

## Illicit 301

### Chapter 301 - Don't Forget To Take Care Of My Son Too

Then Ye Xueyin got up and sat on the edge of the bed. Even though she said that she wanted to take a bath with her son, but she didn't take off her clothes and only sat on the bed.

Because Xiao Tian didn't want to waste time, he immediately took off his clothes. He didn't feel shy when he was naked in front of his mother because he believed that his mother was used to seeing his naked body.

When Xiao Tian noticed his mother was still wearing clothes, he stood in front of her and looked at her. "Mother, didn't you say you want to take a bath with me? How come you still haven't removed your clothes?"

Instead of giving him an answer, Ye Xueyin stretched out her arms toward Xiao Tian. She didn't say a single word and only looked at him.

Even though his mother only stretched out her arms, Xiao Tian understood what she wanted. With a smile on his face, Xiao Tian started to take off his mother's clothes.

First, Xiao Tian took off her T-shirt. After that, he removed her bra.

Gulp...

Xiao Tian could not help but gulp when he saw his mother's beautiful breasts. Of course, Xiao Tian didn't intend to do anything to his mother, because if he ended up having sex with her, he could arrive late at the airport.

After Xiao Tian placed her bra on the bed, she told him to take off her black skirt too.

'Are you planning to seduce me right now?'

Those were the words that appeared on his mind when his mother wanted him to take off her skirt.

When Xiao Tian grabbed her panties and was about to take it off, he could not help but look at the shape of her pussy through her panties.

And like before, Xiao Tian gulped his saliva when he was slowly pulling her panties down, allowing him to see her beautiful pussy clearly.

Even though Xiao Tian had seen her pussy many times, he could not help but look at it when her beautiful pussy was visible in front of his face.

Of course, Xiao Tian still behaved normally as if his mother's naked body would not be able to make him feel aroused.

Even though her son behaved normally, Ye Xueyin was sure that the flame of lust began to appear within his body.

For this reason, Ye Xueyin spread her pussy with her index and middle fingers and said, "Tian, if you want to lick or suck mother's pussy, you can do that, you know. Come here and get a taste of your mother's pussy."

Instead of giving her an answer, Xiao Tian cupped her face and kissed her forehead. However, he didn't stop there, because after kissing her forehead, Xiao Tian kissed her left eye before making his way down to her pretty pink lips.

His kiss kept moving down. From her lips to neck. But after kissing her right breast, Xiao Tian put her right nipple into his mouth before finally, sucking and licking it for several seconds.

"Hmmm." Ye Xueyin tilted her head back and bit her right index finger when her son was licking and sucking her nipples.

Then his kiss moved down again to her stomach and thighs before finally, his face stopped in front of her beautiful vagina.

Because Ye Xueyin knew that her son wanted to kiss her pussy too, she spread her vagina widely and said, "Come here and kiss your mother's vagina too."

Xiao Tian looked at his mother for about three seconds before he finally brought his face closer to her pussy.

"Hmmm." Even though Xiao Tian only pressed his lips against her labia majora, Ye Xueyin could not help but moan again.

After Xiao Tian kissed her labia majora three times, he kissed her labia minora. After kissing it several times, he kissed her urethra and clitoris before finally putting his tongue into her vagina hole.

After drinking her love juices several times, Xiao Tian rose to his feet and said, "Let's take a bath."

"Do you not want to put your cock in my pussy?" earlier, because Xiao Tian put his tongue into her vagina and drank her love juices, she thought he would put his cock in her pussy, but she was wrong.

"Next time." if they had sex, it would take several minutes to finish. That was why Xiao Tian refused to have sex with his mother.

Even though Ye Xueyin was disappointed, but she didn't force him. "Let's take a bath."

"Un." Because Xiao Tian knew that his mother would not move from the bed, he carried her to the bathroom.

And like what he had guessed, his mother only sat on the bathroom stool without moving her body. Upon seeing this, Xiao Tian could only sigh.

He didn't expect that his mother would be so spoiled today. However, Xiao Tian knew the reason she was very spoiled was that she would not be able to see him for the next two or three days.

That was why Xiao Tian decided to pamper her. Then Xiao Tian began washing her body. After he finished cleaning their bodies, Xiao Tian placed his mother on the bathtub before finally, he sat behind her, facing the same direction as her.

When Xiao Tian wrapped his arms around her waist, Ye Xueyin rested her head on his left shoulder and smiled happily.

It was rare for them to take a shower together. That was why Ye Xueyin was thrilled and could not stop smiling.

Because it was still 05:40 am, Xiao Tian thought they could still spend more time in the bathroom. For this reason, he wanted to enjoy their time in the bathroom a little longer.

This time, none of them did anything lewd. Xiao Tian only kept embracing his mother from behind, while Ye Yueyin only rested her head on her son's shoulders.

Like this, they stayed in the bathroom for several minutes, before finally they got out and returned to their room.

After wearing clothes, Xiao Tian headed to the dining room to have breakfast with his mother and aunt.

As they were eating, Ye Xueyin kept feeding her son. Not only that, sometimes, she even ate his food too.

Of course, Xiao Tian had no problem with that and only let his mother do whatever she wanted. He just hoped that his mother would not be sad when she was alone at home later.

After they finished consuming the food, Xiao Tian headed towards his room to check his belonging again because he wanted to make sure that he didn't forget anything.

Like Xiao Tian, Ye Qingyu also did the same. Even though all she brought was only clothes, but she also wanted to make sure that she didn't forget anything or she would regret it later.

After everything was ready, Ye Xueyin drove her son and little sister to the airport.

Before checking in, Xiao Tian embraced his mother and said, "Mother, I will be back."

Ye Xueyin immediately hugged him tightly and said, "Un. Take care of yourself."

Xiao Tian then stopped the hug and nodded his head. "Un."

Ye Xueyin then looked at her little sister and said, "Qingyu, take care of yourself. And don't forget to take care of my son too."

"All right." Ye Qingyu nodded her head.

Then Xiao Tian and Ye Qingyu checked in.

## **Chapter 302 - Enjoying The Beautiful View With Ye Qingyu**

7-8 minutes

---

Beijing, China.

Currently, Xiao Tian and Ye Qingyu were walking out of the airport and looking for a taxi. After taking a taxi and arriving at the hotel, Xiao Tian and Ye Qingyu entered the hotel.

Yesterday, Xiao Tian had booked the room. Of course, he only booked one room and didn't tell his aunt about it.

Xiao Tian was sure that his aunt would not mind it. By sharing the same room, not only was Xiao Tian able to spend time with his aunt, but he could save some money too.

For Xiao Tian, it was a very favorable situation for him. That was why Xiao Tian chose to book one room. Actually, Xiao Tian really looked forward to it, because by sharing the same room, they looked like a married couple who went on a honeymoon.

And like what Xiao Tian had guessed, even though Ye Qingyu was shocked when the receptionist said that Xiao Tian only booked one room, she didn't try to book another room.

After they entered the room, Xiao Tian and Ye Qingyu immediately put their belongings near the bed.

Because they didn't want to waste time, Xiao Tian and Ye Qingyu immediately took a shower before finally, they went to survey the location.

Ye Qingyu brought Xiao Tian to a strategic place to open a branch. They went from one place to another, but Xiao Tian still hadn't found the right place for his store.

Because it was already evening and they were tired of looking for the right place for his branch company, Xiao Tian and Ye Qingyu returned to the hotel after having dinner.

Actually, Xiao Tian wanted to enjoy the night with his aunt, but because she was tired, Xiao Tian had no choice but to return to the hotel. After taking a shower, they immediately laid down on the bed.

"Let's go to another place tomorrow." Ye Qingyu, who was laying down on Xiao Tian's right side, looked at him and said.

"All right." even though Xiao Tian was a little disappointed because they still hadn't found a good place for his store, he didn't give up.

Xiao Tian was sure as long as he didn't give up, he would find it later. He was just disappointed because he could not finish his work quickly.

Actually, Xiao Tian really hoped that he could find a good place as quickly as possible because, with that, he could enjoy the beauty of Beijing with his beloved aunt.

Because they were tired, they immediately fell asleep after talking for about twenty minutes.

-----

The following morning, Ye Qingyu was the first to wake up. But because she didn't need to cook breakfast, she sat behind the window to enjoy the view of beautiful tall buildings.

Because it was still 05:35 am, the scenery was very beautiful. Coincidentally, the hotel window faced east so that Ye Qingyu was able to see the beautiful sunrise.

Her face broke into a soft smile when the sun cast its orange-colored rays down upon the clouds. The beautiful scenery became even more beautiful because of that.

As Ye Qingyu was enjoying the beautiful scenery in front of her, Xiao Tian suddenly woke up. He immediately turned his head to the right and left when he noticed that his aunt was not on the bed.

When he saw his aunt sitting behind the window, Xiao Tian walked toward her with a smile on his face. After he was next to his aunt, Xiao Tian kissed her cheeks and said, "Good morning, my beautiful Qingyu."

Ye Qingyu turned her head toward Xiao Tian and smiled, "Morning, Tian."

Because Xiao Tian wanted to enjoy the beautiful scenery with his aunt, he grabbed the chair and placed it next to her.

After sitting on the chair, Xiao Tian said, "It's beautiful."

"Yes." Ye Qingyu nodded her head.

As they were enjoying the beautiful scenery in front of them, a dazzling smile on their faces shone brightly.

They remained in the same position until 06:00 am. Because they wanted to survey the locations again, they rose from their seats and headed to the bathroom.

Even though they showered together, they didn't do anything lewd. They only kissed passionately two times before soaking in the bathtub.

As they were soaking in the tub, they talked about Ye Qingyu's life when she lived in Beijing such as the places she often visited, her favorite dishes, or something like that.

Because they had been soaking themselves long enough, they thought it was time to eat breakfast. For this reason, they immediately wore clothes and headed to the restaurant that Ye Qingyu often visited when she lived in Beijing.

When they arrived at their destination, Xiao Tian nodded his head in satisfaction. Even though it was not a luxury restaurant, but the view around the restaurant was breathtaking.

Because they wanted to enjoy the beautiful scenery, they decided to sit outdoor. The outdoor place also had nothing special because there were only tables and chairs that neatly arranged.

Each table had two long chairs about one meter arranged facing each other. Then Xiao Tian and Ye Qingyu headed to the empty seat and sat on it.

On the right side of the restaurant, there was a very large tea garden with many people picking tea. While on the other side, several trees blew a gentle breeze.

'No wonder aunt likes to visit this restaurant when she lives in Beijing. This place is beautiful. Not only that, but the air here is very fresh. It's different from the air in a big city.'

Xiao Tian could not help but praise the surrounding scenery when he could breathe fresh air and enjoy the beautiful morning.

"How is it? Do you like it?" Ye Qingyu asked abruptly.

Because of how beautiful it was, coupled with fresh air and gentle breeze, Ye Qingyu almost went to that restaurant every day when she lived in Beijing.

Every time she sat on the chair and enjoyed the beautiful scenery in that place, she felt calm as if she became one with nature.

"Yes. I like it very much." who didn't love beautiful scenery and fresh air, Xiao Tian was sure that everyone loved it.

Because Xiao Tian was sitting facing his aunt, he immediately rose to his feet and sat next to his aunt. He didn't stop there, because after sitting next to her, Xiao Tian immediately held her right hand.

Ye Qingyu covered her mouth and giggled. "Why are you suddenly sitting next to me?"

"Because I want to see the same scenery as what you see." Xiao Tian answered instantly. "Holding hands with your lover, enjoying the beautiful scenery, and breathing fresh air, is not that a beautiful thing for lovers like us?"

"Yes. You are right." Ye Qingyu didn't deny it because what Xiao Tian just said was indeed a beautiful thing for lovers.

Then Xiao Tian kissed his aunt's forehead and smiled softly. "I'm very happy to be able to enjoy this beautiful view with my beautiful lover."

At this moment, Ye Qingyu hadn't said anything and only looked at him in the eyes for about three seconds before finally, resting her head on his shoulders. "Me too."

### **Chapter 303 - Taking A Picture With Ye Qingyu**

7-8 minutes

---

As they were enjoying the beautiful view in front of them, they remained in the same position. At that time, they only talked a few times, as if enjoying the beautiful scenery while holding hands was enough for them.

Not long after that, the waiters came with their orders in their hands. After placing the food and drinks on the table, the waiters immediately left.

Like a married couple who went on a honeymoon, Ye Qingyu and Xiao Tian ate the food while enjoying the beautiful view.

They fed each other as they were consuming the food. Because the beautiful view and fresh air, coupled with them next to their sweethearts, made Xiao Tian and Ye Qingyu thrilled.

As they were eating the food, they chatted and laughed happily. Without realizing it, they had consumed all the food.

Even though they had finished eating breakfast, they didn't immediately leave because they still wanted to enjoy the view and fresh air.

They stayed in the restaurant until 07:00 am before finally, they decided to look for a good place for Xiao Tian's branch company again.

Like yesterday, Ye Qingyu brought Xiao Tian to several places, but still, Xiao Tian hadn't found a good place for his store.

Ye Qingyu could only sigh whenever Xiao Tian said that the place she introduced wasn't good enough in his eyes.

After looking for a few hours, Xiao Tian finally found the best place for his store. Even though the building was not big, but it was located in a strategic place.

For this reason, Xiao Tian and Ye Qingyu immediately met the owner of the building. After talking with the owner for several minutes, Xiao Tian decided to rent the building for a year.

And several hours later, Xiao Tian and Ye Qingyu also found a good place for Xiao Tian's other store. Like before, they talked with the owner and decided to rent it for a year too.

Because there was nothing to do anymore, Xiao Tian and Ye Qingyu went somewhere to enjoy the beauty of Beijing.

As they were walking hand in hand, Xiao Tian suddenly wanted to go to the beach.

'It's already 03:15 pm, so I think it's a good time to go to the beach.'

With that on his mind, Xiao Tian turned his head toward Ye Qingyu and said, "Qingyu, let's go to the beach."

Even though Ye Qingyu had no idea why Xiao Tian suddenly wanted to go to the beach, but in her view, it was a good idea too. "All right."

Then Xiao Tian and Ye Qingyu went to the beach.

However, when they arrived at their destination, Xiao Tian suddenly thought of something. For this reason, Xiao Tian dragged his aunt to somewhere.

His action greatly surprised Ye Qingyu. Earlier he said that he wanted to visit the beach, but now he dragged her somewhere. "Tian, where are we going? Didn't you say that you want to go to the beach?"

"I have changed my mind." Xiao Tian answered instantly. "Qingyu, let's rent a yacht for a day and enjoy the beautiful sea from the yacht."

"Why do we have to rent a yacht? If you want to enjoy the beautiful view of the sea, there is no point in renting the yacht." In her view, renting a yacht was just a waste of money because they still could enjoy the beauty of the sea without renting the yacht.

Not only that, but renting a yacht was very expensive. That was why Ye Qingyu refused his idea to enjoy the scenery on the yacht.

Xiao Tian knew that his aunt would say something like that because she was a person who didn't like to waste money.

However, Xiao Tian wanted to make the trip special for them. He wanted to make beautiful memories with his aunt in Beijing.

For this reason, Xiao Tian insisted on renting a yacht. "Qingyu, I know that renting a yacht is expensive, but I want to enjoy the money I get from the results of my hard work. I want to use it to make my loved ones happy. Is that wrong?"

Upon hearing his words, Ye Qingyu didn't know what to say anymore. His nephew had been working very hard in the last few months and he had also never gone on vacation.

Ye Qingyu knew that saving money was a very good thing, but using the money he earned to make him happy was also important because it could make his mind fresh again.

But still, renting a yacht was too much. Because Xiao Tian really wanted to enjoy the beautiful sea with her on the yacht, Ye Qingyu immediately said, "Let's rent it for three hours. No more than that."

"All right." Xiao Tian knew that if he didn't agree, she would not accompany him.

Then Xiao Tian and Ye Qingyu went to rent a yacht. Because Xiao Tian also didn't want to spend a lot of money, he decided to rent a small yacht with the crew so that he could fully enjoy his time with his aunt later.

After everything was ready, the yacht sailed. As the yacht was sailing, Ye Qingyu and Xiao Tian sat on the Bow Cockpit.

The beautiful view around them, the gentle breeze that makes their hair and clothes dancing along with it, created a relaxing atmosphere for them.

Because Xiao Tian didn't want them to forget their first time in Beijing, he took his smartphone and said, "Say cheese."

When Ye Qingyu noticed that her nephew wanted to take a picture of them, she looked at the camera with a smile on her face.

Click...

The sound of the camera could be heard in their ears.

Then Xiao Tian immediately saw the result. "It's good."

Because Ye Qingyu was also curious about the result, she looked at the photo. Like Xiao Tian, Ye Qingyu was also satisfied with the result.

The beautiful smile on their faces with the yacht as the background, made the photo look perfect.

Of course, Xiao Tian was not satisfied with only one picture. For this reason, he grabbed his aunt by the waist and made her sit closer to him.

Like before, when Xiao Tian wanted to take a picture, Ye Qingyu immediately looked at the camera with a beautiful smile on her face.

Because the photo they took just looks like a normal photo, Xiao Tian wanted to make a special photo. Without saying anything to his aunt, Xiao Tian kissed her cheeks and took another photo.

Of course, Ye Qingyu didn't mind it. She even smiled brightly as if being kissed by her nephew was something that could make her the happiest woman in the world. "Do you want to take another photo?"

"Yes." then Xiao Tian started to think about what pose they should do next.

After thinking for several seconds, Xiao Tian finally found a good pose. For this reason, Xiao Tian made his aunt face him before finally, pressing his lips against hers.

When Ye Qingyu felt his lips on hers, she looked into his black eyes for about three seconds before finally, closing her eyes.

Click...

Xiao Tian took their picture when he thought their pose was perfect.

After that, Ye Qingyu opened her eyes and leaned her head on his shoulders.

Because Xiao Tian thought he didn't need to take photos anymore, he put the smartphone back in his pocket and enjoyed the beautiful view in front of him.

At that moment, Ye Qingyu and Xiao Tian were delighted and a beautiful smile appeared on their faces.

### **Chapter 304 - Today Is A Wonderful Day**

7-9 minutes

---

After enjoying the sunset on the yacht, Xiao Tian and Ye Qingyu returned to the hotel to take a shower. Like before, they took a shower together again.

However, they didn't have sex and only washed each other's bodies. After bathing, they went out to have dinner outside.

At first, Xiao Tian wanted to bring her to a famous restaurant, but Ye Qingyu refused and chose to eat at a street vendor.

Of course, Xiao Tian followed her wish because for him, as long as she was happy, he would agree to her every wish.

After having dinner, Xiao Tian and Ye Qingyu walked aimlessly hand in hand. The beautiful night, which was decorated by the bright full moon and the street vendors which adorned the road, made the night look even more beautiful in their eyes.

This made Xiao Tian and Ye Qingyu thrilled. As they were walking, a dazzling smile never left their faces.

Even though they only walked hand in hand, but for Xiao Tian and Ye Qingyu, it was one of the most beautiful moments for them. Without realizing it, they had been walking aimlessly for about thirty minutes, but none of them felt tired.

When Xiao Tian saw a public seating, he pointed his index finger toward it and said, "Qingyu, let's sit over there."

"All right." Ye Qingyu nodded her head.

As if their hands were exposed to glue and could not be separated, they kept holding hands when they were sitting on the public seating.

They talked for about thirty minutes before finally, Ye Qingyu said, "Tian, let's take a walk again."

"All right." Xiao Tian replied

Like before, they walked hand in hand. Of course, as they walked, they were talking, laughing, and joking too.

At this moment, both Xiao Tian and Ye Qingyu were very happy and wished it could last forever. Even though it was already 11:20 pm, but there were still many people walking around the city.

This was the reason why Xiao Tian and Ye Qingyu didn't realize that it was already 11:20 pm because even though it was almost midnight, the crowd in the city of Beijing did not decrease at all.

And because of how happy they were, or how beautiful the night scenery was, Xiao Tian and Ye Qingyu didn't feel sleepy at all.

They kept walking and enjoying the night until 12:30 am before finally, they decided to return to the hotel.

-----

"Huft... Today is a wonderful day." as soon as Ye Qingyu stepped into the hotel room, she sat on the edge of the bed before finally dropping her body onto the bed.

After Xiao Tian changed clothes, he laid on top of his aunt and smiled. "Yes. You are right."

Ye Qingyu didn't push Xiao Tian away; instead, she wrapped her long slender arms around her nephew's back and smiled. "It's a pity we will go back to Shanghai tomorrow."

Xiao Tian agreed with his aunt's words. Actually, he also didn't want to immediately return to Shanghai because he still wanted to enjoy the beauty of Beijing with his aunt.

Xiao Tian knew that there were still many beautiful places in Beijing that they still hadn't visited. "How about we return the day after tomorrow?"

"But.." even though Ye Qingyu still wanted to stay in Beijing, but her big sister was alone at home.

She also believed that her big sister would miss them very much and wanted them to return home immediately.

For this reason, Ye Qingyu did not know what the best choice was between returning home immediately or staying in Beijing for another day.

Xiao Tian knew that his aunt was worried about his mother. For this reason, he immediately said, "I will call mother later and tell her about it."

After thinking for several seconds, Ye Qingyu nodded her head and said, "All right."

Xiao Tian was thrilled when his aunt agreed to stay in Beijing for another day because with this, he would be able to visit other beautiful places in Beijing with his aunt. "Good!"

After saying that, Xiao Tian kissed his aunt's forehead gently. Xiao Tian didn't immediately stop the kiss; instead, he kept pressing his lips against her forehead.

As Xiao Tian was kissing her, Ye Qingyu embraced him tighter. At this moment, Ye Qingyu had no idea why his kiss felt different.

But she suddenly assumed that it was all because they had a wonderful time earlier. That was why the happiness she felt when Xiao Tian kissed her forehead was something that made her feel as if she was the happiest woman in the world.

After Xiao Tian stopped the kiss, he looked at his aunt in the eyes. He didn't say a word or do anything to her.

Xiao Tian only looked into her beautiful dark grey eyes with a loving face. "I love you, Qingyu."

Her face blossomed into a smile after hearing his words. Even though lately Xiao Tian often said it, but she had never tired of hearing it; instead, she loved hearing it very much. "I love you too, Tian."

After confessing their love for each other, Xiao Tian slowly brought his face closer toward hers with the intention of kissing her lips.

Even though the distance between their lips was only a few centimeters, but because Xiao Tian brought his face closer toward hers slowly, it took a few seconds for him to feel the softness of her lips.

At that moment, they only pressed their lips together and didn't intend to use the tongue in their kisses as if they only wanted to show their love through kisses.

Even though they had been pressing their lips together for several seconds, but none of them showed a sign of stopping. It was as if both of them really enjoyed the sensation when their lips pressed against each other.

Like before, after Xiao Tian broke the kiss, he looked at his aunt in the eyes. This time, instead of kissing her again, Xiao Tian stood on his knees and began to unbutton her blouse one by one.

At this moment, Ye Qingyu knew that her nephew desired to have sex with her. However, despite knowing what he was about to do, she did nothing and only looked at his hands, which were unbuttoning her blouse.

Not only that, she even cooperated when he wanted to take off her blouse and bra. Even though they were in a hotel room, she didn't mind it because she knew many lovers also did it in hotel rooms.

After Xiao Tian saw her naked upper body, he didn't immediately squeeze or lick her breasts. He looked at her dark grey eyes before finally, his gaze fell on her beautiful breasts.

As Xiao Tian was squeezing her right breast with his left hand, he began to lick her beautiful pink left nipple.

"Hmmm." Ye Qingyu tried her best not to moan loudly when her nephew was squeezing and licking her breasts.

And soon, the room was filled with Ye Qingyu's beautiful moaned.

-----

"So, where are we going tomorrow?" Ye Qingyu inquired.

Currently, Ye Qingyu was lying down on Xiao Tian's left side with her head leaning on his arms. Both of them were still naked because they had just finished pleasing themselves by having sex.

"I don't know. Let's decide it tomorrow." Xiao Tian replied.

"All right." Ye Qingyu nodded her head.

### **Chapter 305 - Tian, Welcome Back**

7-9 minutes

---

The following morning, after informing Ye Xueyin that they would stay another day in Beijing, Xiao Tian and Ye Qingyu took a bath together again.

Like what they had planned last night. After they had breakfast, Xiao Tian and Ye Qingyu went out to enjoy the beauty of Beijing.

To his surprise, he met Da Gui in Beijing. After talking with him for several minutes, Xiao Tian finally learned why Da Gui was in Beijing. Da Gui decided to live in Beijing because he wanted to start a new life.

Then Xiao Tian asked Da Gui whether Da Gui wanted to work in his store or not. When Da Gui agreed, Xiao Tian gave Da Gui his phone number so that he could inform Da Gui when Da Gui could start working.

Da Gui was pleased by this because actually, he was also looking for a job. That was why he immediately agreed to work at Xiao Tian's store later.

After that, Xiao Tian and his aunt continued enjoying the beauty of Beijing. They went to many places such as the zoo, amusement park, Beijing Tower, and many other places.

Of course, Xiao Tian took a lot of photos too when they visited those places. Because Xiao Tian didn't want to return home empty-handed, he bought various types of popular snacks in Beijing.

And like yesterday, Xiao Tian and Ye Qingyu were pleasuring themselves by having sex for several minutes in the hotel room before sleeping.

-----

The following morning, after they had breakfast, Xiao Tian and Ye Qingyu went to the airport. They decided to go home by plane because it was faster than the train.

After more than two hours, they finally arrived in Shanghai. With a smile on his face, Xiao Tian held his aunt's hands and walked out of the airport.

At first, Xiao Tian wanted to take a taxi to go home but he suddenly remembered that his mother told him to call her when they were at the airport.

For this reason, Xiao Tian took his smartphone out of his pocket and called his mother. Because it would take several minutes for his mother to arrive at the airport, Xiao Tian decided to wait at Tea Store.

As they were waiting for Ye Xueyin to pick them up, Xiao Tian and Ye Qingyu talked about many things at Tea Store.

Not long after that, Ye Xueyin called Xiao Tian, saying that she had arrived at the airport. Upon hearing her words, Xiao Tian and Ye Qingyu left Tea Store.

And like she usually did, when Ye Xueyin saw her son, she immediately dashed toward him before finally, she jumped into his arms with a smile on her face.

"Tian, welcome back." Then Ye Xueyin looked at her little sister. "Welcome back, Qingyu."

"I'm back, big sister." Ye Qingyu replied as she smiled.

"I'm back. Nothing happened to you, right?" Xiao Tian inquired.

"No." Ye Xueyin shook her head. "But, I have missed you two so much."

"Me too." Xiao Tian had guessed that his mother would miss them because they were the most important people in her life. "Let's go home."

"All right." Ye Xueyin replied.

As they were on their way home, Ye Xueyin said, "Qingyu, did Tian do something bad in Beijing?"

"No." Ye Qingyu shook her head. "I always kept him in check so that he could not do anything stupid in Beijing."

The corner of Xiao Tian's lips twitched after hearing his aunt's words. Suddenly an exciting idea to tease her emerged in his mind. "Of course, I didn't do anything bad because aunt always made me stay in bed with her."

Ye Qingyu's face turned red after hearing her nephew's words. Of course, she knew what he meant by always making him stay in bed. She just didn't expect that he would say something like that before they even arrived at home.

While Ye Xueyin, on the other hand, giggled and said, "So, how many times did you two do it in a hotel room?"

"Big sister, stop it!" Ye Qingyu immediately said.

"Haha." Xiao Tian and Ye Xueyin laughed happily.

Not long after that, they arrived home. Xiao Tian and Ye Qingyu immediately headed to their room because they wanted to put their belongings in their room.

Because Xiao Tian was tired of sitting on the plane for more than two hours, he immediately laid down on the bed.

To his surprise, his mother suddenly entered his room and laid down next to him. Without saying a word, she hugged his arms.

A soft smile spread across his face when his mother did that. Xiao Tian knew that she really missed him. That was why she didn't return to her shop and decided to lay down next to him.

Xiao Tian grabbed his mother by the waist and put her on top of his body before finally, wrapping his arms around her hips.

They didn't say a single word as if they only wanted to feel the warmth of each other's bodies.

Because Xiao Tian and Ye Xueyin were still in his room, Ye Qingyu walked towards his room. And when she saw her big sister resting on top of her nephew, her face blossomed into a smile.

At that moment, Ye Qingyu immediately understood her big sister's feelings. For this reason, she let them enjoying themselves and headed to the living room to watch TV.

Not long after that, Xiao Tian and his mother fell asleep. Time went by quickly and without realizing it, it was already 05:00 pm.

Coincidentally, Xiao Tian and his mother woke up at the same time. A smile appeared on their faces after waking up.

Because it was time to take a bath, Ye Xueyin immediately said, "Tian, let's take a bath together."

"All right." because in the past few days Xiao Tian always took a shower with his aunt, Xiao Tian thought he should take a bath with his mother too.

Like the last time they took a bath together, Ye Xueyin wanted Xiao Tian to take off her clothes and carry her to the bathroom.

Of course, Xiao Tian did it happily. After washing their bodies, Xiao Tian put his mother in the bathtub before sitting behind her.

With his arms wrapping around her waist, Xiao Tian leaned his head on his mother's right shoulder and said, "Hhhh... soaking in the bathtub is indeed one of the best things in the world."

"Yes. You are right." Ye Xueyin also agreed with his words. That was why she always took a long bath.

When Xiao Tian saw his mother's breasts, he could not help but squeeze it gently. Actually, Xiao Tian didn't intend to do that, but the longer he saw her breasts, the more he desired to play with it. That was why Xiao Tian immediately squeezed her breasts without giving her a warning.

Of course, Ye Xueyin let her son do whatever he wanted. She even spread her legs widely as if she was asking him to play with her pussy too.

Because Xiao Tian kept squeezing her breasts and kissing her neck, the flame of lust appeared within her body.

For this reason, Ye Xueyin bent over with her ass facing him. After raising her ass and spreading her pussy, Ye Xueyin looked at her son and said lustfully, "Tian, put your cock in your mother's pussy."

Because Xiao Tian also felt aroused, he put his cock in her vagina entrance before finally, thrusting his cock into her pussy slowly.

"Ahhhh.." Ye Xueyin cried out seductively.

Soon, the bathroom was filled with Ye Xueyin's seductive moans.

### **Chapter 306 - What Are You Two Doing?**

6-7 minutes

---

Inside the bathroom, they were two people embracing each other naked. Their breathing was short and a satisfied smile could be seen on their faces.

Those people were none other than Xiao Tian and his mother. Currently, Xiao Tian and his mother were sitting on the bathtub facing the same direction.

"Huft...Huft...Huft.." as Ye Xueyin was breathing heavily, she lowered her head to look at her son's cock which was still in her pussy. "Tian, it was great."

"Yes." earlier, Xiao Tian and his mother had sex for several minutes. In those several minutes, they had an orgasm a few times.

Because his mother was on the pill, Xiao Tian always let out his sperm in her pussy as if he wanted to mark it as his belonging.

Of course, Ye Xueyin let him cum in her pussy. Earlier, she even told him to cum inside her pussy when Xiao Tian wanted to cum outside.

Because they had been in the tub for several minutes, Xiao Tian thought it was time to get out of the tub. "Mother, let's get out of the bathroom."

"Un." Ye Xueyin nodded her head.

However, instead of standing up, Ye Xueyin turned around and embraced him tightly. Her long slender arms wrapped around his neck as if she didn't want to separate from him.

The corner of Xiao Tian's lips twitched after seeing her behavior. "Mother, why are you hugging me?"

"Carry me." Ye Xueyin answered instantly.

"I will carry you later, but we have to dry our bodies first. If you keep hugging me, we will not be able to dry our bodies." even though Xiao Tian didn't mind carrying his mother, but because their bodies were still wet, they had to wipe their sweat off first, or else they could catch a cold later.

"All right." actually, Ye Xueyin wanted to keep embracing her son, because she hadn't seen him in three days. However, because they had to wipe their sweat off, she had no choice but to stop the hug.

After that, Xiao Tian took a towel and began drying his body. When he noticed that his mother was doing nothing and only stood still while looking at him, he could only sigh.

Xiao Tian knew that his mother wanted him to dry her body too. For this reason, Xiao Tian took another clean towel and began drying her body too.

"Hehehe." Ye Xueyin could not help but giggle happily when her son always did what she wanted.

Without saying anything, Ye Xueyin jumped into his arms after her body was dry. She didn't bother covering her body with a towel because, in her view, there was no point in doing that.

Luckily, Xiao Tian was able to catch his mother in time; otherwise, she would fall to the floor. Because he didn't have time to wrap the towel around his waist, Xiao Tian put the towels on the towel rail and walked out of the bathroom.

At first, Xiao Tian wanted to wear clothes first, but after thinking for a few seconds, he decided not to do that because it would be better if his mother wore the clothes first. For this reason, Xiao Tian walked towards his mother's room while still carrying her.

When Ye Qingyu saw her big sister and nephew, the expression of deep shock emerged on her face. "What are you two doing? Why are both of you naked?"

Xiao Tian stopped his footsteps and turned around. "It's because I don't have time to wrap the towel around my waist. That is why I am naked right now."

"Yes. Me too." Ye Xueyin shamelessly lied to her little sister.

Ye Qingyu knew that her big sister and nephew no longer cared whether they were naked or not when they were at home because she was the only one who lived with them.

Ye Qingyu knew that they had seen each other's bodies many times, but still, walking naked around the house was not something they should do.

However, she knew that they would ignore her words and would do whatever they wanted. She had no idea why they changed like that.

Ever since their relationship changed from family to lovers, Ye Xueyin and Xiao always acted normally whenever they were naked in the house. "All right. Hurry up and wear clothes."

"Un." Ye Xueyin nodded her head. "Tian, let's head to my room."

"All right." then Xiao Tian walked toward his mother's room again.

After Ye Xueyin wore clothes, Xiao Tian wanted to head to his room because he wanted to wear clothes too.

But to his surprise, his mother jumped into his arms again when Xiao Tian was about to go to his room. Of course, Xiao Tian carried his mother to his room because he wanted to spoil her today.

Like before, Ye Qingyu was surprised when she saw them. But this time, she decided not to say a word and only watched TV.

After Xiao Tian wore clothes, he headed to the living room because he wanted to spend time with his aunt too.

Xiao Tian, his mother, and aunt watched TV until 07:00 pm before finally, they headed to the backyard to enjoy the beautiful night.

Like usually, they were in the backyard until 11:00 pm before finally, they slept in Xiao Tian's room. This time, they didn't have sex and only chatted.

They were laughing, joking and flirting until finally, they fall asleep.

-----

The following day, Xiao Tian went to Ling Xing Xue's house, Shi Fei's home, Yun Xin Er's house, and Lan Ruoxi's bar to give them food souvenirs.

Xiao Tian also told Shi Fei and Lin Xing Xe that he had found a good place for his company branch in Beijing and asked them to hire employees as soon as possible so that they could immediately open the shop.

Lin Xing Xue and Shi Fei agreed to Xiao Tian's idea because they also had found a good place in the Wanhui district.

Because they wanted to reach more people, they decided to advertise the job vacancy in the newspaper too.

And like that, Xiao Tian spent all day working hard in his office again.

### **Chapter 307 - I'm Just Lucky**

6-7 minutes

---

When the work time was over, Lin Xing Xue and Shi Fei entered his office. Then Xiao Tian rose from the chair and walked toward them with a smile on his face.

After driving them home, Xiao Tian spent the night with his mother and aunt in the backyard. Of course, they slept in his room after they felt sleepy.

Time went by quickly and a week passed in the blink of an eye. In those seven days, Xiao Tian, Lin Xing Xuen, and Shi Fei had recruited several employees for the branch shop of the company.

Even though the store still didn't make a big profit, but Xiao Tian was satisfied because the customers who bought clothes at the shops were increasing every day.

And for information about who caused the problem at Xiao Tian's company was still a mystery. However, the masterminds behind everything that happened in his company did not make another move. Of course, Xiao Tian still asked his underlings to look for it because he wanted to teach them a lesson.

-----

At Xiao Tian's office.

Xiao Tian was currently working very hard. There was a mountain of documents on the workbench. Because he had just opened four branches, Xiao Tian had more work than before.

Of course, Xiao Tian didn't hate it; instead, he loved it, because that meant his company was developing rapidly again.

As Xiao Tian was working hard, suddenly someone knocked on the door. This made Xiao Tian stop what he was doing. "Come in."

As soon as he gave permission, one of his employees entered his office and said, "Sir, Mr. Li Wen from Li Entertainment request to meet you."

'Li Wen? Why does he want to meet me?'

Xiao Tian was curious why Li Wen suddenly wanted to meet him. Li Wen was a big shot so he had no idea why Li Wen himself came to meet him.

Xiao Tian really wanted to know why Li Wen placed so much value on him. However, because he thought that he should not refuse to meet Li Wen, Xiao Tian immediately said, "Let him in."

"Yes, Sir." The employee bowed slightly before leaving.

Not long after that, Li Wen entered his office. Because Xiao Tian didn't want to be a bad host, he rose from his seat and walked toward Li Wen.

With a smile on his face, Xiao Tian stretched out his right hand to handshake with Li Wen. "We meet again, director Li."

Li Wen also stretched out his hands to handshake with Xiao Tian and smiled, "It has been a while, young Xiao. How have you been?"

"I've been doing well." Xiao Tian replied as he smiled. "Please sit."

After Li Wen sat on the couch, he glanced at the mountain of documents on Xiao Tian's workbench. "It seems like you are very busy now."

"Yes. because I have to study too so I don't have much time to work. That is why I have a lot of work now." At this moment, Xiao Tian was telling the truth. Not only did he need to study on campus, but lately he also opened four branches. That was why he had a lot of work.

"Oh! I read in the newspapers that you opened several branches. Two of them are even in Beijing. I also saw your promotion on TV, and it is a very good way to promote your clothing designs. As I thought, young Xiao is indeed very talented in the business." Before he told Xiao Tian why he came to Xiao Tian's company, Li Wen decided to have a small talk first because, in his view, it would be rude if he went straight to the point.

"Thank you for the praise. But I'm not talented in the business. I'm just lucky." Actually, Xiao Tian was telling the truth.

All he did so far was to imitate what his past life father had done in his previous life. He only had a lot of experience in business because his past life father often got him involved in the business.

Actually, the only thing he was very good at was martial arts. That was why he always said that he was only lucky whenever someone else praised him because it was the truth.

However, Li Wen didn't believe Xiao Tian's words and thought that Xiao Tian was a humble person.

Without Xiao Tian realizing, his good image had improved in Li Wen's eyes. As far as he could remember, Xiao Tian was the first person who was always humble even though he had become a successful person.

Until now, everyone he knew was always so full of themselves when they could achieve something small or big, especially, rich second generation.

They were always so full of themselves and thought that they were above everyone just because their parents were from upper-class families. Not only that, but almost all of them were also good for nothing.

For this reason, Li Wen went to meet Xiao Tian in the past because he wanted to know about Xiao Tian's personality. Li Wen wanted to know whether Xiao Tian was different from those rich second generation or not.

At first, Li Wen was surprised when Xiao Tian was always humble even though Xiao Tian had become a successful person using his own effort.

Not only that, Xiao Tian even behaved normally when he met Xiao Tian. Usually, all of the rich second generations would immediately try to get his attention whenever he came to visit their families.

All of them behaved like that just because he was from the Li family. Sometimes, this made Li Wen want to puke when they tried to get his attention.

However, Xiao Tian was different. Not only did he not try to get his attention, he even didn't care about him as if he was from an ordinary family.

This was one of the reasons why he was interested in Xiao Tian's future.

'It seems the words of 'money can change everyone' is not true at all, because young Xiao is still a humble person even though he has a lot of money now.'

Li Wen could not help but praised Xiao Tian in his head.

At the same time, Xiao Tian was thinking about why Li Wen suddenly wanted to meet him. Not only that, Li Wen even came alone without his bodyguards.

Because Xiao Tian was unable to hold back the curiosity he had, he immediately asked, "Director Li, what bring you here?"

"I want to offer you cooperation." Li Wen answered instantly.

### **Chapter 308 - Big Project**

7-9 minutes

---

'Cooperation?'

Xiao Tian was a little shocked after hearing Li Wen's words. Xiao Tian was from a middle-class family and Li Wen was from an upper-class family, so he was curious why Li Wen wanted to cooperate with him.

With the Li family as background, Xiao Tian was sure Li Wen could cooperate with any family in Shanghai so why did Li Wen choose him?

Of course, Xiao Tian would not refuse it. In his view, cooperating with upper-class families would bring more benefits because the probability of success would be higher. "Cooperation? Cooperation in what?"

Because Xiao Tian seemed interested in it, Li Wen began to explain it. "Next week is Li Entertainment's 10th anniversary, so I want to celebrate it by doing a live concert. We need good clothing designs later so I want to know whether young Xiao wants to cooperate with us or not."

'What?'

Xiao Tian found it hard to believe that Li Wen wanted to use his clothing designs. Of course, Xiao Tian was delighted by this, but he didn't show it on his face because he wanted to know the reason first.

"Why did you choose my company? There are many other famous designers in China."

"Because your clothing designs are very good." This time, Li Wen was telling the truth. When Li Wen saw Xiao Tian's clothing designs for the new season, he was surprised by how good Xiao Tian's clothing designs were.

Not only that, but Xiao Tian also designed various types of clothing for men and women, from children to the elderly. Xiao Tian even designed various types of clothing for all families, from lower-class families to upper-class families.

Because Xiao Tian didn't want Li Wen to know that he was thrilled by the good news, he pretended to think about it for several seconds before finally nodding his head. "I agree."

"Awesome!" Li Wen then took documents out of his bag and gave it to Xiao Tian. "These are documents that contain a cooperation agreement. Please read it."

Xiao Tian immediately read it carefully. Because he had no problem with what was written on the document, Xiao Tian signed it and placed it on the table. "So, how many clothing designs are needed in this live concert? And when can we measure their body size?"

"Around twenty people. How about today?" because they needed a lot of clothing designs, Li Wen didn't want to waste time.

"All right." Xiao Tian nodded his head. "You can tell them to come to my company now so we can measure their body size."

Without waiting for another second, Li Wen called someone and several minutes later, around twenty people arrived at Xiao Tian's company.

Then Xiao Tian called Shi Fei and Lin Xing Xue to measure the body sizes of the women while two male employees measured the body sizes of the men.

After that, Xiao Tian and Li Wen talked for about an hour before finally, Li Wen left because Li Wen still has many works.

Because Xiao Tian thought that he needed to discuss the project, he called Shi Fei and Lin Xing Xue to his office and had a quick meeting with them.

Xiao Tian told them that they had to do their best and he would not tolerate even a single mistake because it was a big project.

Xiao Tian was sure if they did well, his company would become more famous because one of the most influential families in Shanghai collaborated with them.

After they discuss what they had to do, they immediately worked on it. They also told the employees to do their best and would give them a bonus at the end of the month if they could make Li Wen satisfied with their clothing designs.

This made the employees burning with ambition to do their best. Many of them even decided to work overtime so that they could get a bonus at the end of the month.

Xiao Tian was pleased when he found out that his employees were burning with ambition. With this, he was sure they could satisfy Li Wen with their clothing designs.

When work time was over, Xiao Tian saw many of his employees were still working. He was even amazed by their motivation.

Because his employees were still working, Xiao Tian decided not to go home. When it was time for dinner, Xiao Tian went to the restaurant to buy a lot of food for his employees and ate with them.

This made the employees' eyes shone happily. They knew that their young boss cared about them very much. Xiao Tian had never treated them badly and always cared about them.

At this moment, Xiao Tian had no idea that his little action made all his employees more loyal to him. Some of his employees even wanted to work under him until they were old.

After consuming the food, they began to work again. Time went by quickly and without realizing it, it was already 10:40 pm.

Because Xiao Tian thought it was enough for today, he told them to continue working tomorrow. After that, he went home.

-----

"Mother, aunt, I'm home." in Xiao Tian's voice, anyone could tell that he was exhausted.

Actually, Ye Xueyin wanted to jump into his arms, but when she noticed that her son was very tired, she decided not to do so. "Tian, you look exhausted."

Xiao Tian then sat between his mother and aunt. "Yes. I have a big project, so I work overtime."

"Big project? What is it?" Ye Qingyu inquired.

Xiao Tian began to explain everything to his mother and aunt. They were thrilled after hearing his words because they knew the project would have a good effect on his business if he succeeded later.

Because Xiao Tian felt his body full of sweat, he immediately took a shower. This time, Xiao Tian did not return to the living room; instead, he laid down on the bed.

'My whole body aches!'

Because Xiao Tian sat on a chair for hours, his body was very achy, especially on his shoulders and waist.

When Xiao Tian was about to close his eyes, his mother and aunt suddenly entered his room. Xiao Tian knew that they wanted to sleep with him again. That was why he smiled and said, "Come here."

Without waiting for another second, they laid down on both of his sides. Actually, they planned to have sex with him, but after seeing his condition, they decided not to do so.

"Tian, do you want me to massage you?" when Ye Qingyu saw the fatigue on her nephew's face, she suddenly felt sorry for him.

"Yes. Tian, let us massage your body." Ye Xueyin, who was on his left side, added.

"It's fine." Xiao Tian thought that the fatigue in his body would disappear after waking up tomorrow. That was why he didn't want his mother and aunt to massage him.

But to his surprise, Ye Xueyin suddenly turned his body, making him lie prone. Without waiting for another second, she began to massage his body.

Her action greatly surprised Xiao Tian. He didn't expect that his mother would do something like that.

"Mother, you don't really ne-"

However, before Xiao Tian had finished his words, Ye Xueyin immediately said, "You are very tired, so let mother massage your body."

As his mother was massaging his back, his aunt suddenly massaged his legs. Because they insisted on massaging his body, Xiao Tian decided to enjoy it.

## Chapter 309 - Concert

7-8 minutes

---

Ye Xueyin and Ye Qingyu massaged his body for several minutes before finally, Xiao Tian told them to stop. After that, they decided to sleep.

-----

Time went by quickly and six days had passed in the blink of an eye. In those six days, Xiao Tian and his employees worked overtime every single day because they wanted to finish the clothing designs as soon as possible.

With so many people working on it, they finally finished it on the sixth day. Because Xiao Tian wanted to inform Li Wen about it, he immediately called Li Wen.

Li Wen told Xiao Tian that Li Wen was busy preparing everything, so Li Wen asked him to send to clothes to Li Entertainment so that they could try it.

Without waiting for another second, Xiao Tian and Shi Fei traveled to Li Entertainment to send to clothes. The clothes were suited in their bodies perfectly and they were satisfied with his clothing designs.

Because there was nothing to do at Li Entertainment, Xiao Tian and Shi Fei returned to the company to continue working.

And as usual, when the work time was over, Xiao Tian drove Lin Xing Xue and Shi Fei home. Of course, Xiao Tian also talked with Liu Ning for several minutes before going home. That night, Xiao Tian spent his time with his mother and aunt in the backyard.

Because they hadn't had sex in the past six days, they decided to do shake-shake-ah-ah things in the backyard. And like usual, after having sex, they slept in his room.

-----

The following morning, Xiao Tian went to Li Entertainment company because Li Wen invited him to attend the concert as a VVIP guest.

As soon as Xiao Tian entered the Li Entertainment company, one of the employees guided him to Li Wen's office.

Knock...knock...knock....

The employee knocked on the door and said, "Sir, CEO Xiao has arrived."

"Bring him in." Li Wen's voice from the other side of the door could be heard in their ears.

After Xiao Tian and the employee entered the office, Li Wen, who was sitting on the chair, rose to his feet and walked towards Xiao Tian before finally, stretching out his right hand to handshake with Xiao Tian. "Young Xiao, please sit."

"Thank you." Xiao Tian replied as he smiled.

Xiao Tian and Li Wen talked for about five minutes before finally one of the office boys entered and put the tea on the table. Because his job was only to serve the tea, the office boy left after placing the tea.

"Young Xiao, why did you come alone?" even though Li Wen only invited Xiao Tian, he thought Xiao Tian would come with his secretary or assistant.

"There are still some important works at the company so they will come later." Actually, Xiao Tian wanted to go to Li Entertainment company with Shi Fei and Lin Xing Xue, but because they were still busy with important work, he decided to go alone.

"I see." Li Wen replied.

Then Xiao Tian and Li Wen talked for an hour before finally, Shi Fei and Lin Xing Xue arrived. Because the concert was about to begin, Xiao Tian, Li Wen, Lin Xing Xue, and Shi Fei went to the concert.

After several minutes of driving, they arrived at their destination. After Xiao Tian got out of the car, he saw many ambulance and police cars.

Not only that, but some of the police officers even held a machine gun. It was as though Li Wen really wanted nothing to happen at the concert later.

As soon as they entered the concert hall, many people looked at them. They were curious why Xiao Tian was walking next to Li Wen.

"Isn't that Xiao Tian? The young man who is recently famous."

"Yes. You are right."

"How can he come with director Li Wen??"

"That is what I want to know too."

"Even though Xiao Tian is famous, but isn't he only from a middle-class family?"

"I also wonder about it. How come director Li from the well-known Li family walks together with a young man from a middle-class family? My brain can't find the answer about this."

"I also don't understand it. There are many upper-class families in Shanghai, so why did director Li choose to come with a young man from a middle-class family?"

"I'm sure, that young man is up to something."

"I think so too. Director Li is from Li family, one of the wealthiest families in Shanghai, so that young man must be up to something to make his company more famous or use director Li to make connections."

As Xiao Tian, Li Wen, Shi Fei, and Lin Xing Xue walked to their chairs, one by one people began to talk about them.

However, they didn't praise them, but spoke ill of Xiao Tian, saying that he wanted to take advantage of Li Wen.

Not only that, but several upper-class families, who were seeing them, were also unhappy. From their point of view, Xiao Tian was not unfit to walk beside Li Wen because he was only from a middle-class family.

They thought they were the ones who deserved to walk next to Li Wen because they were from upper-class families.

However, none of them wanted to stir up trouble because they would lose face if Li Wen kicked them out of the concert hall later.

Li Wen, who realized many people were speaking ill of Xiao Tian, glanced at Xiao Tian. Li Wen wanted to know Xiao Tian's expression after hearing that.

To his surprise, Xiao Tian was still walking with a smile on his face as if he heard nothing. This made Li Wen sure that Xiao Tian was an extraordinary person.

Usually, anyone would get angry or show an angry expression on their faces, but Xiao Tian did not do anything like that.

Xiao Tian's actions greatly surprised Li Wen. He didn't expect that Xiao Tian was able to control his emotions. Although there were many geniuses or clever people in China, almost all of them were unable to control their emotions.

With this, Li Wen was sure that Xiao Tian's future would be extraordinary because people who were able to control their emotions had the highest possibility to become successful people.

Actually, Li Wen wanted to ask why Xiao Tian did nothing when people were speaking ill of him. Li Wen was sure that Xiao Tian could hear them clearly.

But because it was not the right place to ask that, Li Wen decided not to do so and kept walking toward their chairs.

However, there was one person who was furious when several people were speaking ill of Xiao Tian. That person was none other than Shi Fei.

Even though Shi Fei didn't show it on her face, but she kept looking at the people who spoke ill of Xiao Tian as if she wanted to remember all of them and teach them a lesson later.

While Lin Xing Xue, on the flip side, was worried about Xiao Tian. Those people were talking loudly until they could hear them very well.

Lin Xing Xue was afraid that Xiao Tian would lose control. For this reason, she wanted to hold his hands so that he could control his emotion.

However, because Li Wen was next to them, Lin Xing Xue was unable to do that. At that moment, she knew that she was his subordinate, not his lover.

Tian, please control yourself. Lin Xing Xue thought to herself.

## Chapter 310 - I Hope We Will Be Together Until Death Do Us Part

7-8 minutes

---

When Xiao Tian, Li Wen, Shi Fei, and Lin Xing Xue were about to sit on their chairs, two middle-aged men suddenly walked toward them.

Upon seeing them, Li Wen's face broke into a smile. "Mr. Ming Sha, Mr. Zong Ma, welcome to Li Entertainment concert."

"Director Li, happy tenth birthday to Li Entertainment." Ming Sha and Zong M said in unison.

At this moment, the expression of deep surprise emerged on Xiao Tian's face. He didn't expect that he would meet Ming Sha in the concert hall.

When Ming Sha noticed Xiao Tian, he smiled and said, "Oh! Isn't this the young man who is famous recently?"

"You are right Mr. Ming. If my memory is not playing a trick on me, his name is Xiao Tian. The young man, who surprise all people in China because he manages to become a successful person in a short time." Zong Ma spoke and paused for a second before he continued, "Not only that, he even starts his business from scratch."

Their words much shocked Xiao Tian. Earlier, he thought Ming Sha and Zong Ma would speak ill too like the other upper-class families, but he was wrong.

Not only did they not speak ill of him, but they even praised him for being a successful young man in such a short time.

And what surprised Xiao Tian most was that Ming Sha behaved normally when Ming Sha saw him. Xiao Tian was sure that Ming Sha knew that Xiao Tian was the mastermind behind everything that happened to Feng Ao.

Because Ming Sha was the one who released Feng Ao from prison, Feng Ao must have told Ming Sha that Xiao Tian was the cause of problems in his family and company.

'What is this? He shows no expression of anger at all?! Does he have nothing to do with the problem that happened at my company a few days ago?'

Xiao Tian found it hard to believe what he was seeing.

However, because Ming Sha behaved normally, Xiao Tian decided to do the same things. "Mr. Ming and Mr. Zong, you two are overpraising me. I'm just lucky."

"Oh! It seems young friend Xiao is different from other young men." at first, Ming Sha thought Xiao Tian would show pride on Xiao Tian's face, but he was wrong. "Now, I know why young friend Xiao can become a successful person in a short amount of time."

Upon hearing Ming Sha's words, Li Wen immediately said, "Oh! It seems like Mr. Ming has the same thoughts as me."

"Oh! Is that so?" Ming Sha inquired

"Yes." Li Wen answered instantly. "If you know more about young Xiao, I'm sure you will like his personality more. It's rare to find a young man who is extraordinary like young Xiao nowadays."

"Upon hearing Mr Li's words, it makes me want to befriend with young friend Xiao. Young friend Xiao, how about we have lunch together someday?" Li Wen was famous for not liking a young people, so Ming Sha was curious about Xiao Tian when Li Wen praised Xiao Tian like that.

Zhong Ma tapped Ming Sha's shoulders and said, "Mr Ming, include me in that lunch because I'm interested in young friend Xiao too."

"Sure." Ming Sha replied as he smiled.

"All right." of course, Xiao Tian would not refuse them because it could affect his reputation. That was why he agreed to have lunch with them if they really invited him later.

Then they sat on the chair. Ming Sha and Zong Ma sat on Li Wen's left side while Xiao Tian, Lin Xing Xue, and Shi Fei sat on his other side.

They were sitting right in front of the concert stage. The stage was very big with two large TV on both sides of the stage.

Because they were sitting in the VVIP seat, the other people who came to the concert were sitting behind them or on the right or left side.

The concert was open to everyone. However, for people who were not invited, they needed to buy tickets to attend the concert.

Even though Li Wen held a concert in the biggest concert hall, but all seats were occupied. Behind Li Wen and the others, there were several thousand people who were patiently waiting for the singer to sing on the stage.

Not long after that, the host walked toward the stage. This time, there were two hosts, a young man about twenty years old and an attractive woman about twenty-eight years old.

After the host made the opening speech, all lights were turned off, only the lights on the stage were still on.

Soon one of the singers walked towards the stage and began to sing a song. All the people in the concert hall immediately paid attention to the singer who was singing on the stage.

One by one the singers sang on the stage. The audience really enjoyed themselves because all the singers were amazing when they sang the song.

However, when it was Yun Xin's turn to sing a song, the concert hall turned into dead silence. It was so quiet until it seemed as if none of the audiences were breathing.

All the audiences paid attention to Yun Xin Er. Men, Women, from teenagers to adults. All their eyes were locked on Yun Xin Er as if she was the most important person in the world.

At this moment, Yun Xin Er was wearing a red dress. Of course, it was a dress designed by Xiao Tian for her.

After musicians played the music, Yun Xin Er began to sing.

"When I'm with you, I'm very happy....."

When I'm with you, the world looks very beautiful in my eyes ...

When I'm with you, I know how it feels to be the happiest person in the world ..."

When Yun Xin Er was singing, she stole glances at Xiao Tian several times, but none of the audiences noticed that.

However, it was different for Xiao Tian because when Yun Xin Er was singing, he really paid attention to her. That was why when Yun Xin Er stole glances, Xiao Tian could not help but smile at her.

This made Yun Xin Er happy. When she saw a soft smile on Xiao Tian's face, she really wanted to tease him, but she was unable to do that because she was singing at that time.

"Meeting you is the best thing that God has given me....."

I wish I could turn back the time so that I could find you sooner and love you longer...

After meeting you, all the love songs are about you....

I didn't know it was possible to love everything about someone until I met you....."

At this moment, memories about Xiao Tian and Yun Xin Er suddenly appeared on her mind. The memories when she met him for the first time, the memories when they were holding hands, the memories when they were hugging each other, the memories when they were teasing each other, and the memories when they went on date.

All the beautiful memories she had with Xiao Tian one by one appeared on her head. From their first meeting until when they slept together in her room.

Yun Xin Er was not the only one who recalled it, because the same thing happened to Xiao Tian too. Like Yun Xin Er, one by one all beautiful memories about them emerged on his mind.

As Yun Xin Er and Xiao Tian were recalling their beautiful memories, all the audiences were stunned by Yun Xin Er's perfect performance.

"I love you very much..."

I hope we will be together until death do us part....."

After that Yun Xin Er finished singing the song.
