### Chapter 991

The heartless Jiang Ming suddenly felt a bit guilty about Zhao Zhuo when he left from his dormitory.

He felt that although people like Zhao Zhuo were hateful, they were also pitiful.

It was a fatherless orphan, who had worked so hard for so many years without making anything out of it, and ended up finding a girlfriend who was still such a product.<sup>78</sup> Chinese update fastest computer end:https://

How would he feel if he knew that his girlfriend was enjoying herself under another man when she called him to scold him?

Also, he had just emptied himself of all his possessions again.

He'd also been made to take out over half a million in loans, none of which were still all loan sharks.

It's estimated that after a week, he'll have to pay back at least a million.

It was estimated that after a month, he would have to pay back at least several million.

At that time, I'm afraid he'll be desperate, right?

However, he was also a mudblood and could not protect himself.

There was no way, if two people were bound to die one, he wanted the other to die.

Besides, he wasn't even on shore yet!

If you want to go ashore, you need to get at least a few hundred thousand more.

Thinking of this, he no longer felt sympathy for Zhao Zhuo.

What the heck, let's just survive first.

Right now, at the Hyatt Hotel's dinner table, Jiang Ming had become the target of a thousand accusations.

Even his former lackeys were disgusted with him one by one.

Everyone despised Jiang Ming and at the same time admired Ye Chen immensely.

After all, someone who could casually donate one million to the welfare institution must have more than just one million.

Everyone realized that they had underestimated Ye Chen before.

Many people were constantly saying good things about Ye Chen, toasting him, complimenting him, and even kneeling down to lick him in order to suck up to him.

Ye Chen wasn't arrogant in any way, but he wasn't overly humble either, and he always maintained a calm attitude that made people feel a bit inscrutable.

Zhao Hao waited until everyone had finished toasting Ye Chen's wine. Holding up a glass of wine, he said seriously, "Ye Chen, thank you for all that you've done for the orphanage, I'll drink a toast to you!"

Ye Chen looked at him and nodded gently.

992

Other than Li Xiaofen and Auntie Li, Zhao Hao was the first one, who toasted himself because he donated money to the orphanage.

Those other people, they toasted to themselves not because they donated money to the welfare institution, but because they found out that they seemed to be a rich man.

These were two completely different starting points; those who ran to the orphanage to toast were truly concerned about the orphanage; those who ran to toast themselves were hoping to get in touch with themselves.

After all, to these little fellows, the person who could casually take out a million to donate to the orphanage must not be simple, and had far exceeded the scope of their knowledge.

Ye Chen and Zhao Hao drank a glass of wine, and Zhao Hao exclaimed from the bottom of his heart, "Ye Chen, I'm really very glad to see you have today! Back then I felt that you were different from all of us, and I don't know why, but at that time I thought you were great and that you would be something in the future! I didn't know you were so generous!"

Ye Chen smiled lightly and said, "Back then when the two of us slept together at the construction site, we were happy enough to eat enough every day, and every month when we were paid, the two of us could be extravagant, buying two small dishes, buying a few bottles of beer, and drinking against each other in the shed at the construction site, which was already a great satisfaction in my opinion."

After a pause, Ye Chen added, "It's because of that experience that I don't have too many material requirements now, eating better, wearing better, using better, and living better, it really doesn't mean much to me."

Zhao Hao nodded seriously and said, "Brother, I understand what you're saying. Back then, the two of us worked together in the same job, but all the money I earned was saved, hoping that it would serve as a salty capital in the future; but all the money you earned was donated to the orphanage, and at that time, I felt that I might not be as good as you in my life, because your pattern is much bigger than mine!"

Saying that, Zhao Hao sighed lightly and mocked himself, "It turns out that I'm really not much of a success either."

Ye Chen solemnly said, "Brother, don't belittle yourself at any time, as long as you can do it, worthy of heaven and earth, worthy of your conscience, worthy of yourself, even if your material life isn't that good, you're still a very happy person."

Saying that, he added, "Look at this world, how many rich people have made their fortunes by doing loss, how many people without money, thinking of robbing a little, stealing a little, cheating a little, taking a little from others, people who can do no loss, too few!"

Xiao Churan silently listened to Ye Chen speak, suddenly feeling that this image of her husband had become glorious at this moment and in her own mind.

From him donating money for the orphanage to him speaking such words now, he had impressed himself.

Zhao Hao drank some wine, some top, so this time also some impulse, he held Ye Chen's hand, red eyes and said: "Ye Chen, I muddle around for more than 20 years, today you let me live and understand, now think about it, I should not have left in the first place, I went to the sea city, is because I always think of my heart to turn over, to get rich, to become a human being, these few years I actually never! I didn't think about it, to take the initiative to give back to the orphanage that raised me, now when I think back, this heart of mine really feels guilty ....."

Ye Chen smiled slightly, "Zhao Hao, one has to be alone first and then help the world, if you can't take care of yourself, I also don't want you to donate your limited money to the orphanage, so you have to take care of yourself first, we all came from a hard life, no family, no support, the only thing we can rely on is ourselves, at times like this you must be kind to yourself and let yourself live well first."

Zhao Hao cried out at once, choking, "Why didn't you do that yourself when you advised me so much? I know you gave Aunt Lee all the money you could find for yourself when she was sick, and at that time, why didn't you think of making yourself better off first?"

Ye Chen awkwardly said, "Our situation is different after all, I'm married, but you're not."

Saying that, Ye Chen took Xiao Churan's hand and said to Zhao Hao, "The whole Jinling knows that I am famous for being a soft rice king, I eat my wife, drink my wife, use my wife, live with my wife, with such a good wife, I don't have to spend a penny myself, and I can eat and wear warm clothes, in this situation, it's not much use to ask for money ah."

Xiao Churan was suddenly held by Ye Chen's hand, and her heart was suddenly a little deer in the head.

Listening to Ye Chen's words again, she was incomparably moved.

She felt that she had a little more understanding of this husband of hers at this moment.

But at the same time, she also felt that at this moment, she was a bit more unfamiliar with this husband of hers.

Once upon a time, she had thought that this husband of hers was unproductive and unambitious, just a wimp who didn't dare to talk back after being scolded or beaten.

But now, she felt as if this husband of hers was much more inscrutable than the one she had imagined him to be!

Zhao Hao saw Ye Chen holding Xiao Choran's hand and showing his affection, and felt pleased for his good brother.

So he hurriedly poured another glass of wine and said, "Come, Ye Chen, good brother, I'll drink a toast to both of you, wishing you a better and better relationship and an early birth!"

Xiao Choran blushed all of a sudden, she felt ashamed when she talked about such things as having an early child.

Ye Chen instead said with a smile on his face, "Thank you brother, I will definitely try my best!"

Xiao Choran was even more shy, one hand was held by him, so the other hand was put under the table and pinched his inner thighs.

Ye Chen grimaced in pain, but didn't dare to scream out, so he could only hastily lift his wine glass and said to Zhao Hao, "Here, cheers!"

After drying his glass of wine, Ye Chen suddenly remembered that Zhao Hao was working in Hai City, so he asked, "Right Zhao Hao, which company are you working in now? What business is it? What do you do in your position?"<sup>78</sup> Chinese First <https://https://>

Zhao Hao explained, "I work for a company specializing in the production of lighting equipment in Haicheng, my main position is as a salesman, and our company is owned by the Telai Group."

"Tairai Group?" Ye Chen frowned and asked, "The owner of the Telai Group should be the richest man in Sea City, Li Telai, right?"

Zhao Hao nodded and smiled, "You also know Li Tai Lai ah."

Ye Chen smiled, "More than knowing, I've even met him."

"Yeah?" Zhao Hao was surprised and said, "Our Chairman Li is usually a divine dragon, only the people from the group headquarters have the chance to see him, people from small companies like us down below don't have the chance to see Chairman Li at all."

Li Tailai was basically an earth emperor in Hai Cheng, with many companies and industries under his hands.

The lighting equipment company that Zhao Hao was in was actually just a very small piece of industry under Li Tailai, not to mention Zhao Hao, even the head of their lighting equipment company didn't have the chance to meet Li Tailai a few times.

Therefore, Zhao Hao felt very shocked and curious that Ye Chen had met Li Tailai.

So he asked, "Ye Chen, how did you meet our Chairman Li?"

Ye Chen smiled, "A friend of mine did a party earlier, I went to it and just happened to see him."

The first time Ye Chen met Li Tailai, it was when Song Wanting invited herself over to look at a piece of jade, at that time, Li Tailai also had an idea about that piece of jade, and even brought an expert over to give him a long look, and as a result, that scam was broken by himself.

When he was killed by Jinghai, Li Tailai also went there. Although he had no friendship with him, he was always respectful to him.

After all, he was the supreme Southern Canton supreme in the eyes of that group of metaphysical people.

Since Zhao Hao was working in Li Tailai's company, he still had to help him if he could.

So, Ye Chen said to Zhao Hao, "How about this, I'll give Li Tailai a call and ask him to arrange a new job for you."

"What?! You know Chairman Li?" Zhao Hao was shocked to see Ye Chen.

He had thought that Ye Chen merely had a chance to meet Chairman Li at the party, but it was 80% not much of a chance to cultivate a friendship with him.

It wasn't that he looked down on his own brother, but the key was that Chairman Li was of a prominent status, after all, he was the richest man in the entire Sea City, and was really a bit unreachable in his eyes.

The others were also shocked when they heard Ye Chen's words.

The richest man in Sea City, Li Tailai, was a name that people had heard of, and although he wasn't as powerful as the Song family, he was at least a super-rich man worth tens of billions of dollars.

Unexpectedly, Ye Chen would know such a big man!

994

If it was placed half an hour ago, everyone would have felt that Ye Chen was bragging.

But put it now, everyone felt that since Ye Chen had said so, this matter was probably true.

Ye Chen smiled calmly at this time and said to Zhao Hao, "Although I don't have much of a friendship with your Chairman Li, we are acquaintances after all, and I believe that he will eventually give me some thin face."

Saying that, he immediately pulled out his phone, found Li Tailai's phone number, and called him directly.

A moment later, the call was connected.

[txt novel [www.txtyan.com](http://www.txtyan.com)] Li Tai Lai, on the other end of the phone, said in surprise, "Master Ye, how come you have the time to call me?!"

Ye Chen smiled calmly and said, "Chairman Li, you and I haven't seen each other for a few days."

Li Tailai hurriedly said, "Oh my, I haven't been to Jinling much this time, otherwise I would definitely greet Master Ye in person!"

Ye Chen smiled slightly and said, "Chairman Li doesn't have to be so polite, I'm actually calling here today because I have a matter that I want to ask you for."

Everyone at the table held their breath and looked at Ye Chen, expecting to witness a miraculous moment!

Because everyone was almost an orphan, not to mention a billionaire richest man, even an ordinary tycoon worth over ten million they didn't have the chance to get to know each other.

Li Tailai said in a panic at this time, "Master Ye, if you have anything to tell me, I will do my best!"

Ye Chen said, "I have a buddy I grew up with, and I just found out today that he actually works in a company under your industry, Chairman Li, so I want to trouble you, can you arrange a more promising job for him?"

Lee Taylor was in shock!

He had never dreamed that Master Ye Chen Ye's good brother would be working in his company.

So he hurriedly asked, "Master Ye, what is your brother's name? Which company do you work for? Please let me know, I'll call now to make arrangements, do a personnel transfer, and transfer your good brother directly to my group's main headquarters!"

Ye Chen said: "This buddy of mine is called Zhao Hao, he works in the lighting equipment company under your name, ask around, his Zhao is Zhao Kuang Yin's Zhao, and Hao is Ri Tian Hao."

Li Tailai panicked, "Master Ye wait a moment, I'll call now and ask!"

After hanging up the phone, Li Tailai immediately called his secretary and asked him to check Zhao Hao's identity in the shortest possible time.

After the secretary reported back to himself that the lighting equipment company did have this person, Li Tailai was delighted.

In fact, he had long wanted to find an opportunity to be close and intimate with Master Ye Chen Ye, but he had been suffering from a lack of opportunity.

After all, Grandmaster Ye is the true dragon on earth, the bullish Yu Jinghai can't even play a single game in front of him, and even such a huge family as the Song family is respectful and highly esteemed to Ye Chen, so he also knows that he actually doesn't have a chance.

However, he had never dreamed that this opportunity suddenly fell from the sky, Master Ye Chen Ye's good brother was working in his own business, wasn't this a heaven-sent opportunity?

So he immediately gave Ye Chen a call back and opened his mouth to ask, "Master Ye, I would like to transfer your brother to the headquarters to be my assistant with an annual salary starting from one million, oh no, two million, I don't know if you are satisfied?"

Ye Chen knew that two million annual salary was a drop in the ocean for Li Tailai.

However, to Zhao Hao, it was a little less than ten or twenty years of struggle, and it was even possible that he would never reach such a height.

He gave a satisfied hmm, and said: "Then this matter is hard for you Chairman Li, it's best to be able to send a notice to this brother of mine now, so that he can be happy sooner."

Li Tailai Mo dared not to disobey and said respectfully, "Master Ye please rest assured, I'll have the personnel manager send him a notice of entry!"

995

After Ye Chen hung up Li Tailai's phone, he said to Zhao Hao in front of him, "I've already greeted your Chairman Li, and he said that he wants to transfer you to the headquarters to be his assistant."78 Chinese updated fastest computer end:https://

Zhao Hao, including the entire table of little friends, were all stunned.

Everyone had heard of Li Tailai's famous name, that was a super-rich man worth over ten billion dollars!

Working as an assistant to a super-rich man worth over ten billion dollars is definitely not an ordinary job, there's no way an ordinary person would have the chance!

At the very least, he would have to be a doctoral graduate from a prestigious university, or even have similar work experience in many large companies, before he could be chosen by a tycoon like Li Tailai.

What was Zhao Hao's situation, everyone knew too well.

He and Ye Chen, at first, were both just high school graduates with a high school education level, because the welfare institution only cared about them until they were 18 years old, at that time, after they finished high school and graduated, they went straight into the society to work.

Ye Chen was still a little better than him, because at first, Master Xiao even sent him to Jinling University for a year to study in order for him to cultivate a relationship with Xiao Churan.

But Zhao Hao had been working since he came out at the age of 18, working on a construction site for a few years, and then running off to Hai Cheng for a few years to toss around.

To be frank, Zhao Hao's situation was no different from those migrant workers' uncles who worked at construction sites, the only difference was that he was just a bit younger.

So such a person, all of a sudden, was going to work as an assistant for the super-rich Li Tai, how could this thing sound particularly magical.

Zhao Hao himself didn't believe it, not only did he not believe it, but he also felt that how could he have the ability to be an assistant to the chairman?

It was already burning incense to be a team leader in your own company.

But just at this time, Zhao Hao's phone suddenly rang.

Zhao Hao looked at it and found that it was an unfamiliar number, so he answered the phone and asked, "Hello, who is this?"

The other party immediately said, "Hello, may I ask if this is Mr. Zhao Hao Zhao? I'm the personnel director of our Telai Group, and I'm calling you to inform you that you've now been transferred to the

head office as Chairman Li's assistant, and Chairman Li has given you a week to prepare, at which time you can just report directly to the head office."

Zhao Hao was stunned, and spoke out of turn, "You .....You're not joking, are you?Do you really want me to be Chairman Li's assistant?I didn't even go to college ah ....."

The other party smiled, "Chairman Li has specifically explained that he will let you do this position regardless of your education, and he doesn't require you to know any skills, as long as you can drive a car.It doesn't matter if you don't even know how to drive, the company can pay for you to sign up for training."

Zhao Hao hurriedly said, "I have a driver's license, I've been driving for more than three years, and I even drove a taxi in Haicheng for a while."

The other party smiled and said, "That's good, you can drive for Chairman Li first then, if there's anything Chairman Li needs you to do, he'll tell you then."

Saying that, the other party added, "By the way, your salary is 2 million per year, which is the base salary, not including the year-end bonus and commission."

"How much .....How much?!"Zhao Hao's entire body was thunderstruck, he thought he had an ear problem, how could 2 million a year be possible?

At his current level, earning 100,000 yuan a year was already very impressive, and even in the best dream he had ever had, he hadn't reached a level as high as 2 million yuan a year.

The other party saw that Zhao Hao didn't seem to have heard clearly, so he repeated seriously and said, "Mr. Zhao, the base salary of your position is 2 million a year."

Zhao Hao shuddered in fear and said offhandedly, "2 million a year is too much ....."

996

That one sentence scared everyone in the room.

Two million a year?What's the difference between that and robbing a bank?

And, was Ye Chen really capable of doing that?One phone call and you can make Zhao Hao 2 million a year?

Just then, the other party smiled on the phone and said, "This was set by Chairman Li, since he set it this way, there must be a reason for him, I'm sure that this price is not high in Chairman Li's opinion."

Afterwards, the other party said, "Mr. Zhao, I'll see you next week then, here's my cell phone, if you come to report then, give me a call and I'll receive you!"

Then, the pair conveniently hung up the phone.

Zhao Hao held the phone, and his entire brain had completely short-circuited.

Zheng Xiang was envious and jealous to the extreme at this time, and asked out of his mouth, "Zhao Hao, did your company really give you an annual salary of 2 million?"

Zhao Hao just came back to his senses, nodding his head incomparably dazed, "The one who called was the HR director, she did say that."

Zheng Xiang was simply jealous mad in his heart, he really didn't expect that Ye Chen had such astronomical energy, if he had known that he had this kind of ability, what would he have gone to kneel and lick Jiang Ming for? Kneel down and lick Ye Chen!

At this time Zhao Hao was already in tears, he looked at Ye Chen and choked with his red eyes, "Ye Chen, you have done so much for me, what can I do to be Chairman Li's assistant ah?"

Ye Chen smiled calmly, patted his shoulder and said seriously, "Just because you're my brother Ye Chen, you're completely worthy of him Li Tai to arrange an assistant position for you."

Zhao Hao was incomparably touched in his heart, but he still said somewhat less confidently, "Ye Chen, I know you've always treated me as a brother, but in my heart, I still have the ability to count at this point, where am I worth 2 million a year?"

Ye Chen smiled and said, "Whether it's worth it or not, it's not for you to decide, since you're my brother, then the 2 million annual salary is your starting price."

Saying that, Ye Chen made sure to say seriously, "So you'll just get down to work with Li Tai from now on, and make an appearance to show those who look down on you! Let them know that today you are no longer the same!"

When Zhao Hao heard this, he was moved to tears!<sup>78</sup> Chinese First <https://https://>

Ever since the two of them had left the orphanage, he had been looked down upon because he was young and fatherless, and even when he worked on the construction site, he would be bullied by other workers.

After all these years of making his way in Haicheng, he was similarly looked down upon, and even his own girlfriend had left him because she disliked him.

So Ye Chen's words ignited the self-esteem and hot blood within him.

So he immediately cupped his hands and said with incomparable gratitude, "Good brother, great kindness, from now on, my Zhao Hao's life will be yours!"

Ye Chen waved his hand and smiled, "What do I want your life for? I'll be very pleased if you live and live well in the future."

Saying that, Ye Chen added, "By the way, I only have one request for you."

Zhao Hao hurriedly said, "Whatever request you say, I'll definitely do whatever it takes!"

Ye Chen seriously said: "After becoming Li Tai Liang's assistant, no matter how much your ex-girlfriend and her mother come back to beg you, you must not say yes, even if you still love her in your heart! Because from now on, this kind of snobbish woman is not worthy of my brother Ye Chen!"

It was only at this moment that Zhao Hao realized from Ye Chen's resolute expression that his life had changed drastically.

He was no longer the despised, uneducated, fatherless, stinking hangman that everyone looked down on.

He was now Ye Chen's brother and the assistant to the chairman of the Telai Group.

And with an annual salary, as high as 2 million RMB!

If his ex-girlfriend, knew that she had gotten such a job, her snobbish mother would have knelt in front of her and begged her to get back together with her.

However, Ye Chen was right.

Because from now on, this family was no longer worthy of themselves.

It wasn't so much that Zhao Hao himself was floating, but rather that he knew that he was able to have this creation all because of his childhood brother, Ye Chen.

Not only did he have to be grateful to him, he also couldn't lose face to him.

Right now, the people at the dinner table were already looking at Ye Chen as if he was a god.

A single phone call had donated one million to the orphanage, and his friend had donated one million for his face's sake.

That was just as well, he even made a single phone call to the richest man in Hai Cheng, Li Tailai!

And it also settled Zhao Hao for a job that paid 2 million a year.

This kind of energy is beyond these people's imagination!

However, Xiao Chorán was not surprised at all, he knew that Ye Chen engaged in those feng shui, which was specifically for the rich, so it was not surprising to know Li Tai Lai.

But how did the others know this, many of them had already started to move, they all lifted their wine glasses and looked at Ye Chen.

Preparing to toast to Ye Chen, they also hoped to get close to Ye Chen and then see if they could get him to arrange a more awesome job for them as well.

But at the moment when many people had already lifted their wine cups, Xiao Churan suddenly received a phone call.

The call was from Ye Chen's mother-in-law, Ma Lan, and as soon as the call was connected, Ma Lan cried out on the other end of the phone, "My good daughter you come back quickly, your father wants to divorce me, I won't live! If you don't come back, you'll have to wait to collect your mother's body!"

Xiao Churan panicked, she didn't expect that her mom had just found her back and the house was in trouble again.

So, she hurriedly said to Ye Chen who was beside her, "Mom and Dad seem to be fighting at home, let's go back quickly."

As soon as Ye Chen heard this, he nodded, so he lifted his wine glass and said to everyone, "Auntie Li, and so many little friends, I'm really sorry today, the family is suddenly a bit urgent, Chorán and I will go back first, we'll get together again when we have time!"

Auntie Li hurriedly said, "You two hurry back to your business, don't be delayed because of us."

But those who still wanted to get something out of him were disappointed for a moment, and some even said, "Brother Ye, I haven't even had a chance to toast with you .....A couple of drinks before we leave?"

Ye Chen faintly said, "No more drinking, next time, I have to leave before my family."

After saying that, he lifted the wine cup in his hand yes, and said seriously, "I'll drink this wine."

As his words fell, he drank all the wine in the cup and pulled Xiao Churan's hand to leave.

As Ye Chen drank the wine, Xiao Churan was in charge of driving.

On the way back, she said quite anxiously, "I see, Dad is smitten with that Auntie Han again, so he wants to divorce Mom, I'm really worried, help me think of a way to see how I can get Dad back ....."

Ye Chen said, "How do I say this kind of thing?If Dad really has no feelings for Mom, forcing them to stay together and stay apart would be torture for both of them."

Xiao Chu Ran sighed and asked, "Then you mean to make them suffer long and short?"

998

Ye Chen laughed and said, "Don't you know what kind of person our mother is?The paroxysms will be made short and the short pain will be made long by her, even if our father wants to divorce him, I'm afraid it won't be so easy."

Xiao Chorán was suddenly stunned, his heart already in a clear understanding.

With mom's temper and personality, even if dad wanted to get a divorce, it would probably be hard to get what he wanted.

Thinking of this, she also suddenly realized that the probability was that Mom was still acting when she said she was seeking death.

So, she was relieved.

As soon as the BMW drove into the villa, she heard Ma Lan's cursing: "Xiao Changkun you heartless old son of a bitch, I have suffered so much for you and suffered so much, and you still want to divorce me."

Ye Chen and Xiao Churan got out of the car, and as soon as they entered the door, they saw Ma Lan standing in the living room, cursing the street with her cape.

Since Ma Lan's two front teeth were still missing, when she spoke, not only did she leak air when she got agitated, but she also kept spewing out saliva.

Xiao Changkun at this time deliberately kept a distance of more than five meters from her, and said in exasperation, "Don't you fix those useless things with me, I am now broken up with you, there is no other choice but divorce!"

Marashi cursed angrily, "Dog thing you are simply dreaming! I'm telling you, I wouldn't divorce you even if I were dead!"

Xiao Changkun said in exasperation, "You wait, I'll go to court tomorrow."

Ma Lan was furious and cursed, "You're fucking bluffing me, huh? You think the court is run by your family and you can get a divorce by suing? I told you my mother had made inquiries many years ago to prevent you from this hand, and as long as I didn't agree to the divorce, the court couldn't just order us to divorce for no reason!"

Xiao Changkun said angrily, "I have no feelings for you anymore, and the law will condemn a marriage without a foundation of affection to divorce!"

Ma Lan said proudly, "Che, so what if there is no emotional base? I'm telling you, the relevant law is that you have to be separated for two years before a divorce can be granted even if there is no basis for a relationship!"

Xiao Changkun was startled, whirling with anger, stomping his foot, "That .....That .....Then I will separate from you right now and count from now, after two years, you will have to leave without leaving!"

Lan Ma said, "You want to separate from me, right? I'm telling you, two people living in a house and sleeping in separate rooms is not a separation, if you want to live separately you can, then get the hell out of Townsend and don't live in a house with me!"

Said Mashi, "You can move back to your old room all by yourself!"

"Just go!" Xiao Changkun gritted his teeth, "As long as I can get rid of you shrew, even if I have to go sleep in a bridge hole for two years, I'm willing to do it!"

Ma Lan waved her hand, "Then get the hell out of here, now, without stopping!"

After saying that, Mashi threatened, "If you leave on the front foot, I'll chop up this furniture your father left behind and burn it with firewood on the back foot!"

"You ....." Xiao Changkun shivered with anger, "What's the difference between what you're doing and an animal?"

Mashi grumbled, "What do you care, you're moving away, aren't you? Hurry up and leave, now!"

Xiao Changkun was mute all of a sudden.

He really wanted to separate from Ma Lan, but he was really reluctant to leave Townsend.

This large villa with an elevator was simply too pleasant to live in, and after living here, and then looking at the small house from before, it was no different from a chicken coop.

But now that you've only lived here for a few days, if you let yourself move out, then you're really a bit unhappy.

Xiao Churan watched the two of them quarrel non-stop, saying helplessly, "Dad, Mom! Why are you making trouble again when you haven't had a good time?"

Ma Lan said, "I want to live a good life, but your father doesn't want to."

Xiao Changkun blurted out, "I have nothing to live for with you, we can't live together anymore!"

Ye Chen knew very well in his heart, the father-in-law must want to double up with Han Meiqing, but he was thinking too beautifully, what kind of pushy wife did he have in his heart?

999

Ma Lan saw that Xiao Changkun was so resolute, and said in a rage, "Fine, you can't live with me, right? You can, then you'll first live apart from me for two years, then go to court to file for divorce."

Saying that, Ma Lan snorted and added, "But Xiao Changkun, I can tell you in advance that I'm a very careful person, if you let me know that you're living a better and more comfortable life than me after you divorce me, then I might feel very bad!"

"You surely know better than anyone what I'll do when I'm a hard person, and I'll definitely make you feel worse than I do when the time comes so that my heart can balance!"

"In other words, by that time, if you dare to find a little vixen out there and sneak around, then I'll have to spoil all your good deeds, and then I'll haunt you every day, I'll be your ghost, I'll be your shadow, and you'll never get rid of me!"

Xiao Changkun was scared out of his wits when he heard this!

According to what Ma Lan's words meant, even if she had put up with her for two years and was finally able to dissolve her marriage, she wasn't going to let herself go .....

If she is with Han Meiqing by then, once Ma Lan finds out, she'll go crazy?

She doesn't know about Han Miharu yet, and she's all going to haunt herself every day, being her own ghost.

When the time came, if she knew about Han Miharu, or even knew that she was with Han Miharu, she would have to cut herself to death with a knife?

Moreover, not only could she not let herself go, she could not let Han Meiqing go either.

After all, she had been treating Han Meiqing as her greatest enemy for the past few decades.

With her style of acting like the number one shrew in all of Jinling, how could Han Meiqing be her opponent?

By then, she was afraid that after hurting herself, she would have to hurt Han Meiqing as well, and it would be an even bigger mess then.

Thinking of this, Xiao Changkun was so anxious that he was about to cry.

In his heart, he asked himself in despair, "Will I be unable to be with Mei Qing for the rest of my life? Can't I, Xiao Changkun, find my own happiness? Do I, Xiao Changkun, have to live with such a shrew for the rest of my life?"

Thinking of this, he wanted to die.

Ma Lan, however, acted like a winner and said proudly, "I'm telling you Xiao Changkun, you'll never be able to get rid of me Ma Lan in your life, unless I die! But even if I die before you, before I die, I will take you with me and leave with me, I will never leave you alone in this world to enjoy your happiness."

Xiao Changkun was trembling with anger and almost unable to stand, he roared with extreme indignation, "Ma Lan, you ..... You ..... You stinking bitch, you are simply an animal! How could there be such a brazen person as you in this world?!"

"What?" Ma Lan's eyebrows rose, "What's wrong with someone like me? Isn't it true that people like me are still married to you and have children? Do you think I, Marashi, am someone you can just dump at any time you want?" The fastest 78 Chinese update on the computer: <https://>

Xiao Changkun was crying with anger at Ma Lan and choked out, "What I regret most in my life is marrying you! If I knew you were such a shrew, I wouldn't have married you in the first place even if you had put a knife to my neck!"

Ma Lanton snickered, "Yo, what does your regretting marrying me have to do with whether I'm a shrew or not? You think I don't know what you're sorry for, old thing?"

"Don't you just regret not being with Han Miharu in the first place? Aren't you just sorry you didn't get Han Miharu back in time?"

"You eat from the bowl yourself, look in the pot, regret it and now say it's because I'm a shrew? In front of your daughter's face, touch your own conscience and tell me, do you want to be ashamed or not?"

"You ....." Xiao Changkun was dying of suffocation.

This was the kind of person that Ma Lan had the ability to accurately find the most hurtful language in any situation and launch the fiercest attack on herself.

Xiao Changkun had realized by now that he was no match for this shrew.

At the thought that his life was incredibly gray and it looked like it would never see the light of day again, he dropped to the ground like a child and sobbed.

Unlike the kind of crying that Ma Lan did when she was spilling her guts, Xiao Changkun's crying was truly sad for those who heard it and tears for those who listened.

It could be seen how desperate his heart was at this moment.

Ma Lan said, "Xiao Changkun, you're an old man, don't follow me," she said. What, you want to win sympathy in front of your daughter's face? Do you want me to tell you in front of my daughter about the affair you had back then?"

"I'm not going to be able to do anything about it," she said, not waiting for Xiao Changkun's reply, she said with a sneer, "You Xiao Changkun were the school's biggest star back then, and your affair with Han Meiqing was also known throughout the school. Better than you?" 78 Chinese First <https://https://>

Xiao Changkun only felt as if his heart was violently hit by a train.

At this moment, he realized that he might not be able to fight this woman in his life.

With her around, he would not be able to find true happiness in this life.

He then went from sobbing quietly to bawling his eyes out.

Xiao Churan was also depressed by the situation before her.

She suddenly realized that she had never wanted her parents to divorce before, but the result of the two of them not getting divorced must be a never-ending fight like today.

In that case, neither of them would be happy.

If the future life was like this, even they would not feel any light .....

At this time, she suddenly received Dong Ruolin's WeChat, the content was: "Churan, I just went to Thompson's, before I entered the door, I heard my uncle and aunt fighting, the noise seems to be quite fierce, do you want to hurry back and take a look?"

Xiao Churan hurriedly said, "I'm already back."

Dong Ruolin added, "That's good, right, I'd better stay in the hotel for the next few days, otherwise it would be too embarrassing."

Xiao Churan was also very upset in her heart.

Originally, it was said that she was letting her good girlfriend live in her house, so that she wouldn't have to stay in the hotel alone all the time.

But who would have thought that as soon as she moved over, dad would have to entertain his first love at home.

Now that mom had a hard time finding her way back, the two of them arrived home and started a dry war, if she were in her place, I'm afraid she would have hid far away .....

Thinking of this, she had to sigh and reply to Dong Ruolin WeChat: "I'm sorry Ruolin, wait until things are almost done at home, you can come back again."

Dong Ruolin was busy saying, "You don't need to worry about me for now, take care of things at home."

Actually, Dong Ruolin had always envied Xiao Churan before, after all, she was able to find such a good man as Ye Chen.

But now, she was suddenly not so envious again.

Because her family was really too strange, if she were to keep living in such a family atmosphere, she was afraid that she would have collapsed long ago.

At this time, Xiao Changkun had cried and returned to his room, Ma Lan saw that he had escaped and lost the mood to continue spilling, proudly saying, "Oh my, I'm going to take a nice soak in my big bathtub, I'll finally be able to sleep in the Tomson!Hahaha!"

Seeing that the parents each went back to their respective rooms, Xiao Chorán said to Ye Chen in frustration, "Hey, I'm really tired and my head hurts to death, I'm also going back to my room to take a bath, otherwise I'm really going to collapse ....."

Ye Chen, thinking that he was going to be promoted tonight, hurriedly followed up with a hippie smile .....
