Pondering for a moment, Ye Chen said off the cuff, "There, just carve Wu Xin silly bleep!"

The man was about to cry.

If he had carved four big words on his head, Wu Xin's stupid bleep, Young Master wouldn't be able to cut himself alive!

However, he didn't dare to have the slightest refusal at this point, because now he simply didn't have the power to refuse, and daring to say one more word might anger Ye Chen and send him to the dog pound to be fed to the dogs!

"Good."Hong Wu readily agreed, took the dagger and carved four words deeply into the man's face: "Wu Xin stupid bleep".

The man's face was dripping with blood, and the four characters on his face and forehead made the other four people feel chilled when they looked at him.

After the carving, Hong Wu pulled out the second person who had signed up and asked Ye Chen, "Master Ye, what did this person carve?"

Ye Chen thought about it and smiled, "This time it's five characters, so let's carve Wu Qi loves to eat shit."

Master Hong Wu nodded and immediately carved his own human calligraphy on the second person's forehead as well.

At this time, Zhang Zizhou discovered that there really were more characters the further back he went, so he shouted, "Fifth Master! I'm third, I'm third! Don't take anyone from me!"

Hong Wu pooh-poohed and asked with a sneer, "Where's that arrogant streak of yours? Why are you such a wimp now? What's the difference between a dog and a dog that snatches food?"

Zhang Zizhou hurriedly begged, "Fifth Master, just treat me as a dog and carve it for me first!"

Ye Chen frowned, went up and directly kicked Zhang Zizhou away, and said coldly, "You're really unruly, the four of them are little brothers who followed you from birth to death, and you even want to trap them at the end of a disaster?"

Zhang Zizhou was kicked far away and cried, "Master Ye, I'm just a cowardly master, just be gracious and let the fifth master carve me first"

Ye Chen coldly said, "Cut the fucking crap with me, you're last! If you bleep with me any more, I'll just carve an Exodus on your face!"

Hong Wu laughed, "Master Ye, the birth chart is very long, I'm afraid a face can't be carved!"

Said Hongwu, while reciting, counted with his fingers, saying: "The late emperor's founding is not yet half and the midway to the demise, today the next three points, Yizhou tiredOops, this is almost a full head full face"

Ye Chen waved his hand without any care and said, "There's still the neck if you can't carve the face, and the body if you can't carve the neck, the worst thing is to carve all the places he loves to be able to carve all over his body, so that he can usually look at and memorize the birth chart more, and also be considered to learn Zhuge Liang's loyalty and courage!"

Zhang Zizhou shuddered in fear and hurriedly cried and begged, "Master Ye! Master Ye I was wrong, I don't dare to bleep anymore, you're right, I'm the last one! I won't say a word, just wait honestly!"
