Chapter 1511 Helping Xi Ran

The expression of deep concern blossomed on his face when Xiao Tian saw Xi Ran. "Lady Xi, what happened to you?"

He could see traces of food on her body. She could not clean her face because her hands were still injured.

"A male employee bumped into me when he was carrying food for a guest." Xi Ran told him what had just happened to her.

Xiao Tian was unhappy. "Should we complain to their manager?"

Before he had finished his words, Xi Ran uttered, "It's fine. Can you help me clean my body?"

"Me? Are you sure? Why don't we ask the female employee to help you? After all, I'm a male." They were only friends, so he did not accept it immediately because he did not want her to think he wanted to take advantage of the situation.

"All the female employees can't neglect their jobs." Previously, she had asked the female employees for help, but they said they could not help her.

Their manager was strict, so he would be angry if they left their jobs. This was the reason why Xi Ran decided to ask Xiao Tian for help.

He looked at her pretty face for several seconds before finally speaking, "Alright. I will help you clean your body. However, please don't think I want to take advantage of the situation."

"Don't worry about it." She was the one who asked for help, so she would not think like that.

The duo immediately headed to the bathroom. Traces of food covered her body, so he had no other choice but to take off her clothes.

"Just take off my clothes." Of course, she knew that he had to remove her clothes because the traces of food were almost all over her body.

Actually, she did not want to remove her T-shirt or skirt, but the traces of food on her neck had dripped down her chest.

There were also traces of food on her thighs, so they had to take off her skirt too.

"Should I cover my eyes with cloth?" he was a playboy, so he knew when to flirt with women and when to be serious.

Instead of answering his question, she uttered. "Xiao Tian, you have seen my body before, so you don't need to act like this. Just do what you feel you need to do."

"It's because I don't want you to regret it later." He told her the reason why he asked many questions.

He would have teased her if she were Lan Ruoxi or Yun Xin Er. Xi Ran was like Crystal in his eyes, so he could not tease them.

Of course, it would be a different story if they became his girlfriends, but now, they were only friends.

"I won't regret it. Just don't take off my underwear and bra." She did not want him to take off everything because it meant she would be naked in front of him again.

Of course, she knew her belly and thighs would be visible to his eyes, but it was better than being naked in front of him.

He stood before her and grabbed the hem of her blue T-shirt. He took off her T-shirt carefully because her hands were still injured.

Her ample breasts and flat belly were visible to his eyes after taking off her T-shirt. He did not remove her skirt immediately and began cleaning her body.

Even though she behaved normally on the surface, but she was very nervous deep inside her.

After all, she was showing her body to a young man who was not her boyfriend or husband, so her reaction was normal.

Xi Ran raised her arms high when he was about to clean her face using a wet towel because she did not want her arms to get wet.

"Lady Xi, close your eyes. I will clean your face now." he cleaned her face gently after she shut her eyes.

He immediately cleaned her neck and shoulders after that. At this moment, her bra was already wet.

However, he did not pay attention to it because he was focused on cleaning her body.

'Her ample breasts are also dirty.'

He saw traces of food between her breasts.

However, Xiao Tian did not clean it immediately; instead, he cleaned her belly and waist.

'What a beautiful belly!'

He subconsciously praised her beautiful belly.

Xi Ran did not say anything when he skipped the traces of food between her breasts because she knew what he had in mind.

After cleaning her face, neck, shoulders, and belly, Xiao Tian looked at her because it was challenging to clean her breasts.

"Can you clean it? Or should we take off my bra?" she did not want to sleep with traces of food on her body because it would make her uncomfortable.

"I will try to clean it first." He would try to clean it without removing her bra.

At this moment, Xi Ran shifted her gaze from his handsome face to his trousers.

Her mother and Leng Nichang said he was a pervert, so she wanted to know if he was aroused or not.

'It seems like he is not as pervert as they say.'

She did not see a bulge on his trousers, so she knew he could control himself.

To be honest, she was a little worried earlier because her mother and Leng Nichang kept telling her that he was a pervert.

Her hands were injured, and she was a woman, so she would not be able to defend herself if he decided to take advantage of the situation.

But she believed him now!

She believed he would not take advantage of the situation!

She involuntarily smiled when he tried to clean her breasts without touching them.

'He is really trying his best not to touch my breasts.'

She could see that he was struggling to clean her breasts.

"Lady Xi, I can't clean your breasts completely without removing your bra." He could feel that there were traces of food inside her bra.

Xi Ran's body tightened.

'I have prepared myself before, but why am I feeling nervous now?'

Previously, she asked him whether he should take off her bra or not.

Of course, he knew what she felt. For this reason, he took off his T-shirt and covered his eyes with it.

"Lady Xi, please guide me."

Xi Ran's face blossomed into a smile.

'Mother and Nichang are wrong.'

She could tell from his actions that he carefully paid attention to his moves.

"There are traces of food on my left breast." She began guiding him. "Move your right hand to the right a little."

Even though it took him longer, but he finally managed to clean her breasts with her help.

"Xiao Tian, my breasts are already clean." She told him it was time to hook her bra.

He suddenly felt worried because she was wearing a front clasp bra.

'I hope I won't touch the wrong place later.'

Like before, he followed her guide.

His left hand had found her right-cup bra, but something he had been worried about had finally happened when his right hand tried to find her left-cup bra.

His right hand grabbed her left breast directly!

'Am I grabbing her breasts?'

That was the question that appeared in his mind.

Chapter 1512 Please Help Me

5-7 minutes

'Am I grabbing her breasts?'

Xiao Tian did not take his right hand off her left breast immediately because he was in a state of shock.

Of course, he could feel the softness of her breasts because nothing was separating his right hand and her left breast.

Xi Ran was also shocked.

Actually, she knew there was a possibility of him grabbing her breasts because he was covering his eyes with his T-shirt.

'He is grabbing my breasts.'

Like Xiao Tian, Xi Ran did not say anything and only looked at her breasts and him.

He removed his right hand from her left breast before finally asking, "Lady Xi, did I grab your...."

He could not finish his words because she was Xi Xingyi's daughter and his friend.

"Yes. You touched my left breast earlier." Even though he did not finish his words, she knew what he wanted to ask.

"Sorry." He apologized to her. "I didn't mean to do that."

"It's fine." She did not mind it because she knew he did not intend to grab her breasts. "Now, move your right hand to the left."

He moved his right hand more carefully this time, and with her help, he managed to hook her bra.

"You don't need to cover your eyes anymore." After hooking her bra, she told him to remove his T-shirt from his eyes.

He did what he was told. "I will clean your hips and thighs now."

She instantly rose to her feet. "You can take off my skirt."

"I think I can clean your hips and thighs without taking off your skirt." She was only wearing a skirt, so it was easy for him to clean her body.

"Just take it off." She wanted her body to be completely clean, so she told him to remove her skirt.

After seeing her expression, he did what he was told.

'Well, I touched her breasts earlier, so I will do what she says. It's not like she is going to be nude later.'

With that idea in mind, he took off her skirt carefully.

Xiao Tian was a pervert.

No!

He was a healthy young man, so he glanced at her panties when he was removing her skirt slowly.

Of course, she knew what he was doing because she paid attention to him. But she did not do or say anything because, from her point of view, it was normal.

Yes, it was normal for a young man to do something like that because she was a gorgeous lady!

Even though Xiao Tian had tried his best to focus on cleaning her thighs and hips, but he still stole glances at her sexy blue panties.

Xi Ran, who was standing before him, looked at him.

'My body still feels sticky.'

Even though he was cleaning her body using a wet towel, it still could not completely remove the stickiness on her body.

After he cleaned her hips and thighs, she sat on a small wooden chair next to the tub. "Xiao Tian, my body still feels sticky."

"Should I use warm water?" he believed warm water could clean her body completely.

"Yes, please use warm water." she inquired.

"Alright." After saying that, he took a shower head.

He checked the temperature of the water first because he did not want the water to be too hot for her.

'I think this is enough.'

But even so, he still asked for her opinion first.

"Is it too hot?" he asked after pouring her legs.

"It's perfect." She responded. "Please wash my face first."

She shut her eyes and raised her arms high when he was pouring warm water on her pretty face.

He used his left hand to hold the shower head and his other hand to wash her face with a wet towel.

The warm water flowed down from her pretty face. At this moment, her bra and blue panties were already wet from the warm water.

He still did not notice it because he was focused on washing her face.

'Done!'

He stopped washing her face.

"Do you still feel the stickiness on your face?" he inquired.

"No." she responded, "Please continue."

After cleaning her neck, Xiao Tian finally noticed her wet bra. But even so, he could not see anything.

Of course, he was not disappointed because he did not have a dirty mind.

Xi Ran looked at his trousers again when he was cleaning her body. She wanted to know whether he was aroused or not.

'Am I not attractive?'

She was happy and disappointed when she did not see a bulge on his trousers.

She was delighted because that meant he could control himself well. However, she was disappointed because she suddenly felt like she was not attractive in his eyes.

Xiao Tian's heart beat for a second when he was cleaning her hips and thighs.

The reason was simple.

It was because her panties were wet!

But what surprised him the most was that some of her pubic hair was visible to his eyes.

She moved her legs many times when he was cleaning her body, so her panties slid slightly, showing her pubic hair.

Due to how shocked he was, he kept looking at her panties and showering it with warm water.

Like Xiao Tian, Xi Ran was also shocked.

She did not expect something embarrassing like that to happen.

She wanted to fix the position of her panties, but she was unable to use her hands, so she could not do anything and only stared at him.

Xiao Tian came to his senses and raised his head to look at Xi Ran.

'How embarrassing!'

Even though he was shy, he tried his best to act normally because it was related to his pride.

At this moment, she wavered whether she should ask him to fix her panties or not.

But when she noticed a little part of her vagina was visible, she knew what to do. "Xiao Tian, can you please fix my panties?"

Her question greatly surprised him.

'Fix your panties?'

Chapter 1513 Do You Want To Play With Us?

6-8 minutes

'Fix it?'

He was greatly surprised by her question.

'Ah, right. Her hands are injured.'

He finally remembered that she could not fix the position of her panties herself.

"Alright." He carefully fixed the position of her panties.

He could not help but gulp his saliva.

'This is torturing me.'

He felt like he was being tortured since he started cleaning her body.

Xi Ran was a gorgeous young lady, so cleaning her body was the same as testing his strength in controlling his lust.

"Thank you." Xi Ran said after he fixed the position of her panties.

After cleaning her body, he inquired, "How is it, lady Xi? Do you still feel sticky?"

"No." she responded.

"Then let's return to the bedroom." After saying that, he rose to his feet.

They faced another problem after returning to the bedroom.

Xi Ran had no clean clothes!

Her body would get dirty again if she wore her dirty clothes, so she stared at Xiao Tian, hoping he would help her.

"Please wear this for now." He helped her wear a bathrobe because it was dangerous for him if she only wore panties and a bra in the room.

"Thank you." She agreed with his idea.

Xiao Tian immediately called the employee and told him to buy new clothes for Xi Ran.

They were VIP guests, so they got special treatment. For this reason, the employee went out to buy new clothes after Xiao Tian gave him money.

The duo was currently sitting on the couch, watching a movie. The atmosphere was a little awkward because of what had happened in the bathroom.

*Tock...tick...tock...tick...

It had been ten minutes since they began watching a movie, but none of them said a word.

'This is awkward. I hate this.'

He broke out the silence.

Xi Ran was a lady of few words, so it was challenging to make the atmosphere lively.

After the employee gave them new clothes, Xi Ran inquired, "Xiao Tian, help me put on these clothes."

"Alright." He was not surprised because he knew something like this would happen.

Like before, he covered his eyes using his T-shirt when he was about to help her wear panties and a bra.

After helping her put on her clothes, they lay on the bed, watching a movie. At first, he only sat on the couch, but she told him to lie on the bed with her.

Xi Ran, who was lying on his right side, inquired, "Xiao Tian, why didn't you take advantage of the situation earlier?"

Her hands were injured, so it would be easy for him to take advantage of the situation. She believed other men would have done it if they were in his shoes.

"Lady Xi, I'm a pervert, not a rapist. Ehm!" He corrected his words, "I mean, I'm not a rapist, so there is no way I would do something like that."

She believed his words because he did nothing earlier. "Am I attractive in your eyes?"

Instead of answering her question, he asked, "Why are you asking a question like that?"

"Just answer my question." She did not tell him the reason why she asked that question.

She was indeed attractive in his eyes. "Your mother is attractive in my eyes, so you should already know the answer since you are her daughter, and you two look like splitting images to me."

He mistook her for her mother or vice versa several times. He was not even confident he could tell who was who if they wore the same clothes and the same hairstyle.

No!

He did not say her beauty was like those of women in their mid-forties because, in his eyes, her mother was prettier than most women in their twenties.

Of course, he knew it was because she always took care of her body and used her money to maintain her appearance.

But even so, she still needed to put some effort into doing that. He did not know how to explain it.

In short, both Xi Ran and Xi Xingyi were gorgeous ladies!

"You did a great job." His value rose drastically in her heart because he could control himself earlier.

"Thanks." Even though he did not know what she had in mind, he was pleased after hearing her words.

The duo chatted and watched a movie until 10:00 pm before finally sleeping.

The following morning, Shi Fei picked them up. They went straight home after sending Xi Ran home. He traveled to his company to work after taking a shower. He went home at 04:30 pm.

'Hmm?'

He was shocked when he stepped into the backyard.

He saw Mu Ai, Shi Fei and Long Jingxian playing a ring toss game!

But what surprised him most was that the prizes were money, roses and small dolls.

"Big brother!" Mu Ai rushed to him when she caught sight of him.

Shi Fei and the others turned their heads toward him.

Ye Qingyu, Ling Xing Xue, Feng Yu, Ye Xueyin, Su Ruanyi and Liu Ning were chatting next to the pool.

"This game seems interesting." He stated.

"Little brother, do you want to play too?" Shi Fei inquired, "10 Yuan per ring."

"Auntie Fei, isn't it free?" Mu Ai uttered.

The corner of his lips twitched.

'She wants to take advantage of me, huh?'

He would not have known that Shi Fei was trying to trick him if Mu Ai did not say that.

"Little brother is different because he is rich." Shi Fei told Mu Ai the reason why she wanted to take advantage of him.

"So, you are the croupier, huh?" of course, he did not mind it because 10 Yuan was nothing to him.

"I'm not the croupier." Shi Fei responded.

"I'm the croupier." Long Jingxian spoke abruptly. "So, do you want to play too?"

Xiao Tian took 100 Yuan out of his wallet before finally giving it to Long Jingxian. "Give me ten rings."

Long Jingxian took the money before giving him ten rings.

"Which one should I choose now?" he was not interested in the money prize, so he only aimed for flowers and dolls.

He would give the flowers to his women and dolls to Mu Ai. However, it was not as easy as he thought because the ring bounced when it fell on the floor.

He had thrown nine rings and only got five prizes; three dolls and two roses.

"Little Ai, these dolls are for you." He gave the dolls to Mu Ai.

Mu Ai smiled happily as she took the dolls. "Thank you, big brother."

"My sexy lover, these roses are for you." He gave the roses to Shi Fei.

She gave him a peck on the lips before finally smiling, "Thank you, little brother."

"Xiao Tian, hurry up and throw your last ring." Long Jingxian, who was squatting down not far from him, uttered.

"Sure." He looked at the prizes again.

'Which one should I choose this time?'

He looked at the prizes on the floor.

'Wait!'

He suddenly had an excellent idea.

'Yes. That is the best prize for me.'

His lips curled up into a grin.

"Xiao Tian, what are you waiting for?" Long Jingxian kept telling him to throw his last ring.

"Alright. I will do that now." after saying that, he threw his last ring.

Chapter 1514 I Got The Best Prize

7-8 minutes

Xiao Tian threw his last ring.

"Yes. I got the best prize!" he said happily when the ring landed on Long Jingxian's head before finally falling on her neck.

Long Jingxian looked at the ring on her neck in surprise.

'Hmm?'

She did not expect the ring to fall on her neck.

"I will take my prize now." after saying that, he carried his beautiful MILF in a princess style.

When Mu Ai saw him carrying her mother, she inquired, "Big brother, where are you taking my mother?"

"Hehe." Shi Fei only giggled.

'As expected of little brother, he only thinks about his women.'

She was also surprised when the ring fell on Long Jingxian's neck.

"I'm taking my prize." Xiao Tian walked toward the pool lounge chair.

"Xiao Tian, I'm the croupier, not the prize." Even though Long Jingxian said something like that, but she did not try to break free.

She even giggled happily as if she was happy to be his prize.

"But you said I could get the prize as long as I could catch it with the ring." After putting her on the pool lounge chair, he lay next to her.

Shi Fei and Mu Ai immediately walked toward Xiao Tian.

To his surprise, Mu Ai put one of the rings on Xiao Tian's neck. "Big brother, I got you."

"Hehe." Long Jingxian and Shi Fei laughed.

"Yes, yes. Big brother is little Ai's prize." He did not expect her to copy his method. "So, what does little Ai want?"

"I want to sleep with big brother tonight." Mu Ai responded happily.

He sat up before finally putting Mu Ai on his lap. "Sure. Big brother will sleep with little Ai tonight."

"Yay." Mu Ai looked so cute when she smiled happily.

And like what he had promised, he slept with Mu Ai that night.

The following morning, Xiao Tian went to his company to work after breakfast. He worked until 02:00 pm before finally traveling to Xi Xingyi's house.

Xi Xingyi's House, Backyard.

Xiao Tian was currently in the backyard with Xi Xingyi and Xi Ran. Previously, they chatted in the living room, but Xi Xingyi suddenly dragged them to the backyard.

"Oh right, Ran. You returned home wearing new clothes yesterday. Did Xiao Tian help you change clothes?" Xi Xingyi, who was sitting next to Xi Ran, asked curiously.

Xi Ran did not answer her mother's question immediately; instead, she looked at Xiao Tian.

Even though Xi Ran did not say anything, but he could understand her. "Xingyi, how about we have dinner together later?"

"Why are you changing the topic of conversation?" Xi Xingyi knew that he wanted to change the topic.

'Suspicious.'

She suddenly suspected that they hid something because he tried to change the topic.

'Don't tell me....'

He suddenly thought that Xiao Tian was the one who helped her daughter change clothes yesterday.

"Hehe." Xi Xingyi giggled as she stared at Xiao Tian and her daughter.

Xiao Tian and Xi Ran exchanged a glance with each other.

'She has good instinct.'

They neither denied nor admitted it because, with this, Xi Xingyi could only guess it.

Not long after that, Leng Nichang arrived at Xi Xingyi's house. They chatted for about twenty minutes before finally going to the tourist attractions.

Time went by quickly, and without realizing it, it had been a week since Xiao Tian and the others went to Dongshi village.

Xi Ran's hands had fully recovered now, so she did not need anyone's help if she wanted to take a shower.

"Tomorrow and the day after tomorrow are national holidays, so how about we go camping together?" Shi Fei spoke abruptly.

She was currently with Xi Xingyi, Xi Ran, Leng Nichang, and Xiao Tian. They decided to go to Rainbow Garden after having lunch together.

"That's a good idea." Xi Xingyi liked Shi Fei's idea.

"I agree." Leng Nichang responded.

"I'm fine with it." Xiao Tian uttered.

Xi Ran did not say anything, but she nodded her head, giving a sign that she agreed too.

They informed Xiao Tian's other women after arriving at his house. However, Ling Xing Xue and the others could not go with them because they had something important to do.

For this reason, only Xiao Tian, Xi Ran, Xi Xingyi, Leng Nichang, and Shi Fei went camping.

Dongshi village, Hang River.

Xiao Tian and the others were camping next to Hang River because, with this, it would be easier for them to get water.

The corner of his lips twitched when Shi Fei and the others set up two tents; a big tent and a small tent.

Three of them were his women, so he let out a sigh when they told him to sleep alone in a small tent.

He thought he could lovey-dovey with his women in the tent later, but he was wrong. Of course, he was fine with it because he still could spend time with them.

After setting up tents and having lunch together, they chatted again. Not long after that, Leng Nichang and Xi Ran took a walk around the river.

However, something unexpected happened when they were taking a walk together.

Ten wild monkeys were chasing them!

They were far from Xiao Tian, so he did not know what was going on.

The duo had no other choice but to run deeper into the forest because the wild monkeys stopped them when they wanted to run to their tents.

Not only did they run into the forest, but they got separated too. This was the reason why Leng Nichang could not find Xi Ran after the monkeys suddenly left.

"What?!" Xi Xingyi, who was standing in front of a bonfire, wore a worried face after Leng Nichang explained everything.

Previously, Leng Nichang hoped Xi Ran had returned to their tents, but she did not see Xi Ran around their tents.

This was the reason why she told Xi Xingyi and the others what had happened to her and Xi Ran.

Like Xi Xingyi, Xiao Tian and Shi Fei were also worried. Previously, they thought they would have a great time, but a problem suddenly appeared as soon as they set up their tents.

"I will look for her." Xi Xingyi was afraid something bad would happen to her daughter, so she wanted to find her daughter as soon as possible.

"Xingyi, wait!" Xiao Tian grabbed Xi Xingyi's right hand, stopping her.

"Why did you stop me, Xiao Tian? I want to find my daughter." Due to how worried she was, Xi Xingyi could not think straight.

Her motherly instincts kicked in when she imagined her daughter alone in the forest.

"I won't stop you, but you can't look for her alone." he told Xi Xingyi to search for Xi Ran with Shi Fei and Leng Nichang because it was dangerous to go alone.

He also asked them to bring flashlights and return before the sky grew dark because the forest was much more dangerous at night.

"Remember! No matter what happens, you have to return to the tent before the sky grows dark." He gave them a warning again. "We will call the police if we can't find lady Xi today."

"Alright." Xi Xingyi, Leng Nichang, and Shi Fei began looking for Xi Ran.

"Lady Xi, I hope nothing bad happens to you." After taking his jacket and flashlight, he began looking for Xi Ran.

Chapter 1515 Searching For Xi Ran

7-8 minutes

Xi Ran was alone in the forest.

She tried to find a way back to her tent after the wild monkeys suddenly left. However, instead of getting closer to her tent, she was getting farther.

Of course, she did not know about it. That was why she failed to find a way back to her tent since several minutes ago.

'I believe I passed this road earlier.'

Like before, she walked in the opposite direction of her tent.

Time went by quickly, and without realizing it, it had been an hour since she tried to find a way back to her tent.

At this moment, the sky was almost dark, so she began to panic.

Yes, she was panicked when the sky was almost dark!

Sure, she was a mature lady, but she was alone in the forest, so it was normal to feel scared.

She believed anyone would feel the same if they were in her shoes because many things could happen in the forest.

*Cikk...Crueek...Crrr...Krreek...

The sky was almost dark, so the sound of animals began to appear.

'It's almost dark now.'

The feeling of fear and anxiety within her grew bigger.

"Nichang...Nichang..." she began shouting, hoping she could find Leng Nichang.

She kept shouting and shouting, but her efforts were in vain because no one responded to her.

'I have to find a way back to the tent.'

She skimmed her surroundings before finally walking again.

Her face turned panicked when the sky was getting darker. Luckily, she could use the flashlight on her smartphone.

*Cikk...Crueek...Crrr...Krreek...

She stopped her footsteps and skimmed her surroundings when the sound of animals reverberated in the entire area.

'Someone, please help me.'

She almost could not control the fear within her because the sky was getting darker and darker.

At the same time, Xi Ran, Shi Fei, and Leng Nichang were shouting continuously, hoping Xi Ran could hear their screams.

"Ran..." Xi Xingyi was worried even more when the sky was getting dark.

'Ran, where are you?'

Her heart throbbed in sadness because she still could not find her daughter.

"Sister Ran." Shi Fei shouted as she used her flashlight.

"Ran, where are you?" Leng Nichang wore a worried face because she did not want something bad to happen to her best friend. "Ran..."

"The sky is getting darker." Shi Fei mused.

'We have to find sister Ran quickly.'

She shouted as loud as she could.

Like Xi Xingyi, Xiao Tian shouted continuously too. He was also worried because Xi Ran was alone in the forest.

"Lady Xi...Lady Xi..." he hoped he could find her before the sky grew dark because it would be harder to find her at night.

Time went by quickly, and without realizing it, it was already 06:06 pm. At this moment, they could no longer see their surroundings without a flashlight.

Xi Xingyi could not control her emotion when the sky grew dark. "Ran, where are you? Ran..."

"Sister Xingyi, let's return to the tent. It's already dark now." actually, Shi Fei did not want to say this because they still had not found Xi Ran.

However, searching for Xi Ran in the dark was dangerous because they were in the forest. Xiao Tian also told them to return to their tent if the sky grew dark, so she decided to say it.

"But we still haven't found my daughter." Xi Xingyi did not want to return to the tent because they still had not found her daughter.

Leng Nichang wanted to suggest that they should return to their tent, but she could understand Xi Xingyi's feelings, so she decided to say nothing.

"But it's already dark now. It will be dangerous to look for sister Ran." Shi Fei was even sadder when she saw Xi Xingyi's expression. "Let's hope that little brother has already found sister Ran."

Actually, Xi Xingyi still wanted to look for her daughter, but she did not want to put Shi Fei and Leng Nichang in danger.

For this reason, she agreed to return to their tent. She just hoped that Xiao Tian and Xi Ran were already in their tent.

"Sister Xingyi, let's believe in little brother." Shi Fei spoke and paused for a second before she continued, "He always makes miracle until now. Let's hope he will make a miracle again."

"Un." But even so, Xi Xingyi was still worried because Xi Ran was her only child.

At the same time, Xi Ran was standing like a statue. She could no longer control the fear in her heart to the point she felt like her body had turned weak.

'Mother...'

She suddenly remembered her mother.

*Cikk...Crueek...Crrr...Kreek...

The animal's sound was getting louder because the sky had already grown dark.

'Someone, please save me.'

Due to how scared she was, she did not move from her position for more than ten minutes.

The sound of the animal also made her even more scared. She felt as if countless ghosts were coming to her when the sound of animals entered her ears.

'Xiao Tian, save me.'

She did not know why she suddenly hoped Xiao Tian would appear to save her from that dangerous place.

'Xiao Tian, please save me.'

She kept saying the same words in her head as if she was chanting a magic spell.

And as if God had granted her wish, Xiao Tian's voice could be heard in her ears. "Lady Xi...Lady Xi..."

Xi Ran suddenly felt as if she had been freed from the ghost nest when she heard Xiao Tian's voice.

"Xiao Tian... I'm here." But even so, she still found it hard to move her legs. "Xiao Tian..."

Even though the distance between them was more than ten meters, but he could still hear her voice.

'It's lady Xi's voice.'

He could not describe the happiness he felt when he heard Xi Ran's voice.

"Lady Xi, where are you?" he kept shouting, trying to find the source of the sound.

"Xiao Tian, I'm here." Xi Ran was pleased when his voice was getting louder because that meant he was getting closer to her. "Xiao Tian, I'm here."

"Lady Xi..." even though he knew that shouting in the forest was dangerous, but he did not care about it.

At that time, what he had in mind was only one thing.

Find Xi Ran as quickly as possible!

"Lady Xi, keep shouting." He told her to keep shouting because, with this, he could find her faster.

"Xiao Tian...Xiao Tian...Xiao Tian...Xiao Tian...Xiao Tian..." she did what she was told.

She kept calling his name as if they were lovers, and she missed him so much.

"The source of the sound is coming from this direction." He kept walking toward the source of the sound. "Lady Xi...Lady Xi..."

Luckily, there was no wild beast around them, so they were fine even though they kept shouting.

The wild beasts near them were only small animals like cricket, firefly, and frog.

"Xiao Tian...Xiao Tian..." Xi Ran shouted louder when Xiao Tian's voice was getting closer to her.

Not long after that, Xiao Tian found Xi Ran. "Lady Xi..."

Xi Ran could not control her emotion when she saw him. She almost cried when she saw him because previously, she thought she would die in the forest.

Yes, she thought she would die because she was alone in the forest.

"Xiao Tian..." she suddenly rushed toward him before finally hugging him.

Chapter 1516 What's Wrong With Me?

7-8 minutes

Xi Xingyi, Leng Nichang, and Shi Fei were currently in their tent.

Xi Xingyi felt even sadder when she did not see Xiao Tian after returning to their tent because this showed one meaning.

He still had not found her daughter!

Previously, she wanted to look for her daughter again, but Shi Fei and Leng Nichang stopped her, saying it was dangerous.

Shi Fei and Leng Nichang also tried their best to comfort her. They said he had found Xi Ran or something like that.

Of course, they did not know that Xiao Tian had found Xi Ran because the distance between them was far.

"Sister Xingyi, don't worry. I'm sure nothing bad will happen to sister Ran." Shi Fei tried to comfort Xi Xingyi again.

"That's right, madam Xi." Leng Nichang added. "Let's believe in Xiao Tian. After all, he earned the nickname Miracle Young Man."

"Yes. I will believe in him." Xi Xingyi responded, "And Nichang, I have told you to call me sister Xingyi, so why are you still calling me madam Xi?"

"Oh, right. I forgot." Leng Nichang covered her mouth.

"Let's pray to God now." Shi Fei uttered.

"Un." Xi Xingyi and Leng Nichang nodded their heads.

Then they prayed to God, hoping Xiao Tian could find and save Xi Ran.

At the same time, Xiao Tian and Xi Ran were standing under a big tree. Like before, she was still hugging him.

Even though they were not lovers, but she did not feel shy when she embraced him because she was expressing her relief.

She was glad that Xiao Tian could find her because she did not know what would happen to her if he did not find her.

"Xiao Tian..." she hugged him tighter.

Mystically, the fear within her disappeared without a trace after embracing him as if he could get rid of her fear.

No!

She felt at ease when they hugged each other, as if she was in her mother's arms.

'Thank you, God.'

She did not forget to thank God because God had sent Xiao Tian to save her.

Xiao Tian did not stop the hug.

He would not stop the hug until she stopped it first because he could understand her feelings.

He just hoped he could get rid of the fear within her because he knew that she was scared earlier. Of course, he did not know that he had already made her at ease.

After embracing him for more than forty seconds, she stopped the hug. "Xiao Tian, let's go back. I'm sure my mother is worried now."

"Alright." He agreed instantly because he did not want to worry Xi Xingyi even more.

He wanted to tell her that he had found her daughter so that the feeling of anxiety within her would disappear immediately.

'Hmm?'

He was startled when Xi Ran suddenly embraced his right arm.

'It seems like she is still scared.'

He looked at her before finally showing his soft smile. "Don't be afraid. We will be fine."

Xi Ran did not know why she was suddenly mesmerized by his soft smile.

Sure, she knew that he had a beautiful smile, but at that time, she felt as if his smile was like a light in the darkness.

It was so beautiful and could make her heart calm instantly.

'Is it because he just saved me?'

She suddenly suspected it was because Xiao Tian managed to find her when she was alone and scared in the forest.

Actually, special feelings blossomed within her when he found her, but she still had not realized it.

She felt comfortable when she saw his smile. She felt at ease when she was embracing his right arm, and she felt like everything would be fine when she was with him.

In other words, he had become a source of happiness for her!

"Xiao Tian..." she did not realize she was calling his name.

No!

Actually, she thought she was calling his name in her mind, but the sound came out of her mouth.

Xiao Tian turned his head and smiled, "Hm? What's wrong, lady Xi? Are you tired? Do you want me to give you a piggyback?"

"Nothing." She turned her head to the other side, avoiding his gaze.

'What's wrong with me? Why is his smile so dazzling? Why do I suddenly feel like he is special to me?'

She slowly started to realize the special feelings within her.

'Why... why are you suddenly taking off your jacket?'

She was shocked when she saw him taking off his jacket.

After putting his jacket on her body, Xiao Tian smiled, "This can help you reduce the cold."

Like before, she was charmed by his smile again.

'Am I falling in love with him?'

She knew that no one could predict a feeling.

Someone could suddenly fall in love with a simple action. At this moment, she suddenly felt that she had fallen for him.

'Xiao Tian, am I in love with you?'

She stared at his handsome face as she squeezed his right arm tighter.

Xiao Tian was not God, so he did not know what she had in mind. He thought she was scared. That was why she embraced his right arm tightly.

The duo began to walk again. Xiao Tian used his flashlight, while Xi Ran used the flashlight on her smartphone.

*Splash...Splash...

They suddenly heard the sound of raindrops splashing on the leaves.

'Raindrops?'

They felt like they had suddenly had bad luck after hearing the sound of raindrops splashing on the leaves because they were still in the forest.

'It is about to rain?'

They exchanged a glance with each other.

"Lady Xi, let's walk faster." He did not want them to get trapped in the rain because they were in the forest.

"Un." She nodded her head.

The duo prayed to God as they walked faster, hoping it would not rain.

However, God did not grant their wish because the drizzle slowly became a downpour. At this moment, their heads and clothes were a little wet.

They began to feel cold because the night wind was quite strong.

'Are we going to sleep in the forest tonight?'

That was the question that appeared in their minds.

Of course, they hoped they could go back to their tent because sleeping in the forest was dangerous, and they could get sick later.

"Let's keep walking." Xiao Tian held her left hand as he walked because he did not want to lose her.

"Un." the teeth in her mouth chattered together relentlessly because her body was not as strong as his body.

Of course, Xiao Tian noticed it.

'We must find shelter as soon as possible.'

He hoped they could find shelter because the location of their tent was still far.

'Is that abandoned house?'

He suddenly saw an abandoned house when he turned his flashlight to his left.

"Lady Xi, there is an abandoned house. Should we take shelter in that abandoned house? Or should we keep walking?" he asked for her opinion.

At the same time, the rain was getting heavier. For this reason, Xi Ran suggested that they take shelter in the abandoned house.

And their decision was right because it was suddenly pouring after they entered the abandoned house.

'Luckily, we found this abandoned house.'

These were the words that appeared in their minds.

Chapter 1517 In The Abandoned House

7-8 minutes

"Sister Xingyi, let's sleep." Shi Fei spoke abruptly.

"You can sleep first if you are already sleepy." Xi Xingyi could not sleep when her daughter was in danger, so she wanted to wait for Xiao Tian, hoping he could find her and bring her back.

"Then I will wait for him too." Shi Fei fought back her drowsiness because she was afraid that Xi Xingyi would do something stupid like looking for her daughter again.

Even though it was raining, there was a possibility of her searching for her daughter. After all, she was a mother.

"It's fine. Just sleep if you are sleepy." After saying that, Xi Xingyi turned her head to look at Leng Nichang. "Nichang, you can also sleep if you want."

"I'm not sleepy." Leng Nichang lied to Xi Xingyi.

The trio waited for Xiao Tian, hoping he would return with Xi Ran.

Forest, Abandoned House.

Xiao Tian and Xi Ran were currently in front of the fire pit. They were pleasantly surprised when they saw a fire pit after entering the abandoned house.

But what made them happiest was that there was also firewood near the fire pit, as if God had helped them.

Even though they could warm their bodies, but they could still feel the chill wind because there were a few holes in the wall.

Yes, the house was made of wood, so it was not weird if there were a few holes in the walls!

Of course, they did not complain because they already felt happy when they found an abandoned house and fire pit.

They believed they would suffer if they did not find an abandoned house because it was pouring.

When Xiao Tian saw Xi Ran's expression, he inquired, "Lady Xi, what's wrong?"

"I'm sure my mother and the others are worried right now." she told him the reason why she wore a sad expression.

"We will return to our tent tomorrow morning." There was no signal in the forest, so he could not inform Xi Xingyi and the others.

"Xiao Tian, thank you for saving me." She did not have time to express her gratitude earlier, so she thanked him when she remembered it.

"You are welcome." Like usual, he showed his soft smile.

"To be honest, I thought I would die. I even did not know how to describe my happiness when I saw you earlier." she did not know why she told him about what she felt when she was alone.

Normally, she would not do something like this because she was a woman of few words.

However, she did not know why she wanted to tell him what she felt, as if telling him about it could change everything.

"I'm sure any woman would feel the same if they were in your shoes." He was sure any woman would feel the same.

No!

He even believed most men would feel the same because being alone in the forest at night was so scary.

It was so scary to the point that most people would cry or faint immediately. That was why he did not say she was a coward or something like that.

He was even surprised because she did not cry when he found her.

Even though she did not say it, but she liked what he said. "It has not even been a day since we have camped at the Hang River but I have already caused us some trouble for us."

"Don't blame yourself because we don't know what will happen in our lives." He tried to comfort her.

"But still, I have given us unpleasant memory with the trouble I caused." of course, she blamed the wild monkeys because all of this would not have happened if these wild monkeys had not appeared.

"Because you said you have given us unpleasant memory, then let's make many beautiful memories in this place from tomorrow onwards." He responded, "With this, we will forget this unpleasant memory or even maybe we will laugh of it later."

"Un." She nodded her head. "Let's make good memories from tomorrow onwards."

The duo chatted about many things. Unlike usual, she was quite talkative this time. She always responded to him and listened to his words seriously.

When he realized that the supply of firewood was running low, he uttered, "Lady Lan, the firewood is running low. I want to check if there is firewood in this house or not."

She rose to her feet and grabbed his left hand. "I will come with you."

Even though there was a bonfire in the room, but she did not want to be alone.

Yes, she was scared!

However, she would not say it directly.

That was why she said she wanted to accompany him.

Of course, Xiao Tian knew that she was afraid to be alone. "Then let's search the firewood together."

With his flashlight and the flashlight from her smartphone, they could see everything clearly because the combination of two flashlights produced a very bright light.

Actually, his flashlight was already bright because it was not a cheap flashlight. His flashlight was very bright and could last for five days straight.

This was why he was not worried about the lighting because he could keep his flashlight on later.

He was only worried that they would feel cold later because it was pouring, and the wooden walls had a few holes, so the chill wind could enter the house through these holes.

"We only found ten firewood." Xi Ran was sad because the firewood was not enough to warm them until tomorrow morning.

The air would get colder at night, so they needed many firewood if they did not want to get cold.

"Should we try searching outside the house?" he inquired.

"But it's pouring now." she responded, "I'm sure every wood is wet now."

"But we really need firewood." He responded, "How about we go to the front yard and see if we can find any wood to burn or not?"

"Alright." She nodded her head.

They immediately headed to the front yard, but they found no wood to burn. That was why they returned with ten firewood.

Xiao Tian and Xi Ran then tried to cover up the holes in the wooden wall with anything that could be used to cover the holes.

They also moved the bamboo bed closer to the fire pit. After that, they sat in front of the fire pit and chatted again.

'What are they doing right now? Are they waiting for us?'

Xiao Tian suddenly thought of Xi Xingyi and the others.

He really wanted to inform them that he had found Xi Ran and they were currently in the abandoned house, but there was no tool to do that.

He suddenly wished that morning would come soon because he didn't want to continue worrying about Xi Xingyi and the others.

As Xiao Tian was thinking about Xi Xingyi and the others, Xi Xingyi sat in her tent, looking at the rain.

Leng Nichang and Shi Fei were already sleeping because they could not fight back their drowsiness.

Time went by quickly, and without realizing it, it was already 10:10 pm. It was still pouring with no sign of stopping.

'Ran, where are you right now?'

Sadness filled her heart because there was no news about her daughter and Xiao Tian.

'God, please protect my daughter and boyfriend.'

She prayed to God.

Chapter 1518 In The Abandoned House With Xi Ran

6-8 minutes

Xiao Tian and Xi Ran were chatting in the abandoned house. The feeling of fear within her had been replaced with happiness and serenity.

Sure, they were alone in the forest, but she felt at ease because he was next to her. He was with her, holding her hands and giving her a comfortable feeling.

She even thought that staying the night in the abandoned house was not a disaster but a blessing in disguise.

After all, she had not felt calm and comfortable in a long time. It was as if he was her soulmate.

"Xiao Tian, let's sleep." It was already 10:10 pm, so she was sleepy.

"You can sleep first." He was still not sleepy, so he wanted to keep watching over the fire pit.

"Alright." After saying that, she lay on the bamboo bed.

The bed was close to the fire pit, so she did not feel cold because he kept the fire burning.

Time went by quickly, and without realizing it, it was already 10:45 pm. Xiao Tian's face broke into a smile when he saw her sleeping face.

He was happy when he saw her sleeping soundly because they were in the forest.

'I will sleep too.'

He put all the firewood into the fire pit and turned on his flashlight so the room would not get dark later.

He did not sleep on the bamboo bed and only leaned his back against the bed. Sure, they had done adult things once, but their current status was only friends.

Time went by quickly, and without realizing it, it was already 02:00 am. At this moment, the fire was already dead, and only the burning charcoal remained.

Xiao Tian began to feel cold because the chill wind entered the house through the holes. He also gave his jacket to Xi Ran, so he only wore his T-shirt.

Due to how cold it was, he woke up shortly after that.

'It's cold.'

He was wrapping his arms around himself.

At the same time, Xi Ran woke up. "Xiao Tian, you are still awake?"

She did not know that he was asleep earlier. She thought he kept watching over the fire pit all this time.

He turned his head to look at her. "Lady Xi?"

When she saw him wrapping his arms around himself, she knew he was feeling cold. "Xiao Tian, come here. Sleep on the bed with me."

She immediately took off Xiao Tian's jacket on her body.

Her intention was clear.

She wanted to use the jacket to cover their bodies!

In other words, she wanted to use his jacket as a blanket for them.

His jacket was quite big. As long as they lay close to each other, they could use his jacket to cover their bodies.

When he did not say anything and only stared at her, Xi Ran got out of bed and squatted down in front of him.

"Let's sleep together on the bed." Her eyes widened for a second when she held his hands.

'His hands are cold.'

She suddenly felt like a bad lady.

He went to the forest to find her, and when they stayed the night at the abandoned house, he endured the cold while she slept comfortably.

"Really?" he did not reject the offer, but he also did not accept it immediately.

"You don't need to pretend to be a gentleman now because in my eyes, you are already a gentleman." She wanted him to sleep on the bed with her because she did not want him to get sick. "Let's sleep on the bed now."

She was not lying when she said this. Even though her mother and Leng Nichang kept saying he was a pervert, but he was a good young man in her eyes.

And his value grew higher when he found her earlier, to the point a special feeling blossomed in her heart.

"Alright." He agreed after hearing her words.

Even though it was only a bamboo bed and a wooden pillow, but the duo did not complain; instead, they felt grateful because they had a bed and pillow.

As they lay on the bamboo bed, Xi Ran did something shocking to him.

She grabbed his waist and turned his body to face her!

Not only that, but she also intertwined her legs with his and wrapped her left arm around his body.

She was not trying to seduce him.

She did this because she wanted to warm his body.

He had saved her a few times until now, and he also felt cold because of her, so she wanted to use her body to warm him.

"We can reduce the cold air if we sleep like this." She did not feel shy even though she was hugging a young man who was not her boyfriend or husband.

She was even delighted because she could use her body to warm his body because she did not want him to get sick.

Xiao Tian was stunned.

He was shocked because he did not expect her to do something like that.

He could even feel her body because their bodies pressed against each other. "Lady Xi..."

He did not know what to say.

Of course, he did not have a dirty mind.

He was just shocked by her sudden actions and their sleeping positions.

Yes, they were lying sideways, facing each other!

"What's wrong?" even though the distance between their faces was very close, she behaved normally.

The duo was looking at each other, so they could feel each other's breath. They even could smell the fragrance of their bodies.

"Aren't we too close?" he inquired.

She did not answer his question immediately; instead, she positioned her body so that they could sleep comfortably.

She was currently lying sideways with her face facing his neck.

Yes, she lowered her sleeping position earlier!

She did this because she wanted them to be able to warm each other.

"Xiao Tian, put your hands on me. Let's sleep while hugging each other." She embraced him after saying that.

Due to how close they were, his chin even touched her hair, allowing him to smell her hair.

'Isn't she afraid I might do something to her?'

His lips would touch her forehead if he lowered his head.

Yes, he could kiss her forehead if he lowered his head!

This was the reason why he was shocked because he was sure she knew about this too.

"You will feel cold again if you don't do what I say." After saying that, she placed his right hand on her body, telling him to embrace her.

He did what he was told.

He placed his right hand on her body before finally pulling her closer to him.

"Good night, Xiao Tian." She uttered.

"Good night, lady Xi." He responded.

Shortly after that, they fell asleep.

Mystically, they did not feel cold anymore, even though the wind kept entering the abandoned house.

They even felt they were sleeping in a huge, comfortable room. This was the reason why they could sleep soundly.

At the same time, Xi Xingyi was still awake. Even though she was tired and sleepy, but her body refused to sleep.

Her mind was in a mess because she was worried about her daughter's safety. She was afraid that something bad had happened to her beloved daughter.

'God, please protect my daughter and boyfriend.'

Chapter 1519 Returning To The Tent

7-8 minutes

Time went by quickly, and without realizing it, it was already 06:00 am.

At this moment, Xi Xingyi was standing in front of her tent, hoping she would see her daughter and boyfriend soon.

'Ran, Xiao Tian.'

Her pretty face looked tired, and her body was weak.

Anyone who saw her would know immediately that she did not sleep last night because dark circles could be seen under her eyes.

At the same time, Leng Nichang and Shi Fei woke up. The expression of deep concern blossomed on their faces when they did not see Xi Xingyi in the tent.

They wasted no time and rushed out of their tent.

'Sister Xingyi...'

They let out a sigh of relief when they saw Xi Xingyi standing not far from their tent.

The duo approached her slowly. "Sister Xingyi..."

Xi Xingyi turned her head to look at the duo.

"You two have woken up?" Xi Xingyi spoke in an unenthusiastic tone.

Shi Fei and Leng Nichang's faces turned worried again when they saw her condition.

"Sister Xingyi, did you not sleep last night?" Leng Nichang and Shi Fei had no idea that Xi Xingyi had been waiting for Xiao Tian and her daughter since yesterday because they fell asleep last night.

"I'm waiting for my daughter and Xiao Tian." Xi Xingyi gave an honest answer.

Shi Fei and Leng Nichang suddenly felt sad. Of course, they could understand her feelings.

"But you need to pay attention to your health too." Shi Fei responded, "Sister Xingyi, how about you go to bed now? We will wait for sister Ran and little brother for you."

"Yes, you should go to sleep now." Leng Nichang added. "We will wake you up after they return."

Even though they did not know if Xiao Tian and Xi Ran would return today, they still said it. They did it because they did not want something bad to happen to Xi Xingyi.

"I will sleep after they return." Xi Xingyi refused immediately because her heart could not be at ease if she did not see her daughter and Xiao Tian first.

Shi Fei and Leng Nichang kept trying to get Xi Xingyi to sleep, but their efforts were in vain because she always refused, saying she could not sleep before seeing Xiao Tian and her daughter.

For this reason, Shi Fei and Leng Nichang made a bonfire and breakfast so that it could help her warm her body.

But even so, Xi Xingyi was not in the mood to eat. She only ate a little and kept looking in the direction of the river.

"Sister Xingyi, you should eat more or else you will get sick later." Shi Fei did not want Xi Xingyi to get sick.

Even though the distance between Shi Fei and Xi Xingyi was close, but she did not hear Shi Fei's words because her mind was full of her daughter and Xiao Tian.

Xi Xingyi instantly rose to her feet, causing the plate to fall onto the gravel.

'Xiao Tian...Ran...'

She saw two people walking toward their tents.

"They have returned!" Xi Xingyi rushed toward Xiao Tian and Xi Ran.

Leng Nichang and Shi Fei turned their heads in the direction Xi Xingyi was running.

'They have returned!'

The duo was delighted when they knew that Xiao Tian had found Xi Ran.

"Let's go." Shi Fei and Leng Nichang also ran toward them.

"Xiao Tian, Ran..." Xi Xingyi almost could not control her emotion when she saw them.

She was happy.

She was delighted because God had granted her wish.

Xi Ran rushed toward her mother. "Mother..."

Xiao Tian smiled softly.

"Mother, what happened to you?" Xi Ran wore a worried face when she saw her mother's condition.

Instead of answering her daughter's question, Xi Xingyi threw many questions at once. "Ran, are you alright? Did the wild monkey injure you? What happened last night? Where did you sleep?"

She checked her daughter's body carefully.

Her daughter slept in the forest last night, so she wanted to know if she was injured or not.

"Little brother, are you alright?" Shi Fei inquired.

"I'm fine." He showed his soft smile.

"Mother, I'm fine." Xi Ran did nothing when her mother checked her body because she could understand her actions. "What happened to you? Why is your face pale?"

Like before, Xi Xingyi did not answer her daughter's questions. "Thank God."

She embraced her daughter tightly. She could not express her feelings in words. She was so happy, to the point she kept hugging her daughter.

'Ran...'

The anxiety inside her slowly disappeared.

"Mother, tell me. Why is your face pale? Are you sick?" Xi Ran repeated her questions because she was worried about her mother's condition.

"I'm fine. I'm not sick." Xi Xingyi was not sick, she was only tired.

"Your mother did not sleep last night. She keeps waiting for you and Xiao Tian." Leng Nichang revealed the truth.

"What?!" Xiao Tian and Xi Ran were instantly worried.

They knew that Xi Xingyi would be worried, but they did not expect that she would keep waiting for them to the point of not sleeping.

"We asked her to sleep many times, but she always refused, saying she wanted to wait for both of you." Shi Fei added.

"It's fine. I'm only tired." Actually, Xi Xingyi was no longer tired because she had seen her daughter and Xiao Tian.

Xiao Tian stood in front of Xi Xingyi before finally speaking, "Xingyi, let's go to sleep now. I will sleep with you."

"But I still want to talk with my daughter." Xi Xingyi wanted to hear what had happened to her daughter in detail.

"Mother, you should sleep now." Xi Ran agreed with Xiao Tian's words. "I will tell you everything after you wake up."

"But..." Xi Xingyi wanted to hear it immediately.

"We can't enjoy our camping if you get sick, right?" Xi Ran tried her best to make her mother go to sleep. "Don't you want to make good memories together?"

Xi Xingyi shifted her gaze to Xiao Tian, Leng Nichang, and Shi Fei.

When she saw them nodding their heads, she agreed immediately. "Alright."

As Xiao Tian was bringing Xi Xingyi to her tent, Xi Ran and the others sat in front of a bonfire, eating together.

Xi Xingyi was currently lying in Xiao Tian's arms. "Xiao Tian, thank you for saving my daughter."

She did not know what would happen to her if Xiao Tian did not find her daughter because her daughter was her only family.

Sure, they quarreled many times in the past, but that never diminished her love for her.

"You don't need to thank me." He responded, "You are my lover, so it's my job to protect you and your daughter."

"I was so scared last night. I thought I would not be able to see my daughter again." She told him what she felt last night.

"Don't worry. As long as I'm alive, I will protect you and your daughter forever." He was telling the truth when he said this because she was his lover.

"Thank you, Xiao Tian." She expressed her gratitude again.

Xiao Tian stroked her hair gently.

He smiled softly when he saw her sleeping.

She did not sleep last night, so her body was tired. This was the reason why she fell asleep fast.

'Sleep well, my love.'

Chapter 1520 In The River With Xi Ran

7-8 minutes

After Xi Xingyi fell asleep, Xiao Tian tried to put her on the folding bed because he wanted to chat with Shi Fei and the others.

'I hope she won't wake up.'

He carefully put her on the folding bed because he did not want to wake her.

Shi Fei said Xi Xingyi did not sleep last night, so she needed to rest. After putting her on the folding bed, he kissed her forehead.

'Sleep well, my love.'

However, something unexpected happened when he was about to stand up.

She grabbed the hem of his T-shirt!

'Hmm?'

He turned his head to look at her because he thought she was awake.

And what he had guessed was right because he saw her staring at him. "Xiao Tian, don't leave. Sleep with me."

He smiled softly again.

"Alright." After saying that, he lay on her right side.

Even though he wanted to chat with Shi Fei and the others, he still granted her wish because she needed to rest.

He was afraid that she would follow him if he decided to chat with Leng Nichang and the others.

'I will try to sneak out again after she falls asleep.'

He held her hands, hoping it could help her sleep faster.

To his surprise, she suddenly lay on top of him. "Xiao Tian, embrace me."

She felt comfortable sleeping in his arms, so she asked him to hug her.

"What a spoiled lover." He wrapped his arms around her slender waist.

Like before, she fell asleep shortly after placing her head on his chest. Her body was tired, so she fell asleep instantly when she was in her lover's arms.

Xiao Tian did not sneak out immediately after she fell asleep. He waited for about fifteen minutes before finally getting out of her tent.

"Is there food for me?" he had not eaten anything since yesterday afternoon, so he was starving.

"Is my mother sleeping?" Xi Ran inquired.

"Yes." He responded, "She is sleeping now."

"Little brother, your breakfast." Shi Fei had prepared a meal for him earlier because she knew that he had not eaten anything since yesterday afternoon.

"Thank you." He ate as he chatted with them.

"Little brother, we heard your heroic actions from sister Ran." Shi Fei knew what had happened to Xiao Tian and Xi Ran yesterday.

Of course, Xi Ran did not tell Shi Fei and Leng Nichang everything because there was something she could not tell them.

No!

It was not like she regretted everything she did with Xiao Tian, but from her point of view, it was better to keep it secret.

Xiao Tian turned his head to look at Xi Ran.

'My heroic actions? What actions?'

Actually, he wanted to know what she said to them, but he did not say anything.

"I told them how you saved me yesterday." Even though he did not say anything, Xi Ran could tell what he had in mind because it was written on his face.

"I see." He still did not know if she told them everything or not.

"You sounded like a hero, little brother." Shi Fei stated.

"Didn't you already know that I'm indeed a hero?" his usual demeanor appeared again, praising himself without feeling shy.

"I only said your actions sounded like a hero. I never said you were a hero because everyone knew you were a pervert." Shi Fei's words caused the smile on his face to fade instantly.

"Bad lady!" he pinched Shi Fei's cheeks.

"Hehe." Leng Nichang giggled while Xi Ran only smiled.

The trio chatted for about an hour before finally Xiao Tian and Xi Ran sat by the river bank.

Even though the river was quite big, but it was not deep.

The water on the edge of the river was only ankle-deep, while in the middle of the river was only up to an adult's waist.

The river was also filled with gravel. They even could see the gravel under the water because the water was quite clean.

"Do you think there are fish in this river?" Xi Ran, who was sitting on gravel, inquired.

"I don't know." He responded. "Shall we try catching fish?"

"Let's catch fish." After saying that, she rose to her feet. "But let's not go to the middle of the river."

"Alright." He agreed instantly.

The duo started trying to catch for fish.

Even though they only searched for fish on the edge of the river, but they always failed to catch them.

Catching fish was difficult, especially if they did not use tools to help them catch fish. This was the reason why they still had not managed to catch a single fish.

"Their movements are so swift." Xi Ran stated.

"Well, we are only using our hands, so it's normal if we can't catch them easily." He believed they would have caught many fish if he used a fishing net.

However, they did not have a fishing net because they never planned to catch fish in the first place.

Yes, Xiao Tian and the others only prepared food before going to Hang River!

"Let's try catching them again." Xi Ran did not give up because she suddenly wanted to eat fish.

"Un." He nodded his head.

"Xiao Tian, there is a big fish near the rock." She pointed her right index finger at a white rock in front of her.

The fish was as big as five fingers, so they immediately tried to catch it.

'Move carefully. Move carefully.'

The duo walked slowly and carefully because the fish had good instincts.

They were currently standing facing each other. He would try to catch the fish from the right side while she was from the left side.

After nodding their heads, they tried to catch the fish, but they failed.

The fish noticed them and immediately ran away!

Water was its territory, so the fish could avoid them easily.

Xiao Tian and Xi Ran tried to catch the fish at the same time, so they bumped into each other.

As they bumped into each other, something unexpected happened.

Xi Ran accidentally kissed his right cheek!

The duo was shocked by an unexpected turn of events.

Previously, they only wanted to catch a big fish. They just did not expect her to end up kissing his right cheek.

Even though Xiao Tian could act normally, but Xi Ran was still in a state of shock.

No!

It was not like she hated it.

It was because she was just shocked!

For this reason, she slipped when she took one step back.

"Lady Xi..." he grabbed her right hand before finally pulling her to him.

However, he also lost his balance, causing them to fall into the water. Luckily, they were on the edge of the river, so they were not drowning.

And even though the river was filled with gravel, they did not feel any pain because the water reduced the impact.

No!

Xi Ran fell on him, so she did not feel pain.

The duo widened their eyes after falling into the water.

The reason was simple.

It was because their lips were pressed against each other!

Yes, she kissed him again when they fell into the water!

If previously she kissed his right cheek, she kissed his lips this time.

Due to how shocked they were, they did not move their bodies.

'I...kissed him again?'
