

Illicit 1461

Chapter 1461 It's Not Me!

Jie and the others were even more certain that Dali was involved in everything. They just did not expect him to help outsiders like that.

"What's wrong, leader? Do you want to come to this place?" his underling inquired. "They are currently in Suzi Love Hotel. I will send you the location if you want to come to this place."

Xiao Tian did not answer her question immediately and looked at Jie and the others. "How is it? Do you want to go there?"

He would let them decide it because he was helping them. Even though he hated Dali, but he would let them deal with Dali first before he brought Dali to his underground prison.

"Can you tell her to take a video and photo of them later?" Jie inquired.

"Take a picture and video of them later." Xiao Tian granted Jie's wish.

"Understood." His underling responded.

After hanging up the phone, he inquired, "Are you sure you don't want to go to Suzi Love Hotel?"

Jie and the others shook their heads. "We already have evidence, so it's better not to cause trouble at other people's place. We will wait for him to return and solve it here."

"Sister Jie, mother, I want you two to kick him out of this place later!" Leng Nichang voiced out her feeling.

She was afraid their orphanage would face the same problem if they did not kick him out of their orphanage.

The other caretakers looked at Jie and her mother. Even though they agreed with her idea, but they would let Jie and her mother decide it.

Jie shifted her gaze from Leng Nichang to Hanying. "Mother, I will let you decide this."

Hanying did not answer immediately; instead, she looked at Leng Nichang and the other caretakers.

"Alright. We will kick him out of our orphanage later." Hanying sighed after saying it. "Dali, oh Dali. Sigh!"

'Why did you do that, Dali?'

She was sad and disappointed at the same time because she already considered him as her son.

That day, they waited until late at night, but Dali still had not returned to the orphanage as if he knew what was going on.

The following morning at 07:00 am, Xiao Tian, Xi Xingyi and Xi Ran went to the Kindred Hearts Orphanage after breakfast.

Leng Nichang slept at the orphanage yesterday because she wanted to keep waiting for Dali to return.

At this moment, Xiao Tian and the others were in the front yard. They talked as they waited for Dali to return.

Shortly after that, Dali returned to the orphanage.

'Hmm?'

He was shocked when he saw everyone in the front yard.

'Why are they in the front yard?'

It was rare for everyone to be in the front yard together, so he was a little shocked.

Of course, he still did not know what was going on. He thought they were having some kind of party or something like that.

"I'm back." Dali walked toward them with a smile on his face. "I slept in my friend's apartment last night. Sorry for not informing you all."

Jie and the others immediately walked toward him.

She threw the evidence at him and spoke, "Explain this to us!"

Dali was shocked.

Previously, he thought they would welcome him with a smile, but he was wrong.

Not only did they not welcome him with a smile, they even put on angry faces as if he had done something bad to them.

'Why are they behaving like this?'

He was panicked when he saw several photos of him with Cao Song, Teng Qigang and Hualing.

'How? How do they have these photos? Did they order someone to follow me in secret?'

He suddenly suspected someone had followed him in secret, or else there was no way they would have these photos.

"No! That person is not me! These are edited photos!" even though there was solid evidence, Dali still did not want to admit it.

There was no way he would admit it because that meant he would lose everything, including Jie.

Jie and the others were even angrier when Dali did not want to admit it.

"Dali, just admit it!" Hanying suppressed her anger. "We have solid evidence, so there is no point in denying it."

"No, it's not me! I have been living with you guys for three years, so there is no way I would betray you." He immediately pointed his right index finger at Xiao Tian when he caught sight of him. "It's him! I'm sure he is the mastermind behind all of this because he wants to ruin our relationship."

Xiao Tian had guessed something like this would happen because he knew Dali hated him.

"Dude, just admit it! We have evidence, so your words are meaningless." Even though Xiao Tian was unhappy with Dali's behavior, but he kept his anger in check.

He would let Jie and the others deal with Dali first before finally taking him to his gang base and torturing him.

"But it's really not me!" Dali still denied it.

Leng Nichang played a video on her tablet. "Then what about this video?"

Previously, Xiao Tian's underlings gave a video of Dali with Hualing when they walked out of a love hotel and ate together.

Dali was shocked again.

'It's over now! It's over!'

He did not expect them to have a video of him with Hualing.

"Dali, just admit it!" Hanying repeated her words.

"Dali, why did you do that?"

"Yes, why did you do something like that?"

"I didn't expect you to help outsiders."

"I'm disappointed in you, Dali."

"I'm disappointed in you too."

One by one, the caretakers expressed their disappointment.

They had been living together for three years, but he still had the heart to do cruel things to them.

They even almost lost their orphanage because of him. Luckily, Leng Nichang and the others helped them or else, they would have lost their orphanage by now.

"Grandma Hanying, please believe me! It's fake. It's not me." Dali begged Hanying to believe him.

Hanying turned her head to the other side because she did not believe him. They had solid evidence, so she knew who was wrong and right.

Because Hanying did not want to help him, Dali tried to get help from Jie. "Jie, please believe me. I love you so much, so there is no way I would do something bad to you or the orphanage."

Like her mother, Jie also did not want to help him. Even though they had known each other for a long time, but his actions were unforgivable.

"Leave this place and never come back again!" Leng Nichang told Dali to leave the Kindred Hearts Orphanage forever.

"Yes, leave this orphanage!"

"We don't need a traitor in our orphanage!"

"Leave!"

The other caretakers also did not want to be with him anymore.

"Jie, grandma Hanying?" Dali begged Jie and Hanying to forgive him because he did not want to leave the Kindred Hearts Orphanage forever.

"Leave!" when Jie said this, she did not look at him because she was sad and disappointed.

They did not send him to the police because they did not have the heart to do that.

They hoped he would take this as a lesson so that he could become a better person in the future.

When Dali saw their expressions, he knew that there was no hope for him to live with them anymore.

With sadness in his heart, Dali left Kindred Hearts Orphanage.

Chapter 1462 Why?

7-8 minutes

Cao Family Villa, Bedroom.

Cao Song was currently with Hualing in the bedroom, naked. Like usual, they had wild sex when they had free time.

They had sex for about thirty minutes before they finally stopped. Of course, he was pleased because she could satisfy him in bed.

"Young master Cao, Dali keeps asking to have sex with me. It really annoys me." Hualing complained to Cao Song again because she no longer wanted to have sex with Dali.

"You don't need to have sex with him anymore because he is useless now." his plans had failed, so Dali was no longer of any use in his eyes.

"Really?" Hualing asked happily.

"Yes." Cao Song responded, "You don't need to pretend anymore."

"Thank you, young master Cao." She was thrilled because she finally could free herself from Dali.

"Now get on all fours. I want to fuck your ass hole now." he suddenly wanted to have anal sex.

"Sure." She did what she was told.

And soon, his bedroom was filled with her wails again.

Dali was currently walking aimlessly. He did not have a house or a family, so he did not know where to live from now on.

All of his friends said they could not help him, so he was depressed because Jie and the others had kicked him out of the Kindred Hearts Orphanage.

'Cao Song. Yes, I can ask him to give me a place to stay.'

With that idea in mind, he called him.

Cao Song was currently having anal sex with Hualing. She was on all fours with him fucking her lovely ass hole from behind.

"Ah...Ah...Ah..." seductive cries came out of her little mouth.

As he was enjoying Hualing's soft ass hole, his smartphone suddenly rang.

'Hmm? Dali?'

He did not stop moving his waist as he picked up the phone.

"What's wrong, Dali?" Cao Song inquired.

"Ah...Ah...Ah..." like usual, Hualing did not hold back her wails, causing Dali to hear her moans through his smartphone.

"Cao Song, can you give me a place to stay? Jie and the others had found out everything and they kicked me out of the Kindred Hearts Orphanage earlier. I have no money and house, so I don't know where to live." Dali behaved normally when he heard a woman's moans through his smartphone.

"I can't help you." Cao Song refused without thinking twice. "Go find a place to stay yourself."

"Why? Why don't you want to help me?" Dali began to lose control because it could be said Cao Song was the reason why he got kicked out of the Kindred Hearts Orphanage.

"Because you are useless to me now." Cao Song said something cruel without caring about Dali's feelings.

His plan had failed, so Dali was useless to him. That was why he refused to help Dali.

"Bastard! Everything is your fault and you don't want to help me after what I have done for you?!" Dali shouted angrily.

He was enraged because Cao Song threw him after using him. When Cao Song needed him, he treated him well, but it was different now.

"You are useless to me now, so there is no point in helping you. It doesn't give me any benefit. Don't call me or meet me anymore from now on. Otherwise, I will beat you to death." Cao Song hung up the phone after threatening Dali.

Dali's face was red from anger. "Agghhhh!"

He was furious at Cao Song, but he knew that he could not do anything because Cao Song was from a rich family.

Cao Song threw his smartphone on the bed because he wanted to focus on fucking Hualing's ass hole.
"Maybe I should beat him later."

"Ah...Ah...Ah...who is it, young master Cao? Ah...Ah..." Hualing moaned as she inquired.

"It's Dali." Cao Song gave an honest answer. "He was kicked out of Kindred Hearts Orphanage and asked me to give him a place to stay. Of course, I refused because he was useless to me now."

"Ah...Ah...Ah...oh it's him?" Hualing was happy when she knew that Dali was kicked out of the Kindred Hearts Orphanage because she disliked him.

"Forget about him. Let's focus on this first." After saying that, he grabbed his slender waist and moved his waist faster and faster.

"Ah...Ah...Ah..." the faster he moved his waist, the faster she moaned.

Not long after that, Cao Song finally reached his limit. "Hualing, I will cum in your ass hole!"

"Do it, young master. Fill my ass hole with your sperm!" Hualing told him to cum inside her ass hole.

No!

She even did not mind if he let out his sperm deep inside her pussy because she could become his wife if he did that.

"I'm cumming!" he shot his sperm deep inside her ass hole.

Cao Song lay on the bed after having an orgasm. He was pleased because he could fuck her pussy and ass hole.

'She is indeed my best toy!'

He smiled happily.

Like before, Dali was walking aimlessly. He tried to call Hualing because she was his last hope.

However, her smartphone was off, so he could not reach her.

'Where is she?'

He did not know where her house was, so he kept calling her or sending her a message.

Hualing said he was her ideal man, and she always did what he wanted, so he believed she would help him later.

*Growl...Growl...

The sound of his stomach growling could be heard in his ears.

It was already 01:00 pm, and he had not eaten anything since last night, so he was starving.

'I'm hungry.'

He could not buy any food because he had no money in his wallet.

'I will wait for her in front of her company.'

With that idea in mind, he went to Cao Song's company to wait for Hualing.

Coincidentally, Hualing walked out of the company shortly after he arrived at the Cao family company.

He wasted no time and rushed toward her. "Hualing...Hualing!"

Hualing stopped her footsteps and turned her head toward the source of the sound. Her face darkened when she saw Dali.

'Dali? Did he come to see me for my help?'

She knew his problem from Cao Song, so she suspected Dali wanted to ask her for help.

When Dali was in front of her, he immediately said, "Hualing, I finally met you."

"What's wrong? Why did you come to this place?" she said in annoyance because Cao Song said she no longer needed to pretend to like Dali.

"Hualing, what's wrong with you? Why are you behaving like this?" he was stunned by her behavior.

All this time, she always treated him nicely and smiled whenever she was with him, so he was shocked by her behavior.

"Tell me, why did you come to this place?" she repeated her question.

"Hualing, can you let me stay in your place?" Dali began telling her everything.

He told her that Jie and the others had kicked him out of the Kindred Hearts Orphanage, and he had no place to stay, so he hoped she could help him.

Like Cao Song, Hualing refused to help him. "I can't help you."

"Why? Why can't you help me?" Dali found it hard to believe what he was hearing because previously, he thought she would help him.

"Because I don't want to." She gave an honest answer.

Dali widened his eyes.

'Because she doesn't want to?!'

Chapter 1463 He Is Like A Dead Person

7-8 minutes

"The reason is simple." Hualing spoke and paused for a second before she continued, "It's because I don't want to help you."

"You don't want to help me? Why? Didn't you say you would always be there for me and help me?" Dali still found it hard to believe what he was hearing.

Three days ago, she said she would always be there for him because she liked him and he was her ideal man.

She even said she would continue their special relationship after Cao Song bought the Kindred Hearts Orphanage.

"Huh? You believe it?! What a fool! Of course, I was lying to you when I said that." Hualing gave an honest answer. "To be honest, I always feel disgusted whenever I'm with you. I would not have talked to you if it were not for young master Cao's plan."

She then continued, "Do you know how I feel when I have sex with you? I feel disgusted! Luckily, young Master Cao said I can put an end to all these lies or else I will surely die of disgust."

"Did you also lie when you said I was your ideal man?" Dali felt like his world shattered into pieces when she told the truth.

She was the reason why he could stay strong when Jie and the others kicked him out of the Kindred Hearts Orphanage.

Previously, he thought he could start a new life with her, but he knew it was impossible now because she said she was disgusted whenever she was with him.

"Have you ever looked at yourself in the mirror? You are fat, ugly and poor. There is no way you are my ideal man. How could you believe it so easily like that? I'm amazed by your stupidity." She kept speaking ill of him because she no longer needed to pretend to like him.

Dali fell to his knees. "So, all of it is a lie? Everything is lie?"

He suddenly felt like someone had thrown him into an abyss. First, Jie and the others kicked him out of the Kindred Hearts Orphanage.

Second, none of his friends wanted to help him. And last, Cao Song and Hualing did not want to help him too. She even said cruel things to him.

"Don't ever call or meet me again from now on!" after saying that, Hualing walked away.

Of course, she knew what he felt, but she did not care about it. She was already kind enough not to pay someone to beat or kill him because he always disgusted her.

She always wanted to puke whenever she remembered the time when they had sex because he was the ugliest man she had ever met or slept with.

That was why she did not want to meet him anymore because, with this, she could forget what they had done.

Hualing took her smartphone out of her bag and called Cao Song because she wanted to forget what she had done with Dali.

"What's wrong, Hualing?" Cao Song asked after picking up the phone.

"Dali came to your company to meet me." She responded, "I feel disgusted because of him. Can we spend some time together, young master Cao?"

"Dali?" actually, he had guessed that Dali would look for her because Dali had asked him for help earlier. "Sure. Go to my villa and wait for me there. I will go there after finishing my work. I will also give you something to make you happy later."

"Really?" Huling's eyes shone brightly.

"Yes." Cao Song also felt sorry for her, so he decided to make her happy. "Now go to my villa and wait for me there."

"Thank you, young master Cao. I will go to your villa now." she smiled from ear to ear because she would get a gift from Cao Song later. "Young master Cao, I will satisfy you later. I will make today one of the best days of your life."

"Then I'm looking forward to it." After saying that, he hung up the phone.

After putting her smartphone into her bag, Hualing glanced at Dali for a second before finally going to Cao Song's villa.

Like before, Dali was still on his knees. His gaze was blank, as if he no longer had the will to continue living.

He could only blame himself for falling into Cao Song's trap. He should have refused to cooperate with Cao Song in the first place because Cao Song was a bad person.

'If only I could turn back time...'

He rose to his feet and walked aimlessly.

Like before, his gaze was empty. Even though he was still alive, but he was already dead inside him.

*Bump...

Dali bumped into a red-haired man when he was walking because he did not pay attention to his surroundings.

The red-haired man stopped his footsteps and turned around. He was furious because Dali did not apologize to him.

He stood before Dali and grabbed his collar. "Hey, are you mute? You should apologize after bumping into someone, you bastard! Is your mouth only for decoration?"

Dali looked at the red-haired man with his dead eyes. He did not apologize and only stared at him.

The red-haired man was unhappy and immediately punched Dali in the face.

Bang!

Dali fell to the ground after the red-haired man hit his face.

"Remember to apology the next time you bump into someone, asshole." After saying that, the red-haired man left.

Dali rose to his feet and walked again. He did not feel any pain when the red-haired man hit his face because the physical pain was nothing compared to what he was feeling.

As he was walking aimlessly, two young people suddenly appeared before him. They wore long coats with blue ice lotus symbols on the chest and back.

These two young people were none other than Xiao Tian's underlings, the members of the Blue Ice Lotus gang.

Previously, Xiao Tian ordered them to drag Dali to their base because he now believed Dali was the one who paid Jun and Dehui.

Now that Jie had kicked Dali out of Kindred Hearts Orphanage, Xiao Tian wanted to take revenge on him.

"Hey, look at him! He is like a dead person now. Haha." The yellow-haired woman spoke abruptly.

"Yes. His eyes are like dead fish eyes." The brown-haired woman added.

The duo laughed in satisfaction when they saw Dali's expression because he deserved it.

He had tried to kill their leader, so they were happy when something bad had happened to him.

Even though he could hear their words, he ignored them and kept walking. He was not angry at them because his heart had already died now.

When he was in front of them, the brown-haired woman grabbed his right shoulder and stopped him.

"Hey, where are you going? Our leader wants to meet you, so you have to follow us."

Like before, Dali ignored them. For this reason, Xiao Tian's underlings decided to beat him.

Bang!

Bang!

Bang!

Dali did not scream even once when he was beaten up by Xiao Tian's underlings.

"He is like a human without a soul." The brown-haired woman uttered.

"Do you mean like empty shell? Forget about it! Let's take him to our base now." the yellow-haired woman spoke.

"Alright." the brown-haired woman replied.

And they brought Dali to the Blue Ice Lotus gang headquarters to meet Xiao Tian.

Chapter 1464 Cao Zhilan

7-8 minutes

Dali was currently being tied to the X-shaped wood. Xiao Tian's underlings immediately dragged him to the underground prison after arriving at their base.

They also placed a wooden chair in front of him because Xiao Tian would torture Dali later.

Like before, Dali did not do anything.

He even did not try to fight back when they dragged him to their base or tied him to the X-shaped wood as if he had already died.

He also did not ask who they were or who ordered them to drag him to an underground prison.

Yes, he let them do whatever he wanted to his body!

Dali no longer had the will to live.

His life had shattered into pieces when Jie and the others kicked him out of the Kindred Hearts Orphanage, so he let them do whatever they wanted.

"Damn it! I feel like we're going to torture human doll!" one of Xiao Tian's underlings was unhappy.

"Yes. This is boring!" his other underling added.

Normally, their enemies would be terrified and beg to be released when Xiao Tian's underlings took them to the underground prison because they knew they would be tortured.

It always made his underlings excited when they did that. That was why most of his underlings loved torturing people.

However, Dali was different. He did not scream or beg to be released. He let them do whatever they wanted and only stared at them with his dead eyes.

"I suddenly want to know what had happened to him earlier?" one of Xiao Tian's underlings uttered, "If I had known who did this to him, I would have beaten that person to death because that person had ruined our fun."

"Huft! I'm sure our leader will be disappointed later." The red-haired woman uttered.

Not long after that, Xiao Tian stepped into the underground prison. He was not alone because Mizu and Chun Hua were with him.

'Hmm?'

He was shocked when he saw Dali's expression.

He turned his head to look at his underlings. "Did you do something to him earlier?"

"No, leader. We still haven't done anything to him." His underlings began explaining everything.

Xiao Tian looked at Dali and uttered, "Dali, do you still remember me?"

Dali did not answer and only looked at him with his dead eyes. Of course, he still remembered him, but he no longer cared about Xiao Tian now.

His life had been ruined now, so there was no point getting angry at Xiao Tian.

Xiao Tian looked at his underlings and uttered, "Whip him!"

*kuh-CHHHH...

The sound of the lashing reverberated in the underground prison.

His underlings whipped Dali many times, but he did not scream even once, as if he did not feel any pain.

Xiao Tian had tried many methods, but Dali still did not scream or say a single word, as if he was mute.

'This is wasting my time.'

Dali was already like an empty shell, so there was no point in torturing him.

For this reason, Xiao Tian ordered his underlings to throw Dali into the forest because he did not want to waste his time anymore.

Xiao Tian was currently in a café alone. He immediately went to a café after leaving his gang.

'But it seems like Cao Song is related to Jun and Dehui.'

He had taken revenge on Dali, so he began to think of a way to teach Cao Song a lesson because he believed Cao Song was related to Jun and Dehui.

'Should I ask professor Ruanyi to hack his company?'

He suddenly had the intention of messing up Cao Song's company.

He was someone who disliked fight because his dreams were only to spend time with his women and make his predecessor's dream come true.

But he was a vengeful person and would not forgive someone who had caused trouble for him easily.

That was why he wanted to teach Cao Song a lesson. As he was deep in thought, something unexpected happened.

A gorgeous lady suddenly sat on his sofa!

Yes, she suddenly sat on the opposite side of him!

The young lady was about twenty-six years old. She had purple hair and eyes. Her large eyes were quick-witted, and her red lips were bright-colored.

Xiao Tian was startled.

'Hmm? Why is she sitting here? Have we met before?'

He had no idea as to why a gorgeous lady suddenly sat in front of him.

"Lady, why are you sitting here? Do we know each other?" he asked curiously.

"No. This is our first meeting." The gorgeous lady responded, "You are Xiao Tian, right?"

"Yes, I'm Xiao Tian. Who are you?" he threw another question.

"I'm Cao Zhilan." Cao Zhilan introduced herself. "I'm Cao Song's elder sister."

Xiao Tian's expression changed when she introduced herself as Cao Song's elder sister because he thought she would do something to him.

"You don't need to put your guard up because I have no intention of doing bad things to you; instead, I want to ask you to cooperate with me on something." She knew why he put his guard up after she introduced herself because she knew what her brother had done to Kindred Hearts Orphanage.

"What makes you think I will believe your words? You are my enemy's elder sister, so there is a possibility that you would attack me later." He did not believe her words immediately because only a fool would do that.

"What if I said I was fighting my younger brother for a position in our family company? Does this still make you suspicious of me?" she really had no intention of doing bad things to him because she only wanted to snatch her younger brother's position.

Even though she was older and smarter than Cao Song, but her father chose her brother to inherit his position because she was a woman.

It was unfair!

She could not accept it and did not want to accept it.

Her father should not choose someone to inherit his position based on gender because what important in business were skills and mindset.

That was why she wanted to cooperate with Xiao Tian because he had a bad relationship with her brother.

Yes, she wanted to take advantage of the situation!

Xiao Tian was a genius in business and also from an upper-class family, so she believed he could help her.

He paid attention to her carefully, trying to read her facial expression.

'Is she telling the truth?'

He could understand why she wanted to cooperate with him if she told the truth because inheritance could ruin a family.

He was even kicked out of the Xiao and Ye families because of inheritance. Of course, he was aware that she tried to use him.

However, he could use this as an opportunity to teach Cao Song a lesson. It could be said it was a win-win situation for them.

Even though he tried to read her facial expression, but he was not God, so he could not tell if she was telling the truth or not.

Cao Zhilan kept convincing him that she was not lying. She even said she would reward him if she managed to snatch her brother's position.

She took her business card and placed it on the table. "This is my private number. Call me if you agree to cooperate with me."

She left after saying that.

Chapter 1465 How About You Go On A Date With Me As A Reward?

6-8 minutes

Xiao Tian took Cao Zhilan's business card.

'Does she really want to cooperate with me?'

Like before, he still did not trust her completely because there was a high possibility that it was a trap set up by Cao Song.

Of course, he knew there was also a chance that she was telling the truth because everything was complicated when it was related to family wealth.

A charming voice rang out as Xiao Tian was looking at Cao Zhilan's business card.

"Xiao Tian?" the sound of high heels slamming against the floor entered his ears right after the charming voice rang out.

A gorgeous lady who wore branded clothes walked toward him elegantly. She had a pretty face and a sexy body.

Any man who saw her would not be able to take their eyes off her immediately because she was so beautiful to the point some men would consider her an angel.

That gorgeous young lady was none other than Leng Nichang, Xiao Tian's friend.

"Lady Leng?" even though he was shocked, but he did not show it on his face.

She sat on the opposite side of him and inquired, "What are you doing here?"

"I suddenly wanted to drink lemon juice, so I came to this café. Are you alone?" he could not tell her that he wanted to drink lemon juice after torturing Dali.

"Yes. I just met my friends." When she caught sight of a business card in his right hand, she was curious about it. "Whose business card is that?"

"Cao Zhilan's business card." He began telling her everything.

"What?!" she was shocked. "I did not expect something like that to happen."

'Well, everything is possible when it's related to inheritance.'

She added in her mind.

"I was also surprised earlier." He also found it hard to believe everything earlier.

"So, will you agree with her offer?" She asked curiously.

"I don't know. I still don't trust her completely." He needed to investigate everything first because he did not want to regret his decision later.

"Xiao Tian, how about you accept it? I also want to teach Cao Song a lesson because he has caused a trouble for my orphanage. With this, we can teach him a lesson together later. It's a win-win situation for us." Leng Nichang still could not forget everything because she still had not done anything to Cao Song.

He was not surprised by her words because he knew what Cao Song had done to Kindred Hearts Orphanage.

It was normal if she was still angry at Cao Song because she almost lost her precious orphanage a few days ago.

He touched his chin.

'Should I accept the offer?'

He also wanted to teach Cao Song a lesson, so it would be easier for him to take revenge on Cao Song with Leng Nichang and Cao Zhilan's help.

"What if this is a trap set up by him?" he inquired.

"My instinct told me that she has no bad intentions to you." She told him the reason why she asked him to accept Cao Zhilan's offer.

"What makes you think like that?" he threw another question.

"She is a female and I'm also a female, so I believe in my instinct." She made a bad excuse.

The corner of his lips twitched.

"We need to find out her real intentions first." He spoke and paused for a second before he continued, "After that, we can think about this again."

"You've always been very careful, huh?" of course, she could understand his decision because what he did was right.

"Well, I don't want to regret my decision later. Ehm, by the way, what will I get if I decide to help you later?" like usual, he did not forget to take advantage of the situation.

Her lips curled up into a smile. "I had expected you to say something like this. Hehe."

"Well, helping you will put me in danger, so I can't do it for free." He behaved as if he did not want to teach Cao Song a lesson.

"You have taken my virginity, so you should not ask for more rewards." She tried to get him to help her for free.

"But we did it under the influence of aphrodisiacs." It was true that he took her virginity, but it was under the influence of aphrodisiacs.

"You have kissed my lips." She did not give up and still tried to make him help her for free.

"It was because you asked me how I kissed Xingyi in detail." He kept giving an excuse so that he would get a reward if he helped her.

"Then what do you want? Do you want to bed me?" after saying that, she showed her charming smile as if she were trying to seduce him with her smile.

"Oh, that's actually a good idea!" actually, treating him to dinner was enough as a reward because he also hated Cao Song.

"Well, you are a man, so it's normal if you want to sleep with every beautiful woman." Of course, she knew he was only joking around because they had known each other for quite a while now.

"Ehm! Because I'm a good man, I will give you another option." He behaved as if he was a good man. "How about you go on a date with me as a reward?"

"Sure." She accepted immediately because it was an easy reward.

"So, when will we go on a date?" he threw another question. "Right now, or tomorrow?"

"Hehe." Leng Nichang giggled. "You should help me first before asking for a reward. A worker needs to work first before getting a payment, right?"

"Make senses!" he responded.

At the same time, Cao Song's father, Cao Zemin, was scolding Cao Song.

The reason was simple.

It was because Cao Song failed to buy Kindred Hearts Orphanage!

The investors kept asking them about the progress of their project.

They were enraged when they found out that Cao Song still had not managed to buy Kindred Hearts Orphanage.

It was already past the set time limit, so they were unhappy because they had invested a lot of money in the project.

Cao Song could not make an excuse because his father would get angrier if he did something like that.

'Damn it!'

He could only suppress his anger.

Cao Zhilan, who was in her office, smiled happily.

She knew what was going on because she saw her father heading to Cao Song's office with displeased face earlier.

'Well done, brother. Keep disappointing father, so he will give your position to me.'

She was pleased when her brother made a mistake because, with this, her father could change his mind and give her brother's position to her.

The next day at 09:00 am, Xiao Tian and Leng Nichang went to Red Flower Bar to meet Lan Ruoxi.

The duo decided to meet her because she had many connections and information. In the past, he always met her when he needed information.

That was why they decided to go to Red Flower Bar. That day, Xiao Tian and Leng Nichang knew that Cao Zhilan was not lying.

For this reason, Xiao Tian called Cao Zhilan and said he wanted to meet her at Zu café. Even though she was busy, she still agreed to meet him.

Chapter 1466 Tian, She Wants A Kiss

7-8 minutes

Shaaxi City, Zu Café.

Xiao Tian was currently sitting on a red couch with his beautiful friend, Leng Nichang. They went to Zu's cafe with one goal in mind.

They wanted to meet Cao Zhilan!

The duo knew that Cao Zhilan was not lying, so they decided to accept her offer.

"Oh right, Xiao Tian. She said she would reward you if she managed to snatch her brother's position. What do you want as a reward later? Do you want to ask her to be your lover?" She decided to tease him like usual. "After all, you are a playboy and like pretty women."

She knew that Cao Zhilan was a gorgeous young lady because she saw Cao Zhilan's photos when they were at the Red Flower Bar.

The corner of his lips twitched. "Lady Leng, it's true that I'm a playboy, but I will not make all the beautiful women as my girlfriend. I need to know their personality first because it's important to me. What if they can't get along with my girlfriends later?"

"Makes sense!" she answered.

As the duo was chatting, Cao Zhilan arrived at Zu café.

'He is with a woman?'

She was startled when she saw Leng Nichang sitting next to Xiao Tian because she thought he would come alone.

Xiao Tian smiled softly when he caught sight of Cao Zhilan. "Lady Cao..."

He immediately introduced Leng Nichang to Cao Zhilan after she sat in front of him. He said Leng Nichang wanted to join them because Cao Song tried to ruin her orphanage.

Of course, Cao Zhilan did not mind because the more, the better.

"So, do you have any plan in mind?" actually, he had a plan to ruin Cao Song's reputation, but he wanted to hear their idea first.

"I have an idea." Cao Zhilan began explaining her idea.

She said they needed to ruin Cao Song's relationship with his business partners. It would be better if they could stop or cancel all their cooperation.

"It's a good idea, lady Cao." He agreed with her idea. "But we need to do more than that if you want to snatch your brother's position, like having a major shareholder on your side for example."

"I also think like that, but it's hard to do that." Of course, Cao Zhilan had also thought about this, but she always failed to get them to be on her side.

"Can you please provide us with information on all the major shareholders and the people your brother works with?" he needed their information if they wanted to ruin Cao Song's career.

At first, Cao Zhilan wavered if she should give information about all the major shareholders or not because it could ruin her family company.

However, she immediately agreed when he assured her that he would not misuse their information.

At the same time, Cao Song was with Teng Qigang and Hualing in the VIP room of Li café.

"I'm sure my sister is happy right now." Cao Song stated. "We have to do something or else she will snatch my position later."

Teng Qigang and Hualing were not surprised because they had fought over the inheritance for a long time.

"What should we do now, young master Cao?" Teng Qigang inquired.

"I don't know. But we have to get Kindred Hearts Orphanage as quickly as possible." Cao Song could not find any idea for now because his mind refused to think.

"Young master, how about Xiao Tian? Should I find someone to beat him?" Hualing hated Xiao Tian because he kept ruining their plans.

"Yes. Find someone to beat him." Cao Song ordered Hualing to find an assassin to kill Xiao Tian. "Find a few strong martial artists. I want him to die this time."

"Understood." Hualing left after saying that.

Not long after that, Cao Song and Teng Qigang also left.

The following day, Xiao Tian and Leng Nichang met Cao Zhilan at Zu café again. They were in the VIP area this time because they would discuss something important.

"This is their information." After saying that, Cao Zhilan put some documents on the table.

Xiao Tian and Leng Nichang began reading the documents.

'Feng family, Xing family and Zhao Sheng's companies?'

He was happy and shocked at the same time when he found out about Cao Song's business partners.

Like Xiao Tian, Leng Nichang also had a relationship with Cao Song's business partners.

If he had a relationship with the Feng family, Xing family and Zhao Sheng, she had a good relationship with the Luo and Di families.

She believed they would help her because they were indebted to her.

Yes, she helped them solve their problems in the past!

"I have relationship with the Xing family and Zhao Sheng. And I have a friend who can help me make the Feng family follow my words." He could not tell them that Qing Feng was his other identity.

"I also can make the Luo and Di families cancel their cooperation with your brother." Leng Nichang added.

Cao Zhilan was pleasantly surprised.

'As I thought, cooperating with them worth it!'

Her father would scold her brother if they suddenly canceled their cooperation.

They began to think of an excuse as to why Zhao Sheng and the others suddenly wanted to cancel their cooperation with Cao Song.

After discussing for several minutes, they found good excuses, like Cao Song did something to his business partners' families or breached the contract.

They also thought of a way to get most of the major shareholders on Cao Zhilan's side.

"Let's carry out our plan tomorrow." Cao Zhilan uttered.

"Un." Xiao Tian and Leng Nichang nodded their heads.

Xiao Tian was currently in the backyard with his women. He went straight home after meeting Cao Zhilan because he suddenly desired to spend time with them.

He was sitting on the mat while drinking lemon juice. As usual, his mother was sitting between his legs because she always wanted to be with him.

"Tian, when will we go on a vacation again?" it had been quite a while since the last time they went on a vacation together.

The last time they went on vacation was five months ago when they went to Japan together.

"That's right, little brother. Let's go on a vacation again!" Shi Fei agreed with Ye Xueyin's words.

"I'm quite busy right now, so let's do that when I have free time." Of course, he also wanted to go on a vacation with them because he loved spending time with them.

When Ye Xueyin saw her younger sister looking at them, she inquired, "Qingyu, do you want to switch places with me?"

"No." Ye Qingyu looked at them because she was curious as to why her elder sister always sat between his legs.

To her surprise, Ye Xueyin suddenly rose to her feet. But what surprised her most was that her elder sister suddenly made her sit between his legs with her back facing him.

Xiao Tian and the others were startled.

'Hmm?'

Of course, he was fine with it because he also loved his aunt.

After doing something surprising, Ye Xueyin said something shocking too. "Tian, kiss her. She wants a kiss too."

Ye Qingyu did not say anything and only turned her head to look at him.

Chapter 1467 I Will Fall In Love With You If You Continue To Treat Me Well Like This.

7-8 minutes

Xiao Tian wasted no time and immediately kissed her right cheek. She was also his girlfriend, so he did not say anything and instantly kissed her.

Like before, Ye Xueyin said something shocking again. "Tian, Qingyu wants a passionate kiss too."

Ye Qingyi shifted her gaze to her elder sister before returning her attention to her nephew again.

"Aunt, do you also want to have a passionate kiss with me?" actually, he did not need to ask and could kiss her hungrily immediately, but he did not do that.

"No." after saying that, Ye Qingyu looked ahead as if she was avoiding his gaze.

To her surprise, Xiao Tian suddenly turned her body, causing her to face him.

"Are you going to kiss me now?" actually, she already knew what he would do when he turned her body, but she still asked it. "I want to drink lemon juice, so I can't do it with you now. Just hug me from behind like what you did to big sister earlier."

However, he did not do what he was told; instead, he kissed her passionately. And like what he had guessed, his aunt welcomed the kiss instantly.

Not only that, but she also placed her hands on his shoulders and moved her pink tongue lewdly.

Shi Fei and the others giggled.

Previously, Ye Qingyi said she did not want to have a passionate kiss with him, but what she did was different from what she previously said.

After they stopped the kiss, Ye Xueyin inquired, "Qingyu, how is it?"

Ye Qingyu did not answer Ye Xueyin's question and turned her around, causing her back to face him.

She did nothing when he wrapped his arms around her slender waist and kissed her back because she knew he would do something like that.

"Aunt, I will sleep in your room tonight." He said after kissing her back.

The meaning of his words was clear.

He wanted to have sex with her tonight!

Of course, Ye Qingyu knew what he had in mind.

She stopped drinking her lemon juice and nodded her head. "Un."

They had sex many times, so she was fine with it.

No!

They were lovers, so it was normal to have sex.

This was the reason why she agreed instantly because it had been more than three days since the last time they had sex.

That night, Xiao Tian only had sex with Ye Qingyu. Shi Fei and the others did not join them because they wanted to give Ye Qingyu a chance to be alone with him.

The following morning at 09:00 am, Xiao Tian went to the Xing family company and asked them to cancel their cooperation with Cao Song.

Of course, Xiao Tian also gave them a project in exchange because he wanted their relationship to remain harmonious.

The Xing family agreed to help him because they knew who Xiao Tian was, and Xing Ranqing also had a close relationship with him.

He was pleased by this.

After having lunch together with the Xing family, he decided to go to the Feng family company.

However, something unexpected happened when he was on his way to the Feng family company.

Xi Xingyi informed him that Leng Nichang was at Life Hospital!

She said a blue car hit Leng Nichang when she was crossing the road.

The car driver did not take responsibility for his actions and ran away.

In other words, it was a hit-and-run accident!

Xiao Tian wasted no time and went straight to the Life hospital because he wanted to know about her condition.

Life Hospital, Leng Nichang's Patient Room.

Xiao Tian saw Xi Xingyi sitting on the chair after entering Leng Nichang's patient room.

Previously, Xi Ran also visited Leng Nichang, but she had to leave because she needed to work.

He was sad when he saw her condition.

There was a bandage on her head and right leg. She was still unconscious, so she did not know that Xiao Tian was standing next to her.

"Her right leg is broken." Xi Xingyi spoke abruptly.

"How could she end up like this?" he asked curiously.

She said four people brought Leng Nichang to the hospital, and a nurse called her.

"Have you called Jie and the others?" he threw another question.

"No." Xi Xingyi shook her head. "Xiao Tian, can you watch over her? I have an important meeting in twenty minutes, so I have to leave now."

"Alright." He nodded his head.

Leng Nichang regained consciousness twenty minutes after Xi Xingyi left. She could not answer all of his questions when Xiao Tian threw a few questions.

She said she felt like she was hit by something before finally falling unconscious.

"Do you want to inform lady Jie about your condition?" he inquired.

Leng Nichang did not answer his question immediately because she did not want to worry them.

"I know you don't want to worry them, but they will be sad if you don't tell them." He uttered, "Didn't you say they were your family? Shouldn't you tell your family in a situation like this?"

After hearing his words, she nodded her head. "Alright. Please inform them."

"I will call them now." after saying that, he took his smartphone out of his pocket.

Jie and the others went straight to the Life hospital after he told them about what had happened to Leng Nichang.

They were sad when they saw her condition. They visited her for several minutes before finally returning to the orphanage.

That day, Xiao Tian did not go to Zhao Sheng's company or the Feng family's company.

The following day, Xiao Tian went to the Life Hospital after meeting Zhao Sheng and the Feng family.

Zhao Sheng agreed to help him because he was his friend. As for the Feng family, they did not dare to say no when he came to their company as Qing Feng.

Life Hospital, Garden.

Leng Nichang was currently sitting in a wheelchair with Xiao Tian pushing her from behind.

She said she wanted to take some fresh air, so he took her to the garden after asking the nurse for permission.

"I will fall in love with you if you continue to treat me well like this." As usual, Leng Nichang teased him.

The corner of his lips twitched.

'It seems like she is already fine.'

He was happy when she teased him like that.

"Then it seems like I have to renovate my house later." He played along with her joke.

"Why do you want to renovate your house?" she did not get his words.

"To make a bedroom for you." Actually, there was still a spare room in his house because his house was so big.

"Hehe." Leng Nichang giggled. "Then you should renovate your house after returning from this hospital."

"Does that mean you will live with me after you recover?" he asked jokingly.

"You are a playboy, so I'm sure you will get more women later." She avoided his question.

"You are avoiding my question, huh?" he did not force her to answer his question.

Leng Nichang then said something shocking. "Xiao Tian, you should focus on getting Ran because, with this, you will get a pair of mother and daughter."

Chapter 1468 Fighting Again

7-9 minutes

"Xiao Tian, you should focus on getting Ran first because, with this, you will get a pair of a mother and a daughter." Leng Nichang told him to seduce Xi Ran first because Xi Ran's mother was his girlfriend.

"How about I start with you first?" he kept joking around.

"Wouldn't it be more fun to start with Ran first before me?" even though she realized what she had just said, she still behaved normally.

Xiao Tian did not take her words seriously because he knew she was only joking around.

"Xiao Tian, let's sit on that wooden bench." She pointed her right index finger at the wooden bench under a tree.

"Sure." He pushed the wheelchair to the wooden bench.

After they were in front of a wooden bench, he carried her before finally putting her on the wooden bench.

"Now I know why you can have a lot of girlfriends." She said after sitting on the wooden bench. "Even though you are a playboy and a pervert, but you treat a woman well. Now I wonder if you are excellent in bed like what madam Xi said or not."

"How about I demonstrate it to you after you recover later?" of course, he knew what she would say.

"Hehe. As usual, you try to take advantage of the situation." She responded, "Maybe I will agree to it if you can get Ran in two days."

"Is that a challenge?" he inquired.

"Yes. If you can do that, I will agree to sleep with you." She said jokingly.

"It seems like I have to learn how to hypnotize people after this." Like her, he also joked around.

"Hehe." She giggled again because he gave a funny answer.

As they were chatting happily, a gorgeous young lady walked toward them. She walked elegantly as she looked at the duo.

That young lady was none other than Cao Zhilan, Cao Song's elder sister.

She could not visit Leng Nichang yesterday because she was very busy. That was why she went to the Life hospital after she had free time.

"No wonder I can't find you in your patient room." She said when she was close to them.

Xiao Tian and Leng Nichang turned their heads toward the source of the sound. They were startled when they saw Cao Zhilan.

"Miss Cao?" Leng Nichang smiled as she looked at Cao Zhilan.

"I'm sorry. I could not visit you yesterday." Cao Zhilan apologized for not visiting Leng Nichang yesterday.

"It's fine." Like before, Leng Nichang smiled.

Cao Zhilan then asked Leng Nichang about what had happened to her. After hearing Leng Nichang's explanation, she suddenly suspected it was related to her brother.

Actually, Leng Nichang and Xiao Tian also suspected Cao Song was the mastermind, but they did not have solid evidence.

Cao Zhilan was pleased when Xiao Tian said the Xing family, Feng family and Zhao Sheng agreed to help them.

Leng Nichang could not meet the Luo and Di families because the doctor did not allow her to leave the hospital.

Cao Zhilan did not mind it because she could understand Leng Nichang's position.

The next day at 09:00 am, Xiao Tian and Cao Zhilan went out to meet one of the major shareholders of the Cao family company.

Their intention was clear.

They would try to get that major shareholder on her side!

However, something unexpected happened when they were on their way to that major shareholder's house.

Two cars suddenly stopped them!

Luckily, Xiao Tian could stop his car on time.

When Xiao Tian saw seven people walking to his car, he immediately said, "Lady Cao, wait here."

He did not wait for her reply and got out of his car. Even though his opponents were seven people, there was not the slightest hint of fear in his eyes.

'Are they Cao Song's people?'

He suddenly suspected they were Cao Song's people, or Cao Song paid them to beat him because Cao Song was his only enemy now.

Xiao Tian extended his special sword and attacked them immediately.

*Slash...Slash...Slash...

One of them was a martial artist at the low-level grandmaster stage, while the others were martial artists at the high-level master stage.

For this reason, he could not defeat them quickly.

No!

He even did not have the upper hand in the fight because fighting against them was difficult.

Bang!

Xiao Tian kicked the red-haired man in the chest, causing the red-haired man to crash into their car.

Even though he managed to land an attack on them, but they also managed to punch or kick him.

The fight was so intense because they were martial arts experts.

*Shui...Shui...

Xiao Tian threw poison needles at them, but they managed to block or avoid it.

Cao Zhilan, who saw them from inside the car, pulled out a black stick from her bag.

Yes, she was also a martial artist!

However, Xiao Tian did not know about it.

Like his special sword, the black stick in her right hand was also special.

It could be shortened and lengthened like Xiao Tian's sword. However, the one who made it was not Lian Xun but another blacksmith.

*Sring...

She extended her black stick after getting out of Xiao Tian's car.

Xiao Tian was startled.

'Lady Cao?'

His gaze fell on the black stick in her right hand.

'Since when did she have a weapon like that?'

Of course, he did not know about it because she hid her weapon in her bag.

"I will help you." After saying that, Cao Zhilan attacked Cao Song's people.

Like Xiao Tian, she was also a martial artist at the high-level master stage, but she was not a candidate to be the Ruler.

She learned martial arts since she was little because she knew this world was a dangerous place.

She was also from a rich family, so there were many people who disliked her or her family.

This was the reason why she decided to learn martial arts since she was little because martial art was important.

Sure, she knew that she could hire a few bodyguards to protect her, but there would be a time when she was alone or when she had to depend on herself.

Bang!

Bang!

Bang!

But even so, they could not win the fight quickly because their enemies were strong.

They even also got injured.

Actually, there was a reason why they could not defeat their enemies quickly.

It was because Xiao Tian did not use battle instinct or his secret techniques!

Cao Zhilan was only his business partner, so he had to hide his real skills because he did not know if she would become his enemy or not in the future.

After fighting against their opponents for several minutes, Xiao Tian and Cao Zhilan finally managed to kill their opponents.

Like usual, he poured body-melting powder into his enemies' corpses.

"I didn't know that you were a martial arts expert, lady Cao." Xiao Tian spoke abruptly.

"I have learned martial arts since I was a child." she gave an honest answer.

The duo changed their minds and went to the hospital because they needed to treat their injuries first.

They decided to go to Life Hospital because, with this, they could visit Leng Nichang too.

"What happened to you two?" Leng Nichang was shocked when she saw their condition.

Even though their injuries were not serious, but she was still worried because she thought nothing would happen to them.

After Xiao Tian explained everything, Leng Nichang was surprised. "What?!"

Chapter 1469 Leave It To Me

7-8 minutes

Xiao Tian and Cao Zhilan were currently sitting on the chairs next to the patient bed.

"Lady Cao, this is only my guess, but I think your brother is the one who paid them." He suspected they were people who were paid by Cao Song.

"I think so too." Cao Zhilan had the same thought. "He also did something like this to me a few times in the past."

"Really?" Leng Nichang and Xiao Tian inquired.

"Yes." Cao Zhilan nodded her head. "Even though he had never had the intention to kill me, but he tried to remove me from the candidate to inherit my father's position many times."

She said her brother only stopped trying to hurt her when their father passed down his position to him.

But even so, her brother still monitored her movements because he was still afraid that she would snatch his position.

"Oh right, the doctor said I could be discharged from the hospital tomorrow." Leng Nichang spoke and paused for a second before she continued, "I will go meet the Luo and Di families tomorrow."

"I will accompany you." Xiao Tian wanted to accompany her because she still could not walk now.

"Alright." She agreed instantly.

"Then, I will go meet the major shareholder tomorrow." Cao Zhilan uttered.

"How about we change our plan a little?" he suddenly had a good idea.

"Hmm?" Cao Zhilan and Leng Nichang looked at him intently, waiting for his explanation.

"It's like this..." he began explaining his idea.

He said they did not need to meet the major shareholder immediately. Cao Song would lose his reputation after several companies suddenly stopped their cooperation with him.

They only needed to spread the rumor to the major shareholders later. With this, they would not be satisfied with Cao Song's performance.

Her father would have had no other choice but to remove Cao Song from his position if many of their major shareholders were not satisfied with his performance.

"So, you want me to get at least one business partner in a short amount of time?" actually, Cao Zhilan also thought his idea was good.

"Don't worry. I will help you get a business partner later." He responded, "When your brother do a bad performance, you make a good contribution to the company. With this, the major shareholders will choose you over your brother."

"You will help me get a business partner?" she was shocked because it was not easy to get a business partner in a short amount of time.

"Don't worry about it. Leave it to me." He would use his other identity to cooperate with her because, with this, he would get the benefit too.

"Are you sure you want to help me get a business partner later?" Cao Zhilan still found it hard to believe because that meant he would give her a lot of money.

"Yes." He nodded her head.

"I will make sure to reward you handsomely if our plan is successful." She uttered.

At the same time, Cao Song was talking with Teng Qigang and Hualing. He was furious when she found out that they had failed to kill Xiao Tian.

"I didn't expect him to be a martial arts expert!" Cao Song believed they had paid powerful martial artists, but the result was still the same.

They were killed by Xiao Tian!

He thought they would be able to kill Xiao Tian because they were stronger than Jun and Dehui, but he was wrong.

"Young master, I think it's better to forget Xiao Tian for now because your position is in danger." Teng Qigang uttered, "I'm afraid your elder sister will take advantage of the situation later."

"You are right. I think I need to secure my position first." Cao Song also believed his elder sister would take advantage of the situation because she always wanted to snatch his position.

Teng Qigang and Hualin nodded their heads.

"Let's go back to the company." Cao Song uttered.

The next day at 10:00 am, Xiao Tian and Leng Nichang went to Li hotel to meet the Luo and Di families.

The Luo and Di families were shocked when they saw her condition. She still could not walk, so she used a wheelchair.

She was a smart lady, so she used her injuries to get the sympathy of the Lou and Di families.

The Luo and Di families were furious at Cao Song. She was their friend, so they were enraged when he injured her.

They said they would help her destroy Cao Song's reputation because he deserved it. For this reason, Xiao Tian and Leng Nichang left the Li hotel with smiles on their faces.

"Lady Leng, let's have dinner now." it was dinner time, and he was hungry, so he wanted to eat.

"Alright." She was also starving, so she agreed instantly.

They stopped at a small restaurant. Like before, he pushed her after placing her in the wheelchair.

The owner of the restaurant was sad when she saw Leng Nichang's condition.

She even told Xiao Tian to keep taking care of Leng Nichang because he should become a good boyfriend at a time like this.

The corner of his lips twitched.

As for Leng Nichang, she giggled happily. His expression was funny when the owner of the restaurant gave him a few pieces of advice.

He did not send her home after eating dinner; instead, he brought her to the Shanghai River.

Even though there were no stars, but the scenery was beautiful because the full moon illuminated the dark night, showing the charm of the Shanghai River.

Leng Nichang, who sat in the wheelchair, looked at the full moon.

'Beautiful!'

She was pleased because she could enjoy the beautiful night.

"It's beautiful, right?" he said as he pushed the wheelchair slowly.

"Yes." She nodded her head. "It's beautiful."

The duo really enjoyed their time. The full moon and the gentle breeze made the night even more beautiful.

"Hehe." The duo chuckled happily.

They spent time at Shanghai River for about two hours before he finally sent her home.

The following morning, Cao Zhilan went to Zu café to meet Liang Jun. She was startled when he said he wanted to meet her.

"Miss Cao, my boss wants to do business with you." He went straight to the point.

"Can you tell me the reason?" she did not know Qing Feng, so she did not accept it immediately.

"My boss is Mr Xiao's friend." He responded, "Mr Xiao told my boss about your plan yesterday, and he agreed to help you."

"Xiao Tian?" she suddenly remembered what Xiao Tian had said yesterday.

'He is not lying to me.'

Xiao Tian said he would find a business partner for her, but she did not expect him to find it so quickly.

"Coincidentally, we have a big project right now," he told her about Xiao Tian's current project.

He said his boss was working with several big families to make apartments for middle and upper-class families.

"How is it, miss Cao?" he inquired.

"I accepted it." Of course, she would not refuse his offer because it was a good opportunity to make a lot of money.

After discussing for several minutes, Liang Jun returned to Eternal Group.

"I will call Xiao Tian now." she took her smartphone out of her bag and called him.

"Hello, lady Cao?" Xiao Tian, who was in his office, uttered.

"Xiao Tian, can we meet now?" she asked.

Chapter 1470 You Can't Do That, Father!

7-8 minutes

"Xiao Tian, can we meet now?" she inquired.

"Sure." He believed she wanted to meet him because Liang Jun had offered cooperation earlier.

He went straight to Zu café after hanging up the phone. He was currently sitting on the couch in front of her.

"I met Liang Jun from Eternal Group earlier." She began explaining everything because she wanted to know if Liang Jun was telling the truth or not.

"You don't need to be suspicious of him, lady Cao. I met Qing Feng yesterday. I just didn't expect him to send his subordinate to meet you so quickly." Of course, he knew about it because he ordered Liang Jun to meet her earlier.

"I see." Now she completely believed Liang Jun.

"And if you want, we can cooperate too." he did not mind cooperating with her.

"Let's do that after I manage to snatch my brother's position, or else it will make him suspicious later." Of course, she would not refuse to cooperate with him because his company was huge and already had a name in China.

He even got the title of Miracle Young Man. She believed cooperating with him would bring many benefits.

But they could not cooperate immediately because it would raise suspicion.

"Alright." He also agreed with her opinion.

They talked for about an hour before they finally left.

Time went by quickly, and without realizing it, two weeks had passed since Leng Nichang's accident.

Cao Song's father was currently scolding him in his office. He was enraged when he knew that their family company was in a mess.

Several business partners suddenly canceled or stopped their cooperation with them.

Some of them even said they would not cooperate with the Cao family company if they did not remove Cao Song from his position because he had caused them to lose a lot of money.

"Fool! I passed down my position to you because I thought you were the right person to inherit my position, but I was wrong." His father kept yelling at him.

"Father, we have to investigate this first. You can't remove me from my position because I believe everything is her doing!" Cao Song pointed his right index finger at his elder sister.

Cao Zhilan, who was sitting on the couch, did not say anything and only looked at him because she knew her brother's action would make their father angrier.

And what she had guessed was right because their father got angrier when Cao Song blamed his elder sister for everything.

"You let me down, Song!" Cao Song's father stated. "Your older sister will take your place today."

Cao Zhilan's lips curled up into a smirk.

'Finally! I finally can snatch his position.'

She was pleased because everything went according to her plan.

"No! Father, you can't do that!" of course, Cao Song could not accept it. "You can't remove me from my position!"

He kept asking his father to give him a second chance, but his father refused because major shareholders also wanted him to step down from his position.

That day was one of the saddest days of his life. Not only did his father remove him from his position, but Hualing and Teng Qigang decided not to follow him anymore.

Cao Song was depressed.

He lost everything in a single day.

Cao Zhilan did not let the opportunity slip away and sent him to one of their villas in a rural area, saying that place was good for his mental health.

She also restricted his movement so that he would not be able to snatch her position in the future.

Xiao Tian was currently with Leng Nichang and Cao Zhilan at Autumn Restaurant.

They had dinner at a famous restaurant because they wanted to celebrate their success in achieving their goals.

"Congratulation, lady Cao." He congratulated Cao Zhilan for successfully snatching her brother's position.

"Thank you." Cao Zhilan smiled happily. "All of this is thanks to the two of you who have helped me."

Xiao Tian and Leng Nichang were delighted when they learned what had happened to Cao Song.

"Cheer!" they shouted happily.

The trio really enjoyed their time at Autumn Restaurant. They even laughed together as they talked.

After talking for more than an hour, they left because it was late at night.

Xiao Tian's Mansion, Ye Qingyu's Bedroom.

Xiao Tian was currently with Ye Qingyu on the bed, naked. After arriving home, he immediately headed to her bedroom because he desired to spend time with her.

One thing led to another, and they ended up having sex in her bedroom.

Ye Qingyu, who was lying on his right side, uttered, "It seems like you are in a good mood. Did something good happen today?"

"I finally managed to take revenge on Cao Song." He began telling her who Cao Song was.

"I see." She finally knew who Cao Song was.

"Aunt, do you want something?" he inquired.

Instead of answering his question, she asked, "Are you going to give me something?"

"Yes." He nodded. "So, what do you want?"

"I just want you to stop doing dangerous things." She did not want her nephew to get an injury, so she told him to stop doing something dangerous.

He was touched by her words. "I will give you a bag and shoes tomorrow."

"No. I already have many bags and shoes. I don't need it." She answered, "You should use the money to grow your company or make another branch company so you can be richer. Isn't it your dream to become the richest person in China?"

He immediately lay on top of her and looked into her eyes. "Aunt, I really love you."

Her lips curled up into a soft smile. "I know. I also love you."

He gave her a peck on the lips before placing his head on her chest. "I'm lucky to have you, aunt."

Like before, she smiled softly.

'I hope nothing bad will happen to you forever, Tian.'

She caressed his hair gently.

Shortly after that, they fell asleep.

The following morning, Xiao Tian went to Star Group to work after having breakfast with his women.

The corners of his lips twitched when he saw the pile of papers on his desk. He was happy and sad at the same time because he knew he would come home tired later.

And what he had guessed was right because that day, he went home tired.

However, his tiredness disappeared without a trace when he saw his women and his little angel, Mu Ai.

Kindred Hearts Orphanage, Living Room.

Jie was currently talking with her mother in the living room. The duo was happy because Xiao Tian and the others had solved their problem.

"Mother, how about we match Nichang with Xiao Tian? They already have a good relationship, so I think he is suitable to be her lover." Jie uttered.

"I agreed." Hanying agreed with her daughter's idea. "But how?"

Jie touched her chin and started to think of a way to make Xiao Tian Leng Nichang's boyfriend.

After thinking for several seconds, she finally found a good idea. "Mother, how about his?"

"Alright. Let's do that." Hanying agreed after hearing her daughter's idea.

"I will call them tomorrow," Jie spoke.

"Un." Hanying nodded.
