

Illicit 1491

Chapter 1491 You Passed The Test

"You are only my childhood friend while he is my boyfriend!" even though they were childhood friends, but she had no special memory with him.

Yongcheng was breathless with anger. "Nichang, we know each other since we were little. Why are you treating him better? What's so good about him?"

Leng Nichang rose to her feet. "I'm done eating. I want to go to the Su hotel to meet Xiao Tian."

Yongcheng grabbed her right hand and spoke, "No! You can't go."

Leng Nichang looked at Wuying and Guanting. Jie and the others knew she was angry at him because it was written on her face.

"Yongcheng, let her go." Wuying spoke abruptly.

"No!" Yongcheng refused instantly.

"Yongcheng!" Wuying raised her voice. "Release her hand now!"

"Yongcheng, let her go." Guanting added.

Like before, Leng Nichang did not say a single word and only stared at him.

"Tch!" Yongcheng had no choice but to release Leng Nichang's right hand.

She did not say anything and immediately went to the Su hotel to meet Xiao Tian.

Su Hotel, Su Garden.

There was a small garden behind the Su hotel. Xiao Tian and Leng Nichang were currently strolling the Su Garden hand in hand.

"Why do you put on such an expression? Did Yongcheng give you trouble again?" he asked curiously.

"Yes." She began explaining everything in detail.

He did not know what to say after hearing her explanation. Of course, he was happy because she chose him over Yongcheng.

But on the other side, he did not want her relationship with Wuying to be ruined because he knew she regarded Wuying as her family.

"Xiao Tian, can you let me stay in your hotel today?" she did not want to return to Wuying's house because she was still angry at Yongcheng.

"I'm fine with it, but what about grandma Hanying? I'm sure she and lady Jie will be worried later." He did not expect everything to be so complicated.

"I will inform them later." She believed she could not control herself if she saw Yongcheng in her current condition.

"But I think it wi-" before he had finished his words, he was interrupted by her.

"Xiao Tian, your lover is facing a big problem because she is loyal to you. Do you have the heart to make her sad?" no matter what happened, she had to get him to agree to her wish.

He smiled softly before finally pinching her nose gently. "It seems that I love you too deeply to the point I can't refuse your request."

"Hehe." She giggled happily. "How about we go to a romantic place now?"

"Sure." He agreed instantly. "I will make you forget your sadness later."

"Good!" she smiled happily.

Enmei Martial Arts School, Training Hall.

Yongcheng was currently sitting on the floor alone. He was in a bad mood because Leng Nichang went to the Su hotel to meet Xiao Tian.

'What are they doing tight now? Are they doing adult things again?'

His heart ached when he imagined Leng Nichang doing adult things with Xiao Tian in his hotel room.

At the same time, three people walked closer to him. They were Yoji, Gusu, and Densu.

They were people who helped him destroy the Snake gang two days ago.

"What's wrong, Yongcheng? Why are you making such a face?" Yoji asked curiously.

"Is it because of Xiao Tian again?" Gosu added.

"Senior brothers? Yes. This is because of him." Yongcheng explained what had happened between him and Leng Nichang earlier.

"We have promised to help you, so don't worry. We will keep our word." Densu wanted to help Yongcheng because he gave him a lot of money.

"How about we beat him today?" Gosu inquired.

"Good idea." Yoji answered. "Yongcheng, let's teach him a lesson today. I'm sure he won't dare to approach your crush after we beat him up."

"Alright." Yongcheng agreed instantly. "Let's go."

They went straight to the Su hotel. They could not enter Xiao Tian's room because two security guards stopped them.

For this reason, they decided to wait in front of the Su hotel because it would be complicated if the police got involved.

*Two hours...three hours...four hours...

They had been waiting for four hours, but they still did not see Xiao Tian. It was already 06:00 pm, so they decided to go home.

Of course, they would try to find Xiao Tian again tomorrow because they wanted to teach him a lesson.

Xiao Tian returned to Su Hotel twenty minutes after they left. He was with Leng Nichang because they went on a date earlier.

"You passed the test, Xiao Tian." She had already forgotten her troubles with Yongcheng because Xiao Tian could make her happy.

"Passed the test? What do you mean by that?" he did not get her words.

"That means you manage to make me happy and I will reward you later." She told him the reason why she said he passed the test.

"Reward?" his eyes shone happily. "Then, can I sleep while hugging you later?"

"Are you sure you only want that?" she thought he wanted something more than that because he was a pervert.

The corner of his lips twitched. "My lady, I know I'm a pervert, but that doesn't mean I want to do perverted things all the time."

Sure, he was a pervert and loved sex, but that was not the only thing on his mind.

He also wanted to create a beautiful memory with her because the relationship would become weak if all they did was have sex.

"What a pity! I even planned to grant you any wishes earlier." she uttered, "Then let's watch a movie in your room after eating dinner."

"Good idea! I will have the restaurant employee send dinner to my room later." He also thought it was a good idea.

"Good!" she responded.

They took a shower together after reaching his room.

Wuying's House, Dining Room.

Yongcheng and the others were currently in the dining room. They were ready to eat together because it was dinner time.

"Auntie Jie, where is Nichang?" Yongcheng did not see Leng Nichang in the dining room.

"She still has not come back." Jie gave an honest answer.

"What?! She is still with Xiao Tian?!" Yongcheng was unhappy when he found out that Leng Nichang was still with Xiao Tian.

She went to Su Hotel after breakfast, and it was already dinner time now, but she still had not returned yet.

Was he angry?

Of course, he was angry!

"Auntie Jie, can you call her and ask her to return home? It's already dinner time now." he asked Jie to call Leng Nichang because he believed she would not pick up his call.

Jie looked at the others before answering. "Alright."

To her surprise, Leng Nichang called her right after she took her phone out of her pocket.

Jie picked up the phone. "Nichang, where are you? It's dinner time now."

"Big sister Jie, I'm with Xiao Tian now." Leng Nichang gave an honest answer. "I'm calling you because I want to tell you that I won't return to grandma Wuying's house today. I will stay the night at Su Hotel with Xiao Tian."

"What?! You want to stay the night at Su hotel with Xiao Tian?!" Jie said in surprise.

Chapter 1492 What A Good Lover!

7-8 minutes

"What?! You want to stay the night at the Su hotel with Xiao Tian?!" Jie said in surprise.

Yongcheng and the others instantly turned their heads toward Jie. They were shocked when they found out that Leng Nichang wanted to stay the night at the Su hotel with Xiao Tian.

"Yes. I will return to grandmother Wuying's house tomorrow morning." Leng Nichang was not surprised because she knew Jie would be shocked.

"Auntie Jie, can you let me speak with her?" of course, Yongcheng wanted to stop her from staying the night at the Su hotel with Xiao Tian because they could do adult things there.

Jie wavered whether she should let Yongcheng talk to Leng Nichang or not because he was the reason why Leng Nichang did not return home.

For this reason, she looked at her mother, asking for her opinion.

Hanying did not say anything and only nodded her head, giving her a sign to let Yongcheng speak to Leng Nichang.

"Here." Jie gave her smartphone to Yongcheng. "But control yourself."

After taking the phone, he uttered, "Nichang, you have to return home now. What if other people know about this? Aren't you afraid it will ruin your reputation?"

"Yongcheng?" Leng Nichang was unhappy when she heard Yongcheng's voice. "Where is big sister Jie?"

She was still angry at him, so she did not want to talk to him because it could make her lose control again.

"She is in front of me." He responded, "Nichang, you should return now. Everyone is waiting for you. We want to have dinner together with you."

"Give the phone back to sister Jie." Leng Nichang responded, "I don't want to talk to you."

"Are you still angry at me? I know I did something bad before, but I did it fo-" before he had finished his words, he was interrupted by her.

"Give the phone back to sister Jie now." Leng Nichang repeated her words.

Of course, he ignored her words because he wanted her to return home. "I'm doing this fo-"

Leng Nichang hung up the phone because he did not return the phone to Jie.

Yongcheng clenched his fist.

"I will go to Su Hotel now." after giving the phone back to Jie, he traveled to Su Hotel.

However, he was stopped by the security guards again. They even said they would beat him up if he did not leave the Su hotel immediately.

Even though he told them that Xiao Tian had brought a woman into his room, they did not care about it.

First, there were many men who came with their women. And last, Xiao Tian was their VIP guest, so they had to treat him special.

"Fuck!" Yongcheng went home with an angry face.

At the same time, Leng Nichang was with Xiao Tian in his room. They were lying on the bed, watching a movie together.

"This movie is good! It can improve my mood." She stated.

"Isn't it because you are with me?" he said proudly. "I'm sure you are in a good mood and the film becomes even more interesting because I'm with you now."

"As usual, you never forget to praise yourself." After saying that, she pinched his cheeks.

"Because I'm amazing." like before, he praised himself without feeling shy.

"You mean you are amazing at doing bad things, right? Hehe." She giggled after saying that.

The corner of his lips twitched. "Bad lover!"

The movie was over at 11:30 pm. He immediately placed her on top of him and embraced her because it was time to sleep.

She was not surprised by his sudden actions because he had told her that he wanted to sleep while hugging her.

She looked at him and teased him again. "Xiao Tian, are you sure you don't want to do adult things with me now?"

"No." he responded instantly. "I only want to create a beautiful memory because, with this, you won't leave me forever."

"What a good lover!" after saying that, she pressed her lips against his.

He was pleasantly surprised when his beautiful lover suddenly kissed him.

'I did not expect to get a good night kiss.'

As his heart was filled with happiness, she did something shocking.

She put her tongue into his mouth!

He was shocked.

Previously, he thought she would only press her lips against his because they were about to sleep.

He just did not expect that she wanted to kiss him passionately.

Did he refuse her wish?

Of course, not!

His beautiful lover desired a hot kiss, so as a good boyfriend, he had to welcome the kiss.

Xiao Tian let her dominate the kiss and only wrapped his arms around her back.

After kissing him for several seconds, she broke the kiss and placed her head on his wide chest. "Good night, Xiao Tian."

"Good night." He smiled softly.

As Xiao Tian and Leng Nichang were sleeping soundly in the hotel room, Yongcheng could not sleep because he kept thinking about Leng Nichang.

His heart was restless, and his mind could not calm down. The thought of Leng Nichang having sex with Xiao Tian at the Su hotel kept haunting him.

'Damn it!'

That night, he lacked sleep because he could not calm his mind.

The following morning, Leng Nichang returned to Wuying's house after having breakfast with Xiao Tian.

Anger suddenly appeared within her when she saw Yongcheng waiting for her on the terrace.

'Should I return to the Su hotel?'

She believed he would scold her because she could tell from his expression.

Yongcheng rushed toward her when he caught sight of her. "Nichang, what did you do with Xiao Tian yesterday?"

He threw many questions at once because he wanted to know what she had done with Xiao Tian yesterday.

"You don't need to know about it." She did not want to answer all of his questions.

He grabbed her right hand and uttered, "Answer me! What did you do with him yesterday?"

She raised her voice. "It has nothing to do with you!"

"Did you do adult things with him again? Did you have sex with him yesterday?" he also raised his voice.

"I did not have sex with him!" she tried to free herself, but her efforts were in vain. "We only went on a date yesterday! Now let go of my hand!"

"Lies! You had sex with him, right?" of course, he did not believe her words because they dared to do adult things in his house.

"I SAID WE DID NOT DO ANYTHING!" she could no longer hold back her anger.

He was neither her lover nor her husband, so he had no right to ask her that question since they were only childhood friends, nothing more than that.

"Don't lie to me!" like before, he did not believe her words. "You had sex with him, right?"

She was breathless with anger. "Yes. I had sex with him yesterday! We did it the whole day! Are you satisfied now?"

"You! You! You!" he pointed his right index finger at her face.

"Why? Isn't that what you wanted to hear?" she was disappointed in him. "He is my lover, so it's normal for us to have sex. Now let go of my hand!"

At the same time, Jie and the others walked toward the terrace.

Chapter 1493 Die!

7-8 minutes

Jie and the others rushed to the terrace when they heard Leng Nichang and Yongcheng quarreling.

They immediately told them to stop and brought them to the living room.

Yoncheng told them the reason why he was quarreling with her. He said she did adult things with Xiao Tian at Su hotel, and he was angry because of that.

Leng Nichang informed them that she did not do adult things with Xiao Tian. They only went on a date and watched a movie together.

However, Yongcheng did not believe her words, so she said something he wanted to hear.

The debate was getting worse to the point Leng Nichang said she did not want to stay at Wuying's house anymore.

She said it was better to stay at the hotel because Yongcheng always caused trouble for her.

They were shocked after hearing her words, especially Wuying.

She was the one who invited Leng Nichang, so she felt sad when Leng Nichang said she no longer felt comfortable staying at her house.

Of course, Wuying and the others stopped her from leaving the house. Things would get more complicated if she left Wuying's house.

Shortly after that, Yongcheng went out to meet his senior brothers because he wanted to vent his anger on Xiao Tian.

Xiao Tian was currently walking alone while eating ice cream. His face was full of smiles because he had a good time with his lover yesterday.

'I hope I can spend time with her again today.'

The smile on his face faded when ten people stopped him.

'Who are they?'

He did not know who they were because he had never met them before.

'Are they the people Yongcheng paid to beat me up?'

He suddenly suspected they were related to Yongcheng because Yongcheng was his only enemy.

And what he had guessed was right because they were indeed related to Yongcheng.

Yes, they were Yongcheng's senior brothers!

There was a reason why they looked for him.

They wanted to beat him up!

They could not find him yesterday, so they did not want to let the opportunity to beat him when they saw him.

"It's him! Beat him to death!" after saying that, Yoji rushed toward Xiao Tian.

Xiao Tian threw his ice cream at Yoji's face before finally kicking his mid-torso. He did not ask who they were because he believed they would not answer his question.

Like Yoji, Gosu and the others also attacked Xiao Tian.

Ten versus one!

Even though Xiao Tian could not defeat them instantly, but he had the upper hand in the fight.

Sure, they were powerful martial artists, but they were not strong enough to defeat him.

"Die!" Dengsu roared, throwing his right fist at Xiao Tian's face.

Yongcheng, who saw them from behind a tree, smirked.

'You can't run away this time, Xiao Tian! I will make sure to vent all my anger on you today. I will make you no longer dare to approach Nichang from today onwards.'

Of course, he believed his senior brothers would defeat Xiao Tian because he knew their strengths.

Bang!

Yoji managed to kick Xiao Tian's face.

Xiao Tian wiped the blood on the corners of his lips before finally smirking and attacking Yoji.

Bang!

Bang!

Bang!

Xiao Tian punched Yoji's face twice before finally kicking his mid-torso, causing Yoji to be thrown three meters.

Dengsu and the others were unhappy.

They were ganging up on him, but they still could not defeat him.

Sure, Yongcheng had told them that Xiao Tian was a powerful martial artist, but he was much stronger than they thought.

Yongcheng gritted his teeth.

'I did not expect him to be so powerful. It's ten versus one, but my senior brothers still can't defeat him.'

He hated Xiao Tian even more.

Xiao Tian stared at his enemies.

'It will be bad if I don't finish this fight quickly since my enemies are ten people.'

He decided to use his battle instinct and secret technique.

Even though they were extraordinary martial artists, he believed he could defeat them if he used his battle instinct and secret technique at the same time.

'I will do that.'

At the same time, six locals saw Dengsu and the others ganging up on Xiao Tian, so they decided to help him.

"Hey, stop!"

"Stop fighting!"

"What are you doing?"

"Stop now!"

"Stop!"

They shouted as they rushed toward Dengsu and the others.

Dengsu and the others instantly stopped attacking Xiao Tian and ran away. Even though they could fight the locals, but they did not do that.

They could end up in prison if they attacked the locals, so they chose to run away.

"Stop!" the locals did not chase them because they only wanted to help Xiao Tian.

They then brought Xiao Tian to the resting area. They asked him why Dengsu and the others attacked him as they treated his injuries.

He told them he did not know anything. He said they suddenly stopped him before finally attacking him.

However, he suspected it was related to Yongcheng because Yongcheng wanted to snatch his lover.

The locals got angrier after hearing his explanation. They began to speak ill of Enmei Martial Arts School because these people were from Enmei Martial Arts School.

Xiao Tian thanked them for helping him and telling him who they were. After that, he returned to the Su hotel.

Wuying's House, Front Yard.

Leng Nichang was currently in the front yard with Guanting. Leng Nichang did not avoid Guanting because she was not Yongcheng.

"Nichang, can you forgive my son?" Guanting spoke abruptly. "I know my son is wrong, but he does it because he loves you. He is actually a good person. I also don't know why he becomes like that."

"Auntie, I can forgive him, but you have to ask him not to act like that again." Actually, Leng Nichang did not want to give Yongcheng a second chance, but she changed her mind because he was Guanting's son.

"Really?" Guanting asked happily.

"As long as he can become a better person, I will forgive him." Leng Nichang would forget all his mistakes if Yongcheng no longer caused trouble for her and Xiao Tian.

"I will tell him to apologize to you later." Guanting was thrilled.

"I will go to Su hotel now." after saying that, Leng Nichang left.

Guanting could only sigh.

'She rarely spends time at our house since we kicked Xiao Tian out.'

She did not stop Leng Nichang.

At the same time, Yongcheng was talking with his senior brothers. They were annoyed because they failed to beat Xiao Tian up earlier.

"It's a pity. We almost beat him up earlier." Dengsu stated.

"If it weren't for the locals earlier, we would have managed to beat him." Yoji added.

"It's fine, senior brothers." Even though Yongcheng was also unhappy, he was fine with it. "We can beat him up again tomorrow."

"You are right, Yongcheng." Gosu responded, "We will beat him up tomorrow."

"Yes, we will beat him up tomorrow." Yoji and the others repeated his words.

At the same time, Leng Nichang arrived at the Su hotel.

'I'm sure he will be happy if he sees me.'

Her happy face turned worried when she saw Xiao Tian's condition.

"Xiao Tian, what happened to you?" she asked worriedly.

Chapter 1494 Going To Enmei Martial Arts School

7-9 minutes

"Xiao Tian, what happened to you?" Leng Nichang asked worriedly.

She was currently in the living room with Xiao Tian. She was shocked and worried when she saw a few bruises on his face.

Previously, she wanted to hug and tease him after he opened the door, but she did not do that after seeing his condition.

"It's like this..." he began explaining everything.

He also told her that these people were related to Yongcheng.

"Yongcheng?!" Leng Nichang rose to her feet. "I will return to grandma Wuying's house now. I will beat him!"

She was furious because Yongcheng dared to do bad things to her lover. Previously, she wanted to give him a second chance, but now it was a different story.

Sure, he was her childhood friend, but Xiao Tian was her lover.

She could not accept it.

She wanted to take revenge on Yongcheng!

He grabbed her right hand and spoke, "Nichang, don't do that. Leave it to me. I will take care of him tomorrow."

Previously, he had called his underlings. He ordered his underlings to come to Suzi city because he would go to Enmei Martial Arts School to beat Yongcheng tomorrow.

He wanted to seek revenge!

They ganged up on him earlier, so he wanted to show them how to gang up on someone.

"But your face is..." of course, she still wanted to scold Yongcheng because he was the reason why Xiao Tian was injured.

"Don't worry. I have Zixy powder." He showed her Zixy powder. "It's just a minor injury, so I'll be fully recovered tomorrow."

He told her about Zixy powder. He said to her that Long Jingxian was the one who made Zixy powder.

She sat on the couch again, "So what are you going to do now?"

"I will take revenge on them tomorrow." He told her that his underlings would arrive tonight.

"Xiao Tian, you can beat him, but don't kill or cripple him. After all, he is grandma Wuying's family." She could not let Xiao Tian kill Yongcheng because Wuying and Guanting would be sad later.

"Alright." Even though he would not kill Yongcheng, but he would make Yongcheng regret his actions.

"Come here, Xiao Tian. I will spoil you today." She wanted to spoil him so that he was not sad anymore.

"I love that idea!" after saying that, he placed his head on her lap.

The next day at 02:22 pm, Xiao Tian and his underlings went to Enmei Martial Arts School.

Their intention was clear.

They wanted to beat Yongcheng and his senior brother!

Previously, one of his underlings informed him that Yongcheng and his senior brothers were training martial arts.

This was a good opportunity to beat them together, so he did not want to let this chance slip away.

They did not put Enmei Martial Arts School in their eyes because it was not a powerful martial arts school.

Yes, Enmei Martial Arts School was much weaker than the Dragon gang!

Their teacher was only at the low-level grandmaster stage. They had five instructors.

Three of them were at the high-level master stage, while the others were at the low-level grandmaster stage.

Sure, three of them were at the low-level grandmaster stage, but Xiao Tian did not care about it.

First, Mu Hou was also a martial artist at the low-level grandmaster stage. Second, his power was equal to the extraordinary martial artist at the low-level grandmaster stage.

Third, Enmei Martial Arts School only had seventy disciples, while his underlings were one hundred and fifty people.

And last, they had poison needles and several powders to help them defeat them.

Of course, Xiao Tian would not hurt innocent people because his intention was only to beat Yongcheng and his ten senior brothers.

However, he would show no mercy to those who tried to protect Yongcheng and his ten senior brothers.

"Remember this! You can do whatever you want if a war breaks out, but don't kill anyone this time." Xiao Tian gave his underlings a warning.

"Understood, leader!" his underlings responded in unison.

Enmei Martial Arts School, Training Hall.

Yongcheng and the others were in the training hall. Of course, they did not know that Xiao Tian and his underlings were on their way to their martial arts school.

"Everyone, let's go to the courtyard now. We will practice there after this." Xu, their martial arts teacher, spoke abruptly.

"Understood, teacher." All disciples of Enmei Martial Arts School instantly headed to the courtyard.

Shortly after they reached the courtyard, Xiao Tian's underlings came.

They were shocked.

They were stunned when more than one hundred people stepped into their courtyard.

"Who are they?"

"What are they doing here?"

"Do they want to cause trouble in our place?"

"Will they attack us?"

Several disciples of Enmei Martial Arts School were terrified because Xiao Tian and his underlings came with weapons in their hands.

All the instructors instantly stepped forward, protecting their disciples.

"Who are you?" Huang, one of the instructors, asked angrily.

"Why did you come to our place?" Lei, the best instructor, was unhappy with their presence.

"Leave!" Cao, the oldest instructor, shouted.

"Yes. You are not welcomed here!" Yan, the shortest instructor, told Xiao Tian and his underlings to leave their place.

"Leave before you regret it!" Dai, the tallest instructor, behaved mightily.

Their teacher was still in the training hall, so he did not know what was going on.

Yongcheng and his ten senior brothers were shocked when they saw Xiao Tian.

'What?!'

They found it hard to believe what they were seeing.

'Where did he get that many people?'

Of course, they still did not know that Xiao Tian was a gang leader.

Yongcheng said Xiao Tian was rich, so they thought he paid these people to seek revenge on them.

'What should we do now?'

Yongcheng and his ten senior brothers exchanged a glance with each other.

"I'm looking for Yongcheng and his ten senior brothers." Xiao Tian told them the names of the people who attacked him yesterday.

"Why are you looking for them?" Dai tried to protect Yongcheng and the others.

"I want to seek revenge!" Xiao Tian gave an honest answer. "They dared to gang up on me yesterday, so I want to beat them to death now!"

Dai turned his head to look at Yongcheng and the others. "Is that true?"

When Xiao Tian caught sight of Yongcheng, his lips curled up into a grin. "Ah, there you are!"

"Instructor, he is lying!" Yongcheng denied it so that his instructors would protect him. "I never attacked him. He only wants to cause trouble in our place."

"That's right, instructor!" Gosu added. "We haven't even met him before."

One by one, people who attacked Xiao Tian denied everything. They also made up a story so that their instructors would protect them.

There was no way they could defeat Xiao Tian and his underlings because they had more than one hundred people.

"So, you are lying to us, huh?" Dai decided to believe Yongcheng and the others because they were from the same martial arts school.

"I don't care if you believe me or not. My intention is still the same. Give them to me, or else I will bury you all together with your martial arts school!" Xiao Tian's eyes gleamed with terrifying sharpness as he threatened them.

Chapter 1495 What?! He Is A Leader Gang?!

7-9 minutes

The instructors were unhappy with Xiao Tian's behavior. He was in their place, but he still dared to act arrogantly and mighty.

However, they did not dare to act recklessly because Xiao Tian and his underlings outnumbered them.

Xiao Tian turned his head to look at Yongcheng and his ten senior brothers. "Why are you hiding like a rabbit now? Where did your mighty behavior go? Didn't you say you wanted to beat me up to death? Come here. I'm in front of you now."

All the instructors finally knew what was going on.

Even though Yongcheng and his ten senior brothers were at fault, they could not let Xiao Tian take Yongcheng and the others.

The reason was simple.

They would lose face!

Not only that, but everyone would think that Enmei Martial Arts School could not protect their disciples.

It would be hard to get a new disciple if they had lost face because reputation was important to get a disciple.

"Why are you talking to dogs, leader? Let's just beat them to death!"

"That's right, leader. Let's just beat them up. My hands are itching now."

"I also want to beat them up immediately, especially their instructors. They are so annoying in my eyes."

One by one, Xiao Tian's underlings expressed their desire to beat all disciples of Enmei Martial Arts School.

Yongcheng and his ten senior brothers were shocked.

'What?! Leader?! He is a gang leader?!'

Previously, they thought Xiao Tian paid them because he was rich.

'What should we do now?'

They suddenly regretted their actions.

If they had known Xiao Tian was a gang leader and had more than one hundred underlings, they would not have dared to cause trouble for him.

However, everything was already too late. They had caused trouble for him, and they could not turn back time.

At that moment, they only hoped their instructors and teacher would protect them from Xiao Tian.

Like Yongcheng, all the instructors were stunned.

'He is a gang leader?! Yongcheng bastard! Why did he cause problem to a troublesome person?'

They carefully paid attention to Xiao Tian and his underlings, trying to find out the name of their gang.

'There is a symbol of blue ice lotus on the chest part of their clothes. Which gang is it?'

They had never seen Xiao Tian and his underlings before, so they knew nothing about them.

They also believed it was not a new gang because Xiao Tian had one hundred and fifty underlings.

One gang name suddenly appeared in their minds.

Blue Ice Lotus gang!

Even though their city was far from the Blue Ice Lotus gang base, but they knew about it because it was the strongest gang in Shanghai.

However, they were still not one hundred percent sure because the possibility of the Blue Ice Lotus gang coming to their martial arts school was very small.

"Are you guys from the Blue Ice Lotus gang?" Lei, the strongest instructor, wanted to make sure if their guess was right or not.

Yongcheng and his ten martial brothers were shocked again.

'What?! Blue Ice Lotus gang?'

Of course, they knew about the Blue Ice Lotus gang because it was a famous gang in Shanghai.

"Oh! You know about us?"

"That's right, we are from the Blue Ice Lotus gang and Shadow gang."

"It seems like we are very famous now. Even people in a small city know us."

"Of course, because we are the strongest gang in Shanghai now."

"Damn right!"

Xiao Tian did not say anything because his underlings had answered Lei's question.

"These bastards dared to cause trouble to our leader, so we came to skin them alive." One of the Blue Ice Lotus gang members uttered.

All the instructors' courage dropped drastically.

Now they finally knew they would not be able to protect Yongcheng and his ten senior brothers because their enemy was powerful.

Yongcheng and his ten senior brothers fell to the ground.

'What?! He is the leader of the Blue Ice Lotus gang?!

Previously, they were already scared because Xiao Tian was a gang leader with more than one hundred underlings.

Due to how scared they were, they could not even express their fear in words.

Their bodies trembled non-stop, and they felt as if a king devil was standing before them when they looked at Xiao Tian.

'Out of billion people, why it has to be him?'

There were many rumors about the Blue Ice Lotus gang.

One of the rumors was that the Blue Ice Lotus gang was ruthless gang, especially their leader.

Their leader always kidnapped his enemies and tortured them in his gang base every day.

He also enjoyed torturing his enemies because he always laughed happily whenever he did that.

Some rumors even said he also drank his enemies' blood. Due to how scary and cruel he was, some people believed he was not a human being but a devil king.

Many people even stated your life was already over if you fell into his hands because he would make you wish you were dead.

This was the reason why Yongcheng and his ten senior brothers fell to the ground and trembled in fear.

It was because they had heard many terrifying rumors about the Blue Ice Lotus gang and their leader!

'Are...are we going to die today?'

Yongcheng and his ten senior brothers doubted that their instructors would protect them because their enemy was the strongest gang in Shanghai.

"I'm in good mood today, so I will leave immediately if you give Yongcheng and his ten senior brothers to me." Xiao Tian stated.

All the instructors did not answer immediately and stared at Yongcheng and his ten senior brothers.

'What should we do now?'

They exchanged a glance with each other.

As they were thinking about whether they should save Yongcheng or not, Xu walked closer to them.

"What's going on?" Xu still did not know what was going on.

"Teacher."

"Teacher."

"Teacher."

"Teacher."

One by one, all disciples of Enmei Martial Arts School greeted him.

"Who are you? Why are you in my place?" Xu was shocked when he saw Xiao Tian and his underlings.

"Is he their teacher?"

"He is so old and ugly!"

"I'd rather die than have a teacher like him!"

"Woy, old man. You should not be here. Hurry up and go home. You are already old, so it's better for you to play with your grandchildren at home."

Xiao Tian's underlings made fun of Xu because he was already old.

Xu only glanced at Xiao Tian's underlings. "Lei, who are they?"

"Teacher, they are Blue Ice Lotus gang. That young man who is holding black katana is their leader, Xiao Tian." Lei began explaining everything.

Xu finally understood everything. "So, you want to seek revenge, huh?"

"Hmm? Are you going to protect them?" Xiao Tian threw a question.

Yongcheng and his ten senior brothers instantly held Xu's legs, asking him to protect them.

"Teacher, please save us." Yongcheng put on a pleading face.

"Please save us, teacher." Gosu and the other said in unison.

They behaved like cowards after learning about Xiao Tian's identity because they knew what would happen to them if Xu did not protect them.

Xu looked at his pitiful disciples before returning his attention to Xiao Tian. "This is Enmei Martial Arts School. You need to ask for my permission if you want to do something in my place."

Chapter 1496 Do You Want To Spar With Me Or Duel With Me?

7-8 minutes

Xu behaved normally even though Xiao Tian and his underlings outnumbered them because he was their teacher.

As their teacher, he could not show any weakness because it could be the beginning of their destruction.

"Leader, what are we waiting for? My daggers are thirsting for their blood now."

"Yes. My sword is also thirsting for their blood."

"My spear too."

"My tonfa too."

Xiao Tian's underlings could not wait to beat them because Xu and his disciples were annoying in their eyes.

"I will ask you one last time." Xiao Tian spoke and paused for a second before he continued, "Are you sure you want to protect them?"

Yongcheng and his ten senior brothers put on pleading faces because their lives would be over if their teacher did not protect them.

Xu looked at his disciples before returning his attention to Xiao Tian's underlings.

'We are at a disadvantage now.'

He began to think of a way to get out of the difficult situation.

'Wait!'

He suddenly had a good idea.

And his idea was to challenge Xiao Tian to fight against him!

Xiao Tian was their leader, so he was sure everything would be under his control if he could defeat Xiao Tian.

"Xiao Tian, how about we duel here? If you win against me, I will let you take them. However, I want you to leave my place if you lose. How is it? Do you dare to accept my challenge?" Xu was sure he could defeat Xiao Tian because he was a martial artist at the low-level grandmaster stage.

Sure, he was only an ordinary martial artist, but he believed Xiao Tian was only at the master stage because he was still young.

"Old man, I will fight you!" Mu Hou knew Xu's intention because it was a well-known tactic in a war.

"You are not their leader, so I don't want to fight you." Of course, Xu refused because he only wanted to fight against Xiao Tian. "You are not afraid, right?"

Xiao Tian's lips curled up into a smirk.

'What a fool!'

He had checked Xu's strength using the energy of heaven and earth.

Xu was not a candidate to be the Ruler, so he believed he could defeat Xu. Mu Hou even had a stronger aura than Xu.

"Old man, do you want to duel with me or spar with me?" Xiao Tian threw a question.

Xu did not get his words. "What's the difference? Isn't it the same?"

"Of course not! If you choose spar, I will only use the flat part of my sword/ricasso. At most, you will only get injured or faint. But..." Xiao Tian's eyes gleamed with terrifying sharpness as his body emitted a deadly aura. "I will kill you if you choose duel. So, do you want to spar with me or duel with me?"

[A/N: ricasso/false edge/ flat part of the sword is the dull edge of the sword. I spent twenty minutes looking for this, and I still don't know if it's right or not.]

"As expected of our leader, he is so cool!" one of the Blue Ice Lotus gang members praised him.

"Of course. After all, he is our leader." Another member of the Blue Ice Lotus gang added.

Xu was unhappy because Xiao Tian's words sounded like he was underestimating him.

Sure, Xiao Tian was the leader of the strongest gang, but that did not mean he was weaker than Xiao Tian.

'Damn it!'

He was unhappy when Xiao Tian put him in a difficult situation again.

His disciples would think he was afraid of Xiao Tian if he picked spar, but he suddenly had an uneasy feeling when he was about to choose a duel.

Xiao Tian was the leader of the strongest gang in Shanghai, so he could not underestimate him.

There was no way the leader of the strongest gang was an ordinary martial artist. He believed there was something special about Xiao Tian.

Luckily, some of his disciples answered Xiao Tian's question for him, so he did not lose face.

Xiao Tian's underlings and Xu's disciples instantly made a space for them. They also began shouting, cheering them.

At this moment, Yongcheng and his ten senior brothers folded their hands together, praying to God so that their teacher could defeat Xiao Tian.

Xiao Tian unsheathed his black katana and focused on Xu.

*Inhale...exhale...

He wanted to finish the fight quickly, so he decided to use his secret technique and battle instinct.

He felt his body become stronger and lighter as the energy of heaven and earth entered his martial arts points.

Xu did not know what Xiao Tian was doing. He thought Xiao Tian was waiting for him to attack him.

'Then I will attack you now!'

With that idea in mind, Xu rushed toward Xiao Tian.

Xiao Tian's eyes gleamed with a terrifying light after opening his eyes.

'Moon style sword of drawing techniques- fifth form: one hundred deadly slashes.'

He moved in a lunar spiral pattern before changing it into a triskele pattern and finishing it with a spirituality symbol.

His movements were faster, and his attacks were deadlier because he was in battle instinct mode.

*Slash...Slash...Slash...

Head, arms, chest, neck, and legs; every part of Xu's body was hit by Xiao Tian's deadly attacks.

Xu was unable to block or avoid Xiao Tian's attacks because his attacks were too fast for him.

'Impossible.'

He fell to the ground.

Even though he was still conscious, but he could not stand up anymore because Xiao Tian had also attacked his legs earlier.

Xu's disciples widened their eyes in disbelief.

'What?!'

They found it hard to believe what they were seeing.

Previously, they thought their teacher would defeat Xiao Tian, but they were wrong.

They were utterly wrong because it was their teacher who got defeated by Xiao Tian. He was even defeated in a short amount of time.

"As expected of our leader!"

"Our leader is amazing!"

"Our leader is the best martial artist in the world."

"Hey, look at your teacher! He is so pitiful! Haha."

"Old man, I have told you before. You should stay at home and play with your grandchildren."

"Old man, why are you lying on the ground? Do you like the ground so much? Haha."

"Haha."

One by one, Xiao Tian's underlings praised Xiao Tian and humiliated Xu.

Xu was the one who challenged their leader, but he was defeated in less than ten seconds.

It was funny!

It was too funny to the point they did not know how to humiliate Xu with the right words!

Xiao Tian instantly stopped using battle instinct after defeating Xu.

He only needed seven seconds to perform a secret move, and he could maintain his battle instinct mode for ten seconds, so he still had the stamina to act normally.

'You are lucky, old man!'

Xu would have died if he had used the sharp edge of his sword.

At this moment, Xu's disciples were still in a state of shock. Sure, they knew Xiao Tian was strong, but he was much stronger than they thought.

He even could defeat their teacher in less than ten seconds.

'Are my eyes playing tricks on me?'

They rubbed their eyes because they found it hard to believe what they were seeing.

However, what they saw was the same.

Xiao Tian had beaten up their teacher!

'How could something like this happen?'

That was the question that appeared in their minds.

Xiao Tian looked at them and inquired, "Do you still want to fight me?"

Chapter 1497 Mercy!

7-9 minutes

"Do you still want to fight me?" Xiao Tian was sure their will to fight had disappeared because he had defeated their teacher in less than ten seconds.

Most of Xu's disciples lowered their heads.

Xiao Tian had defeated their teacher, and his underlings outnumbered them, so they wavered if they should still fight him or not.

'What should we do?'

They raised their heads to look at their instructors.

At this moment, Yongcheng and his ten senior brothers fell to the ground again.

Previously, they thought they had survived the calamity because their teacher decided to fight Xiao Tian.

They did not expect him to defeat their teacher. He even defeated their teacher in a short amount of time as if their teacher was weak.

'It's really over now!'

They finally knew that Xiao Tian did not use his full power when they ganged up on him yesterday.

'All of this is because of that bastard Yongcheng!'

Yongcheng's ten senior brothers began to regret their actions.

If they had known Xiao Tian was the leader of the strongest gang, they would have refused to help Yongcheng because fighting against him was the same as digging their own graves.

All the instructors exchanged a glance with each other. They were communicating through their eyes, discussing whether they should seek revenge or not.

After looking at each other for several seconds, they decided to fight against Xiao Tian and his underlings because they would lose face if they did nothing to them.

"Attack them!" Cao roared before finally rushing toward Xiao Tian. "Take revenge for our teacher."

"Attack them!" Xu's disciples shouted.

Xiao Tian turned his head to look at Cao.

'Hmm?'

He thought their will to fight had disappeared, but now he knew he was wrong.

"Beat up these bastards!"

"Show them how mighty our gang is."

"Show them what despair is!"

"I'm so happy. I finally can beat them up now."

"Haha! I have been waiting for this!"

One by one, Xiao Tian's underlings roared happily.

They wanted to beat up Xu's disciples so badly, so they were pleased when Cao and the others decided to fight them.

"Beat them up!" Xiao Tian's underlings rushed toward Xu's disciples.

The war finally broke out.

The sound of weapons clashing reverberated in the entire area.

Even though Xu's disciples were outnumbered by Xiao Tian's underlings, there was not the slightest hint of fear in their eyes.

Yes, they fought like brave knights!

"Die!" all the instructors rushed towards Xiao Tian, intending to beat him to death.

He was their leader, so the instructors believed their will to fight would reduce drastically if they beat him.

However, it was not easy to attack Xiao Tian because Mu Hou, Mizu, and Chun Hua instantly stopped them.

The trio knew that Xiao Tian had used most of his stamina because using battle instinct and secret technique at the same time consumed a lot of stamina.

Actually, Xiao Tian could still fight because he stopped using battle instinct in the seventh second.

He did not attack Xu's disciples because he believed his underlings were enough to defeat them.

And what he had guessed was right because Xiao Tian's underlings won the war shortly after that.

Even though two of the instructors were already at the low-level grandmaster stage, but they could not turn the tables.

Yes, they lost because Xiao Tian's underlings ganged up on them!

"Aghh..."

"Aghh..."

"Aghh..."

All of Xu's disciples were lying on the ground with blood filling their bodies.

Their faces were full of bruises, and some of them were unconscious. However, none of them died.

"Leader, we have captured them," Mizu spoke abruptly.

Yongcheng and his ten senior brothers were unconscious. He decided to knock them out because, with this, they could not fight back.

"What should we do to them?" Mizu inquired.

All of Xu's disciples, who were still conscious, stared at Xiao Tian.

Xiao Tian looked at Yongcheng before returning his attention to Xu's disciples.

"Previously, I did not want to hurt you all because my troubles were only with Yongcheng and his ten senior brothers, but you ignored my advice." Xiao Tian was annoyed when he recalled their previous behavior.

At this moment, all of his underlings were looking at him, waiting for his order.

Xu wanted to beg for forgiveness, but he could not move his body. He also could not say anything because Xiao Tian hurt his neck too.

Xiao Tian's underling, who noticed it, immediately stomped his face.

"Old man, what are you trying to do?" the red-haired man said coldly. "My leader is talking right now, so you have to listen to him."

Xu could only glance at him.

'No, I need to save my disciples!'

He tried to break free, but his efforts were in vain.

"You dare to get in my way, so I will show you the consequences of offending me." they did not value their chance when he showed his kindness, so he wanted to make them regret their actions.

"Are you going to kill us?" Lei, who was lying on the ground, inquired.

"That's actually not a bad idea." Xiao Tian's lips curled up into a grin.

"You! Are you not afraid of the consequences? The police will arrest you if you kill us." Cao did not want Xiao Tian to kill Xu's disciples.

"Why should I be afraid of the consequences? As for information, I have killed many people before." Xiao Tian responded, "And we also have a lot of methods for erasing evidence."

"You!" Huang gritted his teeth.

"You should blame yourself for da-" before Xiao Tian had finished his words, his smartphone suddenly rang.

'Nichang?'

He immediately picked up the phone.

"Hello, my love?" Xiao Tian's expression turned soft in a second, "What's wrong?"

Huang and the others were stunned.

Previously, his expression was terrifying, and his voice was filled with coldness, but everything changed after he picked up the phone.

Yes, he looked like a kind and cheerful person!

'What?!'

They were astonished by his sudden change in behavior.

"Me? I'm in the park right now." Xiao Tian responded, "I'm playing some games with my new friends."

Cao and the others almost coughed blood after hearing his words and seeing his smile.

'Is he really the same person who wanted to kill us a few seconds ago?'

That was the question that appeared in their minds.

"What?! You have new friends?" Leng Nichang was surprised. "Am I disturbing you?"

"Of course not." Xiao Tian responded, "So, why are you calling me?"

"I just want to eat with you." She gave an honest answer.

"Eat with me?" Xiao Tian was pleased after hearing her words. "Sure. I will return to the hotel now. Let's meet at the hotel. After that, we will go to a romantic restaurant."

"Alright." After saying that, she hung up the phone.

Xiao Tian returned his attention to Huang and the others. "You guys are in luck today. Previously, I wanted to kill all of you, but I changed my mind."

Xu was relieved when Xiao Tian said he had changed his mind.

Xiao Tian unsheathed his katana. "I will let it slide for today because my lover wants to eat with me now."

Huang and the others did not dare to say a single word. They even did not dare to look at him because they were afraid of the consequences.

"What do you call this again?" Xiao Tian spoke and paused for a second before he continued, "Oh, right. MERCY!"

Chapter 1498 Xiao Tian's Evil Plan

7-9 minutes

Xiao Tian and his underlings brought Yongcheng and his ten senior brothers to an abandoned factory after leaving the Enmei Martial Arts School.

He did not torture them immediately because his lover wanted to eat with him. For this reason, he left right after ordering his underlings to watch over them.

Yongcheng and his ten senior brothers thought God had protected them when Xiao Tian left without doing anything, but they were wrong.

They were utterly wrong because Xiao Tian's underlings immediately beat them up after their leader left.

Xiao Tian's underlings did not hit their faces, but they hit the other part of their bodies, like the chest, arms, stomach, and legs.

Sure, no blood was coming out of their bodies, but they felt immense pain. The pain was so intense to the point they felt like someone kept crushing their bones.

At this moment, they finally knew that all the rumors about them were true because Xiao Tian's underlings laughed happily as they tortured them.

They really enjoyed torturing them. Some of them even said cruel things, like burning them alive, cutting their penises, etc.

Yongcheng and his ten senior brothers did not dare to imagine what Xiao Tian would do to them because all the rumors about him were so terrifying.

Rumor had it that he was far more ruthless than his underlings because he also drank his enemy's blood.

They regretted it.

They really regretted it, especially Yongcheng.

Yongcheng knew Xiao Tian was a powerful martial artist, but he did not expect him to be the leader of the Blue Ice Lotus gang, the strongest gang and the cruelest gang in Shanghai.

If he could turn back time, he would not disturb Xiao Tian's time with Leng Nichang because Xiao Tian was the leader of a cruel gang.

He even could destroy Enmei Martial Arts School if he wanted to. But now, there was no point in regretting everything because it was already too late.

It was already too late to ask for forgiveness because he had done many bad things to Xiao Tian.

Yoji, one of Yongcheng's senior brothers, stared at him coldly. He blamed Yongcheng for everything because he would not be in that situation if it was not for Yongcheng.

However, Xiao Tian's underlings did not let him complain to Yongcheng because they always beat him up whenever he said a single word, as if they told him to shut his mouth through their actions.

Two hours after that, Xiao Tian returned to the abandoned factory. He immediately sat in front of Yongcheng and his ten senior brothers.

Yongcheng and his senior brothers trembled non-stop when Xiao Tian smirked at them.

"Sorry for making you wait." Xiao Tian apologized as if they were friends who promised to meet.

Yongcheng and his ten senior brothers did not dare to look at him and kept lowering their heads.

"Hmm? Did you play with them when I was not around?" Xiao Tian saw many new bruises on their bodies.

"No, leader. Previously, there were many mosquitoes perched on their bodies, so we helped them kill it because they were being tied to the pillars of the building." One of Xiao Tian's underlings lied to him.

"I see." Even though Xiao Tian knew she was lying to him, he acted as if he believed it. "Well done. We should not let a mosquito suck their blood because it will be bad for their health."

Yongcheng and his ten senior brothers almost coughed blood after hearing their conversation.

'They are indeed crazy people!'

They were shocked when Xiao Tian played along with his underling's lies.

"Hey, stop lowering your head because I want to talk to you." Xiao Tian knew the reason why they kept lowering their heads.

However, they ignored his words because they were afraid of him. They were afraid that he would beat them up when they lifted their heads.

"Bastard, our leader ordered you to stop lowering your head. Are you deaf?"

"Hey, are you asking for a beating again?"

"Raise your head, asshole!"

Xiao Tian's underlings were annoyed when Yongcheng and his ten senior brothers ignored their leader's words.

One of them instantly stepped forward and hit Yongcheng's mid-torso. "Look at our leader, bastard!"

*Uak...

Blood splashed out of his mouth when she hit his mid-torso hard.

She was even angrier when his blood fell on her clothes. "Damn it! Not only did you ignore my leader's words, but you also tarnished my clothes with your dirty blood. It seems like I have to teach you a lesson again."

Previously, she had never hit his face, but this time was different. She could not control herself when he tarnished her clothes with his dirty blood.

Bang!

She hit his face hard.

Xiao Tian did not say anything when she hit Yongcheng's face because he also hated Yongcheng.

Yongcheng's senior brothers trembled in fear again.

'They are indeed cruel people. They always use their fists in everything.'

They instantly raised their heads to look at Xiao Tian because they were afraid that his underlings would hit them too.

Yongcheng raised his head after getting hit by Xiao Tian's underling because he did not want to get hit again.

At this moment, he wanted to ask for forgiveness, but he did not dare to do that because he was afraid that he would get beaten up again.

"Youngcheng, don't you hate me? Why don't you curse me like usual?" Xiao Tian made fun of Yongcheng.

Like before, Yongcheng did not say anything. Of course, he really hated Xiao Tian because Xiao Tian had snatched Leng Nichang from him.

However, he did not dare to say that because he was afraid that Xiao Tian's underlings would beat him up again.

Xiao Tian turned his head to look at Yongcheng's senior brothers. "Didn't you help him yesterday? Why don't you guys help him again?"

He really loved it when he could make fun and torture his enemy like that. This was the reason why he often tortured his enemy in the past.

"How about we play a game now?" Xiao Tian suddenly had a good idea to torture them.

Yongcheng and his ten senior brothers were startled.

'A game?'

They did not know why he suddenly wanted to play a game with them.

"Game? What kind of game is that?" Gosu, one of Yongcheng's senior brothers, inquired.

"It's an easy game. I will throw a question, and you have to answer it." Xiao Tian responded instantly, "If you can answer my question correctly, I will release you."

"Really?" Yongcheng and his ten senior brothers asked in unison.

"Of course." Xiao Tian responded, "But my underling will hit you once if you give a wrong answer."

His underlings smirked.

'It seems like we can beat them again later.'

Of course, they knew what would happen to Yongcheng and his ten senior brothers because they knew their leader's personality well.

There was no way their leader would release his enemy easily. At least, he would torture them to his heart's content before releasing them.

Yongcheng and his ten senior brothers were dumbfounded.

'What? We will get hit if we give a wrong answer?'

Even though they would only get hit once, but their bodies were already weak.

"Let's start the game now." Xiao Tian's lips curled up into a grin.

Chapter 1499 Playing Some Game

7-9 minutes

"I will give a question to Yongcheng first. This question is so elementary. You should kill yourself if you can't answer this question correctly because I believe any kid can answer this question." Xiao Tian began to carry out his plan.

Yongcheng paid attention to Xiao Tian carefully. He was in the category of smart people, so he would use this opportunity to get out of that hell place.

"What is the answer of one plus one?" Xiao Tian inquired.

Yongcheng was shocked.

'What?!'

He was startled because the question was so easy.

Like Yongcheng, his ten senior brothers were also shocked. Previously, they thought Xiao Tian would give a hard question, but they were wrong.

His question was so elementary, to the point any kid could answer it.

'Is this a trick question?'

They suddenly suspected it was a trick question because there was no way Xiao Tian would release Yongcheng so easily.

"What is your answer, Yongcheng?" Xiao Tian inquired.

"Two. The answer is two." Yongcheng answered happily because he thought he had finally managed to get out of that hellish place.

The smile on Yongcheng's face faded after hearing Xiao Tian's words. "Wrong! The answer is not two."

"What?!" Yongcheng was shocked. "How can it be wrong? I'm sure anyone will answer two."

"Tch, tch, tch!" Xiao Tian made fun of Yongcheng. "The right answer is eleven."

His underlings giggled happily.

They were not surprised because they had suspected something like this would happen.

Like Xiao Tian's underlings, Yongcheng's ten senior brothers had guessed it. They had suspected it was a trick question.

"No! The answer is two, not eleven." Of course, Yongcheng disagreed with Xiao Tian's answer.

Xiao Tian sighed before finally taking his underling's tonfa. "It seems like you never study all this time. I will explain it to you now, so pay attention to me carefully."

Actually, Yongcheng's answer was right, but he could not torture Yongcheng if he said Yongcheng's answer was right.

Xiao Tian made two straight lines on the ground using a tonfa. He did not write a plus sign between two straight lines.

To put it simply, if you wrote number one twice, it would become number eleven, not number two.

"See! It's eleven." Xiao Tian stated. "You are really stupid!"

"No! It's two!" Yongcheng disagreed with Xiao Tian's answer because it did not make sense.

"You still disagree with my answer, huh?" Xiao Tian turned his head to look at his underlings. "Hey, answer me. What is the answer of one plus one?"

"Eleven!" Xiao Tian's underlings responded in unison.

Xiao Tian returned his attention to Yongcheng. "See! My underlings also agreed with me."

Yongcheng looked at his ten senior brothers, asking for their help. "Senior brothers, it's two, right?"

However, his senior brothers did not say anything and turned their heads to avoid his gaze.

Xiao Tian looked at his underlings. "Hit him once."

"Leader, let me hit him."

"Leader, choose me."

"Choose me."

"Choose me, leader."

The members of the Blue Ice Lotus gang asked Xiao Tian to choose them because they wanted to hit Yongcheng again.

"Yongcheng, it seems like you are really popular because almost all of my underlings want to hit you." Xiao Tian used a unique way to choose his underling.

He sang a unique song as he pointed his right index finger at his underlings.

"Alright, you hit him now." Xiao Tian uttered.

The red-haired girl jumped happily. "Yes. I was chosen by our leader."

"Yongcheng, don't worry. She is weak." Xiao Tian spoke and paused for a second before he continued, "She is only a martial artist at the mid-level master stage, so her power is not strong."

"Hehe." The red-haired girl laughed happily when she was in front of Yongcheng. "I only hit you once before, so I'm really happy now."

Bang!

Bang!

Bang!

Bang!

But instead of hitting Yongcheng once, she hit him four times. She hit his face once and his mid-torso three times.

*Uakk...

Blood splashed out of Yongcheng's mouth.

Yongcheng could not block or avoid it because he was tied to the pole. "You, didn't he tell you to hit me just once?"

"Why did you hit him four times?" of course, Xiao Tian did not mind it.

No!

He loved it because he liked seeing Yongcheng's expression when he was being hit by his underling.

"I forgot, leader. Hehe." she was lying because hitting him once could not satisfy her.

"Just drink more water from today onwards. Drinking enough water can improve the ability to concentrate and boost memory." He played along with her lies.

"Understood, leader." She responded before returning to her previous position.

Xiao Tian then looked at Gosu, Yongcheng's senior brother. "You are next, Gosu."

Gosu's body tightened.

Based on what Yongcheng experienced, any answer would be wrong in Xiao Tian's eyes.

'I hope God will help me now.'

He hoped Xiao Tian would agree with his answer later.

"What is the color of the sky?" Xiao Tian inquired.

Gosu did not answer Xiao Tian's question immediately because he was afraid it was a trick question again.

'The right answer should be blue, but I'm sure he will say blue is not the right answer.'

He looked at Xiao Tian intently.

"Orange." Gosu hoped Xiao Tian would agree with his answer.

"Haha." Xiao Tian burst into waves of laughter after hearing Gosu's answer. "Stupid! You are really stupid! You even don't know the color of the sky. What have you been doing all this time? Have you never seen the sky before?"

"Haha." Xiao Tian's underlings laughed too.

Xiao Tian turned his head to look at his underlings. "What is the right answer?"

"Blue," Xiao Tian's underlings responded in unison.

"The right answer is blue." Xiao Tian uttered, "How could you not know the answer of a simple question like this? Are your eyes just for decoration?"

Gosu almost coughed blood.

Previously, Xiao Tian disagreed when Yongcheng gave the right answer, but now he used the right answer.

"Hit him once." Xiao Tian ordered his underling to hit Gosu once.

Like before, his underling did not hit Gosu once.

If previously the red-haired girl hit Yongcheng four times, this time, the person Xiao Tian chose to hit Gosu did it six times.

Xiao Tian told her to drink more water when she said she forgot about it.

Yoji, who saw Gosu's condition, trembled non-stop. He was next to Gosu, so he believed it was his turn now.

'He is a devil. They are devils.'

Now he knew everything.

Xiao Tian did not want to release them, so he would keep saying their answer was wrong.

In other words, Xiao Tian only gave them false hope!

He had no intention of releasing them from the beginning.

He only wanted to play with their emotions.

'The rumors are right. Our lives are already over when we fall into Xiao Tian's hands.'

The fear within him grew bigger when he saw their laughter.

At that time, they looked like devils who laughed happily because they enjoyed playing with their toys.

"This game is so fun!"

"As expected of our leader, he is so smart."

"That's right. He knows how to make the atmosphere lively."

One by one, Xiao Tian's underlings praised him for making the atmosphere lively.

Xiao Tian looked at Yoji. "It's your turn now."

Yoji gulped his saliva.

"What is the color of fire?" Xiao Tian inquired.

Chapter 1500 Beat Him!

7-9 minutes

"What is the color of fire?" Xiao Tian asked this question because a fire had many colors.

Of course, Yoji knew that fire had many colors.

This was the reason why he did not answer Xiao Tian's question immediately because Xiao Tian could make an excuse to disagree with his answer later.

After thinking for several seconds, Yoji finally knew the best way to answer Xiao Tian's question. "The colors of fire are red, green, black, yellow, whi-"

However, before Yoji had finished his words, he was interrupted by Xiao Tian. "Hey, what kind of answer is that? You can only answer one color. It's cheating, you know?"

He did not let Yoji answer all the colors of fire because he could not make an excuse to disagree with his answer later.

"But fire has many colors." Yoji responded, "I'm sure everyone knows about this."

"But you can only choose one color." Xiao Tian still told Yoji to choose one color.

Xiao Tian kept telling Yoji to choose one color when Yoji told him that fire had more than one color.

He also said he would beat him up if he did not answer in three seconds.

For this reason, Yoji had no choice but to answer immediately. "It's red."

"Wrong!" Xiao Tian responded, "The color of fire is blue, not red."

Yoji gritted his teeth.

'As I thought, he only gives us false hope.'

He knew something like this would happen because fire had many colors.

When Xiao Tian saw Yoji's expression, he immediately said, "What?! You disagree with it?! Then let me ask my underlings. Hey, what is the color of fire?"

"Blue." His underlings knew what to say.

"Did you hear that? They said the color of fire was blue, not red." Xiao Tian ordered one of his underlings to step forward. "Hit him once."

This time, he chose a member of the Shadow gang to hit Yoji. Even though he knew his Shadow gang members were not cruel people, but he had to be fair to his subordinates.

Bang!

Bang!

Bang!

Bang!

Like his previous members, he did not hit Yoji once but four times.

The same things happened again.

He threw a trick question to Yongcheng's senior brothers. After torturing them for several minutes, Xiao Tian remembered Leng Nichang's words.

He did not care about Yongcheng's senior brothers, but he could not beat Yongcheng anymore.

'What should I do now?'

He finally found an excellent idea.

He immediately told his underlings to go to the Snake gang. Yongcheng and his ten senior brothers did not know about this because they had fallen unconscious earlier.

Snake Gang Headquarters, Front Yard.

Dudu was currently sitting with his underlings in the front yard.

Half of his underlings had left him because Yongcheng and his ten senior brothers beat them up several days ago.

There was one reason why he was still at his gang base.

He was thinking of a way to take revenge on Yongcheng and his ten senior brothers!

Even though his underlings were only twelve people now, but he still wanted to take revenge on Yongcheng and his ten senior brothers.

Yongcheng and his ten senior brothers had destroyed his dream and ruined his gang, so he had to take revenge on them no matter what happened.

"Leader, how about we destroy his all of his convenience stores?" one of Dudu's underlings gave an idea.

"That's a good idea!" the blue-haired man responded, "Let's just destroy his convenience stores."

Dudu looked at them, thinking about their idea.

'Shall we destroy his convenience stores?'

Actually, his underling's idea was not bad, but the police could get involved later.

It would be troublesome if the police got involved because he had no support in police circles.

As they were thinking of a way to take revenge on Yongcheng and his ten senior brothers, Xiao Tian and his underlings suddenly stepped into the front yard.

Dudu and his underlings were shocked.

They instantly rose to their feet and looked at Xiao Tian and his underlings.

'Who are they? Why did they come to our place?'

These were the questions that appeared in their minds.

They believed they never had a problem with Xiao Tian and his subordinates, so they did not know why Xiao Tian and his underlings suddenly came to their place.

The feeling of deep fear suddenly appeared within them when more than one hundred people stood in front of them.

"Who...who are you?" even though Dudu had tried his best to act normally, everyone could tell he was scared from his voice.

Like Dudu, his underlings were also scared.

More than one hundred people suddenly appeared before them, so they knew what would happen if Xiao Tian and his underlings decided to attack them.

Xiao Tian, who stood in front of his underlings, responded, "My name is Xiao Tian. I'm the leader of the Blue Ice Lotus and Shadow gangs."

Dudu and his subordinates became more and more frightened because the strongest gang in Shanghai suddenly came to their place.

"Why...why did you come to our place?" Dudu asked in a trembling voice. "I'm sure we don't have any grudges."

"Don't be afraid like that? I have no bad intentions; instead, I want to give you a gift." Xiao Tian responded, "I'm sure you will like this gift later."

He knew the Snake gang hated Yongcheng and his ten senior brothers because one of his underlings had informed him about it.

"Gift? What is it?" Dudu did not believe Xiao Tian's words.

Xiao Tian looked at his underlings and spoke, "Bring them."

His underlings instantly threw Yongcheng and his ten senior brothers in front of Dudu.

"They are my gift." Xiao Tian stated. "You hate them to the bone, right?"

Dudu and his underlings were surprised.

But what surprised them most was that their bodies were filled with bruises and injuries.

'Did he torture them earlier?'

That was the question that appeared in their minds after seeing Yongcheng and his ten senior brothers.

Of course, they did not feel sorry for Yongcheng and his ten senior brothers.

No!

They were thrilled when they saw their conditions because Yongcheng and his ten senior brothers were their enemies.

'But how did he know about our grudge?'

He believed no one knew what was going on between them and Yongcheng.

"You can do whatever you want, but I want you to take responsibility later." Xiao Tian spoke and paused for a second before he continued, "How is it?"

Scapegoat!

Xiao Tian wanted to make them scapegoats!

He wanted them to take responsibility for what he had done to Yongcheng and his ten senior brothers.

Dudu and his underlings exchanged a glance with each other.

Of course, they realized his intentions, but they could not let the opportunity to get revenge on Yongcheng, and his ten senior brothers slip away.

After thinking for several seconds, Dudu agreed. "Alright. We will take responsibility for everything later."

"Good!" Xiao Tian said happily. "Oh, right. You can't kill Yongcheng, just beat him up. For the others, you can do whatever you want."

He and his underlings left shortly after that because they no longer had any business in the Snake gang headquarters.

Dudu and his underlings grinned.

"Wake them up!" Dudu ordered his underlings. "It's time to take revenge on them!"
