### Chapter 161 - It Seems Like You're Not That Good At Seducing A Lady

Yun Xin Er and Xiao Tian still looked at the beautiful scenery while holding hands. And without realizing it, it was already 05:45 pm.

The yellow street lights, which were around the Shanghai River, began to turn on one by one, indicating that it was already evening. Many people also started to leave the Shanghai River.

Seeing this, Xiao Tian looked at Yun Xin Er and said, "Big sister Yun, do you still want to spend time here, or we go to another place?"

"Let's spend time here for another several minutes" Yun Xin Er knew many people began leaving. However, she still chose to stay at Shanghai River because, with only a few people around them, Yun Xin Er was able to act lovey-dovey with Xiao Tian.

"Alright" even though Xiao Tian had no idea why Yun Xin Er still wanted to spend time at Shanghai River, but he decided not to question it. And because Xiao Tian had been standing for several minutes, he marched toward the public seating and sat on it.

To his surprise, Yun Xin Er immediately sat in his embrace. After seeing this, a soft smile spread across his face.

Yun Xin Er suddenly took his hands and put it on her waist. And not only that, she immediately put her hands in his before finally she glanced at him with a smile on her face.

"Do you like being embraced by me?" when Xiao Tian smelt the scent of Yun Xin Er's hair, he couldn't help but kiss the right side of her head.

Even though Xiao Tian only kissed her hair, but Yun Xin Er was able to feel it, "Little brother, do you know how many times you kissed me today?"

'Hey, I asked you a question first! You should answer it before asking me a question too.'

Because Xiao Tian believed that she didn't want to answer it, he chose to answer her question. "I don't know. I've lost count of the number of times we kissed today. Why did you ask this question? Are you regretting it now?"

"What do you think?" Yun Xin Er inquired.

"Considering that you have kissed my lips many times, I'm sure you didn't regret it; instead, you love it, right?" of course, this was only his opinion. However, after seeing the happiness on her face, Xiao Tian was sure that she didn't regret it. "Well, I know what you feel. Kissing someone like me who is handsome, young, kind, caring, gentle, cool, and smart will not make you regret it. I'm even sure because you have kissed me today, you will not be able to sleep tonight."

"Oh! That is a funny way to say a word of a narcissist. Hehe. You're overpraising yourself." even though Yun Xin Er also thought what he said was right, but she didn't want to agree with his words openly.

"You dare to call me a narcissist? It seems like I need to punish you." After saying so, Xiao Tian began tickling her waist.

"Hahaha. Little brother, stop it. Hahaha," Yun Xin Er laughed loudly while trying to stop him from tickling her, but to no avail.

After tickling her waist for about seven seconds, Xiao Tian stopped it and said, "big sister Yun, I've never thought that our relationship would be like this, but don't get me wrong because I like how our relationship is right now."

In the past, Xiao Tian had never had the intention to seduce her or have a relationship with her. Even though when he first saw her, he was a little shocked at how pretty she was, but because in his past life, he also had a lover who was more beautiful than her like Mei Xing, Yun Xin Er was only a pretty lady in his eyes, nothing more.

Xiao Tian thought that their relationship would end after she helped him in promoting his clothing design, but he was wrong because she still visited him after helping him.

Xiao Tian even wondered how his luck could be so good. Not only did God give him a chance to live again, but he was able to do everything easily as if the goddess of luck was always with him.

"Don't you think that our relationship escalated too quickly?" Yun Xin Er looked into his black eyes intently because she wanted to know his opinion about their relationship right now.

They weren't lovers and only met a few times, but they had done lots of passionate kisses as if they were lovers for a long time. Yun Xin Er suddenly felt afraid that he would think she was an easy lady because of it.

'Well, it's because I'm good at seducing a woman.'

Of course, Xiao Tian only said it in his mind. When Xiao Tian noticed the expression on her face, he immediately replied, "I know that our relationship escalated too quickly, but you don't need to think that you're an easy woman because I never thought about you like that. I've said it before that in my eyes; you're a goddess of luck. Not only beautiful and kind, but you even helped me a few times, so don't ever think about something like that."

"For your information, I have never had a relationship with a man like this before. I only let them kiss or hug me when they have become my lover, so you're the first man to kiss and embrace me before we even become lovers" Yun Xin Er suddenly remembered about something important. "Don't you have a lover right now?"

"Not a lover yet. She still hasn't accepted me due to a special reason" Xiao Tian knew that Yun Xin Er was talking about Lin Xing Xue because she had seen Xiao Tian and Lin Xing Xue behave like a couple before.

"Oh! I thought she is your lover." Yun Xin Er was startled when she learned about this. All this time, she believed that Lin Xing Xue was his lover. For this reason, she planned to have a friendly relationship with Xiao Tian because she didn't want to steal someone else's lover. But every time Yun Xin Er was with him, she felt comfortable and desired to spend time with him again and again.

Although they always teased each other every time they met, that was what made her want to meet him again and again because when she teased him or was teased by him, she was pleased as if all the burdens on her shoulders were lifted.

Yun Xin Er suddenly felt thrilled when she discovered that Xiao Tian and Lin Xing Xue weren't lovers because it meant she didn't seduce someone else's lover. And unconsciously, a dazzling smile arose on her face. "Oh! It seems like you're not that good at seducing a lady."

'If I'm not good at seducing a lady, why can I kiss you even before we become lovers?'

Xiao Tian wanted to say it, but he knew he shouldn't do that. Xiao Tian only smiled and placed his head on her right shoulder and responded, "Yes. You're right. I'm not good at seducing a lady, so why don't you teach me how to do that?"

"Oh! You want this big sister to teach you how to seduce a woman? This big sister is an experienced lady, so the price is high, you know?" of course, Yun Xin Er was lying when she said that she was an experienced lady. It was a perfect time to praise herself, so she didn't want to let it slide.

"Is that so? What is the price?" even though Xiao Tian wasn't interested in learning, but he pretended as if he wanted to study how to seduce a lady from her.

"You will not be able to effort the price. For your information, if you use one sentence from my teaching, you will be able to get any woman in less than five minutes" when Yun Xin Er noticed the expression on his face, she was satisfied and decided to keep praising herself.

Xiao Tian only giggled when he saw that she was praising herself too much. "Why don't you teach me that one sentence now? I think I can effort to learn that one sentence."

"I don't want to" Yun Xin Er covered her mouth and giggled

"What? You keep praising how good your teaching is, but in the end, you don't want to teach me? even that one sentence too?" Xiao Tian then tickled her once again as a punishment.

"Haha. Little brother...haha..stop it...haha. I will still not teach you...hahah....even though you..haha force me to..haha" Yun Xin Er laughed loudly when Xiao Tian was tickling her waist again.

After tickling her for about five seconds, Xiao Tian grasped her by the waist and made her face him.

Yun Xin Er showed no reaction of rejecting when he made her face him. She only stared at his handsome face and inquired, "Why did you make me face you? Do you want to kiss my lips again? Hehe"

Xiao Tian touched her delicate pinkish lips with his right thumb and replied, "Yes. I'm addicted to kissing your lips. That's why I desire to kiss you again."

Actually, Xiao Tian had no intention to kiss her because he only wanted to see her face. However, because Yun Xin Er said something like that, Xiao Tian decided to behave as if he tried to kiss her lips again.

"I will not let you kiss me in this place again" Yun Xin Er then placed her head on his left shoulder so that he couldn't kiss her.

Xiao Tian thought that she didn't want him to kiss her, but to his surprise, when he grabbed her head and pulled it in front of his face, she didn't try to resist even a bit. Because Xiao Tian really liked kissing, of course, he kissed her lips again.

And not only that, she didn't even try to stop or avoid him when he brought his face closer to hers as if she was waiting for him to kiss her.

At this time, Yun Xin Er did nothing and let him do whatever he wanted. She even didn't close her eyes when Xiao Tian kissed her lips.

They kissed for about three seconds before finally, Xiao Tian broke the kiss.

Yun Xin Er once again placed her hand on his shoulders and wrapped her arms around his neck. Because today she only ate once, Yun Xin Er suddenly felt hungry after they embraced each other for several minutes, "Little brother, I'm hungry."

"Let's get something to eat" because Xiao Tian knew that she only ate once today; he didn't want to wait again because it could be bad for her body.

"Un" Yun Xin Er nodded her head.

## **Chapter 162 - Xin Er, I'm Thrilled To Be Able To Spend Time With You**

8-11 minutes

---

"Big sister Yun, you said that you want to eat, so why are you still sitting on my lap and wrapping your arms around my neck?" because she only ate once today, Xiao Tian thought that Yun Xin Er would drag him to his car as quickly as possible, but he was wrong.

Not only did she not do that, but she even remained in the same position. Xiao Tian suddenly thought that she wanted him to carry her again. "Do you want me to carry you again?"

"Yes. This is the price for kissing me just now" actually, Yun Xin Er wanted to walk to his car hand in hand, but she suddenly desired him to carry her. Not only did she not need to walk, but she could still embrace him while he marched toward his car. This was a big win for her. That was why she would make him carry her at any cost.

Xiao Tian only smiled after hearing her words. He didn't mind accepting her request because he thought he was able to carry her to his car.

With his hands on her buttocks, Xiao Tian rose from the public seating and began walking toward his car. When Xiao Tian felt the softness of her bottom, he whispered in her ears, "Big sister Yun, your buttocks are soft, and it feels good."

"Pervert!" Yun Xin Er hit his back with her right hand. However, because she wanted him to carry her to his car, she had no choice but to let him feel the softness of her ass. "Don't ever think about doing something pervert to my butt, or I will bite your earlobes."

But what Yun Xin Er said was different from what she did because after saying that, she bit his earlobes.

"Hii! Big sister Yun, I still haven't done anything to you, but why did you bite my earlobes?" Even though Yun Xin Er didn't bite his earlobes hardly, but he could still feel a little pain.

"It's a warning so that you will not have a dirty mind again." Yun Xin Er replied shamelessly.

Xiao Tian wanted to lick her earlobes as a punishment for biting her earlobes, but he was unable to do that even after he tried two times, making him choose to push that thought.

After walking for several minutes, they finally reached his car. And because Yun Xin Er remained in the same position, Xiao Tian could only sigh and open the car door. Yun Xin Er only stopped what she was doing when he wanted to put her on the passenger seat.

Then, Xiao Tian got into his car and immediately drove away. After several minutes, they finally arrived at the restaurant, which Xiao Tian found on the internet.

The restaurant's name was Dream Restaurant. Dream Restaurant was famous as a good place for dinner because the atmosphere at this restaurant was beautiful at night.

After he parked the car, Xiao Tian and Yun Xin Er entered the restaurant, which was greeted by the waitress immediately.

Not long after that, the waitress guided them to the dinner place, and when they reached the dinner place, Xiao Tian nodded his head in satisfaction.

Even though the place wasn't private but because the site was above the water, coupled with many lanterns in the waters, made the dinner place an excellent place to have dinner with a lover.

The dinner place was a big luxurious rectangular building with walls as high as half a meter. In the middle of the building, there was a piano to be played by the pianist to make the atmosphere even more romantic for customers.

The dining table was rectangular with a red tablecloth, and two chairs arranged to face each other. Then Xiao Tian and Yun Xin Er sat on the chairs. Not long after they sat on the chairs, the pianist began playing the piano.

This time, Xiao Tian and Yun Xin Er waited for about fifteen minutes before the waitresses brought their orders. But because the pianist was skilled in playing the piano, coupled with him playing the romantic song, fifteen minutes felt like a minute for Xiao Tian and Yun Xin Er.

Without waiting for another second, Xiao Tian and Yun Xin Er began eating the food. As they were eating, they talked about how to promote Xiao Tian's clothing design on TV.

Yun Xin Er asked Xiao Tian to send a representative from his company to meet someone who would help him in promoting his clothing design on TV.

After several minutes, they finished consuming the food. Then Yun Xin Er rose from her seat and stepped closer to the walls because she wanted to see the beautiful scenery at Dream Restaurant, which was famous for its night view. And when Yun Xin Er saw many lanterns in the water, her face broke into a smile.

Xiao Tian immediately approached her and stood on her right side. Xiao Tian was pleased when he noticed a smile on her face and thought that it wasn't in vain to bring her to Dream Restaurant.

And when Xiao Tian turned his head to the left and right, he saw a few couples also enjoying the beautiful scenery at Dream Restaurant.

With happiness in his heart, Xiao Tian held Yun Xin Er's right hand and said, "It's beautiful, isn't it?"

"Yes, it is." even though Yun Xin Er had come to Dream Restaurant before, at that time, she was with her friends, or it was to discuss her live concert, so the feeling she felt was different when she came with Xiao Tian.

While still holding her hands, Xiao Tian turned his head to look at her face. Even though the scenery was beautiful, but at this time, Xiao Tian was more interested in looking at her attractive appearance.

Yun Xin Er wasn't aware of this because she was too busy seeing the beautiful scenery in front of her eyes, and once again, a beautiful smile appeared on her face.

Even though her smile was always beautiful, but this time it was different. Her smile was too beautiful until it could make her conquer the world only with her smile.

'Thump... Thump...Thump'

Xiao Tian suddenly felt that his heart was beating loudly for a few seconds after seeing the pretty smile on her face.

'What is this? Don't tell me I'm...'

Xiao Tian was stunned by this. All this time, he only thought that their relationship would only be at the level of friends with benefits, and he also never had the intention to make their relationship more than that.

But when his heart was beating loudly just now, Xiao Tian began questioning himself about his feeling toward her. Now, Xiao Tian started to wonder whether he really wants their relationship only at the level of friends with benefits or more than that.

Xiao Tian found it hard to believe that the seed of love began to grow inside him. Even though Yun Xin Er was a gorgeous lady, but all his women were also pretty or had a very sexy body, and none of his women were inferior to Yun Xin Er.

Xiao Tian didn't want to admit that he had fallen in love with her so quickly, but still, he was unable to deny that now she looked prettier in his eyes. And not only that, a desire to embrace her and to spend time with her suddenly arose within him. Because of this, Xiao Tian unconsciously touched her cheeks.

Yun Xin Er was startled by this because she had no idea what he felt at that moment. As if she intended to conquer Xiao Tian's heart with her smile, Yun Xin Er looked at him with a dazzling smile on her face. "What is it, little brother?"

'Thump... Thump...Thump...Thump...Thump'

Once again, Xiao Tian's heart was beating loudly when he saw the radiant smile on her face. Xiao Tian widened his eyes in astonishment, and he also couldn't take his eyes off her beautiful smile. For this reason, Xiao Tian didn't hear what she said and only stood like a statue for two seconds before finally, Xiao Tian unconsciously embraced her.

His actions much shocked Yun Xin Er. Even though she had no idea why he suddenly hugged her, but Yun Xin Er was pleased by this and immediately embraced him back.

When Xiao Tian still hugged her even though it was already twenty seconds since they embraced each other, Yun Xin Er wanted to know why he suddenly behaved like this. "Little brother, what's wrong?"

Xiao Tian didn't answer her and only hugged her. After another ten seconds, Xiao Tian finally stopped embracing her. With his left hand, Xiao Tian moved her bangs and kissed her forehead. This time, the kiss was full of love.

Because Yun Xin Er was still curious as to why he suddenly acted like this, she didn't close her eyes when Xiao Tian kissed her forehead.

After kissing her forehead for about three seconds, Xiao Tian broke the kiss and said in a soft voice, "Xin Er, I'm thrilled to be able to spend time with you."

This time, it was Yun Xin Er's turn to be stunned. She didn't expect that Xiao Tian would call her with her birth name. Even though she was okay with it, no, she loved the way he addressed her, but because it was too sudden, Yun Xin Er didn't know what to say.

After three seconds of the silence, Yun Xin Er held his hands and looked at him lovingly "I'm also happy to be able to spend time with you, Tian."

Without them realizing, they began to address each other by their birth names.

### **Chapter 163 - Good Night, Tian**

9-11 minutes

---

Their eyes were locked for about three seconds, and as if they were communicating through their eyes, Yun Xin Er and Xiao Tian brought their faces closer to each other before finally, their lips met.

As they were kissing, Xiao Tian and Yun Xin Er began closing their eyes as if they wanted to feel the kiss. And not only that, they stopped holding hands and began to embrace each other.

Two seconds later, Xiao Tian slowly opened his eyes and looked at her shutting eyes. When he felt the tenderness of her lips and the warmth of her body, the feeling of wanting to make Yun Xin Er his woman arose within him.

Once again, Xiao Tian tried to suppress the feeling, but the more he tried to suppress the feeling, the stronger it became. For this reason, Xiao Tian began to accept that he has a special feeling for her.

Because Xiao Tian still didn't stop the kiss, Yun Xin Er opened her eyes and broke the kiss. Suddenly Yun Xin Er began to understand why he unexpectedly behaved like this. "Hehe. What is this, little brother? Are you in love with me now?"

Xiao Tian wanted to say 'yes. That's right,' but he suddenly remembered that he needed to make his harem accept each other first before deciding to add her in his harem too. But because he didn't want to lose her and hurt her feeling, he could only give her an ambiguous answer. "Maybe. Hehe. But you're still my lucky goddess, so for me, you're an important person."

Even though Xiao Tian didn't give her a clear answer, she was still thrilled when he said that she was an important person in his life. "If so, then from now on, you should call me goddess. Hehe"

"As you wish, my goddess," Xiao Tian replied as if he was her follower.

After that, they began chatting for about thirty minutes before finally, Xiao Tian said, "Big sister Yun, let's stop here for today and go back to my company so that you can take your car and go home."

Even though now Xiao Tian still wanted to spend time together with her, but he needed to end their date because if he didn't go home immediately, he was afraid that his mother and aunt would be sad again.

When Yun Xin Er knew that Xiao Tian wanted to end their date, a hint of sadness could be seen in her face. Several minutes ago, their relationship had gotten closer than before, so she still wanted to spend time with him.

When Xiao Tian noticed the sadness on her face, he immediately touched her cheeks and looked at her lovingly, "Don't worry. We can still spend time together tomorrow or in the near future. You can also come to my company if you want to meet me, so don't be sad."

Yun Xin Er was delighted after hearing his words. Then, she smiled and nodded her head, "Un. I'm not sad anymore."

"Good! My goddess shouldn't be sad because it could decrease your beauty," Xiao Tian said as he pinched her nose.

"Hehehe," Yun Xin Er smiled happily.

Then they left the Dream Restaurant, and after several minutes of driving, they arrived at Xiao Tian's company.

But because it was already evening, there were only securities in his company. After Xiao Tian parked his car next to Yun Xin Er's car, they got out of his car.

"Little brother, thanks for today. I'm delighted today." Yun Xin Er was pleased to be able to spend time with him today because not only did their relationship become closer, but Yun Xin Er could feel Xiao Tian become more caring and loving toward her.

"Un. Me too" Xiao Tian nodded his head

When Yun Xin Er was about to get in her car, Xiao Tian suddenly approached her and held her hands. Without giving her a chance to say a single word, Xiao Tian immediately kissed her cherry lips.

His action much surprised her. But because she also desired a goodbye kiss, Yun Xin Er let him kiss her lips and closed her eyes.

To her surprise, she suddenly felt something soft, trying to enter her little mouth. Yun Xin Er immediately opened her eyes and looked into his black eyes. And when she looked at his eyes, Yun Xin Er felt as if she was hypnotized by him. For this reason, Yun Xin Er slowly opened her mouth to give his tongue a way to enter her little mouth.

When Xiao Tian noticed that an opportunity had arisen, Xiao Tian immediately put his tongue into her mouth and began to search for her tongue.

As they were intertwining their tongues lewdly, saliva began dripping down from the corner of their mouths, and of course, they also drank each other saliva.

They were kissing passionately for several minutes before finally, Yun Xin Er broke the kiss because she had difficulty breathing.

With saliva still in the corner of her mouth, Yun Xin Er said, "Little brother, wait a second. Let me catch my breath first."

After waiting for about four seconds, Xiao Tian wiped the saliva in the corner of her mouth with his right thumb. Then his eyes suddenly focused on her beautiful pink lips.

When Xiao Tian knew that Yun Xin Er's breathing had returned to normal, Xiao Tian brought his face closer to her face again.

Yun Xin Er did nothing because she also hasn't satisfied and desired to have another passionate kiss with him. Thinking that Xiao Tian would kiss her passionately again, Yun Xin Er opened her mouth slightly so that he could put his tongue in her mouth.

But what she had guessed was wrong because Xiao Tian didn't put his tongue in her little mouth. This dumbfounded Yun Xin Er.

Yun Xin Er thought that as soon as their lips met, Xiao Tian would immediately put his tongue in her mouth. But not only did he not do that, he only pressed his lips against hers.

When Yun Xin Er was about to put her tongue in his mouth, Xiao Tian suddenly bit her lower lips. His action greatly surprised her, making her let out the pain of pleasure "Ah...."

After biting her lower lip, Xiao Tian giggled and said, "Now we are even. Hehe"

"Bad boy! You can't bite my lower lip before I agree with that" then Yun Xin Er hit his chest a little hard "Let me bite your lower lip now."

"No. I don't want to. Hehe," Xiao Tian laughed happily. Earlier, he had no intention to bite her lower lips, but when they were kissing passionately, he suddenly remembered the time when she bit his lower lip. For this reason, Xiao Tian decided to bite her lower lip too.

"Hmph! I hate you, little brother. I will not let you kiss me again in the future" Yun Xin Er crossed her arms over her chest and turned her head.

Even though Yun Xin Er said that, Xiao Tian knew that he would be able to kiss her again in the future. She was only unhappy because he didn't allow her to bite his lower lip again.

"Alright. It's enough for today" Xiao Tian thought that if they kissed again, they would still be at his company for another several minutes. That was why he said that they should return home.

Then Yun Xin Er got into her car and opened the car window, "Good night, Tian."

"Good night, Xin Er," Xiao Tian replied as he smiled.

After Xiao Tian saw Yun Xin Er leaving, he immediately got into his car and drove to his home. Several minutes later, he arrived at his home.

"I'm home," Xiao Tian said as he opened the door. After closing the door, Xiao Tian immediately headed to the living room because he thought that his mother and aunt would be there.

And what he had guessed was right because when he was in the living room, his mother ran toward him and jumped on him like she usually did.

"Welcome home, Tian" Ye Xueyin said as she smiled.

With his right hand on his mother's buttocks to support her so that she wouldn't fall, Xiao Tian pulled her head toward him and kissed her lips.

Ye Xueyin didn't expect that her son would immediately kiss her as soon as he got home. But, of course, Ye Xueyin accepted the kiss gladly because something like this was rare.

However, the surprise didn't stop there because two seconds after her son kissed her, he immediately tried to put his tongue in her mouth. Ye Xueyin was surprised by this. Not only did he kiss her, but he immediately tried to have a passionate kiss with her.

Even though Ye Xueyin didn't know why her son suddenly behaved like this, she immediately opened her mouth.

As Xiao Tian was kissing passionately with his mother while also carrying her, he immediately walked toward the couch without stopping the kiss. Xiao Tian only broke the kiss when he wanted to put his mother on the sofa.

Ye Qingyu, who was seeing her nephew having a passionate kiss with her big sister in front of her, behaved as if she saw nothing.

Xiao Tian then sat between his aunt and mother; his aunt was on his right side while his mother was on her left side.

Xiao Tian then turned his head to the right and said, "Aunt, do you want to have a passionate kiss with me too?"

"No, thanks," Ye Qingyu answered while looking on TV.

But even though Ye Qingyu said that, when Xiao Tian kissed her, she immediately welcomed the kiss, and then, they also had a battle of tongues for several seconds.

## Chapter 164 - But I'm Your Lover

8-10 minutes

---

When Ye Xueyin saw her son and her little sister kissing hungrily, she bit her right index finger. Although she had kissed passionately with her son just now, but after seeing her son and little sister kissing in front of her, Ye Xueyin suddenly desired to have a French kiss with her son again.

Due to this, Ye Xueyin kept looking at them while also hoping that Xiao Tian would kiss her again.

'They seem to enjoy themselves. I want to have a passionate kiss with my son too.'

Even though Ye Xueyin desired to have a passionate kiss with Xiao Tian, but she didn't disturb them because she understood that it was her little sister's turn to have a French kiss with her son.

Several seconds later, Xiao Tian and Ye Qingyu stopped kissing. Seeing this, Ye Xueyin grabbed his hands with a smile on her face. "Tian, is it mother's turn again now?"

The corner of Xiao Tian's lips twitched after hearing his mother's words. Actually, he planned to take a bath after kissing his aunt because he still hasn't showered this evening.

However, when he saw a smile on his mother's face, Xiao Tian didn't have the heart to refuse her. "Fine. But only one time because I want to take a shower."

"Un. Good!" Ye Xueyin was delighted when she knew that her son agreed to kiss her. "The three of us can kiss again after you take a bath."

Xiao Tian didn't know how to reach after hearing his mother's words. He had no idea that his mother liked kissing him very much.

Xiao Tian turned his head to look at his aunt and asked, "How is it, aunt? Do you want to continue kissing after I take a bath?"

Of course, Ye Qingyu only stared at her nephew without saying a single word. She even continued watching TV again as if Xiao Tian hadn't said anything to her.

Xiao Tian had guessed that his aunt would ignore his question because she was a shy person. That was why he only smiled when his aunt didn't answer him.

After kissing passionately with his mother for several seconds, Xiao Tian rose from the couch and headed to the bathroom. Xiao Tian took a shower for about ten minutes, and after wearing clothes, he headed to the living room. "Mother, aunt, let's go to the backyard?"

"Are we going to kiss in the backyard?" at first, Ye Xueyin thought they would kiss in the living room or his room, but she was wrong.

However, when she learned that her son wanted to head to the backyard, she was a little surprised by this. But she immediately agreed because as long as she could kiss her son, everywhere was fine for her.

Xiao Tian didn't expect that his mother would say something like that. Due to this, he couldn't help laughing. Xiao Tian had no idea that his mother wanted to kiss him so badly. He found his mother's behavior was funny, and it made him feel happy at the same time.

"Yes, yes. We can have a lot of kisses later" Xiao Tian couldn't say no to his mother when he saw her happy expression. Then he stood in front of his aunt and looked at her, "Aunt, let's go to the backyard."

"I want to watch TV. You can head to the backyard with big sister," Ye Qingyu answered while watching TV.

When Xiao Tian knew that his aunt was watching the news on TV and it wasn't a piece of critical news, Xiao Tian placed one of his arms on his aunt's back and the other arm around the bend of her knees. Without giving her a chance to say anything, Xiao Tian carried her.

Ye Qingyu thought that they would leave her alone, but she was wrong. Due to this, she placed her arms on his shoulders and said, "Tian, aunt wants to watch TV."

"It's not a piece of important news, and if you want to watch it, you can find it on the internet later. Don't you think family time is more important than that." after saying that, Xiao Tian turned his head toward his mother, "Mother, please turn off the TV and bring a mat, pillows, and electric lamps."

"Un" Ye Xueyin nodded her head. She then turned off the TV and began to look for the mat, pillows and electric lamps.

"Tian, we should help big sister," Ye Qingyu thought that her big sister would have difficulty carrying all of that. That was why she wanted to help her big sister.

"You really care about mother, huh" even though Xiao Tian had known this since he first met her, he just had no idea why she cared about her big sister very much. Not only his aunt, but his mother also behaved the same.

"I also care about you because you and big sister are the only families that I have" when Ye Qingyu said this, the words came out from the bottom of her heart. She really cared about her family and would do anything to protect them, even if she has to become a demon to protect them.

When Xiao Tian looked at the expression on her face, he decided that he would never let anything happen to his aunt and mother. Xiao Tian suddenly thought that he needed to rearrange all his plans again. But of course, he didn't say this. "But I'm your lover."

"But you're my family too." although she didn't deny it but for her, he was also her precious family.

Xiao Tian thought that his aunt would hit him or change the subject, but he was wrong. Then Xiao Tian said, "Oh! Then how about the family members who become lovers?"

Upon hearing his words, Ye Qingyu hid her face on Xiao Tian's shoulders. She suddenly remembered that the handsome young man, who was carrying her right now, was none other than her lover or, more precisely, her nephew, who became her lover.

Xiao Tian smiled when he noticed his aunt's behavior. While still carrying his aunt, Xiao Tian walked toward the backyard. He immediately returned to the living room after he put her down because he wanted to help his mother carrying the mat, pillows, and electric lamps.

After they arranged everything neatly, they laid down on the mat while looking at the sky. And as usual, Xiao Tian was lying down between his mother and aunt.

But when Xiao Tian noticed that there was no moon and only a few stars, he was a little disappointed. Of course, he didn't show it on his face because he didn't want to make his mother and aunt feel sad too.

Then Xiao Tian held his mother's hands with his right hand and his aunt's hands with his left hand. With a smile on his face, he looked at his mother before finally, looking at his aunt.

Xiao Tian really loved spending time with his mother and aunt in the backyard because it was a place where he had lots of memories with them.

"Hehe," Ye Xueyin was giggling when her son held her left hand.

"What is it, mother?" Xiao Tian turned his head toward his mother after hearing his mother laugh.

"Mother likes when the three of us look at the sky while holding hands like this" at this time, Ye Xueyin had forgotten that she wanted to have a passionate kiss with her son.

"I like it too," Xiao Tian spoke and paused. Then he looked at this aunt and continued, "Do you like it too, aunt?"

"Yes. I like it." of course, Ye Qingyu loved it because something like this was what she always wanted.

Then, Ye Xueyin, Xiao Tian, and Ye Qingyu talked about many things. This time, they didn't do any taboo things. They only chatted and looked at the sky while still holding hands.

When it was 10:00 pm, Xiao Tian suddenly felt the atmosphere become cold, so he immediately said, "Mother, aunt, let's get inside. It's cold here."

"Un" Ye Xueyin and Ye Qingyu also thought that it was better to immediately get inside the house because the atmosphere had turned cold.

When they were in the living room, Xiao Tian asked, "Do you two want to watch TV again?"

"Let's head to your room and lay down on the bed," even though watching TV wasn't a bad idea, but Ye Xueyin still wanted to lay down with her son and little sister.

Xiao Tian agreed with his mother's idea, but he wanted to know about his aunt's opinion first before he decided what he would do next. "How is it, aunt?"

"Un. I'm fine with it" Ye Qingyu knew that there weren't any interesting shows on TV at this time, so in her view, it would be better to lay on her nephew's bed rather than watching TV.

When his aunt agreed with his mother's idea, Xiao Tian immediately said, "Alright."

Because they knew tonight they would sleep in Xiao Tian's room again, Ye Xueyin and Ye Qingyu headed to their room to change their clothes.

Xiao Tian also decided to change his clothes. Now he was wearing a loose T-shirt and shorts. Xiao Tian then laid down on the bed while waiting for his mother and aunt to come to his room.

Not long after that, the sound of someone opening his door could be heard in his ears. Xiao Tian then turned his head to the source of the sound.

'Are you two want to seduce me?'

Xiao Tian didn't expect that his mother and aunt would come to his room while wearing sexy lingerie.

### **Chapter 165 - Do You Want A Normal Kiss Or Passionate Kiss?**

9-11 minutes

---

"Come here." Xiao Tian said while patting the bed next to him.

Upon hearing his words, Ye Xueyin and Ye Qingyu advanced before laying down on both of his sides.

Xiao Tian didn't ask why his mother and aunt were wearing a sexy lingerie tonight, because he also liked seeing them in lingerie.

Xiao Tian kissed their foreheads and said, "Both of you look so sexy in lingerie."

Ye Xueyin was pleased when her son praised her. Even though she was already in her mid-thirties, but Xiao Tian always adored her, saying that she was pretty, or sexy. She also never heard her son calling her old lady or saying that she wasn't pretty anymore.

For this reason, her love for Xiao Tian grew bigger and bigger every day. Ye Xueyin even hoped that he would still call her beautiful after she became an old lady in the future.

Even though Ye Qingyu said nothing, but inside her heart, she was thrilled by her nephew's words. And when she saw the smile on his face, Ye Qingyu thought that it was not in vain to buy new lingerie.

Because he felt that he didn't treat his aunt with love lately, Xiao Tian grabbed her by the waist and put her on top of his body.

"Kya," Ye Qingyu didn't expect that her nephew would put her on his chest. She thought they would sleep with her hugging his arms as usual, not with her sleeping on his chest. But of course, Ye Qingyu didn't hate it; instead, she loved it because with her sleeping on top of him, she could feel the warmth of his body.

Seeing this, Ye Xueyin suddenly wanted to sleep on her son's chest too, but because her little sister was on top of Xiao Tian's body, she could only embrace his right arm.

"Mother, tonight is aunt's turn. I hope you understand this." Xiao Tian knew that his mother also desired to sleep on his chest, but because he wanted to treat his aunt with love tonight, he only hoped that his mother would understand him.

"Un. Mother understands." even though Ye Xueyin wanted to be in her little sister's place, but she understood that she needed to give her son time with her little sister.

"Thanks, mother." Xiao Tian kissed her forehead as a reward for understanding him.

"Tian, there is something hard on my stomach." Ye Qingyu knew that something hard in her stomach was Xiao Tian's cock. However, because she was too shy to say it directly, she pretended as if she knew nothing.

"Sorry, aunt. It's because you're so gorgeous. That's why my little brother woke up from his slumber." actually, Xiao Tian didn't have a dirty mind or had the intention to have sex with her.

If a pretty lady wore sexy lingerie and rested her body on top of their body, Xiao Tian believed that any man would have the same reaction as him.

Ye Qingyu then looked at her nephew and said shyly, "Do you want to....do it?"

Xiao Tian then put his left arm around her waist and said, "No. I only want us to stay like this. Lying in bed and hugging you is more than enough for me."

Even though he would love to have sex with his aunt, but he didn't want their relationship to be limited to sex. Tonight, Xiao Tian wanted to treat his aunt better, not to let out all of his lust on her. That was why he immediately rejected it.

"Really?" Ye Qingyu was a little surprised because this was different from what she had thought. Earlier, Ye Qingyu thought that her nephew would say 'let's have sex,' but she was wrong. "But, doesn't that feel uncomfortable?"

"Well, it does feel uncomfortable, but I don't want our relationship to be limited to sex." Xiao Tian knew that he often had sex with them. Due to this, he was afraid that they would think of him as sex manic.

Upon hearing his words, Ye Qingyu leaned her head on his chest, and suddenly, a beautiful smile appeared on her face. It was a pity that Xiao Tian didn't seem aware of this.

Then the three of them talked for about an hour and a half, and in their conversation, Xiao Tian treated them as best as he could, making Ye Qingyu and Ye Xueyin happy and often smiling.

-----

The next day in the morning, Xiao Tian woke up early than usual. And when he saw his aunt sleeping on his chest, his face broke into a smile.

Xiao Tian didn't go back to sleep because he wanted to see his aunt's sleeping face. Seconds turned into a minute, and without realizing it, Xiao Tian had been staring at her sleeping face for fifteen minutes.

Two minutes later, Ye Qingyu opened her eyes. Seeing this, Xiao Tian smiled and said, "Good morning, aunt?"

Ye Qingyu was surprised by this because usually, her nephew was the last to wake up. And when she knew that it was still 05:15, it made her even more surprised, but of course, she didn't say it, "good morning, Tian. You awake very early today."

"Yes. I also enjoy seeing your beautiful sleeping face." Xiao Tian replied.

Ye Qingyu suddenly felt shy when she knew that Xiao Tian saw her sleeping face earlier. Because she wanted to make breakfast, Ye Qingyu immediately wanted to get up.

However, when she was about to get up, Xiao Tian hugged her tighter, making her unable to get up. "Aunt, let's stay like this for another several minutes."

"Several minutes? How long is that several minutes?" Ye Qingyu spoke and paused for a second before she continued, "Aunt wants to cook breakfast for us, so we can't stay like this for a long time."

After looking at the clock, Xiao Tian said, "How about fifteen minutes?"

"Five minutes." even though it was still 05:15, but because she needed to cook breakfast, she thought fifteen minutes was still too long. This morning, Ye Qingyu planned to make his favorite dish for breakfast, and it took more than thirty minutes to cook the meal.

"Ten minutes." of course, Xiao Tian raised the time because he still wanted to embrace his aunt and feel the warmth of her body.

"Three minutes." Ye Qingyu immediately decreased it again.

"Aunt, you should increase it to six minutes, seven minutes, eight minutes, or nine minutes, not lower it to three minutes. This is not how it's played?" there was a black line in Xiao Tian's face when his aunt shortened the time again. He didn't expect that she would lower it, instead of increasing it.

"Two minutes." because Xiao Tian still hasn't budged, Ye Qingyu decided to keep shortening the time.

Xiao Tian widened his eyes in disbelief when his aunt still decreased it. Xiao Tian could only sigh and accept it because he was afraid that if he tried to raise the time, his aunt would reduce it again, "Fine. Two minutes."

Ye Qingyu looked at her nephew and smiled when he gave in. "Good!"

Because his mother slept while hugging his right arm, Xiao Tian could only embrace his aunt with his left arm. After several seconds embracing her in one arm, Xiao Tian moved his hands and stroked her hair gently.

Ye Qingyu, who was resting her head on her nephew's chest, immediately looked at him. And when she saw the smile on his face, her face blossomed into a smile.

When Xiao Tian noticed that two minutes had passed, a hint of sadness could be seen on his face for a second. Even though he still wanted to embrace his aunt, but because the time was up, he had no choice but to stop hugging her.

Although the sadness on Xiao Tian's face only appeared for a second, because Ye Qingyu kept looking at him, she noticed it. For this reason, Ye Qingyu gave a peck on his lips before getting up, hoping that it could make him happy.

Xiao Tian was pleasantly surprised by this, and unconsciously a dazzling smile appeared on his face.

Seeing this, Ye Qingyu was delighted because she thought that her nephew wasn't sad anymore. Because she wanted to make a breakfast immediately, Ye Qingyu headed to the kitchen.

When Xiao Tian saw his aunt heading to the kitchen, he turned his head toward his sleeping mother. And like what he did to his aunt before, Xiao Tian kept looking at his mother's sleeping face.

Not long after that, Ye Xueyin woke up and was a little surprised when she knew that her son was looking at her.

Actually, she was surprised and happy at the same time because that meant, Xiao Tian really loved her until it made him keep looking at her even when she was sleeping. "Good morning, Tian."

"Good morning, love," Xiao Tian replied as he smiled.

Ye Xueyin didn't expect that he would call her love. Because he always addressed her as mother, Ye Xueyin couldn't help but smile when he called her love. She was pleased and thought that it was kind of romantic.

When she realized that her little sister wasn't on his chest anymore, Ye Xueyin was immediately prone on the top of his body and smiled.

Of course, Xiao Tian was pleased by this because earlier, he could only embrace his aunt for two minutes. For this reason, he hugged his mother happily. "Mother, where is my good morning kiss?"

"Do you want a normal kiss or passionate kiss?" Ye Xueyin covered her mouth and giggled.

Xiao Tian didn't expect that his mother would say something like this, but because he only wanted a good morning kiss, he chose a normal kiss. "Normal kiss."

### **Chapter 166 - This Big Sister Dares You To Punish Her Now**

8-11 minutes

---

"Are you sure?" even though Ye Xueyin was fine with either one, she just didn't expect that her son would choose a normal kiss because earlier, she guessed he would ask for a passionate kiss.

"Yes." an exciting idea to tease his mother suddenly came into Xiao Tian's mind. "Mother, don't tell me you want to kiss me passionately? Or maybe more than that? Hehe."

When Ye Xueyin realized that her son teased her, she suddenly had an exciting idea to punish him. With this mischief idea on her head, Ye Xueyin kissed his lips.

Xiao Tian, who had no idea what was in his mother's mind, was pleased when he felt the tenderness of her lips.

While still feeling happy, Xiao Tian suddenly widened his eyes when his mother bit his lower lip a little hard.

'Hii! She is biting my lips. My lips, I'm sorry for hurting you from yesterday.'

Xiao Tian didn't expect his mother would do something like this to him. When his mother stopped biting his lips, Xiao Tian pinched her nose and smiled, "You dare to bite my lips, huh? Do you want to be punished by me?"

"This big sister wanted to bite your lips, so she bit your lips. This big sister dares you to punish her now," Ye Xueyin dared to say something like this because she knew that Xiao Tian would never do something that could hurt her. She even believed that he would only embrace or kiss her as punishment.

And what she had guessed was right because after she said that, Xiao Tian kissed her forehead. Knowing this, Ye Xueyin gazed at her son and chuckled.

The corner of Xiao Tian's lips twitched upon seeing his mother's behavior. Even though he would never do something that could harm her, but when he noticed the smile on her face, as if she was making fun of him, Xiao Tian decided to punish her again.

Because he didn't want to hurt his mother with the punishment, Xiao Tian chose to tickle her waist.

"Haha...Tian....haha...stop...it...hahaha" even though she said this, but Ye Xueyin didn't try to stop him.

Xiao Tian immediately stopped tickling her and said, "Do you dare to bite my lips again?"

"Yes," Ye Xueyin responded instantly. Without giving her son a time to say a single word, Ye Xueyin immediately sealed his lips with hers. However, although she said that she would bite his lips again, she had no intention to do that.

Ye Xueyin only desired to feel his lips while being embraced by him. For this reason, she didn't separate her lips from his lips even after ten seconds.

Xiao Tian, whose lips were ready to be bitten by his mother, was a little astonished when she pressed her lips against his lips for several seconds. Of course, Xiao Tian let her do whatever she wanted because he also loved kissing with his mother.

After another seven seconds, Ye Xueyin decided to stop the kiss and leaned her head on her son's chest again. This time, she didn't say a single word because she wanted to enjoy sleeping on his chest.

Ten minutes later, Ye Xueyin got up because she wanted to help her little sister cook for breakfast. Ye Xueyin and her little sister always cooked together every day. That was why she wanted to help prepare breakfast when she heard someone cooking in the kitchen.

This time, Xiao Tian didn't try to stop his mother because he also wanted to take a bath.

Because for the past two days he didn't work, Xiao Tian believed that his work has piled in his office. For this reason, he intended to go to his company earlier than usual.

After his mother headed to the kitchen, Xiao Tian immediately went to the bathroom. Ten minutes later, he finished bathing, and because his mother and aunt still hasn't finished cooking breakfast, Xiao Tian watched TV in the living room.

'It's boring.'

Because there weren't exciting shows on TV, Xiao Tian turned off the TV and headed to his room. He wanted to prepare everything so that after he finished eating breakfast, he could instantly go to his company.

After he prepared everything, Xiao Tian laid down on the bed while thinking about how to make his company bigger as quickly as possible.

When he was thinking about plans to develop his company, Ye Qingyu suddenly entered his room, telling him that breakfast was ready.

Xiao Tian got up and headed to the dining room. After he had breakfast with his mother and aunt, Xiao Tian immediately traveled to his company.

Because he arrived at the company early, there were only securities at that time, but Xiao Tian didn't bother about it and went to his office. As soon as Xiao Tian was in his office, he didn't waste time and began to work.

'Wow, there are a lot of works for me.'

Because today was the last day of the campus holiday, Xiao Tian chose to work on something important that couldn't be handed over to Lin Xing Xue or Shi Fei.

An hour has passed since Xiao Tian started working, and one by one, the employees came to the company.

Shi Fei and Lin Xing Xue, who just arrived at the company, directly headed to Xiao Tian's office like they usually did.

Knock...knock.....knock...

Shi Fei knocked on his door.

"Come in" because Xiao Tian was focused on his work, he replied while still working.

"Good morning, little brother," with a smile on her face, Shi Fei greeted Xiao Tian. But when she noticed that he didn't respond and kept working, she looked at Lin Xing Xue as if she wanted to ask Lin Xing Xue's opinion whether they should leave his office or not.

And because they didn't want to disturb him, Lin Xing Xue and Shi Fei decided to leave.

But when they were about to leave, Xiao Tian suddenly spoke, "Fei, little Xue, sit first. I want to talk about something to you two."

Upon hearing his words, Lin Xing Xue and Shi Fei sat on the couch. They kept looking at each other because they were curious about it.

When he saw Shi Fei and Lin Xing Xue sitting on the sofa, Xiao Tian walked toward them and sat next to Shi Fei, "Little Xue, Fei, today is the last day of the campus holiday so from tomorrow onward, I will leave the company to you two. But I will still come to the company if I don't have classes at university, so you don't need to worry about it."

"Alright" at this time, Lin Xing Xue and Shi Fei were happy and nervous at the same time.

They were delighted when they learned that Xiao really trusted them and was nervous because a big responsibility was now on their shoulders.

However, because Xiao Tian believed in them, they promised that they would do their best to make the company keep developing even when Xiao Tian wasn't at the company later.

When Xiao Tian knew that they agreed, he was relieved. Then Xiao Tian suddenly remembered today he needed to send a representative from his company to take care of the promotion of new season's clothes.

"Fei, today you will be the representative of the company to discuss the promotion of our new season's clothes. Big sister Yun will take you to meet someone who will help us in promoting our clothing design on TV." because Xiao Tian knew that Shi Fei didn't have Yun Xin Er's phone number, he sent Yun Xin Er's number to her via message. "I will call her first, so you wait for information from me."

"Alright," Shi Fei then saved Yun Xin Er's phone number.

"You two can go to your office. I want to continue working." even though Xiao Tian would love to spend time with them, but now was not the right time because he still has a lot of work.

"Un" Lin Xing Xue and Shi Fei walked out of Xiao Tian's room and headed to their office.

Then Xiao Tian worked again for about two hours before finally, he called Yun Xin Er

"What is it, little brother? Did you miss me already? Hehe," Yun Xin Er teased him after picking up the phone.

Xiao Tian knew that if he went to the point, she would be unhappy. That was why he played along in her game. "Yes. I miss you very much, big sister Yun. Do you miss me as much as I miss you?"

"Hehe. Stop it because I know the reason why you are calling me. Send a representative from your company and meet me at the Bamboo Restaurant in an hour." Yun Xin Er knew the reason he called her was because he wanted to ask about her promise.

Because Yun Xin Er had agreed to help him, she called the person who would help him in promoting his clothing design before going to work. Earlier, she was about to call him when he suddenly called her.

"Alright," Xiao Tian was thrilled when he knew that she kept her promise.

I hope my company will develop even more after this. Xiao Tian thought to himself.

"Alright. I'm hanging up," even though Yun Xin Er would love to talk with Xiao Tian more, but because at that time she was a little busy, Yun Xin Er had to end the call.

"Un" after Yun Xin Er hung up the phone, Xiao Tian immediately took the phone on his workbench and called Shi Fei "Fei, come to my office now."

"Alright," Shi Fei answered before hanging up.

## **Chapter 167 - It's Already 10:35 PM, And There Is Still Lots Of Work**

9-12 minutes

---

Not long after that, Shi Fei entered Xiao Tian's office. "What is it, little brother?"

"I've called Yun Xin Er, and she said that you could meet her at Bamboo Restaurant in an hour." Xiao Tian went to the point.

"Alright. I will prepare everything first," after saying that, Shi Fei returned to her office to fetch materials that she thought would be needed later.

Xiao Tian then worked again, but it was only for about five minutes before someone knocking on his door again. "Come in,"

Xiao Tian was dumbfounded after seeing Shi Fei because he thought she would head to the Bamboo Restaurant instantly.

After placing the documents on the table, Shi Fei sat on the sofa and spoke, "Little brother, I want a good luck kiss,"

Xiao Tian could only smile after hearing her words. However, because he wanted Shi Fei to do her best at her work later, Xiao Tian decided to do what she wanted.

Shi Fei beamed happily when she saw Xiao Tian coming closer to her because she understood that he agreed to give her a good luck kiss before traveling to the Bamboo Restaurant.

Xiao Tian then sat next to her and made her sit on his lap while facing him. "Only for five minutes, okay?"

"Alright," Shi Fei nodded her head while smiling. At first, she only desired a normal kiss, but after hearing his words, she knew that they would do a French kiss.

Without waiting for another second, Xiao Tian brought his face closer to her face and kissed her lips, which was immediately welcomed by Shi Fei happily.

They didn't start with a normal like usual; instead, they directly kissed intensely. And as they were kissing, Xiao Tian and Shi Fei tilted their heads to the left and right to make the kiss feel more intense for both of them.

At this time, Xiao Tian desired to squeeze her breasts, but he knew that he shouldn't do that now because her dresses would get wrinkled.

Shi Fei was going to meet someone who would help promote his clothing design, so Xiao Tian only placed his hands on her waist and savored the kiss.

After kissing deeply for about a minute, Shi Fei broke the kiss because she had difficulty breathing. However, it was only for about five seconds before she kissed him again.

Xiao Tian and Shi Fei kept kissing without caring that someone could come to his office anytime. They were lewdly intertwining their tongues or sucking each other tongues like there was no tomorrow.

The lust started to emerge in their eyes, and the desire to do more than a kiss arose within them, but both of them sought their best to hold back and just kept kissing.

"Alright. That is enough," Xiao Tian broke the kiss when he knew that they had kissed for about five minutes.

While still breathing heavily, Shi Fei stared at him lustfully and answered, "Little brother, I want a kiss again. Let's kiss for another two minutes,"

"No, Fei! Remember that you need to go to the Bamboo Restaurant. If you want a kiss, we can kiss again later," Xiao Tian knew that if he agreed to her words, she would ask for a kiss again later and it could make her late to travel to the Bamboo Restaurant.

"Alright," Shi Fei, who was losing herself in lust and couldn't think straight earlier, finally came to her senses. She then got up and kissed his forehead. "I'm off, little brother."

"Un. Be careful." after Shi Fei stepped out of his office, Xiao Tian returned to work.

Because Xiao Tian has lots of work, he even forgot to eat lunch and kept working until 06:00 pm.

'It's time to go home now, but I still have a lot of work.'

Xiao Tian could only sigh when he saw a lot of papers on the workbench. Usually, he didn't have a lot of work like this, but because his company would promote his clothing design, Xiao Tian has more work than usual.

"Huft," Xiao Tian leaned his head on the headrest of the office chair. And because he skipped lunch, Xiao Tian suddenly felt a little dizzy.

Knock...knock.....

The sound of someone knocking on the door could be heard in his ear.

"Come in," because it was time to go home, Xiao Tian guessed the person who was knocking on the door was Shi Fei or Lin Xing Xue, but when he saw that it was only Lin Xing Xue, Xiao Tian was dumbfounded.

"Where is Shi Fei?" Xiao Tian asked curiously. "Does she still work in her office?"

"She is on her way to the company. Today, she prepared everything for advertising on TV so that tomorrow we can start making commercials." Lin Xing Xue knew this because before coming to Xiao Tian's office, she called Shi Fei.

Usually, when it was time to go home, Shi Fei always came to her office so they could head to Xiao Tian's office together, but earlier, Shi Fei didn't come to her room as usual. For this reason, Lin Xing Xue headed to Shi Fei's office, and when she found out that Shi Fei wasn't in her room, she immediately called Shi Fei.

When Lin Xing Xue knew that Shi Fei was on her way to the company, Lin Xing Xue decided to wait in Xiao Tian's office and told Shi Fei to directly head to his room as soon as she arrived at the company.

"Oh! If so, then let's wait for her," even though Xiao Tian wanted to go home immediately, but because he didn't want to leave Shi Fei alone at the company, Xiao Tian chose to wait for her.

Xiao Tian suddenly realized that waiting for Shi Fei wasn't a bad idea because he could spend time with Lin Xing Xue alone.

With this in his mind, Xiao Tian marched toward the couch and sat on it. "Little Xue, come here."

"Do you want to seduce me again?" even though she said that, but Lin Xing Xue still approached him and sat on his right side.

Without giving her a chance to say a single word, Xiao Tian instantly placed his head on her lap. "Let me rest on your lap while we wait for Shi Fei."

When Lin Xing Xue saw the tiredness on his face and a bunch of papers on his workbench, she stroked his hair and smiled, "Thanks for the hard work,"

Lin Xing Xue knew that he worked hard today, and after seeing there were still a lot of documents on his workbench, she guessed that he would still work even after he arrived at his home.

Actually, she wanted to invite him to her home, but when she knew that he was busy, Lin Xing Xue decided to ask him another day.

While still resting his head on her lap, Xiao Tian and Lin Xing Xue talked cheerfully for about twenty minutes before finally, Shi Fei entered his room.

And because Xiao Tian wanted to eat and work again, he suggested that they immediately go home.

After driving them home and, of course, getting goodbye kiss from them too, Xiao Tian went home. And as soon as he arrived at his home, Xiao Tian took a shower and ate dinner with his mother and aunt.

But this time, Xiao Tian didn't spend time with his mother and aunt because he still has a lot of work. Even though he was saddened by this, Xiao Tian had no choice but to work again.

When Ye Xueyin and Ye Qingyu realized that Xiao Tian was still in his room, they entered his bedroom because they wanted to know what he was doing.

'He is working?!'

When Ye Xueyin and Ye Qingyu knew that Xiao Tian was working, they decided to leave because they didn't want to disturb him.

Even though they desired to spend time with him, but they understood that he was busy right now. For this reason, both of them just watched TV in the living room.

Time went by quickly, and three hours had passed since Xiao Tian started working. Because tonight they wanted to sleep in Xiao Tian's room again, Ye Xueyin and Ye Qingyu changed their outfits to sleeping clothes and headed to his room.

They were startled when they knew that Xiao Tian was still working. Ye Xueyin and Ye Qingyu then stared at each other, because they were wavering whether they should sleep in his room or not.

But because today Xiao Tian kept working without spending time with them, Ye Xueyin and Ye Qingyu chose to sleep in his room. Of course, they didn't intend to disturb him because, for them, sleeping in his room was enough.

'Ahh, I'm tired! It's already 10:35 pm, and there is still lots of work.'

Xiao Tian then rose from his seat, and when he saw his mother and aunt lying down on his bed, Xiao Tian was surprised.

'Holy Shit! I almost had a heart attack. Since when are they in my room?'

Xiao Tian then approached them and spoke, "Mother, aunt, do you want to sleep in my room again?"

"Yes. Tian, did you finish your work?" Ye Xueyin inquired.

Xiao Tian wanted to say that there was still a lot of work, but when he saw the expression on their faces, Xiao Tian knew that they wanted to sleep with him. For this reason, Xiao Tian decided to lie to them, "Yes. Let's sleep now."

"Really?" Ye Xueyin asked with a smile on her face. She was pleased when she knew that he had finished his work because Ye Xueyin and her little sister had been waiting for about thirty minutes for him to finish his work. She even almost fell asleep several times before.

"Yes. But I want to head to the dining room first because I'm thirsty," earlier, Xiao Tian wanted to make coffee to help him stay awake because he still has a lot of work. However, when he knew that his mother and aunt wanted to sleep with him, Xiao Tian chose to drink water.

"Let mother bring you water" without waiting for his answer, Ye Xueyin rushed to the dining room and returned to his bedroom "Here."

"Thank you" Xiao Tian drank the water and put the glass on the table. "Let's sleep now."

"Un" Ye Xueyin nodded her head.

Then they slept in his room together, and like usual, Xiao Tian was sleeping between his mother and aunt.

At this time, Xiao Tian only pretended to sleep, and after making sure that his mother and aunt were sleeping, he slowly got up and went to the kitchen to make coffee.

After that, Xiao Tian returned to his room and began to work again.

## **Chapter 168 - Bookworm Prince Who Turns Into A True Prince**

9-11 minutes

---

Two and a half hours had passed since Xiao Tian began to work again, but he showed no sign of stopping.

While Xiao Tian was still working hard, Ye Xueyin suddenly turned over in her sleep. When she was unable to feel her son's body, she fumbled around for about four seconds.

Ye Xueyin opened her eyes when she couldn't find her son. Then she sat upright and looked around to find her son. And when Ye Xueyin saw Xiao Tian working on his study desk, she approached him. "Tian, you are working again? Didn't you say that you have finished your work?"

Xiao Tian stopped working and looked at his mother. He didn't expect that she would wake up in the middle of the night. And not only that, but his mother also knew that he lied to her earlier.

"Mother, this is.." when Xiao Tian was about to give his mother an excuse, he was interrupted by her

"Do you still have a lot of work?" even though Ye Xueyin knew that Xiao Tian lied to her earlier, but she wasn't angry; instead, she was happy because he prioritized their happiness over his work.

And when Ye Xueyin remembered that the reason he worked hard was because of her and her little sister, Ye Xueyin couldn't help but smile.

She was delighted that for their sake, Xiao Tian was willing to work hard. Still, Ye Xueyin preferred her son not to work too hard because she was afraid that he would get sick later.

"No. Maybe in an hour, I will finish my work" when Xiao Tian knew that his mother didn't ask him why he lied to her earlier, Xiao Tian was relieved. Even though the reason he lied to her was for her sake, but in his view, lying was lying.

"Mother is glad that your work is almost done" after saying that, Ye Xueyin walked out of his room, and about five minutes later, she returned with snacks and tea in her right hand, while a plastic chair in the other hand.

After putting the snacks and tea on the table, Ye Xueyin placed the plastic chair on his right side and sat on it.

Xiao Tian didn't expect that his mother would bring him snacks and tea; she even wanted to accompany him while he was working.

Xiao Tian suddenly felt warm in his heart, and because of this, he kissed her cheeks and smiled, "Thanks, Xueyin."

Ye Xueyin's face blossomed into a smile after hearing his words. She didn't expect that he was so happy just because she brought him snacks and tea. Ye Xueyin thought it was only a small thing, but she had no idea that her action made Xiao Tian love her even more.

After drinking a little tea, Xiao Tian went back to work. This time, he was very enthusiastic about his work because his mother was accompanying him.

While Xiao Tian was working hard, Ye Xueyin kept looking at him with a smile on her face. She didn't say a single word and only looked at him because she knew that if she talked to him, it would take a longer time for him to finish his work.

Xiao Tian suddenly stopped working and turned his head toward his mother before finally, he kissed her forehead for about two seconds.

Ye Xueyin was pleased by this, and with a cheerful smile on her face, she chirped, "Tian, keep fighting!"

Xiao Tian intended to work again after kissing his mother, but when he saw her behavior and the expression on her face, he was thrilled, but at the same time, he couldn't help laughing. However, he tried his best to hold back his laughter because he didn't want to wake his aunt.

Ye Xueyin, who saw him laughing, pouted her lips. She had no idea why he laughed after she encouraged him. "Tian, why are you laughing?"

"Nothing." Xiao Tian replied while still holding his laughter, "I just think my lover is so cute."

"If so, mother forgives you for laughing" earlier, she wanted to pinch his nose, but because he said that she was cute, Ye Xueyin decided not to do that.

Because Xiao Tian wanted to finish his work as soon as possible, he went back to work. And like before, Ye Xueyin kept looking at him without saying a single word.

Thirty minutes later, Xiao Tian finally finished all his work. Without giving his mother a warning, Xiao Tian grabbed her by the waist and put her on his lap.

"Why did you always do something out of the blue?" even though she was surprised when her son suddenly put her on his lap, but she was pleased by this. Then Ye Xueyin put her right arms on his shoulders. "Have you finished your work now?"

"Yes. I'm so tired now, so let me recharge first" Xiao Tian then embraced his mother. Xiao Tian thought that he would regain all the lost energy after he felt the warmth of her body.

And what he had guessed was right because when he was hugging her, the tiredness on his body was significantly reduced.

At this time, Ye Xueyin did nothing and let him do whatever he wanted because, actually, she also loved sitting on his lap while being hugged by him.

They remained in the same position for about fifteen minutes before finally, Xiao Tian carried her to the bed because he was sleepy.

Not long after that, they were sleeping. But this time, they slept while hugging, making them look like a pair of lovers who don't want to separate even in their sleep.

-----  
The next day in the morning, while Ye Xueyin and Xiao Tian were still in a deep sleep, Ye Qingyu opened her eyes. Actually, she wanted to wake her nephew, but when she saw that he was still sleeping while hugging her big sister, Ye Qingyu decided to wake him later and cook breakfast first.

Not long after that, Ye Xueyin also woke up. And like her little sister, she was wavering whether she should wake her son immediately or not.

Ye Xueyin knew that he was tired, but he had to get up because today was the first day for him to return to the university.

And because his university was far from their home, Ye Xueyin had no choice but to wake him up. "Tian, wake up."

When Xiao Tian felt someone rubbing his cheeks gently, he opened his eyes. With the tiredness that still could be seen on his face, Xiao Tian sat on the bed.

'I'm still sleepy.'

Actually, Xiao Tian wanted to go back to sleep, but when he noticed that it was already 06:00 am, he knew that he couldn't do that.

"Morning, Tian," Ye Xueyin said as she smiled.

"Morning, mother," after saying that, Xiao Tian kissed her forehead before heading toward the bathroom.

Seeing this, Ye Xueyin immediately went to the kitchen to help her little sister cooking breakfast.

Ten minutes later, Xiao Tian finished bathing and returned to his room. After choosing the clothes, he wore it and looked at himself in the full-body mirror.

'Good!'

Xiao Tian nodded his head in satisfaction after seeing himself in the mirror. He was wearing a roadster black, and grey checked casual shirt, paired with a tee underneath and matching black jeans.

With his attractive appearance, coupled with such amazing outfits, Xiao Tian looked devilishly handsome. After Xiao Tian had breakfast with his mother and aunt, he immediately went to the university.

Xiao Tian was a college student at Sky University, which was located between Jianzu district and Nanli district. It took him about twenty minutes by driving to arrive at the university.

Sky University was the top three universities in China and was known as an excellent environment to study with all highly qualified professors and faculties.

Not only that, In the spring, when flowers and shrubs bloomed, and the yard started to turn green, the Sky campus was stunning. And because today was the first day of Autumn, the scenery was also as beautiful as it was in the spring.

After Xiao Tian parked his car, he got out of the vehicle. And like what he had guessed before, the moment he got out of the car, many people immediately looked at him.

"Hey, hey. Look at him!"

"Who?"

"Look! Isn't that the bookworm prince?"

"Bookworm prince? Did you mean Xiao Tian?"

"Yes. Xiao Tian from the Engineering Department."

"Where is he?"

"Over there."

"Wow! It's really him. isn't he become more handsome now?"

"Maybe because we haven't seen him in two months."

"What a handsome man!"

"Yes, yes. You're right."

"Oh! He came to the university with a car?! And not only that, he is also fashionable now. With him like that, it seems like he is not a bookworm prince anymore but a real prince."

"Well, he is famous now. Not only at university but in the whole of China."

"Who would have thought that he would suddenly become a successful person on the summer vacation?"

"If only he accepted my love for him at that time, I would be thrilled right now. Huft"

"Don't be sad. You're not the only one who was rejected. Several women also felt the same as you."

"But I won't give up."

"Good! Let's keep fighting!"

"Un"

While in the other place, several women also noticed Xiao Tian and liked the other woman before, they immediately behaved as if they just met their idol.

When Xiao Tian noticed that several women wanted to surround him, he immediately walked away. Xiao Tian was still too tired, so he wasn't in the mood to flirt with women.

## **Chapter 169 - It's Boring**

9-11 minutes

---

Because there were still thirty minutes before class began, Xiao Tian thought he still had time to take a nap. With this on his mind, Xiao Tian went to the university gardens.

When he saw a long wooden bench under a big tree, Xiao Tian decided that he would sleep on that bench.

Without a second thought, Xiao Tian instantly laid on his back while covering his face with a book, so nobody recognizes that it was him.

However, when Xiao Tian was about to enjoy his nap, suddenly someone took the book that was on Xiao Tian's face, "Yo, Xiao Tian. Why are you sleeping here? Are you skipping class?"

Xiao Tian was unhappy when someone disturbed him. He was still exhausted and wanted to rest, but someone still bothered him.

"Who are you? How dare you disrupt me?" Xiao Tian opened his eyes and said furiously. But when he noticed the person who disturbed him, he was startled, "Zhao Sheng?! Why the hell are you here?"

Because Xiao Tian was tired, he was unable to control himself, so he didn't care who the person was and instantly yelled at the person who was bothering him.

"Woah, calm down, man. Take it easy, or you will get older faster." Zhao Sheng then sat on the wooden bench with crossed legs, "I wanted to meet rector, but I was lost here, so when I saw you, I decided to approach you."

"Why do you want to meet the rector?" from what he read in the Young Talented magazine, Zhao Sheng wasn't a student from Sky university, so Xiao Tian was curious why he wanted to meet the rector. "Wait, don't tell me you want to transfer to Sky university?"

"That's right." actually, Zhao Sheng didn't agree when his grandfather told him that he would be transferred to Sky University yesterday because he was satisfied with his previous campus, but after learning Xiao Tian was a student at Sky university, he suddenly thought that it wasn't a bad idea.

"You want to know where the rector's office is? It's easy, man, very easy." Xiao Tian then pointed his index finger at a group of women who were busy talking about something. "Why don't you make use of that face of yours and ask for help? There are a lot of girls over there. I'm sure; they will be happy to help you,"

"Oh! Why this hadn't occurred to me before. Wait here; I will be back after I finish with my business," as if Zhao Sheng just found a way to solve his problem, he patted Xiao Tian's shoulders while laughing before finally, he walked toward the group of women.

'Don't come back! I want to be alone so that I can rest.'

Then Xiao Tian went back to sleep after Zhao Sheng left, but because Xiao Tian was too worn, he overslept. Xiao Tian swiftly opened his eyes and cursed.

'Fuck! My class starts at 08:00 am, and now it's already 8:30 am. What should I do? Should I skip class? Fuck! It's the first day, and I'm already late.'

Because Xiao Tian thought it would be bad to skip class on the first day, he dashed toward his class. And when he was in front of the class, he saw the professor teaching the students.

'Should I come in or not?'

Once again, Xiao Tian hesitated, but he immediately made up his mind and opened the door. As soon as Xiao Tian entered the room, everyone stared at him in surprise.

They were startled when they knew that Xiao Tian was late. Xiao Tian was famous for being diligent and always came before the class began. For this reason, several professors knew about him.

When Xiao Tian saw an empty chair, he marched toward it confidently as if nobody were looking at him.

After Xiao Tian sat on the empty seat, the professor went back to teaching, and the other students also stopped gazing at him.

'What? The professor didn't say anything to me?'

Xiao Tian thought the professor would ask him to meet her earlier, but he was wrong. Not only did she not question him why he was late, but all the people in the class treated it as if nothing had happened in the class.

Well, it's a good thing nobody questions me. Xiao Tian thought to himself.

After that, Xiao Tian listened to the professor's teaching, and without realizing it, the class was ended. And like before, Xiao Tian went to the university gardens to nap, but this time he turned on the alarm on his smartphone so that he wouldn't be late again.

After he finished all classes, Xiao Tian wanted to travel to his company quickly, but suddenly Zhao Sheng invited him to eat at Bamboo Restaurant.

Because all he did was sleeping, Xiao Tian was starving. For this reason, he accepted the offer. Xiao Tian and Zhao Sheng then ate at Bamboo Restaurant and chatted for about an hour before finally, they returned to their home.

By the time Xiao Tian arrived at his home, it was already 04:40 pm, so he decided not to go to his company. Xiao Tian immediately took a shower, and after that, he watched TV in the living room.

'I'm so lonely!'

Because his mother and aunt were working, Xiao Tian was alone at home. He then laid down on the couch while watching TV.

'Boring! It's boring! This channel is boring too! This too. All channels are boring!'

Xiao Tian kept switching from one channel to another, but still, he thought that all the shows were boring. Then Xiao Tian put the TV remote control on the table and gazed at the ceiling. Xiao Tian kept staring at the ceiling for about fifteen minutes before finally, he fell asleep.

Twelve minutes after Xiao Tian dozed off, Ye Qingyu arrived at home. Because today she finished all her work, Ye Qingyu was allowed to go home early.

At first, Ye Qingyu didn't want to go home immediately because she thought there would be no one at home.

But Ye Qingyu suddenly remembered that her nephew usually returned home after he had finished all classes. That was why Ye Qingyu suddenly changed her mind.

And what she had guessed was right when she saw his car in front of the house. Knowing that her nephew was at home, Ye Qingyu quickly entered the house.

And when she saw her nephew sleeping on the couch with the TV still on, her face broke into a smile. Without changing her dresses first, Ye Qingyu sat on the sofa and put her nephew's head on her lap.

Xiao Tian was still sleeping deeply and didn't know that he was dozing on his aunt's lap. After napping for about fifteen minutes, Xiao Tian slowly opened his eyes.

Xiao Tian was pleasantly surprised when he realized that he was sleeping on her lap because he thought that his aunt would get home at 06:00 pm as usual. "Aunt, when did you get home?"

While still stroking his hair gently, Ye Qingyu smiled and replied, "About fifteen minutes ago."

Then Ye Qingyu and Xiao Tian began to talk while still remaining in the same position. They were chatting about many things before finally, Ye Xueyin arrived at home.

When Ye Xueyin saw her son resting his head on her little sister's lap, she immediately sat next to her little sister without changing her outfits too.

Then they talked for about half an hour before finally, Ye Qingyu and Ye Xueyin took a shower. After that, they had dinner together as usual.

After dinner, Xiao Tian laid down on his bed before he suddenly wanted to meet Lin Xing Xue.

With this on his mind, Xiao Tian changed his clothes and went to her house.

Knock...knock...

Xiao Tian immediately knocked on the door upon arriving at Lin Xing Xue's home.

After a brief moment, a gorgeous lady opened the door, "Tian?"

"Little Xue, would you like to go on a date with me now?" even though spending time in her home wasn't a bad idea, but he wanted to enjoy the night with her because tonight, the scenery was beautiful. "The landscape is beautiful tonight, so it's better to enjoy it than stay at home."

"Fine. Let me change my clothes first" because she also wanted to spend time with him, Lin Xing Xue agreed without thinking twice.

Xiao Tian then entered her home and waited for her in the guest room.

Fifteen minutes later, Lin Xing Xue finished changing her outfits and headed to the guest room because she knew that Xiao Tian was in the guest room,

"You're beautiful, little Xue" Xiao Tian unconsciously said when he saw the black dress she was wearing was suitable for her appearance and body

"Thank you" Lin Xing Xue replied as she smiled

Without waiting for another second, they traveled to a place where many people enjoyed the night. They were chatting, joking, and laughing together. They were happy and kept talking until finally, Lin Xing Xue felt hungry.

Even though Xiao Tian had dinner at home earlier, but because Lin Xing Xue was starving, Xiao Tian decided to eat again.

Then Xiao Tian thought where they should eat dinner. And after thinking for several seconds, Xiao Tian chose to eat at the Autumn Restaurant.

They instantly went to the Autumn Restaurant, and like when he was with Yun Xin Er, Xiao Tian chose to eat in the VIP room because, in the VIP room, they could enjoy the music while eating.

But when they were about to enter the VIP room, suddenly a voice rang out, "Mother,"

## **Chapter 170 - Feng Yu And Feng Ao**

10-12 minutes

---

Xiao Tian and Lin Xin Xue immediately turned around. And when Lin Xin Xue saw the face of children who was calling mom just now, suddenly tears fell down her cheeks.

In less than a second, Lin Xin Xue embraced the little girl tightly. From seeing her face, everyone could tell that this was the moment she always dreams of all the time.

At first, Xiao Tian was startled by Lin Xing Xue's attitude, which quickly embraced the girl with tears in her eyes, but after seeing the child's face, Xiao Tian finally grasped the reason.

The little girl was around ten years old and had long black hair with brown eyes. Even though her hair was long, but everyone could tell that she was a mini version of Lin Xin Xue.

"Mother, please stop crying" the mini version of Lin Xin Xue patted Lin Xing Xue's back, and when they stopped embracing each other, she wiped the tears on Lin Xing Xue's cheeks with her little thumbs "Mother, I know you miss me as much as I miss you or maybe even more, but you shouldn't cry here because many people will look at you."

"Un" Lin Xin Xue nodded her head and tried her best not to cry again "Feng Yu, how have you been? Did you eat well? Do you have a friend? Are you happy with your father? Does he care about you? Are you lonely without mother?"

Because Lin Xing Xue had been separated from her daughter for a few years, there were many things that she wanted to ask or know. That's why she was unable to stop asking many things to her daughter.

"Mother, you should ask one by one, not all at once like this." Feng Yu understood her mother's feelings because she also felt the same way. That was why she tried to answer all her mother's questions, "I've been doing good, and I have several friends. I also eat well, and yes, I'm lonely without you, mother. About father, I rarely meet him because he always came home very late."

'Shit! This Feng Yu is mature for her age. This will be troublesome to manipulate her to accept me as quickly as possible.'

Xiao Tian, who saw Feng Yu's behavior, was happy and sad at the same time. He was delighted because Feng Yu's mature action would greatly help Lin Xing Xue's life in the future, but at the same time, it made Xiao Tian sad because he needed to put a lot of effort to make her accept him.

"You're Xiao Tian, right? I saw you on TV and magazines. Why are you with my mother?" Feng Yu stared at Xiao Tian as if she wanted to interrogate him before finally, she returned her attention to her mother again, "Mother, what is your relationship with him?"

"That is..." Lin Xing Xue didn't know how to explain it to her daughter. She knew that her daughter was clever, and she was terrible at lying, so Lin Xing Xue believed that if she lied to her daughter, her daughter would instantly know about it.

However, if Lin Xing Xue said that she didn't have any relationship with Xiao Tian, she was afraid that he would be offended and immediately left her. Lin Xing Xue was in love with Xiao Tian, so she really hoped that her daughter would accept him quickly.

But seeing her daughter's behavior, Lin Xing Xue grasped that she didn't agree with their relationship. For this reason, Lin Xing Xue was sad.

"Mother, he is young, handsome, and successful person. He is dangerous for women, so you should stop being in relationship with him. And not only that, but the age difference between the two of you is also big. And seeing that you two are together right now, I'm sure that he is skilled at seducing a woman." Feng Yu spoke and paused for a second before she continued, "Someone as perfect as him must have more than one lover. Mother, I don't want someone to hurt you like what father did in the past, so I suggest you break up with him quickly."

'Holy shit! We only meet in less than five minutes and she already know everything about me like an open book. Is this mature or genius? It seems like I need to hire her as president director at my company in the future. I'm sure my business will snowball in a short amount of time.'

Once again, Xiao Tian was astonished that Feng Yu knew his secret. But of course, Xiao Tian didn't stay silent when his relationship with Lin Xing Xue was in danger.

But because he never dealt with children, Xiao Tian had no idea what he should do. "Little Yu, you shouldn't speak ill to other people. It's not good. And although our age difference is big, my love for your mother is from the bottom of my heart."

Lin Xing Xue was pleased after hearing his words. She didn't expect that Xiao Tian treated her daughter's words seriously like that.

"Xiao Tian, tell me the truth. How many lovers do you have right now?" as if she was a policewoman who was interrogating a criminal, Feng Yu kept asking Xiao Tian a question. "What made you fall in love with my mother?"

"Only your mother. And the reason I'm falling in love with your mother is that she is kind, beautiful, gentle, and strong woman" Xiao Tian tried to cover up his lies with a smile on his face, hoping that Feng Yu would believe his words.

Once again, Lin Xing Xue was pleased after hearing his words. She had no idea that all this time, Xiao Tian thought of her like that. Because of this, a beautiful smile appeared on her face.

"Yes, you're right" Feng Yu nodded her little head, "My mother is gorgeous, kind, gentle, and strong woman. It looks like you have good eyes for this."

Xiao Tian smiled after hearing her words. He thought that he had succeeded in making Feng Yu believe that he loved her mother from the bottom of his heart, and she began to accept him. Xiao Tian's mood suddenly became brighter, but it was only for about two seconds because Feng Yu's next words shattered his good mood into pieces.

"But I don't believe that you only have one lover. I know that someone like you is a man who has many lovers or in short, playboy." Feng Yu then turned her head and looked at her mother, "Mother, you should open your eyes and look at him carefully."

"Little Yu, we only met five minutes ago, so how could you say that I'm a playboy? You don't even know anything about me?" of course, Xiao Tian still tried to clear his name and make her accept him.

Because Feng Yu believed that it was useless to continue the conversation with Xiao Tian, she returned her attention to her mother and said, "Mother, give me your phone number so that I can call you later."

"Alright" because Lin Xing Xue didn't bring paper and pen, a complicated feeling suddenly emerged on her face.

But suddenly Lin Xing Xue remembered that she has a name card. She immediately took her name card from the bag and gave it to her daughter. Usually, Lin Xing Xue didn't behave like this, but because she finally met her daughter after a few years, she was so happy, making her forget everything.

Feng Yu was delighted when she received her mother's name card because with this; she was able to call her mother again in the future.

In the past, Feng Yu was able to call her mother, but one day, her father erased everything related to her mother. Feng Yu had tried to look for her mother's information in the past but to no avail. For this reason, she couldn't call her mother again and be sad because of it.

"Good! I will call you later," Feng Yu put her mother's name card in her pocket. Because she was roaming around without informing her father earlier, Feng Yu knew that if she didn't return quickly, her father would look for her.

Feng Yu knew that since her parents divorced, they still didn't have a good relationship until now. For this reason, she wanted to return immediately so that her father wouldn't meet her mother.

But she was late because when she was about to return, a man around thirty-four years old stepped toward them. "Yu'er, you are here?"

"Feng Ao?" Lin Xing Xue said abruptly. Even though she had guessed that Feng Ao would be here, but she was still shocked after seeing him.

"Oh! Isn't this Lin Xing Xue? What are you doing here?" Feng Ao suddenly noticed that Xiao Tian was around him too, "Ah, I knew now. In order to get a lot of money so that you can take our daughter back after you meet my condition, you decide to seduce a successful young man like him, right?"

Of course, Feng Ao knew who Xiao Tian was because he often saw Xiao Tian in the magazines, and in the past, Xiao Tian was even invited by Rising Star TV Shows. Because of this, almost all people in China knew who Xiao Tian was now.

"You!" Xiao Tian was unhappy when Feng Ao said that Lin Xing Xue was a gold digger because it wasn't true. Up until now, he still hasn't given her anything, so Xiao Tian was outraged after hearing Feng Ao's words.

Lin Xing Xue immediately grabbed Xiao Tian's hands because she was afraid that there would be a fight if she didn't seize his arms.

"Why are you angry, young man? You should open your eyes and see her true color. She is bad woman. You should take my advice and leave her immediately, or you will regret it later" Feng Ao then looked at Lin Xing Xue in disgust, "She is not a good woman. Unlike my current wife, who is loyal, kind, beautiful, and gentle."

At this time, Xiao Tian gritted his teeth and clenched his fists. He was outraged and wanted to beat Feng Ao, but Lin Xing Xue still grabbed his arms.

Even though Xiao Tian could free himself from Lin Xing Xue's grasp but he knew that she didn't want him to fight with Feng Ao. Xiao Tian was curious as to why Lin Xing Xue kept silent when Feng Ao humiliated her like that.

But when Xiao Tian felt that Lin Xing Xue grasped his arms tighter and tighter every second, he knew that she was furious too. For this reason, Xiao Tian decided to teach Feng Ao a lesson in another way.

"Let's go" Lin Xing Xue dragged Xiao Tian out of Autumn Restaurant.

"Alright" because Lin Xing Xue didn't want to eat at Autumn Restaurant anymore, Xiao Tian agreed to leave.

'You said that your wife is better than my little Xue? Let me test it.'

Xiao Tian looked at Feng Ao as he started to smirk.
