Chapter 901

Xiao Changkun deliberately mentioned the matter of the grove just to see Han Meiqing's blush.

Even if she was calm, when she thought of those unbridled youth and sweet and ambiguous past of the two of them back then, she would surely be ashamed.

Xiao Changkun felt that he just had to gradually make Han Meiqing think more about the past, and the thought of those heart-stirring past events would definitely stir up the fire within her that had been waiting for more than twenty years.

Naturally, Han Meiqing also knew what he meant, and in her shyness, she couldn't help but change the subject, saying off the top of her head, "Right, how is our former class teacher now?"

Xiao Changkun said, "It's not bad, but his legs and feet aren't too handy, and when we had our old school reunion last time, we even invited him to come to our alma mater once, and invited him to speak to us in the classroom."

"Really?" Han Meiqing exclaimed, "I'm so sorry I couldn't attend that party of yours!"

Xiao Changkun smiled, "That time we just had a small get together, and the ones who came were all old classmates who were local or near Jinling, and all of them were male."

Han Meiqing nodded and said, "Today's gathering seems to have quite a few classmates here, as I contacted several girls who were close to me back then, and they were all willing to come over."

"That's good." Xiao Changkun said with a smile, "Then we'll be able to have a good get together this time."

Han Meiqing said, "But I heard that Pan Yuanming seems to have been dealt with some time ago because of corruption issues? It's in custody awaiting indictment."

"Yeah." Xiao Changkun was furious at the thought of Pan Yuanming bringing that son-in-law of his to pretend with himself last time.

That old bastard from last time really didn't stop slandering and ridiculing himself in front of his old classmates.

Now that he had ended up in jail, he didn't know how beautiful he felt.

So, he chuckled and said, "Old Pan is a person who purely deserves it. How can you say that you work well and don't work well, thinking of using your position to engage in corruption all day long? Our teacher taught us back then that he didn't want us to be successful, but that we must become an upright person, and his kind of person belongs to the problem of being a human being itself!"

Han Meiqing nodded in agreement, most of the old intellectuals of their generation were actually very upright, and everyone had gone to college back then with the attitude of running to contribute to the country and to society.

Although Han Meiqing had been living in the United States, she had always been concerned about her country. For several major natural disasters in China, Han Meiqing had donated a large amount of cash and materials, and had even been commended by the country.

However, she had always kept a low profile, and had never talked about such things to the others, so the old classmates, including Xiao Changkun, didn't know that Han Meiqing was a remarkable charitable overseas Chinese.

Right at this moment, Xiao Changkun's cell phone suddenly rang.

He picked it up and took a look, and found that it was the WeChat group of the university's student union, a group that hadn't spoken for several days, but then suddenly someone's everyone, said, "Classmates, Miharu is organizing a class reunion today at noon, have you all rushed over?"

"I'm right here in Jinling, and I'm already preparing for the feast!"

"I'm on my way to Jinling, visually a hundred kilometers away, arriving in an hour and a half!"

"I just got off the plane!Specially flown in from Yanjing!"

At that moment, someone Xiao Changkun, said, "Changkun, come out quickly, your first love is back!You don't know it yet, do you old man?"

The one who spoke was Zhou Qing who had a good relationship with Xiao Changkun.

The last time Pan Yuanming was sarcastic to Xiao Changkun, thanks to him being there to help Xiao Changkun round out the situation.

When Xiao Changkun saw Zhou Qing, he smiled and sent a rolled-eye expression and said, "What makes you think that I don't know?Would you believe me if I told you that I'm with Miharu right now?"

Zhou Qing sent a voice and laughed, "I believe, of course I believe, what is the relationship between you two?Back then, the two of you were recognized in our school as, a match made in heaven!"

When Xiao Changkun heard this, he felt beautiful, so he also sent a voice over and laughed, "Haha, Zhou Qing you are net telling the truth!"

A female classmate in the class who was extremely close to Han Meiqing back then, Li Lan, followed right behind him and sent an angry expression, replying, "Xiao Changkun, you scum still has the face to laugh?You're the one who drove Miharu away in the first place!I haven't had the chance to meet Miharu-san in all these years!"

Xiao Changkun was suddenly embarrassed again, back then he had unintentionally drunkenly cheated on Ma Lan, but this matter was well known in the school, even now thinking about it was incomparably humiliating, it was simply the first great disgrace in his life.

Just when Xiao Changkun didn't know how to reply, a person in the group who hadn't spoken jumped out and directly sent a red envelope.

Xiao Changkun grabbed the red envelope long ago out of reflex, so immediately subconsciously clicked on this red envelope, and was surprised to find that he had received 200 yuan!

He just realized that many other students had received \$200.

Looks like it's a big bonus of \$200 each!

The first thing you need to do is to take a look at the newest addition to the list, which will be the first thing you need to do.

That's when the group exploded!

"I go, Boss Xie is awesome!"

"Yes! Boss Xie, who has been diving for 10,000 years, is a 200 yuan red envelope per person right off the bat, it's really not ordinary."

"I've long heard that Boss Xie has made a lot of money over the years, it's really worthy of the name na."

"That's right! Boss Tse, he's a famous Hong Kong businessman now, so what's this amount of money worth?"

The man sent a smiling face and a voice, speaking with a Hong Kong accent, and said, "Oh my gosh, Miharu is back from the US, I'm very excited, so I'll just send a red envelope to make everyone happy."

After saying that, he sent another red envelope.

Xiao Changkun looked at the other party's nickname as if he was thinking of Han Meiqing, so he was naturally upset.

However, seeing that the red envelope was sent out, he was reluctant to let go and not grab it.

So he could only scold this guy in his heart for being blind and proud, while reaching out to open the red envelope.

I didn't expect it to be another red envelope of 200 yuan per person!

Those two red envelopes, and the other side has given out over \$10,000!

There were many more compliments in the group all of a sudden.

The other party then laughed, "Attention everyone, the third round of red envelopes is here!"

After that, another red envelope was sent out.

Everyone rushed to grab it madly, and Xiao Changkun also had no shame in clicking to grab the red envelope.

As a result, this third red envelope was still 200 yuan!

Xiao Changkun was a bit puzzled, he really couldn't figure out who this person would be, after all, they didn't have any classmates from Hong Kong back then, they were all classmates from the mainland, so who the hell was this person with a Hong Kong accent?

That's when they issued a fourth bonus.

Thunderous 200 yuan each.

It was followed by a fifth red envelope, still 200 yuan

In just a minute or two, all the online students in the group had grabbed 1000 red envelopes.

But Han Meiqing never grabbed the other party's red envelopes.

At this time, "I miss that beautiful sunny day" said in the group again, "I flew from Hong Kong to Jinling this morning, and I am staying at Shangri-La Hotel, I heard that Miharu is also staying at this hotel. If it's convenient, go through my friend request, private chat and tell me your room number, and I'll come talk to you!"

After saying that, he also took a look behind Han Meiqing.

When Han Meiqing saw this, she couldn't help but tighten her brow and faintly said, "This Xie Wenru is still the same as he was twenty years ago, so fond of showing off!"

903

"Xie Wenru?!"

As soon as Xiao Changkun heard this name, his heart spilled over with jealousy.

This Xie Wenru, who was the head of the Student Union's Outreach Department at the time, was also a rich second generation from a very wealthy family.

Back then, he and Pan Yuanming, were both among Han Meiqing's suitors.

It was just that at that time back then, Han Meiqing had no interest in either her or Pan Yuanming, so even though Xie Wenru had been pursuing Han Meiqing for years, Han Meiqing remained unmoved.

After Xiao Changkun and Han Meiqing were together, Xie Wenru confronted him in all sorts of ways, always trying to make a fool of himself in front of Han Meiqing.

Later, after Han Meiqing broke up with Xiao Changkun, he immediately realized that he had the perfect opportunity, so he began to pursue Han Meiqing like crazy.

However, Han Meiqing still didn't accept him, and went to the United States directly.

Xie Wenru's family was very well-off at that time, his father had established his business in Hong Kong long before he went to university, and could be said to be the first batch of tycoons who got rich after the opening of the country.

Therefore, Xie Wenru had a strong family background to support him, so he simply bit his teeth and stomped his feet, chasing Han Meiqing to the United States.

Unfortunately, even after arriving in America, Han Meiqing still didn't accept him.

Xie Wenru saw Han Meiqing finally fall in love with an American, which is why he left the United States in disgrace, and since then, he went to Hong Kong.

More than 20 years had passed and he had become a well-known and successful businessman in Hong Kong.

Xiao Changkun was not feeling well because he knew that what he lacked most now was money, and what Xie Wenru lacked the least was money.

Who would have thought that Xie Wenru had sent tens of thousands of dollars in one go just by sending red envelopes to the group of old classmates.

At this time, the students in the group who had received the red envelopes all continued to compliment him.

"Boss Xie is really devoted to you, he couldn't sit still once he heard that Mei Qing was coming back."

"Boss Xie, you're not afraid that Miharu's husband is jealous?"

"That's right, you're so positive to run over there, go over there and see someone Miharu and her husband sweet and sweet, don't you pierce your old heart that has been beating forty or fifty years, to pieces?"

"How are you going to explain that to your own wife when you get home?"

At this time, Han Meiqing's best friend, Li Lan, sent a silent expression to the group, saying, "You all shouldn't be discussing this here, Meiqing's husband, passed away some time ago"

As soon as Leland said this, the old classmates in the group immediately sent out a prayer expression with their hands clasped together.

There were also many people inside Han Meiqing, saying, "Meiqing sister, condolence!"

However, although everyone said so on the surface, most of the male students didn't feel sorry about this at all.

Xie Wenru, in particular, didn't know how excited he was when he heard that Han Meiqing's husband had passed away.

What he had been waiting for was to have a chance to be truly together with Han Meiqing.

After all, this was the woman he couldn't get back then no matter how hard he tried.

Now that her husband had passed away, wouldn't that make him even less of an obstacle?

904

So, Xie Wenru immediately replied in the group, "Hey, my wife also passed away a long time ago, it seems that Meiching and I share the same fate"

Some good old classmates, hearing this from him, immediately said in the group, "Oh my, then you and Mei Qing, isn't this a match made in heaven?"

The other few old classmates who took his red envelope also chimed in.

Someone even said, "Oh my, Wenru, you and Han Meiqing are both widowed now, then the two of you are really perfect for each other, and I remember that you had a crush on Meiqing back then, you must work hard, we old classmates all wish you the best from the bottom of our hearts!"

When Xie Wenru heard this, he immediately laughed and said, "Then I'll thank my old classmates in advance for their blessings, but this matter is still up to Mei Qing."

Saying that, he added, "Regardless of whether Mei Qing answers me or not, I have decided to return to Jinling for the long term this time."

"No, right?" Someone in the group exclaimed, "Wenru, hasn't your family been in Hong Kong for many years? Why have you suddenly decided to return to Jinling at this time?"

Xie Wenru said, "Mei Qing she has lived in the United States for so many years, but now she has decided to come back, right? It seems like it's still our Jinling, it's the place where we spilled our youth, sweat and tears back then, I'm planning to retire in Jinling this time back!"

Xiao Changkun couldn't hold back any longer at this point, he immediately posted in the group, "Xie Wenru, I advise you not to settle in Jinling, Mei Qing didn't look down on you back then, and she can't look down on you now, so don't make fun of yourself!"

In fact, Xiao Changkun was very nervous and inferior at this point in his heart.

In his opinion, Xie Wenru is now a big Hong Kong businessman, worth billions of dollars, and is so much better than himself that he doesn't know where to go.

He himself hadn't had a good life all these years, and compared to the spirited self of his college days, it was a world of difference.

Most importantly, he and Ma Lan are not divorced yet and belong to a married man, while others Xie Wenru is now a widow!

It just so happened that Han Miharu was also widowed, so the two of them were together, so that was a true condition fit.

So, no matter how they compared, they were at a disadvantage.

After not seeing Han Meiqing for so many years, Xiao Changkun couldn't figure out what was in Han Meiqing's heart right now, what if she was right with Xie Wenru at the noon party?

Xie Wenru now saw that Xiao Changkun had spoken in the group and said with a smile, "Oh my, I thought that our original student union president, Lord President, would only be stuffy and snatch red envelopes, but I didn't think that Lord President had finally spoken."

As soon as Xiao Changkun heard this, his face immediately turned red, as the saying goes, eating others' soft mouths and taking others' short hands, he had just snatched several 200 yuan red envelopes, and now that he had been so spoken to, this face was really a bit unable to hang on.

It's just that there's no food in your pocket and you're panicking.

The actual actual time you'll be able to get your own personalized personalized website, you'll be able to get your own personalized website.

This is why he has long wanted to become accustomed to grabbing every red envelope.

The first thing that Xie Wenru did was to grab them first.

The first thing he did was to grab it first. The result is that each red envelope is worth 200 yuan.

The loss was more than offset by the gain.

Xie Wenru saw that he was silent, and continued to ridicule him, "Lord Chairman this official frame is enough, it's been so many years since graduation, and you still want to order me?"

Xiao Changkun returned with a hard scalp, "I'm not ordering, I'm advising you, for your own good."

Xie Wenru replied immediately after, "For my good? You won't let me go back to Jinling and stay with the others for my own good? I think you're the one who still can't forget Miharu after all these years, afraid that I'll settle back in Jinling and become a rival with you!"

905

Hearing Xie Wenru's words, Xiao Changkun felt a little weak in his heart.

He was indeed afraid of Xie Wenru becoming his rival, but he definitely couldn't say such words inside the group of classmates.

After all, he was now a married man.

So, he could only say in the group against his will, "I'm afraid that you'll suddenly feel uncomfortable returning to Jinling after being in Hong Kong for so long. We are old, the body is also old, rashly change a different city of water and soil, it is not likely that the body is going to have problems."

Xie Wenru made two accusatory laughs and spoke up, "I'm in good health, so I don't need you to worry about it."

Xiao Changkun didn't bother to pay any more attention to him, stuffing his phone into his pocket and saying to Han Meiqing, who was beside him, "Meiqing, let's go inside and take another stroll."

Han Meiqing nodded and continued to stroll around the alma mater with him.

At 10 o'clock, Han Meiqing looked at the time and said to Xiao Changkun, who was beside him, "The class reunion is at 11 o'clock, I think it's about time, let's go over there now."⁷⁸ Chinese First Release

Xiao Changkun nodded and said with a smile, "Okay."

Then, he drove his BMW 5 Series and brought Han Meiqing to the Splendid Clubhouse.

This time, what Paul had booked for Han Meiqing was the fourteenth floor of the Splendid Clubhouse, which was already the topmost floor that normal members could reach.

Xiao Changkun couldn't help but be surprised!

Last time, he had only gone to the tenth floor once because his son-in-law, Ye Chen, knew Master Hong Wu.

But never would have thought that this time Paul would be able to book directly to the fourteenth floor!

It was said that the fifteenth floor was for the Song family's own use and was not open to the public, which meant that Paul should be a member of the highest class here.

Moreover, the tenth floor of the glorious club is already very, very luxurious, then the fourteenth floor is not going to be luxurious to heaven?

Following the elevator all the way up, Xiao Changkun could not help but ask Han Meiqing, who was beside him, "Meiqing, does Paul have a good relationship with the Song family?"

Han Meiqing nodded and said, "After all, there's been a partnership for so many years, and we've helped them solve a lot of trouble legally, so the Song family is quite polite to us."

Xiao Changkun was impressed in his heart, it seemed that Paul, a young man, was really young and promising.

The two of them arrived at the fourteenth floor's massive luxury box, where many of their old classmates were already waiting in the box.

This compartment had a table that could hold 50 people for dinner at the same time, the table was huge and very, very luxurious.

The entire table was electric, and as long as one sat there, the food would rotate repeatedly and evenly in front of him or her, ensuring that everyone could taste every dish.

Moreover, such a large table, filled with dishes that could hold 100 dishes, was incomparably extravagant.

It is said that the standard for such a meal is at least 20,000 per person to start.

There were more than 40 old classmates over today, many more than last time, and it was estimated that Paul's expenses for this reception would be at least one million.

Seeing Han Meiqing and Xiao Changkun coming in together, many of the old students were stunned.

Some good people directly provoked the question, "Mi Qing, why did you come with Xiao Chang Kun?"

"Did you two run into each other down there by chance? Or did you two meet up here together?"

In the crowd, an elderly man in a high-class suit with a big back hair and a great sense of style, was staring at Han Meiqing with one pair of eyes, he was Xie Wenru.

906

Xie Wenru had been waiting for Han Meiqing since he entered the compartment, and now that Han Meiqing was here, he naturally couldn't take his eyes off of each other.

He found that Han Meiqing was still so beautiful, so outstanding, and so enchanting.

He couldn't imagine that Han Meiqing was already 50 years old and could still be so magnificent.

This also strengthened his conviction to pursue Han Meiqing.

But he never expected that Han Meiqing, whom he had missed for more than 20 years, would walk in together with Xiao Changkun, the scum who had hurt him.⁷⁸ Chinese Update Fastest Computer End:<https://>

He couldn't help but feel angry and stood up and questioned Xiao Changkun, "Xiao Changkun, why do you still have the nerve to come up here with Mei Qing? We all know what you did to Miharu back then. If it wasn't for you, Miharu wouldn't have been able to cross the ocean and live in America for so many years! You should be incredibly ashamed of her in your heart, I wouldn't even have the face to come if I were you!"

Xiao Changkun was also very angry, and he said in exasperation, "Xie Wenru, don't speak so excessively. Anyone with a clear eye knows what happened back then, you can't blame me at all!"

Saying that, he added, "You think I've been better off for the last twenty years? I tell you, I've regretted and been more ashamed than anyone else in the last twenty years or so!"

Xie Wenru took the blame and said, "You're right to be ashamed! So I advise you to leave quickly, you shouldn't have come to this meal."

Han Meiqing suddenly opened her mouth at this time and said in a roundabout way, "Okay okay, you guys don't take those old sesame seeds and rotten grain things from the past anymore, it's not like that young time when they all liked to talk about gossip, now they are forty or fifty years old, why are you still talking about this?"

Afterwards, she looked around the room and said seriously, "Every one of you here was personally invited by me, so there should never be any unpleasantness between you."

Xiao Changkun sneered at this time and said to Xie Wenru, "Xie Wenru, did you hear that? Even Miharu said so, what right do you have to drive me away?"

After saying that, a slap on the head, said, "Oh, right, I forgot to tell you, I didn't just come up here with Miharu, I picked her up at the hotel where Miharu lives early this morning, and then we went to the alma mater together for a walk, reminiscing about our youth back then, and then I came over to meet you guys, what? Do you have a problem with that?"

When Xie Wenru heard this, he was furious.

After all, he had only had a one-sided crush on Han Meiqing all along, unlike Xiao Changkun.

Xiao Changkun and Han Meiqing, but they had actually been together for a long time back then.

And the two of them were really a couple back then, the most recognized and standard pair in the entire school.

So, there were many stories between these two, and the fact that the two of them had returned to their alma mater together to reminisce about the past, that in itself seemed a bit ambiguous.

Xie Wenru was very depressed and didn't know how to refute when young Paul pushed the door in and smiled to Han Meiqing, "Mom, I've already greeted the Song family's butler, Yu Bo, today today you and your classmates are here for a party, he will arrange everything properly, so don't worry about it, just party with your aunts and uncles."

When the crowd saw Paul, they were amazed, and one woman took off, "Oh, Miharuru, this is your son, isn't it? So handsome!"

Han Meiqing nodded gently and said to everyone, "Come, let me introduce you all, this is my son, his English name is Paul Smith."

Another person exclaimed, "Oh my, Han Meiqing, your son is still a mixed race, he's the one you had with that American husband of yours, right?"

Han Meiqing laughed and said, "If it wasn't with my husband, who else could it be with?"

The crowd was laughing.

Xie Wenru spoke up at this time and asked, "Hey, right Mei Qing, Paul should have a Chinese name too, right?"

Han Meiqing nodded and said with a smile, "Of course I have, Paul's Chinese name is with my last name."

The crowd hurriedly asked curiously, "Then what is Paul's Chinese name?"

Paul smiled slightly and opened his mouth to say, "Uncle and Aunt, my Chinese name is Han"

Before the latter words came out, Han Meiqing hurriedly interrupted, "Today is our party, not a party with my son, let him go first, let's catch up with these old people!"

907

Paul saw that his mother didn't want anyone to know his Chinese name, so he smiled right then and there and said, "Uncles and aunts, you eat, drink and enjoy yourselves, I'll be leaving first."

Xiao Changkun hurriedly said, "Oh my Paul, what's your hurry to leave? Why don't you eat with the rest of us?"

The reason why he was talking to Paul at this time was to let others see that he and Paul already knew each other, so that everyone would be able to guess that he had already met Han Meiqing long before this party.

This way, people would naturally know that the relationship between the two was extraordinary, and this would also make those who had thoughts about Han Meiqing, know that it was difficult to retreat.

As soon as others heard the conversation between these two, they also did have the feeling that something wasn't quite right, how could Xiao Changkun be so familiar with Paul?

Paul smiled at this time and said to him, "I won't eat with my aunts and uncles at noon, because I have things to do in the afternoon."

Said, specifically to Xiao Changkun, I asked Mr. Ye to come to my company in the afternoon to help me check the feng shui, I have to go over to entertain him.⁷⁸ Chinese first <https://https://>

Xiao Changkun nodded with a smile and said, "This son-in-law of mine doesn't have any other skills, but he can still read feng shui, let him give you a good look at it then, he will never dare to ask you how much money, otherwise, wouldn't yesterday's wine be in vain?"

Said Xiao Changkun, "How about this, I'll give him a call and ask him to just give you a free pass!"

Xie Wenru, who was on the side, was very depressed when he heard this.

What was going on? Had this Paul and Xiao Changkun, and Xiao Changkun's son-in-law, already been drinking together?

When was this? Was it yesterday?

Didn't Han Meiqing just arrive in Jinling yesterday? You just arrived yesterday and had dinner with Xiao Changkun and the others? That's some special treatment!

Thinking of this, Xie Wenru was feeling a bit uncomfortable. Not only did he secretly wonder, did Han Meiqing still like Xiao Changkun now?

Paul, at this time, smiled and said to Xiao Changkun, "Uncle Xiao you don't have to be so polite, if you let Mr. Ye help me get rid of the bill, then I'm embarrassed to ask him to look at it for me."⁷⁸ Chinese initials.

Han Meiqing, who was on the side, also smiled and said, "Changkun, we don't need to interfere in the children's affairs."

Xiao Changkun glanced at Xie Wenru, and when he saw that his expression was depressed, he knew that he had achieved his goal, so he didn't continue to talk to Paul about this, and instead said to him with a smile, "Okay, then you go ahead and get busy, I'll take care of your mother here, so don't worry."

When Xie Wenru heard him say that, he was even more depressed. Why do I feel like you're Paul's stepdad?

Thinking of this, Xie Wenru held a fire in his heart and secretly thought, "Xiao Changkun, Xiao Changkun, you already stole Han Meiqing once 20 years ago, now if you still dare to ruin my good fortune again, then I will definitely not let you go!"

So, he deliberately said in a loud voice, "By the way Xiao Changkun, where is your wife?What's the name of that shrew who's famous throughout our academy?Seems like his last name is Ma, what's his name Ma who knows?"

An old student in the class laughed and said, "Call Mashi!"

"Right!It's Marashi!"Xie Wenru smiled and said, "Xiao Changkun, I heard that you and Ma Lan are very much in love, your relationship should have deepened over the years, right?Why didn't you call Mashi along today?"

As soon as Xiao Changkun heard him mention Ma Lan, his face immediately couldn't hang up, and he said offhandedly, "Xie Wenru, which pot is not to be mentioned here.Ma Lan isn't a student in our class, so why is she here?"

908

Xie Wenru left his mouth and laughed, "You, you need to figure it out, you are a married man after all, so just don't mess around with other women, and don't have ill intentions towards other women, or else once a shrew like Ma Lan finds out, he will definitely not spare you."

Xiao Changkun was on fire and took off, "Xie Wenru, what are you talking nonsense here?When did I get into trouble, when did I have ill intentions towards other women, I'm telling you, don't think that just because you have two stinkin' dollars that you can call foul here, I, Xiao Changkun, won't eat your shit yet!"

Han Meiqing's expression was embarrassed, and her voice became a little angry as she said, "You two aren't finished, are you?What did I just say, we're here for a class reunion today, not for you guys to fight and get annoyed, if you're still like this, then I'm leaving!"

Xiao Changkun said innocently, "Mei Qing, you heard it too, it's all because of this old bastard Xie Wenru who is fanning the flames!"

At any rate, Xie Wenru was a well-known Hong Kong businessman, and was usually provided for wherever he went, so when he was called an old bastard by Xiao Changkun, he was naturally very dissatisfied.

So he slapped the table and stood up, shouting angrily, "Xiao Changkun, who the hell are you calling an old bastard?"

Xiao Changkun's this also came up, looking at him angrily and said, "I'm talking about you, what's wrong?"

Xie Wenru said coldly: "Xiao Changkun, don't think I can't do anything to you just because you're an old classmate, I'm telling you, if you really provoke me, I'll make you eat your heart out.Not even weighing what strength you have to scream at me?"78 Chinese Fastest Mobile Phone End: <https://>

Xiao Changkun was a little guilty all of a sudden, to say that strength, where is there anything that you can do, you may not even be able to take out 10,000 yuan now.The first thing you need to do is to take a look at the company's website. ア78中文ヤ~(8)~1~ww.7~8z~w.còm<first, domain, please remember

If he really angered Xie Wenru, he might not be able to afford to offend him.

Just as he was riding the tiger, Paul hurriedly spoke up, "Two uncles, this game today was set up by my mother, so please also give my mother face and don't argue over the game my mother set up."

Xiao Changkun immediately took advantage of the situation and spoke out of turn, "Paul, Uncle, for your sake, don't be common with him!"

Xie Wenru said in exasperation, "After you scolded me, you still say that you don't want to get along with me? Do you believe I'm going to smack you right now with my big mouth?"

Han Meiqing's face floated a layer of frost as she coldly questioned, "Xie Wenru, what exactly do you want? If you really don't listen to the advice, then I can only ask you out, so don't blame me for disregarding my classmate's feelings."

Xie Wenru was furious in his heart, it was obvious that he was the one who had been scolded, why wasn't this Han Meiqing facing him at all?

Xiao Changkun also felt unable to hang his face, being scolded by him in public like this, how should he respond? Rigid? Will he really come up here and smack himself?

Just at this time, an old man, about 60 years old, stepped in.

When the old man saw Paul, he smiled and said, "Mr. Paul, the back kitchen is ready for dinner, I don't know if you can start the food over here."

Paul looked at the old man and said in amazement, "Oh Über, why did you come here in person?"

The sound of a Yu Bo made everyone at the dinner table look like they were in awe!

Yu Bo? Could it be Yu Bo, the butler of the Song family in Jinling?

Everyone knew that Uncle Yu was a very important and respectable person in Jinling!

909

As soon as Xie Wenru heard that this person was Yu Bo, he also immediately put away that arrogant face he just had towards Xiao Changkun.

Because when he was still a student in Jinling in the early years, he had known that the Song family was very strong, and also knew that the Song family was now the strongest family in all of Jinling.

He is now a famous Hong Kong businessman and has a billion dollar fortune, but he is still far from the Song family.

The Song family's assets were hundreds of billions of dollars, a hundred times greater than his own, so the Song family's housekeeper's status was also much higher and more powerful than his own.

Paul was also a little flattered at this time, he really didn't expect that Yu Bo would be able to come over personally.

Mr. Yu Bo smiled and said to Paul: "Mr. Paul, the Song family has been cooperating with your family's law firm for not just one or two days, when we were just developing the export business in the direction of the United States, I accompanied our master to the United States. Very nice, but you were still in school at the time and probably didn't know much about it." [78 Chinese First https://https://](https://)

At this point, Yu Bo added, "So, you are the son of the deceased to the Song family, so how can we slack off? If we slack off, it looks like we're not treating guests well."

Paul nodded gratefully and said, "Yu Bo, if there's a chance, please thank Master Song for me, and also tell Master Song that I might be slightly busy in the next few days, and after I've dealt with things here, after the company has settled down and started on the right track in Jinling, I'll definitely pay a visit."

Yu Bo nodded and smiled, and said, "You can just contact me directly then, and I'll help you arrange a time with the old man."

With that, Yu Bo said, "Okay, I won't bother you here any longer, but since I can serve the food, I'll have the back kitchen get up quickly."

Paul said, "It's just as well I'm leaving, Yu Bo, let's both go out together."

"Good." Yu Bo nodded.

Yu Bo was about to leave, Xie Wenru hurriedly stood up and said respectfully, "Hello, Yu Bo, I am Xie Wenru from Hong Kong Huishui Trading Company, nice to meet you!"

Yu Bo looked at him a little surprised and asked curiously, "Sorry, I don't seem to remember this company, does your company work with the Song family?"

Xie Wenru hurriedly said respectfully, "I won't hide it from you Yu Bo, I have always wanted to cooperate with the Song family, there hasn't been a good opportunity, if possible, I hope that Yu Bo can help introduce you."

Yu Bo smiled politely and said, "Thank you for looking up to the Song family, but the Song family's requirements for partners are very high, with all due respect, if it's a company that Yu Bo hasn't even heard of, it's basically unlikely that he'll be able to work with the Song family."

Someone like Yu Bo, who had been a great steward for many years, knew the entire family's business like the back of his hand, and knew the top companies, big companies, and well-known companies all over the country.

If a company he hadn't heard of, then it must not be very large, at most it would be second-rate.

It was impossible for a family as huge as the Song family to work with a second-rate company.

Xie Wenru's expression was somewhat embarrassed, he didn't expect to be rejected so simply by Yu Bo.

Although the other party didn't put it very directly, the meaning of it was already clear to all.

This caused Xie Wenru to feel a little frustrated inside, but he didn't dare to show any dissatisfaction, so he could only respectfully and humbly say, "I'm sorry, Uncle Yu, it's someone Xie who's abruptly abrupting Meng Lang!"

After saying that, he sat back down with a bit of resentment, feeling a hot flush on his face, should have known that he wouldn't be asking for trouble, not only did he not get any benefit, but he also lost face in front of his classmates.

Paul then looked at the crowd and said, "Uncle and Auntie, you can gather here, I'll be leaving first."

After saying that, he also said specifically to Xiao Changkun, "Uncle Xiao, I'm leaving first."

Xiao Changkun looked at Paul as if he was looking at half a son, and said kindly and amiably, "Fine, fine, then you should go and get busy."

When Yu Bo saw Xiao Changkun at this time, he was surprised and said, "Oh my, you are Mr. Xiao, aren't you?"

Xiao Changkun did not expect that the Song family's great butler and famous Yu Bo would know him, so he asked him in surprise, "YouHow do you know me?"

Uncle Yu said respectfully, "Mr. Xiao, I'm not hiding anything from you, Master Ye has been very kind to the Song family, everyone in the Song family is grateful to Master Ye for his kindness, don't dare to forget it! You are also Master Ye's father-in-law, so how can I not know you?"

Xiao Changkun suddenly realized!

Turns out it's on the face of his son-in-law Ye Chen ah

I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that.

The other side of Paul was shocked, he naturally knew that the Master Ye that Yu Bo was talking about was Ye Chen.

But he really didn't expect that Ye Chen was so awesome.

Even Yu Bo, the Song family's great steward, respectfully called him Master Ye.

And according to what he said, Ye Chen was a great benefactor to the entire Song family, was it a favor that Ye Chen could see by reading feng shui?

Yu Bo was very respectful at this time and said to Xiao Changkun, "Mr. Xiao, I didn't expect that you would be at this table today, in that case, then Yu Mou will be serving your table today specifically, you can directly command Yu Mou if you have any needs."

Xiao Changkun's classmates were stunned, many of them were Jinling locals, everyone knew how strong the Song family was, so no one thought that Xiao Changkun would still have this kind of face.

Xie Wenru was also shocked.

He couldn't figure out why Yu Bo, who didn't even care about himself, was so polite to Xiao Changkun!

Xiao Changkun's situation himself had made inquiries, and it was nothing more than a down-and-out household.

The Xiao family has long since failed, and is now basically cold, he Xiao Changkun himself definitely has no capital, nothing more than an old hangman.

However, why did Uncle Yu respect him so much as an old hangman?

Just because of his son-in-law called Master Ye?!

Thinking of this, this Xie Wenru was curious about Xiao Changkun's son-in-law.

Thus, he whispered and asked a student beside him, "Who is Xiao Changkun's son-in-law?"
