### Chapter 1581 Xiao Tian Is In A Good Mood

A gorgeous lady was lying on the pool lounge chair.

Even though she was alone in the backyard, she was not sad; instead, she smiled softly as if she was experiencing something fun.

Her heart was even throbbing with happiness.

If the locals saw her, most of them would think she was in love because she was smiling while looking at an artificial waterfall.

That young lady was none other than Ye Qingyu, Xiao Tian's maternal aunt.

'I'm sure he will take a quick bath later.'

From his behavior, she knew that he wanted to spend time with her so badly.

Time went by quickly, and without realizing it, it had been ten minutes since Xiao Tian headed to the backyard.

When Ye Qingyu was thinking about Xiao Tian, a voice suddenly rang out. "Auntie Qingyu..."

Ye Qingyu turned her head toward the source of the sound.

She was stunned.

She was shocked when she saw Xiao Tian with Mu Ai.

No!

It was not like she did not like Mu Ai.

She was only shocked because she previously thought Xiao Tian would return to the backyard alone.

"Auntie Qingyu..." Mu Ai ran toward Ye Qingyu.

"Don't run. It's dangerous." Xiao Tian followed her.

Ye Qingyu smiled softly before finally putting Mu Ai on her lap.

"Auntie, what are you doing here alone?" Mu Ai asked curiously.

Xiao Tian sat next to Ye Qingyu. "Of course, she is waiting for big brother."

"No. He is overconfident." Ye Qingyu broke his heart without caring about his feelings. "I just want to relax in the backyard."

The corner of his lips twitched. "You are so cruel, aunt!"

"Hehe." Ye Qingyu and Mu Ai giggled.

As they were chatting happily, his other women headed to the backyard. When Xiao Tian saw them, he instantly rose to his feet and smiled happily.

He was delighted when he saw them, but what made him happiest was that Xi Xingyi, Xi Ran, and Leng Nichang came to his house.

In other words, all of his women were in front of him now!

This was the main reason why his heart was throbbing with happiness.

"Xingyi, Ran, Nichang, where since when are you guys in my house?" He walked toward them with a smile on his face.

Xi Xingyi and Leng Nichang smiled softly, while Xi Ran only looked at him.

No!

It was not like she was not happy.

It was her first time together with his other women, so she was a little nervous.

"We wanted to give you a surprise." Leng Nichang spoke abruptly.

"You guys managed to surprise me." He responded, "I'm pleasantly surprised now."

"Little brother, how about we hold a small party now?" Shi Fei inquired.

"Great idea!" he agreed instantly.

Because it was already night, he decided to order food delivery. He did not ask what they wanted because he already knew their favorite food and drinks.

"I have ordered food and drinks. It will be arrived in twenty to forty minutes. Let's talk again while waiting for it." He was in a good mood as it was the first time all of his women had gathered together.

They immediately sat on a mat. Previously, Lin Xing Xue and Su Ruanyi brought a big mat because they knew they needed it.

"Tian'er, you seem so happy." Liu Ning stated.

"I'm thrilled now." he gave an honest answer.

"Is it because all your women are with you?" Long Jingxian inquired.

"Yes." He nodded his head.

Shi Fei then looked at Xi Xingyi, Leng Nichang, and Xi Ran. "Sister Xingyi, sister Nichang, sister Ran, you guys should live with us immediately. I'm sure our days will be filled with happiness later because we can do many things together."

Leng Nichang and Xi Xingyi turned their heads toward Xi Ran. They did not live with him because Xi Ran was still not ready.

When Leng Nichang and her mother looked at her, Xi Ran uttered, "I will think about it."

"No need to think about it. Just live with us. We can bully little brother together later." Shi Fei gave a bad suggestion.

"Hehe." Su Ruanyi giggled. "That's right. We can bully student Xiao together later."

"That is actually a good idea." Xi Xingyi stated. "After all, he is always bullying us until now."

"What do you think, Ran?" Leng Nichang inquired.

"I agreed with the part of bullying him." Xi Ran agreed.

The corner of his lips twitched. "Hey, are you guys really my girlfriends? Why do you want to do bad things to me?"

"Hehe." Ye Xueyin and the others giggled happily.

Not long after that, their orders arrived.

Shi Fei, Liu Ning, and Lin Xing Xue headed to the terrace to take their orders because Xiao Tian had ordered many food and drinks earlier.

Like before, they chatted again.

They consumed the food as they talked happily.

Shi Fei, who was sitting on Xiao Tian's right side, put a biscuit between her lips and turned her head toward Xiao Tian. "Little brother..."

The meaning of her actions was clear.

She wanted to feed him a biscuit from mouth to mouth!

They always did something like this whenever they had a small party in the backyard, so she believed he would not refuse it.

However, Xiao Tian said something unusual. "Fei, there are children here."

"Did I hear it right?" Su Ruanyi teased Xiao Tian. "Sister Fei, did you hear what I heard?"

Shi Fei understood Su Ruanyi's words. "Little brother, can you repeat your words? I could not hear it clearly earlier."

"Bad girl!" Xiao Tian pinched Shi Fei's cheeks.

"It seems like tomorrow will be the end of the world." Leng Nichang joined in teasing him.

"Bad lady, you are lucky that my hands can't reach you now." he would have pinched Leng Nichang's cheeks if she was close to him.

"I know! That's why I'm teasing you too." Leng Nichang giggled after saying that.

They continued teasing him.

Xiao Tian lost because they ganged up on him.

At 09:15 pm, Feng Yu and Mu Ai went to their room to sleep.

Xiao Tian's lips curled up into a grin. Previously, he could not do anything to them because Feng Yu and Mu Ai were with them.

Now that they had gone to sleep, it was time to punish them. "Hehe."

"Be careful! There is a wild beast here." Su Ruanyi knew what he wanted to do because it was written on his face.

"Bad professor! I will punish you first." After saying that, he kissed Su Ruanyi passionately.

Did she refuse him?

Of course not!

Long Jingxian and the others were his women, so she acted normally.

She even moved her tongue lewdly, welcoming his tongue with hers. If they were alone, she would keep kissing him.

After kissing Su Ruanyi passionately, Xiao Tian looked at his next target.

Shi Fei!

Yes, she was his next target.

Shi Fei knew that she was his next target when he looked at her. That was why she immediately spread her arms widely.

"Come here, little brother." Shi Fei said happily. "I'm ready."

"Pervert lady, I will eat you now!" after saying that, he kissed Shi Fei passionately.

That night, Xiao Tian's heart was filled with happiness. He even felt like he was the owner of the world because he could do whatever he wanted.

'Today is a beautiful day!'

## **Chapter 1582 What's Going On? Why Am I Alone In My Room Now?**

6-7 minutes

---

'Today is a beautiful day!'

Xiao Tian smiled softly before finally looking at his mother.

"Mother, come here." he suddenly wanted to embrace Ye Xueyin from behind, so he told her to sit between his legs.

Did she refuse his wish?

Of course not!

Ye Xueyin loved sitting between his legs, so she smiled happily before finally sitting between his legs.

"Hehe." Ye Xueyin's heart was filled with happiness when Xiao Tian wrapped his arms around her waist.

At first, he only hugged her from behind, nothing more than that. However, everything changed when he smelled the fragrance of her body.

Xiao Tian was a pervert.

No!

He wanted to make Ye Xueyin happy, so he kissed her shoulders gently.

She was only wearing a tank top and jacket, so it was easy for him to kiss her shoulders. All he needed to do was lower her jacket, and he could kiss her shoulders immediately.

Ye Xueyin did nothing when Xiao Tian lowered her jacket.

She knew something like this would happen, so she was not surprised by his actions. After all, he was a pervert, so she knew that he would do pervert things.

Ye Xueyin could still talk normally when Xiao Tian kissed her shoulders. "That's right. Tian has built several bedrooms in the past month. We also have workout room now, so it's easy for us to exercise."

"If we are too lazy to do a normal exercise, we can seduce little brother to do exercise with us in bed." Shi Fei added. "I'm sure he won't refuse our wishes."

"He is a pervert after all." Ye Qingyu stated.

"He is a healthy young man, so I think it's normal for him to be a per- "before Ye Xueyin could finish her words, Xiao Tian did something to her.

He turned her face and kissed her passionately!

Sure, it was quite difficult to kiss her passionately from behind, but nothing was impossible.

As a good lover, Ye Xueyin welcomed the kiss instantly. She immediately welcomed him with her soft tongue.

Sure, Xiao Tian disturbed her when she wanted to say something, but she was not angry at him. Something like this was common, so she was not surprised.

"See! The pervert young man is doing pervert things right now." Su Ruanyi looked at Xiao Tian and giggled.

When Shi Fei noticed that Xi Ran was looking at Xiao Tian and Ye Xueyin, she uttered, "Sister Ran, something like this is normal. Whenever we hold a small party in the backyard, he always takes advantage of the situation to do lewd things to us."

"Sister Fei is right." Long Jingxian added. "You will know about this later."

What Shi Fei and Long Jingxian said was right.

Xiao Tian always did lewd things to them whenever they held a small party in the backyard!

There were even several times where they ended up having sex when they had a small party.

"I see." Xi Ran did not know about this.

After Xiao Tian stopped the kiss, Ye Xueyin uttered, "How about you guys stay the night at our home later?"

Xiao Tian, who was hugging Ye Xueyin from behind, uttered, "That's actually a great idea!"

He agreed with his mother's idea because, with this, they could eat breakfast together tomorrow.

"What do you think, Ran?" Xi Xingyi's answer was depended on Xi Ran's reply.

"Do you agree to stay the night at his house?" Leng Nichang inquired.

After looking at Xiao Tian and the others, Xi Ran nodded her head. "Alright. I agreed."

Xiao Tian's face broke into a smile.

He loved it because tomorrow would be the first time they had breakfast together.

"Little brother, can you sit on the pool lounge chair now?" Shi Fei inquired. "We want to discuss something important now."

"Discussing something important?" Xiao Tian was shocked. "Why do I need to sit on the pool lounge chair? Why can't I hear it?"

At first, Lin Xing Xue and the others did not understand Shi Fei's words.

However, they immediately knew what she wanted to discuss after remembering that Xi Ran and the others would stay the night at his house.

"Tian'er, just sit there for five minutes." Liu Ning added.

"Student Xiao, give us five minutes." Su Ruanyi uttered, "You can kiss us passionately later."

Because all of his women asked him to sit on the pool lounge chair for five minutes, he decided to give in. "You guys are bullying me. I will punish you all later."

Ye Xueyin looked at him before finally speaking, "Tian, mother wants to be punished first."

"Sure!" after saying that, he gave her a peck on the lips.

After Xiao Tian sat on the pool lounge chair, they started discussing what they would do after the party.

"Sister Ran, you can sleep with him tonight." Shi Fei spoke abruptly.

"Why me?" Xi Ran inquired.

"Among us, you are the only one who still haven't had sex with him, right?" Shi Fei told Xi Ran the reason why she should sleep with Xiao Tian later.

"That's right, Ran." Leng Nichang agreed instantly because she had already had sex with Xiao Tian.

"I agreed." Xi Xingyi supported Shi Fei's idea.

"But I can take everything slowly." Xi Ran was fine even if she didn't have sex with him because she loved him from her heart, not just after his body.

"That won't do." Shi Fei refused. "Don't worry. Let him handle the rest later. I believe you won't regret it."

"Un, un." Liu Ning and the others nodded their heads because they knew how skilled he was in sex.

Xi Ran looked at them before finally speaking, "Alright."

Shi Fei instantly turned her head to look at Xiao Tian. "Little brother, you can come back now."

Xiao Tian walked toward them with a smile on his face. "Who wants to be punished first?"

Like before, he kissed them passionately again. After they consumed all the food, they entered his house.

----

'What is going on? Why am I alone in my room now?'

Xiao Tian was currently lying on his bed alone.

Previously, he thought he would sleep with his women, but he was wrong because they immediately slept in their room.

'Why am I alone in my room?'

He shouted in his head.

### **Chapter 1583 My Lover Is Cute**

5-7 minutes

---

'Why am I alone in my room?'

All of his women were in his house, but here, he was alone in his room.

This was the reason why he found to believe what was happening. Usually, his women always slept with him, but they suddenly said they wanted to sleep in their rooms.

His mother even refused when he asked her to sleep with him. Something like this had never happened before.

Of course, he still did not know that this was their plan.

Yes, this was the thing they discussed earlier!

'No! I don't want to sleep alone!'

With that idea in mind, he got out of his bed.

'Who should I sleep with tonight?'

All of his women were in his house, so he had many choices.

'Alright. I will sleep with Xingyi tonight.'

After thinking for several seconds, he decided to sleep with Xi Xingyi.

At the same time, Xi Ran was standing in front of his door. She tried to knock on the door several times, but her heart always beat fast whenever she was about to do that.

Yes, she was nervous!

This was the first time she came to a man's room at night.

That was why she could not control her nervousness. "I should knock on the door immediately, but...."

She tried to knock on the door again, but like before, she suddenly did not have the courage to do that.

'My heart is beating fast again.'

She stood in front of his door like a statue.

'My mother and the others have created this opportunity for me, so I should not waste it.'

However, the same thing happened again when she was about to knock on the door.

'I didn't know that knocking the door was so difficult.'

Of course, she knew the reason why she did not have the courage to knock on the door.

'Should I return to my room now?'

She suddenly had the thought of returning to her room because she could not gather the courage to knock on the door.

'But I will waste their effort if I return to my room.'

She did not want to waste their effort.

No!

Deep inside her, she also wanted to sleep with Xiao Tian.

"Huft..." Xi Ran sighed.

'I'm a coward!'

She regarded herself as a coward because she did not dare to knock on the door even though he was her lover.

Xi Ran shut her eyes and took a deep breath.

'I can do it. I can do it.'

She raised her right arm, ready to knock on the door.

However, something unexpected happened when she was about to knock on the door.

The door suddenly opened!

Yes, Xiao Tian opened the door!

Of course, he did not know Xi Ran was in front of his room.

He opened the door because he wanted to head to Xi Xingyi's room and sleep with her. This was the reason why he was shocked after opening the door.

"Ran?" he said in surprise.

Due to the unexpected turn of events, Xi Ran stood like a statue.

'Xiao Tian?'

She did not expect him to open the door.

"Why are you standing in front of my room?" he asked curiously. "Wait. Do you want to sleep with me?"

Xi Ran was still in a state of shock, so she did not answer his question immediately and only stared at him.

Xiao Tian immediately grabbed her right hand and dragged her into his room.

He changed his plan!

Previously, he wanted to sleep with Xi Xingyi, but he changed his mind because he saw Xi Ran in front of his room.

Xi Ran was also his girlfriend, so there was no difference between Xi Ran and Xi Xingyi. They even had the same appearance as if they were twins.

\*Click...

The sound of him closing the door echoed in their ears.

Xi Ran did nothing when Xiao Tian suddenly dragged her into his room because this was her intention to come to his room.

Because Xiao Tian wanted to lovey-dovey with her, he immediately turned on the TV after lying down on the bed.

Xi Ran, who was lying on his left side, smiled softly when she saw his happy expression.

'I'm glad he is happy.'

She hugged his left arm.

Xiao Tian was pleasantly surprised by her actions and immediately kissed her hair.

"Let's watch a movie." He uttered.

"Un." She nodded her head.

They chatted as they watched a movie. They were thrilled because they could watch a movie with their lover.

As they were watching a movie, Xi Ran often stole glances at him.

'He is indeed an attractive young man.'

At this moment, she suddenly remembered her mother's words.

"Ran, you should act aggressively tonight." Her mother said before she headed to Xiao Tian's bedroom.

'Mother, I can't do that.'

She shook her head.

'No. I should not give up. My mother said Xiao Tian was a pervert, so it should be easy to seduce him. But what should I do now?'

She did not know how to seduce him because she had never seduced any man before.

Xi Ran was a gorgeous young lady. Even though she often wore a poker face, many men still tried to court her.

When Xiao Tian noticed that she was looking at him, he smiled, "What's wrong?"

To his surprise, she suddenly shut her eyes and pouted her lips.

"Xiao Tian..." she decided to act aggressively like what her mother wanted.

'Kiss me...'

Even though she only said it in her mind, she believed Xiao Tian understood what she wanted because she was pouting her lips.

Xiao Tian smiled softly before finally giving her a peck on the lips.

'Cute.'

Her actions were cute in his eyes because it was the opposite of the expression on her face.

Xi Ran opened her eyes after being kissed by Xiao Tian on the lips.

'Well done, me.'

She smiled softly before finally hugging his left arm tighter.

When Xiao Tian saw her smile, he kissed her again. "My lover is so cute!"

## **Chapter 1584 I'm Tired**

6-8 minutes

---

Two attractive people were lying on a bed; a young man and a young woman. The young woman was lying on the left side of the young man while hugging his left arm tightly.

Her face was full of smiles, and her heart was throbbing with happiness.

She was happy.

She was thrilled because she could watch a movie with her beloved boyfriend on a beautiful night.

Like the young woman, the young man's face was also full of smiles. He even wished he could stop time because, with this, he could spend time with his lover forever.

These two attractive people were none other than Xiao Tian and his lover, Xi Ran.

Previously, she came to his room after washing her face. She visited his room at night because of one thing.

Sex!

Yes, her mother and the others told her to have sex with Xiao Tian!

Of course, she did not tell him about this.

That was why they were only lying on the bed and watching a movie right now.

But even so, she was fine with this because it still gave her happiness. Time went by quickly, and without realizing it, it was already 10:30 pm.

At this moment, she suddenly remembered her mother's words.

'Should I just give up?'

She could not focus on watching the movie because her mother's words kept ringing in her head.

'Or should I just ask him directly?'

Her mother said Xiao Tian was a pervert, so it should not be hard to seduce him.

'Xiao Tian, you have already had sex with your other women, but we still haven't done it. Shall we have sex now?'

She was choosing the right words in her mind.

'No, no. It's bad.'

She thought it was not good to be so direct like that.

'Xiao Tian, we are alone now. Shall we do something fun?'

She was not satisfied with it.

'Xiao Tian, do you want to do something to me? We are alone in your room now.'

She felt that her words did not sound right.

'Xiao Tian, my mother said you were a pervert young man. Do you want to do pervert things with me now?'

Her face turned red after remembering these vulgar words.

'Xiao Tian, I want to have sex with you. Let's do it.'

She shook her head.

'This is hard.'

She had never seduced a man before, so it was a difficult task for her.

'Should I just take off my clothes?'

She had a good body, so she believed she could seduce him with her naked body.

'Hmm?'

She suddenly had a good idea.

'I will just do that.'

With that idea in mind, she took the TV remote.

Xiao Tian was stunned when Xi Ran kept changing the channel. "Are you looking for an interesting movie for us to watch?"

"Yes." Xi Ran responded.

'I'm looking for a movie for mature audiences.'

She added in her mind.

If they watched a movie for adult audiences, they could mimic the scenes later. With this, she did not need to seduce him.

That was why she kept looking for a film for adult audiences.

'Why? Why?'

However, the goddess of luck was not on her side because she could not find a movie for adult audiences.

Xiao Tian was even more curious about her actions because she did not stop changing the channel.

'What is she doing?'

The corner of his lips twitched.

Xiao Tian was not God, so he could not read people's minds.

Because Xi Ran could not find a movie for adult audiences, she chose the movie they watched previously.

"What movie are you looking for?" Xiao Tian asked curiously.

He still wanted to know what movie she was looking for because she suddenly changed the channel earlier.

To his surprise, Xi Ran suddenly looked at him and pouted her lips again, asking him to kiss her.

He smiled softly before finally giving her a peck on the lips. He was surprised when she suddenly wrapped her arms around his neck.

But what surprised him most was that she suddenly tried to put her soft tongue into his mouth.

Deep kiss!

Yes, Xi Ran wanted to kiss him passionately.

Did he reject her wish?

Of course, not!

Xiao Tian was a pervert.

No!

Xiao Tian loved kissing, so he welcomed the kiss instantly.

The duo began moving their tongues lewdly. They even did not care that their saliva dripped down from the corner of their mouths.

At that time, what they had in mind was only one thing.

Enjoy the kiss!

As the duo was enjoying themselves, something unexpected happened.

It suddenly rained!

Xiao Tian and Xi Ran were startled when it suddenly rained heavily.

Of course, they did not stop the kiss.

Rain was rain, and a kiss was a kiss.

It was two different things.

That was why they did not stop kissing passionately when they knew it was raining heavily outside.

"Huft...Huft...Huft..." Xi Ran stopped the kiss when she was out of breath.

Xiao Tian kissed her forehead before finally smiling softly. "Why did you kiss me passionately? Hehe."

To his surprise, Xi Ran suddenly took off her T-shirt.

Xiao Tian was stunned.

He was at a loss for words.

Xi Ran kept giving him surprises.

First, she came to his room at night. Second, she pouted her lips and asked for a kiss. And now, she suddenly took off her T-shirt.

Was he happy with her actions?

Of course!

Who did not love seeing their girlfriend's naked body?

He was just taken aback by her pervert actions.

After Xi Ran took off her T-shirt, she wavered whether she should remove her bra or kiss him immediately.

'Should I take off my bra or not?'

After thinking for several seconds, she decided to kiss him passionately again because, with this, he would remove her bra later.

And like what Xi Ran had guessed, Xiao Tian squeezed her breasts when she kissed him passionately.

Xiao Tian did something like this because Xi Ran suddenly took off her T-shirt. And based on her actions, he knew that she wanted sex.

Yes, he believed she wanted to have sex with him because she kept doing lewd things!

'I hope no one will disturb us later.'

He hoped no one would disturb them because they always stopped in the middle whenever they did adult things.

However, the goddess of luck was not on their side again because something unexpected happened after Xiao Tian took off Xi Ran's bra.

Mu Ai knocked on his door!

Xi Ran was panicked.

Due to how panicked she was, she forgot to wear her bra and immediately put on her T-shirt.

"Big brother..." Mu Ai's eyes shone brightly after Xiao Tian opened the door.

Even though Mu Ai disturbed them, Xiao Tian was not angry at her. She was his little angel, so there was no way he would get angry at her.

And he also believed she did not disturb him on purpose because she was still a kid. "Little Ai, why did you come to big brother's room? Do you want to sleep with big brother?"

"Un." Mu Ai nodded her head cutely.

Xiao Tian immediately carried her before finally closing the door and walking toward the bed.

"Auntie Ran, what are you doing in big brother's room?" Mu Ai asked curiously.

### **Chapter 1585 Xiao Tian Is Tired**

7-8 minutes

---

"Auntie Ran, what are you doing in big brother's bedroom?" Mu Ai asked curiously.

She now called all of Xiao Tian's women aunties.

When Xiao Tian noticed Xi Ran's sexy purple bra, he immediately said, "Ran, your bra...your bra."

Xi Ran instantly turned her head to the left and right, looking for her bra.

When she found it, she immediately hid it behind her back so that Mu Ai could not see it.

"I was watching a movie with Xiao Tian." Xi Ran did not tell Mu Ai that she did adult things with Xiao Tian because she did not want to teach her bad things.

"Then let's watch a movie together." Mu Ai uttered.

"Little Ai, it's already late, so let's go to sleep now." It was not good for her to stay up late, so Xiao Tian suggested that they should go to sleep soon.

"Hmm...alright." Mu Ai agreed immediately because her purpose in coming to his room was to sleep with him.

Xiao Tian immediately crawled onto the bed.

Mu Ai, who was lying between Xiao Tian and Xi Ran, spoke, "It's raining heavily outside."

Xiao Tian grabbed a blanket and covered their bodies. "Let's use a blanket, so that we don't get cold."

"Hehe." Mu Ai laughed happily because she could sleep with him.

"Little Ai, do you want to hear a bedtime story?" Xiao Tian inquired.

"Un." Mu Ai nodded her head excitedly.

"Little Ai, you are so cute!" Xiao Tian rubbed his cheeks against hers. "How can you be so cute like this? It's a sin!"

He always could not control himself whenever he saw her cute expressions and behavior.

Sometimes, he even felt glad that he was Long Jingxian's lover because he could spend time with Mu Ai every day.

"Hehe." Mu Ai laughed happily.

"Then big brother will tell you a bedtime story now." after saying that, Xiao Tian told her a story about a bee and a rabbit. "Once upon a time, a little bee flew in front of a cave...."

Mu Ai listened to the story seriously.

She was delighted because she could hear a bedtime story before sleeping.

As Xiao Tian was telling a story about a bee and a rabbit, Xi Ran kept glancing at him and Mu Ai.

She suddenly felt like they were a happy family; Xiao Tian was her husband, and Mu Ai was their daughter.

'They really get along well.'

Her face broke into a smile.

Not long after that, Mu Ai fell asleep.

Xiao Tian immediately kissed Mu Ai's forehead and spoke in a low voice, "Sleep well, my little angel."

At this moment, Xi Ran thought they would also go to sleep, but she was wrong because Xiao Tian suddenly lay next to her.

She was taken aback by his actions. "What are you doing?"

His bed was huge, so there was a lot of empty space.

He did not answer her question and lay sideways, looking at her pretty face.

At this moment, Xi Ran thought Xiao Tian wanted to do adult things again because he kept looking at her.

"We can't do it again." she said in a low voice.

"Just a kiss. Nothing more than that." He suddenly wanted to kiss her.

"What if little Ai wakes up later?" she responded, "Let's just do it tomorrow."

Even though she said something like this, she did not push him away when he brought his face closer to hers.

Yes, she kept lying on her back as if she was waiting for him to kiss her.

In less than five seconds, their lips met.

They kissed again!

When Mu Ai was sleeping beside them, the duo pressed their lips against each other.

'He is indeed a bad boy!'

She labeled him as a bad boy because he still dared to kiss her despite knowing that Mu Ai was sleeping next to them.

'Bad boy!'

She slowly wrapped her slender arms around his back.

Xiao Tian was currently on top of her body, devouring her tender lips. At first, he had no intention of kissing her passionately, but he changed his mind.

She was wrapping her arms around his back, so her action showed one meaning.

She wanted a deep kiss!

And what he had guessed was right because she instantly opened her mouth when the tip of his tongue touched her lips.

'We should not do this.'

Her mind told her to stop, but her tongue kept moving lewdly.

'I hope little Ai won't wake up later.'

She glanced at Mu Ai as she moved her tongue lewdly.

'He is really a bad boy!'

She returned her attention to Xiao Tian.

Xi Ran slowly drowned in the pleasures of kissing. She even hugged him tightly as if she would not let him escape from her embrace.

As the duo was enjoying themselves, Mu Ai suddenly woke up.

Xiao Tian instantly slid from Xi Ran's body and lay on her left side. He noticed it because he kept paying attention to Mu Ai.

Xi Ran's heart suddenly beat fast.

'Did she see us?'

She was nervous.

'Xiao Tian is a bad young man!'

She blamed Xiao Tian for everything.

"Why are you there, big brother?" Mu Ai inquired.

Xiao Tian instantly lay on Mu Ai's right side. "There was lightning earlier, and auntie Ran was scared. That was why big brother tried to calm her down."

Xi Ran looked at Xiao Tian intently when he used her as an excuse.

"Alright. Let's go back to sleep." Xiao Tian covered their bodies with a blanket after saying that.

"Un." Mu Ai shut her eyes.

Xiao Tian decided to sleep because it was too risky to do adult things.

Not long after that, the trio fell asleep.

----

The following morning, Xiao Tian chatted with Mu Ai after waking up.

"Hehe." They giggled happily.

They were alone in his room because Xi Ran went to the kitchen to cook breakfast with the others.

Shi Fei and the others asked Xi Ran many questions. They wanted to know what she did with Xiao Tian last night.

They could only sigh when Xi Ran said Mu Ai visited Xiao Tian's room not long after she entered his bedroom.

"Don't worry, sister Ran. We will make an opportunity for you to be alone with him again later." Shi Fei stated.

"That's right, Ran." Xi Xingyi added.

Xi Ran sighed. "You guys don't need to do that."

"That won't do because you are the only one who still haven't had sex with him." Xi Xingyi wanted her daughter to have sex with Xiao Tian immediately.

Xi Ran sighed again. "Mother, do you realize what you just said?"

'And just for information, I already had sex with him.'

She added in her mind.

"Is there something wrong with my words?" Xi Xingyi inquired.

Xi Ran did not answer her mother's question and only sighed.

After breakfast was ready, Shi Fei headed to Xiao Tian's room. "Little brother, breakfast is ready."

Xiao Tian looked at Shi Fei before finally returning his attention to Mu Ai. "Let's eat breakfast."

"Un." Mu Ai nodded her head cutely.

He then carried her and headed to the dining room.

----

Three hours later, outside the Solaris village entrance.

Huang Hu and the others were fighting outside the entrance gate. However, their opponents were not human this time.

Giant dogs!

Yes, they were currently fighting against experimental animals.

'How? How can they control these experimental animals?!'

Huang Hu shouted in his head.

## **Chapter 1586 Mastering The Dragon Move Technique**

7-9 minutes

---

Jiazu District, Outside the Solaris Village Entrance.

Sounds of battle resounded outside the entrance of Solaris village. Thirty villagers were currently having a fierce fight against their opponents.

If someone saw what was happening outside the entrance of Solaris village, he would widen his eyes in shock.

The reason was simple.

It was because there was a fight between humans and animals.

Yes, the villagers were currently fighting against seven dogs!

However, they were not ordinary dogs because these dogs had been infused with a special serum.

In other words, they were experimental dogs!

They were also not small like ordinary dogs because they were big with about two and a half meters tall.

"Haha." Ming laughed happily when he saw Tan Zemin and the others having a hard time fighting against these seven dogs. "This is your punishment for fooling me a few days ago."

He still remembered what had happened to him and his brothers a few days ago. The time when Tan Zemin and the others were fooling him, causing him to guard an empty cave.

He could not forgive them.

He did not want to forgive them.

They did not sleep and endured the cold night for the sake of guarding the cave, but it turned out that Tan Zemin and the others were not in the cave.

That was why he laughed happily when he saw Tan Zemin and the others having a hard time fighting against experimental dogs.

Dan, who was standing next to Ming, crossed his arms over his chest.

'This is boring!'

He was a battle maniac, so he felt bored when he did not do anything and only saw the people from Solaris village struggling against the experimental dogs.

'If I had known he was not in Solaris village, I would have slept in my house.'

He went to Solaris village with one purpose.

It was to fight Xiao Tian!

He felt excited when he fought Xiao Tian, so he wanted to fight Xiao Tian again after he had completely recovered from his injuries.

"Luoyang, are we just going to stand like this until the end?" Dan inquired.

"Elder Dan, our purpose in coming to Solaris village is to test these experimental beasts. If it was not needed, we would not make any move." Luoyang knew the reason why Dan did not know anything, but previously, he thought they would come to Solaris village with five people.

He just didn't expect that Dan would suddenly want to join them.

"Boring!" Dan stated.

At this moment, a young man, who was wearing a black robe, smirked.

'The serum is only eighty percent complete, but the effect is already amazing! I can't wait to see how amazing it would be if the serum is one hundred percent complete.'

The serum was only eighty percent complete, but it was enough to give a martial artist at the low-level grandmaster stage a hard time.

He believed one experimental beast was enough to defeat a martial artist at the low-level grandmaster stage easily if the serum was fully finished.

If he infused the serum into two hundred animals, wouldn't that be the same as him having an army of two hundred martial artists at the low-level grandmaster stage under his command?

'I can't wait for the serum to fully finish.'

The grin on his face grew bigger.

"Gaozhi, stop these experimental beasts and fight me fairly if you dare!" Huang Hu roared angrily.

'The village head and the elders went out to find the Zhiku plant, so we are at a disadvantage now.'

He cursed venomously in his heart.

Tan Zemin, instructor Siyi, and instructor Mao were the only martial artists at the grandmaster stage, so they did not have the upper hand because these dogs had the strength of martial artists at the low-level grandmaster stage.

This was the reason why they still couldn't beat these seven dogs despite ganging up on them with thirty people.

Gaozhi was not a fool, so he refused instantly. "Defeat these experimental beasts first. After that, you can fight me."

"Coward!" Huang Hu shouted angrily.

"No, no, no." Gaozhi was not angry when Huang Hu insulted him; instead, he laughed. "I'm not a coward, but smart. Why should I fight you when you can't even beat our experimental beasts? You need to kill these experimental beasts first before challenging me."

"I did not expect you guys to ally with an evil group like them." Tan Zemin spoke, "Where is your dignity as a martial artist? Have you thrown away your pride as martial artists and chose to become trash?"

He told them what they did was wrong and shameful. As martial artists, they should use their fists, not experimental beasts.

By using experimental beasts to attack their enemies, they had ruined the reputation of all martial artists in the world.

"Haha." Ming laughed. "Tan Zemin, what's wrong with using experimental beasts? The most important thing is how to achieve our goals."

"That's right." Luoyang added. "Nothing is wrong with using experimental beasts. You can also use experimental beasts if you want."

"Tan Zemin, let me tell you something." Ming spoke and paused for a second before finally he continued, "In this world, there is no such thing as right and wrong. Have you forgotten that the winner's words are always right?"

Actually, the right words were not like that.

It should be the words of the strong were always right, but Ming twisted it a little because, from his point of view, the meaning behind these words was the same.

It did not matter whether they were strong because of external power or not. The point was that they were strong and could defeat their enemies.

"You guys have no shame!" Huang Hu shouted. "You should stop calling yourself a martial artist from today onwards because you don't deserve that title."

"Haha." Like before, the people from Sanlow village only laughed.

Dan was the only one standing like a statue and wearing a bored expression.

'I don't want to be in this place anymore!'

With that idea in mind, he turned around.

"Elder Dan, where are you going?" Luoyang asked curiously.

"This is boring. I'm going home now." Dan gave an honest answer.

There was no point in staying in that place, so he decided to go home.

"Ah, alright." Luoyang did not stop Dan because he knew Dan's personality well.

"Kill these experimental beasts! Don't let it enter our village." Tan Zemin roared before rushing toward the experimental beast.

"Kill them!" the people from Solaris village dashed towards these dogs.

----

Xiao Tian's Mansion, Backyard.

Xiao Tian was currently practicing the Dragon Move technique.

He headed to the backyard after having breakfast with Shi Fei and the others. At first, he only chatted with his women, but it only lasted for an hour.

He immediately practiced martial arts after Xi Xingyi and the others went home.

"Huft...Huft...Huft..." even though he was breathing heavily, but he could still smile happily.

The reason was simple.

He finally managed to master the Dragon Move technique!

"My hard work paid off." He was delighted because he could move fast from one place to another without making a sound now.

As Xiao Tian was drowning in happiness, Shi Fei's voice rang out. "Little brother..."

### **Chapter 1587 Catch Me!**

Two young people were lovey-dovey in the backyard; an attractive young man and a sexy young lady.

The sexy young lady was sitting on the young man's right side while hugging his right arm tightly.

Her face was full of smiles, and her heart was throbbing with happiness.

She was happy.

She was thrilled because she could spend time alone with her handsome boyfriend in the beautiful backyard.

Like the young lady, the young man's heart was also filled with happiness. The beautiful backyard looked even more beautiful because the young lady was next to him.

Due to how happy he was, he even suddenly hoped he could stop time because, with this, he could spend time with the young lady forever.

The two young people who were deeply in love with each other were none other than Xiao Tian and his sexy lover, Shi Fei.

Previously, Xiao Tian practiced martial arts in the backyard alone, but he stopped immediately when he caught sight of his sexy lover.

As a good boyfriend, he chose his lover over martial arts because she was wearing a sexy bikini.

No!

He chose his sexy lover because he really loved her, not because she wore a sexy bikini.

After all, his sexy lover was the woman he loved the most among all of his girlfriends, so it was normal if he wanted to spend time with her.

Shi Fei, who was sitting on Xiao Tian's right side, noticed what he was doing. "Little brother, how is my new bikini?"

Instead of answering her question, he inquired, "My sexy lover, are you trying to seduce me right now?"

Shi Fei was currently wearing a sexy black bikini. Her sexy body looked even sexier in her bikini.

This was the reason why Xiao Tian often stole glances at her body because her sexy bikini matched her hot body perfectly.

"Hehe. It seems like I made the right decision buying this bikini." Even though he did not answer her question, Shi Fei knew what he thought of her new bikini because his gaze told her everything.

"So, you are indeed trying to seduce me, huh? I have to punish you for being a lewd lady." After saying that, Xiao Tian grabbed her slender waist and put her on his lap.

"Are you going to kiss me passionately now?" she was not surprised because she had guessed that he would do something like that.

"That's what I want to do." He gave an honest answer because he was talking with his sexy and pervert lover.

Shi Fei immediately placed her hands on his shoulders when he began kissing her passionately.

The duo moved their tongues lewdly and tilted their heads to left and right. They really enjoyed the kiss, to the point they did not care about their surroundings.

After having a passionate kiss for several seconds, Shi Fei broke the kiss. "Huft...Huft...huft.. little brother, do you still want to punish me again?"

"Yes." He was not satisfied, so he wanted to kiss her passionately again.

However, Shi Fei did something unusual before he could kiss her.

She slid from his lap and ran away from him!

Normally, she always welcomed the kiss because she was a pervert lover, but it was different this time.

She refused to be punished by him again!

"Hehe." Shi Fei laughed as she ran. "Little brother, catch me if you can."

"Bad lover, your punishment will be severe after I catch you." After saying that, he chased her.

Because Shi Fei did not run as fast as she could, Xiao Tian could catch up to her easily.

"Where are you going now?" he inquired.

"Follow me if you dare." After saying that, Shi Fei jumped into the pool.

"Do you think I don't dare?" Xiao Tian took off his clothes immediately, leaving on his underwear.

"Hehe. Catch me." Shi Fei swam away from him.

"Get ready to be punished, bad lover." He chased her.

As Xiao Tian was having a good time with his sexy lover, Huang Hu and the others were having a bad time.

Previously, the people from Sanlow village caused trouble in their place.

Luckily, the village head and the elders saved them on time, or else something bad would have happened to the villagers.

"How is their condition?" Wu Lei inquired.

Wu Lei and the others were currently in his house. They went to his home after killing the experimental beasts because they wanted to discuss something important.

Tan Zemin, who was sitting on the opposite side of Wu Lei, responded, "Among the thirty villagers, half of them is heavily injured and need at least one month to recover."

Wu Lei clenched his fist and suppressed his anger. "It never crossed my mind that Sanlow village would ally with an evil group like this."

"They have really thrown away their dignity as martial artists." Mao stated.

"That's right." Huang Hu added. "Even the title trash is still too good for them!"

He was still furious at the people from Sanlow village because they attacked him and the others using experimental beasts.

As Wu Lei and the others were discussing the deeds of Sanlow village, Xing Hanxian, his grandson, and his granddaughter arrived at his house.

Wu Lei was pleasantly surprised when he saw them. He immediately brought them to the living room and served them tea.

"Why are there many people in your house? Are you guys discussing something right now?" Xing Hanxian asked curiously.

"It's like this...." Wu Lei told everything in detail.

He said the people from Sanlow village used experimental beasts to attack them an hour ago.

Although they managed to kill these experimental beasts, but they paid a heavy price. Wu Lei also told them that Sanlow village had allied with an evil group.

"Experimental beast? Evil group!" Xing Hanxian and Xing Juzong said in surprise.

"I was also shocked earlier." Wu Lei was not surprised by their reactions. "I did not expect them to ally with evil group like this."

"Lei, do you think it's related to that Red Moon group?" Xing Hanxian inquired.

**Chapter 1588 Qiao Luli Broke Through To Mid-Level Master Stage**

7-9 minutes

---

"Lei, do you think they are related to the Red Moon group?" Xing Hanxian inquired.

"I suspect so." Wu Lei also suspected that evil group was related to the Red Moon group.

"Grandpa, what is this Red Moon group?" Xing Juzong asked curiously.

"It's an evil group." Xing Hanxian began explaining everything.

The Red Moon Group was an evil group that conducted experiments on children. It was this group that kidnapped Qiao Luli and subjected her to experiments.

Even though they succeeded in destroying the Red Moon group, but some of them managed to escape.

When they were destroying the secret lab, they also found several failed animal experiments.

They suspected that the Red Moon group conducted experiments on humans and animals.

After hearing his grandfather's explanation, Xing Juzong was enraged. "Then we have to destroy that evil group immediately. We must not allow such a group to roam freely in this world."

"I agreed with brother Juzong's words." Tan Zemin added. "Village head, let's declare war against Sanlow village. That evil group is helping Sanlow village, so we can destroy that evil group while dealing with Sanlow village. It's like killing two birds with one stone."

"I agreed, village head." Huang Hu added.

"But what about finding Zhiku plant?" Wu Lei also wanted to declare war against Sanlow village, but he wanted Qiao Luli to recover from her disease first.

Tan Zemin and the others could not say anything after hearing Wu Lei's words because they also wanted Qiao Luli to recover from her disease.

They felt sorry for her whenever her disease recurred because she always felt immense pain.

"Lei, don't make hasty decisions." Xing Hanxian spoke and paused for a second before he continued, "Even though destroying that evil group is important, but curing your granddaughter's disease is also important."

"That's right." Siyi uttered, "How about talking about this with your granddaughter and daughter first? With this, you can make the best decision later."

"Yes. I will talk about this with Luli and Wan'er later." Wu Lei decided to discuss this with his granddaughter and daughter first because it was an important matter.

Tan Zemin and the others also agreed because Wu Lei was a grandfather before a village head.

As Wu Lei and the others were discussing something important, Qiao Luli jumped happily in the training area.

The reason was simple.

It was because she had broken through to the mid-level master stage!

Mid-level master stage martial artist at the age of seventeen.

Something like this had never happened in Solaris village before.

Qiao Luli was the first.

That was why the other villagers congratulated her endlessly.

"Yay!" Qiao Luli jumped with a big smile on her face. "I'm a martial artist at the mid-level master stage now! With this, I can help everyone fight our enemies."

Her grandfather had always forbidden her from joining the village guard squad because she was not strong.

Her grandpa said he would allow her to join the village guard squad once she broke through to the mid-level master stage.

Now that she had broken through to the mid-level master stage, she could join the village guard squad and protect everyone.

'I will go home and tell grandpa about this.'

With that idea in mind, Qiao Luli ran to her house with a smile on her face.

'I can't wait to see his reaction. Hehe.'

The smile on her face grew bigger when she imagined her grandpa's shocked expression.

After running for several minutes, she finally arrived home.

"Grandpa, I've broken through to the mid-level master stage!" she shouted happily after stepping into the living room.

'Eh?! Why are there so many people in my house?'

She added in her mind.

Wu Lei and the others turned their heads toward Qiao Luli.

'What?! She had broken through to the mid-level master stage?!'

The expression of deep shock blossomed on their faces after hearing her words.

Qiao Luli was still seventeen years old, so they found it hard to believe what they were hearing.

Of course, they were happy for her.

'Is it because of the serum? Or is it because she is talented in martial arts?'

They did not know whether it was because she was talented in martial arts or because a special serum had been infused into her body.

"Hehe." Qiao Luli giggled happily when she saw their surprised expressions. "I'm amazing, right?"

"Congratulation, Luli!" Huang Hu broke out the silence.

"Congratulation, Luli!" Tan Zemin uttered.

"Congratulation, Luli!" Mao spoke.

One by one, they congratulated her for breaking through to the mid-level master stage.

Qiao Luli was satisfied with their reactions. "Grandpa, now I can join the village guard squad, right?"

Wu Lei did not immediately give an answer.

Even though she was a martial artist at the mid-level master stage now, he still did not want her to join the village guard squad because it was dangerous.

She could lose her life anytime and anywhere if she joined the village guard squad.

He was not ready!

He did not want to put her in a dangerous situation because he was afraid that he would lose her forever.

Sure, he did not protect her immediately when she was at Kingstrie Lake with Xiao Tian and Xing Juzong, but at that time, he was close to her.

The people from Sanlow village also did not attack her at that time, so he was not afraid.

However, it was a different story if she joined the village guard squad because he could not always be there for her.

Not only that, but she would also be given tasks once she joined the village guard squad, such as protecting villagers who wanted to pick herbs.

That task was quite dangerous because she could end up fighting people from Sanlow village or experimental beasts.

That was why he wanted her to keep becoming a normal villager because, with this, she did not need to put herself in a dangerous situation.

However, he did not dare to refuse her wish directly because he believed she would get angry at him later.

'How can I refuse her wishes without making her angry?'

He knew how badly she wanted to join the village guard squad because she often talked about it.

For this reason, he did not know how to refuse her wish.

'Zemin, you are the captain of the village guard squad, so help me.'

Wu Lei turned his head toward Tan Zemin, hoping Tan Zemin would help him.

However, Tan Zemin did not say anything and turned his head to the other side.

Because Wu Lei did not say anything, Qiao Luli repeated her words. "Grandpa, now I can join the village guard squad, right?"

Huang Hu and the others shifted their gazes from Qiao Luli to Wu Lei. Of course, they knew how deep his love was for his granddaughter.

That was why they wanted to know what his answer would be.

Qiao Luli walked closer to her grandpa before finally holding his right hand. "Grandpa, you agree, right?"

She would not take no for an answer because her dream was to protect the villagers from their enemies.

"Luli, let grandpa talk with Zemin about this first?" Wu Lei made an excuse.

Qiao Luli pouted her lips because her grandpa did not agree instantly. "Grandpa, I will be angry at you if you don't keep your words."

Wu Lei felt like crying after hearing her words.

'Oh, no!'

### **Chapter 1589 Discussing Plan**

7-8 minutes

---

Wu Lei touched Qiao Luli's right shoulder before finally speaking, "Luli, how about you play with Renqing in the garden now? Grandpa wants to talk about it with Zemin first."

He could not freely discuss it with the others if she was with them. That was why he asked her to go to the garden.

"Why do I have to go to the garden? Can't I hear it?" Qiao Luli wanted to join the conversation because it was related to her.

Xing Hanxian wanted to help Wu Lei, so he gave his granddaughter a sign to take Qiao Luli to the garden.

Even though her grandpa only looked at her without saying a single word, Xing Renqing knew what he had in mind.

For this reason, she rose from her chair and grabbed Qiao Luli's right hand. "Luli, let's go to the garden now. I want to play with you in the garden."

"...Alright." Qiao Luli did not fight back when Xing Renqing dragged her to the garden.

"Sigh!" Wu Lei sighed after sitting on the chair.

"Lei, I think it's better to grant her wish." Xing Hanxian spoke, "Otherwise, she will be angry at you later."

"I think so too, village head." Siyi added. "After all, we know how badly she wants to join the village guard squad. I'm sure she will hate you if you refuse her wish because it's related to her dream."

"But I don't want to put her in a dangerous situation." Wu Lei responded, "You guys know what she has been through until now, right?"

Qiao Luli lost her parents when she was little. Not only that, but an evil group also kidnapped her and subjected her to experiments.

She had gone through so much suffering until now. That was why he only wanted her to be a normal kid because he did not want something bad to happen to her again.

He only wanted her to be happy!

That was his only wish.

However, he knew that his wish was difficult to achieve because Qiao Luli's dream was to join the village guard squad.

'Why does it have to be that?'

Everything would be easier if her dream was not to join the village guard squad.

Xing Hanxian and the others could not say anything because they knew what she had gone through until now.

At this moment, Xing Juzong suddenly had a good idea. "Elder Lei, how about this?"

He began telling Wu Lei about his idea. His idea was to give Qiao Luli an empty title.

What he meant by empty title was that they would let her join the village guard squad, but they would never give her a dangerous mission.

Her tasks were only to guard the gate or those that were only done within the village. A powerful martial artist also had to always be by her side when she was doing her duty.

With this, the chances of something bad happening to her were slim. At most, she would only be injured in the line of duty; it would not cause her to die.

"That's a good idea!" Xing Hanxian and the others responded in unison.

Wu Lei touched his chin and began to consider Xing Juzong's idea.

'That's actually a good idea!'

He admitted that Xing Juzong's idea was amazing.

After thinking for several seconds, Wu Lei uttered, "Alright. Let's do that."

Xing Juzong smiled and nodded his head.

Wu Lei tapped Tan Zemin's right shoulder before finally speaking, "Zemin, take care of my granddaughter. Don't let anything bad happen to her."

"You don't need to worry, village head." Tan Zemin responded. "I will protect her with my life."

----

Xing Renqing and Qiao Luli were currently sitting on the swings. They were not alone in the garden because many children were playing in the park.

"What are they discussing right now? Will grandpa keep his promise?" Qiao Luli wanted to know if her grandpa would keep his word or not.

"He is your grandpa, so I'm sure he will keep his promise. You can ignore him and leave the house if he doesn't keep his word." Xing Renqing gave a piece of bad advice.

She then continued, "I always did it whenever my grandpa did not grant my wish. And it always works. My grandpa always granted my wish whenever I did that."

"Really?" Qiao Luli inquired.

"Yes." Xing Renqing nodded her head. "Your grandpa's love for you is as deep as my grandpa's love for me, so I'm sure it will work out."

"Alright. I will ignore him and leave home if he doesn't keep his word." Qiao Luli was persuaded by Xing Renqing's words.

"Good!" Xing Renqing gave a thumbs up. "By the way, why do you want to join the village guard squad? Isn't it dangerous?"

"Everyone in this village is my family, so I want to protect them from bad people." Qiao Luli told Xing Renqing the reason why she wanted to join the village guard squad.

"I see." Xing Renqing was amazed by her words.

"That is why I have to join the village guard squad no matter what." Qiao Luli said with determined eyes.

Xing Renqing shifted her gaze from Qiao Luli to her right palm.

'Maybe I should practice martial arts harder from today onwards.'

----

Sanlow Village, Meeting House.

There was a meeting house in Sanlow village. The house was huge and located in the middle of the village.

This house was important and always guarded by the village guard squad because this was the place where they discussed something crucial.

There was nothing but thirty chairs in the meeting house because that place was not a place for relaxation.

Those thirty chairs were arranged in a rectangular shape, and every chair in the room made a political statement about their role in the meeting and their importance to the village.

"How is it?" Fu Lim was curious about their attack on Solaris village.

"It's good, village head." Ming responded, "They ganged up on these seven experimental beasts with thirty people and among these thirty people, half of them were seriously injured."

"Using these experimental beasts to attack them are good decision, village head." Luoyang added. "We didn't need to intervene but we could still seriously injure fifteen people. If Wu Lei and the others had not appeared, I'm sure half of them would have been dead."

Previously, they decided to retreat when Wu Lei and the others appeared because their purpose in coming to Solaris village was to test these experimental beasts.

Fu Lim was delighted after hearing their words. "Yao Huan, how many experimental beasts do you have now?"

"Fifteen." Yao Huan lied to Fu Lim.

"Only fifteen?" Fu Lim was disappointed.

"Village head, we can't infuse the serum into just any animal. We need to train them first so that we can control them better later. Producing these experimental beasts are not easy because we need time, patience and money." Yao Huan gave an honest answer.

He then continued, "And the serum is only eighty percent complete, so we don't do experiments on many animals because it's a waste of money."

Of course, Fu Lim knew that doing experiments was difficult.

'Fifteen experimental beasts is also good as it is equal to fifteen martial artists at the low-level grandmaster stage.'

Fu Lim returned his attention to Ming and the others. "Now let's discuss our plan to destroy Solaris village."

## **Chapter 1590 Joining Village Guard Squad**

7-9 minutes

---

"Now let's discuss our plan to destroy Solaris village." Fu Lim gathered Ming and the others because he wanted to make a plan to destroy Solaris village.

His village had been fighting against Solaris village for more than ten years, so he wanted to end everything once and for all.

He could not develop his village because of this matter. That was why he wanted to end everything once and for all.

After thinking for several seconds, Fenhua got a good idea. "Village head, how about we trick them?"

Fu Lim did not get Fenhua's words. "What do you mean by tricking them?"

Like Fu Lim, Ming, and the others also did not understand Fenhua's words, so they shifted their gaze from Fu Lim to Fenhua, waiting for his explanation.

"It's like this...." Fenhua began explaining his idea.

His idea was simple.

They would send a challenge letter to Solaris village, saying it was a duel between ten martial artists.

Of course, it was a lie because their real intention was to kill people from Solaris village.

"After deciding the location of the duel, we will bring many people and hide them around the battle area." Fenhua uttered, "At first, we will duel with them normally."

He then continued, "We do this to lower their guard and drain their stamina so that they can't escape from us later."

He believed Wu Lei would come later because he was a village head.

Even though Wu Lei was a martial artist at the high-level grandmaster stage, but he was still a human being.

He was sure they could kill Wu Lei if they ganged up on him.

If they managed to kill Wu Lei, destroying Solaris village would be as easy as turning a palm since they had no leader.

Fu Lim and the others began to consider Fenhua's idea.

'It's a good idea.'

In their eyes, Fenhua's idea was good.

"But what if they refuse later?" Luoyang inquired.

They could not force Wu Lei to accept their challenge because that would make him suspicious.

"Easy!" Fenhua stated. "We can lie to them, saying we won't attack people from Solaris village forever if we lose the duel. We will also end our long war. I'm sure they will take the bait if we say this."

"Village head, let's do it according to his idea." Yao Huan spoke and paused for a second before he continued, "I will also bring experimental beasts to help us kill them later. I'm sure we can kill their village head."

Ming and the others nodded their heads, agreed with Fenhua's idea.

"Then let's discuss the place of the duel now, the place where we have the advantage." Fu Lim uttered.

Then the discussion continued.

----

Wu Lei's House, Living Room.

Wu Lei was currently with his granddaughter and daughter. He brought them to the living room because he wanted to talk about two important things.

First, he wanted to talk about Qiao Luli's desire to join the village guard squad and, lastly, about the decision to have a war against Sanlow Village.

"Really?" Qiao Luli's eyes shone brightly after hearing Wu Lei's words.

"Yes." Wu Lei nodded his head. "You can join the village guard squad."

"Thank you, grandpa!" Qiao Luli hugged her grandpa happily.

"However, you must follow all of Zemin's orders and always stay by his side." Wu Lei did not reveal everything. "Do you understand?"

"Un." Qiao Luli nodded her head happily.

Shangguan Wan'er only looked at Qiao Luli with a smile on her pretty face.

Previously, she was against the idea of letting Qiao Luli join the village guard squad because it would put her in danger.

However, she changed her mind after Wu Lei revealed his plan to her. "Father, what other important matter do you want to talk to us about?"

Wu Lei looked at his granddaughter and daughter before replying, "The elders and the others want to declare war against Sanlow village."

He then continued, "We have been fighting for more than ten years, so they want to end it once and for all."

"War?!" Shangguan Wan'er and Qiao Luli said in surprise.

They knew that their village had been fighting against the Sanlow village for a long time.

They just did not expect that the elders and the others wanted to have a war against Sanlow village.

"What do you think about this?" Wu Lei inquired.

"Father, you are the village head, so it's up to you." Shangguan Wan'er responded, "If you and the others have decided on this matter, I will support you."

"I will also support you, grandpa." Qiao Luli had the intention of participating in the war because she was now a member of the village guard squad.

"I will inform my husband about this later." Shangguan Wan'er spoke, "We will try our best to support you."

"I see." Wu Lei uttered.

They talked for a few minutes before finally Wu Lei brought Qiao Luli to the village guard headquarters.

The village guard headquarters was filled with many people, from young to old. They were doing many things, such as sparring, chatting, etc.

When the village guard members saw Wu Lei, they instantly stopped what they were doing and greeted him.

ρανδα---nova | com "Welcome, village head." They said in unison.

Wu Lei began telling them the reason why he came to the village guard headquarters with his granddaughter. "I came to village guard headquarters because my granddaughter will join you guys today."

He then continued, "In the past, I promised that I would let her join the village guard squad after she broke through to the mid-level master stage. Now that she is already at the mid-level master stage, I have to fulfil my promise."

"What?! Luli has broken through to the mid-level master stage?"

"Woa! She is amazing!"

"As expected of village head's granddaughter, she is sure amazing!"

"Genius! She is genius!"

One by one, the members of the village guard praised Qiao Luli.

They were pleasantly surprised when they learned that she had broken through to the mid-level master stage.

Of course, they were happy because they saw her as their family.

Yes, everyone in the village saw each other as family!

That was why they really cared about each other.

"Hehe." Qiao Luli smiled happily. "I will join you guys from today onwards."

"I hope you guys will take good care of my granddaughter." Wu Lei asked them indirectly to protect Qiao Luli.

"Don't worry, village head. We will take good care of her."

"That's right."

"I will teach her how to protect herself later."

"I feel at ease after hearing your words." Wu Lei was happy after hearing their words.

"Welcome to village guard squad, Luli." Tan Zemin spoke abruptly.
