Chapter 321 - So, Where Should I Give You Hickey?

Xiao Tian knew Yun Xin Er must have thought that he was behaving weirdly right now. After embracing her for several seconds, Xiao Tian cupped her face and looked at her in the eyes.

At his moment, Yun Xin Er thought Xiao Tian wanted to kiss her again. With a smile on her face, Yun Xin Er asked, "Are you going to kiss me now?"

"Yes." Xiao Tian answered instantly. "You will let me kiss you, right?"

His words surprised Yun Xin Er a little. Usually, every time Xiao Tian wanted to kiss her, he never said anything like that.

Because Yun Xin Er had no idea what Xiao Tian had in mind, she just assumed Xiao Tian didn't want to be separated from her. "No. I will not let you kiss me. Hehe."

After saying that, Yun Xin Er turned her head to the other side so that Xiao Tian would not be able to kiss her.

Of course, she just pretended she didn't want to be kissed by him, because if Xiao Tian wanted to kiss her, Yun Xin Er would always let him kiss her lips.

To her surprise, Xiao Tian didn't kiss her; instead, he embraced her again. This made Yun Xin Er a little disappointed because actually, she wished Xiao Tian would kiss her.

Because it was time to go home, Xiao Tian stopped the hug and said, "Xin Er, I have to go home now."

"Do you not want to eat breakfast together with me?" Yun Xin Er inquired.

"I can't do that, because I haven't been home since yesterday morning." Even though Xiao Tian also wanted to eat breakfast with her, but he knew that he should go home immediately. He was sure that his mother was waiting for him at home.

"All right." Yun Xin Er knew Xiao Tian was worried about his family. That was why she didn't try to force him to stay with her longer.

Then the two of them headed toward Xiao Tian's car. Before getting into the car, Xiao Tian looked at her and smiled. "I'm leaving."

A feeling of disappointment emerged in her heart. She found it hard to believe that Xiao Tian, a young man who always kissed her every time they met, wanted to return home without giving her a goodbye kiss.

'Are you really going to leave just like this? where is my goodbye kiss? Why don't you kiss me right now? What's going on?'

Countless thoughts flashed across Yun Xin Er's mind when she saw Xiao Tian about to get in the car. Earlier, she believed he would kiss and tease her before going home, but she was wrong.

Not only did he not kiss her, but he also didn't use his flowery words. Because she didn't want Xiao Tian to leave just like that, she immediately said, "Tian..."

Xiao Tian turned around to face her. To his surprise, Yun Xin Er suddenly kissed his lips. Not only that, but Yun Xin Er suddenly grabbed his hands and placed it around her waist.

Even though Xiao Tian had no idea why she suddenly kissed him, but he immediately welcomed the kiss. As they were kissing, Xiao Tian bent over, causing Yun Xin Er to bend backward slightly.

His actions made Yun Xin Er become wilder. She immediately wrapped her long slender arms around his neck and tried to put her tongue in his mouth.

Of course, Xiao Tian let her do whatever she wanted. Because no one was around them, Xiao Tian didn't care and kissed her too.

As they were kissing passionately, Yun Xin Er tilted her head to the left and right to make the kiss hotter for them.

And because Xiao Tian's face was above her, his saliva fell down into her mouth. Of course, Yun Xin Er didn't stop the kiss just because of something like that.

They had exchanged saliva many times. Every time they had a passionate kiss, they always drank each other's saliva and none of them were disgusted by it.

That was why, when Xiao Tian's saliva fell into her mouth, Yun Xin Er kept kissing him passionately while also drinking his saliva.

At this moment, they kissed passionately for more than one minute. This made Xiao Tian a little surprised because usually, Yun Xin Er also broke the kiss before reaching one minute.

And what he had in mind finally happened. Yun Xin Er broke the kiss. Of course, Xiao Tian was not disappointed, because they had done a lot of hot kisses since last night.

And if he wanted to kiss her again, he just needed to meet her and she would let him kiss her. "Xin Er, I wil-"

Xiao Tian thought Yun Xin Er would not kiss him again because they had kissed long enough earlier, but he was wrong.

He was utterly wrong because two seconds after she broke the kiss, Yun Xin Er kissed him again. And like before, she immediately put her tongue into his mouth.

Of course, Xiao Tian welcomed the kiss again. Because Xiao Tian wanted to make the kiss hotter for both of them, he grabbed her buttocks and lifted her body.

Because Xiao Tian was carrying her, Yun Xin Er stopped wrapping her arms around his neck and cupped his face.

They kissed for several seconds before finally, Yun Xin Er broke the kiss to catch her breath.

"huft...Huft...huft..."

"Bad lady, you are so wild just now." Xiao Tian, who saw her breathing heavily, said as he smiled.

Instead of feeling shy, Yun Xin Er giggled and said, "You too. You are even carrying me now. Do you still want to kiss me?"

At this moment, Xiao Tian finally understood that Yun Xin Er was addicted to kissing him. They had done a lot of passionate kiss since yesterday, but her expression told him that she still desired to have a passionate kiss with him.

Xiao Tian didn't answer her and only turned around. While still carrying her, Xiao Tian made her back leaning against the car door and began to kiss her again. This time, Xiao Tian didn't kiss her lips but her neck.

In order to make Xiao Tian easier to kiss her neck, Yun Xin Er lifted her head and shut her eyes. All she wanted to do was feel the kiss.

However, she suddenly opened her eyes when she realized Xiao Tian wanted to give her a hickey. "Tian, don't do it on my neck, anyone will be able to see it later."

Yun Xin Er was fine if Xiao Tian gave her a hickey in a place where no one would be able to see it, but not in the neck because anyone would be able to see it later.

Yun Xin Er was a famous singer and met many people every day, so if they saw a hickey in her neck, it could tarnish her good image and it was not good for her profession.

Upon hearing her words, Xiao Tian brought his face closer toward her ears, and whispered, "So, where should I give you hickey?"

"In a place that no one can see." unlike other women, Yun Xin Er said it with a straight face.

Because Xiao Tian also thought that it would be bad if anyone saw a hickey on her neck, he agreed to it. "All right."

Chapter 322 - Let's Continue Again Another Day

7-8 minutes

Because Yun Xin Er said something like that, Xiao Tian took her into the car and put her in the back seat. In the car, Xiao Tian was sure that no one would be able to see them, so after closing the door, Xiao Tian grabbed her T-shirt with his right hand.

Currently, Yun Xin Er's back was leaning against the car door with Xiao Tian in front of her. When Xiao Tian was grabbing her T-shirt, Yun Xin Er knew that he wanted to give her a hickey on her stomach or breasts.

As Xiao Tian was lifting her T-shirt slowly, he could not take his eyes off her perfect body. Her flat stomach, coupled with her sexy vertical navel, made Xiao Tian want to kiss it.

For this reason, Xiao Tian brought his face closer toward her stomach and kissed it gently. He kissed her stomach, and navel before making his way up to her breasts.

Even though Yun Xin Er was still wearing a bra, but Xiao Tian was sure that her breasts were beautiful. Xiao Tian didn't immediately kiss her breasts; instead, he looked at Yun Xin Er in the eyes.

They looked into each other's eyes for about five seconds before finally, Xiao Tian kissed her cherry lips. This time, Xiao Tian didn't kiss her passionately, because he wanted to give her a hickey on her breasts.

After stopping the kiss, Xiao Tian brought his face closer toward her right breast. Xiao Tian didn't take off her bra, and immediately kissed the upper side of her breasts.

When his lips were pressing against her right breasts, Xiao Tian was able to feel the softness of her breasts. This made Xiao Tian not immediately give her a hickey.

At this moment, Yun Xin Er only looked at Xiao Tian without saying a single word. She was waiting for Xiao Tian to give her a hickey on her breasts.

Because Xiao Tian had pressed his lips against her breasts for several seconds, he immediately gave her a hickey.

When Xiao Tian saw a red mark on the upper side of her right breasts, he could not help but smile. Until now, Yun Xin Er always told him not to do anything to her and kept telling him that kissing was the limit for them.

And here, she allowed him to give her a hickey on her right breast before going home. With this, he was sure that sooner or later, she would allow him to suck and lick her breasts until finally, she would let him have sex with her.

When Yun Xin Er saw the expression on his face, she pinched his nose and said, "This is enough. You are not allowed to do anything more than this."

After saying that, Yun Xin Er saw the hickey on her right breast. Actually, she also didn't expect that she would allow Xiao Tian to give her a hickey on her right breasts.

Maybe, it was because she lost in lust when they were kissing passionately, but she didn't regret it. She was even a little happy because, with this, she could feel that he was always with her.

"I know." Xiao Tian knew that he would not be able to do anything more than that. However, he was already satisfied with it.

After pulling down her T-shirt, Yun Xin Er giggled and said, "Are you happy now?"

"Yes. I'm happy." Xiao Tian answered as he smiled.

Actually, Yun Xin Er was surprised when Xiao Tian only gave her a hickey because earlier, she thought he would squeeze her breasts too. "Of course, you are happy because you could give a hickey to the chest of a beautiful famous singer like me. If you dare say you are not happy, I will never allow you to kis-"

Before Yun Xin Er had finished her words, Xiao Tian pressed his lips against hers. Of course, Yun Xin Er let him do whatever he wanted. She even shut her eyes two seconds after he kissed her.

Because Xiao Tian knew that he would never go home if he kept doing something with Yun Xin Er, he broke the kiss and said, "Xin Er, I have to go home now. Let's continue again another day."

"Dream on. Hehe," Yun Xin Er giggled. "You have said it many times and here you still kissed me. All right. You have to go home for real now."

After saying that, Yun Xin Er got out of the car and stood next to the driver's door.

Xiao Tian pulled down the window car and smiled, "See you again, my beautiful Xin Er."

"See you." Yun Xin Er waved as she smiled.

Then Xiao Tian went home.

After driving for several minutes, Xiao Tian arrived home. At first, Xiao Tian thought his mother and aunt had gone to work, but he was wrong because when he was in the living room, he saw his mother and aunt watching TV.

This made Xiao Tian a little surprised. "Aunt, mother, why don't you two go to work?"

"Tian..." Like usual, Ye Xueyin immediately jumped into his arms when she saw her son. "Tian, mother misses you very much."

"Me too." Xiao Tian said as he smiled. "Why are you two watching TV? Are you two off work today?"

"Mother is tired, so mother wants to take a day off." Ye Xueyin answered instantly.

Xiao Tian then looked at his aunt and asked, "What about you, aunt?"

"It's a day off for me." Ye Qingyu then rose from the couch. "Let's eat breakfast."

Her words greatly surprised Xiao Tian. Then he looked at his mother. When he saw his mother nodding her head, he could only sigh.

Xiao Tian didn't expect that they would wait for him. Then Xiao Tian guessed that his mother forbade his aunt from eating breakfast because his mother wanted them to eat breakfast together.

Something like this had happened in the past when he was staying at Lin Xin Er's house. Xiao Tian suddenly felt guilty for his aunt.

For this reason, Xiao Tian put his mother down and without saying anything, he carried his aunt. "Let's eat breakfast."

Ye Qingyu could only sigh when her nephew suddenly carried her. "Sigh. Someday, you can make me have a heart attack if you keep carrying me without giving me a warning first."

Instead of answering, Xiao Tian only smiled and kept walking toward the dining room. He knew that his aunt would never angry with him so he didn't mind it.

At this moment, Ye Xueyin also wanted to be carried by her son, but because he was carrying her little sister, she could not help but walk toward the dining room by herself.

As they were consuming the food, Ye Xueyin and Ye Qingyu asked what he did yesterday or how the concert was.

Xiao Tian could only sigh when his mother and aunt wanted to know what he did since yesterday. Of course, Xiao Tian answered all their questions.

However, he also lied to them, because it was impossible to tell them that he slept in Yun Xin Er's house. He told them that he slept in the Li family's hotel because after the concert was over, Li Wen invited them to dinner and they talked until late.

After they had breakfast, Xiao Tian changed his clothes and went to the campus because he had a morning class.

Chapter 323 - Attending A High-Class Party

6-7 minutes

As usual, after he finished his morning class, Xiao Tian went to the University Garden to relax on the wooden bench.

University Garden was the place he liked the most when he was in campus, because it could make his mind calm and free of all the girls who always try to get close to him.

It was not like he didn't want to get close to them, but there was a time when he wanted to be alone and free from all girls.

Xiao Tian rested at the University Garden for about an hour before finally, he went to the class again. At 01:00 pm, Xiao Tian finally finished all his classes.

Because there was no point in staying at the University, Xiao Tian traveled to his company to work.

As soon as he was in his office, he smiled from ear to ear when he knew several hundred of his clothing designs had been sold.

'I know that something like will happen. But still, I can't help but to feel happy and proud of myself when I know several hundred of my clothing designs have been sold.'

Xiao Tian placed both of his legs on the workbench and leaned his back on the backrest of the office chair. At this moment, he felt as if he was the boss of the big company.

Due to how happy he was, Xiao Tian wasted two hours sitting and relaxing on the office chair before finally, he began to work.

Time passed by quickly and without realizing it, it was time to go home. After Xiao Tian drove Lin Xing Xue and Shi Fei home, he spent time with his mother and aunt in the backyard.

The following morning, Xiao Tian went to his company to work because he had to attend a party hosted by Li Wen.

Time went by quickly and without realizing it, it was already 02:10 pm. Because the party was held at 04:00 pm, Xiao Tian went home to take a bath so that he could go to the party immediately.

After bathing and dressing up, Xiao Tian went to attend the party. The party was held at Cloud Villa and it was located in the Wanhui district.

After driving for an hour, Xiao Tian finally arrived at his destination. Because it was a high-class party, many luxury cars parked in the parking lot.

The parking lot was located in front of Cloud Villa and it was an outside parking lot so if it rained, all the cars would get wet.

When Xiao Tian got out of the car, he saw four men in black guarding the entrance. From outside, anyone would not be able to see the Cloud Villa because it was protected by five meters wall and a huge steel door.

After Xiao Tian got out of the car, he immediately walked toward the entrance. He knew that many people were looking at him, but he treated them like air because, for him, they did not deserve his attention.

When Xiao Tian was in front of the entrance, one of the people, who guarded the entrance, stopped him and said, "Sir, please show me the invitation card."

Of course, the people who were guarding the entrance knew who Xiao Tian was. Even though they had no idea why someone from middle-class families wanted to attend the party, they didn't immediately kick him out.

Xiao Tian then took the invitation card from his blazer and gave it to the people who guarded the entrance "Here is the invitation card."

The expression of deep shock emerged on their faces when they saw a platinum invitation card. Li Wen always gave invitation card base on how important they were to him.

The invitation card was divided into three, silver, gold, and platinum. Those cards were used as a sign to show how important they were at the party.

Someone with a silver invitation card meant that person was not important and someone with a platinum invitation card meant that person was very important to Li Wen.

Usually, only people close to Li Wen received a platinum invitation card. Even though they had no idea how Xiao Tian had a platinum invitation card in his hands, they didn't ask him about it.

They were afraid they would offend Xiao Tian because if Li Wen knew that they offended people with a platinum invitation card, they would immediately be fired.

Li Wen was a kind person and always treated them nicely, that was why they didn't want to offend people who were important to Li Wen because they were afraid that Li Wen would get angry with them later.

Actually, they wanted to kick Xiao Tian out of Cloud Villa earlier, because Li Wen had never invited people from middle-class or lower-class families in a high-class party.

It was the first time they knew Li Wen invited people from middle-class families at a high-class party because Li Wen had never done anything like this before.

They felt lucky that they didn't offend Xiao Tian earlier, because if they did, they were sure that they had regretted it now.

"Please come in, Sir." Because Xiao Tian had a platinum invitation card, they immediately behaved politely.

Xiao Tian walked away without replying, because he was a little annoyed when they looked at him as if he was someone who was unfit to attend the party before.

However, Xiao Tian didn't voice out his annoyance, because he didn't want to waste his time scolding people like them.

When Xiao Tian stepped into the Cloud Villa, he saw many people wearing branded clothes. The room was large with many tables neatly arranged.

Each table had six chairs with a white tablecloth on it. On the right side of the entrance, there were two long tables with various types of food and drinks on it.

Even though people could take food and drinks by themselves, but there were still several waiters and waitresses in the room.

And like what Xiao Tian had guessed, the moment he entered the room, all the eyes were focused on him. However, Xiao Tian didn't mind it and only walked toward an empty chair.

Chapter 324 - Trouble At The Party

8-10 minutes

Currently, Xiao Tian was sitting alone because there was no one he knew. Actually, he intended to be friends with everyone, but when he noticed the expression on their faces, Xiao Tian knew it would be useless to try to be friends with them.

From their expression, Xiao Tian understood that they were looking down on him. Maybe because all of them were from upper-class families. That was why none of them wanted to be friends with him.

Xiao Tian believed that sooner or later they would speak ill of him. And what he had guessed was right because not long after he sat alone on the chair, several people began to speak ill of him.

"Hey, is it that Xiao Tian? The young man who is recently famous?"

"Yes, you are right. What is he doing here?"

"I don't know. Isn't this supposed to be a high-class party for upper-class families?"

"Yes. How come someone from a middle-class family attends this party?"

"I don't know. Isn't director Li never inviting people from middle-class families every time he held a high-class party?"

"That is why I ask, why is there someone from a middle-class family in a high-class party like this?"

"Did someone bring him to the party?"

"Impossible! Director Li never allow people who are not invited to attend his party. And look at him! He is sitting alone so there's no way he comes with someone."

Several people began talking about Xiao Tian. Those people were unhappy when they knew that someone from middle-class family attends the party.

They were all from upper-class families so, in their eyes, middle-class families were not worthy to attend the same party as them.

Suddenly a young man around twenty-one years old walked toward Xiao Tian with an unhappy expression as if Xiao Tian had done something bad to him.

"Look! What is young master Hong Jun want to do?"

"Haha, maybe he can't stand seeing someone from a middle-class family attend the same party as him."

"I think so too. Actually, I also can't stand attending the same party as that person, but I don't want to cause trouble at Director Li's party."

"Haha. Me too. This will be an interesting show."

When Hong Jun was in front of Xiao Tian, he sneered, "What are you doing here? This is not a party for someone from middle-class families like you. Get out here before I ask the security to kick you out."

Actually, Xiao Tian didn't want to do anything to them, but because Hong Jun upset him, he replied coldly. "This party is being held by director Li, not you! What is your relationship with director Li until it makes you think that you can kick someone out as you like? Do you have the authority to do that?"

Hong Jun was unhappy after hearing Xiao Tian's words, so he hit the table with his fists and looked at Xiao Tian angrily. "You should know yourself! You are just a person from a middle-class family. You are not worthy to attend a high-class party like this!"

"Not worthy? Heh." At this moment, Xiao Tian wanted to hit Hong Jun in the face, but because he was invited by director Li, he tried his best to hold back. "I'm indeed from a middle-class family, but I earn all my wealth by my own efforts. Not like you, who can only rely on your parents' wealth. At least, my clothes and car were bought with my own money. I'm sure your clothes and car were bought with your parents' money. It is you who does not deserve to be here. If it's not for your rich parents, maybe you will not be able to eat three times a day."

Actually, Xiao Tian had guessed that something like this would happen to him. That was why he didn't want to attend the party earlier. However, because he was invited by Li Wen himself, it would be rude if he didn't come.

In his past life, Xiao Tian had seen something like this many time. He just didn't expect that it would happen to him too.

"Hahaha. Interesting. That Xiao Tian knows how to answer everything."

"I didn't expect he dared to say something like that."

"Look at young master Hong's face. His face turns red."

"He must be embarrassed right now."

"He didn't expect that Xiao Tian would embarrass him like that."

Even though almost all invited guests wanted Xiao Tian to be kicked out of the party, but not all of them voiced it out. Several of them kept speaking ill of Xiao Tian, while the others, only sat and enjoyed the show.

Upon hearing Xiao Tian's words, Hong Jun gritted his teeth. He was furious because Xiao Tian had embarrassed him in front of other upper-class families.

However, because all that Xiao Tian just said was true, he had no idea how to fight back. For this reason, Hong Jun decided to blame Xiao Tian's family for being poor. "Hahaha. At least my parents are rich. What about your parents? Several months ago, you are from a lower-class family, right? Just because you are a middle-class family now, doesn't mean you are great. You should blame your parents for being poor. Wait! Don't tell me. The reason you have money to build a company is that your mother gives it to you after sleeping with a rich man."

Hong Jun had read a magazine about Xiao Tian, so he knew that Xiao Tian's family was from a lower-class family before building his company. That was why he dared to say something like this.

Xiao Tian's eyes gleamed with terrifying sharpness as he stared at Hong Jun. The patience that he tried to maintain was shattered into pieces after hearing Hong Jun's words.

Actually, Xiao Tian only wanted to embarrass Hong Jun, but because Hong Jun said something like that, Xiao Tian decided to teach Hong Jun a lesson.

With a flame of fury in his eyes, Xiao Tian grabbed Hong Jun by the neck and said coldly. "What did you just say? I dare you to say it again!"

The entire area dropped into silence. They didn't expect Xiao Tian would do something like that to Hong Jun.

However, because Xiao Tian was from a middle-class family and Hong Jun was from an upper-class family, the other guests didn't do anything to Xiao Tian.

They believed Xiao Tian would not dare to do anything to Hong Jun and would apologize to Hong Jun later. For this reason, they decided to just watch.

Because Hong Jun never learned martial arts, he could not do anything when Xiao Tian was grabbing his neck. He wanted to kick or punch Xiao Tian, but because he had difficulty breathing, he didn't have the strength to do it.

However, because he was in front of other people, he decided not to apologize. Hong Jun would lose his reputation if he apologized to Xiao Tian. "Your mother is a slut who seduces rich men just to get their money."

Without waiting for another second, Xiao Tian raised his right hand and punched Hong Jun's face. He didn't care who they were or where he was, if they dared to humiliate his family, he would teach them a lesson.

Uakk...

Hong Jun fell to the floor and blood splashed out of his mouth.

Xiao Tian's actions dropped the entire area into dead silence.

However, it only lasted for five seconds before finally, a few guests started to laugh when they saw Hong Jun in a pitiful situation.

He was furious. Hong Jun didn't expect Xiao Tian dared to hit his face. Even though he felt pain in his face and his face was still red because Xiao Tian grabbed his neck earlier, but when he saw several people laughing at him, he immediately rose to his feet and threw a fist toward Xiao Tian's face.

Because Hong Jun never learned martial arts, his fist was slow. For this reason, Xiao Tian was able to dodge it easily.

However, Xiao Tian not only dodged but also did a counter-attack. His fist successfully landed on Hong Jun's chin, causing Hong Jun once again fall to the floor.

Without waiting for another second, Xiao Tian trod on Hong Jun's face and said, "I dare you to say it again!"

At this moment, two security guards and one young man around twenty-six years old entered the room. When he saw Xiao Tian's right foot on Hong Jun's face, the one young man said, "What is going here?"

Chapter 325 - Beat Them To Death, Xiao Tian!

8-10 minutes

"Look! Manager Zen is here."

"Now Xiao Tian is doomed."

"Haha. With this, Xiao Tian will be kicked out of the party for sure."

"What will he do now? Manager Zen has the authority to kick someone out of the party. That Xiao Tian is doomed now."

"This is what he got for daring to cause trouble in the party."

"I can't wait to see his expression later. I want to know if Xiao Tian still dares to ignore manager Zen's words or not?"

"Are you stupid? It can be said that if you offend manager Zen in Cloud Villa, it is the same as you offend director Li Wen."

When Xiao Tian saw Zen walking toward him, he was not afraid at all. He instantly ignored Zen and returned his attention to Hong Jun. "Why are you silent? Didn't you talk a lot earlier?"

Zen was annoyed when Xiao Tian treated him as if he were air. He then touched Xiao Tian's shoulders and said, "Hey, stop this!"

Xiao Tian turned his head towards Zen and said coldly, "Don't touch me!"

Zen's heart almost jumped when he saw the expression on Xiao Tian's face. He didn't expect the young man in front of him had a scary expression like that as if Xiao Tian was a demon who wanted to devour him.

When Hong Jun saw Zen, he suddenly felt safe, because he knew Xiao Tian would not dare to do anything to him anymore. "Manager Zen, beat this person! He dared to cause trouble at director Li's party and also hit my face when I told him not to cause trouble."

Hong Jun decided to slander Xiao Tian so that Zen would ask the security guards to beat Xiao Tian. This way, not only would Xiao Tian get beaten by the security guards, but he was sure that Xiao Tian would get kick out of the party too.

Even though he was in an embarrassing situation and could still feel pain in the face, he could not help but smirk when he imagined Xiao Tin being beaten by security guards.

"Really?" Zen asked.

At this moment, Xiao Tian's right feet was still on Hong Jun's face. "There is no smoke without fire."

Xiao Tian didn't bother explaining what Hong Jun said to him because he was sure Zen would not believe his words.

Zen was thinking about how to solve the problem. Zen was sure that Hong Jun was the cause of everything.

However, because Hong Jun was from an upper-class family and Xiao Tian was from a middle-class family, he wavered whether he should defend Hong Jun or not.

If he defended Xiao Tian, Hong's family would take revenge on him later, but if he defended Hong Jun, that meant he didn't care who was wrong or right.

This made Zen think hard about what he should do next. Because he thought it would be better to make enemies with Xiao Tian than Hong family, Zen decided to defend Hong Jun. "Young man, move your foot from young master Hong's face and apologize to him right now."

Xiao Tian's eyes filled with killing intent as he stared at Zen. Actually, he knew that something like this would happen.

Because he was from a middle-class family and Hong Jun was from an upper-class family, Zen decided to defend Hong Jun. This made Xiao Tian furious.

"Why do I have to listen to you?" Xiao Tian didn't care who Zen was. If Zen defended his enemy, then that meant Zen was also his enemy. "Are you sure you want to defend him?"

Zen was annoyed when Xiao Tian didn't care about him and spoke in a cold voice. Even though he was not from the Li family, but because he had been working under Li Wen for several years, many upper-class families treat him with respect.

And here, someone from middle-class family dared to disrespect him. That was why he was furious. "Yes. I want to defend him. Do you have a problem with that? Now I order you to let young master Hong go, or else, I will make my security guards beat you later. Don't forget to apologize to young master Hong later!"

Instead of listening to Zen's words, Xiao Tian trod on Hong Jun's face harder. "You don't deserve to order me! In this world, no one can order me!"

Because Xiao Tian didn't listen to his words, Zen immediately said, "Pan, Dan, Beat him to death."

Upon hearing Zen's words, Pan and Dan charged toward Xiao Tian. Pan threw a fist toward Xiao Tian, while Dan threw a kick.

"Haha. That arrogant young man will regret his actions later."

"Of course. Those two security guards have learned martial arts, so I'm sure Xiao Tian will get beaten by them later."

"Haha. I really want to see his expression when he begs for forgiveness later."

"Yeah me too. It will be exciting to see him begging for his life later."

"Haha. Imagining it makes me want to see it immediately. I hope those security guards will beat him quickly so that I can see his arrogant face turn into begging expression."

One by one the guests began talking about Xiao Tian again. They thought Xiao Tian was doomed this time.

Earlier, the reason Xiao Tian could beat Hong Jun was that Hong Jun didn't know martial arts. Now that Xiao Tian was facing two security guards who had learned martial arts, they were sure that the security guards would beat Xiao Tian in no time.

Even though Pan and Dan charged toward him, Xiao Tian still had a calm expression, because he was sure that he could beat those two security guards.

Before the security guards could hit him, Xiao Tian took two steps back to dodge their kick and fist. Then Xiao Tian charged toward Pan.

Xiao Tian threw a high kick toward Pan, but Pan was able to block it. Xiao Tian threw his right knee towards Pan's mid-torso, but once again Pan blocked it with both of his hands.

When Xiao Tian saw a chance to attack Pan's head, he immediately threw his right elbow. This time, Pan didn't have time to block or dodge it. As a result, Pan's head was hit by Xiao Tian's elbow, and he fell to the floor.

Xiao Tian didn't stop there because, after that, Xiao Tian immediately attacked Dan. And like when he fought Pan, Xiao Tian and Dan exchanged several attacks before finally, Xiao Tian was able to hit Dan's chin, causing Dan to take two steps back.

All the guests were stunned by that. They didn't expect that Xiao Tian has the upper hand fighting against two security guards.

Zen's face darkened. He was furious because the two security guards still could not defeat Xiao Tian. He wanted to beat Xiao Tian, but he never learned martial arts so he knew that he would lose if he fought Xiao Tian. "What are you two doing? Hurry up and beat him to death."

Upon hearing Zen's words, Pan dashed behind Xiao Tian while Dan moved in front of Xiao Tian. Because they could not defeat Xiao Tian one by one, they decided to attack Xiao Tian on both sides. They were sure that Xiao Tian would not be able to block their attack later.

With that on their mind, Dan, who was in front of Xiao Tian, threw a kick toward Xiao Tian's mind torso, while Pan, who was behind Xiao Tian, raised his right leg high and moved it down, intending to kick Xiao Tian's head.

At this moment, Zen and Hong Jun started to smirk. They thought Xiao Tian would not be able to block the security guards' attack. The other guests also had the same thought as them.

They admitted that Xiao Tian was skilled in martial arts because those two security guards had learned martial arts for several years and they still didn't have the upper hand when they fought Xiao Tian.

'He is doom now.'

Those were the words that appeared in the mind of all people who watched Xiao Tian fighting two security guards.

However, they were wrong. They were utterly wrong because Xiao Tian was able to block the attack easily.

Like grandmaster martial arts on TV, Xiao Tian caught Dan's legs with his left hand, and bent his right arm above his head to block Pan kick.

The expression of deep shock emerged on everyone's faces, including Pan and Dan. They didn't expect that Xiao Tian was able to block it.

Xiao Tian immediately counter-attacked. After kicking Dan's head, Xiao Tian spun and threw a high kick.

One again, Pan and Dan fell to the floor.

When the entire room turned into a dead silence, a voice rang out. "Beat them to death, Xiao Tian! Break their legs and arms. Don't give them mercy."

Chapter 326 - Do You Know What You Have Done?

7-8 minutes

Upon hearing that, everyone turned their head toward the source of the sound. They wanted to know who dared to say something like that at director Li's high-class party.

They wanted to humiliate that person for daring to defend Xiao Tian. This was including Zen and Hong Jun.

"Are you looking for death?" Zen immediately stopped his words when he learned the voice belonged to Zhao Sheng.

Everyone who wanted to humiliate him, immediately turned silent when they knew it was Zhao Sheng.

Zhao Sheng then walked toward Zen and touched Zen's right shoulder. "What? Do you want to fight me? I'm fine with it. If you are afraid, you can also ask your security guards to fight me. Hehe. So how about it?"

Zen didn't dare to say a single word. Even though he was working under Li Wen, but Zhao Sheng was from the famous Zhao family. Even Li family had to give Zhao family some face, so he would be a fool if he dared to cause trouble to Zhao Sheng.

Zen was only manager. Even though it was not a small position, but it was also not a high position. Zen was sure if he caused trouble to Zhao Sheng, Li family would let Zhao Sheng do whatever Zhao Sheng wanted to him.

Zen dared to behave arrogantly towards Xiao Tian because Xiao Tian was from a middle-class family. Now that he knew Xiao Tian seemed to be friends with Zhao Sheng, he began to regret his actions.

When Zen didn't say a single word and only lowered his head, Zhao Sheng tapped Zen's cheeks and said, "Coward! You only dare to bully people who have a lower status than you."

Even though Zen was angry for being called a coward by Zhao Sheng, but he didn't voice it out. He was afraid that his life would end if he caused trouble to Zhao Sheng.

Zhao Sheng then walked toward Xiao Tian and said happily. "Wow! You beat two security guards. As expected of my friend. Haha."

When everyone learned that Xiao Tian and Zhao Sheng were friends, a feeling of deep fear emerged in their hearts.

They were afraid that Xiao Tian would ask Zhao Sheng to beat them or give trouble to their family. They knew Zhao Sheng had a special position in the Zhao family, so if Zhao Sheng wanted to cause trouble to their family, the Zhao family would really do that.

At this moment, Xiao Tian was surprised when he saw Zhao Sheng. If he knew Zhao Sheng was also invited by Li Wen, he would come with Zhao Sheng earlier.

"What is going on here?" A voice suddenly rang out.

From the voice, everyone knew it was Li Wen's voice. Actually, they wanted to blame Xiao Tian for everything, but because they knew Xiao Tian was Zhao Sheng's friend, they didn't dare to do it. For this reason, none of them answered Li Wen.

When Li Wen saw his two security guards had bruises on their faces, Li Wen looked at Zen and asked, "Tell me, what is going on?"

"This.." Zen didn't know what to say. At this moment, he knew that he was doomed.

Because Zen didn't answer him, Li Wen looked at Xiao Tian and asked, "Young Xiao, what happened? Why did you fight with security guards?"

Instead of giving Li Wen an answer, Xiao Tian walked toward Hong Jung and hit Hong Jun's head.

Uak...

Hong Jun fell to the floor with blood dripping down from the corner of his mouth.

Xiao Tian's actions greatly surprise Li Wen. When they were at the concert hall, Xiao Tian was able to control his emotion when many people spoke ill of him.

Because Xiao Tian didn't care about him and kept hitting Hong Jun, it made Li Wen stunned. How could someone who was able to control himself become like that?

With this, Li Wen understood that something big had happened because, from the expression on Xiao Tian's face, Li Wen knew that Xiao Tian was furious. "Young Xiao, please calm down and tell me what is going on?"

Xiao Tian stopped hitting Hong Jun and turned his head toward Li Wen. With an angry expression still on his face, Xiao Tian said coldly, "This person said that my mother is a slut. Not only that, but your manager also defended him and attacked me."

"What?" Li Wen found it hard to believe what he was hearing. Now he knew why Xiao Tian lost control and kept beating Hong Jun.

Li Wen was sure, every person would do the same thing if they were in Xiao Tian's place. He just didn't expect that his manager would attack Xiao Tian too.

This made Li Wen furious. Then Li Wen looked at Zen and asked coldly. "Zen, is that true?"

"Director Li, this is...." Zen knew that whatever he said would be useless because he was in the wrong position.

And what made Zen even more depressed was that Li Wen treated Xiao Tian as an important person. If he knew it, Zen would defend Xiao Tian earlier.

However, it was already too late, and he defended the wrong person. At this moment, he just hoped that Li Wen didn't fire him.

*Slap

Li Wen slapped Zen in the face very hard.

"Do you know what you have done? I invited young Xiao myself and here you dared to disrespect him. Not only that, you even attacked him too." Li Wen was furious. He wanted to be friends with Xiao Tian because Xiao Tian was an extraordinary young man, and here, his manager humiliated Xiao Tian like that. "You are fired!"

All the guests were dumbfounded. They didn't expect Li Wen to treat Xiao Tian as an important person. Not only that, he even invited Xiao Tian himself.

All of them were invited by Li Wen's people, not by Li Wen himself. With this, they knew how important Xiao Tian was.

However, what made them didn't understand was that how could Li Wen treat someone from a middle-class family as an important person.

When Zen heard Li Wen's words, he immediately knelt before Li Wen and begged, "Director Li, please don't fire me. I know I'm wrong, but please don't fire me. I promise I will not do anything like this again in the future."

"Do you know who he is?" Li Wen asked coldly. "I invited young Xiao myself and I even gave him a platinum invitation card. So, you dare to treat people with a platinum invitation card like this? You have made a grave mistake!"

*Silent

The entire room turned into dead silent.

All of them knew that Li Wen disliked young people. Not only did he invite Xiao Tian by himself, but Li Wen even gave Xiao Tian a platinum invitation card.

Until now, Li Wen very rarely invited his guests with a platinum card, so now they knew how important Xiao Tian was to Li Wen.

Because Zen didn't want to lose his status as a manager, he begged again. "Director Li, please give me one more chance. I won't do something like this ever again."

Instead of forgiving Zen, Li Wen kicked Zen, causing Zen to fall in front of Xiao Tian. "Young Xiao, you can do anything to this person. He is not my people anymore."

"Good!" Xiao Tian looked at Zen coldly

Chapter 327 - Crawl Through My Legs Now!

8-9 minutes

Xiao Tian really wanted to beat Zen up for defending Hong Jun. Because he had beaten up Hong Jun, Xiao Tian thought it was time to beat Zen.

Without caring that everyone was staring at him, Xiao Tian kicked Zen's face hard.

Uakk...

Zen fell to the floor and blood splashed out of his mouth.

Xiao Tian kicked Zen several times before finally, he stopped when Zen's face was full of bruises and the floor was full of his blood.

Xiao Tian then walked toward Hong Jung and said coldly, "Say your mother is a slut, or else I will break your legs and arms!"

At this moment, Li Wen didn't stop Xiao Tian, because he knew how Xiao Tian felt. He just hoped Xiao Tian would not kill Hong Jung because it could cause problems for Xiao Tian in the future.

"Xiao Tian, break his arms and legs first. After that, ask him to say his mother is a slut." Zhao Sheng said abruptly.

Zhao Sheng was also furious when he learned what Hong Jun and Zen had done to his friend. Xiao Tian was his friend, so if anyone humiliated him, it was the same as they humiliated him too.

All the guests felt their blood freeze after hearing Zhao Sheng's words. It was the first time everyone heard Zhao Sheng said something like that because when Zhao Sheng appeared on TV with his grandfather, he always smiled as if he was the kindest person in the world. What they didn't know was that Zhao Sheng was also a cruel person.

Hong Jun gritted his teeth. He didn't want to say his mother was a slut, but he believed if he didn't say it, Xiao Tian would break his legs and arms.

Because Xiao Tian was from a middle-class family, Hong Jun tried to scare him. "I'm from an upper-class family. If you dare to break my arms and legs, you will regret it later."

Hong Jun hoped that Xiao Tian would be scared after hearing his words. He was fine if Xiao Tian wanted him to apologize to Xiao Tian, but asking him to say his mother was a slut would humiliate his whole family.

He believed that his family would beat him up if he dared to say something like that. That was why he hoped that he would succeed in scaring Xiao Tian with his words.

'He is a fool!'

Those were words that appeared on Zhao Sheng's mind. He had been friends with Xiao Tian for a few months, so he knew Xiao Tian's personality very well because Xiao Tian and he had the same personality.

Zhao Sheng believed that Xiao Tian would break Hong Jun's legs or arms because he knew that Xiao Tian didn't care about upper-class families or something like that.

If someone dared to cause trouble to him, he would teach them a lesson even though they were from upper-class families.

Xiao Tian even agreed to kill an innocent person just because he didn't want that person to be a threat to him in the future, so Zhao Sheng knew what Xiao Tian would do to Hong Jun.

And what Zhao Sheng had guessed was right, because after hearing Hong Jun's words, Xiao Tian immediately broke Hong Jun's right hand.

"AAAAAAA" Hong Jun cried out in pain when Xiao Tian broke his right hand. He had no idea that Xiao Tian would ignore his words.

The expression on Xiao Tian's face didn't change even after hearing Hong Jun's cry. "Say your mother is a slut!"

At this moment, Li Wen could only sigh. He knew if he stopped Xiao Tian, Xiao Tian would not want to meet him anymore in the future. For this reason, Li Wen let Xiao Tian do whatever he wanted.

Not only that, but Li Wen also knew that Xiao Tian and Zhao Sheng were friends. This made Li Wen want to be friends with Xiao Tian even more because he would be able to make the Li and Zhao family closer through Zhao Sheng.

Because Hong Jun didn't say a single word and only cried out in pain, Xiao Tian raised his right leg again, intending to break Hong Jun's other arm.

When Hong Jun knew that Xiao Tian wanted to break his other arm, he immediately said, "My mother is a slut. My mother is a slut."

Even though Hong Jun knew that his family would lose face after he said something like that, but at that moment, Hong Jun didn't care about it, because he felt very painful in his body when Xiao Tian broke his right hand. He didn't want Xiao Tian to break his other hand. For this reason, he did what he was told.

All the guests could hardly believe what they had just heard. They knew that Xiao Tian was a cruel person and Hong Jun felt his body hurt because Xiao Tian had broken his right arm, but he did not expect that Hong Jun would say what he was told to.

All the guests believed that Hong Jun's family would beat him up after his family learned what Hong Jun had just said.

Even though Hong Jun had said that Hong Jun's mother was a slut, Xiao Tian was still not satisfied. For this reason, he said coldly. "Crawl through my legs now!"

"You!" Hong Jun didn't expect that Xiao Tian still wanted to humiliate him.

Xiao Tian was unhappy when he saw the expression on Hong Jun's face, so he kicked Hong Jun's face again. "I said, crawl through my legs now!"

Uak...

Hong Jun fell to the floor again. Because Hong Jun didn't want Xiao Tian to beat him again, he decided to crawl through Xiao Tian's legs.

"He really did it."

"I didn't expect young master Hong would crawl through someone's legs."

"And that person is even from a middle-class family."

"Haha. Now the Hong family's reputation will be ruined."

"His family will beat him up for sure later."

"I'm sure about it."

One by one several guests began talking about what Hong Jun was doing.

Hong Jun, who was hearing it, could only grit his teeth. He was furious, but because he could do nothing about it, he could only hold back his anger.

Hong Jun promised in his heart that he would make Xiao Tian pay for what he had done to him later. He would make Xiao Tian and Xiao Tian's family embarrassed for humiliating him.

Of course, Xiao Tian knew that Hong Jun would cause trouble to him again later. For this reason, he intended to order his underlings to protect his family and girlfriends later.

Not only that, but he would also ask information about the Hong family to Zhao Sheng later because he wanted to know about the Hong family.

After Hong Jun crawled through his legs, Xiao Tian kicked Hong Jun's body again, causing him to fall to the floor. Then he looked at Li Wen and said, "Director Li, I'm sorry for causing trouble at your party. Suddenly I'm not interested in continuing the party. For this reason, I will leave first."

Li Wen was disappointed after hearing Xiao Tian's words. However, he knew that Xiao Tian was not in the mood for a party anymore. "All right."

Actually, Li Wen intended to make their friendship closer because Xiao Tian was an extraordinary young man. He just didn't expect that everything would turn out like that.

Then Xiao Tian walked out of the Cloud Villa. The expression on his face was still stiff as if he still wanted to beat Hong Jun and Zen.

When Xiao Tian left, Zhao Sheng immediately said, "Director Li, I'm also leaving."

"Young master Zhao, you also want to leave?" even though Li Wen had guessed that Zhao Sheng would also leave, but he was still disappointed after hearing Zhao Sheng's words.

Not only did Xiao Tian leave with an angry face, but Zen also made one of the important guests leave. This made Li Wen angry at Zen again because Zen failed in doing his job.

"Yes. I don't want to be in the same room with useless people like them," Zhao Sheng said while pointing his index finger at the other guests.

When Zhao Sheng said that, none of the guests dared to say anything. They knew Zhao Sheng was humiliating them by saying that they were useless. But they didn't dare to cause trouble to Zhao Sheng because they were afraid of the Zhao family.

After sighing, Li Wen said, "All right. Please be careful on the roads, young master Zhao."

"All right." Zhao Sheng answered as he smiled.

Chapter 328 - Let's Take Revenge On Xiao Tian Together.

When Zhao Sheng saw Xiao Tian, he immediately said, "Xiao Tian, wait!"

Xiao Tian stopped his footsteps and turned around. "What are you doing here?"

"I don't want to be in the same place as them, so I also left." Zhao Sheng answered instantly. "Oh Right, you should be careful because I'm sure the Hong family will cause trouble to you later."

Because Xiao Tian had offended an upper-class family, Zhao Sheng was sure that the Hong family would take revenge on him later.

"Can you give me information about the Hong family?" because Xiao Tian knew that Hong Jun would take revenge on him, he thought he needed information about the Hong family.

His past life father always said that the most important thing before going to war was knowing about the strengths and weaknesses of the enemy. For this reason, Xiao Tian wanted information about the Hong family.

"I will give it to you tomorrow." Zhao Sheng answered instantly. "What do you want to do to Hong family?"

"I'm sure Hong Jun will cause trouble to me later, so I will strike first." Xiao Tian gave Zhao Sheng an honest answer. Because he was with Zhao Sheng, Xiao Tian thought he didn't need to lie to him.

"Haha." Zhao Sheng laughed after hearing Xiao Tian's words. "Good! Whoever attacks first has the highest chance of winning the battle. But you need to be careful because your enemy is from an upper-class family."

"I will." Xiao Tian replied

Cloud Villa.

Hong Jun held his broken arms and tried his best to bear the pain. Today was the worst day for him. From when he was born, no one had never treated him like what Xiao Tian had done to him.

He was from an upper-class family, so all his life, many people always praised him and wanted to get close to him. He never thought there would be a day when he would be humiliated like that.

He was sure that from tomorrow onwards, many of young masters or misses from upper-class families would make fun of him.

His face was full of bruises and his right arm was broken. Not only that, but everyone also saw him when Xiao Tian was humiliating him or breaking his arms.

If he didn't take revenge and humiliate Xiao Tian more than what Xiao Tian had done to him, he wouldn't be able to forget all of that until he died.

Because Xiao Tian had humiliated him and everyone looked at him as if he was a fool, Hong Jun decided to leave the party.

With all his strength, Hong Jun tried to stand up. "Director Li, I'm leaving."

Li Wen didn't answer him because Hong Jun was the reason all of his plans were ruined. Actually, he also wanted to beat Hon Jun for his stupidity, but he decided not to do that because he needed to give some face to Hong family.

With an embarrassing feeling in his heart, Hong Jun walked out of the Cloud Villa. The light in his eyes was dimmed and every step felt so heavy. Hong Jun knew that his family would be angry with him later, but he still had to go home.

After Hong Jun left, Li Wen looked at Zen and said, "Leave Cloud Villa now and never come back again!"

Because Zen knew Li Wen would not forgive him, he decided to leave because he was afraid if he made Li Wen angrier, Li Wen would do something to him later.

Because Zen also wanted to take revenge on Xiao Tian for ruining his life, he decided to run after Hong Jun. What he didn't know was that someone was following him.

When Zen saw Hong Jun, he immediately dashed toward him and said, "Young master Hong, wait!"

Hong Jun turned around after hearing Zen's words. "Do you need anything?"

"Let's take revenge on Xiao Tian together." Zen went straight to the point.

Zen was sure that Hon Jun would agree to his idea because they had the same enemy. Xiao Tian had humiliated both of them earlier, and because of Xiao Tian, all the guests made fun of them.

"All right." because Hong Jun thought that two people was better than one person, he agreed to take revenge on Xiao Tian together with Zen. "Get in my car, let's talk somewhere."

"All right." Zen nodded his head

However, when Zen and Hong Jun were about to get into the car, someone who wore a mask suddenly walked toward them. "Wait!"

Zen and Hong Jun turned around. When they saw that person, Hong Jun immediately asked, "Who are you?"

"You don't need to know who I am." the person who wore a mask answered. Then he threw something toward Hong Jun. "This will help you take revenge on Xiao Tian."

When Hong Jun saw a USB flash drive, he immediately asked, "Why are you helping me?"

"You can say that I also don't like Xiao Tian." after saying that, the person who wore a mask walked away.

"USB flash drive?" Zen said abruptly. "Young master Hong, there must be something important in this USB flash drive."

"I think so too." Hong Jun answered instantly. "Let's go to my hotel and see it."

"All right." Zen nodded his head.

"Go to the hotel," Hong Jun said to his driver.

Somewhere inside the car.

"Young master, I gave it to them." the person who wore a mask said.

"Good!" a voice rang out from the backseat. "Let's go home."

"All right." that person immediately took off the mask and drove the car.

Currently, Xiao Tian was lying on the bed. Because he was in a bad mood, he immediately went home after he left Cloud Villa.

Not long after that, Ye Xueyin entered his room and said, "Tian, what is wrong? Did something happen at the party?"

"Nothing." Xiao Tian answered as he smiled. "Come here and lie next to me."

Without waiting for another second, Ye Xueyin immediately laid down on his right side. "If you have a problem, you can share it with your mother, you know."

"I'm just tired." Xiao Tian knew if he told his mother what he had done, she would feel worried later. For this reason, he decided not to say anything to her.

Because Xiao Tian didn't want to tell her about it, Ye Xueyin didn't ask anymore. "Do you want me to massage your body again?"

"No." Xiao Tian shook his head. "How about we have sex right now?"

"But didn't you say that you are tired right now?" of course, Ye Xueyin would love to have sex with her son, because actually, she also wanted to do it earlier. However, because Xiao Tian looked unhappy, she didn't say it.

"For my beautiful lover, I will always have the energy to do it." Xiao Tian answered instantly. "So, do you want to do it right now?"

"Un." Ye Xueyin nodded her head as she smiled.

Then they immediately took off their clothes and began to have sex. They had sex for several minutes before finally they stopped and laid down on the bed.

Currently, Ye Xueyin was laying down on Xiao Tian's right side with her head resting on his arms. "It was great."

"Yes." Xiao Tian replied. "It's a pity that aunt is not at home."

"Well, that's because there is so much work today. She said she would be home late." Ye Xueyin said.

Then Xiao Tian and his mother talked for several minutes. They were joking, and laughing together.

Chapter 329 - I'm Home

6-8 minutes

Time passed by quickly and without realizing it, it was already 10:30 pm. At this moment, Xiao Tian really hoped that his aunt would return home soon.

Even though he was pleased because he could spend time alone with his mother, but he felt strange when his aunt was not next to him. "I miss aunt very much."

"It's already 10:30 pm, so she will be home soon." Ye Xueyin also had the same thought as her son because the happiest time for her was when the three of them could spend time together.

Coincidentally, as they were missing Ye Qingyu, the sound of the door being opened by someone could be heard in their ears. Xiao Tian and Ye Xueyin immediately knew that Ye Qingyu had returned home.

For this reason, Xiao Tian dashed toward the guest room. Even though he was still naked, he didn't care about it because his aunt had seen his naked body many times.

When he was in the living room, he saw his aunt walking tiredly. Without saying anything, Xiao Tian embraced his aunt and said, "Aunt, welcome home."

Because Ye Qingyu was exhausted, she had no strength to hug her nephew. "I'm home."

Xiao Tian then stopped the hug and kissed her forehead. After that, his face broke into a soft smile. Xiao Tian was thrilled because his aunt finally arrived home. Earlier, he kept thinking about her and hoping that she would go home soon.

When Ye Qingyu noticed that her nephew was naked, she immediately said, "Why are you naked?"

"I just finished having sex with mother." Xiao Tian gave her an honest answer. "When I knew you arrived home, I immediately dashed to welcome you."

Ye Qingyu could only sigh after hearing her nephew's words. "I will take a bath first."

Without giving his aunt a warning, Xiao Tian carried her in princess style and walked toward her room. "Let me help you take a bath."

"Tian, aunt is tired so we can't have sex today. If you want to have sex with aunt, you have to wait for tomorrow." At this moment, Ye Qingyu thought Xiao Tian wanted to have sex with her. Even though she didn't mind having sex with him, but because she was exhausted, she didn't want to have sex.

"I know. I just want to help you take a bath." Actually, Xiao Tian planned to have sex with his aunt earlier, but after learning that she was worn out, he decided not to do so.

"All right." because her nephew wanted to help her take a bath, she let him do whatever he wanted. She only hoped that he would be able to hold back his lust after seeing her naked body later.

After Xiao Tian stepped into her room, he made his aunt sit on the edge of the bed. As if she was a princess of a kingdom, Xiao Tian began to take off her clothes.

He started by taking off her white blouse then her bra before finally, he lifted her body so that he could take off her jeans and panties.

When her nephew began taking off her clothes, Ye Qingyu did nothing. Actually, she was delighted by his actions because she was too tired to move her body.

After taking off her clothes, Xiao Tian carried her to the bathroom. Without waiting for another second, Xiao Tian began washing her body.

And like before, Ye Qingyu only sat on the small stool. She even shut her eyes and let Xiao Tian handle everything.

Actually, Xiao Tian wanted to lick or suck her breasts and pussy, but because he promised her that he would only help her take a bath, he pushed that thought away.

To his surprise, she suddenly tilted her head back and showed her beautiful neck to him. This made the corner of his lips twitch. Xiao Tian suddenly thought that his aunt wanted to test his patience by showing her beautiful neck to him.

Actually, Ye Qingyu didn't want to tease him. When she closed her eyes, she suddenly felt sleepy. That was why she unconsciously tilted her head back.

After Xiao Tian finished washing her body, he immediately said, "Aunt, do you want to soak in the bathtub?"

Ye Qingyu was wavering whether they should soak in the tub or not. It was true that she was exhausted but soaking in the tub was one of the things she loved the most.

Ye Qingyu also believed that soaking in the bathtub could reduce his body's fatigue. For this reason, Ye Qingyu decided to soak in the bathtub. "Let's soak in the tub for ten minutes."

"All right." Xiao Tian then carried her and put her in the tub before finally, he sat behind her facing the same direction.

"Huft. I'm tired." Ye Qingyu leaned her head on her nephew's left shoulder and let out a sigh.

"Thanks for the hard work." Xiao Tian wrapped his arms around her waist before finally, kissing the right side of her neck.

Xiao Tian and Ye Qingyu remained in the same position for ten minutes before finally, Ye Qingyu said, "Let's get out of the bathroom."

"All right." Xiao Tian and Ye Qingyu got out of the tub. Then Xiao Tian took a towel and began drying their bodies.

After that, Xiao Tian carried his aunt again. However, Xiao Tian didn't head to her room; instead, he walked toward his room.

This made Ye Xueyin stunned because earlier, she thought he would head toward her room. "Tian, where do you want to take me?"

"To my room." Xiao Tian answered instantly. "You are going to sleep in my room, right?"

"Yes. But aunt needs to wear clothes first." It was true that she intended to sleep in her nephew's room because she loved it when they were sleeping together.

"There is no need for that. The three of us will sleep naked again tonight." Because Xiao Tian was unable to have sex with his aunt tonight, he planned to make his aunt sleep on top of his body so that he could feel the warmth of her body.

Ye Qingyu looked at him intently. At this point, she knew that whatever she said would be meaningless. For this reason, she let her nephew do whatever he wanted. When they stepped into his room, they saw Ye Xueyin lying down on the bed.

When Ye Xueyin noticed her son and little sister, she immediately said, "What took you so long? Did you two have sex?"

"No." Xiao Tian had no idea why his mother thought that he had sex with his aunt just because they didn't return to his room for several minutes. "I helped aunt take a bath, and we soaked in the tub for several minutes. That is why it takes a while."

"I see." Actually, Ye Xueyin also thought that her son and little sister didn't have sex because if they had sex, she would hear her little sister's moan.

Because Xiao Tian didn't want to part with his aunt, he walked into the bed with his knees while still carrying her.

After that, he laid on his mother's right side and of course, Xiao Tian made his aunt rest on top of his body.

Chapter 330 - The Problem Arises Again

7-8 minutes

Currently, Xiao Tian was lying on his back with his aunt on top of his body. His mother, who was lying on his left side, embraced his arms tightly.

Because Ye Qingyu was exhausted, she immediately closed her eyes. Even though she wanted to talk to her nephew and big sister, but because she was tired, she decided to sleep.

When his aunt was closing her eyes, Xiao Tian rubbed her hair gently. Xiao Tian knew that she was worn out, so he let her sleep comfortably.

Ye Xueyin also didn't talk to her son because she didn't want to disturb her little sister's sleep. However, she suddenly wanted to kiss him. For this reason, she looked at him and pouted her lips.

Even though his mother didn't say a single word, but by looking at her pouting lips, Xiao Tian understood that she wanted a kiss. However, because he was unable to move his body, he could not kiss her.

Because her son still hadn't kissed her, Ye Xueyin brought her face closer toward his face.

*Kiss....

As soon as their lips met, Ye Xueyin, who desired to have a French kiss, immediately tried to put her tongue in his mouth.

Soon, both of them kissed passionately. However, because Xiao Tian didn't want to disturb his aunt, he didn't move his body and could only let his mother dominate the kiss.

Xiao Tian and Ye Xueyin kissed for several seconds and none of them showed a sign of stopping. Due to their hot kisses, the flame of lust began to appear within Xiao Tian's body, causing his cock to erect slowly.

When Ye Qingyu felt something hard on her stomach, she immediately said, "Tian, make your cock go soft. Aunt can't do it now."

Upon hearing his aunt's words, Xiao Tian broke the kiss. "Sorry."

At this moment, Ye Qingyu had no idea that her big sister and nephew had a passionate kiss. "We can have sex tomorrow night."

"Un." Xiao Tian then looked at his mother, giving her a sign not to kiss him again.

Even though Ye Xueyin still wanted to have a passionate kiss with her son, but because she didn't want to disturb her little sister's sleep, she decided to sleep too.

And like this, the three of them slept.

The following morning, Xiao Tian went to the campus after having breakfast with his mother and aunt. After he finished his morning class, Xiao Tian waited for Zhao Sheng at University Garden.

Not long after that, Zhao Sheng arrived and sat on the wooden bench. "Here. This is the information about the Hong family and Zen."

Without waiting for another second, Xiao Tian began skimming the documents. After he read all the important information, Xiao Tian and Zhao Sheng went to the Red Flower Bar.

However, when Xiao Tian, Zhao Sheng, and Lan Ruoxi were discussing something important, one of Lan Ruoxi's people knocked on the door.

When Lan Ruoxi gave permission, he immediately entered the room and stood in front of Xiao Tian.

This made everyone stunned.

Xiao Tian, Zhao Sheng, and Lan Ruoxi thought he would whisper something to Lan Ruoxi, but they were wrong.

Not only did he not whisper to Lan Ruoxi, but he even stood in front of Xiao Tian. For this reason, Lan Ruoxi, Xiao Tian, and Zhao Sheng looked at him with a confused look.

When he saw the expression on their faces, he knew that they were confused. That was why he showed something to Xiao Tian. "Young master Xiao, look at this."

The expression of deep shock emerged on Xiao Tian's face when he saw it. Xiao Tian immediately gritted his teeth and clenched his fist.

Xiao Tian's expression made Lan Ruoxi and Zhao Sheng curious. For this reason, he moved closer toward Xiao Tian to look at the video too.

"Young master Xiao, this is...." Lan Ruoxi could not finish her words after seeing it.

"Who did this?" Zhao Sheng inquired. "Is that Hong Jun or Zen?"

Xiao Tian was furious after seeing the video. It was the video of Xiao Tian and Yun Xin Er kissing passionately, and an unknown person posted it on the internet.

Lan Ruoxi then looked at her underling and said, "You can leave now."

"Understood." He bowed slightly before walking out of the room.

At this moment, Xiao Tian had several suspects. First, it was Hong Jun. Second, it was Zen and third, it was the mastermind who caused trouble at his company several days ago.

Xiao Tian had a high suspicion that the person who posted the video on the internet was Hong Jun or Zen.

'Fuck!'

Xiao Tian cursed venomously in his heart. He knew that soon his harem would be in a mess because of this.

At this moment, Xiao Tian really wanted to kill the person who uploaded the video on the internet because with this, he knew that a big problem would happen to him later.

Not only would his harem fall apart, but it would also destroy the reputation of his company. Xiao Tian also believed that Yun Xin Er's reputation would be tarnished too.

'Ahhhhhhh!'

Xiao Tian almost went crazy when he knew what would happen to him, his harem, or Yun Xin Er later.

"Young master Xiao, what are you going to do?" Lan Ruoxi knew that Xiao Tian was furious because his good image had been tarnished.

At this moment, Xiao Tian had no idea whether he should immediately find the mastermind or meet all his women.

However, Xiao Tian didn't know what to say after meeting them later. He was sure they would not believe his words.

Because Lan Ruoxi thought it was a fake video, she immediately said, "Let's check this vid-"

Before Lan Ruoxi had finished her words, Xiao Tian said, "It's real."

Actually, Zhao Sheng wanted to praise Xiao Tian for doing something like that with a famous singer. However, he decided not to do that because it was not the right moment to joke around.

Now, Zhao Sheng was sure that all Yun Xin Er's fans would hate Xiao Tian to the bone. Especially, her male fans.

When Xiao Tian thought of what he should do next, his smartphone suddenly rang. When he saw that it was Shi Fei, Xiao Tian immediately picked up the phone. "What's wrong, Fei?"

"Little brother, where are you? Have you seen the video about you and Miss Yun on the internet? And don't come to the company now because there are several reporters in front of the company." Shi Fei couldn't help but ask lots of questions to Xiao Tian.

"I'm at Red Flower Bar right now. I have watched it. All right." Xiao Tian answered all of her questions. "Did little Xue watch the video too?"

"Yes." Shi Fei answered instantly. "She is sad after seeing it."

Xiao Tian had guessed that Lin Xing Xue would be sad and disappointed after watching the video of himself and Yun Xin Er kissing passionately.

"Is that person really you?" because Shi Fei didn't know whether it was really Xiao Tian or not, he decided to ask it.

"Yes." Xiao Tian gave her an honest answer.

Shi Fei was silent for five seconds before she finally said, "What are you going to do now? Xue is sad, angry, and disappointed in you now. It's hard for her to forgive you now."

"I know." Xiao Tian replied. "I will hang up first."

"All right." Shi Fei answered.
