Chapter 1201: Fighting Again

When Yun Xin Er was about to say something to Xiao Tian, he suddenly did something shocking to her.

He grabbed her by the waist before finally placing her between his legs!

Not only that, but he instantly wrapped his arms around her slender waist and placed his head on her right shoulder.

“Hehe.” Yun Xin Er covered her mouth and giggled.

‘As I thought, he wants to lovey-dovey with me. He is even placing me between his legs and wrapping his arms around my waist.’

Yun Xin Er did nothing when Xiao Tian hugged her from behind because she also loved it.

They then began talking again. They chatted about many things, such as their future or their relationship.

Due to how enjoyable their conversation was, they did not realize that they had been talking for about two hours.

Xiao Tian sent her home at 04:00 pm. He did not go home immediately; instead, he traveled to the Blue Ice Lotus gang headquarters.

Yes, he wanted to see his underlings practice martial arts.

Xiao Tian’s Mansion, Family Room.

Xiao Tian was currently sitting on the couch with Lin Xing Xue.

After seeing his underlings practice martial arts, he went straight home because he wanted to spend time with his women.

Xiao Tian watched a movie with Lin Xing Xue for about an hour before finally, he carried her to his room.

One thing led to another, and they ended up having sex in his room for about an hour.

The following morning, Xiao Tian practiced martial arts after waking up. It was Sunday, so he did not go to work.

He practiced martial arts for about three hours before finally stopping. After taking a shower, Xiao Tian suddenly remembered Crystal.

For this reason, he invited her to have lunch with him. He did not take her to an expensive restaurant because she said it was a waste of money.

Even though they had lunch at a cheap and ordinary restaurant, they were still happy. They even often laughed as they talked about many things.

However, something unexpected happened when they were on their way home.

One car and two motorbikes followed them!

Xiao Tian cursed venomously in his heart.

He finally had peaceful days after so long, and here, some people tried to cause trouble to him again.

“Who are they?” Crystal asked as she looked at them through the side mirror.

“I don’t know.” Xiao Tian drove his BMW car faster.

However, they were skilled at driving cars.

*Bang!

They hit Xiao Tian’s car from behind.

Xiao Tian cursed again.

‘Fuck! Their car is faster than mine.’

At this moment, he knew that he could not escape from them.

“Xiao Tian, let’s just fight them.” after saying that, Crystal took out her daggers.

“Alright.” Xiao Tian agreed with her idea.

For this reason, Xiao Tian slowed down his car before finally stopping his vehicle on the side of the road.

He could not run away from them, so there was only one option for him.

Fight them!

Two motorbikes immediately stopped in front of their vehicle while the car stopped behind their vehicle, preventing Xiao Tian from escaping.

*Sring...

Xiao Tian extended his special sword after getting out of the car.

‘10 people.’

After counting his opponents, he was sure that he could defeat his enemies later.

Like Xiao Tian, Crystal also held her daggers, ready to fight her enemies.

“Attack them!” the red-haired guy shouted.

They rushed towards Xiao Tian and Crystal and were ready to attack them using their weapons.

They did not underestimate Xiao Tian and Crystal because they knew how skilled Xiao Tian and Crystal were in martial arts.

Even though it was two versus ten, Xiao Tian and Crystal still had the upper hand in the fight.

Sure, all of their opponents were martial art experts, but they were only martial artists at the mid-level master stage, so Xiao Tian and Crystal still had the upper hand in the fight.

Crystal was an extraordinary martial artist at the mid-level master stage, so her skills were above average.

She even could defeat ordinary martial artist at the high-level master stage, so martial artist at the mid-level master stage was nothing in her eyes.

As for Xiao Tian, he could defeat his opponent easily. He had broken through to the high-level master stage, so they were nothing.

*Bang!

Xiao Tian kicked one of his opponents.

Sure, his opponents attacked him at the same time, but he was still able to handle them.

Whenever his opponent attacked him, Xiao Tian always managed to block or avoid it before finally counterattacking.

After Xiao Tian defeated all of his opponents, he immediately helped Crystal. Sure, Crystal had the upper hand in the fight, but he still helped her.

The reason was simple. First, he did not want something bad to happen to her. And last, he had to protect her.

She was with him, so it was his duty to protect her. With them working together to fight their opponents, they could defeat their enemies faster and easier.

"Just who are they?" Crystal asked as she looked at her opponents, who fainted on the ground.

"I don't know. I have never seen them before." Xiao Tian replied instantly.

'Are they my enemies or Crystal's enemies?'

He asked in his mind.

Crystal's job was as an assassin, so there was a possibility that they were her enemies.

However, there was a high possibility that they were his enemies because his life was full of troubles.

Yes. It was as if he was born with bad luck!

"Let's leave now." Xiao Tian uttered.

"All right." Crystal replied as she nodded her head.

Something unexpected happened when Xiao Tian and Crystal were about to get into his car.

Fifty people suddenly appeared and surrounded them!

Not only that, but all of them were holding weapons too.

Xiao Tian clenched his feet.

'Fuck!'

He cursed again.

Defeating fifty martial artists was impossible for the current him, especially if some of them were martial artists at the high-level master stage.

At this moment, a young woman suddenly stepped out of the crowd.

Fu Rou!

Yes, that young woman was none other than Fu Rou.

Chapter 1202: Two Versus Fifty-One

Xiao Tian clenched his right fist after seeing Fu Rou.

'Fu Rou!'

He did not expect to meet Fu Rou so quickly like that.

But what surprised him most was that Fu Rou brought fifty martial artists with her.

Gathering fifty martial artists at the master stage was difficult, and not everyone could do that because they could form a big gang with fifty martial artists.

"Do you know her?" Crystal asked after seeing Xiao Tian's expression.

"She is Fu Rou." Xiao Tian gave a short explanation about Fu Rou.

"I see." Crystal finally knew who Fu Rou was.

"We meet again, Xiao Tian." Fu Rou uttered, "Do you miss me?"

"Of course, I miss you." Xiao Tian replied instantly. "I miss you a lot, you know? It was a pity that my underlings failed to kill you a few days ago."

Fu Rou then looked at her left shoulder. "It made me angry whenever I remembered your underlings because one of them cut off my left arm."

One of Xiao Tian's underlings managed to cut off her left arm when she was trying to escape from them.

Sure, she was still alive, but she could not fight to the max anymore because she only had one arm now.

"But it's fine." Fu Rou returned her attention to Xiao Tian. "It's fine because I will get my revenge today. I will cut off both of your arms later."

Her eyes gleamed with terrifying sharpness when she said she would cut off Xiao Tian's arms later.

She brought fifty people with her, so Fu Rou was sure they could defeat Xiao Tian later.

Sure, she did not bring the strongest martial artist with her, but it was enough. First, all of them were skilled in martial arts.

And last, their opponents were only two people.

Two versus fifty-one!

Even a kid would know the result of the fight later.

It was impossible to defeat fifty-one martial artists at the master stage unless he was a martial artist at the mid-level grandmaster stage or high-level grandmaster stage.

Sure, Xiao Tian could defeat ordinary martial artists at the low-level grandmaster stage, but fighting fifty-one martial artists at the master stage was too much for the current him.

Xiao Tian walked closer towards Crystal and whispered, "Crystal, let's get into the car and leave this place immediately. We can't win fighting against that many people."

"Alright." Crystal agreed with Xiao Tian's idea.

She also knew it was impossible for them to defeat fifty-one martial artists at the master stage.

However, Fu Rou knew their plan. "Don't even think about running away!"

Two Dragon gang members immediately threw knives at Xiao Tian's car tires.

Xiao Tian clenched his fists. Now they could not run away using his vehicle because the tires of the car were punctured.

Sure, he could still use his car, but it was impossible to escape from them.

First, his car would not function normally. And lastly, his enemies had more than one car parked not far from them.

Xiao Tian skimmed his surroundings.

"There is only a forest around us."

There was no house around them because Xiao Tian took Crystal to the restaurant, which was located near a village.

What he saw were only two things.

Forest and mountains!

Xiao Tian skimmed his surroundings again, looking for the easiest path to run away.

"Crystal, we can't use my car now." Xiao Tian whispered again. "Follow me. We will run toward the forest now."

The best route for them to escape was to run towards the forest as there were no houses around them.

"Alright." Crystal prepared herself to fight.

"Don't let them escape!" Fu Rou knew that Xiao Tian wanted to run away, so she ordered the Dragon gang members to stop them.

*Slice...Slice...Slice...

Xiao Tian swung his special sword continuously.

He had to pave the way for them to escape. However, escaping from them was difficult.

*Bang....

Crystal helped Xiao Tian to pave the way.

Xiao Tian and Crystal did their best to defeat their opponents as quickly as possible so that they could run away from that place.

“Crystal, run first!” Xiao Tian said as he attacked his opponents. “I will follow you from behind.”

Crystal nodded her head. She knew that they could not waste their time because it could be fatal later.

*Uak...

Xiao Tian was sent flying three meters from where he was.

Blood dripped down from the corners of his mouth, and there was a bruise on his handsome face.

“Xiao Tian!” Crystal stopped her footsteps and turned her body.

“Keep running!” after saying that, Xiao Tian rose to his feet and fought his opponents again.

Fu Rou’s lips curled up into a grin when she saw Xiao Tian and Crystal struggling to run away. “Keep attacking them!”

Xiao Tian was beaten up because he attacked everyone who tried to stop Crystal from escaping.

*Uak....

Xiao Tian was sent flying again.

Xiao Tian could not use his secret move or battle instinct because it would consume a lot of stamina.

His opponents were fifty people, so he could not defeat them using his secret move.

He also could not use his battle instinct.

There were two reasons for this.

First, he could only maintain his battle instinct mode for six seconds.

Sure, he could kill many people in six seconds, but he was sure that he could not defeat fifty people in six seconds.

Not only that, but his stamina would immediately decrease drastically after using battle instinct, so it was not a good choice in his eyes.

For this reason, Xiao Tian only fought his opponents normally.

*Slice...Slice...Slice...

Xiao Tian kept attacking his opponents.

He didn't care about the wounds on his body because he only had one thing on his mind.

Escape!

Yes, he had to escape from that place!

After trying his best, Xiao Tian finally managed to run away.

When Fu Rou saw Xiao Tian and Crystal running towards the forest, she shouted angrily. "Chase them!"

At this moment, three women in black suddenly appeared in front of them. All of them wore veils, so Fu Rou could not see their faces.

Chapter 1203: We Are Late!

Fu Rou and the others were startled when three women in black suddenly appeared in front of them.

"Who are you?" Fu Rou's eyes were filled with killing intent.

She was furious because these three women dared to stop them. It was an excellent opportunity to kill Xiao Tian, so she was enraged when these three women dared to stop them.

"We don't need to kill them. Just stop them for five minutes." One of the women in black spoke abruptly. "Remember, master wants young master Xiao to go through many difficult times so that he can become an independent person and a strong martial artist. This is like one of the trials he has to face."

"Alright." The other women in black nodded their heads.

"Thirty of you attack them, and the others chase Xiao Tian and his friend!" after saying that, Fu Rou dashed towards these three women in black.

These three women did not stop them when twenty people chased Xiao Tian because this was one of the trials he had to face.

Even though it was thirty-one against three, these three women in black managed to fight them on an equal footing.

This made Fu Rou even more irritated. She did not expect that these three women were so strong, to the point they could fight equally against thirty-one people.

Sure, they were only martial artists at the mid-level master stage, but fighting equally against thirty-one people should be nearly impossible.

'Are they martial artists at the grandmaster stage?'

Fu Rou suddenly suspected that these three people were martial artists at the grandmaster stage because only martial artists at the grandmaster stage could fight a lot of people at the same time.

After fighting Fu Rou and the others for five minutes, these three women left. They did not kill their opponents because Fu Rou and the others could make Xiao Tian stronger later.

Somewhere in the forest.

Xiao Tian was currently fighting against four people in the forest. Like Xiao Tian, Crystal also fought against three people not far from him.

Xiao Tian could not defeat his opponents fast like usual because he only had a little stamina left.

Previously, he fought against more than thirty people. Coupled with the wounds on his body, it made him unable to fight to the fullest.

“Agh!” Crystal cried out in pain when one of her opponents managed to stab her right thigh.

Xiao Tian immediately rushed towards her.

‘Crystal!’

He instantly attacked Crystal’s opponents when he saw her right thigh was covered in blood.

‘I have to defeat them quickly.’

He tried his best to defeat his opponents as quickly as possible.

Crystal could not use her right leg now because her wound was deep. Of course, she did not give up and kept fighting her opponents.

Punch, kick, punch, kick. Xiao Tian tried his best to defeat his opponents because it would be dangerous if he could not defeat them quickly.

First, Crystal was injured, and last, he was sure the other members of the Dragon gang were not far from them.

At this moment, he regretted not bringing poison needles or something like that. He only brought medicinal powders, so he could not use them against his opponents.

*Slash...Slash...Slash...

Xiao Tian attacked his opponents non-stop.

After trying their best, Xiao Tian and Crystal finally defeated their opponents.

Crystal immediately sat on the ground. She could not stand up anymore because she felt immense pain in her right thigh.

She also felt a little dizzy because blood kept coming out of her wound.

Xiao Tian immediately sat on her right side. “Crystal, sorry for being rude.”

*Creak...

He tore Crystal’s trousers so that he could treat her wound with his medicine powder.

Crystal was startled.

‘Is he going to treat my wound?’

That was the question that appeared in her mind.

After taking out the medicine powder, Xiao Tian immediately spoke, "Crystal, please endure the pain. This medicine will stop the blood instantly and heal your wound faster, but you will feel pain when I apply this medicine on your wound."

Many people searched for them, so it was dangerous if Crystal screamed because it would reveal their location.

"I can endure the pain," Crystal responded.

"Here, bite my left arm." Xiao Tian placed his left arm in front of her.

After looking at Xiao Tian for several seconds, Crystal bit his right arm.

"I'm going to apply the medicine to your wound now." after saying that, Xiao Tian put the medicine powder on Crystal's wound.

"Hmmm..." due to how painful it was, Crystal bit Xiao Tian's left arm hard.

As Xiao Tian was applying the medicine powder, he also endured the pain because Crystal bit his left arm very hard.

*Blood...

Due to how hard Crystal bit his left arm, a small amount of blood came out of Xiao Tian's left arm.

"Done." Xiao Tian caressed Crystal's hair before smiling softly. "Good job in enduring the pain."

When Crystal saw a little blood on her bite mark, she put on a guilty face. "I'm sorry for biting your left arm too hard."

"It's fine." Xiao Tian responded, "Let's go deeper into the forest."

It was dangerous to get out of the forest because fifty-one people wanted to kill them. Xiao Tian was sure that they were looking for them right now.

That was why he thought it was better for them to go deeper into the forest.

"Alright." Crystal rose to her feet.

Even though the blood had stopped coming out of her wound, Crystal was still unable to walk properly.

"Come here. I will carry you." Crystal could not walk properly, so Xiao Tian wanted to carry her.

At this moment, Crystal did not say anything and only stared at Xiao Tian's back.

'This is...'

After looking at Xiao Tian's back for several seconds, Crystal agreed with his idea.

Xiao Tian immediately ran deeper into the forest because they could not stay in that place for long.

And his decision was right because Dragon gang members arrived at that place not long after that.

“Damn it! We are late!” one of Dragon gang members spoke angrily. “Let’s find them again.”

Chapter 1204: In the Forest

A small hawk flew in the vast sky, and countless trees swayed in the wind.

When many people were chatting and laughing happily, two young people were walking in the dense forest.

The young man was carrying the young woman on his back. Their faces were filled with bruises, and blood could be seen on their clothes.

Anyone who saw them would immediately know that these two young people had just encountered a big problem.

These two people were none other than Xiao Tian and his important friend, Crystal.

It had been more than thirty minutes since Xiao Tian carried Crystal on his back.

However, he kept walking because he wanted to run away from his opponents as far as possible.

Xiao Tian and Crystal were injured, so it was dangerous if their enemies found them because their opponents were fifty-one martial artists at the master stage.

*Ten minutes...Twenty minutes...Thirty minutes...Forty minutes...

When Xiao Tian saw a waterfall in front of them, he stopped walking and put Crystal down.

“Let’s rest here.” Xiao Tian spoke abruptly. “We are already far from them. I hope they won’t find us later.”

“I hope so.” Crystal replied, “Let’s stay the night here. There is a cave next to the waterfall, so it’s a good place to stay.”

The waterfall was surrounded by many trees, and the height of the waterfall was about twenty meters.

Like the waterfall they found when they lived in the forest a few months ago, there were many rocks around the waterfall, from small to big stones.

The water was also clean, to the point they could see their reflections on the water.

*Gulp...Gulp...Gulp...

Xiao Tin drank the water.

“I did not expect that we would live in the forest again.” Crystal lived in the forest with Xiao Tian several months ago.

At that time, they fell off the cliff and had to stay in the forest for several days.

“Sorry!” Xiao Tian apologized to Crystal because everything was his fault.

Fu Rou was his enemy, so it could be said that Crystal was dragged into his troubles.

“Why are you apologizing to me? Aren’t we friends? It’s fine. I’m not angry at you.” Crystal did not blame Xiao Tian for everything. “And I think living in the forest with you for a few days is not bad too.”

Crystal knew that Xiao Tian’s life would be filled with troubles because he was an extraordinary person.

He was destined to stand at the top, so it was normal if someone like him had many troubles in his life.

“Thank you for not blaming me. “Xiao Tian then took another medicine powder from his pocket. “Oh right. Let me apply this medicine powder to your wound.”

“Medicine powder?” Crystal said in surprise. “Is it the same medicine?”

“No.” Xiao Tian shook his head. “This medicine can heal our wounds and will make our wounds not leave scars later.”

“Alright.” Crystal agreed instantly.

Xiao Tian began applying the medicine powder to Crystal’s wounds. Arms, legs, neck; he applied the medicine powder on all of her wounds.

Sure, it was only minor injuries, but Xiao Tian still treated them. “Done!”

“Xiao Tian, I also have an injury on my back.” Crystal wanted Xiao Tian to put the medicine on her back.

The medicine was good and did not cause such excruciating pain like before; instead, her wounds felt a little cold after Xiao Tian applied medicine to her injuries.

Xiao Tian was startled.

He did not expect that Crystal wanted him to apply the medicine on her back.

Sure, he knew that she could not apply medicine to her back, but she had to take off her clothes to treat the wound that was on her back.

“Are you sure?” Xiao Tian did not want Crystal to regret her decision later.

Of course, he knew that he did not behave like usual. He did this because Crystal was important to him.

“What is this? Are you feeling shy and nervous?” Crystal was sure that Xiao Tian had seen women’s naked bodies before because she knew that he had many women.

“If so, then I will apply the medicine powder on your back now.” Xiao Tian took the medicine again.

After taking off her jacket, Crystal took off her T-shirt. She put her T-shirt and jacket on the stone next to her.

*Gulp...

Xiao Tian gulped his saliva.

Even though he had seen women’s naked bodies before, but Crystal’s body was still amazed him.

“Crystal, your hook-and-eye closure is covering your wound.” Actually, Xiao Tian did not want to say this because it would look like he wanted her to take off her bra.

However, he could not apply the medicine on her wound entirely if she did not take off her bra because her hook-and-eye closure was covering her wound.

“Let me unhook my bra first.” Crystal behaved normally because she was sure that Xiao Tian did not have any bad intentions.

Xiao Tian’s eyes widened for a second. Crystal’s back was flawless, and her skin was so smooth.

‘Is it because it’s my first time seeing her back?’

Sure, his women also had good skin and back, but Crystal’s back was still amazed him.

Of course, Xiao Tian behaved normally because it could hurt his pride if he acted awkwardly just because he saw her back.

“You can apply the medicine on my wound now.” Crystal did not take off her bra, she only unhooked her bra.

She placed her right arm on her breasts so that her bra would not fall later. Of course, she did not know what Xiao Tian had in mind.

“I will apply the medicine now.” after saying that, Xiao Tian put the medicine on Crystal’s wound.
“Done.”

“Thank you.” Crystal uttered.

Xiao Tian then rose to his feet before speaking, “Wait here. I will check the cave first.”

He had to check the cave because they would stay the night at the cave later. He was even sure that they would live in the forest for more than two days later.

“Alright.” Crystal nodded her head.

Chapter 1205: In the Cave

After Xiao Tian checked the cave, he returned to the waterfall.

However, he only talked with Crystal for ten minutes before finally he looked for leaves for the bed and tree branches.

Of course, Xiao Tian only looked for it around the waterfall because he could not leave Crystal alone for a long time.

Crystal’s right thigh was injured, and she still could not walk properly, so it was dangerous to leave her alone for a long time.

After finding leaves for bed and tree branches, Xiao Tian returned to the waterfall. “Do you want to eat fish?”

Xiao Tian was starving after working hard, so he suddenly wanted to eat fish. There were two reasons why he suddenly wanted to eat fish.

First, it would take a long time to find fruit in the forest, and lastly, there was a lot of fish in the flowing water.

Instead of answering his question, Crystal inquired, "Xiao Tian, do you remember the time when we fell off the cliff a few months ago? We also lived in the forest for several days at that time."

Crystal suddenly remembered the time when she lived in the forest with Xiao Tian. At that time, they were still enemies.

She even had the intention of killing him at that time. And the place where they finally became friends was also in the forest.

Of course, Xiao Tian still remembered it. "Yes. And here, we are in the forest again."

"Hehe." Crystal giggled. "Life is sure interesting. I did not expect that we would live in the forest again."

"Yes. Life is interesting." Xiao Tian agreed with Crystal's words.

"At that time, I was the one who took care of you, but now I will be in your care." Crystal could not walk properly, so she needed Xiao Tian.

"Don't worry. I will protect and treat you like a queen." Xiao Tian threw a small joke.

"Hehe." Crystal giggled again. "Didn't you say you wanted to catch some fish earlier? Please catch big fish because I'm hungry now."

Sure, they had eaten three hours ago, but she was starving again because she used up a lot of stamina in the previous fight.

"Wait here. I will catch some big fish now." after saying that, Xiao Tian rose to his feet and extended his special sword.

He could walk normally, and he also had his special sword, so it was easy for him to catch some big fish.

"Crystal, I have caught five big fish." Xiao Tian walked towards Crystal with a smile on his face.

"I thought you would curse the fish again like in the past. Hehe." Crystal covered her mouth and giggled.

"It was because my legs were injured at that time." After saying that, Xiao Tian made a fire.

After Xiao Tian finished grilling the fish, they consumed it happily.

—

Somewhere in the forest.

"How is it? Did you find them?" Fu Rou asked the Dragon gang members.

"We still haven't found them." one of the Dragon gang members replied.

"Fu Rou, let's return. It's almost dark now." another Dragon gang member spoke.

"Yes. We have to return now, or else our leader will get angry at us later." another Dragon gang member said.

After thinking for several seconds, Fu Rou agreed with them. "Let's go back to our base now. We will try to find them again tomorrow."

"Eh? We will come to this place again tomorrow?" one of the Dragon gang members wore a sad face.

"Young master won't be angry at us because I will explain everything to him later." Fu Rou knew what they had in mind.

"Alright." They replied.

Forest, Cave.

Xiao Tian and Crystal were currently in the forest. It was already 05:10 pm, so they decided to go to the cave.

It was almost nighttime, so it was dangerous if they remained in the waterfall.

Xiao Tian, who was sitting on the leaves near the bonfire, spoke abruptly. "I hope your right thigh gets better soon, so we can get out of the forest quickly."

It would be dangerous if they tried to get out of the forest with her current condition. First, they were many wild animals in the forest.

And last, they were afraid that their enemies would find them later. It would be hard to defend herself with her condition, especially if her opponents were more than two people.

"I hope so." Crystal also understood her condition.

Sure, Xiao Tian could carry her on his back, but it would put them in a dangerous situation since they were in the forest.

After talking for about three hours, Xiao Tian and Crystal decided to sleep.

The following morning, Xiao Tian carried Crystal to the waterfall. They talked about many things after having breakfast.

"Crystal, I will try to find some fruit around here." Xiao Tian spoke abruptly. "I will also make a wooden fence to prevent wild animals from entering the cave later."

It would be dangerous if wild animals suddenly entered the cave when they were sleeping, so Xiao Tian wanted to make a wooden fence.

At least, they would know if some wild animals tried to enter the cave later.

"Alright." Crystal agreed with Xiao Tian's idea.

"I will carry you back to the cave now." in his view, it was better to wait for him in the cave than in the waterfall.

"Un." Crystal nodded her head.

After entering the cave, Xiao Tian put her on the leaves. "I'm going to go find some fruit and make a wooden fence now."

"Be careful," Crystal responded.

"I will be back." Xiao Tian decided to go around the cave because Crystal could not protect herself now.

Actually, he did not want to leave her alone. He just hoped nothing bad would happen to her later.

Xiao Tian looked for fruit first. To his surprise, he found gooseberry and blackberry trees not far from the cave.

'Oh, gooseberry and blackberry trees?'

He smiled happily because they could eat delicious fruit later.

'I'm sure Crystal will like it later.'

Without waiting for another second, Xiao Tian picked the gooseberries and blackberries fruit.

'I need something for this fruit holder.'

He put fruit in his jacket, so he wanted to find something for the fruit holder.

And as if God was helping him, he saw banana trees not far from the gooseberry and blackberry trees.

The smile on Xiao Tian's face grew bigger when he saw banana trees.

'Wow! it seems like the goddess of luck is by my side now.'

Xiao Tian suddenly remembered Yun Xin Er.

'No, no. what I mean is the real goddess of luck, not her.'

He shook his head.

'Now, I only need to make a wooden fence.'

With that idea in mind, he began to make a wooden fence.

Xiao Tian had his special sword in his right hand, so it was not difficult for him to make a wooden fence.

Seconds turned into minutes, and without realizing it, it had been thirty minutes since Xiao Tian left the cave.

'Done!'

He smiled in satisfaction when he saw the wooden fence in front of him.

Sure, it was only a simple wooden fence, but in his view, it was enough to protect them from wild animals later.

Xiao Tian immediately walked towards the cave.

At the same time, two wolves were in front of their cave, ready to enter the cave.

Chapter 1206: Saving Crystal

A young woman was fighting two wolves in a cave.

She swung her daggers continuously, hoping she could kill these two wolves quickly.

Even though she could not fight normally, the young woman did not give up and did her best to kill the wolves.

That young woman was none other than Crystal, Xiao Tian's important friend.

Previously, Crystal immediately took out her daggers when two wolves suddenly entered the cave.

She could not run away or stand up because her right thigh was still injured. For this reason, she fought these two wolves in a sitting position.

'I did not expect that two wolves would attack me.'

Crystal could kill these two wolves easily if her right thigh was not injured.

Sure, wolves were dangerous animals, but they were nothing to a martial artist at the mid-level master stage, especially a strong martial artist like Crystal.

"Hii..." Crystal gritted her teeth when one of the wolves managed to bite her left leg.

'I have to kill it now!'

She did not let the opportunity to kill that wolf slip away because it was an excellent chance to kill it.

*Slash...Slash...Slash...

Crystal attacked the wolf fast, slicing and stabbing the wolf.

Sure, her legs were injured, but she was still a martial artist at the mid-level master stage. Her speed was fast, to the point she managed to stab that wolf a few times in a second.

After she killed it, Crystal paid attention to the other wolf. The other wolf was not afraid, even though Crystal managed to kill one of them.

At this moment, Xiao Tian was walking towards the cave with a smile on his face. He was pleased because he had picked up a lot of fruit before.

Of course, he still did not know what was going on in the cave.

'After arriving at the cave, I will take Crystal to the waterfall again. I'm sure it's a good idea to eat in the waterfall.'

There were many trees around the waterfall, so it was an excellent spot to enjoy their time later.

'La...La...La...La...'

The smile on his face grew bigger when he imagined eating fruit with Crystal in the waterfall.

However, the smile on his face instantly disappeared when he entered the cave. He was startled, no, he was enraged because a wolf was attacking his friend.

“Crystal!” Xiao Tian dropped the fruit and the wooden fence when he saw a wolf attacking Crystal.

Crystal ignored Xiao Tian because she was fighting a wolf.

The wolf stopped attacking Crystal when it noticed Xiao Tian. Wolves were animals that had excellent instincts.

Their instinct would tell them to run away immediately when they met a dangerous opponent.

For this reason, the wolf did not try to attack Crystal anymore and tried to run away from the cave.

Xiao Tian was a generous opponent, so the wolf decided to run away.

The wolf did not want to die!

Of course, Xiao Tian would not let the wolf run away because the wolf dared to attack his friend.

*Sring...

Xiao Tian extended his special sword as he rushed towards the wolf.

*Slash...

He killed the wolf in one move.

After killing the wolf, Xiao Tian dashed towards Crystal. “Crystal, are you al- “

Xiao Tian stopped his words halfway when he saw blood on Crystal’s left leg.

‘This is a bite mark.’

He turned his head to look at the dead wolf next to him.

‘I made a mistake again. I shouldn’t have left her alone.’

Xiao Tian started to blame himself.

If he had not left her alone in the cave, he was sure something like this would not have happened to her.

Crystal’s right thigh was injured, and now, her left leg was injured from a wolf bite.

“It’s fine. At least, I’m still alive.” Crystal spoke when she saw Xiao Tian’s expression.

Even though Xiao Tian did not say anything, she knew what he had in mind.

“Let me treat your wound first.” After saying that, Xiao Tian began to treat Crystal’s wound.

Luckily, he still had enough medicine powder, so he could treat her injury.

When Crystal saw Xiao Tian’s expression, she decided to change the topic. “Did you find fruit for us?”

“Ah, right. The fruit!” Xiao Tian rushed towards the fruit that he dropped to the ground earlier.

*Sigh...

Xiao Tian sighed when he saw more than half the fruit was on the ground.

Previously, he dropped the fruit without thinking twice because a wolf was attacking Crystal.

“Here is the fruit. More than half of the fruit is on the ground. I think it’s better if we don’t eat the fruit that is on the ground because it’s very dirty.” He said something like this because he could pick up the fruit again later, or else he would have picked up the fruit that was on the ground.

“Oh, you found gooseberry and blackberry fruit?” Crystal said in surprise. “You even found banana too.”

“There are two gooseberry and blackberry trees not far from here.” Xiao Tian gave an honest answer. “These trees are filled with fruit.”

“Really?” Crystal asked.

“Yes.” Xiao Tian responded, “Do you want to see it now?”

“Yes.” Crystal nodded her head.

‘Good! He did not blame himself anymore.’

She added in her head.

“I will take you there now.” after saying that, Xiao Tian carried Crystal on his back.

After walking for about five minutes, they finally arrived at their destination.

“There are really gooseberry and blackberry trees here.” Crystal uttered. “There are even banana trees too. It seems like we don’t need to eat fish every day.”

“Hey. Fish is also delicious, you know?” Xiao Tian actually liked fish more than these fruits.

“Yes, yes.” Crystal pointed her right index finger forward. “Xiao Tian, go there. I want to eat gooseberry fruit directly from the tree.”

Xiao Tian did what he was told and immediately walked towards the gooseberry tree.

“Hehe.” Xiao Tian laughed when he saw Crystal directly eating the gooseberry fruit from the tree.

The gooseberry tree was not high, so Crystal could eat the gooseberry fruit from the tree directly.

“Delicious.”

Of course, Xiao Tian knew it was delicious because he had eaten it earlier.

“Xiao Tian, I want to eat blackberry fruit now.” Crystal did not realize that she was behaving like a spoiled child now.

It was the first time she could directly eat fruit from the tree, so she was pleased. That was why she did not realize that she acted like a kid.

Actually, Crystal asked him to take her to blackberry and gooseberry trees because she did not want Xiao Tian to keep blaming himself.

She just did not expect that she would enjoy herself like that. She even forgot that two wolves attacked her just now.

No, she even forgot that her legs were injured because she was pleased.

“Sure.” after saying that, Xiao Tian walked towards the blackberry tree.

“Xiao Tian, I can’t reach the fruit. Lift me higher.” Actually, Crystal could reach the blackberry fruit with her hands, but she did not do that.

“How about you sit on my shoulders?” Xiao Tian inquired.

“Yes. It’s a good idea.” Crystal agreed instantly because, with this, she could eat the fruit from the tree directly.

Chapter 1207: Can You Help Me Clean My Back?

Two young people were laughing happily in front of gooseberry and blackberry trees.

The young man was standing between gooseberry and blackberry trees, while the young woman was sitting on the young man’s shoulders.

Yes, the young man was carrying the young woman on his shoulders.

Even though they were in the forest, they didn’t feel panic or sad; instead, a happy expression and smile could be seen on their faces.

These two young people were none other than Xiao Tian and his important friend, Crystal.

“Haha.” Xiao Tian and Crystal laughed happily.

“Xiao Tian, I’m already full. Let’s go to the waterfall now.” Crystal suddenly wanted to spend time at the waterfall because she was already full.

“Alright.” Xiao Tian then carried her on his back.

It was dangerous to carry her on his shoulders because the road was difficult.

Crystal instantly wrapped her arms around Xiao Tian’s neck when he carried her on his back.

‘Thank you, Xiao Tian. I’m happy now.’

Due to how happy she was, Crystal had even forgotten that she was in a life-and-death situation a few minutes ago.

Like yesterday, Xiao Tian and Crystal had a good moment at the waterfall. They did not eat fish this time because they were already full.

“Crystal, wait here. I want to take a bath now.” Xiao Tian did not take a shower yesterday, so he wanted to take a bath.

“Un.” Actually, Crystal also wanted to take a bath, but her legs were injured, so she could not do that.

Her wounds would take longer to heal if they were exposed to water, so she decided not to take a shower.

Xiao Tian walked towards a big rock because he wanted to take off his clothes.

*Buar....

The sound of him jumping into the water reverberated in the entire area.

"I feel alive again." Xiao Tian said while swimming towards Crystal.

"Hehe." Crystal giggled when she saw Xiao Tian swimming. "You look like someone who has never been to a waterfall before."

"Hehe." Xiao Tian really enjoyed himself.

The water was clean, and the place was beautiful so Xiao Tian's mind felt refreshed while swimming.

It was a pity that he could not swim with Crystal.

Xiao Tian then floated on the water while looking at the blue sky.

Even though he was only wearing underwear and Crystal could see it, he did not mind it and kept floating on the water as if he was alone in the forest.

Crystal, who saw Xiao Tian, only shook her head.

'He really doesn't know what shame is. Does he notice that I can see his underwear?'

Crystal then shifted her gaze from Xiao Tian to the sky.

It would be awkward if she kept looking at Xiao Tian because she could see his underwear and the bulge in his underwear.

Xiao Tian then talked to Crystal while swimming. Like before, he behaved normally as if he was wearing clothes.

Not long after that, Xiao Tian got out of the water and put on his clothes.

"Do you want to return to the cave now?" Xiao Tian asked as he walked towards Crystal.

To his surprise, Crystal said something shocking, "Xiao Tian, I suddenly want to take a shower."

At first, Crystal did not want to take a bath, but she changed her mind. She also felt uncomfortable because she hadn't showered since yesterday.

"Crystal, your legs are still injured, and the wound on your back is still not fully healed." Xiao Tian did not want Crystal's injuries to get worse.

Sure, he also had injuries, but they were only minor injuries. That was why Xiao Tian could take a bath.

"I won't jump into the water. I will only clean my body with wet clothes." Of course, Crystal knew that she could not take a bath normally because her injuries would get worse later.

"I see." Xiao Tian agreed with her idea. "Alright. I will make a bonfire so that you can dry your clothes later."

"You don't need to do that because I can wear my jacket later." Crystal was wearing a T-shirt and jacket, so she was fine if her T-shirt got wet later.

“Alright.” Xiao Tian forgot that Crystal wore a jacket.

He even forgot that he also wore a jacket. They used their jackets as blankets last night, which could help reduce the chill.

No, they even did not feel cold last night. First, they made a bonfire last night, and last, the air in the cave was not cold.

“Hmm, Xiao Tian. Can you carry me and put me close to the water?” Crystal’s legs were injured, so she could not walk for now.

“Hehe. Sorry. I forgot your legs were injured.” After saying that, Xiao Tian carried Crystal and put her next to the water.

“Can you turn around now?” unlike Xiao Tian, Crystal felt shy if someone saw her.

Sure, she would only take off her T-shirt, jacket, and trousers. She had no intention of taking off her bras and panties because she could clean her body while still wearing them.

“Alright.” After saying that, Xiao Tian walked away from Crystal before finally sitting on the gravels.

Of course, the distance between them was not far because he had to protect her. He did not want to make the same mistake, so he would always be close to her.

After looking at Xiao Tian, Crystal started removing her clothes. She placed her jacket and trousers on her left side and immediately put her T-shirt in the water.

Face, neck, arms, chest; Crystal began cleaning her body. She did it carefully when she was cleaning her thighs because there were wounds on her thighs.

After cleaning her stomach, chest, and legs, Crystal put on her trousers. “Xiao Tian, can you help me clean my back?”

Xiao Tian was startled. However, Crystal did not know about it because Xiao Tian’s back was facing her. “Are you sure?”

“You saw my back yesterday, so you don’t need to ask something like this.” This was the reason why Crystal asked Xiao Tian to help her clean her back.

“All right.” Xiao Tian rose to his feet and walked towards Crystal.

Chapter 1208: Can You Turn Around Now?

Crystal was half naked.

Even though she wore trousers, but she was not wearing anything from waist to head.

Of course, she was covering her breasts with her right arm, but still, Xiao Tian was able to see some part of her boobs.

Like a gentleman, he behaved normally even though he could see some part of Crystal’s breasts because he did not want to make the situation awkward.

Sure, Crystal was a gorgeous lady, but she was his important friend, so he would not do something bad to her.

“Crystal, you have to decide everything carefully next time.” Xiao Tian spoke as he cleaned Crystal’s body with her wet T-shirt. “Don’t let any man do this in the future. What if they take advantage of you later?”

“Don’t worry. I will only do something like this with someone I trust. And if someone dare to take advantage of me, I will beat them to death later.” She was telling the truth.

If it were not Xiao Tian, she would not ask him to help her clean her body. They were good friends so she was sure that Xiao Tian would not do anything to her.

If Xiao Tian had bad intentions, he would have done something to her because she could not defend herself.

“Good!” Xiao Tian was happy after hearing her words. “Done!”

“Thank you. Can you turn around now?” Crystal spoke and paused for a second before she continued, “I want to wear my jacket now.”

Crystal immediately wore her jacket after Xiao Tian turned his body. Like before, Xiao Tian immediately carried her to the cave.

He made a simple wooden clothesline earlier because he knew that they needed to dry their clothes.

They placed the wooden clothesline near the bonfire so that their clothes would dry faster.

As they were talking near the bonfire, Xiao Tian and Crystal consumed the fruit they picked up earlier.

Even though they were in the cave, both Xiao Tian and Crystal wore happy faces. He also made a wooden fence earlier, so they felt safer in the cave now.

“If it continues like this, it looks like we will become primitive later. Haha.” Xiao Tian threw a joke.

“Hehe.” Crystal laughed. “You are right.”

“The downside of living in the forest is that there is no bed and no electricity.” Xiao Tian uttered, “Maybe I should make something like a little lamp that lasts for a month or a bed that you can put in your pocket.”

“That’s actually a great idea. Why don’t you make it after we get out of the forest later?” Crystal thought Xiao Tian’s ideas were great. “With this, it will be easier for us to live if we are in the forest again.”

“Well, it’s difficult to make it, so I will do it in the future.” Xiao Tian uttered, “What I want to do is build an herb garden and a hospital.”

“Build an herb garden and a hospital?” Crystal said in surprise.

“Yes.” Xiao Tian began explaining the reason why he wanted to build a hospital and herb garden.

He told her that he could save a lot of money if he built an herb garden because he did not need to buy herbs for Long Jingxian to make poison, medicine, and powder.

He also said hospital was important for his gang. If they were injured, they could take his underlings to his hospital.

"I see." Crystal finally knew the reason why Xiao Tian wanted to build a hospital and an herb garden.

They talked for more than an hour before finally sleeping. The following morning, Xiao Tian woke up first.

At this moment, he was thinking whether he should take Crystal out of the forest or not.

He could carry Crystal on his back, but he was afraid that they would meet their enemies again later.

It would be dangerous if they met their enemies because Crystal still could not fight with her current condition.

*Sigh...

Xiao Tian sighed.

"Why are you sighing like that?" Crystal, who had just woken up, inquired.

"I was thinking how to find our enemies after getting out of the forest later." Xiao Tian lied to her. "I want to take revenge."

"There is a high possibility that they are from the Dragon gang because I saw a dragon tattoo on one of their hands." Crystal suspected that Fu Rou and the others were from the Dragon gang.

"Dragon gang?" Of course, Xiao Tian knew about Dragon gang because Dragon gang was the strongest gang in Shanghai.

'Does that mean Fu Rou is a member of the Dragon gang?'

Xiao Tian was sure that the leader of the Dragon gang was male, not female.

That was why he believed that Fu Rou was not the leader of the gang because she was female, not male.

'But what is her status in the Dragon gang?'

Fu Rou could bring fifty martial artists at the master stage with her, so he was sure that her position was high in the Dragon gang.

Xiao Tian still had no idea that the masked man who had always caused trouble for him all this time was the leader of the Dragon gang.

He even still did not know anything because everything was complicated. First, Fu Rou was from Dragon gang.

Second, Zhi Meirong was not from the Dragon gang. Third, Fu Rou wanted to kill the Yun family members.

And last, Fu Rou did not use the Dragon gang's power before. Xiao Tian still did not understand everything.

“We can investigate everything after we get out of the forest. I will fight with you later because I also want to destroy that gang.” Crystal was furious at the Dragon gang because they almost killed her.

That was why she wanted to destroy the Dragon gang.

She wanted them to feel what she felt!

Xiao Tian could not refuse her wish when he saw Crystal’s expression. “Alright. Let’s destroy the Dragon gang together after we get out of the forest.”

“Un.” Crystal nodded her head. “Xiao Tian, let’s eat. I’m hungry.”

“Come here. I will carry you.” Xiao Tian decided not to leave Crystal alone this time because he did not want the same thing to happen again.

Sure, he managed to save her on time yesterday, but he would not be lucky forever. He was afraid that he would fail to save her next time.

That was why he would always be by her side.

Yes, Xiao Tian would not leave her alone until she fully recovered!

Sure, he had made a wooden fence and put it on the entrance of the cave, but it did not guarantee their safety one hundred percent.

Crystal didn’t feel shy because Xiao Tian had been carrying her since two days ago. She was even touched by his actions because with this, she knew how caring he was to her.

As Xiao Tian was walking out of the cave, he inquired, “What do you want to eat? Fist or fruit?”

“I want to eat both.” Crystal suddenly wanted to eat fruit and fish.

“Alright. Let’s pick up the fruit first before heading to the waterfall.” Xiao Tian did not refuse her wish because it was not a bad idea to eat fish and fruit.

“Un.” Crystal nodded her head.

Chapter 1209: Fighting in the Waterfall

Xiao Tian smiled happily as he carried Crystal to the gooseberry and blackberry trees.

Sure, they were in the forest, and there was a high possibility that wild beasts could attack them, but their hearts were filled with happiness.

Crystal, who saw Xiao Tian’s expression, inquired, “Why are you smiling like that?”

“Crystal, don’t you think we are at our home now?” Xiao Tian responded, “The cave is our house and the forest is our backyard and front yard. We even have gooseberry and blackberry trees in our backyard.”

“Hehe.” Crystal giggled. “You are really a weird young man. Sometimes, I don’t get your train of thought.”

Usually, everyone would be scared when they were in the forest. First, many wild beasts could appear and attack them whenever and wherever they were.

Second, there was no electricity in the forest, so it was dark when it was nighttime. And last, they could not sleep in a soft bed.

Anyone would feel uncomfortable and want to get out of the forest immediately, especially rich people or young masters.

However, Xiao Tian was different. Sure, it was not the first time they lived in the forest, but Xiao Tian always behaved as if they were at their house.

Yes, he did not feel scared, as if the forest was his backyard and front yard.

“Hey, I’m not a weird person. I’m a kind, clever and handsome young man.” Xiao Tian did not forget to praise himself like usual.

“Hehe.” Crystal giggled again.

She was not surprised when Xiao Tian praised himself because she already knew his personality.

“We have arrived!” Xiao Tian immediately put Crystal on the ground. “Wait here. I will pick up the fruit now.”

As Xiao Tian was picking up the fruit, Crystal looked at the forest and sky.

‘This forest is not a bad place.’

The scenery was breathtaking, and the air was fresh, so Crystal thought it was not a bad place.

Xiao Tian suddenly walked toward Crystal with fruit in his right hand. “Here. Eat it first.”

Crystal immediately consumed the fruit without thinking twice. She even did not use her hands and took the fruit using her mouth directly.

Xiao Tian picked up the fruit again. “Maybe I should plant gooseberry and blackberry trees around my house later.”

“Just do that.” Crystal replied, “You are rich now, so I’m sure it will be easy for you to buy gooseberry and blackberry trees.”

“Why did you say something like that? I’m sure anyone can plant gooseberry and blackberry trees in this world.” Xiao Tian was sure anyone could plant gooseberry and blackberry trees in China.

He talked to Crystal as he picked up the fruit. Without realizing it, he had picked up a lot of fruit.

“I think this is enough.” Xiao Tian said after he saw the fruit in the banana leaf. “Let’s go to the waterfall now.”

“Un.” Crystal immediately grabbed the banana leaf that was filled with fruit because Xiao Tian would carry her later.

When Xiao Tian was carrying her to the waterfall, Crystal ate the fruit again. Xiao Tian only smiled when he knew about it.

He immediately put her down after they were at the waterfall. “Wait here. I will catch some fish now.”

“Just catch two fish because we have fruit now.” Crystal did not want Xiao Tian to catch many fish like yesterday because they had fruit now.

Sure, they did not use money to get fruit and fish, but wasting food was not a good idea.

“Alright.” Xiao Tian nodded his head.

After catching two fish, Xiao Tian began to grill it.

“You are an expert at making a bonfire now.” Crystal suddenly remembered the time when Xiao Tian could not make a bonfire without a lighter.

“Because I often did it.” Xiao Tian responded as he grilled the fish.

They immediately ate the fish and fruit not long after that.

—

Somewhere in the forest.

Fu Rou and the Dragon gang members were currently looking for Xiao Tian and Crystal.

Yes, they did not give up and kept looking for them!

It was a good chance to kill them, so she did not want to let the opportunity slip away.

“Just where are they?” Fu Rou was annoyed because they still could not find Xiao Tian and Crystal.

Xiao Tian and Crystal were injured, so she believed they could not run far away.

“Fu Rou, it seems like they went deeper into the forest.” One of the Dragon gang members spoke abruptly. “What should we do now?”

“Divide everyone into six groups.” Of course, Fu Rou did not give up and still wanted to find Xiao Tian and Crystal.

The Dragon gang members exchanged a glance with each other before finally nodding their heads.

Even though Fu Rou was not their leader, but her position in the gang was high. Not only that, but she was also close to their leader because their leader saw her as his family.

Yes, even though Fu Rou was his maid, but the leader of the Dragon gang saw her as his family!

After dividing everyone them into six groups, they began to look for Xiao Tian and Crystal again.

Each group had five people, and Fu Rou told them to send a signal after finding Xiao Tian and Crystal.

—

Forest, Waterfall.

Xiao Tian was currently sitting on the flat stone with Crystal. Like before, they were eating fish and fruit.

They enjoyed themselves so much, to the point they forgot that they were in the forest.

“Haha.” A peal of happy laughter escaped from their mouths as they talked.

If anyone saw them, they would be surprised because Xiao Tian and Crystal could still feel happy even though they were in the forest.

*Shhhh...Shhh...

The sound of trees swaying in the wind reverberated in the waterfall.

Like before, Xiao Tian and Crystal chatted happily. Their clothes and hair danced as the strong wind blew against their bodies.

As Xiao Tian and Crystal were chatting happily, five people walked towards them.

“Sigh. We have been looking for them for three days now. Why don’t we just give up? That Fu Rou!” The red-haired man said in annoyance.

He was furious because Fu Rou forced them to keep looking for Xiao Tian and Crystal. They could not help but do that because Fu Rou was the left hand of their leader.

Their leader even said to follow her words too. With this, everyone knew how important Fu Rou was to their leader.

“Stop complaining and keep leaving marks on the trees so that we don’t get lost in the forest later.” the blue-haired man replied

“Why are you acting normally? Aren’t you angry too?” the red-haired man inquired.

“Well, it can’t be helped.” The blue-haired man responded, “You know her status in our gang, right?”

“Alright, alright. Let’s stop complaining.” The green-haired man spoke abruptly.

“That’s right.” The purple-haired man and the black-haired man said in unison.

At this moment, Crystal and Xiao Tian did not know that five of their enemies were heading toward them.

*Silence...

The entire area dropped into a dead silence when Xiao Tian, Crystal, and five of Dragon gang members stood in front of each other.

Xiao Tian and Crystal talked happily earlier, so they let their guard down.

Yes, they did not pay attention to their surroundings!

Like Xiao Tian and Crystal, the Dragon gang members were also startled.

Actually, they only wanted to rest at the waterfall when they saw the waterfall earlier. They did not expect to meet Xiao Tian and Crystal at the waterfall.

“Attack them!” the red-haired man shouted loudly.

Xiao Tian rushed towards them as he extended his special sword. Crystal's legs still had not fully recovered, so she could not fight normally.

It would be dangerous for her to fight in that state. For this reason, Xiao Tian wanted to fight all of them alone.

His opponents were only five people, so Xiao Tian was sure that he could defeat them later.

He knew that his opponents were only martial artists at the mid-level master stage because he had fought them three days ago.

Of course, the Dragon gang members were not stupid and immediately divided into two groups.

Three of them rushed towards Xiao Tian while the others were running towards Crystal. She was injured, so two people were enough to deal with her.

Crystal instantly took out her daggers. Sure, she could not stand up now, but that did not mean she would not fight back.

*Bang...

Xiao Tian dashed towards Crystal after kicking one of his opponents.

Crystal's legs were injured, so he could not let them attack her. It could be fatal to her, so Xiao Tian had to protect her.

*Bang...Bang...

Xiao Tian kicked them before they could attack Crystal.

'I have to defeat them quickly.'

With that idea in mind, Xiao Tian immediately sliced one of his opponent's neck before finally standing in front of Crystal.

The Dragon gang members were furious when Xiao Tian killed one of them.

"Attack them together!" the red-haired man shouted.

At this moment, one of them sent a smoke signal to the other members. It was like a firework, but it was only smoke.

*Slice...Slice...Slice...

Xiao Tian tried his best to defeat his opponents quickly because they had sent a smoke signal.

'Faster! I have to defeat them faster!'

Even though he was fighting while protecting Crystal, Xiao Tian still managed to defeat all of his opponents because they were only martial artists at the mid-level master stage.

After defeating their opponents, Xiao Tian immediately carried Crystal on his back. "We have to leave this place now."

Chapter 1210: Chasing Xiao Tian and Crystal

Somewhere in the forest.

Fu Rou and the others rushed towards the location of the smoke signal.

Previously, she ordered the Dragon gang members to send a signal when they found Xiao Tian and Crystal.

Now that she had seen a smoke signal, she dashed towards the location of the smoke signal.

She did not want to lose track of them again because the forest was big.

*Shui...

Fu Rou and the others ran as fast as they could.

They reached the waterfall in less than five minutes, but they were late. They were too late because they did not see Xiao Tian and Crystal at the waterfall.

One of the Dragon gang members was killed, and four of them fainted. This was a sign that they fought Xiao Tian and Crystal earlier.

“Look for them around here. I’m sure they are still not far from here.” Fu Rou ordered the Dragon gang members to find Xiao Tian and Crystal.

At this moment, Xiao Tian was running while carrying Crystal on his back. He did not go to the cave because that place was no longer safe.

He had to leave that place as far as possible. Even though Xiao Tian was running as fast as he could, he still paid attention to his surroundings.

They were in the forest, so there were many wild animals there.

‘I hope we won’t run into wild animals later.’

And as if he was followed by bad luck, he met a hyena not long after that.

*Geerrr...

The hyena instantly looked at Xiao Tian and showed her fang.

The hyena was not afraid of Xiao Tian; instead, it walked closer to him as if Xiao Tian and Crystal were its prey.

“It’s a hyena. Xiao Tian, put me down first.” It was hard to fight while carrying her, so Crystal told Xiao Tian to put her down first.

Of course, she knew that Xiao Tian could kill that hyena because it was only one hyena. For a martial expert like Xiao Tian, killing one hyena was not difficult.

*Sring...

Xiao Tian extended his special sword.

'I have to kill it in one move.'

Their enemies were chasing them, so Xiao Tian had to kill the hyena as quickly as possible.

Yes, he had to kill the hyena in one move!

Xiao Tian remained in his position. He decided not to attack the hyena first because it was better to counterattack in this situation.

"Xiao Tian, put me down first." Crystal repeated her words when Xiao Tian was still carrying her.

Xiao Tian's attention was focused on the hyena, so he did not answer her. As long as he was focused, he was sure that he could kill the hyena in one move.

The hyena rushed towards Xiao Tian before finally jumping and opening its mouth widely, ready to bite Xiao Tian.

*Slice...

Xiao Tian moved to the right side before slicing the hyena into two.

Dead!

The hyena fell to the ground, dead.

"It's them!" one of the Dragon gang members shouted when he saw Xiao Tian and Crystal.

When Xiao Tian saw three people running towards him, he did not fight them; instead, he ran away.

He was afraid that more people would find them if he fought the Dragon gang members. That was why he decided to run again.

*Sreet...

Xiao Tian shortened his special sword before finally putting it in his pocket.

He did not run straight; he ran to the left and right.

At this moment, Crystal was wrapping her arms around Xiao Tian's neck and skimmed her surroundings.

She could not help Xiao Tian fight their enemies, so at least she tried to help them escape.

"Xiao Tian, run to 2 o'clock." Crystal whispered, "There are a lot of tall bushes, so we can get rid of our tracks there better."

Xiao Tian did not say anything and instantly did what he was told. However, something unexpected happened when Xiao Tian was running.

He tripped over a tree root!

Even though Xiao Tian ran while paying attention to his surroundings, he still tripped over a tree root

*Bruak...

Xiao Tian and Crystal fell to the ground.

“Hurry up. Don’t lose them.” one of the Dragon gang members shouted.

Xiao Tian immediately carried Crystal and hid in the bushes.

“Where are they?” the red-haired man uttered.

At this moment, the Dragon gang members were standing near Xiao Tian and Crystal. Of course, they did not know about it because Xiao Tian and Crystal were hiding in the bushes.

Xiao Tian and Crystal did not make any sound and stared at them, waiting for them to leave.

“Damn!” one of the Dragon gang members cursed.

“Let’s search again. I’m sure they are not far from here.” The red-haired man uttered.

They began to look for Xiao Tian and Crystal again.

Xiao Tian and Crystal immediately came out of their hiding place and dashed towards the opposite direction of Dragon gang members.

Of course, Xiao Tian was carrying Crystal on his back again.

*Ten minutes...fifteen minutes...twenty minutes...

It had been more than twenty minutes since Fu Rou, and the others chased Xiao Tian and Crystal.

Xiao Tian and Crystal were currently far away from Fu Rou and the others.

Yes, they managed to escape after they nearly lost their lives.

—

Somewhere in the forest.

Fu Rou gritted her teeth as she clenched her fist.

She was enraged because Xiao Tian and Crystal managed to run away from them. Previously, they almost caught Xiao Tian and Crystal, but now they had lost track of them.

Some of the Dragon gang members were even injured because they fought wild animals earlier, such as tigers, wild boars, and other wild animals.

“Fu Rou, we should go back to our base now because we have to treat our brothers’ injuries.” One of the Dragon gang members uttered.

Fu Rou’s eyes were filled with fury. She did not expect that she would fail to catch Xiao Tian and Crystal again.

“Fu Rou, you should not be selfish.” Another member of the Dragon gang uttered, “We also hate them, but we have to treat our brothers’ injuries first.”

“Fine. Let’s go back now.” Fu Rou said in annoyance.

—

Xiao Tian and Crystal were still in the forest. He did not run like before because he was sure that Fu Rou and the others had lost track of them.

“Crystal, let’s rest here.” After saying that, Xiao Tian put Crystal down.

He ran for more than twenty minutes and fought his enemies and wild animal earlier, so he only had a little stamina left.

Crystal agreed with Xiao Tian’s idea because she knew his condition. All this time, Xiao Tian carried her while fighting their enemies, so she knew that he needed rest.

“I did not expect that they would find us earlier.” Xiao Tian thought Fu Rou and the others would not be able to find them if they did not get out of the forest because they hid deep in the forest.

“It seems like they will keep looking for us.” Crystal also did not expect that Fu Rou and the others would find them earlier.

“It seems so.” Xiao Tian responded.

After resting for several minutes, Xiao Tian carried Crystal and walked again. Like before, he kept paying attention to his surroundings because they were still in the forest.

To their surprise, they saw an old man not long after that.
