

Identity 931

Chapter 931

Seeing Ye Chen, Ma Lan's heart was already filled with hatred.

Although she had believed the police's claim that Ye Chen was also an exploitative tool in the eyes of those transnational criminals, not saving a counterfeit bank card.

However, after all, all these robberies of her own started from his card, if it wasn't for his card, she wouldn't have suffered these grievances, so naturally in her heart, she thought of Ye Chen as the biggest culprit.

Because of this, she naturally couldn't give him any good looks now that she saw Ye Chen.

But suddenly being yelled at by a police officer like that still shocked her.

When she thought that she might be watched by the police at all times in the future, Ma Lan felt incomparably uncomfortable.

But there was nothing she could do about it, who had gotten herself involved in such a huge whirlpool.

So, she could only hold back the hatred for Ye Chen in her heart and be honest.

When that police officer saw that she was honest, he said to Ye Chen, "You are her son-in-law, right?"

Ye Chen nodded his head and said, "I am." Remember the URL . kanshu8. net

The police officer then said, "Okay, then come over and sign a document with me to prove that you've claimed the person."

Ye Chen then followed the police officer to sign a document before asking him, "Can we go now?"

That surprisingly nodded and said, "It's okay, you guys can go."

So Ye Chen said to his mother-in-law, "Mom, we can go, I'll take you to the hospital."

Ma Lan gritted her teeth in anger, but didn't dare to say anything harsh, and could only act in front of the police officer: "Oh my, my good son-in-law, you assist me, or I can't walk on this leg."

Ye Chen then went to her side, and withstood the stench from her body, and assisted her up.

Ma Lan's right leg was incomparably painful, the slightest movement was excruciatingly painful, but the current Ma Lan was no longer the same Ma Lan, the previous Ma Lan had never suffered any loss or bullying, but the current Ma Lan, after these two days of intense beatings, had developed quite a strong ability to endure.

In her opinion, the pain of a broken leg was nothing compared to the pain and torture in the detention center.

She can't help but remember the song by Zheng Zhihua who said that this little pain in the storm is nothing

As long as I can get rid of this nightmare of the detention center, even if I break two legs, it's worth it as long as I can get out.

Ye Chen assisted his mother-in-law out of the detention center, a broken Jetta taxi at the entrance, which had been waiting here, was the taxi he had taken when he came here, so he said to Ma Lan, "Mom, let's get in."

Ma Lan was incredibly depressed at the sight of this dilapidated taxi!

I've been through so much, it's hard to get out, so I need a nice car to take me home, right?

Why don't you bring your husband's BMW 530 here?

And the result? I've never seen a BMW before, and you let yourself be a cabbie!

Ma Lan was incomparably angry, wanting to scold Xiao Changkun, and even more so Ye Chen.

But the worst part was that although she was extremely angry, she couldn't get angry with Ye Chen.

She didn't dare to get angry with Ye Chen because of the bank card thing, nor could she get angry with Ye Chen because of the taxi thing.

She could only hold her anger in her heart, uncomfortable and almost about to explode.

Afterwards, Ma Lan was depressed and got into the dilapidated taxi with Ye Chen's help.

After getting into the taxi, Ye Chen said to the taxi driver, "Hello master, going to the emergency department of the People's Hospital."

932

That driver hurriedly started the taxi and headed to the People's Hospital.

Ye Chen, who was sitting in the passenger seat, opened his mouth and said to Ma Lan, "Mom, I've already called Churan, she's on her way over to the People's Hospital now, so I'll take you to have your leg looked at first later."

Ma Lan gave a hateful cold snort, then angrily turned her face out of the window and said in a gloomy voice, "It's really useless to have a son-in-law like you, you'll only cause trouble for me!"

Ye Chen deliberately asked, "Mom, what do you mean by that? When have I ever gotten you in trouble again?"

Marashi glared at him through the rearview mirror and said coldly, "Don't ask! Think for yourself, ask me and I won't tell!"

Ma Lan had been warned many times by the police, and now she said that she didn't dare to get angry directly at Ye Chen, so she could only get angry in this obscure way.

Ye Chen naturally knew what this strange mother-in-law of his was thinking, so he deliberately said, "I'm sorry well, I really can't think of any trouble I've caused you."

Ma Lan was so angry that her chest was rising and falling, several times the words of angrily scolding Ye Chen had reached her mouth, but in the end, she could only endure it back, the feeling, like a throat.

So she could only temporarily not think about it, forcing herself to bring the topic to Xiao Changkun and open her mouth to question, "Who exactly did your father he go partying with?When did you go?"

Ye Chen said, "I went there in the morning, but I don't know exactly who was there, because I didn't ask him." A second to remember to read the book

Ye Chen knew very well that if his mother-in-law knew that his father-in-law had gone to a party with his first love and their classmates, he would be so angry at this point that he would smash this taxi.

So he simply played dumb and let her ask her father-in-law directly then, he didn't want to get involved in the muddy water between the three of them.

Ma Lan's heart was on fire, her mouth scolded, "Didn't they just get together a while ago?What's going on?It looks like he's had a pretty chic time the last two days I've been locked up in the guardhouse!"

Saying that, Ma Lan immediately pulled out her cell phone, so she called Xiao Changkun.

At this moment, Xiao Changkun was at the Splendid Clubhouse, playing with Han Meiqing and a bunch of old classmates.

Xiao Changkun himself was also in a good mood because none of his old classmates, including Xie Wenru, dared to ridicule him anymore.

In the face of Ye Chen, Yu Bo personally served Xiao Changkun and his group of classmates, a face that was rare in Jinling.

So those old classmates of Xiao Changkun couldn't help but be impressed by him.

Everyone ate an incomparably rich lunch in the clubhouse, and since everyone was still in the mood, Han Meiqing directly asked for a private room in the brilliant clubhouse, and everyone began to sing.

The KTV environment of the brilliant club can be said to be the best in the entire Jinling, dozens of old classmates sitting inside is not crowded, but also very generous, the decoration inside is naturally incomparably luxurious, all kinds of facilities are both advanced and comfortable.

But the only bad thing was that there were too many people at the party, and everyone ordered a lot of songs in one breath, so there was a long queue to sing.

Xiao Changkun specifically ordered a song called "Knowing Lover", and it took him more than half an hour to finally wait for his song, so he picked up the microphone and then handed the other microphone to Han Meiqing, saying attentively, "Meiqing, let's sing this song together."

?Knowing Lover was originally a duet love song, and it was still very famous to the older generation.

Moreover, the two singers who sang this song were also a couple in real life, so it added a bit more sweetness to the song.

As soon as the old students saw that Xiao Changkun had ordered this song and had specifically invited Han Meiqing to sing it with him, they couldn't help but all get up in arms.

Someone said, "Oh my Changkun, you purposely ordered such a song and invited our beautiful Han to sing with you, what are your intentions?"

Someone else said, "Hey, can't you figure that out about him? Definitely Sima Zhao's heart is known to everyone on the road."

Someone even stammered Xiao Changkun, "Oh my, people Changkun and Mei Qing were supposed to be two, they haven't seen each other for more than 20 years, singing such a song together, that's really just right!"

When Xiao Changkun heard this, he was so happy that he couldn't close his mouth at all.

At this time, he could not have imagined that his nightmare would soon be upon him!

933

Although Han Meiqing was blushing a bit at this point, she still took the microphone generously and said with a smile, "Don't misunderstand me, classmates, it's just singing a song together, isn't it? If there's someone else who is willing to sing with me, I'm fine with it ah."

Xie Wenru was a little upset in his heart, he felt that you, Xiao Changkun, were a married man anyway, how could you openly invite your goddess to sing this kind of duet love song?

But when he thought that Xiao Changkun's son-in-law could be so important to Uncle Yu, such words were swallowed back down when they reached his lips.

Xiao Changkun always had an excited smile on his face, always couldn't help but sneak a glance at Han Meiqing, his heart was already surging deep inside.

Han Meiqing accidentally glanced at Xiao Changkun and saw that his eyes did not conceal his obsession with himself, and could not help but blush a little.

At this time, the prelude to the song had already sounded.

Han Meiqing then held the microphone and focused on the screen.

As soon as the intro had passed, Han Miharuru took the lead in singing the female part of the song.

"Let my love stay with you forever"

"Do you have the feeling that I'm worried about you." First URL m. kanshu8.net

Han Meiqing's singing voice was very beautiful, and to these old men, it was like heavenly music that mesmerized them.

Xiao Changkun even more so, he got goosebumps all over his body, he felt that Han Meiqing's voice was as good as a professional singer even when compared to a professional singer.

The students were also thundering with applause.

Han Meiqing had already finished singing her female part, then it was Xiao Changkun's turn to sing his part.

Just as Xiao Changkun picked up the microphone and prepared to sing with deep emotion, his mobile phone on the ktv coffee table suddenly vibrated.

He subconsciously looked down and was suddenly shivered by the two words on the phone's screen.

The name of the person on the phone's caller ID is "wife"

What the hell?

Xiao Changkun's emotions collapsed instantly!

Ma Lan has been missing for two days and two nights and her phone has been turned off and can't be reached, why would she call herself now?

Did

Is this mother of all nightmares back?

In the next second, Xiao Changkun affirmed his suspicions in his heart.

Ma Lan's cell phone, which was said to have been switched off two days ago, was now suddenly calling herself, so it must have come back

Xiao Changkun was in a panic!

Mashiro's back, what do we do now?

Wouldn't that be the end of your good days?

At this point the phone was still vibrating on the desktop, and the part that you should be singing had already passed.

The classmates got up a bit and said, "Changkun, are you too nervous to sing with Miharu, it's your turn to sing you don't know?"

Han Mi Ching also had to ask, "Chang Kun, why don't you sing that part of your song?"

Xiao Changkun wiped the cold sweat from his forehead and looked at his phone again, he knew that with Ma Lan's personality, if he didn't answer her call, then she would definitely get mad.

934

He then panicked and said, "Excuse me, excuse me, I have to take a phone call, I'll be back later for a reprise!"

After saying that, he hurriedly picked up his phone and quickly left the box.

As soon as Xie Wenru saw this, he immediately picked up the microphone he left behind and said with a smile, "Come Miharu, I'll sing with you!"

Xiao Changkun took his phone out of the box door, which was why he hurriedly pressed the answer button.

As soon as the phone was connected, Ma Lan's trademark roar came over, "Xiao Changkun, are you going to die?I've been missing for two days and two nights, and you haven't had a single phone call or a single tweet, and you're still fucking going to a party?!"

As soon as Xiao Changkun heard this, his heart thudded, and his heart, which was still incomparably enthusiastic, instantly turned wow cool.

It was over, this stinky bitch had really returned!

God has been so unfair to himself, and he's only had his good day for two days!It's only just started partying and singing with Han Miharu, and there hasn't been any substantial development yet, and this bitch is back!

Wouldn't that kill you?

He was so depressed that he almost wanted to die, but Ma Lan, on the other end of the phone, angrily questioned, "Damn you, Xiao Changkun, are you dumb?Why don't you talk?" Remember the URL .kanshu8.net

Xiao Changkun hurriedly explained: "Oh my, wife, don't be angry with your wife you listen to me.I've been looking for you for the past two days, if you don't believe me, you can ask your daughter or ask Ye Chen, in order to find you, Ye Chen and I have searched the entire mahjong parlors in Jinling!"

Ma Lan scolded angrily, "Don't tell me that's useless, I just want to know who the hell are you partying with, why am I listening to someone else singing, are you in KTV?Good for you, you heartless thing, for you to be in the mood to sing while I live and die in the dark!"

Xiao Changkun explained, "Meeting with some old classmates, they had to call me over."

Ma Lan gritted her teeth and scolded, "I'm telling you Xiao Changkun, I have a broken leg now and I'm about to go to the emergency department of the People's Hospital, so you better get over here right now, or I'm not done with you!"

Xiao Changkun was shocked, how could he dare to say no at a time like this, and hurriedly said, "Okay wife, I'll come over now!"

After saying that, he hurriedly hung up the phone and ran back to the private room. At this time, his own sweetheart, Han Meiqing, was dueting with Xie Wenru and singing "Knowing Lover", so he couldn't be jealous, so he hurriedly said to Han Meiqing: "Meiqing, I have something important to do, so I'll leave first."

Han Meiqing asked in surprise, "Why are you leaving now?Is something wrong?"

"There's nothing wrong either."Xiao Changkun accosted and said, "It's just that my family called to say something is wrong and asked me to come over, so I have to go back first!"

Han Miharu nodded and asked, "Does it matter, do you want me to go over and help?"

Xiao Changkun hurriedly waved his hand and said offhandedly, "No, no, I can just go by myself."

Although Han Meiqing was a little regretful, she still nodded her head very understandingly and said, "Then if you need any help, remember to call me."

"Okay!" Xiao Changkun nodded, and hurriedly said to the others again, "All of you, all of you, I'm a bit preoccupied at home, so let's eat, drink and have fun."

The crowd couldn't help but say, "Changkun, this has just started singing, why are you leaving, I haven't heard you strut your stuff yet."

Xiao Changkun could only say with a hard scalp, "This time it's really something, next time, next time."

Xie Wenru was in a good mood and said, "Oh my Changkun, did Ma Lan call you to urge you to go back? She must be pissed that you're not even bringing her with you out to the party."

Xiao Changkun glared at her and said coldly, "Xie Wenru, what's the matter with you? How come you're everywhere?"

After saying that, he reluctantly looked at Han Meiqing and turned his head to exit the compartment.

As soon as he left the box, Xiao Changkun stomped his feet in anger.

What the hell is this called? Why did this Mashiro come back so soon? Why can't we learn from Qian Hongyan?

The company has been in the process of developing the new product for the past three years.

The company's main business is to provide a wide range of products and services, including a full range of products and services, including a full range of products and services.

935

Also on the run to the People's Hospital was Xiao Churan who was filled with worry.

When she heard that her mother's leg was broken, she was really incomparably anxious inside and still didn't know what had happened to her in the past two days.

Ma Lan hung up the phone and hugged her right leg, sweating like rain in pain.

As she screamed in an ouchy ouchy manner, she urged the driver in anger, saying, "Can you still drive this stupid car? Drive so slow! It's killing me, you know?"

The taxi driver said nonchalantly, "There is a speed limit for driving in the city, so you have to strictly follow the speed limit, and if you exceed the speed limit, not only will you lose points, but you will also pose a great threat to the safety of pedestrians."

"Threat to your mother!" Ma Lan was in a huff, and when she heard him say that, she cursed in annoyance, "Drive faster again! That hurts. Do you make more money or something? If you delay things like this, if I get disabled, I'll be done with you for the rest of my life!"

The driver said helplessly, "I'm going fast enough in this car! If you don't think I'm driving slow, then you can go down and get another car!"

Ma Lan didn't even think about it, and took off, "What kind of attitude is that? Do you believe I'll file a complaint against you? Do you believe I'm going to put you out of work today?"

The driver said angrily, "I was driving in accordance with the traffic rules and regulations. What are you complaining against me for? Are you complaining that I don't want to speed?"

Ma Lan gritted her teeth and cursed, "I'll file a complaint against you for molesting and sexually harassing me!" One second to remember to read the book

The driver laughed, looked at her through the rearview mirror and said, "Look at you look like that, what's ugly? Your two front teeth are laid off with honor, just like Sondheim in that sketch, and you have the nerve to say I sexually harassed you? Don't sexually harass me and I'll burn incense!"

Ma Lan herself was holding a lot of anger, and when she heard that this driver dared to talk back to her and even dared to make sarcastic remarks about his ugliness, she became furious and shouted in a cold voice, "What's your name? Which company are you with? I'm going to call and complain right now, can you believe it?"

As soon as the driver heard this, he also came to the fire, and directly pulled over to the side and said disdainfully, "If you love to complain, go ahead and complain, I'm not going to pull this single you, so get the hell out of here."

Marashi cursed angrily, "Let me go down? Who do you think you are? Just drive, you hear me? Delaying my healing leg, I'll fight with you to the death!"

The driver directly turned off the car and sneered, "Sorry, my car is broken down and can't go, if you don't want to get off, then you can stay here."

Ma Lan didn't think that the other party didn't even buy his account at all, and was about to continue to get angry, but the driver directly pushed the door open and went down to smoke.

Ye Chen sat on the passenger side and was amused inside.

This mother-in-law of his own seemed to never get the situation right.

Now that it's her own broken leg that needs to be treated as soon as possible, it's not like someone else's taxi driver's leg is broken, what's the point of her pretending with someone else's taxi driver?

Now that people just don't drive, isn't she the one who's delayed?

But Ye Chen was too lazy to care about her, so he deliberately asked, "Mom, what should we do now? We can't keep spending time here, can we?"

Ma Lan was about to be furious, but now that she had broken her leg, she had to go to the hospital as soon as possible, or else what if she fell sick and became disabled?

So she could only say to Ye Chen, "You go and stop another car!"

Ye Chen nodded and got out and walked to the side of the road to wait for a while, waving to stop another taxi.

He then returned to the car he had just been in and assisted Ma Lan, who had broken her leg, out.

Ma Lan was forced to endure the pain in her leg to get out of the car, and then she was forced to endure the pain again and was sent into another car by Ye Chen.

As she saw the car driving, she even lowered the window and cursed at the driver who was smoking on the side of the road, "Son of a bitch, you're going to die in a car accident out there today!"

When the driver heard this, he was so angry that he cursed, "You ugly bastard will surely die in front of me!"

Ma Lanton was so angry that she wanted to poke her head out to continue scolding, but the car had already driven far away, so she could only stop in annoyance.

The first thing you need to do is to take a look at the car and see if it's a good match for you.

He couldn't help but start to sympathize with his father-in-law, Xiao Changkun, Ma Lan would have to beat his brains out if he knew that he was busy dating Han Meiqing these two days?

.....

The taxi arrived at the emergency department of Jinling People's Hospital.

Xiao Churan was already waiting here. The first website m. kanshu8.net

At the sight of Ma Lan, who not only had a broken leg, but also looked so miserable with a bruised and swollen face that even two of her front teeth had fallen out, she couldn't help but come forward with red eyes and cried, "Mom, how did you get so badly injured?"

Ma Lan's grief was palpable at the sight of her daughter, and all the grievances she had suffered in the past two days could no longer be contained. It's been two days of near death, and you almost never saw Mom again!"

After saying that, Ma Lan's emotions broke down and she wailed.

Xiao Churan's heart was naturally very upset when she saw that her mother had suffered so much, and she supported her mother as she cried and asked, "Mom, what's going on with you these two days? Tell me about it!"

Ma Lan wiped a handful of tears, and had an urge to tell her daughter everything that had happened, word for word.

However, she swallowed all the words as they came to her mouth, knowing that she couldn't say such things nonsense, or else she would get killed or imprisoned.

So she could only lie, "Hey, don't mention it! Mom was cheated by a pyramid scheme, and after that person lured me into the scheme, he beat me up and forced me to take money out to buy their products, but where did I get the money? They just kept beating me and didn't feed me, and that's how they knocked out my front teeth."

Xiao Churan hurriedly asked, "Mom, have you called the police then? Let the police arrest them!"

Ma Lan cried, "Then that pyramid scheme was all busted by the police, and even I was arrested by the police and put into the detention center. I didn't expect that I would meet your grandmother and Xiao Weiwei again in the detention center, and the two of them joined forces to bully me."

Xiao Chorán was shocked and asked, "Grandmother and Vivian?! How did you end up locked up with them?"

Ma Lan cried up and down and said: "I do not know, I do not know how I was so unlucky, actually met them two sons of bitches, they do not let me sleep, do not let me eat, and also poured cold water on me, you do not know what kind of day your mother lived these two days, it is simply worse than hell ah"

Xiao Chorán burst into tears of distress at hearing this.

After venting for a while, Ma Lan's mood had just improved a little, when she suddenly thought of Xiao Changkún and immediately questioned, "Churan, tell me the truth, who exactly did your father go to the party with?"

937

Xiao Churan knew very well that if mom knew that dad had gone to meet up with Han Meiqing and those old classmates of theirs, she would definitely be furious.

At this time, she was already very emotional, so she couldn't add fuel to her fire by saying anything.

So she then said, "I guess it's just a party with those old classmates of his, I'm not too sure about the specifics, maybe it's the same ones as last time."

"Something's not right!" Ma Lan said with a black face, "Those old classmates of his can't get together even once in a few years, it's impossible to get together and go again in a short period of time, there must be some different opportunity this time!"

Xiao Chorán could only lie against his will, "I'm not sure about that."

Ma Lan was so angry that she gritted her teeth and said coldly, "This old bastard, I suffered so much in there, but he still has the heart to party with others, he really has no heart!"

Xiao Chorán also had no choice but to speak for his dad and said against his will, "Mom, Dad was also quite anxious the past two days that you disappeared, and it was only because he couldn't put it off that he went to the party today."

"I don't believe it!" Ma Lan said sternly, "This old bastard, two days ago, said he wanted to separate from me. I'm going in without a share of this separation, so I guess he doesn't know how happy he is!"

Xiao Churan was busy, "Mom, don't speculate so wildly about Dad"

As he was saying, Xiao Changkún drove his BMW 530 and arrived at the hospital. Remember the website .kanshu8.net

Xiao Changkún was also dumbfounded when he saw Ma Lan's miserable appearance.

Although he already had no feelings for Ma Lan in his heart, he had lived under Ma Lan's lustful authority for so many years that his heart was still very timid towards Ma Lan.

Hence the fundamental reason why he hurriedly turned the other way as soon as Ma Lan made a phone call.

When Ma Lan saw Xiao Changkun, she was furious.

There was no other reason, mainly because Xiao Changkun had dressed up too diligently, a proper suit, a proper tie, and meticulously combed hair.

Ma Lan is not an idiot, she immediately realized that Xiao Changkun's attentive dressing today was definitely not for himself, but for that party.

This made her instantly become incredibly wary.

She began to speculate as to what important element this party had that could make Xiao Changkun unprecedentedly dress so seriously?

Ever since he married himself, except for the day of the wedding, I don't think I've ever seen him so well dressed!

As soon as Xiao Changkun arrived, he spoke up and asked, "Where did he go?How did you get this?"

Ma Lan glared at him with cold eyes and asked off the cuff, "Surnamed Xiao, tell me the truth, who are you partying with?"

Xiao Changkun's expression was a bit unnatural, and he fidgeted, "Aren't they the same classmates from my class in the past?You know all about it."

Marashi questioned, "Weren't you just there the other day?Why are we getting back together again?"

Xiao Changkun said, "Wasn't it only 20 people who went last time, but there are more people here today."

"Oh?"Ma Lan frowned and asked in a stern voice, "Xiao Changkun I'm asking you, has Han Meiqing come yet?"

Xiao Changkun panicked all of a sudden.

He didn't expect that Ma Lan would be able to ask Han Mei Qing all at once, this woman's intuition was a little too accurate, right?

However, he definitely didn't dare say anything to Mashiro Ma about Han Meiqing, so he lied, "No, she's been gone for over 20 years and hasn't come back ah."

938

Lan Ma asked in a cold voice, "Really?"

Xiao Changkun hurriedly said, "Oh, really no, why would I lie to you, and isn't it a bit of putting the cart before the horse for you to care about this now?The most important thing right now is to get a quick look at your injuries, you've got a broken leg, right?"

Ma Lan was so focused on trying to figure out what happened to Xiao Changkun that she couldn't even care that she had already injured and broken her leg, and was reminded by Xiao Changkun that only then did she remember that her right leg had been in excruciating pain.

So she hurriedly said to Xiao Chorán, "Good daughter, quickly take mom to see a doctor, don't let mom be left with any disability!"

.....

After hooking up with the emergency room, meeting with the doctor, and taking x-rays at the doctor's request, Xiao Chorán nervously asked, "Doctor, how is my mom doing?"

Ma Lan was afraid that she would have a long and short term problem, and also hurriedly asked, "Yes doctor, how is the test result? I'm not going to be a cripple, am I?"

The doctor opened his mouth and said to Ma Lan, "From the x-rays, your shattered calf bone fracture is quite serious, but if you take good care of your injuries, you shouldn't be crippled, my suggestion is to put a plaster cast first and then stay in the hospital for about half a month for observation, so as to ensure that nothing goes wrong."

Ma Lan was relieved when she heard that she wouldn't become crippled, but when she heard that she needed to be hospitalized, she immediately became anxious: "Ah? Why are you still in the hospital? After the cast, can I go home and rest?"

When she thought that she hadn't lived in the luxurious Thomson Villa up to now, Ma Lan was grieved to death. One second to remember to read the book

After the two days of inhumane torture, she dreamed of returning to the big villa, lying on the soft bed, and feeling the joy of living in a soup kitchen.

The doctor shook his head, "The first half of the plaster cast is very important, it's about your entire recovery, if you go home, if anything goes wrong, one is not dealt with in time, there is a possibility that you are going to fall ill."

Upon hearing this, Ma Lan's face swelled with loss.

However, Xiao Changkun, who was on the side, was happy in his heart!

Ma Lan's sudden return was irreversible for him, but if he could get Ma Lan hospitalized, then he could still lose a few more days.

So, he deliberately said to Ma Lan, "Wife, listen to the doctor's arrangement, just stay here at ease, so that you can also avoid leaving the root of the disease in the future."

Ma Lan frowned at Xiao Changkun and questioned, "What? You just don't want me to go home?"

Xiao Changkun hurriedly waved his hand, "That's not what I meant."

Ma Lan snorted coldly, remembering something and hurriedly asked Ye Chen, "Don't you happen to know that divine doctor Shi Tianqi, give him a call right away and ask him to come over to treat my leg."

Ye Chen's eyebrows furrowed as he listened to this commanding tone from his mother-in-law.

Just a shrew like Ma Lan wanted Shi Tianqi to treat her leg?

Ye Chen laughed coldly in his heart and said casually, "Doctor Shi is not in Jinling for the time being, he has gone to Yanjing to treat people."

Upon hearing this, Ma Lan immediately said, "Then it's always okay for me to wait for him to come back, right?"

Ye Chen said, "She may not be back for ten days and half a month."

The doctor said, "You'll have to get your plaster cast on today anyway."

Ma Lan immediately said, "Yes! Then get a plaster cast first, and after that I'll go home and rest!"

When Xiao Changkun saw how insistent Ma Lan was, he knew that it was no longer possible to get her hospitalized, and he couldn't help thinking that Han Meiqing's news of her return could be hidden from her for a while, but not for the rest of her life, and if she waited until she knew that Han Meiqing was back before mentioning divorce to her, then she definitely wouldn't agree to it.

Since that's the case, why don't we go back at night and find an opportunity to ask her for a divorce first, preferably one that would make it painfully easy for her to get a divorce first!

939

After Ma Lan was plastered at the People's Hospital, she was driven home by Xiao Changkun to recuperate.

On the way, Ma Lan was constantly counting Xiao Changkun beside her, while also side-stepping her, trying to figure out why she dressed up so well for today's party.

But Xiao Changkun's mouth was tighter than a safe.

He just wanted to wait until tonight to find a good time to mention the divorce to Ma Lan, so he definitely couldn't let Ma Lan know about Han Mei Qing before then.

In the other car, Ye Chen drove with Xiao Churan, whose eyes were red, and followed Xiao Changkun's car, driving without slowing down.

Xiao Churan was very sympathetic to her mother's encounter, after all, whoever saw her mother suffer so many injuries, and so much torture, would feel uncomfortable.

In addition to that, the one thing that worried her was the relationship between dad and mom.

She knew that dad liked Han Meiqing, and compared to Han Meiqing, her own mom was so much worse, so she was worried that dad would end up giving up on this current marriage to pursue his own happiness.

Ye Chen saw his wife on the side with a sad face and was about to say something to advise her, when he suddenly received a call from Chen Zekai.

Chen Zekai asked him on the phone, "Young Master, did you receive your mother-in-law?" First web site m. kanshu8.net

Because his wife was around, Ye Chen couldn't make his words too clear, so he said vaguely, "Yes."

Chen Zhai Kai said, "That's good."

After saying that, he said, "By the way young master, I heard a piece of news."

Ye Chen asked, "What kind of news?"

Chen Zekai said, "The Wu family in Suhang, it seems like they are looking everywhere for your sworn enemy, they even sent someone to Yanjing to look for Xiao Yiqian, it seems like they even sent someone to Changbai Mountain specifically to look for Wei Yongzheng and Wei Changming, the father and son, but they were discovered by the people Hongwu arranged there, so they escaped early."

Ye Chen couldn't help but frown.

The Wu family suddenly went to contact Xiao Yiqian and even contacted Wei's father and son, there was only one possibility, and that was that they wanted to unite a few more of their sworn enemies to deal with them.

Ever since Wu Donghai and Wu Xin's father and son, who had been humiliated and fled back to Suhang, the Wu family hadn't made any moves, and they thought they had realized that they weren't something they could provoke, but they hadn't expected that they were doing it in secret.

Ye Chen asked, "Who else did they contact?"

Richard Chen said, "The other ones that have been taught a lesson before, the Wu family has also sent people to contact them, but those are all low-level hangers-on, and they don't think they can turn over any waves, like that dog man and woman who once bullied your classmate Wang Daokun and their father."

Then, Richard Chen asked, "Young Master, do you want me to say hello to the family and just destroy the Wu family, or have the family warn the Wu family so that they can be more honest in the future?"

"No need." Ye Chen said with a smile, "I don't want anyone else's help."

Ye Chen wasn't ready to return to the Ye family right now, and he didn't even feel that he had to return to the Ye family in the future.

After all, it had been so many years since he had left the Ye family, and to be honest, although he couldn't talk about a deep hatred with the Ye family, there was still a hurdle in his heart, and that was the accidental death of his parents back then.

Therefore, he then said to Chen Zekai, "Some things are just more interesting when you have to do them yourself, expecting others to help is not only unreliable, but also a lot of fun is lost."

Richard Chen hastily said, "But Young Master, the Wu family is a top existence in the entire Jiangnan Province, if they really have every intention of going against you, I'm afraid you won't be able to handle it alone."

Ye Chen smiled slightly and said, "Don't worry about this, although I'm not a very promising person, I'm not a soft persimmon that anyone can use to pinch."

Chen Zekai sighed and said, "Young Master, you still need to be more careful, you must not be negligent with the Wu family, the Wu family has only offered a bounty of 300 million to kill the father and son, Liu Guang and Liu Ming, now countless people are chasing them all over the world, once the father and son are exposed, they are afraid that they will be hacked to death by countless people at random."

Ye Chen curiously asked, "Does anyone know where this father and son went?"

Richard Chen said, "It is said that they went abroad, but which country they went to, no one knows, because it seems like they were still using fake passports when they left."

Ye Chen nodded, although he didn't say it on his lips, he knew very well in his heart that the reason why the Wu family was after the father and son was actually because of that phase on Steep Sound.

The Wu family had been deliberately trying to delete that phase from Steep Sound, but since Steep Sound had now been bought by Tang Sihai, they simply couldn't do anything about it.

Because of that phase, the entire Wu family has no face left, and can't even delete it, so the only way to regain face is to kill Liu Guang and his sons, and let the world know that the Wu family will never be humiliated for nothing.

Chen Zekai then said, "Young Master, the Wu Family is willing to spend 300 million or even more to deal with Liu Guang and his son, if they were to deal with you, I believe they would be willing to pay even more, so you must be careful ah."

Ye Chen said indifferently, "Okay, I know."

Richard Chen said, "Young Master, then if there is anything you need help with, please be sure to let me know." Remember the URL .kanshu8.net

Ye Chen hummed, quietly looked at his wife beside him, and said to Chen Zhai, "I'm on my way home now, we'll talk about anything later."

"Good."

When Ye Chen's side hung up the phone, Xiao Churan asked with a curious face, "Who are you talking to on the phone? Talking about help or no help, soft tomatoes or no soft tomatoes, is anyone going to bully you?"

"No." Ye Chen laughed and said, "Didn't our mom get bullied by a pyramid scheme, so I'm going to find a friend to see if I can help her vent her anger."

Xiao Churan hurriedly said, "Never!"

Saying that, she added, "Honestly speaking, my mother has suffered so much, although she is pitiful, but I, as a daughter, in all fairness, she is also to blame, she is a person who places too much importance on money, not only is she money-obsessed, but she always thinks of taking shortcuts without working, even if she doesn't fall for this today, she will still fall for something else tomorrow."

Ye Chen nodded with a face full of approval, he didn't think that although Xiao Choran was a bit foolish and filial towards Ma Lan, he at least knew what kind of person Ma Lan really was.

Originally, saying that helping Ma Lan to vent his anger was just an excuse, but seeing Xiao Churan say that, he didn't continue to talk about this topic.

At this moment, what was on Ye Chen's mind was the Wu family in faraway Suhang.

Since the Wu family's father and son still remembered the previous encounter, they would come to seek revenge on themselves sooner or later.

But there was one problem that was a bit beyond his expectations, the Wu family father and son were very conceited in their actions, so why would they seek revenge on themselves for something like this, why would they need to find helpers?

By contacting Xiao Yiqian and other people who had offended them, they should be trying to unite a few more enemies together to target themselves.

This was a bad sign for Ye Chen.

Because when enemies were proud, they were always easy to defeat.

But when the enemies were no longer proud, they would become more cunning and equally more difficult to deal with.

The Wu family itself was very strong, and now they were going to join forces with others to deal with them, which proved that they had made great progress now and deserved their own attention!
