Chapter 1561 Kingstrie Lake

Wu Lei and the others stopped walking. "What?!"

He and the others found it hard to believe what they were hearing because they had never heard of someone reaching the Master stage in just four years.

And because Xiao Tian could handle Huang Hu easily earlier, they believed Xiao Tian was a martial artist at the high-level master stage.

Four years to become a martial artist at the high-level master stage from an ordinary person was impossible. That was why they did not believe his words.

Like Wu Lei, Xing Juzong was also stunned.

Even though he had known Xiao Tian for several months, but they always discussed business whenever they were together.

Xiao Tian knew what they had in mind when he saw their expressions.

Did he care about it?

No!

He only told them the truth, so it was up to them whether they wanted to believe it or not.

He got nothing from it, so he did not care about it. He revealed the truth because he respected Wu Lei as his senior.

"Bullshit!" Huang Hu thought Xiao Tian was lying. "I have never heard of someone reaching the Master stage in just four years. You are lying to us, right?"

"It's up to you whether you want to believe it or not." Xiao Tian responded calmly.

Wu Lei and Tan Zemin exchanged a glance with each other.

'Is he a candidate to be the Ruler?'

That was the question that appeared in their minds.

At first, Wu Lei wanted to ask that question, but he changed his mind. "Alright. Let's continue walking."

Shortly after that, they reached his house. His house was located in the middle of the village.

Even though his house was made of wood, but it was nice and cozy. Actually, all the houses in the Solaris village were made of wood.

None of them used cement to build their homes because their village was far from a city.

No!

From their point of view, the function of the house was as a shelter and a place to sleep.

They never cared whether their homes were made of cement or wood. As long as the house was comfortable for them, they were fine with it.

As Xiao Tian, Xing Juzong, Wu Lei and Qiao Luli entered the house, Huang Hu and Tan Zemin stood outside, guarding the house.

They still did not believe Xiao Tian and Xing Juzong completely, so they decided to guard Wu Lei's house because, with this, they could protect him.

Xiao Tian and the others immediately sat on the wooden chairs after stepping into the living room.

Wu Lei looked at Xiao Tian and Xing Juzong. "Can you tell me everything in detail now?"

"It's like this, elder...." Xing Juzong began explaining everything in detail.

"I see." Wu Lei shifted his gaze to Qiao Luli. "How did they kidnap you?"

"They kidnapped me when I was looking for herb." Qiao Luli gave an honest answer.

"Did you go alone again?" Wu Lei threw another question.

"I'm sorry, grandpa." she apologized for causing trouble.

Wu Lei sighed.

He did not scold her because he loved her.

Sure, they were not related by blood, but she was still his granddaughter. "Remember. You have to go with a village guard if you want to pick up herbs."

"Thank you, grandpa!" she smiled happily and hugged her grandpa.

Xiao Tian and Xing Juzong knew that they had a good relationship just by looking at their behavior.

They continued talking again.

Wu Lei also asked Xing Juzong about his grandpa because it had been a long time since he met Xing Hanxian.

Without realizing it, they had been talking for about forty minutes.

At this moment, Qiao Luli wanted to take Xiao Tian and Xing Juzong to Kingstrie Lake, which was located behind their village.

"Grandpa, can I take big brother Qing and big brother Xing to Kingstrie Lake?" Qiao Luli inquired.

"Sure." Wu Lei agreed instantly.

"Kingstrie Lake?" Xiao Tian and Xing Juzong were startled when she suddenly wanted to take them to Kingstrie Lake.

Qiao Luli took Xiao Tian's and Xing Juzong's hands. "Big brothers, let's go."

Huang Hu and Tan Zemin were shocked when Qiao Luli came out of Wu Lei's house while holding Xiao Tian's and Xing Juzong's hands.

"Big brothers, Kingstrie Lake is a beautiful lake." Qiao Luli said happily. "I'm sure you will like it later."

"Kingstrie Lake?!" Tan Zemin and Huang Hu did not expect her to take Xiao Tian and Xing Juzong to Kingstrie Lake.

Shortly after that, Wu Lei came out of his house. Tan Zemin and Huang Hu immediately asked him why he did not stop Qiao Luli.

Wu Lei did not answer their questions and asked them to go to Kingstrie Lake with him, following Xiao Tian and the others in secret.

After walking for about fifteen minutes, Xiao Tian and the others arrived at Kingstrie Lake.

'What a beautiful lake!'

Xiao Tian and Xing Juzong were amazed by the beauty of the lake.

The lake was huge to the point they could not see its end from where they were. Not only was the lake beautiful, but the water was also clean.

There were also more than twenty islands in Kingstrie Lake. The islands were divided into big islands and small islands.

Some islands were close to each other, and even though the islands were in the lake, there were wild beasts living there.

"How is it, big brother Qing, big brother Xing?" Qiao Luli inquired.

"This lake is beautiful!" Xiao Tian and Xing Juzong answered in unison.

"This lake is important to us." she uttered, "Sometimes, we go fishing together in this lake."

"Oh, are there a lot of fish in this lake?" Xing Juzong uttered.

"There are lots of fish in this lake." She responded, "Not only that but there are many herbs on these islands. However, there are many wild beasts, so not everyone can go to these islands."

"Herb?" Xing Juzong was startled.

"Yes. Our village is far from the city, so we make our own medicine." She told Xiao Tian and Xing Juzong that they rarely went to the city.

Xiao Tian and Xing Juzong were even more amazed by the villagers because they could also make their own medicine.

At this moment, Wu Lei, Tan Zemin and Huang Hu were hiding between the bushes.

As they were paying attention to Xiao Tian and the others, two people from Sanlow village appeared not far from Xiao Tian.

"Village head, they are people from Sanlow village." Tan Zemin gripped his golden spear tightly.

Huang Hu and Wu Lei turned their heads toward the people from Sanlow village.

"Village head, we have to save Luli now." Huang Hu did not want something bad to happen to Qiao Luli, so he suggested that they saved her immediately.

However, Wu Lei stopped them. "Wait. This is a good opportunity to know if Xing Juzong and Qing Feng are on our side or not."

"But what if something bad happens to Luli?" Huang Hu uttered.

"Let's move closer to them so that we can save Luli if they want to hurt her." Wu Lei responded.

Tan Zemin and Huang Hu exchanged a glance with each other before finally nodding their heads.

The people from Sanlow village smirked when they caught sight of Qiao Luli.

'It's that kid.'

They walked toward Xiao Tian and the others with a grin on their faces.

Chapter 1562 Fighting In The Lake

7-8 minutes

Two people from Sanlow village walked towards Xiao Tian. These two people were Heng and Delan, martial artists at the high-level master stage.

Xiao Tian, Xing Juzong and Qiao Luli rose to their feet when they saw Heng and Delan.

"They are people from Sanlow village!" even though she was only a martial artist at the low-level master stage, she did not show the slightest fear in her eyes.

Xiao Tian and Xing Juzong took one step forward, trying to protect Qiao Luli from Delan and Heng.

"Luli, step back. Let us deal with them." Xing Juzong spoke abruptly.

"Big brother, I can fight too." she wanted to help them because she was also a martial artist.

Xiao Tian smiled at Qiao Luli and stroked her hair gently. "It's fine. Let big brothers deal with them. Your job is to watch our backs."

She agreed instantly. "Un. I will protect big brothers from behind."

"Brother Delan, we can raise our ranks in the village if we can catch Luli. This is a good opportunity to catch her because only two people are with her." Heng believed they could defeat Xiao Tian and Xing Juzong.

"That's right, brother Heng." Delan smiled happily as if it was guaranteed that they would win the fight.

"Let's beat them and catch that girl, brother." After saying that, Heng rushed toward Xing Juzong.

"Alright." Because Heng chose Xing Juzong, Delan ran toward Xiao Tian. "Die!"

Xiao Tian and Xing Juzong had the upper hand in the fight, especially Xiao Tian, because Delan was much weaker than him.

As a candidate to be the Ruler, an ordinary martial artist at the same level was nothing to him.

*Creak...

The sound of bones breaking rang in Xiao Tian's ears.

"Agghhhh." A soul-piercing howl of pain reverberated in the entire area.

Xiao Tian only kicked Delan's right leg once, but it immediately broke as if his right leg was only as strong as a twig.

Did Xiao Tian stop there?

Of course not!

He was cruel to his enemy, so he broke Delan's other leg immediately.

"Agghhhh..." Delan cried out in pain.

He could only lay on the ground and cry in pain because Xiao Tian broke his legs heartlessly.

Wu Lei, Tan Zemin and Huang Hu were shocked when they saw him breaking Delan's legs heartlessly.

Did they feel sorry for Delan?

No!

People from Sanlow village were their enemies, so they felt nothing when they saw Xiao Tian's ruthlessness.

After breaking Delan's legs, Xiao Tian turned his head to look at Xing Juzong.

At first, he wanted to help Xing Juzong, but he changed his mind because Xing Juzong almost defeated his enemy.

'Should I kill this person?'

He returned his attention to Delan again.

'I will just knock him out and let the villagers decide later.'

With that idea in mind, he raised his right fist, ready to hit Delan again.

However, two more people from Sanlow village appeared.

One of them was a martial artist at the low-level grandmaster stage, while the other was at the high-level master stage.

These two people were quite famous in Sanlow village because they were powerful martial artists.

The old martial artist at the low-level grandmaster stage was Dan, while the young martial artist was Xun.

"Xun, go and help Heng. I will deal with that masked man alone." Dan wanted to fight Xiao Tian alone.

"Understood." After saying that, Xun rushed toward Xing Juzong, intending to kill him.

"Village head, are we still not going to help them?" Tan Zemin inquired, "That old man is powerful. I'm afraid we will fail to save Luli if that old man beat Xing Juzong and Qing Feng."

After thinking for several seconds, Wu Lei responded, "No. We will continue to hide and watch them from here."

"Village head, your granddaughter is in danger! How can you say something like that?" Huang Hu disagreed with Wu Lei's decision because it was related to Qiao Luli's safety.

"Don't worry. I will guarantee that nothing bad will happen to my granddaughter." Wu Lei would come out from his hiding place if Qiao Luli's life was in danger.

This was a good opportunity to find out how strong Xiao Tian and Xing Juzong were or which side they were on.

"Tch!" Huang Hu put on a displeased face.

Bang!

Heng was thrown five meters after Xing Juzong kicked his mid-torso.

"Damn it! Uuakk..." Heng coughed up blood, and his body felt weak because Xing Juzong kept attacking his vital areas.

Xing Juzong turned around when he noticed Dan and Xun.

'That old man is strong!'

Even though he did not know how strong Dan was, but he knew Dan was more powerful than him.

'He gives off an aura similar to my grandfather's.'

Of course, his grandpa was much stronger than Dan.

'This is not the time to show mercy. I have to kill him immediately and help brother Qing.'

When he was about to kill Heng, Xun attacked him.

Of course, he managed to avoid Xun's attacks because his reflexes were good.

"Where are you going? Your opponent is me!" Xun stopped Xing Juzong when he wanted to help Xiao Tian.

Xing Juzong returned his attention to Xun. "It seems like I have to defeat you first."

"Defeat me first?" Xun smirked. "Are you sure you can defeat me?"

"One hundred percent sure." After saying that, Xing Juzong took a short iron stick out of his pocket.

'I have to defeat him as quickly as possible.'

He extended the iron stick, using it as a weapon.

"Oh! That's an interesting weapon you have there. I will take that weapon after defeating you." After saying that, Xun rushed toward Xing Juzong, attacking him continuously.

At the same time, Xiao Tian and Dan stood facing each other. They did not fight immediately like Xing Juzong and Xun; instead, they looked into each other in the eyes.

*Shui... Shui...

Strong winds hit their bodies, causing their clothes to flutter in the wind.

The duo paid no attention to it and kept looking each other in the eyes.

Xiao Tian took his special sword out of his pocket. His enemy was powerful this time, so he decided to get serious from the start.

Dan unsheathed his blade when he saw Xiao Tian extending his special sword. The ring of his blade was not only crisp, but it also carried a weight to it.

Like Xiao Tian, he also didn't want to play around.

Xiao Tian was powerful, so underestimating him or playing around could be fatal.

*Shui...

The bushes swayed in the wind, and countless leaves fell from the trees, surrounding them.

Xiao Tian and Dan grasped their weapons firmer.

When a red leaf touched the ground, the duo rushed toward each other, swinging their weapons.

*Clink...

The sound of weapons clashing reverberated in the entire area.

The duo took a step back after their first attack.

Their eyes locked on each other, and their weapons thirsty for the blood of their enemies.

Kill!

That was what they had in mind.

They would show no mercy to the enemy as there was no need for it.

As a yellow leaf hit the ground, they rushed at each other again, swinging their weapons with the intent to kill.

Chapter 1563 Fighting Against Dan

7-9 minutes

*Clink...Clink...Clink...

The sound of weapons clashing reverberated in Kingstrie Lake.

Even though Xiao Tian was fighting against a martial artist at the low-level grandmaster stage, but he could fight his enemy on an equal footing.

Dan was startled.

Sure, he knew Xiao Tian was a powerful martial artist, but he was much stronger than he thought.

Dan was not an ordinary martial artist because he had gained insight about battle instinct and could use the energy of heaven and earth.

Was he annoyed?

No!

From his point of view, fighting a strong martial artist was more exciting because fighting against weak ones would bore him.

This was the main reason why he told Xun to fight Xing Juzong because Xiao Tian was stronger than Xing Juzong.

Like Dan, Wu Lei and the others were also startled.

'He can fight Dan on an equal footing?'

Previously, they thought Xiao Tian would be defeated in less than ten moves, but they were wrong.

They were utterly wrong because Xiao Tian could fight Dan on an equal footing.

"Interesting! Interesting! Fighting against a powerful martial artist is really exciting." Dan attacked Xiao Tian while laughing happily.

He was pleased.

He was delighted because he could fight against a powerful martial artist like Xiao Tian.

As Xiao Tian was fighting against Dan, he stole glances at Xing Juzong and Qiao Luli. Xing Juzong did not have the upper hand in the fight, so it was challenging for him to win.

'Will there be more martial artists coming to this place?'

Dan was much stronger than all the enemies he faced until now, so Xiao Tian knew that he could not defeat Dan quickly.

Dan stopped attacking Xiao Tian when he noticed what he was doing. "Why don't you focus on the fight? Are you worried about that kid?"

Xiao Tian returned his attention to Dan. "Let's finish this fight quickly."

He was afraid that there would be more enemies coming to Kingstrie Lake, so he wanted to finish the fight quickly.

"Oh! You want to finish the fight quickly. Come, I'm ready." Dan did not attack Xiao Tian; instead, he waited for Xiao Tian to attack him.

*Inhale...Exhale...

Xiao Tian absorbed the energy of heaven and earth into his body.

He wanted to finish the fight as quickly as possible, so he decided to use his trump card.

Battle instinct!

If he used his secret technique while in battle instinct mode, he believed he could defeat Dan quickly.

Instead of feeling afraid, Dan was excited. "Oh, battle instinct?! I can do that too!"

Like Xiao Tian, he also absorbed the energy of heaven and earth into his body.

His hair danced wildly as the energy of heaven and earth entered his body.

Boom!

A terrifying aura burst out of his body, and his power increased drastically.

Wu Lei, Huang Hu and Tan Zemin were not shocked when they found out that Dan could use battle instinct because they already knew about it.

They were surprised because Xiao Tian could use battle instinct too.

Xiao Tian was still young and only a martial artist at the Master stage, so one thing suddenly appeared in their minds after they found out about it.

Xiao Tian was a candidate to be the Ruler!

"I had suspected he was a candidate to be the Ruler after hearing his words but I was not one hundred percent sure earlier." Wu Lei uttered, "Now that I know he has gained insight about battle instinct, I believe he is one of the people who are loved by the heavens."

Previously, Xiao Tian said he reached the high-level master stage in only four years.

Wu Lei, Tan Zemin and Huang Hu did not believe him earlier, but now they were starting to believe it because the candidates to be the Ruler were people who were loved by the heavens.

The rules for ordinary martial artists did not apply to them, and their accomplishments could not be attributed to logic.

It would not make any sense, and it would sound like bullshit if they did that.

After all, they could achieve something that would be impossible for ordinary martial artists to achieve!

Huang Hu clenched his fist.

Was he afraid of Xiao Tian?

No!

He even would challenge Xiao Tian to fight him if the opportunity arose.

He was the most talented young man in the younger generation, so he would prove to Xiao Tian that he was a powerful martial artist.

*Clink...Clink...Clink...

Xiao Tian and Dan moved at an incredible speed.

Xiao Tian took one long step back and changed his position into an lai stance.

His intention was clear.

He wanted to use his secret technique!

"What is it this time? A secret technique?" Dan changed his position to a defensive position because Xiao Tian would attack him. "Come. Let me see your secret move."

Xiao Tian's eyes gleamed with terrifying light, and he was ready to attack Dan.

'Moon style sword of drawing techniques- fifth form: one hundred deadly slashes.'

He rushed toward Dan and attacked him continuously.

*Slash...Slash...Slash....

His attacks were fast and full of power.

The falling leaves were sliced cleanly in half, and the small flowers on the ground slowly flew into mid-air.

Xiao Tian's movements were fast, to the point it created wind around him.

At this moment, Tan Zemin, Huang Hu and Wu Lei widened their eyes in surprise.

'The secret techniques of the Moon Sword Martial Arts School?!'

They found it hard to believe what they were seeing because they believed the Moon Sword Martial Art School had been destroyed.

'Who is he? What is his relationship with Moon Sword Martial Arts School? Is he the remaining disciple?'

Countless questions appeared in their minds.

"Village head, we have to ask him about this later." Tan Zemin uttered.

"I will do that later." Wu Lei agreed.

*Clink...Clink...Clink...

Dan could not avoid all of Xiao Tian's attacks because his attacks were fast and deadly.

'Whoa! This secret technique is amazing!'

Dan was a battle maniac, so he still laughed happily even though he was showered with Xiao Tian's deadly attacks.

His green T-shirt had become red now.

Blood kept coming out of his wounds.

If he were an ordinary martial artist, he would have been dead by now because Xiao Tian's attacks were so terrifying.

Bang!

Dan finally fell to the ground because his legs could not support his body anymore.

Was he feeling depressed?

No!

Was he angry because a young martial artist defeated him?

No!

Was he begging for his life?

No!

This was what excited him.

This was the reason why he loved martial arts world so much because no one knew what would happen to them.

They could die fighting old martial artists, or they could die fighting against young martial artists.

Anything could happen in the world of martial arts!

Xiao Tian instantly stopped using battle instinct to save stamina.

Since there was fifteen percent of the energy of heaven and earth in his martial arts points, he would still be fine as long as he did not use battle instincts for ten seconds.

After all, his limit for now was ten seconds.

"Haha. It was a good fight, young man." despite knowing death was right before his eyes, Dan still laughed happily. "I did not regret it."

Chapter 1564 Chase Them!

7-8 minutes

Tan Zemin, Wu Lei, and Huang Hu were stunned.

'He...defeated Dan?!'

The trio knew how powerful Dan was.

The gap between their levels was quite big, but even so, Xiao Tian could still defeat Dan.

Xiao Tian turned his head to look at Xing Juzong.

'He almost defeats his opponent too.'

He returned his attention to Dan.

"Young man, can I see your face? I want to see the face of martial artist who defeat me." Dan tried to destroy or take off Xiao Tian's mask earlier, but his efforts were in vain.

Xiao Tian ignored Dan's request and raised his special sword.

At first, he wanted to kill Dan, but he changed his mind.

In his view, it was better to cripple Dan because, with this, the villagers could deal with him later.

However, something unexpected happened when he was about to cripple Dan.

Ten martial artists from Sanlow village suddenly appeared not far from them!

"Haha." Dan laughed loudly when he saw his fellow villagers. "Young man, it seems that God still doesn't want me to die."

"Tch!" Xiao Tian swung his special sword, trying to cut Dan's neck.

However, a hummer suddenly flew toward his face with incredible speed before he could cut off Dan's neck.

For this reason, he leaped to the left to avoid the hummer.

"Kill them!" the red-haired man shouted.

Xing Juzong immediately grabbed Qiao Luli and ran away. "Brother Qing, let's leave this place. Two of them are at the grandmaster stage while the rest are at the master stage."

They had to protect Qiao Luli, so they would be at a disadvantage if they fought the people from Sanlow village.

Xiao Tian instantly followed Xing Juzong.

'There are three enemies in front of us!'

When he was about to fight them to open a path for Xing Juzong and Qiao Luli, he was stopped by Xing Juzong.

"Big brothers, let's jump into the lake!" Qiao Luli spoke abruptly.

Xiao Tian and Xing Juzong exchanged a glance with each other before finally nodding their heads.

"Take a deep breath!" Xiao Tian instantly jumped into the lake.

At the same time, Wu Lei and the others were fighting against the people from Sanlow village.

"Elder Dan..." a young martial artist from Sanlow village helped Dan up. "Let's go back to the village first."

"Haha." Dan laughed again.

'Young man, I will look for you after recovering. Let's have another fight.'

He wanted to fight Xiao Tian again because fighting Xiao Tian made him feel excited.

Solaris Village, Entrance Gate.

A big fight was happening at the entrance of Solaris Village.

Previously, twenty people suddenly appeared not far from the entrance gate and attacked the Solaris village guards.

Xing Juzong's car was damaged because the fight was happening next to his car. It was no longer usable as the damage was so severe.

Of course, Xing Juzong did not know about this because he was currently in the water with Xiao Tian and Qiao Luli.

"Kill them! Don't let them enter our village!" the Solaris village guards roared.

One by one, the villagers came out to help the village guards. The people from Sanlow village had no other choice but to retreat because they were outnumbered.

"Stop! Don't chase them. Treat the injured people first." The red-haired man stopped his brothers and sisters from chasing the people from Sanlow village.

At the same time, Xiao Tian and the others were on the island. Xiao Tian, Xing Juzong, and Qiao Luli decided to go to the island because four people from Sanlow village chased them.

'There are four people following us.'

Xiao Tian shortened his special sword and made it look like a dagger.

'I will sneak attack them!'

Even though he had fought two martial artists earlier, he still had enough stamina to deal with them.

"Brother Xing, four people are following us." Xiao Tian spoke and paused for a second before he continued, "I will sneak attack them."

"Be careful!" at first, Xing Juzong wanted to stop Xiao Tian, but he changed his mind. "I will be the bait."

He grabbed Qiao Luli's right hand. They ran slower because they wanted to lure these people to a place filled with bushes.

"It's them! Catch that kid!" the red-haired man uttered.

At this moment, Xiao Tian was hiding in the bushes, waiting for an opportunity to kill one of them.

Yes, he decided to kill them one by one!

The green-haired man and black-haired man rushed toward Xing Juzong and Qiao Luli. The yellow-haired man was at the very back, so Xiao Tian's target was him.

When the yellow-haired man was close to him, Xiao Tian instantly came out of his hiding place and covered the yellow-haired man's mouth.

*Slice...

He sliced the yellow-haired man's throat.

Xiao Tian put the corpse in the bushes so that no one would see it.

'Three more people!'

Like before, he did not act recklessly and only made a move when he was sure he could kill them.

No!

He was not a coward, but this was the best way to kill them.

Like before, Xiao Tian could kill one of them easily. Now there were only two people left; the red-haired man and the black-haired man.

The red-haired man and the black-haired man stopped running.

"Brother Sheng, where are Geng and Kong?" the black-haired man inquired.

"I believed they were behind us earlier." Sheng realized something. "Brother Su, don't tell me..."

"They got eaten by the wild beasts in this island?" Sheng and Su said in unison.

Xiao Tian, who was hiding in the bushes, tried his best not to laugh.

'How can they be so stupid like that?!'

He found it hard to believe what he was hearing.

Sure, he knew there were wild beasts on the island, but they should suspect him or Xing Juzong, not the wild beasts.

"Let's stay in group and be careful!" Sheng uttered.

"Brother Sheng, how about we go back now?" Su wanted to go back immediately because they were in a dangerous place.

"What are you saying? What should we say if the others throw questions to us later?" Sheng still wanted to chase Qiao Luli because they could raise their ranks if they managed to catch her.

"Have you forgotten the wild beasts on this island are different from ordinary wild beasts?" Su tried to persuade him to leave the island.

Sheng wavered after hearing Su's words.

'He is right. The wild beasts on this island are different than ordinary wild beasts. It would be dangerous to remain in this place.'

After remembering that they had lost Geng and Kong, he agreed with Su's words.

Xiao Tian decided not to kill them because they chose to return to their village. "I will ask Luli about the wild beasts on this island."

Actually, this was the main reason why he decided not to kill Sheng and Su because it was related to his safety.

"Brother Qing, where are they?" Xing Juzong inquired.

"I killed two of them and the rest decided to return to their village." After saying that, Xiao Tian shifted his gaze to Qiao Luli. "Luli, can you tell me about the wild beasts on this island?"

Chapter 1565 Experimental Beasts

7-8 minutes

"Luli, can you tell me about the wild beasts on this island?" Xiao Tian wanted to know about it because Sheng and Su did not dare to stay long on the island.

They also said the wild beasts on that island were different from ordinary wild beasts, so he was curious about it.

Xing Juzong was startled by Xiao Tian's question. "Are they really different from normal wild beasts?"

"Yes." Qiao Luli gave an honest answer. "They are the result of experiments."

"What?! Experimental wild beasts?!" Xiao Tian and Xing Juzong were shocked by her answer.

Qiao Luli began telling them about the wild beasts on these islands. She said there was a group that conducted illegal experiments on beasts in the past.

That group released these experimental wild beasts on these islands several years ago. At first, there were only twenty beasts, but there were more than one hundred now.

These experimental beasts were much bigger and stronger than normal beasts. The villagers tried to kill these people in the past and only managed to kill a few of them.

They also tried to find an experimental laboratory, but their efforts were in vain.

The villagers stopped looking for them because they had never appeared again since the villagers tried to kill them.

"Big brothers, let's return to the village now. This island is dangerous." Qiao Luli did not want to stay on the island for long.

Xiao Tian and Xing Juzong exchanged a glance with each other before finally nodding their heads.

However, the goddess of luck was not on their side because two experimental wild beasts suddenly appeared in front of them.

Xiao Tian and Xing Juzong widened their eyes.

'How could a lynx be this big?'

They saw two lynxes in front of them.

These lynxes were huge, with a height of two meters. Normally, the size of lynx was around 80 to 120 centimeters, but the ones before them had a height of two meters.

Xiao Tian and Xing Juzong instantly took out their weapons after coming to their senses.

Xiao Tian looked at Qiao Luli and uttered, "Luli, hide behind a tree. We will deal with them."

"Big brother, I can fight too." previously, she was not allowed to help them, so she wanted to help them this time.

Xiao Tian and Xing Juzong told her to hide, but she insisted on helping them. She said she was a martial artist at the Master stage, so they should not underestimate her.

Xiao Tian and Xing Juzong gave in because she would not take no for an answer. He then told Xing Juzong to keep watching her because he would go all out now.

At the same time, Tan Zemin and the others were on their way to the island. They went to the island after defeating people from Sanlow village.

As soon as they reached the island, they tried to find Qiao Luli and the others.

They kept shouting, hoping Qiao Luli and the others would hear their voices. Sure, their way to find them was dangerous, but they did not care about it.

"Luli...Luli..." Wu Lei kept shouting.

At this moment, Tan Zemin saw Kong's corpse. "Village head, there is a corpse here."

Huang Hu and Wu Lei rushed toward Tan Zemin.

"It's someone from Sanlow village." Wu Lei was familiar with the corpse's face.

"Then we are in the right direction." Huang Hu uttered, "Let's look for them again."

The trio began looking for Qiao Luli again. Shortly after that, they heard the sound of people fighting.

The trio rushed toward the source of the sound because they thought Qiao Luli and the others were fighting against people from Sanlow village or wild beasts.

And what they had guessed was right because they saw Xiao Tian and the others fighting against two lynxes.

The lynxes were injured heavily.

Even though these lynxes were huge and had great strength, but Xiao Tian and the others could still injure them.

"Grrrr..." the lynxes were staring at Xiao Tian and the others.

They did not realize that Tan Zemin and the others were behind them, ready to kill them.

"Die!" Huang Hu roared, swinging his black spear.

Qiao Luli was pleasantly surprised when she saw her grandpa and the others because, with this, they could kill these lynxes much easier.

The fight did not last long because these lynxes were already injured heavily.

After killing these two lynxes, Wu Lei walked toward his granddaughter and inquired, "Luli, are you alright?"

"I'm fine. Grandpa, how do you know we are on this island?" she did not know that they were following them earlier.

After thinking for several seconds, Wu Lei found a good excuse. "We did not see you on the lake earlier, so I thought you were on the island because we met people from Sanlow village earlier."

"I see." Qiao Luli believed his words immediately.

Wu Lei let out a sigh of relief.

"Let's return to the village now." Wu Lei uttered.

"Un." She nodded her head.

They immediately returned to their village.

The village guards told Wu Lei that people from Sanlow village attacked them earlier.

Xing Juzong sighed when he saw the condition of his car. He did not expect his car to be damaged like that.

"Brother Qing, what should we do? We can't return home now because my car is badly damaged, and there is no signal in this place." Xing Juzong could not call his family because there was no signal in Solaris village.

It was already 05:00 pm, and the distance between Solaris village and the nearest city was so far, so it was impossible to walk to the nearest city.

"Big brother, just stay the night in our village." Qiao Luli uttered, "We will think of a way to repair your car later."

Xiao Tian and Xing Juzong nodded their heads. They had no other choice because Xing Juzong's car was badly damaged.

"No!" Huang Hu disagreed with her idea. "I still don't believe them completely."

"Hmf! I'm not asking for your opinion." After saying that, she held Xiao Tian's and Xing Juzong's hands.
"Big brothers, let's go to my house now."

Huang Hu turned his head to look at Wu Lei. "Village head, why didn't you stop her? I still don't believe them completely. We should not let them stay in our village."

Wu Lei sighed before finally going home.

He did not stop his granddaughter because he believed she would be angry if he did that.

Tan Zemin stood next to Huang Hu and uttered, "Hu, they fought people from Sanlow village together earlier, so let's drop this topic now. I now believe they are not spies."

Huang Hu returned to his house in annoyance.

Wu Lei's House, Living Room.

Xiao Tian and the others were currently in the living room. They immediately chatted after taking a shower.

"Qing Feng, I have something I'm curious about." Wu Lei spoke abruptly.

"Hmm? What is it?" Xiao Tian inquired.

"Are you a disciple of the Moon Sword Martial Arts School?" Wu Lei really wanted to know about this because he believed that martial arts school had been destroyed.

At this moment, Xiao Tian believed Wu Lei was following them earlier.

'Should I give an honest answer?'

Chapter 1566 Challenge

7-8 minutes

"Moon Sword Martial Arts School? Why do you think I'm related to that martial arts school?" Xiao Tian still did not know that Wu Lei was following him earlier.

'Did he follow us in secret earlier?'

He added in his mind.

Wu Lei could not answer Xiao Tian's question immediately. Qiao Luli and the others would know he was following them if he gave an honest answer.

"When you fought wild beasts earlier, you seemed to be using moves from that martial arts school, so I wanted to confirm because I was curious." Wu Lei could not help but lie to him.

"Moon Sword Martial Arts School? Hasn't that martial arts school been destroyed?" Xing Juzong was fighting against Xun when Xiao Tian used his secret technique, so he did not know about this.

"Yes. It was destroyed by an unknown group a few years ago." Wu Lei shifted his gaze to Xiao Tian after saying that. "So, are you related to that martial arts school?"

"I have no relationship with that martial arts school." Xiao Tian decided to lie. "I believe you are mistaken, elder."

"I see." Wu Lei responded.

'He doesn't want to admit it. But why?'

He wanted to know about it even more, but he did not force Xiao Tian to reveal the truth.

Actually, Xiao Tian wanted to ask if Wu Lei was following them or not earlier, but he changed his mind because the conversation could lead to the Moon Sword Martial Arts School later.

He did not want them to know who he was because Qing Feng was his trump card against the Xiao family.

"Oh right, Luli. I did not know you were strong." Xing Juzong changed the topic of the conversation. "You are even stronger than my younger sister."

Qiao Luli smiled happily. "Hehe."

Xiao Tian turned his head to look at Qiao Luli.

Actually, he wanted to know about this too. She was only seventeen, but she was already at the Master stage.

Even though she was not as talented as him, but she was still a genius martial artist. She even could injure the wild beasts when they fought Lynxes earlier.

He had never met someone as talented as her before.

All people he had met until now could only reach the Master stage when they were over twenty years old.

If nothing bad had happened to her, he believed there was a high chance of her becoming a martial artist at the Grandmaster stage in her twenties.

There was even a high possibility of her becoming a candidate to be the Ruler like him.

"Big brothers, you two are also awesome!" Qiao Luli knew they were powerful martial artists because she saw them fighting against people from Sanlow village earlier.

"But you are more amazing than us." Xing Juzong praised Qiao Luli.

"Hehe." She giggled happily again.

Sanlow Village.

Sanlow village was located not far from Solaris village. However, their villages were separated by huge mountains.

The villagers were currently in Fu Lim's house, the village head. Fu Lim was an old man with red hair and green eyes. He was fifty-nine years old.

"We lost six people today, and ten of our people are also injured." Fu Lim was unhappy.

"Village head, we should stop attacking them for now. We must prepare everything carefully, not attack them carelessly like today." A mature man about thirty-eight years old spoke abruptly.

He had green hair and black eyes. Her name was Fenhua, captain of the village guard.

"I agreed with Fenhua's words." An old man about fifty-seven years old uttered.

He was Yasheng, the second elder of Sanlow village. Dan was the first elder, so he was of the same generation as Dan.

"Village head, where is that masked man? Didn't he say he would help us?" a mature man about thirty-nine years old inquired.

The mature man had brown hair and red eyes. His name was Ming, the first instructor of Sanlow village.

"I don't know." Fu Lim responded, "I can't get in touch with him since last week."

"Did he lie to us?" an old man about thirty-seven years old asked curiously.

He had green hair and blue eyes. His name was Luoyang, the second instructor.

"I don't know." Fu Lim shook his head.

A young man clenched his fist after hearing their conversation. The young man had blue hair and red eyes.

His name was Gaozhi. He was the most talented person in the younger generation.

'It seems like I can't fight Huang Hu any time soon.'

He really wanted to fight Huang Hu because Huang Hu was the most talented person in Solaris village.

When he went to Solaris village earlier, he hoped he could fight Huang Hu, but he could not find Huang Hu.

That was why he was annoyed when they returned to the village. Huang Hu and he were of the same age and level.

They had fought more than five times, but they could not determine the winner until now because they always ended up in a draw.

"Then we will wait for the masked man and prepare ourselves for the next battle." Yasheng uttered.

"Alright." Fu Li agreed.

Xiao Tian was currently sitting on the wooden bench, looking at the night sky. He could not sleep, so he decided to sit on the wooden bench, enjoying the beautiful night.

'I miss them.'

He missed his women.

Sure, he met them this morning, but he still missed them. And he also missed his little angel so badly.

As Xiao Tian was looking at the moon, a voice suddenly rang out. "What are you doing here, big brother Qing?"

Xiao Tian turned his head toward the source of the sound. "Luli? Why are you still not sleeping?"

She sat next to him before finally answering, "I want to see the moon."

The duo looked at the beautiful night sky without saying a single word.

*Thirty seconds...forty seconds...sixty seconds...

Without realizing it, it had been a minute since she sat on the wooden bench, but none of them said a word as if they only wanted to enjoy the night.

"Big brother, since when did you wear a mask?" she asked curiously.

"Four years ago." He gave an honest answer.

"Why did you decide to wear a mask? Did something happen to your face?" she threw another question.

"To scare young girls like you." He tried to scare her after saying that.

But instead of feeling afraid, she giggled. "Hehe. It's funny."

"Oh, you are not scared?" he uttered.

"No." she shook her head.

The duo chatted for about an hour before finally going to Wu Lei's house to sleep. The following morning, Qiao Luli took Xiao Tian and Xing Juzong on a tour of the village.

At the same time, Huang Hu was sparring with a red-haired young man in the battle ring.

The battle ring was huge and located in the middle of the village. They always sparred every day because, with this, they could continue honing their fighting skills.

After defeating his opponent, Huang Hu looked at his fellow villagers, looking for an opponent.

'Qing Feng?'

Coincidentally, Xiao Tian and the others were strolling around the battle ring, so he suddenly wanted to fight Xiao Tian.

"Qing Feng, do you dare to fight me in this battle ring?" Huang Hu shouted.

Chapter 1567 Defeating Huang Hu

7-8 minutes

Xiao Tian and the others stopped their footsteps and turned their heads toward Huang Hu.

Previously, Qiao Luli only wanted to show Xiao Tian and Xing Juzong the battle ring. She just did not expect Huang Hu to challenge Xiao Tian after reaching the battle ring.

The onlookers were stunned.

'Qing Feng? Who is he?'

Some of them did not know Xiao Tian and Xing Juzong, so they were startled when Huang Hu suddenly challenged an outsider.

Xiao Tian still did not say anything and only stared at Huang Hu.

'It seems like he is still not satisfied with the result of our fight yesterday.'

He could snatch Huang Hu's spear easily yesterday, so he believed Huang Hu disliked him because of that.

"You won't try to run away, right?" Huang Hu would not take no for an answer because he wanted to show everyone that he was the best in the younger generation.

"Hu, stop causing trouble!" Qiao Luli shouted, "Didn't you fight big brother Qing yesterday?"

"It could not be called a fight because the village head stopped us yesterday." After saying that, Huang Hu returned his attention to Xiao Tian. "You are not a coward, right?"

Actually, there were two instructors in the arena, but they did not stop Huang Hu because they wanted to know how strong Xiao Tian was.

"You will get injured if you fight me." Xiao Tian could still control himself.

"I'm a martial artist, so it's normal to get injured in a spar." Huang Hu responded, "And we still don't know what will happen. Maybe it's you who will get hurt later."

"Fight!"

"Fight!"

"Fight!"

"Fight!"

"Fight!"

The onlookers wanted to see them fighting, so they began shouting.

Xiao Tian walked toward the battle ring.

His intention was clear.

He wanted to teach Huang Hu a lesson!

It would be annoying if Huang Hu kept challenging him, so he wanted to show him how big the gap between their strengths was.

"Big brother Qing!" Qiao Luli shouted when she saw Xiao Tian walking toward the battle ring.

"It's fine. Let's watch the fight up close." Xing Juzong spoke abruptly.

Huang Hu's lips curled up into a grin.

The duo was currently standing in the middle of the battle ring, looking at each other.

"I will repeat my words one last time." Xiao Tian spoke and paused for a second before finally, he continued, "You will get injured if you fight me. Are you sure you still want to challenge me?"

Huang Hu grabbed his wooden spear tighter and uttered, "Someone, give him a weapon."

When one of the onlookers was about to give him a wooden sword, Xiao Tian spoke, "I don't need it. I will fight you with my bare hands."

Even though Huang Hu was nearly unbeatable at the same level, but he was nothing to Xiao Tian.

Xiao Tian even could defeat a martial artist at the low-level grandmaster stage, so defeating a martial artist at the mid-level master stage was as easy as turning the palm of the hand.

Huang Hu was unhappy with Xiao Tian's actions and regarded him as an arrogant person.

'Damn it! He is underestimating me!'

Of course, he would not force Xiao Tian to take the weapon because this was a huge advantage for him.

If Xiao Tian used this as an excuse later, he would mock him. "Don't regret it later!"

"I'm ready." Xiao Tian would finish the fight as quickly as possible.

The onlookers were feeling excited.

Huang Hu was number one in the younger generation, so they wanted to see him beat Xiao Tian.

"Then, I will attack you now!" after saying that, Huang Hu rushed toward Xiao Tian, trying to pierce his heart with his wooden spear.

Even though Huang Hu had moved as fast as he could, but his speed was still slow in Xiao Tian's eyes.

He immediately moved to the left to avoid Huang Hu's attack.

'I will finish him with a kick.'

He wanted to finish the fight as quickly as possible, so he used seventy percent of his power.

There was fifteen percent of the energy of heaven and earth in his martial arts points, so his kick was already too powerful for someone like Huang Hu.

Bang!

He kicked Huang Hu's mid-torse.

Huang Hu failed to block or avoid his kick because it was too fast for him.

"Uakk..." blood came out of Huang Hu's mouth, and he instantly fell to his knees.

His vision became blurry, and he felt dizzy. Not only that, but he had trouble breathing too. He even felt as if he would fall unconscious.

*Silence...

The entire area turned into a dead silence.

The onlookers found it hard to believe what they were seeing. Huang Hu was the strongest in the younger generation, but Xiao Tian could defeat him in a single move.

Previously, they thought Xiao Tian would be defeated by Huang Hu, but the reality was different.

Xiao Tian defeated Huang Hu!

He even defeated Huang Hu in an overwhelming way.

One move!

Xiao Tian only needed a single move to defeat Huang Hu!

"Yay!" Qiao Luli put on a happy face.

Xing Juzong was not surprised because he knew something like this would happen.

"You may be unbeatable in this village, but that doesn't mean you are invincible in this world. Remember! This world is big, and there are many people stronger and more talented than you. For example, me!" after saying that, Xiao Tian walked down from the battle ring.

He decided not to beat Huang Hu to death because it would ruin his relationship with Qiao Luli and the others.

He was in their village, so he knew what he could not do. Of course, it didn't mean he was a coward.

Huang Hu did not say anything and only stared at Xiao Tian.

No!

He could not say anything because he was still having trouble breathing.

Xiao Tian's kick was too powerful, causing him to find it difficult to breathe. Now he finally knew why Xiao Tian said he would get injured if he fought him.

Two villagers helped Huang Hu up because he didn't move from his position.

"He is really strong!" a mature man spoke abruptly.

The mature man had red hair and green eyes. His name was Siyi, the first instructor in the Solaris village.

"You are right." A brown-haired man responded.

Like Siyi, he was also an instructor in the Solaris village. His name was Mao.

These two people were martial artists at the low-level grandmaster stage.

Even though they were not candidates to be the Ruler like Xiao Tian, but they were extraordinary martial artists.

They had gained insight into battle instinct, so they were powerful martial artists.

Xiao Tian and the others continued strolling around the village. When they returned to Qiao Luli's house, Wu Lei gave them a piece of good news.

A taxi would arrive in their village soon!

Previously, he ordered three of the village guards to go to the nearest city. Xiao Tian and Xing Juzong went home after the taxi arrived in the village.

Of course, they would return to Solaris village because Xing Juzong's car was still there.

Xiao Tian's Mansion, Backyard.

Xiao Tian was currently in the backyard alone, enjoying the afternoon atmosphere.

"Little brother..." his sexy lover rushed toward him with a smile on her face.

Chapter 1568 Meeting Lan Ruoxi

7-8 minutes

Xiao Tian was currently lying on the pool lounge chair. After arriving home, he decided to spend time in the backyard because he did not see his women.

He thought they went shopping, so he decided to relax in the backyard.

'I want to play with little Ai so badly.'

When he was about to call Long Jingxian, Shi Fei's voice rang out.

"Little brother..." Shi Fei rushed toward him with a smile on her face.

He instantly rose to his feet and spread his arms widely, ready to welcome his sexy lover.

Shi Fei jumped into his arms before finally giving him a peck on the lips. "Mmmuucchhh."

He smiled and spoke, "I didn't see you for a day, but it seems like you have gotten sexier now."

"Hehe." She giggled after hearing his words. "There is no way I could get sexier in just one day. You are thinking about pervert things, right?"

He walked toward a stone chair before finally sitting. Of course, he made her sit on his lap because he did not want to part with her for even a second.

"Where were you yesterday?" she asked curiously.

"I was at Solaris village." He began explaining everything in detail.

"You defeated a strong martial artist at the low-level grandmaster stage?" she said in surprise.

"Your lover is strong, so something like this is normal." As usual, he did not feel shy when he praised himself. "Do you want to learn martial arts? I can teach you my secret techniques if you want."

He still did not know that Shi Fei was much stronger than him. If they fought with their current powers, she could defeat him easily.

"No!" she refused instantly. "Because you will protect me if someone wants to hurt me, right?"

"No." he teased her.

"No? It seems like I have to punish you now." after saying that, she pinched his cheeks. "This is your punishment!"

"My sexy lover, please forgive me. My cheeks hurt." He asked her to stop pinching his cheeks.

"I don't want to. Hehe." She pinched his cheeks as she giggled.

As Xiao Tian was enjoying himself with his sexy lover, a voice suddenly rang out. "Big brother..."

His face blossomed into a smile after turning his head toward the source of the sound.

'My little angel?'

He immediately put Shi Fei on the stone chair and ran toward Mu Ai.

Long Jingxian, who saw them, smiled.

Even though she had seen it many times, but it still made her happy.

"Big brother..." Mu Ai jumped into his arms.

Xiao Tian immediately carried her and smiled softly. "Where did you go earlier?"

"I went to the nearest supermarket to buy vegetables and fruits with my mother." Mu Ai responded, "Big brother, let's go to Shenro Fountain now."

"Sure!" without saying anything to Shi Fei and Long Jingxian, he immediately walked toward the garage.

When Shi Fei saw them walking away, she uttered, "Sister Jingxian, it seems like he loves your daughter more than us."

"You are right." Long Jingxian nodded his head.

Xufang city, Shenro Fountain.

Xiao Tian and Mu Ai were currently sitting in the public seating, eating their ice cream.

He licked his ice cream happily because he was with his little angel.

'Hmm?'

He was pleasantly surprised when he saw a gorgeous lady walking not far from him.

The mature lady was wearing black jeans and a white jacket. Even though she was only wearing a simple outfit, but it did not reduce her beauty.

Lan Ruoxi!

Yes, that gorgeous lady was none other than Lan Ruoxi, the owner of the Red Flower bar.

"Little Ai, wait here." After patting her hair, he walked toward Lan Ruoxi.

Lan Ruoxi was walking while looking at her smartphone, so she did not know that Xiao Tian was near her.

"Beautiful lady, may I know your name?" he behaved as if they were strangers and he was interested in her.

Lan Ruoxi stopped her footsteps and turned her head toward the source of the sound.

"Young master Xiao?" she was startled because she did not expect to meet him at Shenro Fountain.

"Lady Lan, what are you doing here?" he asked curiously.

At first, she wanted to give an honest answer, but she changed her mind. "I'm following you."

"Following me?" of course, he knew she was lying to him.

"Yes. Following you." She kept teasing him.

"Why are you following me?" he inquired.

"A proverb says to follow your dream, so I'm following you." Of course, she said something like this because he was Xiao Tian, or else there was no way she would say that.

"Good! Then you can keep following me." After saying that, he grabbed her right hand and dragged her to where Mu Ai was.

Lan Ruoxi was shocked when he suddenly grabbed her right hand and dragged her somewhere.

But even so, she did not try to free herself. "Where are we going? Are you dragging me to a hotel?"

"To meet our daughter." He did not tell her that he was with Mu Ai.

"Our daughter? But we still haven't slept together even once, so how can we have a daughter?" she did not know that he was talking about Mu Ai.

"Just follow me." He uttered, "You will know soon."

When Lan Ruoxi saw Mu Ai licking her ice cream happily, she knew he was talking about Mu Ai.

"Big brother, you have returned?" Mu Ai shifted her gaze from Xiao Tian to Lan Ruoxi. "Auntie Ruoxi?"

Lan Ruoxi immediately squatted down in front of Mu Ai. "Little Ai, where is your mother? Is she here?"

"No. Mother is at home. I came to this place with big brother." Mu Ai shook her head cutely.

Lan Ruoxi pinched Mu Ai's cheeks gently. "You are really adorable!"

"If you have kids with me, they will be as adorable as her." He decided to tease her because she teased him just now.

"Then you need to think of a way to defeat me in a fight first." Lan Ruoxi responded, "If you can't do that, then try standing on the water. If you can do that, I will say yes to all your wishes."

The corner of his lips twitched.

'Lady Lan, aren't you tired of saying the same thing over and over again?'

She always responded like that whenever he said something related to a girlfriend or married.

Of course, he understood her reason because she had a powerful enemy. "I will try standing on the water later."

He decided to play along with her joke because he did not know what to say.

"Try levitating too." Lan Ruoxi added. "It would be cool if you could fly too."

"You watch too many movies, lady Lan. It's better for you to start watching less movies." Her demands were getting unreasonable, so he could only suggest that she started watching less movies.

"You don't believe people can fly?" she uttered.

"There is no way anyone could fly. We are in the real world, not a movie." He did not believe anyone could fly because he had never seen it before.

Lan Ruoxi shifted her gaze from Xiao Tian to Mu Ai. "Let's take a walk around this place."

"Un." Mu Ai nodded her head cutely before finally holding Lan Ruoxi's right hand.

Chapter 1569 Practicing Dragon Hand Martial Arts

7-9 minutes

After spending time with Lan Ruoxi at Shenro Fountain, Xiao Tian and Mu Ai went straight home.

He immediately headed to the backyard after changing into training clothes.

Yes, he wanted to practice martial arts!

At this moment, he wavered whether he should practice the seventh secret technique or Dragon Hand martial arts.

'Which one should I practice?'

He sat on the ground and began thinking about it.

'If I practice the seventh secret technique, I can face a stronger opponent. I even believe I can kill or injure an ordinary martial artist at the mid-level grandmaster stage with this technique.'

The seventh and eighth secret techniques were extremely powerful, especially the eighth secret move; Grim Reaper.

His master was feared by countless people because of these two secret techniques.

The reason was simple.

It was because none of his enemies were alive after he used these two techniques.

'But...'

He remembered what had happened in Solaris village.

'But if I keep using the secret techniques of the Moon Sword Martial Arts School, there is a possibility that someone will find out Qing Feng is me.'

He could not let anyone know that Qing Feng was him.

'Alright. I will just practice Dragon Hand martial arts.'

After thinking for several minutes, he decided to practice Dragon Hand martial arts.

He decided to do this because, with this, he did not need to use the secret techniques of the Moon Sword martial arts when he was pretending to be Qing Feng.

And Dragon Hand martial art was not a weak martial art too.

It could be said that this martial art was on par with the Moon Sword martial arts, especially the last secret technique.

Like the Moon Sword martial arts, Dragon Hand martial arts also had secret techniques, but it only had four secret techniques.

These secret techniques were Nadeshiko, Zishi, Dragon Move, and Dragon Instinct.

Nadeshiko was a palm attack, while Zishi was a kick attack. Like its name, Dragon Move was a movement skill. As for Dragon Instinct, it was a skill to sharpen the five senses.

Dragon Instinct was the skill that made this martial art so famous and feared.

Unfortunately, Xiao Tian only mastered until Dragon Move in his previous life because he died after learning Dragon Instinct for two months.

The concept of battle instinct and Dragon Instinct was similar. Of course, battle instinct was much better because it used the energy of heaven and earth to feel the surroundings.

As for Dragon Instinct, it would only depend on the five senses to feel the surroundings.

Even though battle instinct was much better than Dragon Instinct, but battle instinct used a lot of stamina because they had to store the energy of heaven and earth in their bodies.

For this reason, they could not stay in the battle instinct mode forever, except for the Ruler.

But it was a different story for Dragon Instinct.

This technique only depended on one's five senses, so they could use this skill as long as they wanted without side-effect.

'I will practice Nadeshiko first.'

Nadeshiko was a technique that used inner energy to make the attack much more powerful.

Inner energy was the life force flowing through one's body. Every thought, movement, and emotion required an expenditure of inner energy.

It was based on the notion of vitalism; the idea that living organisms had a unique quality called life.

'Alright. I have remembered the concept now.'

The concept of Nadeshiko was simple.

He only needed to channel the energy in his body to his palm.

Xiao Tian had mastered this secret technique in his past life, and he was also familiar with the energy in his body, so he could master Nadeshiko easily.

'Because I often use the energy of heaven and earth, it's much easier for me to master this technique.'

When he wanted to use battle instinct, he had to absorb the energy of heaven and earth into his body and direct it to his martial arts points.

In other words, he had mastered how to channel the energy in his body!

Inner energy and the energy of heaven and earth were similar, so it was effortless for him to channel his inner energy to his palm because he already knew the concept.

'Channel my inner energy to my palm.'

He felt his palm was filled with power when he channeled his energy to his right palm. He even felt as if he could destroy everything with his palm.

'I will test this technique now.'

He took a flat rock and placed it on the stone table.

*Inhale...exhale...

He relaxed his muscles before finally channeling his energy to his right palm.

'Nadeshiko!'

He hit the flat stone with his right palm.

*Slice...

As his right palm came into contact with the flat rock, his energy surged out from his palm, slicing the flat stone in half cleanly.

'Good!'

He smiled in satisfaction.

'I will try Zishi now.'

Zishi had the same concept as Nadeshiko.

He needed to channel his energy to his palm if he wanted to use Nadeshiko, but he had to channel his energy to his leg if he wanted to use Zishi.

'But I have nothing to kick. What should I use as a target?'

In his past life, his master told him to kick a tree.

He did not want to ruin his backyard, so he decided to kick the air.

'Good. I'm indeed a genius in martial art!'

He praised himself without feeling shy.

'Now I will try mastering Dragon Move.'

Dragon Move technique was much harder to master than Nadeshiko and Zishi.

'I have to master this movement skill as quickly as possible.'

He could move fast without making a sound after mastering the Dragon Move skill.

'Let me remember the technique first.'

He tried to recall what his master told him in his previous life.

'If my memory isn't playing tricks on me, I have to focus my energy on the front of my feet, kick the ground and grab hold of the ground.'

After remembering that, he moved in a zig-zag three times.

'Move as fast as I can and then stop.'

He turned around after moving in a zig-zag.

'Hmm?'

The corner of his lips twitched when he saw sand clouds in front of him.

'It's not like this. There should be no sound and clouds of sand in my movements.'

At this moment, a memory from his past life suddenly appeared in his mind.

"Remember this, Chen. The key in this movement skill is the arch of the foot." His master spoke and paused for a second before he continued, "You can move fast without making a sound like a ninja if you master this technique."

'The arch of the foot.'

He moved in zig-zag again.

Even though his movements still created sand clouds, but it was less than before.

'This movement skill is perfect to combine with Nadeshiko and Zishi, so I have to master this technique as quickly as possible.'

He moved in zig-zag again.

'Not like this. Again.'

He moved in zig-zag again.

'Again.'

He moved in zig-zag again.

'Again.'

He moved in zig-zag again.

The process was repeated more than twenty times.

"Huft...Huft...Huft..." he was breathing heavily.

'This movement technique is much harder to master than Nadeshiko and Zishi.'

He also faced this problem in his past life.

"Tian'er, are you practicing martial arts?" a voice rang out.

Chapter 1570 Tian'er

6-8 minutes

"Tian'er, are you practicing martial arts?" a voice rang out.

His face broke into a smile when he saw a gorgeous lady walking toward him.

'Ning'er?'

Yes, that voice belonged to Liu Ning, one of his women.

When Xiao Tian was about to hug her, she stopped him. "You are not allowed to hug me because your body is full of sweat."

"So cruel!" he pretended to be sad. "Then I will practice martial arts again."

She did not want to lovey-dovey with him, so he decided to practice martial arts again because he wanted to master the Dragon Move technique as quickly as possible.

Liu Ning sat on the pool lounge chair and looked at him.

'What is he doing?'

She did not know why he was moving in a zig-zag like that.

As Liu Ning was paying attention to Xiao Tian, Su Ruanyi walked toward her. "What is he doing?"

Liu Ning turned her head toward Su Ruanyi and responded, "He is practicing martial arts."

"Practicing martial arts? Isn't he littering the backyard now?" Su Ruanyi saw sand clouds around Xiao Tian.

"Hehe. I also don't know why he is running zig-zag like that." Liu Ning found Su Ruanyi's words funny.

Xiao Tian stopped practicing martial arts and walked toward Su Ruanyi. "You are really a bad professor! How dare you make fun of my martial arts? Do you want to be punished, bad professor?"

"Stop!" Su Ruanyi stopped him when he was close to her. "Your body is full of sweat. You are not allowed to touch or hug me."

"Hehe." Liu Ning giggled because Su Ruanyi said the same words. "Tian'er, go and take a bath. You are not allowed to touch us if you don't take a shower first."

"That's right." Su Ruanyi added.

"Wait here, ladies. Don't go anywhere. I will punish you two after taking a shower." After saying that, he rushed to the bathroom.

Xiao Tian returned to the backyard after taking a bath. After lovey-dovey with Liu Ning and Su Ruanyi for about an hour, he went on a date with Lin Xing Xue.

To his surprise, he saw Qiao Luli when he was teasing Lin Xing Xue.

'Luli?'

He saw her sitting in public seating.

Without waiting for another second, he walked toward her. "Luli, what are you doing here?"

Qiao Luli was shocked when a stranger suddenly called her. "Have we met before?"

Xiao Tian finally realized that he was using his real identity. He used his other identity when he came to Solaris village, so her reaction was normal.

"Sorry, I mistook you for my friend." He immediately made an excuse so that she would not be suspicious of him.

"I see." Qiao Luli was not suspicious of him. "I thought we had met before because my name is also Luli, Qiao Luli."

When Xiao Tian was about to say something, a voice rang out. "Luli, let's go home."

"Alright." After saying that, Qiao Luli ran toward her grandpa.

"Do you know her?" Lin Xing Xue asked curiously.

"Yes." He gave an honest answer. "She is someone from Solaris village. She did not know me because I used my other identity when I came to her village."

"Solaris village?" she did not get his words.

"It's like this..." he gave a short explanation because his women knew Qing Feng was him.

"I see." She nodded her head.

He held her right hand and uttered, "Let's continue our date."

"Un." She smiled softly.

The duo went on a date for about three hours before finally going home.

The following day, Xiao Tian went to Star Group after eating breakfast.

However, he only worked for about two hours because Xi Xingyi suddenly called him and said she wanted to spend time with him.

Xiao Tian also missed his MILF lover, so he wasted no time and went straight to her house.

To his surprise, he saw Leng Nichang in the front yard of Xi Xingyi's house.

'Two of my women are here.'

He immediately got out of his car.

But what greeted him were their angry faces.

"You are Qing Feng, right? Why are you in my house?" Xi Xingyi was unhappy when she saw Qing Feng in her house.

Sure, she knew who Qing Feng was, but she believed they had no close relationship. That was why she was unhappy when he came to her house uninvited.

"Mr Qing, do you have a business with madam Xi?" Leng Nichang inquired, "If you do, please proceed with normal procedure. It's inappropriate for you to come to this place uninvited."

Xiao Tian touched his face and realized that he was still wearing a mask.

'I forgot to take off my mask.'

At this moment, he wavered if he should tell them the truth or not.

'My other women already know that Qing Feng is me, so it would be unfair for them if they have no idea about this.'

Leng Nichang and Xi Xingyi were also his women, so he had the idea of revealing the truth.

'But let me tease them first.'

With that idea in mind, he walked closer to them.

"I came to your place because I wanted to cooperate with you on some business." He wanted to know what they would do after hearing his words.

"As I said, please proceed with a normal procedure if you want to cooperate with us." Leng Nichang tried to protect Xi Xingyi.

"Leave my house, or else I will call security guards now." Xi Xingyi threatened him.

"Ladies, I have no bad intentions." Xiao Tian kept walking toward them. "How about listening to my explanation first?"

"I'm warning you. Our boyfriend is a powerful martial artist, so it's better if you leave my house now. Otherwise, you will regret it later." Xi Xingyi hoped Xiao Tian would leave after hearing her words.

"But I'm also a powerful martial artist. I don't think I will lose to your boyfriend because I never lost in a fight until now." He almost laughed when he heard Xi Xingyi's words.

'My MILF is so cute.'

He really wanted to embrace her at this moment.

"Don't regret it!" after saying that, Xi Xingyi called Xiao Tian.

One of Xiao Tian's smartphones rang.

Yes, he had two smartphones!

One of them was for Qing Feng, while the other was for his real identity.

Xi Xingyi and Leng Nichang were shocked when his smartphone suddenly rang.

'How could there be such a coincidence?'

They were still not suspicious of him.

They thought someone called Qing Feng.

Xiao Tian picked up the phone and spoke, "Hello, my beautiful MILF?"

Xi Xingyi was shocked.

'What?!'

She was surprised because she heard the same words on her phone.

She then put her smartphone on speaker mode so that Leng Nichang could also hear Xiao Tian's voice.

"Why are you calling me?" Xiao Tian almost burst into waves of laughter. "Is a masked man trying to harass you?"

Xi Xingyi and Leng Nichang exchanged a glance with each other before finally returning their attention to Xiao Tian.

Xiao Tian took off his golden mask and smiled. "It's me, your handsome boyfriend."

The expression of deep shock blossomed on their faces.

'What?! Qing Feng is Xiao Tian?!'
