Chapter 1241: The War Broke Out

*Ting...Tang...Ting...

Xiao Tian and Zhao Sheng were fighting against the Dragon gang leader and his butler.

Even though the Dragon gang leader and his butler used weapons, Zhao Sheng was not afraid because he was wearing his titanium gloves.

Sure, Zhao Sheng and Xiao Tian were skilled in martial arts, but they did not have the upper hand in the fight.

The Dragon gang leader was also a candidate to be the Ruler, so he was a powerful martial artist.

As for his butler, he was a strong martial artist at the low-level grandmaster stage.

*Uak...

Zhao Sheng and Xiao Tian were thrown three meters before finally falling to the ground.

“Damn it, Xiao Tian! Can you fight seriously? You should stop him when I attack that old man. How can our teamwork be messed up like this? You are really useless!” Zhao Sheng cursed after standing up.

He blamed Xiao Tian for everything. In his eyes, they would have the upper hand if Xiao Tian could understand his intentions.

“What is this? Is the strength of the famous young master of the Zhao family and the Blue Ice Lotus gang leader only like this? If so, then I’m disappointed.” The Dragon gang leader did not expect Xiao Tian and Zhao Sheng to be so weak.

He and his butler still had not fought seriously, but Zhao Sheng and Xiao Tian were already got beaten up by them.

Xiao Tian and Zhao Sheng even could not fight back as if it was a fight between a martial arts expert and a martial arts school disciple.

“Shut up, Zhao Sheng! You were the one who messed up our teamwork.” after saying that, Xiao Tian attacked the Dragon gang leader and the butler again.

However, the result was still the same. He got beaten up by them whenever he attacked them.

*Uakk...

Blood splashed out of Xiao Tian’s mouth as he was thrown two meters from where he was.

“Leader!”

“Leader!”

“Leader!”

“Leader!”

Xiao Tian's underlings rushed toward him before finally helping him up.

"Leader, are you alright?" one of his underlings was worried when she saw his injuries.

Blood dripped from the corners of his mouth, and his face was filled with bruises. "It's fine. This is only a warm-up!"

*Auk...

Like Xiao Tian, Zhao Sheng also got beaten up by his opponents.

"Xiao Tian, I don't want to fight in groups anymore." Zhao Sheng stated. "You take care of that masked man, while I'm going to fight this old bastard."

"Sure!" after saying that, Xiao Tian rushed toward the Dragon gang leader.

"Hahaha. Look at their leader! He is getting beaten up by our leader!"

"Their leader is so weak!"

"That's right. He is so weak."

"Hey, the Blue Ice Lotus gang members, look at your leader! He is getting beaten up by our leader right now."

"He is so weak like all of you!"

"No wonder you are only ranked third!"

"Hahaha."

The Dragon gang members were pleased when they saw their leader beating up Xiao Tian continuously.

Previously, they were worried that Xiao Tian would defeat their leader because Xiao Tian was famous as a powerful martial artist.

But now, they knew that they were overthinking. Xiao Tian even could not defend himself and kept getting beaten up by their leader.

"You let me down, Xiao Tian. I thought you were different because you were like me." The Dragon gang leader knew that Xiao Tian was a candidate to be the Ruler like him.

This was the reason why he recruited Song Yu and Cang Di because he was worried that Xiao Tian would defeat him and his gang later.

"The fight is still not over!" Xiao Tian stated, "We still don't know who will come out as a winner later."

Like before, Xiao Tian attacked the Dragon gang leader again. He did not give up even though he kept getting beaten up by the Dragon gang leader.

At this moment, half of Xiao Tian's underlings and slaves were still outside of the Dragon gang headquarters.

He brought more than four hundred people with him, so they could not enter the Dragon gang base at the same time.

Fu Rou, who realized this, immediately shouted, "Go and climb the fortress. Half of them are still outside of our base. Attack them from above the fortress!"

Some of the Dragon gang members immediately climbed the fortress. However, they were welcomed by bullets from Zhao Sheng's people and arrows from Xiao Tian's underlings.

Xiao Tian had guessed something like this would happen, so he ordered Zhao Sheng's people and a few of his underlings to stay outside the Dragon gang base.

*Auk...

One by one, people who climbed the fortress fell to the ground.

Some of them died while the others were heavily injured.

Of course, they also managed to injure and kill Xiao Tian's slaves and underlings because they immediately attacked his slaves and underlings as soon as they were above the fortress.

However, they could only kill or injure a few people because Xiao Tian's underlings and Zhao Sheng's subordinates immediately killed or injured them.

At this moment, Xiao Tian and the others did not realize that Song Yu, Cang Di, and their underlings were hiding on their left and right sides; Song Yu was on the left side while Cang Di was on the right side.

They did not attack Xiao Tian's underlings and slaves immediately because they were waiting for orders to attack.

Yes, this was the Dragon gang leader's plan!

The Dragon gang leader wanted to give a surprise attack. Xiao Tian and the others would not realize this because they were focused on attacking the Dragon gang members.

Left, right, and front!

They would attack Xiao Tian and the others from the front, left and right.

Cang Di, who was waiting for the order, could not wait to attack Xiao Tian's underlings and slaves.

He kept playing with his daggers while paying attention to his enemies. Like Cang Di, Song Yu also wanted to immediately attack Xiao Tian's underlings and slaves.

He squeezed his halberd hard and looked at his enemies, "Why hasn't he given the order to attack until now?"

The war had broken out, so he desired to join as quickly as possible.

'How long do we have to wait?'

That was the question that appeared in their minds.

Not long after that, Fu Rou gave a signal to attack Xiao Tian's underlings and slaves through the Walkie-Talkie.

Cang Di and Song Yu wasted no time and immediately gave a signal to their underlings.

'Let's attack them!'

They immediately ran toward Xiao Tian's underlings and slaves.

Xiao Tian's underlings and slaves still did not know that Song Yu, Cang Di, and their underlings were rushing toward them.

They did not realize this until their enemies were close to them.

"Enemies! There are enemies from the right side!"

"Watch out! There are also enemies coming from the left side!"

Xiao Tian's underlings and slaves were shocked when one hundred people suddenly rushed toward them from their right and left sides.

"Hehe." Cang Di's lips curled up into a grin.

*Slash...Slash...Slash...

He attacked Xiao Tian's slaves using his daggers.

One move, one kill!

Whenever he attacked his opponent, his enemy died.

Like Cang Di, Song Yu also managed to kill and injure Xiao Tian's slaves.

Yes, they succeeded in giving a surprise attack!

Xiao Tian's archers and Zhao Sheng's subordinates, who were hiding behind the trees, were overwhelmed by their enemies.

When Song Yu, Cang Di, and their underlings suddenly launched a surprise attack, they tried to help Xiao Tian's underlings and slaves by attacking them.

As a result, some of the Dragon gang members managed to climb the fortress and attacked Xiao Tian and his underlings.

Everything started to get out of their control!

"Kill them!" one of Song Yu's underlings shouted.

Song Yu and Cang Di managed to injure and kill their enemies easily. They even smiled as they killed and wounded their enemies as if they were playing a fun game.

At this moment, many of Xiao Tian's slaves got killed by Song Yu and Cang Di. Both of them were skilled in martial arts, so they were unstoppable.

"Xuze, let's attack them together." Haichan was furious when many of his brothers died in their hands.

Xuze was the vice leader of the Sky gang, one of Xiao Tian's slaves. Xuze and Haichan began to attack Song Yu and Cang Di.

However, they could not defeat Song Yu and Cang Di; instead, they were the ones who got beaten up because Song Yu and Cang Di were stronger than them.

"Oh! You are not bad!" the smile on Cang Di's face grew bigger when Haichan attacked him.

Haichan was stronger than Xiao Tian's other slaves, so he was pleased because he finally could fight a strong opponent.

This was one of the reasons why Cang Di did not kill Haichan immediately because he wanted to play with Haichan first.

One by one, Xiao Tian's subordinates and slaves died or were injured on the battlefield.

Everything started to get out of their control, especially after Cang Di, Song Yu, and their underlings gave a surprise attack.

Half of Xiao Tian's underlings and slaves, who were outside of the Dragon gang base, were either defeated or killed.

Even though they were the same number, but Song Yu, Cang Di, and their underlings had the upper hand because they were stronger.

"Hahaha. This is fun!" Cang Di laughed evilly. "All of you, come and attack me at the same time!"

At this moment, Cang Di and Song Yu were sure that they would defeat Xiao Tian's underlings and slaves soon.

However, something unexpected happened!

Three old men suddenly appeared and joined the war!

These three people were none other than Shuren, Yahui, and Jufan.

Chapter 1242: Blood for Blood!

"Agh"

"Agh"

"Agh"

The tables had turned!

Previously, Xiao Tian's underlings and slaves who fought outside of the Dragon gang base were at a disadvantage.

Even many of Xiao Tian's slaves died in Song Yu and Cang Di's hands.

However, everything changed when three old men stepped into the battlefield and joined the war!

They managed to easily kill or injure Song Yu and Cang Di's underlings!

These three old men even could defeat their opponents in a second.

Song Yu was unhappy when he saw his underlings getting beaten up by three old men.

'Tch!'

Without waiting for another second, he rushed toward Jufan and attacked him.

"Oh! A strong martial artist?!" unlike Song Yu, Cang Di was pleased when he saw Shuren, Yahui, and Jufan. "I won't play with you anymore because there are more interesting people now."

He instantly stopped attacking Haichan and rushed toward Yahui.

At this moment, Song Yu and Cang Di did not know that their enemies were martial artists at the grandmaster stage.

Haichan and Xuze were startled.

'Who are these old people?'

They did not know who Shuren, Yahui, and Jufan were.

They did not see Shuren, Yahui, and Jufan earlier and Xiao Tian also never introduced them. But they knew one thing.

These three old men were their allies!

Haichan and Xuze exchanged a glance with each other before finally nodding their heads.

'It's time to counterattack!'

Haichan and Xuze instantly attacked Song Yu and Cang Di's underlings.

They wanted to avenge their brothers. Previously, Cang Di and Song Yu had injured and killed their brothers, so they wanted to kill Cang Di and Song Yu's underlings.

Blood for blood!

These were the right words to describe their intentions.

*Slash...Slash...Slash...

Song Yu and Cang Di's underlings were not as strong as them, so Haichan and Xuze could kill them easily.

"Agh."

"Agh."

"Agh."

One by one, Song Yu and Cang Di's underlings screamed in pain.

*Uakk...

Song Yu and Cang Di were thrown three meters from where they were.

They were not extraordinary martial artists like Xiao Tian, and their opponents were martial artists at the grandmaster stage, so they got beaten up by Jufan and Yahui.

From the start, the outcome of the fight had been set in stone when Song Yu and Cang Di attacked Jufan and Yahui.

When Song Yu was furious because he kept getting beaten up by Jufan, Cang Di smiled happily when Yahui beat him.

At this moment, Zhao Sheng's subordinates did not use their guns or rifles anymore because they had run out of ammo.

Bow!

Like Xiao Tian's underlings, they used bows now.

Xiao Tian bought a lot of arrows two days ago because he knew that they needed a lot of arrows.

At this moment, Shi Fei and her underlings watched the war from the trees.

She did not order her underlings to help Xiao Tian immediately because he needed a lot of experience.

"Leader, are we really just going to watch them?" Bi Yu, who was standing on Shi Fei's left side, spoke abruptly.

"He needs experience." Shi Fei responded, "I don't want my lover to be a weakling because he is my boyfriend now."

"But what if he was killed later? His opponent is quite strong this time, and he is also a candidate to be the Ruler. His opponent is different from all of his previous enemies." Fu Jiyi knew all the information about the Dragon gang leader.

At first, she wanted to give that information to Xiao Tian, but Shi Fei stopped her. Shi Fei said Xiao Tian needed to be independent.

If they kept helping him, he would keep depending on them later, and it was not a good thing for a talented person like Xiao Tian.

"We will save him if his life is in danger. For now, we will continue to watch from the sidelines." Of course, Shi Fei knew that the Dragon gang leader was an extraordinary martial artist.

However, Xiao Tian was also an extraordinary martial artist. That was why she would not help him if his life were not in danger.

*Uak...

Xiao Tian was thrown two meters from where he was.

"Leader..." one of Xiao Tian's underlings shouted.

His underlings could not focus on the fight because Xiao Tian kept getting beaten up by the Dragon gang leader.

“Don’t worry. This is nothing!” Xiao Tian rose to his feet before rushing to the Dragon gang leader and attacking him again.

*Cling...Clang...

The sound of weapons clashing reverberated in the entire area.

Like before, the Dragon gang leader had the upper hand.

No matter how many times Xiao Tian attacked the Dragon gang leader, the Dragon gang leader always managed to avoid or block his attacks.

Not only that, but the Dragon gang leader always managed to counterattack too. It was as if Xiao Tian was a kid who fought against a real martial artist.

At the same time, a young man beat the Dragon gang members, Song Yu’s underlings, and Cang Di’s subordinates easily.

Not only that, but he also gave Zhao Sheng’s subordinates many rifles.

“Agh.”

“Agh.”

“Agh.”

“Agh.”

Every time that young man attacked his opponents, they instantly got killed or beaten up.

“Who is he?”

“Stop that person!”

Cang Di and Song Yu’s underlings tried to stop that young man, but they could not do that; instead, they got beaten up by that young man.

That young man stepped into the Dragon gang base easily as if he was alone.

*Slash...

That young man attacked his enemies continuously.

“Xiao Tian, I’m really disappointed with you.” the Dragon gang leader shook his head. “I will end this fight now. I don’t want to play with you anymore.”

Xiao Tian managed to destroy the Hawk gang, so he thought Xiao Tian was a powerful martial artist, but he was wrong.

He was utterly wrong because Xiao Tian was so weak. He even wondered how Xiao Tian could destroy the Hawk gang with his weak power?

“I have said this before. The war is still not over!” Xiao Tian, who had many injuries on his body, did not give up and kept fighting the Dragon gang leader.

*Cling...

The sound of their katana clashing echoed in the entire area.

Bang!

The Dragon gang leader kicked Xiao Tian's stomach, causing Xiao Tian to be thrown two meters from where he was.

The Dragon gang leader walked toward Xiao Tian before finally raising his katana. "This is the end, Xiao Tian."

"Leader!"

"Leader!"

"Leader!"

"Leader!"

One by one, Xiao Tian's underlings shouted.

Their faces were filled with worry because everything would end if Xiao Tian were killed.

*Slash...Slash...Slash...

At this moment, the young man who had beaten up many of his enemies rushed towards Xiao Tian and the Dragon gang leader.

Bang!

The young man kicked the Dragon gang leader before he cut Xiao Tian's head with his katana.

The Dragon gang leader was pushed back three meters from where he stood.

Xiao Tian immediately lifted his head and looked at the young man. "...Leader!"

The young man looked at Xiao Tian before finally answering, "You did a good job, Mizu. Let me take care of the rest now."

Yes, the young man was the real Xiao Tian.

In other words, the person who got beaten up by the Dragon gang leader was not Xiao Tian but Mizu, someone who always pretended to be Xiao Tian if he was not around.

Chapter 1243: Kill Her!

Mizu was someone who always pretended to be Xiao Tian whenever Xiao Tian was not around.

Even though he was not as strong as Xiao Tian, but Mizu was a talented martial artist. He was also strong because he could become a martial artist at the high-level master stage.

He got beaten up by the Dragon gang leader because the Dragon gang leader was an extraordinary martial artist.

The Dragon gang leader was even also a candidate to be the Ruler, so it was normal if he got beaten up by the Dragon gang leader.

“Leader, how is it?” Mizu inquired.

There was a reason why Xiao Tian did not join the war immediately.

“I have taken care of it.” Xiao Tian spoke and paused for a second before he continued, “Go and help the others. Let me take care of him now.”

“Understood!” after saying that, Mizu took off his silicon head mask.

“You have finally come, Xiao Tian. I’m tired of waiting for you.” of course, Zhao Sheng knew that the real Xiao Tian was not around earlier.

Even though Mizu tried to copy Xiao Tian’s personality, he could still notice the difference.

Sure, Mizu could fool other people, but not him. And what distinguished Xiao Tian and Mizu the most was one thing.

Fighting style!

Yes, the fighting style of Xiao Tian was different than Mizu’s fighting style.

Xiao Tian turned his head to look at Zhao Sheng. “What is this? Was the young master of the famous Zhao family get beaten up by an old man? Wouldn’t you embarrass your family name if anyone saw your face? After all, your family is a famous martial arts family.”

Xiao Tian did not let the opportunity to make fun of Zhao Sheng slip away when he saw a few injuries on Zhao Sheng’s face.

“It’s because of your impersonator!” Zhao Sheng instantly blamed Mizu for his injuries. “If he had known how to fight in a group, I would not have gotten injuries.”

“Hey, don’t blame others for your incompetence. You can take a rest if you want. Hehe. After all, I would be in trouble if you died in this place.” Xiao Tian kept making fun of Zhao Sheng.

“I did not fight seriously earlier. I will show you how strong I am when I’m serious.” After saying that, Zhao Sheng rushed toward the Dragon gang leader’s butler again.

“What is this? So the one I fought earlier wasn’t you?” the Dragon gang leader was surprised when he learned the truth.

“Are you disappointed?” Xiao Tian inquired.

“No.” the Dragon gang leader replied instantly. “Instead I’m relieved. I just hope you are not as weak as him.”

“Don’t worry. You won’t be disappointed later.” Xiao Tian spoke and paused for a second before he continued, “Instead, you might regret it later.”

Of course, the Dragon gang leader knew the meaning of Xiao Tian’s words. “I hope you are not just talking big.”

*Shui...

Xiao Tian and the Dragon gang leader rushed towards each other before finally swinging their katana.

*Cling...

They exchanged more than five attacks in less than three seconds.

“It seems like you are really different from your impersonator.” The Dragon gang leader stated, “However, you are not strong enough to defeat me.”

“We will know about it later.” After saying that, Xiao Tian attacked the Dragon gang leader again.

At this moment, Crystal kept killing the Dragon gang members non-stop.

Even though she was still at the mid-level master stage, but she was an extraordinary martial artist, so she was unstoppable.

*Slash...Slash...Slash...

She swung her daggers continuously.

Crystal was an assassin, so her attacks were fatal.

For this reason, she managed to kill many of the Dragon gang members.

‘Where is she?’

She tried to find Fu Rou as she killed the Dragon gang members.

Fu Rou was the reason why she almost died in the forest a few days ago, so she wanted to kill Fu Rou.

Crystal stopped attacking the Dragon gang members and skimmed her surroundings.

‘Where is she?’

Two hundred people were fighting around her, so it was hard to find Fu Rou.

Of course, she did not give up on finding Fu Rou because whatever happened, she had to kill Fu Rou.

At this moment, Fu Rou was leading the Dragon gang members in defeating their enemies. “Fight in a group!”

Actually, she could only kill or defeat Xiao Tian’s slaves because all of Xiao Tian’s underlings were skilled in martial arts.

She was even shocked by this. And what annoyed her most was that Xiao Tian’s underlings fought using dirty methods.

When Crystal caught sight of Fu Rou, she rushed towards Fu Rou without thinking twice.

‘There she is!’

Crystal instantly gave a surprise attack.

*Slash...

Crystal attacked Fu Rou from behind.

"Fu Rou, watch out!" one of the Dragon gang members protected Fu Rou.

He was skilled in martial arts, so he managed to block Crystal's attack.

'It was dangerous!'

If he did not block Crystal's attack, Fu Rou would have been died by now.

Fu Rou instantly turned around, "Oh, it's you!"

She was shocked when she saw Crystal. Of course, she remembered Crystal because Crystal was with Xiao Tian when she attacked him a few days ago.

"So you want to take revenge, huh? It would not be easy to do that." after saying that, Fu Rou attacked Crystal. "Attack her together!"

Three of the Dragon gang members rushed towards Crystal. Fu Rou was important to their leader, so they had to protect her.

Four versus one!

Even though Crystal was an extraordinary martial artist, but she was still at a disadvantage because four people attacked her together.

Bang!

Fu Rou kicked Crystal, causing Crystal to be thrown two meters from where she was.

However, Crystal immediately did a backflip when she was about to fall to the ground. She attacked them again after wiping off the blood on the corners of her mouth.

At that moment, what she had in mind was only one thing.

Kill Fu Rou!

However, she did not have a chance to kill Fu Rou because these three people attacked her continuously.

*Bang!

One of them managed to kick her pretty face, causing her to be pushed back two meters.

Attack, block, attack, dodge; Crystal could not keep attacking Fu Rou because these three people always got in the way.

After Crystal kicked one of them, she immediately threw one of her daggers at Fu Rou.

*Shui...

The dagger flew at Fu Rou's throat.

Fu Rou managed to dodge it because she saw Crystal's attack earlier.

"What is this? Did you give up? Why did you throw one of your daggers?" Fu Rou made fun of Crystal's attack because it was easy to read.

At this moment, she did not realize that there was a string in Crystal's daggers.

*Shui...

Crystal pulled the dagger, causing the dagger to fly towards Fu Rou's head again.

"Fu Rou, watch out!" one of the Dragon gang members shouted when he saw Crystal's dagger flying towards the back side of Fu Rou's head.

*Fall...

Blood came out of Fu Rou's left cheek.

Even though she could save herself, but Crystal's dagger sliced her left cheek, causing blood to come out of her left cheek.

Fu Rou was furious. She would have died twice if the Dragon gang members had not warned him.

That was why she was enraged. "Kill her!"

Chapter 1244: Mighty My Ass!

"Kill her!" Fu Rou was furious because Crystal almost killed her again.

Four of them attacked Crystal at the same time. They ganged up on her because she was a powerful martial artist.

Even though Crystal was at a disadvantage, but she could launch a deadly and dangerous counterattack.

*Stab...Slash...

Two of her opponents died.

When Crystal thought it would be two against one, three of the Dragon gang members suddenly appeared and attacked her.

Previously, it was four against one, but now it was five against one after she killed two Dragon gang members.

If they did not fight in the open area, Crystal would not be at a disadvantage like that. She was an assassin, so her specialty was a surprise attack and a hidden attack.

*Bang...Bang...

Two of them kicked Crystal; one kicked her stomach while the other kicked her left shoulder.

*Sreect...

Crystal was pushed back three meters from where she was.

At this moment, Chun Hua appeared from behind her to help her. "Are you alright?"

Instead of answering Chun Hua's question, Crystal commented on her enemies' teamwork. "Their teamwork is good."

"Let's attack them together." Chun Hua wanted to help Crystal.

Crystal did not answer, but she nodded her head, giving a sign that she agreed with Chun Hua's idea.

*Shui...

Chun Hua and Crystal rushed towards Fu Rou and the others.

Now it was not five against one, but five against two. Like usual, Chun Hua used dirty methods in the fight.

For this reason, they were not at a disadvantage even though it was five against two.

At the same time, Jufan, Yahui and Shuren had defeated almost all of their opponents, including Song Yu and Cang Di.

They were martial artists at the grandmaster stage, so they were unstoppable on the battlefield.

Even though they did not want to help Xiao Tian, they had no choice but to do that because they wanted freedom.

Yes, Xiao Tian promised to give them freedom if they helped him destroy the Dragon gang.

This was the reason why they participated in the war.

Of course, they still hated Xiao Tian because he and his underlings had tortured them so many times.

However, they did not think about revenge for now. What they had in mind were only two things.

Help Xiao Tian and get freedom!

Jufan, Shuren and Yahui exchanged a glance with each other before finally nodding their heads.

'Let's get into their base.'

As if they could communicate through their eyes, they immediately rushed towards the Dragon gang base.

"The tables have turned!" Shi Fei, who was standing on the tree and watching the war, stated.

'As expected of my lover, he didn't let me down.'

She was pleased when Xiao Tian and the others had the upper hand in the war.

"Oh! It seems like they have the upper hand now." Bi Yu was surprised because she thought Xiao Tian and the others would always be at a disadvantage.

"He is not bad." Fu Jiyi stated.

*Cling...Cling...

Xiao Tian and the Dragon gang leader exchanged more than thirty attacks, but none of them managed to land an attack on each other's body.

Even though both of them were candidates to be the Ruler, they did not use battle instinct in their fight because they knew the consequence.

Both Xiao Tian and the Dragon gang leader knew that they had gained insight about battle instinct, so they could not use it recklessly.

Sure, using battle instinct would increase their speed, reflexes and strength drastically, but there was one big disadvantage in using it.

They would lose a lot of stamina after using it!

Maintaining the energy of heaven and earth in their bodies needed a lot of stamina, and both Xiao Tian and the Dragon gang leader were also extraordinary martial artists.

It could be said stamina was quite important in their fight. That was why they did not want to take a big gamble in their fight.

*Cling...Cling...Cling...

The sound of their katana clashing could be heard in their ears.

Attack, block, attack, dodge; both Xiao Tian and the Dragon gang leader never stopped attacking each other.

Because of how amazing their fight was, even some of the Dragon gang members and Xiao Tian's underlings stopped fighting and looked at them.

"That's it, leader! Kick his face!"

"Destroy his mask too!"

"Yes, destroy his mask because I want to see his face."

One by one, Xiao Tian's underlings cheered him on.

Of course, the Dragon gang members also did the same.

"Leader, beat him like how you humiliated his impersonator."

"That's right. Show him how amazing the Dragon gang leader is."

"Yes. Show him how mighty the Dragon gang is."

At this moment, Xiao Tian's underlings and the Dragon gang members forgot that they were standing close to their enemies.

Yes, even though they were standing next to their enemies, they kept paying attention to Xiao Tian and the Dragon gang leader.

"What?! Mighty?! Did I hear it right? Look around you! Most of your brothers are lying on the ground." One of the Blue Ice Lotus gang members snorted. "Tch! Mighty my ass!"

“Of course, we are mighty!” One of the Dragon gang members responded, “Did you forget that we are ranked one while your gang is only ranked third?”

“But it will change today!” One of the Blue Ice Lotus gang members uttered, “From today onwards, we will be the strongest gang in Shanghai!”

“The strongest gang? Do you mean you will defeat us in this war? Hey, wake up! Are you still sleeping?” the Dragon gang members were sure they would win the war.

Sure, they were currently at a disadvantage, but they believed in their leader because their leader always made miracles all this time.

“Of course, we are going to win the war because our leader is amazing!” one of the Blue Ice Lotus gang members responded.

“Our leader is also amazing!” one of the Dragon gang members answered.

“Our leader is more amazing than yours!” one of the Blue Ice Lotus gang members replied.

“No! Our leader is more amazing than yours!” one of the Dragon gang members uttered.

“Asshole! I said our leader is more amazing than yours!” one of the Blue Ice Lotus gang members said.

“Huh? Bitch, are you deaf? Do you want to continue the fight?” one of the Dragon gang members inquired.

“Bring it, asshole!” one of the Blue Ice Lotus gang members said in annoyance.

“Brothers, let’s beat these bitches again!” one of the Dragon gang members uttered.

“Let’s beat these assholes!” one of the Blue Ice Lotus gang members responded.

And the fight between the Dragon gang members and the Blue Ice Lotus gang members continued again.

At this moment, Zhao Sheng fought on par with the Dragon gang leader’s butler.

‘He is strong! Don’t tell me....’

The butler suddenly thought that Zhao Sheng was like his young master, a candidate to be the Ruler.

Actually, the butler wanted to defeat Zhao Sheng as quickly as possible because his young master still could not defeat Xiao Tian.

However, he could not do that because Zhao Sheng could fight him on an equal footing.

‘Why do I feel like he is getting stronger now?’

Previously, he could beat Zhao Sheng, but now it was a different story.

‘Where is she?’

The butler skimmed his surroundings as he fought Zhao Sheng.

He wanted to know what Fu Rou was doing.

Usually, she was the first to help his young master when he was in trouble, but the butler could not find her.

'She is not died, right?'

The butler finally found Fu Rou.

He finally knew the reason why Fu Rou did not help their young master because she was having a hard fighting her enemies.

*Shui...

The butler rushed towards Fu Rou.

He decided to help her because she was in danger.

At first, he wanted to help his young master, but his young master could fight Xiao Tian on an equal footing.

That was why he decided to help Fu Rou because he did not want her to die. Fu Rou was also important to his young master, so he would not let her die.

"Hey, where are you going, old man!" Zhao Sheng chased the butler. "Come back here because our fight is still not over."

*Oak...

Fu Rou was thrown three meters before finally falling to the ground.

Even though it was five against two, Chun Hua and Crystal had the upper hand in the fight because their teamwork was better.

For this reason, Fu Rou had a lot of injuries, and her face was filled with bruises. She had lost her left arm, so she could not fight normally.

Like before, Crystal did not let the opportunity to kill Fu Rou slip away, so she rushed towards Fu Rou.

*Slash...

She swung her daggers, intending to slice Fu Rou's throat.

At this moment, Crystal was sure that Fu Rou would die in her hands because Fu Rou did not have time to avoid or block her attack.

However, something unexpected happened.

The butler suddenly appeared next to Fu Rou and blocked Crystal's attack.

Crystal was unhappy.

When a good opportunity to kill Fu Rou arose, an old man suddenly appeared and got in her way.

"It seems like you got beaten up by them." the butler helped Fu Rou up.

“They are more troublesome than I thought. Everything changed since that woman helped her.” Fu Rou referred to Chun Hua because they had the upper hand before Chun Hua helped Crystal.

“Old man, let’s continue our fight.” Zhao Sheng uttered.

At this moment, the fight between Xiao Tian and the Dragon gang leader became more intense.

“Aaaaa.” Xiao Tian and the Dragon gang leader rushed towards each other, trying to kill each other.

Chapter 1245: A Little Bit of the Dragon Gang Leader’s Past

Bang!

The Dragon gang leader kicked Xiao Tian’s stomach.

*Slash...

Xiao Tian managed to slice the Dragon gang leader’s mask.

Xiao Tian would have cut his nose and cheeks if the Dragon gang leader did not wear a mask.

*Shssss...

Xiao Tian was pushed back three meters from where he was.

“Green Dragon, look around you! It seems like I’m going to win the war.” Xiao Tian called the Dragon gang leader Green Dragon because he was wearing a green dragon mask.

The Dragon gang leader skimmed his surroundings. Even though his underlings were still fighting against Xiao Tian’s slaves and subordinates, but they were at a disadvantage.

Not only that, but many of his underlings died, were injured, or were unconscious on the ground.

If anyone saw them, they would agree with Xiao Tian’s words. However, the Dragon gang leader believed that they could turn the tables.

In the war, everything was possible, including turning the tables. That was why the Dragon gang leader did not give up and kept fighting against Xiao Tian.

Xiao Tian was the leader of the Blue Ice Lotus gang, so they would lose their fighting spirit if he could kill Xiao Tian.

“The war is still not over.” The Dragon gang leader stated. “As long as I kill you, everything will be under my control again.”

“Then I will crush your hope now.” after saying that, Xiao Tian rushed toward the Dragon gang leader.

Both of them had an intense fight again.

*Ten...Twenty...Thirty...Forty...fifty...

They exchanged fifty attacks, but they fought on an equal footing.

“Huft...Huft...Huft...” both of them breathed heavily.

They had been fighting for more than fifteen minutes, so they had lost a lot of stamina.

*Cling...Cling...

Both Xiao Tian and the Dragon gang leader exchanged attacks again.

Cut, hang, point, thrust; they did not stop attacking each other even though they had lost a lot of stamina.

*Splash...

Blood came out of their legs, arms, and chest, but they did not care about it.

At that time, what they had in mind was the same.

Kill their opponent!

It could be said that their fight would determine who would win the war.

"You are not bad!" Xiao Tian stated as he breathed heavily.

"I also did not expect you to be so strong like this." the Dragon gang leader didn't expect it to be so difficult to kill Xiao Tian.

This was different from what he previously thought.

"Die!" both Xiao Tian and the Dragon gang leader rushed to each other.

*Crack...Crack...

Xiao Tian managed to kick the Dragon gang leader's mask.

Even though it was a special mask and made from a plank of special wood, but Xiao Tian managed to destroy it.

*Fall...

The mask finally broke into pieces before falling to the ground.

Xiao Tian widened his eyes when he saw the Dragon gang leader's face. "You have an interesting face there."

After seeing his face, Xiao Tian was sure that the Dragon gang leader was as young as him or one year older than him.

Actually, the Dragon gang leader had a handsome face. His blue sea eyes and hair were beautiful to the point it could make anyone envious of him.

However, he had one big drawback.

Scars!

There was a burn scar from his left temple to half of his forehead. Not only that but there were also three scars from sharp weapons on both of his cheeks.

At this moment, Xiao Tian finally understood the reason why the Dragon gang leader always wore a mask.

“Interesting face? Hahaha.” The Dragon gang leader laughed after hearing Xiao Tian’s words. “Then should I thank your family for making my face like this?”

The feeling of deep shock blossomed in Xiao Tian’s heart. “My family? Why did you bring my family into this conversation? Why did you blame my family?”

“Because it was your family who did this to me.” The Dragon gang leader’s eyes were like an abyss, and every single one of his words was filled with hatred, coldness, and anger.

There was one reason why he always wore a mask.

Hell!

He felt like he was in hell whenever he saw his face.

It was not because he hated his current face, but memories like him in hell always came to his mind whenever he saw her face.

After all, he got his scars at the same time when he lost everything.

He got his scars when the Xiao family destroyed his family. He got his scars when the Xiao family stole everything from them.

He got his scars when his beautiful life turned into hell. And he got his scars when he saw the Xiao family killing his family.

He did not try to do plastic surgery because he needed it.

He needed these scars to remind him that he had to kill Xiao Tian’s family and destroy the Xiao family, just like what they did to his family.

He wanted them to feel what he felt until now!

“What is this? Are you using this method to catch me off guard?” of course, Xiao Tian did not believe the Dragon gang leader’s words because it made no sense.

“Xiao Tian, do you know why I always try to kill you till now?” the Dragon gang leader inquired.

Xiao Tian did not reply to the Dragon gang leader’s question because he did not know the answer.

He also had the intention to ask that question after defeating the Dragon gang leader because he was sure that he had never caused trouble for him before.

Because Xiao Tian did not say anything, the Dragon gang leader said again, “It’s for revenge! I want to take revenge on you and your family because your family killed my family!”

He then continued, “They killed my parents. They killed my big sister. They killed my younger brother. They killed all of my family and destroyed everything we had. That’s why I want to kill you. I want your family to feel what I felt until now. I want them to suffer. I want them to know how it feels to lose everything. I want them to know what hell is.”

The Dragon gang leader began describing how Xiao Tian's family destroyed his family. He told Xiao Tian how they killed his family.

"My family never did anything to your Xiao family, so why did your Xiao family destroy my family? Why did they kill all of my family?" the Dragon gang leader's eyes were filled with coldness. "Xiao Tian, you are also from the Xiao family. Tell me! Why did your family destroy and kill my family? Why?"

Xiao Tian did not say anything. He was at a loss for words.

Xiao Tian began to think that the Dragon gang leader was not lying because he could see deep sadness on the Dragon gang leader's face.

Xiao Tian had the experience of two lives, so he could tell when someone lied to him. He could also feel the ever-changing aura from the Dragon gang leader's body.

At this moment, everyone stopped fighting and looked at Xiao Tian and the Dragon gang leader.

The Dragon gang members were shocked and sad at the same time. They were shocked after seeing their leader's face.

And they were sad after hearing their leader's words. Now they finally knew the reason why their leader always wore a mask and never revealed his past.

It was because these memories were hellish memories!

They did not expect their leader had a terrible past like that.

Sure, they were delinquents, but they still had hearts. They knew what it was like to have a terrible past.

Their leader even had lost all of his family.

'He has a terrible past.'

The Dragon gang members suddenly felt guilty because they often forced him to reveal his past three years ago.

The butler and Fu Rou looked at the Dragon gang leader.

'Young master...'

Of course, they knew about their young master's past because they worked in his house in the past.

"I did not know about it! You should ask the Xiao family if you want to know about it because they kicked me out of the Xiao family when I was still five years old." Xiao Tian even did not remember his childhood, so there was no way he would know the answer.

However, one question suddenly appeared in his mind.

'Did my family really do that?'

He wanted to know whether his parents were involved in that massacre or not.

"Of course, I will do that because I will destroy the Xiao family after killing you and your family." the Dragon gang leader intended to destroy them because they were the ones who killed his family.

“Oi, Xiao Tian, is that true?” Zhao Sheng suddenly wanted to know about it too.

He only knew a little about the Xiao family because they had sealed most of their past, especially their bad actions.

However, he knew the main reason why Xiao Tian and his family were kicked out of the Xiao family.

Inheritance!

Even though Zhao Sheng was not one hundred percent sure, but he believed it was related to inheritance.

Like Zhao Sheng, Chun Hua and Crystal also wanted to know about it, but they did not say anything because they knew that Xiao Tian did not remember his past.

They also knew that the Xiao family had kicked him out of the Xiao family when he was still five years old.

“Let’s stop this chit-chat and continue our fight.” The Dragon gang leader uttered.

“Yes. Let’s talk with our swords.” Xiao Tian responded.

*Shui...

Xiao Tian and the Dragon gang leader fought again.

Chapter 1246: Sadness

As Xiao Tian and the Dragon gang leader were fighting, their underlings remained in their positions and only looked at them.

However, it only lasted for about a minute before the war finally broke out again. They began attacking each other again, intending to defeat their enemies.

“Kill them!” Xiao Tian’s underlings and the Dragon gang members began killing each other again.

Screams of pain reverberated in the front yard of the Dragon gang headquarters.

*Ting...Tang...Ting...

Xiao Tian and the Dragon gang leader swung their katana, and their eyes were filled with coldness.

*Bang...

Both of them managed to kick each other’s stomachs before finally they were pushed back two meters from where they were.

At this moment, both of them had the same thought.

Battle instinct!

They knew that there would be no victor if they continued to fight normally, so they decided to use battle instinct.

‘This will determine who wins the fight.’

There was a high possibility that the two of them would not have the stamina to fight anymore after using battle instinct.

However, they still decided to use it because there would be no victor if they did not use that.

In short, battle instinct would determine who would come out as the winner.

*Inhale...Exhale...Inhale...Exhale...

The energy of heaven and earth slowly entered their bodies and terrifying auras appeared around their bodies.

*Shui...

They rushed towards each other.

Their strength, reflexes, and speed were much greater than before.

With the help of battle instinct, they could do many attacks in a second. Their attacks were so fast to the point it was hard to see them.

*Slash...Slash...Slash...

Both Xiao Tian and the Dragon gang leader managed to land an attack on each other's bodies.

*Oak...

Blood splashed out of their mouths.

But they did not care about it and kept fighting. They were in the battle instinct mode, so every second was important.

Coincidentally, both Xiao Tian and the Dragon gang leader could use fifteen percent of the energy of heaven and earth.

However, there was one thing that set them apart.

Xiao Tian could stay continuously in battle instinct mode for ten seconds, while the Dragon gang leader could only last nine seconds.

Yes, the time Xiao Tian could hold on to his battle instinct had increased by 4 seconds.

At first, they fought on an equal footing, but everything changed now.

Sure, the difference was only one second, but one second could change everything when they were in the battle instinct mode because they could do many attacks in one second.

*Auk...

Blood splashed out of the Dragon gang leader's mouth before finally falling to the ground.

The Dragon gang leader tried to stand up, but he failed. He tried to stand up again, but he failed again because he no longer had any stamina left.

He had used a lot of stamina before using battle instinct. Coupled with him being hit by Xiao Tian's attacks when he was in a weak state, made him even more unable to move his body.

At this moment, he knew that he had lost the war. "Hahahaha."

Instead of crying, the Dragon gang leader laughed loudly. He had built up the power to seek revenge, but he still lost the war.

Xiao Tian's gang was not as powerful as the Xiao family's force, but even so, he still lost the war.

"Hahaha." He felt like his life was a joke.

He thought he had a powerful gang, but he was wrong. He even could not defeat Xiao Tian and his gang with the help of Song Yu and Cang Di.

He felt like his life was a joke.

Unlike the Dragon gang leader, Xiao Tian could still stand and walk. However, he no longer had the stamina left to fight.

Xiao Tian even could not walk properly because battle instinct had consumed almost all of his stamina.

"Why are you laughing?"

Xiao Tian did not understand why the Dragon gang leader laughed like that. He wanted to avenge his family, but he lost the war, so he should be sad.

"I laughed at my fate." The Dragon gang leader gave an honest answer. "My family got killed by your father's family and here, I would die too. I even failed to avenge my family."

He knew life was cruel and unfair, but he felt as if fate and this world hated him so much. He had lost everything when he was still little.

He had waited more than ten years to avenge his family.

He practiced martial arts every day. He kept practicing martial arts every day because he could avenge his family if he were a powerful martial artist.

But he still failed to avenge his family.

He hated Xiao Tian and his family. He hated the Xiao family. He hated this world because this world was unfair to him.

Everyone could spend time and laugh happily with their family. Everyone could have a good life in this world, but he could not get it.

He even often asked God why they were so cruel to him. Why did he have to face such a cruel fate? What did he do to have such a cruel fate?

He only wanted one thing in this world.

He only desired to live happily with his family!

But fate and this world were so cruel to him.

He could not meet his family anymore. He could not spend time with them anymore. He could not laugh with them anymore.

And he could not feel their warmth and caring behavior anymore.

All he could do was recall the good memories with them.

What did he do to have such a cruel fate?

“Leader!”

“Leader!”

“Leader!”

“Stay away from my leader!”

“Stop!”

The Dragon gang members rushed toward their leader when they saw Xiao Tian walking toward their leader.

They wanted to protect their leader!

However, Xiao Tian’s underlings stopped them.

“Young master...” Fu Rou and the butler rushed toward the Dragon gang leader, but Chun Hua, Crystal, and Zhao Sheng stopped them.

“Stay here!” Chun Hua stated.

Of course, Fu Rou and the butler tried to save their young master because they did not want him to die.

“Don’t get in my way!” Fu Rou roared. “Young master, I will save you.”

*Stab...

One of Xiao Tian’s underlings stabbed Fu Rou in the stomach with her sword from behind.

Fu Rou could not focus on the fight because she wanted to save her young master.

She did not want him to die!

*Uak...

Blood splashed out of her mouth.

Fu Rou then looked at the butler before finally speaking, “Old man, I can’t stay by the young master’s side anymore. I will leave him in your care. Take good care of him.”

‘Young master, please live well.’

Fu Rou fell to the ground and closed her eyes.

The butler gritted his teeth. Of course, he was sad because Fu Rou had been with him and his young master for a long time.

However, he had to save his young master. He could not let Xiao Tian kill his young master.

*Blood...

The Dragon gang leader cried blood when he saw Fu Rou die.

Fu Rou had been taking care of him since he was little. She had always been by his side since he was little.

She always comforted him when he lost everything. Fu Rou and the butler were his only family in this world.

Now that Fu Rou had left him forever, his heart was filled with sadness. At this moment, several memories appeared in his mind.

"Hello young master, my name is Fu Rou. I will be your maid from today onwards." little Fu Rou smiled at a kid.

Another memory flashed.

"Young master, how about we play in the backyard now?" little Fu Rou uttered, "The weather is good today, so let's play in the backyard."

Another memory appeared.

"Young master, don't be sad. I will always be by your side forever. I won't leave you until I die." Fu Rou said after the Dragon gang leader lost everything.

Fu Rou also protected him when the Xiao family destroyed his family. She kept cheering him up whenever he was down.

Like her promise, she was always by his side and always supported him. She never betrayed him and always put him first.

"Fu Rou..." the Dragon gang leader kept crying blood because he had lost another member of his family.

Even though he did not scream, but his heart screamed.

At this moment, the butler could not get closer to him because Xiao Tian's underlings stopped him.

Xiao Tian still did not do anything and only stared at the Dragon gang leader.

He shifted his gaze from the Dragon gang leader to Fu Rou before returning his attention to the Dragon gang leader.

'So she died, huh?'

Xiao Tian was startled when the Dragon gang leader cried blood.

He felt sorry for his enemy for the first time. After hearing everything from the Dragon gang leader, he could tell how miserable the life of the Dragon gang leader was.

At this moment, Xiao Tian wavered whether he should kill the Dragon gang leader or not. He did not immediately kill the Dragon gang leader because he felt sorry for him.

However, he was afraid that the Dragon gang leader would try to kill him again if he let him go.

The Dragon gang leader shut his eyes and spoke, "Kill me."

Xiao Tian only stared at the Dragon gang leader.

"You don't have to pity me because I don't need it." The Dragon gang leader uttered.

At this moment, a voice suddenly rang out. "No! Don't kill him!"

Xiao Tian instantly turned his head towards the source of the sound because he was familiar with that voice.

His mother!

Yes, it was his mother's voice.

Chapter 1247: Fu Rou's Past

The expression of deep shock blossomed on Xiao Tian's face when he saw his mother in the front yard of the Dragon gang headquarters.

Sure, he told his mother that he would attack the Dragon gang, but he did not tell her where the location of the Dragon gang base was.

'What is she doing here? Who brought her here? Does she not realize this place is dangerous? And who told her the location of the Dragon gang base?'

Countless questions appeared in his mind.

"Tian, don't kill him! Let him go!" Ye Xueyin ran toward Xiao Tian without paying attention to her surroundings.

Of course, she knew where she was, but she kept running toward Xiao Tian without paying attention to her surroundings as if she knew that no one would attack her.

And as if Ye Xueyin was protected by a Goddess, none of the Dragon gang members attacked her. They only looked at her without doing anything.

Like Xiao Tian, they were also surprised. They did not expect to see Xiao Tian's mother on the battlefield.

Actually, Xiao Tian wanted to rush to his mother, but he only had a little stamina left. He even used his katana to support him on his feet.

For this reason, Xiao Tian only looked at his mother, "Mother, what are you doing here?"

Ye Xueyin ignored Xiao Tian's question and immediately sat next to the Dragon gang leader.

"Child, your life must be full of misery all this time." Her expression turned sad when she saw the Dragon gang leader.

She knew that the Dragon gang leader hated her to the bone, but she could understand his feelings.

Yes, she knew the reason why the Dragon gang leader hated her and her family so much!

The Dragon gang leader's eyes were filled with coldness when he saw Ye Xueyin, "Ye Xueyin!!!!!"

It could be said that Ye Xueyin was the source of the problem. She was also the cause of his mother's death.

That was why his body was filled with anger and coldness when he saw Ye Xueyin. His mother would not have died if it were not for Ye Xueyin.

No, if Ye Xueyin had not been born in this world, all the bad things that happened to him and his family would not have happened.

Ye Xueyin was the source of the problem, or more precisely, Ye Xueyin and his husband were the sources of the problem.

*Fall...

Tears fell down Ye Xueyin's cheeks when she saw the Dragon gang leader's expression.

She was not angry; instead, she was sad because the Dragon gang leader's life must be full of misery all this time.

"Why are you crying? Are you making fun of me?" like before, the Dragon gang leader's eyes were filled with coldness and anger. "Or are they tears of joy? Are you happy that I will die too?"

The Dragon gang leader threw many questions to Ye Xueyin at once. Of course, he couldn't believe that Ye Xueyin was crying for him because they were enemies.

"No. I'm not making fun of you." Ye Xueyin shook her head. "And I did not kill your mother. I was not the one who killed your mother."

"Don't lie to me! You were the one who killed my mother! You were the one who pushed my mother out the window!" the Dragon gang leader did not believe Ye Xueyin's words.

"I really did not kill your mother. If you don't believe my words, you can meet Yuancheng and ask him to tell you the truth!" Ye Xueyin responded, "He knew everything because he saw everything from CCTV. However, the Xiao family manipulated everything and changed the track record."

"I said don't lie to me!" the Dragon gang leader shouted, "Why don't you just admit it?"

"Because I really did not kill your mother." Ye Xueyin repeated her words.

As Ye Xueyin tried to tell the Dragon gang leader that she was not the one who killed his mother, Zhao Sheng, Chun Hua, and Crystal looked at Fu Rou's body.

Zhao Sheng looked at Crystal before finally asking, "Now that she has died, are you happy?"

He knew that Crystal really wanted to kill Fu Rou because Fu Rou almost killed her a few days ago.

Crystal did not answer Zhao Sheng's question. She only looked at Zhao Sheng before finally shifting her gaze from him to Fu Rou's body.

"I got information about her and the Dragon gang leader yesterday." Zhao Sheng spoke and paused for a second before he continued, "Do you want to hear the truth?"

Crystal and Chun Hua looked at Zhao Sheng again. Even though both of them did not answer his question, but they wanted to know about it.

"I will start with this Fu Rou first." Zhao Sheng began to tell Fu Rou's past to Crystal and Chun Hua.

Of course, he only told the important things. When Fu Rou was little, her parents quarreled every day.

Sometimes, they even yelled at Fu Rou when they could not control their emotions because she always cried every time they quarreled.

One day, her parents decided to divorce. At first, Fu Rou lived with her father, but he often abused her.

Her father even ordered her to take care of the house even though she was still a kid. One day, three delinquents looked for her father because he had an enormous debt to them.

Of course, her father could not pay his debt. He even tried to sell her for money because these delinquents would kill him if he did not pay his debt.

However, Fu Rou managed to run away from home, and as a result, these delinquents killed her father.

Then Fu Rou went to her mother's place, but her mother did not want to admit that she was her mother because it would ruin her life.

Her mother managed to marry a rich man after trying so hard to win his heart, so she did not want to admit Fu Rou as her daughter because she was afraid that her husband would get angry and divorce her.

For this reason, she told Fu Rou to leave and not to meet her forever. She also said that they were no longer a mother and a daughter.

Since then, Fu Rou had lived on the street alone. She lived by stealing food and sleeping on the street.

For this reason, she got beaten up by people countless times. Not only did she steal food if she was hungry, but she always felt cold when she slept at night, especially on rainy days.

She was still a kid, but she had to face the cruel world alone. In short, her life had been filled with suffering since she was a child.

Days turned into months, and months became years. After fighting against the cruel world alone for two years, she finally met an angel.

No, not the real angel, but a human being with an angel heart.

And that person was none other than the Dragon gang leader's mother.

Yes, the Dragon gang leader's mother took her to her home and took care of her!

Since then, Fu Rou's life started to get better and better.

She did not need to steal anymore if she was hungry. She no longer felt cold at night because she could sleep in the warm bedroom.

No one beat her anymore. Fu Rou's life got much better since she met the Dragon gang leader's mother.

In her eyes, the Dragon gang leader's mother was her angel and life savior. She even promised to follow her forever.

Not only the Dragon gang leader's mother, but his family also treated her well. All of them lived happily every day.

However, everything changed when the Dragon gang leader's mother died.

Not only that, but she felt hell again when the Xiao family destroyed the Dragon gang leader's family and killed his family.

This was the reason why Fu Rou hated Xiao Tian and his family to the bone because they killed her life savior.

Of course, Fu Rou did not know the truth. What she knew was that Xiao Tian and his family were the ones who destroyed everything.

She only wanted to avenge her savior. She only wanted to seek justice for them.

"Do you still hate her now?" Zhao Sheng inquired.

Crystal suddenly felt pity after hearing about Fu Rou's past. Even though she had also experienced the cruelty of the world, but what Fu Rou faced was hell.

"She is already died, so I will forget everything now." Crystal stated.

Zhao Sheng looked at Fu Rou's body and spoke, "This world is really unfair to you and the Dragon gang leader."

Chapter 1248: The Strongest Gang in Shanghai

"I won't force you to believe me, but you should try to find out the truth." Ye Xueyin uttered, "You know how cruel and manipulative the Xiao family is, so don't believe the news easily."

Unlike before, the Dragon gang leader did not say anything this time because what Ye Xueyin said made sense.

Ye Xueyin then looked at Xiao Tian before finally speaking, "Tian, let's go home."

Xiao Tian did not answer and only stared at the Dragon gang leader. He wavered if he should kill the Dragon gang leader or not.

He was afraid that the Dragon gang leader would cause trouble again if he did not kill him.

"Tian, let's go home." Ye Xueyin repeated her words. "You can't kill him because he only wants to seek justice for his family."

"But what if he causes trouble to us again in the future?" Xiao Tian inquired.

“If you still want to kill him, then mother won’t talk to you anymore from today onwards.” Ye Xueyin threatened Xiao Tian because she did not want him to kill the Dragon gang leader.

Xiao Tian gritted his teeth before finally speaking, “Everyone, let’s leave!”

Even though most of Xiao Tian’s underlings were shocked, but they did not say anything because their leader had said so.

“Mu Hou, let’s leave!” Xiao Tian shouted.

Yes, Mu Hou was currently in the Dragon gang base.

Previously, Xiao Tian and Mu Hou sneaked into the Dragon gang base because they suspected there were snipers in the Dragon gang base.

This was the reason why Xiao Tian ordered Mizu to pretend to be him.

When Xiao Tian and his underlings walked out of their base, the butler rushed toward the Dragon gang leader, “Young master....”

He was relieved because Xiao Tian did not kill his young master. He did not know what he would do if his young master died.

“Take me to Fu Rou.” The Dragon gang leader wanted to know Fu Rou’s condition.

He did not want to admit that Fu Rou had died because she had promised to be by his side forever.

He believed that Fu Rou was still alive.

Of course, the butler knew his young master’s feelings. For this reason, he immediately took his young master to Fu Rou’s body.

“Hurry up and check her condition.” The Dragon gang leader could not move his body, so he could not check Fu Rou’s condition.

The butler immediately checked Fu Rou’s heart. Sadness filled his heart when Fu Rou’s heart didn’t beat anymore.

The butler looked at his young master and shook his head, giving a sign that Fu Rou had passed away.

The Dragon gang leader gritted his teeth.

“Check again! Check carefully!” he still did not want to admit it because Fu Rou had promised to be by his side forever.

“Young master, she is died.” The butler knew that his young master did not want to admit it because he knew how close their relationship was.

The Dragon gang leader put on a sad face again. From his expression, anyone could tell that he was about to cry.

At this moment, a miracle happened.

Fu Rou’s right index finger suddenly moved!

The Dragon gang leader immediately said, "Her right index finger moved just now. She is still alive!"

The butler looked at Fu Rou before returning his attention to his young master again. "Young master, face the reality. She has passed away."

Normally, his young master didn't behave like this and always accepted reality easily.

Sure, he knew that Fu Rou was important to his young master, but they couldn't bring the dead back to life.

They were human beings, not God, so they had to face the reality.

"No! I didn't lie to you. I'm telling the truth." The Dragon gang leader wanted his butler to believe his words.

The butler looked at Fu Rou again after sighing.

'This world is really cruel to him!'

To his surprise, he also saw Fu Rou's right index finger moving once.

The butler immediately looked at the Dragon gang members before finally speaking, "Take her to doctor Yuan now!"

Three of the Dragon gang members instantly took Fu Rou to doctor Yuan.

"Young master, we also need to treat your injuries." The butler uttered.

"Alright." The Dragon gang leader responded.

—

Blue Ice Lotus Gang Headquarters, Front Yard.

Xiao Tian and the others went straight to the Blue Ice Lotus gang headquarters after sending Ye Xueyin home.

Like what he had promised, he freed all of his slaves because they did a good job. He kept his promise because he did not need them anymore.

Of course, Xiao Tian threatened them before releasing them. He said he would torture them if they dared to cause trouble for him in the future.

The members of the Black Flame gang, Red Cloud gang, and Sky gang were pleased because Xiao Tian kept his promise.

As for the Crocodile gang and Turtle gang, all of their members died in the war. Now there were only three big gangs in the Jiazuo district.

"What about us?" Jufan inquired.

Xiao Tian also promised to let them go after helping him in the war.

Xiao Tian did not answer immediately and looked at Jufan, Yahui, and Shuren.

Even though he was stronger than them now, but it would be troublesome if they caused trouble again.

“Xiao Tian, are you going to break your promise?” Shuren thought Xiao Tian wanted to break his promise when he did not answer immediately.

“Aish! You, old people, are impatient. Alright, you can go now, but this is the last time. Next time, you won’t end up like this if you dare to cause trouble for me again.” Xiao Tian’s voice became cold when he threatened them.

“Hmf!” Jufan grimaced. “Shuren, Yahui, let’s leave this place.”

“Alright.” Shuren and Yahui answered at the same time.

After Jufan and the others left, Xiao Tian looked at his underlings. “We won!”

“We won!”

“We won!”

“We won!”

“We won!”

One by one, Xiao Tian’s underlings shouted happily.

They were the strongest gang in Shanghai now because they had just defeated the Dragon gang.

“Go and treat the injured people.” Xiao Tian uttered, “We will have a big party once everyone recovers.”

“We are the strongest gang in Shanghai!”

“We are the strongest gang in Shanghai!”

“We are the strongest gang in Shanghai!”

“We are the strongest gang in Shanghai!”

Xiao Tian’s underlings were pleased.

They even forgot the wounds on their bodies. Becoming the strongest gang in Shanghai was their dream, and now they had achieved it.

Not long after that, Zhao Sheng and his subordinates left. He took all the guns and rifles that were lent to Xiao Tian.

“Chun Hua, save these rifles in our secret room.” previously, Xiao Tian ordered his underlings to take all the Dragon gang’s rifles.

Xiao Tian was pleased because, with this, his gang had rifles now.

“Understood!” Chun Hua replied instantly.

Jufan, Shuren, and Yahui were walking not far from the Blue Ice Lotus gang headquarters.

They did not take a taxi because they had no money. That was why they had no choice but to walk to their houses.

“We have to plan everything carefully before taking revenge on him.” Shuren stated.

Yes, they had the intention to kill Xiao Tian again!

Xiao Tian had destroyed their martial arts schools and tortured them, so there was no way they would forget everything.

“You are right.” Yahui agreed with Shuren’s words. “We have to plan everything carefully because they are much stronger now, or else the same thing would happen to us again.”

They did not want to make the same mistake because Xiao Tian said he would not free them for the second time.

“And it seems like he is much stronger than before now. I don’t know if you two have the same feelings as me or not, but it seems like he can defeat us easily now.” Jufan did not know why his instinct told him that Xiao Tian was much stronger than him.

“You are right.” Shuren agreed with Jufan’s words. “I watched his fight with the Dragon gang leader earlier. He is indeed much stronger than before now.”

“It’s fine.” Yahui stated. “As long as we plan everything carefully, I’m sure we can kill him later.”

“You are right.” Jufan and Shuren replied in unison.

At this moment, a young woman suddenly appeared and stopped them.

Chapter 1249: Bear It!

Shuren, Yahui, and Jufan instantly stopped their footsteps.

“Who are you?” Jufan was unhappy when a young woman suddenly stopped them.

Yahui and Shuren exchanged a glance with each other.

‘Who is she?’

They could not see the young woman’s face because she wore a mask.

Silver mask!

Yes, the young woman was wearing a silver mask.

Instead of answering Jufan’s question, the young woman unsheathed her sword and attacked them.

*Slash...Slash...Slash...

Due to how fast her attacks were, Jufan and the others could not avoid or block her attacks, and as a result, they died in the young woman’s hands.

“Young master Xiao, you made a mistake again.” After pouring body-melting powder, the young woman left.

Xiao Tian's Mansion, Long Jingxian's Secret Room.

Xiao Tian was currently sitting on the chair in Long Jingxian's secret room. She instantly took him to her room after seeing his condition.

Her secret room was almost like a clinic now because he had bought many things for her.

"Agh!" Xiao Tian cried out in pain. "My Jingxian, please do it gently."

"Bear it! You are a man, so don't act like a woman." Long Jingxian continued treating Xiao Tian's injuries.

The corner of Xiao Tian's lips twitched after hearing her words.

'It has nothing to do with men or women!'

Everyone would scream if they felt immense pain, including Xiao Tian.

"Done!" after saying that, Long Jingxian placed the bandages and the others on the table.

"Ah, I can fina-" before Xiao Tian had finished his words, Long Jingxian did something unexpected.

She embraced him!

Xiao Tian smiled before finally rubbing her back.

Of course, he knew the reason why Long Jingxian suddenly hugged him like that. "I did not break my promise, did I? After all, I returned home without missing a single thing."

Long Jingxian stopped the hug and looked at Xiao Tian in the eyes. "You have to be more careful in the future."

"Un." Xiao Tian nodded his head. "I will practice martial arts more diligently from today onwards so that I can defeat my opponent without getting hurt."

"Yes. You should do that." Long Jingxian agreed with Xiao Tian's words because he would not get injured if he was much stronger than his opponent.

"Forget about martial arts now. How about we lovey-dovey right now?" Xiao Tian suddenly wanted to lovey-dovey with Long Jingxian.

"What?! You want to have sex with me? Can you do it? After all, you are injured right now." Long Jingxian decided to tease Xiao Tian.

"My Jingxian, I only said I wanted to lovey-dovey with you. I did not say I wanted to have sex with you." Xiao Tian did not expect Long Jingxian to tease him like that.

"Hehe." Long Jingxian giggled before finally sitting on the bed and leaning her back against the headboard. "Come here."

Xiao Tian instantly walked towards her when he saw Long Jingxian tapping her thighs.

'As I thought, my MILF won't refuse my wish.'

After crawling onto the bed, Xiao Tian immediately put his head on Long Jingxian's lap.

Long Jingxian's face broke into a smile when she saw Xiao Tian's happy expression. "Do you want to watch a movie?"

"Good idea." In Xiao Tian's eyes, watching a movie while being intimate was a good thing.

Then Xiao Tian was lovey-dovey with Long Jingxian.

After being intimate for about two hours in Long Jingxian's secret room, Xiao Tian headed to his mother's room because he wanted to ask something to her.

*Click...

Like what his mother always did, Xiao Tian entered her room without knocking on the door first.

Ye Xueyin, who was sitting on the bed and watching a movie, turned her head. "Tian?"

Her face broke into a smile when she saw Xiao Tian. She was pleased because she thought Xiao Tian only wanted to spend time with her.

However, she was wrong because Xiao Tian immediately asked something shocking after sitting on her right side.

He asked many questions about what had happened to the Dragon gang leader and his family!

Of course, Xiao Tian did not care about the Dragon gang leader because the Dragon gang leader was his enemy.

He asked these questions because it was related to his family and their past.

At first, Ye Xueyin did not want to answer all of his questions, but she changed her mind when Xiao Tian said he would get angry if she refused to answer all of his questions.

All this time, Xiao Tian always relented whenever his mother refused to answer all his questions about their past.

But this time was different. Whatever happened, he wanted his mother to reveal everything.

Ye Xueyin said the name of his mother was Lan Yan. Lan Yan and Xiao Tian's father were childhood friends.

However, Lan Yan hid something important from Xiao Tian's father.

She fell in love with him!

Xiao Tian's father was always there for her and treated her very well, but she was afraid to confess her love, and as a result, she kept hiding her feelings.

Of course, Xiao Tian's father knew about her feelings, but he pretended as if he knew nothing because he only saw her as his younger sister.

Xiao Tian's father met Ye Xueyin several years later, and they fell in love. However, Lan Yan still loved Xiao Tian's father even after he married Ye Xueyin.

Even though Lan Yan's husband was sad with her actions, but he did not divorce her because he knew that Xiao Tian's father only saw her as his younger sister.

The Xiao family members, who hated Xiao Tian's father because he inherited the main position of the family, took advantage of their complicated relationship.

They made everything seem like Ye Xueyin killed Lan Yan, not them.

They did this because they wanted to weaken his position in the family and destroy his relationship with the Lan family.

Lan Yan was a genius in business, and she was also the hope of her family to raise their family status from a low upper-class family to a high upper-class family.

For this reason, the Lan family went to the Xiao family to hold them accountable. One thing led to another, and they ended up fighting each other.

Of course, the masterminds were the Xiao family members who hated Xiao Tian's father. And because of the difference in strength, the Xiao family could destroy the Lan family easily.

Because of this his position in the Xiao family got weaker and weaker until finally, Xiao Tian's father completely disappeared from the public.

In short, Xiao Tian's father decided to divorce Ye Xueyin because he wanted to protect her from the Xiao family and his enemies.

"I see." Xiao Tian finally understood the reason why the Dragon gang leader hated him to the bone.

'As I thought, the Xiao family is the source of the problem.'

He said in his head.

—

Somewhere in the private Hospital.

Fu Rou was currently being treated in the emergency room.

Even though the Dragon gang leader was also injured, he refused to get treated and chose to wait for Fu Rou's treatment.

Yes, he waited in front of the emergency room with his butler!

After waiting for more than thirty minutes, a doctor came out of the emergency room.

"Doctor, how is it?" the Dragon gang leader inquired.

Chapter 1250: The Dragon Gang Leader's Name and His New Organization

"The operation was successful!" doctor Yuan replied as he smiled.

Doctor Yuan was one of his father's friends, so the Dragon gang leader always came to him whenever he got injured.

Doctor Yuan also knew what had happened to the Dragon gang leader's family. That was why he always felt sad whenever he met the Dragon gang leader.

"Thank god!" the Dragon gang leader was relieved.

"However, she can no longer be a martial artist from today onwards." Doctor Yuan uttered.

"It's fine." The Dragon gang leader did not mind it.

As long as she was alive, it was already enough.

He also did not want to put her in danger situation anymore because she had always been on dangerous missions since a few years ago.

In her last mission, she even lost her left arm because one of Xiao Tian's underlings cut off her left arm.

"Now you should go and check your condition too." doctor Yuan told the Dragon gang leader to check his condition because his injuries were serious too.

"Alright." The Dragon gang leader agreed instantly because he already knew Fu Rou's condition.

The following morning, the Dragon gang leader met his underlings at their base.

"My name is Fang Zeshan. Now I will tell you everything about me and my past." the Dragon gang leader, who was sitting on the couch in front of his underlings, uttered.

He began to tell about his past to his underlings. He also explained how the Xiao family destroyed and killed his family.

He also told them he used them to avenge his family because he wanted to destroy the Xiao family.

"My goal is still the same. I want to destroy the Xiao family and make them feel what I felt until now." Fang Zeshan uttered, "I won't stop you if you want to leave the Dragon gang, but I won't regard you as my underlings if you keep following me; instead, I will regard you as my brothers."

Feng Zeshan then continued, "Not only that, but I will also help you if you face any problem. I will treat you as my brothers until I die."

All of the Dragon gang members exchanged a glance with each other. They did not know if they should keep following Feng Zeshan or not.

Feng Zeshan wanted to destroy the Xiao family, one of the most powerful and influential families in Shanghai.

There was a high possibility that they would lose their lives if they fought the Xiao family because the Xiao family had a powerful force.

"Sorry, I don't want to fight the Xiao family."

"That's right. Going against the Xiao family is the same as digging my own grave."

"He is right."

"I'm leaving too."

"Me too."

One by one, the Dragon gang members left.

Like his promise, Feng Zeshan did not stop them and only looked at them. Of course, he was sad because he needed to build strength from scratch again later.

The butler, who was standing behind Feng Zeshan, was unhappy with their decision. All this time, Feng Zeshan always took care of them.

They would still be a weakling if it were not for Feng Zeshan. However, he did not do anything because his young master told him not to stop them.

More than one hundred people left in less than a minute. At this moment, only ten people remained in their positions.

"Are you sure you don't want to leave too?" Feng Zeshan asked for the last time.

These ten people answered in unison, "We will keep following you."

"Yes. We will continue to be your underlings." one of them added.

Feng Zeshan rose to his feet before speaking, "No. All of you are no longer my underlings because you all are my brothers from today onwards."

"I like your words! Then you are our big brother and I will be the second brother from today onwards." After saying that, the bald man pointed his right index finger at the people on his right side. "You will be the third brother. You are the fourth. You are the fifth. You are the sixth. You are the seventh. You are the eighth. You are the ninth. And you will be our youngest brother, the tenth brother."

The blue-haired man immediately said, "Hey, why was I chosen to be the tenth brother? I should be the second brother because I'm stronger than all of you."

"It's not based on strength, but age." The bald man uttered, "Tenth brother, you don't need to thank me. After all, we are brothers now. Haha."

"This is unfair!" but even so, the blue-haired young man still accepted it.

"Haha." The others laughed after hearing the bald man's words.

They then decided to perform the ceremony. "We are here today to become brothers with different surnames, not to be born on the same day, but to die on the same day, same month and same year."

They then continued, "By heaven and earth, if any of us turn our backs on the brotherhood, we will be blasted by one hundred thunderbolts and our souls will be annihilated."

After saying that, they drank the wine in their hands.

"Big brother, what should we do now?" the sixth brother inquired.

“First, I want to change our gang name.” Feng Zeshan responded instantly. “We won’t be using the Dragon gang name anymore; instead, we will use Sun Organization as our group name from now on.”

He told them the reason why he changed their group name from the Dragon gang to Sun Organization.

Feng Zeshan wanted the Sun Organization to become the sun in the dark and cruel world. His brothers liked their new group name.

“And last, I want to meet Yuancheng and learn the truth about my family.” Feng Zeshan decided to meet Yuancheng because Ye Xueyin said Yuancheng knew the truth about his family.

“Alright. Let’s meet that Yuancheng later.” The third brother uttered.

They began to look for information about Yuancheng.

Xiao Tian’s Mansion, Backyard.

Xiao Tian was currently sitting on the pool lounge chair while looking at his sexy lover.

A gorgeous lady was lying on his right side, and that beautiful lady was none other than Lin Xing Xue, his MILF.

“Xue, come here and swim with me.” Shi Fei spoke abruptly.

Before Lin Xing Xue could answer, Xiao Tian uttered, “She said she did not want to swim and desired to lovey-dovey with me.”

Of course, Lin Xing Xue never said it because she had only been drinking her lemon juice since earlier.

“Who said that?” Lin Xing Xue smiled as she pinched Xiao Tian’s cheeks.

“Little Xue, I still haven’t fully recovered so please don’t pinch my cheeks. How about you kiss me instead?” like usual, Xiao Tian tried to take advantage of the situation.

“I don’t want to.” After saying that, Lin Xing Xue rose to her feet and jumped into the pool.

“Little Xue, you are so cruel!” Xiao Tian shouted.

“Haha.” Shi Fei and Lin Xing Xue laughed.

Time went by quickly, and without realizing it, it had been two days since the war between the Dragon gang and Xiao Tian’s gang.

At this moment, Feng Zeshan had learned the truth about his family.

Feng Zenshan finally knew that Ye Xueyin was not lying after meeting Yuancheng because Yuancheng showed the real CCTV footage to him.

‘Xiao family!’

Feng Zenshan finally knew the truth, including what had happened to Xiao Tian and his family.
