

## Identity 951

### Chapter 951

When the three of them came out of the orphanage, they were just about to go to the restaurant when a surprised voice suddenly sounded in their ears, "Ye Chen, Fen!"

When they turned back to look, they saw a few figures coming up to them.

These people were all his little friends who had grown up with him in the orphanage back then.

However, to Ye Chen, there were many of them, but they had also basically never seen each other since they had left the institution.

The only one who still had contact after leaving the institution was his own little friend back then, Zhao Hao.

Earlier, when Ye Chen was living in the orphanage, due to the accidental death of his parents, his personality became silent and even somewhat withdrawn, and he might not say a word to anyone for a day.

It was because of his incompatibility that he was often isolated by the other children.

Ye Chen remembered that whenever he was isolated, Zhao Hao, who was a little older than him, would always be the first one to step forward and take him along to play.

So over the years, the relationship between the two was very deep.

Zhao Hao and Ye Chen were the same age, but Zhao Hao was a few months older than him.

The two of them came out of the orphanage around the same time, and then they both chose to work at the construction site together, suffering together, the standard difficult brother.

However, what was different between Zhao Hao and Ye Chen was that Ye Chen earned money and secretly gave it all to the orphanage, while Zhao Hao saved some money on his own and then left the construction site to do a little business in Haicheng.

To Ye Chen, there was nothing wrong with Zhao Hao doing this.

After all, everyone was an orphan, and most of them had no one to rely on when they came out of the orphanage.

Everyone wanted to earn some money to lay a foundation for themselves, because unlike others, who still had parents, relatives, and a house to shelter themselves from the rain, orphans had nothing.

If they didn't have money today, then they wouldn't be able to eat today and would have to sleep on the street at night.

The reason why Ye Chen didn't think for himself after leaving the institution was also mainly because of the teaching his own father had given him back then, making him feel that the fact that he was able to live to 18 years old was already a kindness that the institution as well as Aunt Li had shown him, of course he had to find a way to repay the kindness.

Moreover, this had a lot to do with the education Ye Chen received in his childhood.

In his childhood, Ye Chen was the young master of the Ye family who grew up in brocade and jade, and received all the education of Confucianism and classical nationalism, so in his bones, there was a kind of ancient great Confucian-like, compassionate devotion.

It was also this that made him different from everyone in the orphanage.

At this time, Zhao Hao walked up excitedly and said, "Ye Chen, my good brother, we haven't seen each other for a long time!"

Back then, he and Ye Chen slept together in the construction site's shed, carried cement together and moved bricks together, and the two of them supported each other all the way for several years.

Later, when Zhao Hao saved tens of thousands of yuan, he met a girl he liked at the construction site, so he followed that girl to Haicheng.

After not seeing each other for several years, Ye Chen couldn't help but feel some excitement in his heart and said, "Zhao Hao, we haven't seen each other for three or four years, right? How have you been these past few years over in Ocean City?"

Zhao Hao now heard Ye Chen's question, laughed and said, "Okay, okay! It'll get you by!"

Ye Chen asked again, "What about the girl you met at the construction site? Are you two married yet?"

"Hi." Zhao Hao's eyebrows flashed with a hint of sadness, but laughed indifferently, "Getting married ah, but it's been two or three years of love, but it's not a marriage, I can't afford any bride price, and I can't afford to buy a house, the woman's parents look down on me, often blowing in her ears, blowing in her ears, she doesn't look at me anymore, and then she breaks up with me."

Ye Chen frowned and asked, "When did this happen?"

Zhao Hao smiled slightly and said, "Just last month."

Ye Chen nodded and said, "It's her loss for not picking you."

952

After that, he said, "By the way, I haven't asked you yet, aren't you in Ocean City? Why did you come to Jinling so fast?"

Zhao Hao smiled, "It's a special coincidence, my unit arranged for me to come over on a business trip, I also just arrived in the afternoon, and just got off the bus, I saw you guys chatting in the group, then I hurried over."

Ye Chen asked curiously, "Aren't you doing business by yourself? Why are you working again?"

Zhao Hao smiled bitterly and said, "The business is drying up, how can business be that easy now, especially the economic situation is not good these two years, it's not easy to do anything."

After saying that, he looked at Xiao Churan and smiled, "Ye Chen, is this the younger sister-in-law?"The fastest 78 Chinese update on the computer:<https://>

Ye Chen nodded his head and said, "This is my wife, Xiao Churan."

After saying that, he introduced Xiao Churan, "Churan, this is Zhao Hao, my best friend from the orphanage."

Zhao Hao smiled and said, "Ye Chen you're so lucky, your younger sister is so beautiful."

Xiao Churan smiled and said, "Thank you."

Zhao Hao nodded, before he said to Ye Chen again with a grumble, "Ye Chen, you're unkind! You didn't even initiate contact with us for the past few years, after Auntie Li suffered from UTI, I heard Auntie Li say that you visited her often, only to avoid us siblings every time, why ah?"

Ye Chen laughed and said seriously, "These past few years have not been good either, I don't want everyone to see it."

Ye Chen also had a sense of pride, ever since he got married to Xiao Churan, he was often sarcastically called a loser, a slinger, and a door-to-door son-in-law, and although he wasn't surprised at how people saw him, he also didn't want these little buddies he grew up with since childhood to know his predicament.

Zhao Hao said seriously: "My good brother, we lived in a construction site shack for a long time at first, a steamed bun can be broken in half, one half each, what are you still embarrassed in front of me? Besides, brother, I haven't lived as well as I'd like these past few years, look at me, I'm still hip-hopping every day, aren't I."

Ye Chen nodded his head slightly.

At this time, Li Xiaofen also looked at Zhao Hao with a smiling face and said, "Brother Rat, why haven't you been greeting me?"

Only then did Zhao Hao see Li Xiaofen and stared at her for half a day before he said in surprise, "You .....You're Xiaofen?!"

Like Ye Chen, Zhao Hao hadn't returned since he left the orphanage at the age of eighteen.

At that time, Li Xiaofen was only just thirteen or fourteen years old and was still a yellow-haired girl, but now Li Xiaofen had already emerged as a generous beauty, and the difference was still very obvious.

Li Xiaofen smiled and said, "It's me, why are you looking so surprised!"

Zhao Hao laughed, "It's true that a woman has changed, back then you were yellow and skinny and short, and every day you looked like a tomboy, but I didn't expect that you've become so beautiful now!"

Li Xiaofen said shyly, "Brother Rat, don't praise me nonsense, with sister-in-law here, how can I still be considered pretty ah."

Saying that, she couldn't help but look at Xiao Churan, and the envy on her face was even more overflowing.

Zhao Hao smiled, "Don't be so presumptuous, you're also a one in a million beauty now."

Li Xiaofen was shy and didn't know how to open her mouth, but suddenly she received a phone call.

She picked up the phone and listened, her face immediately became anxious, and said to everyone: "The hotel owner called, saying that the hotel's wiring is aging and jumped power, and it can't be repaired today, so it will have to wait until tomorrow, so it can't be opened ....."

"Huh?" Zhao Hao blurted out, "Then we'll have to find another place temporarily!"

Li Xiaofen said somewhat anxiously, "It's now mealtime, it's probably hard to find a private room at the last minute ....."

As soon as Ye Chen heard this, he was about to call Hongwu to ask if there were still any private rooms at the Heavenly Fragrance House.

At this time, a black Mercedes Benz car stopped beside everyone .....

953

The window of the Mercedes Benz was lowered, and Ye Chen glanced at it and recognized the person driving the car.

This person was Jiang Ming who took the initiative to organize a meeting in the group today.

However, Ye Chen had no friendship with him.

Jiang Ming, who was dressed in a suit and slightly obese, stopped the car when he saw the crowd, peeked out from the car, and spoke, "Oh my, I'm really sorry to have kept you all waiting."

Saying that, he wore a look of arrogance and complacency between his eyebrows, and deliberately explained, "Hey, there was a bit of a traffic jam on the road, which delayed me for a while, and that's why I'm late."

Someone shouted in alarm and said, "Jiang Ming, you're even driving a Mercedes? When did you mention it?"

Jiang Ming laughed and said, "Just picked it up two days ago."

Ye Chen's heart suddenly realized, no wonder this guy was so active in organizing a party, he had just picked up a new car and wanted to find his childhood friends to show off ah!

At this point, someone else asked, "Jiang Ming, what model is this car? Gotta be a lot of money, right?"

Jiang Ming smiled proudly and said modestly, "Oh my, but it's just a Mercedes e300l, it's not much of a good car all landing just 500,000 out of it."

"Ooh!!"

The crowd exclaimed out loud.

Someone said, "Oh my, Jiang Ming you're too good, you've only been out of society for a few years, and you can afford such an expensive car!"

"Yeah, we're still taking the bus, and you're already on the Dash, what a human being to throw!"

"That's human death and goods throwing!"

"Gee, a meaning."

To put it in perspective, kids who come out of institutions are basically people who have no one to turn to.

Their starting point was much lower than the vast majority of people, and if others started at zero, they started at negative.

Up until now, most of the kids who came out of the orphanage at the same time back then were still struggling to make ends meet, and wouldn't have any too good jobs or opportunities, so everyone was basically quite poor.

Other than Ye Chen and Jiang Ming, there wasn't even a single one of these other little friends from the welfare institution who could afford a car.

[Pencil Fiction [www.qbxs.me](http://www.qbxs.me)] So when everyone saw that Jiang Ming had bought a Mercedes Benz, they were all very envious and admiring.

Jiang Ming smiled proudly, waved his hand and said, "It's okay, it's all a small amount of money to me, it's not worth mentioning!"

Saying that, he suddenly saw Ye Chen standing in the crowd and his face changed slightly.

Unexpectedly, Ye Chen's deadly rival was actually one step ahead of him.

When he was in the orphanage, he despised people like Ye Chen and wanted to teach Ye Chen a lesson many times, but because he couldn't fight, he ended up being fixed by Ye Chen instead.

The number of times, Ye Chen had turned into a psychological shadow for him, making him unable to let go of it even now.

At one time, he thought that don't look at the fact that Ye Chen was quite capable of fighting when he was in the welfare institution, but as soon as he walked into the society, someone like Ye Chen would definitely be miserable.

After he glanced at the clothes on Ye Chen's body, he could not help but sneer in his heart, a motley crew, really didn't mix well.

However, when he saw Xiao Chorán, his eyes lit up and he was shocked!

He had never seen such a beautiful woman in real life.

It made him wonder if this beautiful woman was one of the little friends from the original orphanage.

But no matter how much he thought about it, he couldn't come up with any fragment of memory related to this beautiful woman.

Thinking of this, Jiang Ming still had a smile on his face, and with some arrogance first, he greeted Ye Chen, "Yo, isn't this Ye Chen? Long time no see!"

Ye Chen opened his mouth and laughed, "Big fart pockets?"

Big Fart Doodle was Jiang Ming's nickname in the orphanage, because this kid was fat and could eat, so he especially loved to fart.

The key is that this kid farted, never mind the occasion, in class when playing games, when eating, and also when sleeping.

The first thing you need to know is how to get the best out of your child, and how to get the best out of your child," he said. 78 Chinese:https://

Jiang Ming didn't expect Ye Chen to mention his old nickname as soon as he came up, and he couldn't hang on to his face.

Before he could express anything, a young man behind him said somewhat unhappily, "Hey, Ye Chen, why are you talking? How dare you call Mr. Chiang by his nickname? He's a senior executive of a listed group now, so you need to speak with respect!"

Ye Chen swept a glance at the person who spoke, vaguely remembering that the other party's name was Zheng Xiang, back then it was one of Jiang Ming's dogs, never thought that after so many years, he was still following Jiang Ming's ass around.

Thus, he frowned slightly and said indifferently, "Sorry, I've called him Big Asshole since I was a kid, I'm used to it."

Jiang Ming took a glance at Xiao Churan and found that Xiao Churan was a bit tolerant of his nickname, and immediately became a bit annoyed and shot back, "Ye Chen, looking at you like this, you're not a bad mix, what kind of car did you drive over here?"

Zheng Xiang immediately picked up the conversation, laughed, and said, "Oh my Jiang, you're a bit too much, I heard that Ye Chen went to be a door-to-door son-in-law, all dependent on his wife to support him, it's not bad to have a bite of hot food, and you're still asking people what kind of car they drove over here, isn't this intentionally hitting them in the face ....."

"Oh my, a slip of the tongue!" Jiang Ming slapped his head and deliberately said, "I'm sorry Ye Chen, I'm a bit straight talking, I hope you don't mind."

That being said, he was already laughing in his heart, Ye Chen, Ye Chen, I'll see how you get off the stage!

But Ye Chen laughed and said, "Big Fart Doodle, I always thought you loved to fart because your intestines are straight, I didn't expect you to be straight, you speak with like a trachea, just like your intestines, you're pretty straight with both of your tubes!"

The crowd burst out laughing at this ridicule of his.

Jiang Ming's face incidentally became very ugly.

He really didn't expect that he would be caught by Ye Chen with a good dose of sarcasm when he said one sentence and spoke a bit straight.

Jiang Ming's face became ugly all of a sudden.

He couldn't even care about being angry now, mainly because he was afraid that Xiao Churan would have a bad impression of himself because of Ye Chen's words.

So, he hurriedly looked at Xiao Churan and asked with a smile, "Oh my, this beauty seems to look a bit familiar, probably because I haven't returned to the welfare institution for so many years, how come I don't recognize you, can you tell me, what's your name?"

Li Xiaofen, who was on the side, said in dissatisfaction, "Hey, Jiang Ming, do you people have any eyesight? Do you know who this is? This is my sister-in-law, my brother Ye Chen's wife!"

"What?!"

Jiang Ming's entire body was struck by lightning, to his death, he couldn't believe that this super beauty that he had fallen in love with at a glance was the wife of this trash Ye Chen!

He couldn't help but look at Ye Chen and realize that what Ye Chen was wearing all over his body wasn't as expensive as one of his own jackets, and this Armani jacket of his could have bought him one, to spare another half!

Taking another look at the beautiful and moving Xiao Churan who was pavilioning next to Ye Chen, he was even more annoyed.

Damn it!

Xiao Churan, this woman was so beautiful and had an exquisite body, she was simply the best of the best, a hundred, a thousand or even ten thousand times stronger than those women she had seen.

As a result, she was actually the wife of Ye Chen, the stinking hangman, God was really fucking blind!

955

When he thought that Ye Chen could find such a beautiful wife, Jiang Ming's heart was even more unbalanced, so with a fake smile on his face, he ridiculed Ye Chen, "Ye Chen, I can't believe that we haven't seen each other for a few years, you've changed quite a bit, you look oily-headed, it's really a standard little white face looks, born to eat soft food ah!" The fastest 78 Chinese update on the computer: <https://>

Saying that, he looked up and down at Ye Chen, and said with a shame, "Had I known that it would be so easy to enter the family as a son-in-law, then why did I have to work so hard in the past few years, look at me, a few years of work, my body is boiling over, only to earn a director's position, and compared to you, the soft rice king who only eats and waits for death, I'm really ashamed of myself!"

The reason why Jiang Ming was deliberately being so sarcastic was to show off his status in front of Ye Chen and the others, so as to hit Ye Chen a bit.

After saying this, he couldn't help but look at the young and delicate Li Xiaofen.

Since a super beauty like Xiao Churan was out of the picture herself, Li Xiaofen, a tender little sister who could pinch out water, could still be developed properly!

Why didn't I realize when I was at the orphanage before that this little girl Li Xiaofen was so beautiful!

If I'd known, I should have done her back at the institution!

At this time, the few people behind him, hearing him ridicule Ye Chen, also smiled, even if they didn't take a stance, the meaning between their eyebrows was obvious, filled with contempt and disdain.

Ye Chen, on the other hand, was still standing indifferently, and there was no anger on his face.

Xiao Churan was a little angry in her heart and spoke in a cold voice, "This gentleman, my husband didn't recruit you or provoke you, so why are you speaking out and ridiculing him? Besides, it's none of your business whether your husband eats soft food or not. Did he eat a grain of your rice?"

Jiang Ming didn't think that Ye Chen's wife was still so inclined towards him!

He felt even more inwardly that God was unfair!

Why don't you have a wife like that when you're so good and hard working?

Is it really true that a good man has no good wife, as the old saying goes? A good wife without a good man?

So he intensified it even more inside and said with a sneer, "Beauty, I'm not ridiculing your husband, I'm telling the truth, a beautiful woman like you, marrying a hanger-on like him, that's really a flower in a cow dung!"

Xiao Churan said coldly, "You, an outsider, have no qualifications to judge the matters between my husband and me! Mind your own business and that's enough!"

Jiang Ming was suddenly choked speechless, Xiao Churan is beautiful even if it's not, the key is still so loving and so towards her husband, but it's so jealous!

At this time, Li Xiaofen couldn't help but scold with an angry face, "Hey! Jiang Ming! What do you people mean? Did my brother Ye Chen recruit you? And here you are, being sarcastic with him! I think you're a lousy human being! Nothing has changed from before!"

When Jiang Ming heard this, he was furious.

How come this Li Xiaofen was also so oriented towards Ye Chen? What's so great about this sling? Why are all the pretty women after him?

It's fine if Xiao Churan is his wife, but you, Li Xiaofen, have no relationship with her, why are you so attracted to him?

Moreover, the more Jiang Ming looked at Li Xiaofen, the more he felt that this girl was truly superb!

In your early twenties, you already have such a tall body, and it's the right kind of bulge, so it's impeccable how you look at it!

And the angry pouting is so much more than just a hug and a kiss!

It would be so cool to get your hands on a young girl like that yourself!

956

So, he hurriedly smiled and said to Li Xiaofen: "Oh my Xiaofen you mustn't misunderstand, am I joking with Ye Chen, it's not like you don't know the two of us, we used to joke around a lot, but we actually have a good relationship!"

Li Xiaofen snorted and turned her head to ignore him.

Just then, a middle-aged woman with white hair and a kind face walked out from the gate of the orphanage, saw everyone and couldn't help but ask, "Oh my, didn't you guys go to a restaurant? Why are you still standing in this doorway?"

The crowd hurriedly turned back to look, and to their surprise, they found that the person who was speaking was Auntie Li who had returned from recovery.

At this time, Auntie Li had a very kind smile on her face, and she looked at everyone with the same extraordinarily pleased heart, especially seeing Ye Chen, not only pleased, but also somewhat grateful.

For a while, everyone also looked at Auntie Li with eager and excited eyes.

Ye Chen was blessed with the skill of the Nine Xuan Heavenly Scriptures, so with a glance, he could see that Aunt Li was now completely healed and in much better shape!

He felt incomparably relieved inside, and at the same time he couldn't help but sigh, if he had gotten the Jiu Xuan Tian Jing earlier, Auntie Li might not have needed surgery to replace her kidney, a single rejuvenation pill would have been enough to heal all the diseases in her body, and it would have made her several years or even ten years younger.

To her, every child in front of her was just like her own, and she cherished them very much, and her generation's time was all dedicated to the orphanage.

Although she had never thought to ask these children to repay their kindness and filial piety, but at this time to see everyone can come to visit her, can't help but nod incessantly, incomparably gratified.

A group of youngsters from the orphanage all went up to Auntie Li, booing her warmth.

Some people here were speaking from the heart, while others were just going through a formality.

But even so, it still made Aunt Li very grateful inside, after all, she was already satisfied that these children could still remember her.

At this time, Ye Chen also came up and said, "Auntie Li, congratulations on your recovery and discharge from the hospital!"

Xiao Chorán, who was on the side, smiled sweetly and also said, "Auntie Li, congratulations on your recovery!"

After seeing Ye Chen and Xiao Churan, Auntie Li's kind face burst into a smile of joy and said, "Ye Chen and Churan, good kids, I haven't seen you two for a few months, I've missed you both terribly. Are you two okay now?"

To be honest, there are quite a few children in the institution, and she treats all of them as her own children, but if you want to say who she loves and cares for, then Ye Chen is the first choice.

When Ye Chen was in the institution, he was the most obedient, the most sensible and the most considerate child.

Moreover, the other children who had gone out from the orphanage, although they would come back to visit and occasionally sponsor the orphanage, they had never been like Ye Chen, who was always trying his best to help the orphanage.

Especially when he was sick at first, the huge medical expenses, even his own family had already been discouraged, but I didn't expect that at that time, Ye Chen was the only one who had risen to the challenge.

If it wasn't for him, he would have died long ago.

And she was fortunate enough to be sent to the Concord Hospital for treatment thanks to Ye Chen's help in raising the money, so Auntie Li was also grateful to him in her heart.

She also had the same feelings for Xiao Churan in her heart, if it wasn't for Xiao Churan helping Ye Chen raise money everywhere, she was afraid that she wouldn't have survived.

So, Auntie Li looked at Xiao Churan like she was looking at her own daughter-in-law and praised, "Churan, you're even more beautiful than before, Ye Chen hasn't caused any trouble for you this time, right? You two are Auntie's most favored pair, so be sure to be respectful and get along and never let anyone else gossip."

957

Hearing Auntie Li say this, Xiao Churan hurriedly stated, "Don't worry, Auntie Li, Ye Chen and I are quite close."

Saying that, Xiao Chorán then said with an apologetic face, "Auntie Li, after you went to Yanjing for treatment, I haven't had time to go to Yanjing to visit you, if it wasn't for Ye Chen telling me, I wouldn't have known that you were healed and discharged back to Jinling, I'm really sorry ....."

Auntie Li said with emotion, "After I got sick, you two have been busy at the hospital, if it wasn't for you two helping to raise money, Auntie might have died of her illness ....."

Saying that, Auntie Li's eyes turned red and choked, "Especially Chorán you, while you have to be busy with the Xiao family's affairs, you also have to come over to take care of me, Auntie has been very grateful and feels guilty, it's me who has dragged you two down, if I really say I'm sorry, then it should be Auntie who should say it!"

Xiao Chorán was busy consoling, "Auntie Li, don't forget that I'm Ye Chen's wife, and you're Ye Chen's benefactor, my benefactor!"

Auntie Li looked at Xiao Churan, her heart was moved.<sup>78</sup> Chinese update fastest computer end:<https://>

Seeing Xiao Churan this time, Auntie Li felt that she was a little different from the past.

In the past, although Xiao Chorán and Ye Chen would often visit her, Xiao Chorán was still vaguely a bit distant from Ye Chen, and obviously had no emotional foundation.

And this time when they met again, the two of them had been holding hands, and it seemed that their relationship had improved a lot.

In the past, Auntie Li could often hear the rumors and gossip outside, so she was always worried about their relationship, afraid that Ye Chen would divorce Xiao Churan one day and be driven out of the Xiao family.

It was only at this time when she saw that their relationship had improved that her heart settled down.

And the crowd present was surprised to hear this conversation.

They realized that during Aunt Li's illness, Ye Chen had done so much for Aunt Li with his own wife.

Ye Chen, on the other hand, acted very modestly, he took care of Aunt Li with great care, he just wanted to repay the other party to the best of his ability, and never thought that he would rely on this to show off and sell in front of people.

However, Jiang Ming who was on the side was depressed!

The reason we all came together today to visit Auntie Lee is because he's the one who really initiated and organized it!

Moreover, he had thought that he was at least a successful person now, so he could just use this reception banquet to pretend to be a good man in front of everyone, enjoy the compliments and fawning from this group of people, and by the way, develop with a young girl like Li Xiaofen again.

Unexpectedly, this guy Ye Chen stole the limelight, making himself a background plate instead!

At the thought of this, Jiang Ming looked at Ye Chen with a bit of resentment in his eyes.

At this time, Auntie Li held Xiao Churan's hand and said with relief, "Churan, you and Ye Chen are not young, it's time to consider having a child, in the original batch of children they left from the

orphanage, Ye Chen was the only one who got married, and the rest are still bachelor, I, as an aunt, can't wait to hug a dry grandson!"

Xiao Churan blushed all of a sudden.

She and Ye Chen had been married for more than three years, but no one had ever urged her to have a child.

After all, the relatives around her looked down on Ye Chen somewhat and would not want her to divorce Ye Chen, so how could she let him have a child with Ye Chen.

However, right now suddenly being urged by Aunt Li to have a child, she suddenly had some wonderful feelings in her heart besides shyness.

Xiao Churan will soon be twenty-six weeks old, at the best age to give birth, and for a girl as old as this, the motherhood and motherly love in her heart has actually started to grow insidiously.

Take Xiao Churan for example, occasionally when she saw others with children, her heart would feel overflowing with motherly love, and she even started to think, wondering when she would have a baby of her own.

However, because there were more various things going on at home, she had never dared to think about this issue in depth.

So, she was a bit shy and said, "Auntie Li, we haven't thought about having a child yet, because I've just started my own business, the company has just picked up a bit, and recently it's the busiest time."

958

Li Xiaofen was now looking at Xiao Churan with a little more envy and a little more loss inside.

She had loved Ye Chen since she was a child, she had dreamed of being able to marry and be Ye Chen's bride since she was very young, and she had never forgotten this dream until now, but now it seemed that she had no chance.

That's why she envied Xiao Churan even more, because in her opinion, Xiao Churan had found the best man in the world, so she was the happiest woman in the world.

Auntie Li smiled slightly at this time and said, "Career is important, but there are times when family is also important, we women, we can't have children too late, otherwise it will have an effect on our body."

Xiao Churan nodded with a red face.

Li Xiaofen was a little embarrassed at this time and said, "Auntie Li, the owner of the old restaurant just called, saying that the circuit of their restaurant is out of order and they can't open today, so we can only eat at a different place temporarily."

Auntie Li smiled and said, "Actually it doesn't matter whether we eat or not, I'm already happy to see everyone, it's been a long time since I've seen so many people here."

Jiang Ming, who had been all kinds of neglected, immediately brightened up when he heard this.

He immediately took a step forward and said off the cuff, "Auntie Li, let me arrange dinner for everyone tonight."

With that, he immediately pulled out his cell phone to make a call, then said to everyone, "Gentlemen, I've made a reservation at the five-star Hyatt Hotel in our Jinling, let's hurry over there now."

Hearing that Jiang Ming had actually booked a spot at the five-star Hyatt Hotel, everyone present was surprised!

Someone said awkwardly, "The Hyatt Hotel is a five-star hotel, it's a bit too extravagant for us to eat there, isn't it? It's twenty or thirty thousand dollars for one meal?"

"Yes! If we all aaa, it would be a couple of thousand each evenly distributed, our salary level can't afford such high consumption ah!"

Hearing this, the others couldn't help but show their approval on their faces.

Those who came in and out of the five-star hotel were basically people from the upper class, only they had the strength to go to such a place and enjoy it.

And among those present, since they were all from orphan backgrounds, they were generally not highly educated or had much of a background, so they couldn't talk about having a successful career.

Most of the jobs that they found were at the bottom of the hierarchy, and many of them had a monthly salary that wasn't enough to meet their daily expenses.

Therefore, once they heard that they were going to a five-star hotel for dinner, everyone was a little worried that they would not have enough money to make ends meet.

Jiang Ming, however, smiled slightly at this time, generously patted his chest and said, "Don't worry, everyone, I'll pay half of this meal alone, and you all will pay the other half together, it's estimated that it's only a few hundred yuan on everyone's head, how about it?" The fastest 78 Chinese update on the computer: <https://>

Hearing him say that, many people were relieved.

Jiang Ming was paying half by himself, that really relieved some pressure on everyone.

Someone couldn't help but say, "Jiang Ming, how embarrassing it is to have you contribute half by yourself!"

Jiang Ming, however, waved his hand without a care in the world and smiled, "Today's main purpose is to pick up for Aunt Li, so it doesn't matter if I spend a little more money!"

In fact, the crowd didn't know that Jiang Ming happened to have a company's budget for entertaining clients in his hands, and what he was thinking was that he'd eat his 20,000 to 30,000 for this meal, and he'd apparently pay half, and let the others pay the other half for themselves.

When the time came, he would open an invoice to the company for reimbursement, and not only would he get back the half he had spent, he would also earn back the half everyone else had paid!

For example, if a meal is 30,000 yuan, and you pay 15,000 yuan, and everyone pays 15,000 yuan, and you go to the company to reimburse 30,000 yuan back afterwards, you not only earn face and favors in front of everyone, but you also make a net profit of 15,000 yuan!

Why not?

959

Auntie Li, who was beside her, hurriedly said once she heard that she was going to the Hyatt Hotel for dinner, "Jiang Ming ah, Auntie knows that this is a very kind gesture from you, but it's not necessary to pick me up, it's not necessary to go to a high-class place like the Hyatt Hotel, it's too expensive!"

Then Auntie Li said, "And eating anywhere is eating, why don't Auntie personally cook a delicious meal for you, let's just have a bite in the orphanage, this will also save you kids a lot of money. What's wrong with saving this money, what do you do with it yourselves, it's not worth it to spend so much in order to pick me up ....."

She had been diligent and frugal all her life, and had never been to that kind of extravagant place, so for her to eat at a place that consumed easily tens of thousands of dollars, it was hard for her to adapt herself.

However, Jiang Ming smiled slightly and said, "Auntie Li, you mustn't say that, we were all raised by you back then, and we're now at an age where we can do something for you, and besides, as I just said, I'm not the only one who's invited to this meal, I'll pay half, and the rest of us as the other half!"

Saying that, he saw that Auntie Li was hesitant and advised, "Auntie, don't worry, this meal won't cost too much. Moreover, that Hyatt Hotel has a partnership with our company, and there are certain discounts for me to go there, and after a meal, the amortization to everyone's head is only a few hundred dollars!"

As soon as this was said, the crowd was also relieved.

If the per capita consumption was a few hundred, it was still within the tolerance range of most people, and the crowd was naturally quite relaxed.

Moreover, they felt that they could also take this opportunity to spend a very small amount of money to experience seeing the high class and luxury of a five-star hotel, it was still very cost effective.

At this time, Auntie Li was still a little hesitant, Jiang Ming looked at the time and said, "Auntie Li, it's already past 6 o'clock, if we don't hurry up, there might not be anywhere to go ah."

Auntie Li felt that it was rare for these children to come over to visit her together, and it would be too much of a bummer if everyone didn't even end up having a meal.

In the end, she couldn't resist Jiang Ming's hospitality, so she nodded her head and agreed, saying, "Okay, let's go to Hyatt to eat then."

Jiang Ming was delighted and hurriedly said, "Auntie Li, let's hurry up and go then."

Someone spoke up and asked, "How are we going to get over there with a dozen of us?"

Jiang Ming smiled and said, "My car can seat four, let Auntie Li ride in my car, and Little Fen also ride in my car, plus two more."

Saying that, he deliberately looked at Ye Chen and raised his eyebrows and smiled, "Ye Chen, do you and your wife want to ride in my car? I'll take you there, your wife is so pretty, you should be in a Mercedes and BMW, but you can't take her in a bus!"

Ye Chen smiled lightly and said, "Thank you for your kindness, but I also drove here."

"Ouch, really?" Jiang Ming exaggeratedly asked, "You drove here, aren't you the son-in-law at the door? How can you still afford a car? What kind of car? Alto or Charley, huh?"

Ye Chen expressionlessly pulled out his BMW key and pressed the unlock button, and the BMW 760 parked on the side of the road not far away flashed a yellow light.

Everyone looked over in the direction his remote control key was pointing, and saw that Ye Shen had actually reached out and unlocked a BMW, and they all shouted in shock.

It was true that none of these little fellows had much of an outlook, and they had just seen Jiang Ming's 500,000-plus Mercedes, and they had been amazed, thinking that this was already the ultimate goal they were striving for in life, but they didn't expect that Ye Chen had driven a BMW as well.

Jiang Ming's face immediately became a little bit not too good, because BMW and Mercedes Benz are basically the same brand, which made him, who originally felt like a flock of cranes, feel a little bit uncomfortable.

He himself should be the only one among the little partners in the orphanage who could afford to buy a BMW Benz.

But I didn't expect that Ye Chen could even afford to drive a BMW!

He felt bad, so he took a closer look at this BMW of Ye Chen's and found the three numbers 520 written on the back of his butt, and he finally felt better.

960

In fact, the BMW 5 series and the Mercedes-Benz e class are completely equivalent to the two levels, we are all greatly different from each other.

However, Jiang Ming is very clear, Ye Chen's BMW 520, is the BMW 5 series of the second-worst beggar version of the model, his own Mercedes-Benz e300l, is the Mercedes-Benz e-class is closer to the top, below there are e260 and e200.

In other words, Ye Chen's BMW 520 and the Mercedes e200 were about the same grade, so his own e300l, was a head over Ye Chen.

The first thing you need to do is to get a good deal of money to buy a BMW 3 series, and then you can buy a BMW 5 series. That's a bit vain of you, isn't it?"

Someone was surprised and asked, "Jiang Ming, what is the beggar's version of ah?"

Jiang Ming laughed, "The Beggar's Edition is this car, the most trashy model in these series, and also the one with the lowest model, belonging to the ranks of the hanging tail."

It was only then that the crowd suddenly realized.

Ye Chen then suddenly remembered that when he was opening the Wang Daokun Hotel, he drove a BMW 540 to pretend with himself.78 Chinese Updated fastest computer end:https://

Thinking of the time when Wang Tengfei had deliberately provoked himself and wanted to crush his 520 with his 540, Ye Chen was suddenly inspired by him.

At that time, it was Wang Tengfei who had deliberately provoked himself to compete with him, and now it was he who was trying to provoke Jiang Ming to compete with him!

So, he deliberately said to Jiang Ming, "Jiang Ming, there is a saying I don't know if you've heard it before, it's called there are no meat cars, only meat people", which means that as long as your technology is up to par, you can drive any car faster than others, but if your technology is not up to par, even if you are given an F1, you won't be able to drive it."

Said Ye Chen with a disdainful face, "Jiang Ming, it's not that I'm blowing with you, my driving technique is that great, I'm nicknamed, Jinling Schumacher."

As soon as Jiang Ming heard this, he immediately left his mouth and said, "Oh fuck, you're the only one who's still Jinling Schumacher?Do you know what Schumacher looks like, you?"

Ye Chen sneered with disdain, "You can believe it if you like."

Jiang Ming coldly snorted, "That mouth is long on your face, so you can blow it!I can't believe you're the one who drives a BMW 520 and still calls it the Jinling Schumacher.I'll make you eat tailpipe with one foot of gas!"

Saying that, Jiang Ming arrogantly raised his eyebrows and asked, "How about [PEN www.biqugexx.biz] having a contest?"

"Ah, again?"

Ye Chen laughed: "I'm not going to lie to you, a while ago, I just dry down a BMW 540, BMW 540's power is much stronger than your Mercedes e300I.

Jiang Ming spat and despised: "Ye Chen you bragged without a draft?You want to fuck a BMW 540 in that piece of shit car?You don't say 540, you can fuck my Mercedes e300I today, I'll take your last name!"

Ye Chen deliberately asked, "How many horsepower of your car?"

Jiang Ming arrogantly said, "This car of mine, 258 horsepower!"

Ye Chen nodded, gave a thumbs up, and said, "Then you're awesome!I can't do it with this one. It's only 184, not even close!Still you're good!"

Jiang Ming sneered and mocked, "What?Wimpy?Can't compete?What did you just say, a 340 horsepower 540 was beaten by you, and my 258 horsepower Mercedes e300l, and you're scared?Still not a man?"

Ye Chen deliberately dewy-eyed, "Oh my, I've said I can't compare to you, what else is there to compare to, you've won, you're not going to fight, is it okay?"
