Chapter 1271: Big Investor

Xing An Yu immediately rose to her feet and rushed to Ye Ming.

Of course, she did not know that all of this was Ye Ming's plan because she thought it was a pure accident.

"Young man, are you- "she stopped her words halfway when she realized that Ye Ming was unconscious.

At this moment, a few people dashed towards Ye Ming and Xing An Yu. They immediately called an ambulance because Ye Ming's injuries were quite severe.

They did not know who the rider of the motorbike was.

Fu Hospital, VIP Patient Room.

Ye Ming was currently lying on the patient's bed. Like before, he was still unconscious.

His injuries were quite serious. His right hand and leg were injured and dislocated. The doctor said it would take at least a week for him to recover from his injuries.

At this moment, Xing An Yu was sitting on the chair next to him. The doctor said Ye Ming would regain consciousness soon.

That was why she kept watching over him.

She wanted to thank him!

If it were not for Ye Ming, she would be the one who would lie in bed now.

Fifteen minutes later, Ye Ming regained consciousness. Without waiting for another second, Xing An Yu pressed the button near the patient's bed, calling the doctor.

"Where am I?" that was the first question that came out of Ye Ming's mouth after regaining consciousness.

'Hmm?'

He was pleased when he saw Xing An Yu sitting on the chair next to him because, with this, he knew that the first step of his plan was successful.

'Good! Now I only need to carry out the next plan.'

He tried his best to hide his happiness because he did not want Xing An Yu to be suspicious of him.

"Young man, you have regained consciousness?! Thank god!" Xing An Yu uttered, "Please wait. A doctor will be here soon and check your condition."

"What time is it?" Ye Ming inquired.

"It's 04:00 pm." Xing An Yu did not know why Ye Ming suddenly asked something like that.

He immediately put on a worried face. "04:00 pm?! Oh, no! I'm late. I have an appointment with Mr. Ji."

Of course, he was lying because this was a part of his plan.

"You should not move now." Xing An Yu stopped Ye Ming when he tried to sit up and get out of bed.

"Missus, this matter is very important to my family. I can't fail this time or else our company will go bankrupt." After saying that, Ye Ming turned his head to the left and right, looking for his document.

"Where is my proposal? Where is my proposal? Missus, did you see my document?"

*Click...

A doctor entered the patient room with a nurse.

"Young man, what are you doing? You should rest now because you are still injured." Like Xing An Yu, the doctor stopped Ye Ming when he wanted to get out of bed.

"Doctor, I'm fine. I need to leave now because this matter will decide my family's future." Ye Ming still tried to get out of bed before finally crying out in pain. "Agh!"

The doctor and Xing An Yu helped Ye Ming lay on the bed again. Of course, they did not know that everything was Ye Ming's plan.

"Young man, you should focus on your recovery first." The doctor uttered, "You are injured, so don't think about anything else for now."

"That's right." Xing An Yu added, "Don't worry. I will help you solve your problem later. Now you should focus on your recovery first."

Ye Ming's heart was filled with happiness after hearing Xing An Yu's words.

'Good! That is what I want to hear!'

Of course, he still pretended to be worried.

"But...But..." Ye Ming kept acting because it would raise suspicions if he suddenly felt happy.

"Don't worry. Believe me. I can help you." Xing An Yu did not tell Ye Ming that she was rich.

"Al...alright." Ye Ming did not try to get out of bed anymore.

The doctor immediately checked Ye Ming's condition. "Except his right hand and leg, everything is fine. Don't worry, young man. Your right arm and leg will be healed in a week or two."

Xing An Yu felt relieved after hearing the doctor's words.

"Alright. I will leave now because I have to check another patient's condition." After saying that, the doctor and the nurse left.

When Ye Ming saw his smartphone, he immediately called Ji. Of course, it was his brother's number.

Previously, he told his brother to buy a new phone number for their plan.

Ye Ming immediately spoke as soon as his brother picked up the phone. "Mr. Ji, I'm sor-"

At this moment, Xing An Yu only looked at Ye Ming. She could only sigh when she saw Ye Ming's behavior because it looked like he did not believe her words.

"Mr Ye, I'm disappointed with you. You were the one who wanted me to be your investor but you didn't show up at the meeting place we agreed on. Don't call me again. I don't want to be your investor now." Ye Hedong used a voice changer tool.

"Mr. Ji, it was bec-" Ye Ming put on a sad face when his brother hung up the phone.

"Young man, forget about him. Didn't I tell you that I would help you later?" even though Xing An Yu was disappointed with Ye Ming's behavior, she did not show it on her face.

"Missus, I helped you because I wanted to. I never had the intention of asking you to return to the favor." Ye Ming lied to Xing An Yu.

'I have to do this, so that you don't break your word.'

He added in his mind.

"Alright, alright. Let's stop talking about this." Xing An Yu finally knew the reason why Ye Ming suddenly called Mr. Ji. "I will help you solve your problem after you recover, so don't think about business anymore. You have to focus on recovery now."

"Alright." Ye Ming responded.

'Haha. I got a big fish!'

Even though he had to sacrifice his body, but he did not mind it because he got a big fish like Xing An Yu.

Chapter 1272: The Plan Is a Big Success

Ye Ming's heart was filled with happiness.

If Xing An Yu were not in the patient room, he would have laughed by now because he was pleased.

He was sure that his father and grandfather would praise him later because he got a big fish for them.

Xing An Yu was from a wealthy family, so she could help them.

"By the way, can you give me your family number?" previously, she was panicked, so she forgot to call Ye Ming's family.

"I will call them now." after saying that, Ye Ming called his brother.

Ye Hang, Ye Tong, Ye Bao, Ziya, and Ye Hedong entered the patient room several minutes later.

Ziya was Ye Tong's wife, or in other words, she was Ye Ming's mother.

"Ming, how could you end up like this?" Ziya put on a sad face when she saw her son's condition.

Her heart was filled with sadness because her son's injuries were quite serious.

At this moment, Xing An Yu rose to her feet and introduced herself. "Hello, I'm Xing An Yu."

She began to explain how Ye Ming ended up in the hospital. She said a motorbike was about to hit her earlier. Luckily, Ye Ming saved her.

“Mother, please don’t blame Mrs Xing.” Ye Ming uttered, “I did this because I wanted to. Didn’t you say we should help each other?”

“Please don’t worry because I wi-“Xing An Yu stopped her words halfway when her smartphone suddenly rang. “Excuse me, I need to take this phone first.”

She walked out of the patient room because it was not a good idea to pick up the phone in the patient room.

Not long after that, Xing An Yu returned to the patient room. “Young man, I have to go now. There is something important I have to do.”

“Alright.” Ye Ming responded as he nodded his head.

Xing An Yu walked out of the patient room and traveled to her company.

“How is it, brother?” Ye Hedong wanted to know whether Xing An Yu agreed to help them or not.

Ye Hang and the others turned their heads towards Ye Hedong. They did not understand why Ye Hedong asked something like that.

Of course, Ye Hang and the others did not know anything because Ye Ming and Ye Hedong did not tell them about their plan.

“Ssst! Watch your words!” after saying that, Ye Ming checked whether there was a CCTV camera in the patient room or not.

He did not want his plan to be ruined by carelessness.

“There is no CCTV camera in this room and that woman also has left, so it’s fine.” Ye Hedong understood why Ye Ming behaved carefully like that.

“Ming, what is it?” Ye Tong asked curiously.

Ye Hedong immediately opened the door to check whether there was someone near the patient room or not.

When he saw no one around the patient room, he explained everything to Ye Tong and the others.

“What?! So all of this is your plan?!” Ye Tong and the others said in surprise.

“Father, she agreed to help us.” Ye Ming uttered, “She will help us after I recover later, so our efforts is not in vain.”

“But your plan is dangerous, Ming.” Ziya responded, “Look! Your right hand and leg are injured now.”

“Mother, this is only a small injury. The doctor said I would recover in a week or two, so you don’t need to worry. What’s important is that we get a big investor now.” Ye Ming did not mind even if his right hand and leg were injured because it was only a minor injury in his eyes.

They got a big investor now, so these injuries were nothing in his eyes.

“I didn’t expect you to do something so crazy like this!” Ye Hang stated. “However, I like it because you manage to get a big investor.”

“Hehe.” Ye Ming laughed happily.

Xiao Tian was currently going on a date with Yun Xin Er. Even though his BMW car had been repaired, he used his Lamborghini.

They were walking hand in hand on the street. Yun Xin Er did not feel shy when Xiao Tian held her hands in public places because they already knew about their special relationship.

They immediately stopped their footsteps when they saw a street show.

Martial arts street show!

The show was located in an empty area near the park.

At this moment, about one hundred people were watching the show. All of them were sitting on the stairs in front of the venue.

“A young boy stands on a cliff and raises his head to the sky...

His green eyes are filled with determination, and his hands are clenched into fists...

He takes a deep breath before finally shouting, ‘I will become the strongest martial artist in the world.’

A hundred years have passed...

He is the strongest martial artist in the world now....”

As a young man, who was clad in a white robe, was showing his martial arts skills in front of the audience, a young woman sang a martial arts song.

They were Riri and Yang Yang.

What Riri sang was a martial arts song that was recently popular.

The title of the song was the Ruler.

Yes, it was Xiao Tian’s song!

It was the ending soundtrack of Xiao Tian’s movie.

Everyone paid attention to Yang Yang carefully. He looked like the Ruler of martial artists when he displayed his martial arts skills using his golden spear.

His movements and attacks were so beautiful, to the point some of the audience opened their mouths in amazement.

However, something unexpected happened.

Riri suddenly stopped singing!

Many audiences were stunned, including Yang Yang.

They did not know why Riri suddenly stopped singing like that.

Actually, there was one reason why Riri suddenly stopped singing.

She caught sight of Xiao Tian!

Xiao Tian was the composer of the song, so in her view, it was a good chance to get more audiences.

Like the others, Xiao Tian and Yun Xin Er did not know why Riri suddenly stopped singing.

When Yang Yang was about to say something to Riri, she uttered, "Everyone, we have a special person here. The composer of the song called The Ruler is with us now."

Almost all of the audience turned their heads to the left and right.

'Xiao Tian?! Xiao Tian is in this place?!'

Of course, they knew that Xiao Tian was the composer of the song.

Xiao Tian was startled.

'Eh? Why did she suddenly say something like that?'

He only wanted to enjoy the show with Yun Xin Er, so he was surprised after hearing Riri's words.

"Hehe." Yun Xin Er covered her mouth and giggled. "Little brother, you are so famous!"

"Oh, there he is!"

"It's really Xiao Tian!"

"I did not expect to see him here."

"Hey, miss Yun is here too."

Some of the audiences finally found Xiao Tian and Yun Xin Er.

At this moment, Xiao Tian and Yun Xin Er could not run away because it could destroy their reputation later.

Media was a dangerous tool. It could destroy everything in a day. For this reason, Xiao Tian and Yun Xin Er remained in their positions.

"Mr Xiao, can you come down and sing with us?" Riri inquired.

Chapter 1273: Singing a Song

Xiao Tian looked at Yun Xin Er before finally nodding his head.

"Xiao Tian!"

"Miss Yun, I love you!"

“Xiao Tian!”

“Miss Yun!”

When Xiao Tian was walking towards Riri, most of the audience called his name.

Yang Yang looked at Riri before finally giving a thumb up.

‘Good job, Riri!’

He agreed with her actions because, with this, they would get more audiences.

The more audiences came to the venue, the more money they would earn. This was the reason why he agreed with her actions.

At this moment, almost everyone took out their smartphones and started recording.

Xiao Tian and Yun Xin Er were in front of them, so they did not want to let the opportunity to record them slip away.

“Everyone, I’m at the Hui street performance now, near Zuo park. Guess what? Xiao Tian and Yun Xin Er are here! Now they are about to sing a song for us!” some of the audiences started doing live streaming.

This was one of the reasons why more people came to the venue.

After taking another mic, Riri walked towards Xiao Tian and inquired, “Mr Xiao, can you sing a song for us?”

“Sure.” Xiao Tian could not refuse her wish because everyone was paying attention to him.

“Miss Yun, can you also sing a song for us later?” Yun Xin Er was one of the most famous singers in China, so Riri also asked her to sing a song for them.

“Sure.” like Xiao Tian, Yun Xin Er accepted it immediately.

“Yang, are you ready?” Riri inquired.

“I’m always ready.” Yang Yang was excited because Xiao Tian and Yun Xin Er would sing a song for them later.

‘It seems like today is our lucky day.’

He was sure that they would get a lot of money later.

Riri returned her attention to the audience. “Everyone, are you ready?”

“Ready!” some of the audience replied in unison.

Riri played the song, and Yang Yang began showing his martial arts skills again.

The Ruler!

Xiao Tian began to sing his song, The Ruler.

“A young man stands on a cliff and raises his head to the sky...”

His green eyes are filled with determination, and his hands are clenched into fists...

He takes a deep breath before finally shouting, 'I will become the strongest martial artist in the world.'

A hundred years have passed...

He is the strongest martial artist in the world now...

Everyone bows their heads before him, and no one dares to mess with him...

Some call him God, while others refer to him as Grim Reaper...

But he never cares about his nicknames...

He is Xue Yang, the Ruler of martial artists...

With a golden spear in his right hand, he defeats all his opponents...

He is Xue yang, the Ruler of martial artists...

With a glass of wine in his left hand, he laughs with his wife and concubines...

This is the legend of Xue Yang, the Ruler of martial artists....”

Happiness welled up inside Riri and Yang Yang like a burst of fireworks when they saw many audiences in front of them.

But what made them happiest was that there was a lot of money in the green box.

'We got a lot of money!'

These were the words that appeared in their minds.

More people came to the venue when Yun Xin Er's voice reverberated in the entire area.

She was a famous singer, so she had a lot of fans in China. This was the reason why people never stopped coming to the venue.

At this moment, Riri took another box and placed it in front of the audience. She felt like crying when many people put their money in the box.

After Xiao Tian and Yun Xin Er finished singing, they left. Of course, most of the audience asked for their autographs before they left.

It was an excellent chance to get their signatures, so the audience did not let this opportunity slip away. After giving autographs to a few people, Xiao Tian and Yun Xin Er left.

Xiao Tian's Mansion, Ye Xueyin's Bedroom.

The sound of seductive wails reverberated in a huge bedroom. However, it wasn't the only sound that echoed in the big room as there was one other voice too.

Almost all adult men knew this sound because they had done it at least once in their life.

It was the sound of waist hitting soft ass.

Every time the waist hit the soft ass, a seductive cry echoed in the room. The faster the waist hit the smooth ass, the faster the wails reverberated in the room.

That was right!

Two people were currently having sex in a big and luxurious bedroom.

The gorgeous lady was on all fours while the handsome young man was moving his waist back and forth continuously.

These two people were having sex in one of the most favorite sex positions.

Doggy style!

Yes, they were having sex in doggy style.

These two people were none other than Xiao Tian and his MILF, Ye Xueyin.

“Ah...Ah...Ah...” like before, Ye Xueyin kept wailings.

After Xiao Tian arrived home, he immediately sat on the couch in the family room. As usual, he decided to lovey-dovey with Liu Ning and Lin Xing Xue after taking a shower.

However, he was surprised when he entered Ye Xueyin’s room.

She wore sexy black lingerie, lingerie that he bought for her two years ago!

But what surprised him most was that she also wore crotchless panties.

Ye Xueyin had a nice body and white skin, so her black sexy lingerie fit her body perfectly. At first, Xiao Tian was not aroused and was only simply amazed by her beauty and sexiness.

But everything changed when Ye Xueyin suddenly stood in front of the TV and bent over.

Yes, Xiao Tian did not know why, but Ye Xueyin suddenly bent over, showing her pretty pussy.

Xiao Tian did not know whether she tried to seduce him or not, but what she did instantly ignited the flame of lust within him.

She was wearing crotchless panties, so he could see her beautiful vagina when she was bending over.

This was the beginning of everything. This was the reason why they were having sex in Ye Xueyin’s room.

*Slick...Slick...Slick...

The sound of Xiao Tian’s huge penis sliding in and out of Ye Xueyin’s wet vagina echoed in their ears.

Xiao Tian thrust his cock deeper because he wanted them to feel more pleasure.

“Hiii...” tears suddenly appeared in Ye Xueyin’s eyes when the tip of Xiao Tian’s cock hit her womb.

*One...Three...Five...

Because Xiao Tian's cock kept hitting her womb, Ye Xueyin's body turned frail, and as a result, her hands could not support her body anymore.

"Ah...Ah...Ah..." Ye Xueyin kept wailing even though her head fell onto the bed.

*Two minutes...Three minutes...Four minutes...

Now Ye Xueyin could not raise her ass anymore.

Yes, she was currently lying prone on the bed!

But even so, Xiao Tian did not stop moving his waist.

The reason was simple.

He had reached his limit!

He was about to have an orgasm, so there was no way he would stop what he was doing.

At this moment, Ye Xueyin also had reached her limit because the tip of Xiao Tian's cock kept hitting her womb.

'Cumming...cumming...cumming....'

Both of them had an orgasm at the same time.

Chapter 1274: Ocean Land

Xiao Tian immediately lay on Ye Xueyin's right side after having an orgasm. Like usual, Ye Xueyin took some tissues to clean Xiao Tian's cock and her pussy.

"Hehe." After cleaning Xiao Tian's cock and her pussy, Ye Xueyin lay on his right side with her head on her right arm.

*Kiss...

Xiao Tian kissed Ye Xueyin's forehead when he saw her happy smile.

She looked so cute in his eyes when she smiled like that. She did not look like a woman in her mid-thirties; instead, she looked like a teenager.

"Tian, let's have sex again tomorrow." Ye Xueyin wanted to have sex with Xiao Tian again tomorrow because it felt good.

"Sure." Xiao Tian replied as he smiled.

As Xiao Tian was enjoying himself with Ye Xueyin in her room, videos of him and Yun Xing Er singing on the street went viral on the internet.

Various comments also appeared on the video, especially from women.

"Kya! Xiao Tian is indeed an amazing young man!"

"That's right!"

“I agree! Not only is he an attractive and successful young man, but he also has a good voice.”

“That’s right. He is even better than most male singers in China.”

“Does anyone here know how to be his girlfriend? I don’t even mind it if he only takes me as his mistress.”

The comments from the women became wilder.

As Xiao Tian got more fans, he also got more haters, especially males. They hated Xiao Tian because he stole all women from them.

Of course, Xiao Tian did not know about this. Even if he knew about it, he would not care because he was used to it.

The following morning, Xiao Tian went to Star Group after having breakfast with his women.

However, he only worked for about two hours because Zhao Sheng suddenly called him and asked him to hang out with him.

Unlike usual, they went to a new place this time. They went to a place that recently went viral on the internet.

Ocean Land!

Ocean Land was a hangout place like a normal hangout location, but there was one thing that set this place apart from other places.

Ocean Land was built under the water.

Because it was built under the water, the customers could see many kinds of fish swimming outside the building.

Even though the price of the food and drinks at Ocean Land was higher, many people still came to this place because the view was unique and beautiful.

Ocean Land was a great place to take a selfie or relax their minds. This was one of the reasons why Ocean Land went viral on the internet.

When Xiao Tian and Zhao Sheng were about to enter the Ocean Land, they saw Xing Renqing and her grandfather, Xing Hanxian.

Zhao Sheng instantly walked toward them and waved his hands. “Hey, little wild girl!”

Xing Renqing was startled when she saw Zhao Sheng. “Eh, bro Zhao? You are also here?”

Of course, Xing Renqing knew Zhao Sheng because their families had known each other for a long time.

Xiao Tian was not surprised when Zhao Sheng and Xing Renqing knew each other because his family was one of the most influential families in China.

“Did you come here because you saw this place on the internet?” Zhao Sheng inquired.

“Yes.” Xing Renqing gave an honest answer. “This place went viral on the internet, so I want to visit this place. I want to know what is so amazing about this place.”

“Me too. That’s why I brought Xiao Tian with me.” Zhao Sheng responded, “Hmm? It’s rare for you not to bring your bodyguards with you.”

“I’m with my grandpa, so I don’t need them. My grandpa is more than enough to protect me. Isn’t that right, grandpa?” Xing Renqing praised her grandfather.

“Why do I feel like your words seem like I’m your bodyguard instead of your grandpa?” even though Xing Hanxian said something like this, he was not angry at his granddaughter.

Xing Renqing instantly hugged her grandfather’s right arm. “Don’t be angry, grandpa. I never see you as my bodyguard because you are the one I love the most in this world.”

Xing Hanxian flicked his granddaughter’s forehead, “It seems like you are getting better at using sweet words.”

His heart was filled with happiness after hearing her words. Her behavior was the reason why he also loved his granddaughter.

“Ouch!” Xing Renqing cried out in pain. “Grandpa, don’t flick my forehead!”

Xing Hanxian shifted his gaze from his granddaughter to Xiao Tian. “Oh, we meet again, Xiao Tian.”

“Hello, elder.” Like usual, Xiao Tian smiled as he greeted Xing Hanxian.

“Eh, you two already know each other?” Zhao Sheng was startled.

He had no idea that Xiao Tian and Xing Hanxian had known each other.

Previously, he wanted to introduce Xing Renqing and Xing Hanxian to Xiao Tian, but it seemed like he did not need to do that.

“Yes. We met in the forest.” Xiao Tian gave an honest answer.

“Forest?” Zhao Sheng still did not get Xiao Tian’s words.

Xiao Tian began to explain everything to Zhao Sheng.

“I see!” Zhao Sheng finally understood everything. “Alright, let’s get inside and talk there.”

They immediately entered the Ocean Land.

Ocean Land had two floors. The first floor was for regular customers, while the second floor or VIP room was for important customers.

Xiao Tian and the others immediately headed to the second floor because they wanted a quiet place to talk.

The room on the second floor was circular, with the stairs connecting the first and second floors in the center of the room.

The walls were made of glass. Of course, it was not ordinary glass. The glass was extremely strong, to the point that it would not break even if adult men hit it as hard as they could.

All wooden tables and sofas were placed next to the glass wall. There was one reason why they put the tables and sofas next to the glass wall.

It was because they wanted to let customers see the beauty of the sea up close!

They could see the scenery outside and all the fish if they sat beside the wall because the walls were made of glass.

Not only was the view from the room breathtaking, but they could also hear relaxing music there.

This was what made the Ocean Land a better place to hang out.

“Whoa! This place is the same as in the video!” even though Xing Renqing had seen it in the video, she was still amazed by the scenery of Ocean Land.

Xiao Tian and the others nodded in agreement.

‘This place is indeed good!’

They did not regret coming to Ocean Land.

Xiao Tian and the others immediately headed to the empty sofa. A gorgeous waitress walked toward them shortly after they sat on the couch.

Even though the food and beverages were expensive, Xiao Tian and the others still chose the recommended menu.

They were rich, so money was not a problem for them. What they had in mind was only one thing.

Enjoy the view and atmosphere in the Ocean Land!

After the waitress brought their order, they talked again. They chatted about many things as they enjoyed the atmosphere in the Ocean Land.

At this moment, Xing Hanxian asked something that Xiao Tian often questioned.

Chapter 1275: Going to Fu Hospital

“Xiao Tian, why do you have Xiao as your surname? Are you related to the Xiao family?” Xing Hanxian asked curiously.

Xiao Tian was not surprised because he was used to that question.

Before Xiao Tian answered Xing Hanxian’s question, Zhao Sheng uttered, “Yes. He was the one who got expelled from the Xiao family sixteen years ago. Haha.”

“Oi, Zhao Sheng. Why are you wearing a happy face like that?” Xiao Tian was unhappy when Zhao Sheng laughed at his miserable past.

“Because it’s funny!” Zhao Sheng told Xiao Tian the reason why he laughed. “The Xiao family lost their best descendant due to inheritance. Isn’t it funny?”

“Oh, so you finally know my greatness, huh?” Xiao Tian was pleased after hearing Zhao Sheng’s words. “That’s right. They had lost their best descendant because I will not return to the Xiao family no matter what.”

“Bro Xiao, so you are like me, huh? The best descendant of the family.” Xing Renqing proclaimed herself to be the best descendant of the Xing family.

“It seems like we are the best descendants of our families.” Zhao Sheng also proclaimed himself to be the best descendant of the Zhao family.

Xing Hanxian did not mind when Zhao Sheng and Xiao Tian proclaimed themselves as the best descendants of their families because they had proven their worth.

He just didn’t know where his granddaughter’s courage came from to say that she was the best descendant of the Xing family.

All she had been doing all this time was causing trouble for the family. She even always used violence to solve problems.

Luckily, she was from a wealthy and influential family, or else, she would have been dead by now.

“So, are you living with your mother’s family now?” Xing Hanxian asked again.

Like before, Zhao Sheng answered Xing Hanxian’s question before Xiao Tian could say a single word. “They also kicked him out of the Ye family.”

“Yes. They expelled me shortly after the Xiao family kicked me out.” Xiao Tian added.

“They are so cruel!” Xing Hanxian was sure that Xiao Tian, his mother, and his aunt had a difficult life at that time because both the Xiao family and Ye family expelled them.

“Tch! What kind of family is that? They don’t deserve to be your family, bro.” Xing Renqing also thought that the Xiao family and Ye family were so cruel to Xiao Tian.

“And do you know what is the funniest thing?” Zhao Sheng wanted to tell them about the Ye family’s actions recently.

“Oh, what is it?” Xing Renqing asked curiously.

“The Ye family wants Xiao Tian, his mother and aunt to return to the Ye family because Xiao Tian managed to raise his family status to an upper-class family.” Zhao Sheng responded, “The Ye family’s financial condition is very bad right now, so they want Xiao Tian to return to the Ye family. In short, they want his money and companies.”

“Is that true?” even though Xing Hanxian did not doubt the information from the Zhao family, he still asked that question.

“Yes.” Xiao Tian gave an honest answer. “They want us to return to the Ye family right after the news about my wealth spread on the TV, newspapers and internet.”

“Tch! They are like vampires!” Xing Renqing stated. “You refused, right?”

“Of course! I work very hard to get to where I am today, so there is no way I will give them my money after what they had done to me in the past.” Xiao Tian responded, “But I’m worried about my mother and aunt.”

“Just hire five bodyguards to protect your mother and aunt. Done!” Xing Renqing uttered, “I know a good bodyguard agency. I will take you there if you want.”

“It’s fine. I already have a few people protecting them in secret.” Xiao Tian had ordered six of his underlings to protect his mother and aunt because he was afraid the Ye family would do something bad to them.

They then stopped talking about Xiao Tian’s past and chatted about other things.

--

Time went by quickly, and without realizing it, it had been a week since Xiao Tian went to Ocean Land with Zhao Sheng and the others.

In these seven days, Xiao Tian wrote another story for his film. Of course, it was a copy from his past life.

After that, Xiao Tian worked again. He worked really hard in the last seven days because he had a lot of important work to finish.

At the same time, Xing An Yu went to Fu hospital to visit Ye Ming.

--

Fu Hospital, Ye Ming’s Patient Room.

After entering the patient room, Xing An Yu sat on the chair and asked about Ye Ming’s condition.

Not long after that, a doctor entered the patient room and checked Ye Ming’s condition. He said Ye Ming could be discharged from the hospital in less than four days.

*Bzzttt...

Xing An Yu’s smartphone rang, indicating that she had received a message.

She immediately opened the message after seeing the sender’s name.

[Mother, I’m almost at Fu hospital. Where is his room?]

Previously, Xing Renqing said she would visit Ye Ming. She did not come with her mother because she went somewhere with her grandfather earlier.

There was a reason why she went to Fu hospital. She wanted to see the person who saved her mother.

After replying to her daughter’s message, Xing An Yu put her smartphone into her bag again. “My daughter Renqing is on the way here. She wants to meet you.”

Even though Ye Ming was startled, he only smiled. Of course, he knew who Xing Renqing was because he had read information about the Xing family before.

*Click...

Xing Renqing and her grandfather entered the patient room.

Ye Ming was shocked when he saw Xing Hanxian.

'Who is he?'

He did not know who Xing Hanxian was because he disappeared from the public since ten years ago.

Xing Hanxian's current appearance was also different from his appearance before he lived in the forest, so not everyone could recognize him.

"Oh, so you were the one who saved my mother." Like usual, Xing Renqing behaved as she pleased.

"Ah, hello." Ye Ming smiled before shifting his gaze from Xing Renqing to Xing An Yu. "Mrs. Xing, your daughter is as pretty as you."

Of course, he tried to please them because they were from a rich family. His future would be brighter if he could get along with a rich family like the Xing family.

"Oh, you said something that other people always say to me." Xing Renqing behaved normally because she often heard it.

She knew that her hairstyle and clothes were like that of a boy's, so in her view, it was weird for them to call her beautiful.

Of course, she knew the reason why they did not dare to tell the truth. That was why she liked Xiao Tian's attitude because he dared to tell the truth.

She even fought him when they met for the first time because Xiao Tian made fun of her, saying she looked like a male and her boobs were fake.

"Of course, because it's the truth." Like before, Ye Ming tried to please Xing Renqing again.

"Renqing, where did you go earlier?" Xing An Yu asked curiously.

"Oh, I met bro Xiao Tian and bro Zhao Sheng." Xing Renqing gave an honest answer.

"What?! Xiao Tian?" Ye Ming said in surprise.

Chapter 1276: Going to the Ye Family Business

"What?! Xiao Tian?!" Ye Ming said in surprise.

'Damn it! I have to carry out my plan faster now.'

He had no idea that Xiao Tian knew a member of the Xing family.

Xiao Tian hated the Ye family, so he was afraid that Xiao Tian would destroy his plan later. He had sacrificed his body, so he did not want anyone to ruin his plan.

"Do you know him?" Xing Hanxian inquired.

They did not investigate Ye Ming's family because he was Xing An Yu's savior, so they did not know the relationship between Xiao Tian and Ye Ming.

“Yes. Do you know him?” Xing Renqing asked the same question.

“Of course, I know him.” Ye Ming gave an honest answer. “He is an unfilial person. He even doesn’t want to help his family.”

He spoke ill of Xiao Tian. He said Xiao Tian was an unfaithful person because he forgot his ancestors after becoming rich.

The head of the Ye family asked him to return to the Ye family, but he refused. Ye Ming kept bad-mouthing Xiao Tian.

He even made up stories about him, saying he was not as good as on the surface.

“He did that?!” at this moment, Xing An Yu believed Ye Ming’s words because she had never investigated the Ye family before.

“Yes.” Ye Ming was pleased when he saw Xing An Yu’s expression. “He is really unfaithful person. I’m ashamed to be his cousin.”

“But didn’t your Ye family do something cruel to him in the past?” Xing Hanxian uttered, “Didn’t your family throw him out years ago?”

“Hmm. That’s right. So why did the Ye family suddenly want them to return to the Ye family?” Xing Renqing inquired. “Hmm. Is it because of money?”

Even though Xing Renqing and Xing Hanxian already knew the answer, they still asked that question because they wanted to hear Ye Ming’s reply directly.

Xing An Yu was startled. “What? Is that true?”

“Our...our family head made a mistake in the past. It’s normal. We, human beings, can’t escape from making a mistake in this world. However, Xiao Tian must forgive our family head because he wants to build family ties again.” Ye Ming could not deny it because it was the truth. “After all, there is Ye family blood running in his body.”

‘Just how did they know about this?’

He was sure that the Xiao family had sealed that information in the past.

“Hoh?” Xing Hanxian finally knew why Xiao Tian said he did not want to return to the Ye family. “So if I were the head of your family and cut off all your legs and arms, you shouldn’t be angry with me and have to forgive me because I’m the head of your family and want to mend family ties? Is it like this?”

He found it funny. The Ye family did something cruel to Xiao Tian, but he had to forgive them because he was a member of the Ye family.

He had to forgive them just because the head of the Ye family said so.

This was funny.

It was as if Xiao Tian was not a human being but a tool, something they could use as they pleased.

Ye Ming was unhappy with Xing Hanxian’s behavior.

'This old man is annoying!'

Of course, he still did not know that Xing Hanxian was a member of the Xing family.

Even though he was not the head of the Xing family, but the Xing family was under his control because his son was the one who became the family head.

He also had done many things for the Xing family in the past. It could be said he was the main reason why the Xing family could become famous, wealthy and influential.

Because Ye Ming did not say anything, Xing Hanxian said again, "Why didn't you say anything? I'm not supporting Xiao Tian. I'm just stating everything based on your words."

"Old man, can you shut up?" Ye Ming was furious at Xing Hanxian. "Why do you keep joining our conversation? I said Xiao Tian is a bad person so he is a bad person."

Ye Ming was someone who could not control his emotion when they pushed him to the edge.

From Xing Hanxian's words, the Ye family was the bad one, not Xiao Tian. That was why he was unhappy with Xing Hanxian's words.

Xing Renqing instantly pointed her right index finger at Ye Ming. "Bastard, how dare you behave rudely to my grandpa? Are you asking for a beating? I don't care even if you are my mother's savior. You are not allowed to act rudely to my grandpa."

"Stop it! Remember, we are in the hospital right now." Xing Hanxian stopped his granddaughter when she was about to hit Ye Ming.

Yes, Xing Renqing wanted to hit Ye Ming's face earlier!

He dared to act rudely to his grandpa, so she wanted to teach him a lesson.

Ye Ming was startled.

'What? Grandpa?'

Because Xing Hanxian lived in the forest for ten years, he did not know any information about Xing Hanxian.

That was why Ye Ming was shocked when Xing Renqing said he was her grandpa.

"Stop it! Let's stop talking about this." even though Xing An Yu was disappointed with Ye Ming's behavior, she did not show it on her face. After all, he was her savior.

The following morning, Xing An Yu went to the Ye family company with her son.

She had promised to invest in the Ye family's project, so she wanted to see the preparations and data.

"Mother, are you sure you want to invest on their project?" Xing Juzong inquired.

Xing Juzong had blue hair and green eyes. Anyone who saw him would know right away that he was Xing An Yu's son because his eyes and nose were similar to hers.

Even though he was still twenty-four years old, but he was already involved in most of the family business.

Actually, he learned business since he was in high school.

His father would pass down his position to him in the future, so he had to learn business or else he would ruin his family business later.

Even though he was not as talented as Xiao Tian or Zhao Sheng, but he was quite gifted in business.

“I have promised to help them. Let’s invest a little if their project is not promising.” Xing An Yu only said she would invest in their project.

She never stated how much she would invest. She did this because it would be a bad decision to invest a lot of money in a bad project.

“Good idea.” Xing Juzong agreed with his mother’s idea.

They headed to the research room after arriving at the Ye family company. Ye Tong immediately showed the data and preparations to Xing Juzong and his mother.

He explained everything, including their plans. He also stated their project would bring a lot of profit later.

However, Xing Juzong and Xing An Yu had different thoughts. There was nothing special about the Ye family project.

It was at the level of average. They even wondered why Ye Tong dared to say that his project would bring a lot of profit later.

“That’s it, Mrs Xing, young master Xing.” Ye Tong said after explaining everything. “So, how much will you invest on our project?”

Chapter 1277: Only Twenty Millions Yuan

“So, how much will you invest in our project?” Ye Tong hoped that they would invest heavily because, with this, they could earn a lot of profit later.

His project was amazing, so Xing An Yu had to invest heavily. However, he did not dare to say it because he was afraid that she would change her mind and cancel her investment.

Xing Juzong and Xing An Yu exchanged a glance with each other.

‘This is not how you act to your investor! He really doesn’t know how to appeal his investor.’

They were unhappy when Ye Tong suddenly asked that question.

It was unprofessional.

This was not how he should act to his investor.

At this moment, Xing Juzong and Xing An Yu suddenly wanted to know the person who taught him the business.

Ye Tong was not gifted in business, and he also could not read facial expressions. That was why he did not know what they had in mind.

At this moment, Xing Juzong and his mother still did not answer Ye Tong's question.

'This is an ordinary project, nothing special about it. This is at average level.'

They communicated through their eyes.

Ye family wanted to create a water-resistant Watch. This Watch would not die or break even if it was underwater for thirty minutes.

"I will invest twenty million Yuan." Xing An Yu stated.

She was from the mid upper-class family, so twenty million Yuan was not much in her eyes.

No, her family status was almost at the high upper-class family because her family's net worth was close to one billion Yuan.

"Thank you." Ye Tong showed his fake smile.

'Damn it! It's only twenty million Yuan!'

Even though twenty million Yuan was a lot of money, but Ye Tong wanted at least fifty million Yuan.

"I will order my subordinate to send the money later." Xing Juzong stated.

"Alright." Ye Ming nodded his head.

Xiao Tian's Mansion, Backyard.

Xiao Tian was currently practicing martial arts in the backyard.

He was practicing the fifth secret move!

Like usual, he performed the secret move in a slow-motion first. He moved in a lunar spiral pattern before changing it into a triskele pattern and finishing it with a spirituality symbol.

*Ten minutes...Twenty minutes...Thirty minutes...Forty minutes...

It had been forty minutes since Xiao Tian practiced the fifth secret move. Even though he still had not mastered it, but he made good progress.

"Huft...Huft...Huft..." Xiao Tian breathed heavily.

'I'm thirsty.'

He walked towards the wooden table before finally putting his wooden sword on the table and drinking water.

'I will take a rest for thirty minutes before practicing martial arts again.'

He decided to practice longer that day.

Ye Family House, Living Room.

Ye Hang called Ye family members to the living room earlier.

“How is it?” Ye Hang asked curiously, “How much will she invest in our project?”

“It’s only twenty million Yuan.” Ye Tong gave an honest answer.

“Only twenty million Yuan?!” Ye Hang was unhappy.

Previously, he searched for information about the Xing family. He thought they would invest heavily later when he learned that they were from wealthy families, but he was wrong.

“Can’t you ask them to invest more?” Ye Hang wanted the Xing family to invest more money in their project.

The reason was simple.

Their project was so amazing!

From his point of view, twenty million Yuan was too small for a fantastic project like theirs.

“Father, I don’t dare to do that. What if they get angry and change their minds later?” of course, Ye Tong also wanted the Xing family to invest more money, but he did not dare to say it.

Xing family was their only hope now because they still failed to bring Xiao Tian and his family back to the Ye family.

“Did they tell you the reason why they only invested so little?” Ye Hang inquired.

“No. They only said they would invest twenty million Yuan.” Xing An Yu and her son did not tell Ye Tong the reason why they only invested a little.

At this moment, Ye Bao had a great idea. “Father, how about we ask nephew Ming to discuss this with Mrs Xing? Nephew Ming is her savior, so maybe she would agree if he asked her to increase her investment.”

“That’s a brilliant idea!” Ye Hang agreed with his son’s idea. “Tong, tell your son about this later.”

“Alright.” Ye Tong responded as he nodded his head.

At this moment, Ye Rou Bing and Ye Houteng did not say anything.

Actually, they wanted to say something, but the head of the family had already decided what they would do, so they knew their idea would be meaningless.

Xiao Tian’s Mansion, Ye Qingyu’s Room.

Xiao Tian was currently lying on the bed with Ye Qingyu, naked. Previously, they had sex for about an hour before finally, they stopped.

“Did the Ye family members come to see you and mother again?” Xiao Tian wanted to know if the Ye family members came to meet his mother and aunt again or not.

“Yes.” Ye Qingyu nodded her head. “Now I have to be with big sister all the time because I’m afraid they will do something bad to big sis. Big sis is too soft, so I know that they will take advantage of her kindness later.”

“Don’t worry. Four of my underlings are protecting you two in secret.” Xiao Tian told her that four of his underlings would always protect her and her big sister.

“Un.” Ye Qingyu agreed with his idea.

“Let’s sleep now.” Xiao Tian uttered.

Like usual, Ye Qingyu instantly lay prone on top of Xiao Tian’s body before finally closing her eyes.

The following morning, Ye Tong went to Fu hospital alone. However, his intention was not to visit his son but to pass down the order of the head of the family to his son.

Ye Ming accepted Ye Hang’s order without thinking twice.

He also thought twenty million Yuan investment was too little because he had sacrificed his right arm and leg.

Xing family was a wealthy family. They even almost raised their family status to the high upper-class family.

They should invest at least fifty million Yuan because his body was worth that much. “Don’t worry, father. I will ask her to increase her investment later.”

“Good!” Ye Tong was pleased. “Then I will leave now.”

“Alright.” Ye Ming nodded his head.

Twenty minutes after Ye Tong left, Xin An Yu visited Ye Ming.

“How are you feeling, young man?” Xing An Yu inquired after sitting on the chair.

“I’m feeling better.” Ye Ming smiled. “Oh right, Mrs Xing. I heard you visited my family company yesterday. How is it?”

Xing An Yu felt uncomfortable when Ye Ming suddenly asked that question. She had just arrived, and he wanted to talk about business and money?!

Wasn’t that a bad thing?

However, she did not show her displeasure. “Yes. I visited your family company with my son yesterday.”

She was sure that Ye Ming’s family had told him everything. She suddenly wondered why he was asking something he already knew the answer to.

“What do you think of our project, Mrs Xing?” Ye Ming did not go straight to the point because he needed to create the right moment.

“Well, your project is...” at this moment, Xing An Yu wanted to say that their project was average.

There was nothing special about his project. The probability of the project being successful was small. But she did not have the heart to say it because he had saved her life.

“It’s good, right? We are sure our project will become a big hit later because this is our masterpiece project.” Ye Ming still thought that his family project was incredible.

There was no talented businessman in the Ye family, especially in the younger generation. That was why they believed their project was amazing.

“And what makes you think your family project is amazing?” Xing An Yu inquired.

“Because our Watch will be able to stay alive for thirty minutes underwater.” Ye Ming responded proudly.

Xing An Yu was at a loss for words.

‘It’s not something to be proud of because there are some watches that can do that.’

She believed the chances of their project succeeding were slim.

Not only that, but their Watch designs also were not appealing and unsuitable for the young generation of wealthy people.

“So Mrs, Xing, how much will you invest in our project?” Ye Ming inquired.

Chapter 1278: Xing Renqing Is Suspicious of Ye Ming

“So how much will you invest in our project?” even though Ye Ming already knew the answer, he still asked that question because he wanted her to increase her investment.

Xing An Yu felt uncomfortable after hearing his question. She knew what he would say later based on his behavior.

‘It seems like he only wants my money.’

She had seen many people like Ye Ming because she was from a rich family.

However, Xing An Yu hid her displeased feelings. “I decided to invest twenty million Yuan.”

“Only twenty million Yuan?” Ye Ming wore an unhappy face. “Can’t you invest more? Our project is amazing, so you should invest more. The more you invest, the more profit we will get.”

Xing An Yu was even more displeased with his behavior. If he hadn’t saved her, she would have already left the hospital by now.

“Young man, Isn’t twenty million Yuan enough?” Xing An Yu uttered, “Twenty million Yuan is a lot of money, you know?”

“But isn’t that too small for such a great project?” Ye Ming still thought that his family project was amazing.

“Young man, it’s more than enough. And I think your project is not as amazing as you thought.” Xing An Yu decided to tell the truth because Ye Ming kept saying his project was amazing.

He even dared to ask her to increase her investment.

“Impossible! Our project is amazing!” Ye Ming raised his tone because he was unhappy with her words.

Xing An Yu clenched her fists before taking a deep breath. “Young man, I have been in the business field for more than twenty years. I can tell right away if it’s a good, average or bad project. And your project is in the category of average project.”

“No. You are wrong. It’s not an average project, but an amazing project!” Ye Ming still did not want to admit it.

“Fine. I will increase my investment.” Xing An Yu gave in. “I will send another thirty million Yuan later.”

She did not want to quarrel with Ye Ming because he was her savior. Even though she would lose fifty million Yuan, but her family had almost one billion Yuan.

‘No wonder they can’t maintain their wealth. They even see average project as amazing project.’

In her eyes, their project was average.

No, it was below average because there was nothing special in their project.

If he had not saved her life, she would not have invested in their project because it would only bring loss.

Ye Ming’s eyes shone brightly. “Really?”

He was thrilled because he managed to complete the task given by the family head. With this, his status in the family would be stronger than before.

“I will send it in two hours.” After saying that, she rose to her feet. “I will leave now. I still have important work.”

There was one reason why she wanted to leave immediately.

She didn’t want him to ask for anything else!

She would invest fifty million Yuan in their project, so it was already enough.

No, it was more than enough. Sure, Ye Ming had saved her life, and he also got injured because of that.

However, investing fifty million Yuan in exchange for those injured legs and arms was more than enough.

“Please come again tomorrow.” Ye Ming said happily.

Xing An Yu did not answer and immediately left.

Xing An Yu's Mansion, Family Room.

Xing An Yu was currently sitting on the couch in the family room. The family room was huge, with luxury things adorning the room.

Previously, she called one of her subordinates and ordered him to send the money to the Ye family.

After that, she only sat in the family room.

'It's as clear as crystal that he only wants my money.'

She was still unhappy with Ye Ming's behavior.

This was the reason why she decided to go home because she was not in the mood to work.

"Eh, mom, you are already home?" Xing Renqing was startled when she saw her mother. "Did father come home early too?"

"No. He is still in the company." Xing An Yu still wore an displeased face.

"What's going on?" Xing Hanxian inquired.

Xing Hanxian and Xing Renqing immediately sat on the couch.

"It's like this...." Xing An Yu began to tell the reason why she wore displeased face.

"What?!" Xing Renqing said in surprise. "Why did you agree? Even though we have a lot of money, but fifty million Yuan is too much for average project."

Xing Renqing and the others already knew about the project because Xing An Yu and her son had told them about it.

"Sigh! You are still too kind and soft." Xing Hanxian knew his daughter's personality.

Xing Renqing instantly rose from the couch and uttered, "I will kick his face. He is really asking for a beating!"

When Xing Renqing was about to leave, Xing Hanxian stopped her. "Where are you going? Stay here!"

He was sure that his granddaughter would beat Ye Ming if he did not stop her because she was a wild girl.

Like usual, she would bring her bodyguards with her. If she could not beat Ye Ming, she would order her bodyguards to beat him.

Something like this often happened in the past. That was why many people called her a wild girl from the Xing family.

"Grandpa, don't stop me! Let me teach him a lesson! Hmf! I suddenly suspected that everything had been planned by him." At this moment, Xing Renqing only said it without thinking.

However, she suddenly realized that her words might be true. For this reason, she turned around and looked at her grandfather and mother.

“Don’t tell me. Everything has been planned by him. I want to investigate this.” Because her grandfather did not grab her shoulders anymore, Xing Renqing walked out of the family room.

Of course, she did not forget to bring her bodyguards with her.

Xing An Yu turned her head to look at Xing Hanxian. “Father, are you going to let her do that?”

“Let her be.” Xing Hanxian was not worried because four of her bodyguards were with her.

At this moment, Xing Juzong was sitting in the outside area of the coffee shop. He was talking with his subordinate over the phone.

‘What?! Mother increased her investment to fifty million Yuan?’

He was shocked.

His mother knew that the Ye family’s project was average, so it was not a good idea to invest a lot of money in that project.

‘Why did she do that?’

He did not know why his mother suddenly increased her investment like that.

Previously, she said she would only invest a little if their project was average. He had no idea why his mother changed her mind like that.

“Do you have any orders for me, sir?” Xing Juzong’s subordinate inquired.

“Order a few people to monitor the Ye family.” Ye Juzong responded, “Tell me immediately if they do something suspicious.”

“Understood.” His subordinate replied.

Not long after he hung up the phone, Xing Renqing called him.

“What is it, sister?” Ye Juzong said after picking up the phone.

“Bro, I want to investigate that Ye Ming. I’m suspicious of him.” Xing Renqing gave an honest answer. “Where are you right now?”

Chapter 1279: Mu Hou Broke Through to the Grandmaster Stage

After Xing Juzong told his younger sister where he was, she went to his place with her bodyguards.

She told him that she wanted to investigate Ye Ming’s accident. She said she was suspicious of him. She told her big brother what made her suspicious of Ye Ming.

Actually, Xing Juzong was also suspicious of Ye Ming, but his mother told him not to investigate it.

He was even more suspicious when his subordinate told him that Ye Ming had asked his mother to increase her investment.

“Yes. You can investigate it. Your brother will support you.” if he were not busy, he would have helped her directly.

“Thank you, bro.” Xing Renqing was pleased after hearing his words.

—

Ye Tong and the others were delighted when Xing An Yu sent another thirty million Yuan to them. They immediately used the money to start their project.

With an investment of fifty million Yuan on their project, they were confident that they could save their family from the crisis.

At this moment, Xiao Tian still had no idea what was going on. He was currently practicing martial arts.

Like usual, after trying to absorb the energy of heaven and earth into his martial arts points, Xiao Tian practiced the fifth secret move.

He was pleased with the progress of his training. It could be said he had mastered the fifth secret move eighty-seven percent.

He almost mastered the fifth secret move!

“Huft...Huft...Huft...” Xiao Tian sat on the ground because he was tired.

He practiced martial arts for two hours straight, so it was normal if he was exhausted.

“Have you finished practicing martial arts?” after saying that, Long Jingxian sat on the pool lounge chair and drank her melon juice.

Xiao Tian instantly rose to his feet and walked towards her. “My beautiful lover, do you wan- “

Before Xiao Tian had finished his words, Long Jingxian raised her left hand towards him, giving him a sign to stop walking towards her.

“Take a shower first. Your body is filled with sweat now.” of course, she knew Xiao Tian wanted to lovey-dovey with her.

His body was filled with sweat, so she told him to take a shower first because she did not want to lovey-dovey with him if his body was full of sweat.

“Wait here! Don’t go anywhere.” After saying that, Xiao Tian rushed towards his bedroom.

Long Jingxian smiled softly when she saw him running towards the bedroom.

‘Sometimes, he is cute.’

She drank her lemon juice again.

Fifteen minutes later, Xiao Tian returned to the backyard.

—

Xing Family House, Xing Renqing’s Bedroom.

Inside a big and luxurious bedroom, a young girl was sitting on the bed with a displeased expression. She was enraged and kept hitting the pillow that was on her lap. That young woman was none other than the wild girl, Xing Renqing.

She was unhappy because she still hadn't made any progress in her investigation.

'Mother is annoying. Hmf!'

She could not use the Xing family connection or influence to the fullest because her parents did not support her.

Even though her brother said he would support her, but he was very busy now, so he could not help her for now.

'Wait!'

Xing Renqing remembered someone.

'Yes, bro Xiao! Ye family is also his family, so I'm sure he has many information about the Ye family.'

She knew that Xiao Tian had a bad relationship with the Ye family, so she was sure that he would help her later.

'I will go to his company tomorrow.'

She then slept.

The following morning, Xiao Tian traveled to his gang base after having breakfast with his women.

His heart was filled with happiness when he saw his herb garden.

'Good!'

After checking the herb garden, he saw his underlings practicing martial arts.

At this moment, he got good news.

Mu Hou had broken through to the grandmaster stage!

"Well done, Mu Hou!" Xiao Tian, who was sitting on the chair in the front yard, was pleased. "I did choose the right person. You are indeed a talented martial artist!"

His heart was filled with happiness because, with this, there were two martial artists whose strength was at the grandmaster stage.

"Thank you, boss." Mu Hou felt a flush of happiness.

"As I promised, I will increase your salary from this month onwards." Xiao Tian had promised to increase Mu Hou's salary after breaking through to the grandmaster stage.

Mu Hou felt even happier after hearing Xiao Tian's words. "Thank you, boss."

At the same time, Xing Renqing came to Xiao Tian's company headquarters. Of course, she brought her bodyguard with her.

However, she did not bring all of her bodyguards. She only brought one bodyguard, her strongest bodyguard.

After entering Xiao Tian's company, she headed to the reception area. Like usual, her old bodyguard was following her from behind.

After she was in front of the receptionist, she immediately said, "Where is bro Xiao's office? I want to meet him."

Even though she was in Xiao Tian's company, she still behaved wildly as if it was her family's company.

"Bro Xiao?" the two receptionists exchanged a glance with each other.

'Who is this bro Xiao?'

Of course, they did not understand Xing Renqing's words.

"Bro Xiao is your boss. The owner of this company." Xing Renqing told them who bro Xiao was.

These two receptionists finally understood Xing Renqing's words.

One of them immediately inquired, "Young miss, did you make an appointment beforehand?"

"Hey, I'm his friend. Why do I need to make an appointment to meet him?" Xing Renqing responded, "Tell me, where his office is."

"But this is the procedure to meet him." One of the receptionists responded.

"Hmf! If you don't want to tell me where his office is, I will find it myself." After saying that, Xing Renqing started searching Xiao Tian's office while shouting, "Bro Xiao, where are you? Bro Xiao, it's me, Renqing."

One of the receptionists instantly chased Xing Renqing.

She also brought two security guards with her because she could not let Xing Renqing cause trouble in Xiao Tian's company.

The receptionist instantly stood in front of Xing Renqing. "Miss, please don't cause trouble here. Your actions are disturbing everyone."

"Hey, don't slander me! I'm not causing a trouble. I only want to meet bro Xiao." After saying that, Xing Renqing shouted again, "Bro Xiao. Bro Xiao."

One by one, everyone in the hall turned their heads to Xing Renqing.

The receptionist was even more panicked now. "Young miss, please stop it. Otherwise, I have no choice but to kick you out later."

"Hey, I only want to meet bro Xiao. Why are you angry like this?" Xing Renqing ignored the receptionist's words and started looking for Xiao Tian's office again.

At the same time, Xiao Tian entered his company. "What's going on here?"

Xing Renqing instantly turned around because she was familiar with the voice. "Bro Xiao..."

She walked towards Xiao Tian. She was pleased because she finally could meet him.

When Xiao Tian saw the receptionist bringing two security guards with her, he knew what was going on.

"Bro, I asked nicely earlier, but she said I had to make an appointment first if I wanted to meet you." Xing Renqing uttered, "Because she did not want to tell me where your office was, I decided to look for it myself. However, she still stopped me."

"Sir, she kept shouting earlier, so I had to stop her." the receptionist told Xiao Tian the reason why she stopped Xing Renqing.

Xiao Tian returned his attention to Xing Renqing.

*Sigh.

He sighed.

Xiao Tian knew Xing Renqing's wild personality, so he could not blame the receptionist because she was only doing her job.

"Go back to your desk now." Xiao Tian spoke and paused for a second before he continued, "Next time, bring her to my office directly. She is my friend, so don't stop her next time."

"Understood." The receptionist replied.

"Did you hear that? Next time, don't stop me, or else bro Xiao will get angry at you later." Xing Renqing uttered.

Xiao Tian sighed before shaking his head. "Follow me. Let's talk in my office."

Then they headed to Xiao Tian's office.

After they sat on the couch, Xiao Tian inquired, "So why did you come to my company?"

"Bro, it's about your Ye family." Xing Renqing gave an honest answer.

"Ye family?!" Xiao Tian said in surprise.

Chapter 1280: Doing Investigation

"Ye family?!" Xiao Tian said in surprise.

He was curious. He wanted to know what the Ye family did to Xing Renqing.

"It's like this...." Xing Renqing told him the reason why she came to his company.

"So you want to investigate everything because you thought there was something odd about the accident." Xiao Tian said after Xing Renqing finished explaining everything.

"Yes. That's right." Xing Renqing gave an honest answer. "They even sucked my mother's money. It's fifty million Yuan, you know?"

“Did your mother tell you the characteristics of the motorcycle and the rider?” Xiao Tian had the intention of helping Xing Renqing because this was a good chance to cause trouble for the Ye family.

The Ye family’s financial condition was in crisis right now, so they would be in big trouble if Xing An Yu decided to withdraw her investment.

However, they needed to know the characteristics of the motorbike and the rider first if they wanted to investigate it.

“Yes.” Xing Renqing began to tell Xiao Tian about the characteristics of the motorcycle and the rider.

Without waiting for another second, Xiao Tian took his smartphone out of his pocket and called Su Ruanyi.

However, she did not pick up the phone because she was teaching university students.

“She did not pick up the phone. It seems like she is busy right now. How about we meet again later?” Xiao Tian was sure that Su Ruanyi was busy because she never ignored his call if she was not occupied.

“Where will we meet?” Xing Renqing inquired.

“At my restaurant.” Xiao Tian responded, “I will inform you later.”

“Alright.” After saying that, Xing Renqing and her bodyguard left.

After Su Ruanyi was no longer busy, she called Xiao Tian. She asked him why he called her earlier.

Xiao Tian explained the reason why he called her.

“Alright. I will arrive at Star Restaurant in an hour.” Even though Su Ruanyi had finished teaching, she could not go home immediately because there was something she had to take care of first.

“Un.” Xiao Tian hung up the phone before finally sending a message to Xing Renqing.

Xing Renqing immediately traveled to her family company after receiving a message from Xiao Tian.

Yes, she wanted to bring her mother with her!

“Renqing, what are you doing? Why are you dragging me out of my office? I need to work, you know?” Xing An Yu did not know why her daughter suddenly dragged her out of her office.

“Mother, don’t ask anything. You will know about it later.” Xing Renqing did not tell her mother the reason why she suddenly dragged her mother out of her office.

Her mother told her to stop investigating Ye Ming’s incident, so she decided not to tell everything.

“At least, tell me about it first.” Xing An Yu did not fight back when her daughter dragged her out of her office.

Sure, Xing Renqing always did whatever she wanted, but she loved Xing Renqing. After entering her car, Xing Renqing brought her mother to Star Restaurant.

“Star Restaurant? Do you want to eat in this restaurant with me?” of course, Xing An Yu knew who the owner of the Star Restaurant was.

“Mother, stop asking questions. You will know the answer later.” like before, Xing Renqing dragged her mother.

After entering Xiao Tian’s restaurant, they headed to the VIP room. Previously, Xiao Tian had ordered one of his waiters to wait for Xing Renqing at the entrance.

*Knock...Knock...Knock...

The waiter immediately knocked on the door after arriving at the VIP room.

“Sir, your guests have arrived.” he informed Xiao Tian that Xing Renqing and her mother had arrived at the Star Restaurant.

“Bring them in.” Xiao Tian’s voice rang out from the opposite side of the door.

“Bro Xiao, I came with my mother.” Xing Renqing said after stepping into the VIP room.

Like the VIP room at the Cloud Restaurant, the VIP room at Star Restaurant was also huge and luxurious.

Xiao Tian was currently sitting on the couch with Su Ruanyi. Su Ruanyi instantly shifted her gaze from her laptop to Xing Renqing and Xing An Yu.

Xiao Tian was surprised when he saw Xing An Yu. Previously, he thought Xing Renqing would only come with her bodyguard.

Of course, he did not mind it; instead, he loved it because, with this, they could ask Xing An Yu to check the rider and motorcycle later.

Like Xiao Tian, Xing An Yu was startled. Previously, she thought her daughter wanted to eat at Xiao Tian’s restaurant with her.

But now, she knew that she was wrong.

‘Don’t tell me....’

At this moment, she suddenly suspected that it was related to Ye Ming’s incident.

Xing An Yu then looked at her daughter. “Renqing, is it related to Ye Ming’s incident? Are you still playing detectives?”

“Mother, I’m not playing detectives.” Xing Renqing responded, “Your accident is odd, so I want to investigate it and bro Xiao is willing to help me.”

Xing An Yu sighed before looking at Xiao Tian. “Xiao Tian, I’m sorry about this. I did not know that my daughter would disturb your time.”

“It’s fine.” Like usual, Xiao Tian showed his soft smile.

Xing An Yu then returned her attention to her daughter. “Renqing, let’s go back to the company. You don’t need to continue your investigation.”

Xing Renqing instantly grabbed her mother’s right hand and dragged her to the couch. “Mother, don’t leave because we need you.”

Xiao Tian and Su Ruanyi did not say anything and only stared at them.

At this moment, Su Ruanyi connected her laptop to a large monitor so that everyone could see things more clearly.

Yes, there was a big monitor on the table!

Even though Xing An Yu did not want to investigate it, but she could not refuse her daughter's wish.

Then they started to investigate everything. Xing An Yu told them the time and place when a motorcycle nearly hit her.

She also told them the characteristics of the motorcycle and the rider.

Even though she could not see the rider's face because he was wearing a helmet, she could describe the rider's body.

"How about the number plate? Can you remember it?" Su Ruanyi inquired.

It would be much easier to find the rider if they knew the number plate because they could track it easily. After all, every motorcycle had a different number plate.

"No. The motorcycle did not have number plate." Xing An Yu responded as she shook her head.

Su Ruanyi started hacking the CCTV cameras around the scene. However, the accident occurred in a blind spot, so it was not caught on CCTV cameras.

But they did not give up. After searching for a few minutes, they found twelve suspicious people.

"Mother, look at them carefully!" Xing Renqing uttered.

Xing An Yu paid attention to these twelve people carefully.

'Wait!'

She remembered something important.

She recalled that the rider wore blue shoes and a brown leather jacket. She was sure the rider's shoes were Hujian, and the brand of his jacket was Gupoi.

Among these twelve people, only one person met the criteria. She was even more sure of her guess when she saw the motorcycle.

"It's him." Xing An Yu pointed her right index finger at one of the twelve suspicious people. "Yes, I'm sure it's him."
