Chapter 331 - Scandal

The video of Xiao Tian and Yun Xin Er kissing passionately spread throughout entire China like a world-shaking storm.

In several minutes, a quarter of people living in China had watched the videos of Xiao Tian and Yun Xin Er kissing passionately.

Everyone who watched it immediately shared the video to their social media accounts and named it such as the secret relationship of a young genius businessman and famous singer, a hot kiss of two famous people, immoral behavior of two famous people, and many other names.

Due to this, the videos spread on the internet even faster than before. Soon, all of Yun Xin Er's fans were furious and attacked Xiao Tian through his online shop, internet, and so on.

Several of Yun Xin Er's fans believed that Xiao Tian made Yun Xin Er drunk and took advantage of her. But there were also many of her fans who were disappointed with her and started to hate her too.

They could not accept it and blamed Yun Xin Er too. For this reason, many of them stopped being her fans.

They could not accept that their goddess had a passionate kiss with a man. It was even a man who was younger than her.

And like what they did to Xiao Tian, her fans, or more precisely, her former fans began to attack Yun Xin Er on the internet too, saying that she was a slut, immoral woman, and many other names.

Some of them even said that they regret ever admiring her. They didn't know that under her pretty face and beautiful voice, there was a slut side of her that was hidden.

In less than an hour, Yun Xin Er's reputation broken into pieces, and even several contracts were canceled due to the scandal.

An unknown place.

Yun Xin Er was surrounded by several reporters, and all of them wanted to know her opinion about the video that spread on the internet. They also wanted to know whether it was really her or not.

However, Yun Xin Er never gave them an answer. She always covered her face and avoided public places so that the reporters would not bother her.

This made Yun Xin Er's bodyguards work very hard to protect her and hide her from public places. But wherever they went, several reporters always followed them.

Li Entertainment, Li Wen's office.

Bruak...

Li Wen hit the table with his fist hard. He was furious after watching the videos. Because the videos of Yun Xin Er and Xiao Tian kissing had spread throughout entire China, Li Wen was unable to stop it anymore. "WHO DID THIS?"

In front of him, a young man about twenty-eight years old stood firmly. He was Bing Zhan, Li Wen's secretary.

"Bing Zhan, find out who did this quickly!" Li Wen was unable to control his anger anymore. With the circulation of videos of Xiao Tian and Yun Xin Er kissing passionately on the internet, Li Entertainment's reputation was tarnished.

Not only that, but it was their most important singer. At this moment, Li Wen really wanted to kill the person who uploaded the video on the internet for causing him big trouble.

"Understood, sir." Bing Zhan immediately walked out of the office.

Golden Bag company, Ye Qingyu's office.

Currently, she was sitting in her chair office. Ye Qingyu gritted her teeth and clenched her fist. She found it hard to believe what she was seeing. Her nephew always said that he only loved her and her big sister and would never hurt their feeling.

And what made her angry was that he had been lying to her all the time. He kept saying that her big sister and she were the only people he loved, but he still had another woman behind their backs. He was cheating on them.

Xiao Tian always said that he had no relationship with Yun Xin Er and he was not in love with her, so why did he kiss passionately with Yun Xin Er?

This made Ye Qingyu believe that her nephew still had many secrets. She even suspected that he still had another lover.

All this time, she always tried her best to make him happy and loyal to him, but he did the opposite. Even though their relationship was taboo, but she kept telling herself that their love was real.

"Hehehe." Ye Qingyu laughed sorrowfully. She felt as if someone was stabbing her heart with a knife.

Her heart ached when she remembered the videos of Xiao Tian and Yun Xin Er kissing passionately. She loved her nephew very much and here, he was cheating on her. As she was closing her eyes and tilting her head back, tears fell down her cheeks.

Stars coffee

Currently, Ye Xueyin was sitting on the chair in her room. Tears were falling down her soft cheeks. She felt her world broken into pieces when she saw the videos of her son and Yun Xin Er kissing passionately.

She kept refusing to believe that it was her son, but every time she tried to deny it, the scene where her son and Yun Xin Er kissing passionately appeared on her head.

Slowly the entire world turned dark in her eyes. She kept sitting on the chair without moving her body. She didn't think that her son had been lying to her all the time. One by one the promise Xiao Tian had told her appeared in her mind.

** Xiao Tian looked at his mother lovingly and said, "Mother, I will always make you happy and will never hurt you. I promise, I will always remember my words."

"Liar!" Ye Xueyin's little mouth opened, letting out a sorrowful voice.

** Xiao Tian looked at his mother and said in a soft loving voice. "Mother, you and aunt are the only people who I love in this world."

"Liar!" A sorrowful voice came out of her mouth again.

** Xiao Tian raised his right hand high and said, "I swear in the name of the sun that illuminates the earth during the day and the moon that illuminates the earth at night that my love is only for mother and aunt. Only for you two until my last breath."

"Liar!" Once again, a sorrowful voice escaped from her little mouth. "You are a liar!"

Tears kept falling down her soft cheeks. She always gave her son the best things she had. Her body, her time, she gave it to him without thinking twice. And here, her son broke all of his promise to her and lied to her.

Stars Clothes Company, Lin Xing Xue's office.

Even though Lin Xing Xue was sad and her heart was broken into pieces, she was still working. But, as she was working, she kept wiping off the tears on her cheeks, tears that keep falling from her beautiful eyes and continue to wet her cheeks.

Every time she tried to focus on her work, the scene where Xiao Tian and Yun Xin Er kissing passionately kept appearing on her mind.

It made her unable to focus on her work and feel like someone was slicing her heart. It was so painful for her, to the point she wanted to cry loudly.

However, because it was working time, Lin Xing Xue tried her best to keep working. She kept working with tears running down her cheeks.

Stars Clothes Company, Shi Fei's office

Currently, Shi Fei was sitting on the office chair. Among all Xiao Tian's woman, only Shi Fei who was not sad after seeing the video of Xiao Tian and Yun Xin Er kissing passionately.

She tried to delete the videos on the internet or report it but she only could delete a few of it. "Who did all of this?"

Shi Fei was furious that her lover's reputation was tainted. Due to how angry she was, her face turned dark. She really wanted to torture the person who spread the video to the internet.

Liu Ning's house

Even though Liu Ning also felt hurt when she remembered the scene where Xiao Tian and Yun Xin Er kissing passionately, but it was not as hurt as what Ye Xueyin's felt.

She knew that Xiao Tian had another lover and she had accepted it. But still, she hoped that they knew each other by introducing themselves, not by scandal like this.

"He must be having a hard time right now." Liu Ning mused. "I hope he will not make a stupid decision."

Chapter 332 - Where Is The Happiness You Promised Us?

After thinking for several minutes, Xiao Tian decided to go to Stars Coffee to meet his mother because she was the most important woman in his life.

However, when he reached Stars Coffee, his mother had returned home. Without waiting for another second, Xiao Tian went home.

But when he was about to enter the home, Xiao Tian suddenly stopped his footsteps. He felt as if he was unable to move his body anymore.

The thought of his mother crying, made Xiao Tian's heart ache. He didn't know how to explain it to his mother or how to make his mother not sad anymore.

At this moment, the imagination of all his woman leaving him appeared on his mind. In his imagination, all of them said that they were disappointed in him, telling him that he was a liar.

This made Xiao Tian unable to move his body even more. Xiao Tian began to blame himself for being useless.

If he introduced them to each other earlier, something like this might not have happened to him. Now that they knew he had another lover, they would feel betrayed by him.

Actually, Xiao Tian realized that his actions would backfire him if he didn't introduce them sooner. However, he kept to delay it, saying that it was not the right time.

Due to his actions, now he hurt all his girlfriends' feelings. As long as they didn't leave or avoid him, Xiao Tian was fine if they wanted to hit him or get angry at him.

He just could not imagine his life without them anymore. They had become his life, and without them, his life would be like a bird without wings.

They were the pieces of his heart, they were the reason his life became colorful, they were the reason he could do anything, and they were the reason why the world looked so beautiful in his eyes.

Xiao Tian shut his eyes and drew a deep breath as if steeling himself for something that could kill him in a second.

Even though he had made up his mind, but he was still unable to move his body. The imagination of his mother crying in sorrowful kept appearing in his mind.

And when he managed to take one step forward, he felt as if there was something heavy on his shoulders.

Xiao Tian had no idea why he was suddenly afraid to enter his home. He wanted to run away but he knew something like that would make things worse.

Each step he took was small and slow. The light in his eyes was dimmed. At that time, Xiao Tian was like a person who lost someone who meant the world to him.

One step....two steps....three steps.....four steps....

The closer Xiao Tian was to the guest room, the greater the fear in his heart. The possibility that might happen to him kept appearing in his mind.

And when Xiao Tian stepped into the living room, he stopped his footsteps and felt like his body froze. Xiao Tian felt as if someone was stabbing his heart when he saw his mother crying in his aunt's embrace.

The sound of his mother crying that entered his ears, hurt his heart even more. His mind went blank and he had no idea what he should do.

Even though his aunt was not crying, but the expression on her face showed that she was angry and disappointed at the same time.

Xiao Tian walked toward them and when he was in front of them, he said sorrowfully, "Mother....Aunt....I...!"

When Ye Qingyu saw her nephew, she stopped embracing her big sister and rose to her feet.

*Slap

The sound of slapping echoed throughout the entire room.

Even though his aunt slapped him in the face very hard, but Xiao Tian didn't feel pain at all. Maybe it was because it hurt him more when he saw the expression of their faces.

Ye Qingyu looked at her nephew and said angrily "YOU ARE A LIAR!"

Xiao Tian's heart was trembling when he saw the expression on his aunt's face. He hated that expression very much. The gentle expression that always appeared on her face whenever she was with him, disappeared without a trace.

The gentle voice that he always heard whenever she was with him, changed into an angry voice. It was the first time Xiao Tian saw his aunt having such an expression when she looked at him.

This made Xiao Tian unable to say a single word for several seconds and only looked at her. "I am sorry."

"I AM SORRY?? HUH? I AM SORRY?" at this moment, Ye Qingyu was unable to hold back her anger anymore. The anger within her body had consumed her heart. The look in her eyes filled with hatred.

*Slap

Ye Qingyu slapped Xiao Tian again.

And like before, Xiao Tian didn't feel pain after being slapped by his aunt. The source of the pain he felt was from her eyes, which were filled with hatred.

"Do you know what you have done?" Ye Qingyu grabbed Xiao Tian's collar. "DO YOU KNOW WHAT YOU HAVE DONE?"

"I know." Xiao Tian wanted to explain everything but he suddenly felt the words stuck in his throat.

"Why did you lie to us? where is the happiness you promised us? Why did you cheat on us? Didn't you say you would not make us sad? Didn't you say you only loved us? Didn't you say you would always remember your promise? What happened to all of it?" with an angry expression on her face, Ye Qingyu threw a lot of questions to her nephew.

Because Xiao Tian only stood still without saying a single word, Ye Qingyu was getting angrier. For this reason, she wanted to slap her nephew in the face again.

"You..." Ye Qingyu raised her right arm and was ready to slap Xiao Tian again.

However, before Ye Qingyu could slap Xiao Tian, Ye Xueyin grabbed Ye Qingyu's hands and said, "Qingyu, stop it. Let's go to my room. I'm tired. I want to sleep."

Ye Qingyu gritted her teeth while looking at her nephew angrily. But because her big sister said that her big sister wanted to sleep, she brought her big sister to her big sister's room.

Click...

Because Ye Qingyu didn't want Xiao Tian to enter Ye Xueyin's room, Ye Qingyu locked the door.

As Xiao Tian was standing in front of his mother's room, memories of his aunt asking many questions about his promises appeared on his mind.

The expression of anger and disappointment on his aunt's face, the sad expression on his mother's face, kept appearing on his mind.

Because the door was locked, Xiao Tian was unable to enter his mother's room. For this reason, Xiao Tian stood in front of the door for several minutes.

He kept looking at the door with a blank expression on his face. When he raised his right arm and was about to knock on the door, all the courage within his body disappeared in a second.

Xiao Tian put down his arms again and sat on the couch. He closed his eyes and tilted his head back. He kept blaming himself for all of this.

At this moment, Xiao Tian hoped that he could turn back time so that something like this would not happen to him.

After sitting on the couch for several minutes, Xiao Tian decided to go to Lin Xing Xue's house because he wanted to apologize to her

Chapter 333 - Sadness

6-8 minutes

With a sad expression on his face, Xiao Tian walked toward Lin Xing Xue's house. Even though he knew that Lin Xing Xue would be angry with him too, but he still wanted to meet her.

Xiao Tian just hoped that she would not leave him after this. And like when Xiao Tian was about to enter his home, he felt his legs were heavy, causing him to walk very slowly.

His expression was still blank. From the expression on his face, anyone could tell that he was having a big problem.

"Hey, is not that Xiao Tian?"

"Ah! You are right."

"Look at his expression! He must be having a big problem."

"I think so too."

"What?! You don't know about it? There is a scandal about Xiao Tian and the famous singer Yun Xin Er?"

"What happened? Tell me."

"The videos of him and Yun Xin Er kissing passionately spread on the internet."

"Yes. I watched the video too. Here watch this?"

"Whoa! I didn't know he is this kind of person."

"I'm envy and hate him at the same time. I envy him because he could have a French kiss with a beautiful famous singer and hate him because of it."

"Tch, tch, tch! Young people nowadays know no shame."

"Uncle, not all young people like him."

"I thought he is an innocent person. I have no idea he is this kind of person too."

"Hey, is not that only a kiss? What is wrong with that? You also have a passionate kiss with your lover, right?"

"But I never record it!"

"I don't know whether he is the one who records it or not, but I think it's because his company is growing rapidly and someone doesn't like it. or maybe he offends someone lately and that person wants to take revenge on him."

When several people saw Xiao Tian, they could not help but start talking about him. Even though it was not as bad as the one on the internet, but they kept talking about him.

Xiao Tian, on the flip side, kept walking without looking at them. He didn't care about them. All he had on mind was what he should do when he met Lin Xing Xue later.

Not long after that, Xiao Tian reached Lin Xing Xue's house. And like before, when Xiao Tian wanted to knock on the door, he felt his right hand was heavy.

After taking a deep breath, Xiao Tian knocked on the door.

Knock...knock...

Not long after that, a beautiful mature lady opened the door. When Lin Xing Xue saw Xiao Tian, she didn't say a word and only looked at him.

Like the expressions on the faces of his mother and aunt, Lin Xing Xue also had a sad and disappointed expression. And not only that, from her wet cheeks, anyone could tell that she was crying earlier.

However, Lin Xing Xue didn't immediately slap Xiao Tian's face like what Ye Qingyu did to him; instead, she told him to sit on the chair which was on the terrace. "Sit first."

After sitting on the chair, Xiao Tian looked at Lin Xin Er and said, "Little Xue, I'm sorry."

Even though Lin Xin Er was furious, she still tried her best to control herself. "Tell me everything."

Xiao Tian began to tell his relationship with Yun Xin Er to her. This time he didn't hide anything. He even told her than he had slept in Yun Xin Er's house.

The more Lin Xing Xue heard about Xiao Tian's relationship with Yun Xin Er, the more she felt hurt. After taking a deep breath, Lin Xin Er said in a sad voice. "Let's break up."

*Break.

One again, Xiao Tian felt the world broken into pieces after hearing her words. The words he was most afraid of hearing finally came out of her mouth.

"I know I'm wrong for lying to you and cheating on you, but my love for you is real. Can we not break up? Can you give me another chance?" Xiao Tian loved Lin Xing Xue very much, and he planned to spend time with her until he died. That was why he didn't want to break up with her.

Lin Xing Xue was the first woman he approached, the first woman he wanted to protect, and the first woman to make him happy after taking over Xiao Tian's body.

He didn't want to lose her because she had become a part of his body. Every day he always wanted to meet her and spend time with her, so the thought of not being able to spend time with her anymore, made Xiao Tian feel dead inside.

At this moment, Lin Xing Xue still hadn't answered him. It was true that she was in love with him, but after watching the video of him and Yun Xin Er, her heart was hurt so much.

Actually, she also wanted to spend the rest of her life with Xiao Tian, but that feeling disappeared after she knew what he had done behind her.

All this time, she thought that she was the only person in his heart but she was wrong. She was utterly wrong because there was another woman in his heart.

Lin Xing Xue didn't expect that all this time, Xiao Tian had been lying to her. Now she even guessed that Xiao Tian had more than two girlfriends.

Lin Xing Xue was already twenty-nine years old, so she could not treat relationships as a plaything. Not only that, she even already has a daughter.

Because Lin Xing Xue still said nothing, Xiao Tian stood on his knees in front of her and held her hands. "Can you please give me another chance?"

This was the first time Xiao Tian had begged someone other than his family. In his last two lives, Huang Chen, or now Xiao Tian, had never cared about love.

However, in his new life, everything was different. He knew what it was like to be in love, knew how happy it was to have someone to love, or knew what it was like to miss someone.

Instead of giving him an answer, Lin Xing Xue rose from her seat and said, "Xiao Tian, I'm tired. I want to sleep. You should go home now."

Lin Xing Xue said the same words as what his mother had said earlier. This made the pain in his heart become bigger and bigger. "Little Xu-"

Before Xiao Tian had finished his words, Lin Xing Xue freed her hands from Xiao Tian's grasp and entered the house. Like what his mother and aunt did, Lin Xing Xue immediately locked the door.

Xiao Tian didn't immediately leave; instead, he sat on the chair.

"Let's break up"

What Lin Xing Xue just said kept echoing in his mind. He didn't think everything would fall apart like that.

Then Xiao Tian left and walked aimlessly. When he was on the road where he first teased Lin Xing Xue, he stopped his footsteps.

The memory of him holding her hands, the memory of him embracing her, the memory of them laughing together, and the memory where a few uncles gave their blessing to them, kept appearing on his mind.

Xiao Tian didn't expect the beautiful memories he had with Lin Xing Xue would make him feel sad. Then Xiao Tian sat on the sidewalk.

Suddenly someone appeared in front of him.

Chapter 334 - Practice Martial Arts

7-8 minutes

Xiao Tian raised his head weakly to see who was the person standing in front of him. When Xiao Tian saw the person, who was standing in front of him, he didn't say a single word and only looked at that person.

"You can't be like this. Remember that you still have to find the person who caused all of this." The person who was standing in front of him squatted down and embraced Xiao Tian.

Xiao Tian's sad expression turned cold. His eyes were filled with a flame of fury and all his fingers dug into his palm as the clear sound of bones cracking rang in his ears.

Xiao Tian realized that feeling sad for too long was not a good thing. All he had to do was to move on and solve all the problems one by one.

Xiao Tian then raised his head and said, "Ning'er, thank you."

"Good! My man should not drown in sadness." Liu Ning was pleased when she saw the determination on Xiao Tian's face.

With this, she understood that Xiao Tian would stop feeling sad and began to think about what he should do. She was thrilled that Xiao Tian was behaving like an adult, not like a kid. "What do you want to do now?"

Xiao Tian took his smartphone out of his pocket and said, "Chun Hua, find out who posted the video on the internet."

"We are doing that, sir." Chun Hua knew that Xiao Tian would ask them to find out who had posted the videos of Xiao Tian and Yun Xin Er on the internet. That was why she immediately asked her underlings to do that.

"Good!" Xiao Tian answered.

"Who is that person?" Liu Ning asked curiously.

Xiao Tian looked at Liu Ning for several seconds before finally, he began to tell her everything. Xiao Tian didn't want Liu Ning to know about them through other people.

Xiao Tian didn't want to make the same mistake. That was why he didn't hide anything from Liu Ning because Xiao Tian believed that Liu Ning would not mind that he had a gang as his underlings.

And like what he had guessed, Liu Ning didn't mind it. She was even pleased because Xiao Tian didn't try to hide it from her.

"Do you want to go home or to my home?" Liu Ning inquired.

"I will go home now. Tomorrow, I will come to your home." there was something Xiao Tian wanted to do.

"All right." even though she still wanted to cheer him up, but because he said that he didn't want to go to her house, Liu Ning didn't force him.

After Xiao Tian sent her home, he returned home. Xiao Tian didn't immediately head to his room; instead, he went to the backyard.

"I have to become stronger." There was a wooden sword in his right hand. Because Xiao Tian thought that he had to make his body stronger and faster, he decided to practice martial arts.

Not only would he become stronger by practicing martial arts, but it would also help calm his mind, which he needed the most at that time.

After warming up, Xiao Tian swung the sword three hundred times vertically. Xiao Tian did the same thing for more than half an hour before he finally stopped. Because his T-shirt was wet, he decided to take it off.

After drinking water, Xiao Tian began training again. The reason Xiao Tian practiced Moon sword martial arts was that Moon sword martial arts had secrets moves.

In his past life, Moon sword martial arts was famous for its deadly moves. It had eight secrets moves, and Xiao Tian was able to master all of it in his past life.

Those secret moves also had names.

- 1) Moon style of sword drawing techniques- First Ceremony- Mountain Splitter
- 2) Moon style of sword drawing techniques- Second Ceremony- Earth Breaker
- 3) Moon style of sword drawing techniques- Third Ceremony- Desert Storm
- 4) Moon style of sword drawing techniques- Fourth Ceremony- Radiant Sword Wind
- 5) Moon style of sword drawing techniques- Fifth Ceremony- One Hundred Deadly Slashes
- 6) Moon style of sword drawing techniques- Sixth Ceremony- Invisible Slash
- 7) Moon style of sword drawing techniques- Seventh Ceremony- Countless Cherry Blossom Storms
- 8) Moon style of sword drawing techniques- Eighth Ceremony- Grim Reaper

To master those secret moves, he had to make his body stronger and faster. He needed to make his body faster so that the enemy would not be able to dodge the secret moves and make his body stronger so that his attack could become more deadly.

Before Xiao Tian could learn those secret moves, he also needed to control the energy within his body first. In order to do those secret moves, he had to gather all his energy on a single point and didn't let it spread out.

Once he master it, he could even break a small or middle size stone with his bare hands. The most important thing was how to use the power. Breath, posture, speed, movement, and concentration were the first thing that he had to master before training the secret moves.

Then Xiao Tian sat crossed legs and slowly shut his eyes. As he was closing his eyes, one by one what his master had told him in his past life emerged on his mind.

After remembering what he had to do, Xiao Tian began to concentrate and feel the energy within his body.

He tried to control his breath. When he was meditating, Xiao Tian could feel the gentle breeze on his skin.

After several minutes, Xiao Tian slowly opened his eyes. Even though he was sad that everything was in a mess, and he could not spend time together with his mother, aunt, and Lin Xing Xue, Xiao Tian was still thinking positive.

Xiao Tian decided to use his time to make him stronger and learn martial arts. Then Xiao Tian began to train again.

Even though it was past 10:00 pm, Xiao Tian was still training in the backyard. The longer he practiced, the calmer his mind was. For this reason, Xiao Tian continued to practice even though he was tired and his arms ached.

At this moment, Xiao Tian didn't realize that Ye Qingyu had been looking at him for several minutes from behind a window.

At first, Ye Qingyu thought her nephew would buy beer and drink it to help him calm down, but she was wrong.

Not only did he not buy beer, but he even practiced martial arts in the backyard. This greatly surprised Ye Qingyu.

She knew that lately her nephew often practiced martial arts in the backyard. Ye Qingyu just didn't expect that he would still practice martial arts when he was facing so many problems.

Of course, Ye Qingyu was pleased by this. However, because she was still angry, she only looked at him. When she remembered what he had done to her and her big sister, the expression on Ye Qingyu's face turned into an angry expression. Then she turned around and walked toward her room.

That night, Xiao Tian practiced martial arts until 11:00 before finally, he took a bath and slept.

The following morning, Xiao Tian went to the campus without eating breakfast. However, when he was in the class, his name suddenly called, "Student Xiao Tian, please come to the rector's office."

Chapter 335 - Another Problem

Xiao Tian's face darkened because he knew what would happen to him later. He guessed that it was because of the scandal videos about him and Yun Xin Er lately.

Xiao Tian rose from his seat and walked toward the rector's room.

Knock...knock...

Xiao Tian knocked on the door.

"Come in." the voice of middle-aged man rang out from the other side of the door.

When Xiao Tian stepped into the rector's room, an elegant middle-aged man walked toward him.

"Student Xiao, please sit."

He was Dan Qi, the rector of Sky University. Dan Qi was famous for his kindness. He also often smiled at everyone. For this reason, everyone on Sky University highly respected him.

Xiao Tian then sat on the couch.

"Student Xiao, how is your company?" Dan Qi decided to have a small talk before telling Xiao Tian the reason why he called Xiao Tian.

"It's getting worse." even though Xiao Tian hasn't checked the finances of his company and other things, he knew that his company was getting worse due to the scandal about him and Yun Xin Er.

Of course, Dan Qi knew about it because the scandal was like a world-shaking storm. When Dan Qi remembered what he wanted to tell to Xiao Tian, he could not help but take a deep breath.

"Student Xiao, I know you are having a big problem right now but...." Dan Qi really didn't want to tell Xiao Tian the reason why he called Xiao Tian to his office. However, because it was the result of the meeting, he had to tell Xiao Tian about it. "I'm sorry, but we have to expel you from Sky University."

Actually, Dan Qi didn't want to expel Xiao Tian because he was a clever student. However, because it was related to Sky University's reputation, they had no choice but to expel him. And they also could not offend that person and had to do what he was told.

"It's fine." Xiao Tian had guessed something like this would happen to him. He was even sure that someone wanted him to be expelled from Sky University.

That was why when Dan Qi said that he was expelled from Sky University, he showed no anger. Xiao Tian also knew there was no point in asking Dan Qi not to expel him from campus.

Dan Qi could only sigh when he saw the expression on Xiao Tian's face. "I have tried to transfer you to other Universities, but none of them want to accept you. I'm very sorry about this, student Xiao."

"It's fine." Xiao Tian slowly began to feel disappointed with this world. He suddenly realized that other people would oppress him if he didn't have power.

Suddenly a memory from his past life appeared on his mind.

"Son, if you have no power in this world, everyone will oppress you, and your life will be in the hands of others." His past life father said to him.

Because Xiao Tian always busied himself with all his women, he forgot what his past life father had taught him.

'I will become the wealthiest person in China and make everyone tremble when they hear my name.'

Xiao Tian made up his mind to make him richer and richer, until one day, he would be the richest person in the whole of China and make everyone respect him and fear him at the same time.

Dan Qi took several documents and gave it to Xiao Tian. "These are the documents about your education. Please take it."

Xiao Tian took it and put it on his bag. He didn't bother to check it because it was useless documents for him now. "I will take my leave now."

Because there was no point in staying in Dan Qi's office, Xiao Tian decided to leave. He didn't want to waste his time staying in Dan Qi's office.

"All right. please take care of yourself." Dan Qi could not help but feel sad when he saw Xiao Tian.

Xiao Tian was still young, but many problems came to him one by one without him knowing about it. However, he could not do anything about it, and he also didn't want to get involved in Xiao Tian's problem.

When Xiao Tian was heading toward his car, several people who saw him began talking about him again.

"Hey, it's him."

"What?! He still dares come to campus?!"

"Did you watch the news?"

"What happened?"

"It stated that his company's sales have dropped 30%."

"What?! Within a day, has it dropped by 30%?"

"Yes. Do you know that many people hate him now? Especially Yun Xin Er's fans?"

"I know about it."

"Well, it's because they kiss passionately in the video."

"Ahhh. I really envy him."

"It looks like his company will go bankrupt."

"It seems like that will happen."

One by one people could help but talk about Xiao Tian. The people who admired him previously, also began to speak ill of him.

All the women who always wanted to get close to him began to look at him in disgust. It was as if Xiao Tian was not their prince anymore.

However, Xiao Tian ignored them because he didn't want to waste his time with people like them. People like them were like a shadow. When it was bright and sunny, they would always follow him, saying he was the best or always praising him. But when the dark came, they would disappear as if they had never known each other before.

Then Xiao Tian decided to go to his company. But because he knew there would be a lot of reporters in front of his company, he decided to use the back door.

Before Xiao Tian headed to his office, Xiao Tian stopped in front of Lin Xing Xue's office. At this time, Xiao Tian wanted to know whether Lin Xing Xue was still working under him or not.

Knock...knock...knock...

"Come in." Lin Xing Xue's voice rang out from the other side of the door.

This made Xiao Tian delighted. He was thrilled that Lin Xing Xue behaved maturely. Even though they had a personal problem, Lin Xing Xue didn't bring it when she was in the company.

"Little Xue..." Xiao Tian said when he was in front of her.

"Sir, do you need anything?" Lin Xing Xue's voice was different from her usual voice when she was with him.

Her voice seemed so distant, and the expression on her face was also different from her usual expression.

Xiao Tian felt as if she didn't know him anymore and their relationship was only limited to boss and subordinates. "Can we talk for a minute?"

"Sir, what do you want to talk about?" Lin Xing Xue said without looking at Xiao Tian. "If it's a personal matter, I don't have time because the company is in crisis right now."

Xiao Tian could only sigh after hearing her words. He knew it was impossible to talk to her now because it seemed like she only wanted to talk to him if it was only work-related. "How is the company condition?"

"Our sales dropped by 30%." Lin Xing Xue immediately answered. "If we don't do something, it will fall even further."

"Let's have a meeting now. Bring Shi Fei to my office too." after saying that, Xiao Tian headed to his office.

Lin Xing Xue then rose to her feet and headed toward Shi Fei's office. Without waiting for another second, they headed toward Xiao Tian's office.

After they sat on the couch, Xiao Tian said, "Can you two tell me the condition of the company?"

"Our sales continue to decline and negative comments about the company are spread on company sites and elsewhere." Shi Fei answered right away. "Little brother, do you have a solution?"

Xiao Tian then took a book from the filing cabinet and showed it to Lin Xing Xue and Shi Fei. "I have new clothing designs. But since the company is in a state of crisis, let's produce fifty clothing for each design and see the results. Let's make it as if it's limited clothing designs."

"All right." Shi Fei and Lin Xing Xue nodded their heads.

Then they started discussing the company's problems and looking for solutions. After a few minutes, Xiao Tian ended the meeting.

Lin Xing Xue and Shi Fei returned to their office and continued to work, while Xiao Tian watched TV streaming on his laptop because he wanted to know about the latest news about his company. But he suddenly found something big.

Bruak..

Xiao Tian hit the workbench hard.

'Who stole my clothing designs?'

Chapter 336 - Li Wen Make A Move Faster Than Xiao Tian

7-9 minutes

Xiao Tian was furious when he saw Donghai clothing promoting their clothing designs. But what made him angry was that it had the same design as his clothing designs that Xiao Tian had given to Lin Xing Xue and Shi Fei earlier.

Xiao Tian believed that someone had betrayed him. Someone stole his clothing designs and gave it to Donghai clothing company.

"Little brother, what is wrong?" Shi Fei entered Xiao Tian's office without knocking on the door.

Because her office was next to his office, she could hear it when Xiao Tian hit the table hard. She had no idea why Xiao Tian suddenly did that. That was why she dashed toward his office.

"Someone stole my clothing designs." Xiao Tian said angrily. "Tell the tailors not to make clothes base on the clothing designs that I just gave you earlier."

The reason Xiao Tian told Shi Fei to cancel it was that Donghai clothing company would accuse his company of stealing their clothing designs if his company produced it.

"All right." Shi Fei left to inform the tailor about it. Then she returned to Xiao Tian's office. "I have told them."

Xiao Tian's eyes gleamed with terrifying sharpness. The smile that always appeared on his face was no longer visible on his face. The gentle expression on his face turned into a cold expression. And the aura around him turned into terrifying as if he was a person who loved to kill people.

Xiao Tian didn't expect that in two days his life would fall apart. The videos of him and Yun Xin Er kissing passionately spread on the internet, his harem was in a mess, his good reputation was ruined, he was expelled from Sky University, his company was in a crisis condition, and now someone betrayed him.

All of it happened in less than two days. Xiao Tian then rose from his seat and walked toward Shi Fei. "Fei, I will leave the company in your hand."

Shi Fei was surprised after hearing his words. "Little brother, what are you going to do? Where do you want to go?"

"You don't need to know." Then Xiao Tian walked out of his office.

Li Entertainment, Li Wen's office.

Currently, Li Wen was sitting on the chair. The expression on his face was terrifying. Since the video of Xiao Tian and Yun Xin Er spread widely, Li Entertainment's reputation was tarnish.

On the internet, several people said that Li Entertainment should end the contract with Yun Xin Er or they should not hire a slut as their singer. There were still a lot of bad things they said about Yun Xin Er or Li Entertainment on the internet.

Suddenly someone knocked on the door. Upon hearing that, Li Wen said coldly, "Come in."

When Bing Zhan was in front of Li Wen, he immediately said, "Sir, we have found the person who posted the video on the internet."

"Who is it?" Li Wen coldly.

"Hong Jun, the eldest son of Hong family." at this moment, Bing Zhan could feel a terrifying aura around Li Wen. He even felt as if the air in the room had turned cold.

"That good-for-nothing kid?!" Li Wen didn't expect Hong Jun dared to do that. Yesterday, he didn't punish Hong Jun for destroying his party and ruining his plans. And here, Hong Jun caused trouble to him again. "Does he think the Hong family is great? Good! Very good! Extremely good!"

"What do you want me to do, Sir?" Bing Zhan inquired.

"Do it like usual. I will go to the Hong family." After saying that, Li Wen rose from his seat and headed toward his car.

"Understood." Bing Zhan said.

Hong Beauty Company.

Inside a luxurious office, an elegant middle-aged man was working hard. On the Workbench, there was a mountain of papers.

Even though he had a lot of work, but from the expression on his face, anyone could tell that he was in a good mood. He is Hong Guan Ji, Hong Jun's father.

The reason he was delighted was that his company was growing again. Several important people became his customers.

Suddenly, someone entered his room without knocking on the door. This made Hong Guan Ji furious. "Dong Yi, what are you doing? Is this how you behave to your boss?"

"Sir, I'm sorry. I have someone important to report so I forget to knock on the door." Dong Yi replied. "Something big is happening to the company. Someone is making trouble for the company."

"What do you mean?" Hong Guan Ji had no idea why Dong Yi suddenly behaved like that. His company was growing again so what kind of trouble until it made his assistant behave like that. "Tell me what happened?"

Dong Yi began explaining what had happened to Hong Beauty Company. "All the doctors and cosmetic chemists suddenly resigned. Not only that, but our VIP and VVIP customers also decided to stop being members. And ... and ... almost all major shareholders want to stop their support and sell their investment."

"What?!" Hong Guan Ji said in surprise "How come?"

"I also don't know. We are trying to find out who is the mastermind behind this." After everything was a mess, Dong Yi and the others immediately tried to find out who was the mastermind behind all this, but until now the mastermind was still a mystery.

Hong Guan Ji gritted his teeth and said angrily. "Who dares to cause problems in my company? I will kill all his family members if I find out later."

"That's me." Li Wen and four of his bodyguards entered Hong Guan Ji's office. "Do you dare to kill my Li family members? Do you dare to go on war with my Li family?"

Hong Guan Ji felt his blood freeze. He didn't expect to meet Li Wen in his office. Not only that, Li Wen even stated that he was the one who caused problems at his company. "Director Li?"

Li Wen then sat on the couch and behaved arrogantly as if it was his office. "Yes. The mastermind behind all the problems in your company is me. I want to know, do you dare to cause problems to my Li family?"

Even though Hong Guan Ji was furious, but he tried his best to control his anger. Even though his family was an upper-class family, but when compared to the Li family, the difference between their families was like heaven and earth.

It would be easy for the Li family to destroy his family in a single day. For this reason, his arrogant attitude disappeared without a trace.

What Hong Guan Ji wanted to know was why Li Wen caused trouble to his company. He remembered that he had never caused trouble to Li Wen.

He would be a fool if he dared to do that "Director Li, I have never caused problems to the Li family, so why did you cause problems to my company?"

"You're right. You never caused problems to my Li family, but ..." Li Wen showed the video of Xiao Tian and Yu Xin Er kissing passionately to Hong Guan Ji. "Your son dares to cause trouble to my company. So, tell me, should I stay silent and pretend as if nothing happened after your son ruined my company's reputation and caused problems at my company?"

"Wait, don't tell me the person who posted this video on the internet is my son?" Hong Guan Ji knew the videos about Yun Xin Er and Xiao Tian's were spreading on the internet, but he did not know who was the person who posted the video on the internet.

"That's right." Li Wen answered.

Chapter 337 - How Do You Want To Solve The Problem?

5-7 minutes

Hong Guan Ji was furious after hearing Li Wen's words. He didn't expect that his son dared to cause trouble to Li Wen's company.

If he knew it was his son who posted the video of Xiao Tian and Yun Xin Er on the internet, he would have beat his son.

Now, due to the stupidity of his son, his family's future was in a state of crisis, and they could lose his family status as upper-class families in Shanghai.

At this moment, Hong Guan Ji really wanted to beat his son. All the efforts of his father and him were destroyed by his stupid son.

He was fine if his son caused problems to a weaker family, but causing problems in one of the strongest families was ignorance that could not be explained in words.

Hong Guan Ji did not know where his son's courage came from. Because Li Wen was the mastermind of everything that happened to his company, Hong Guan Ji didn't dare to do anything to Li Wen.

He could only hope that Li Wen would not cause more trouble to his company or else, his family would be ruined for sure. "That bastard son!"

"Three days ago, your son caused trouble at my party and ruined my plan, but I still forgave him because I still gave you some face." Li Wen's expression was still terrifying. It felt as if he really wanted to kill Hong Jun. "And now, your son dared to cause trouble to me again. So, tell me, should I keep silent and pretend as if nothing has happened to me? If you were me, what would you do?"

Hong Guan Ji didn't answer him. Li Wen was right because if he were Li Wen, he would also do the same thing.

Yun Xin Er was special for the Li Entertainment company. Not only that, Yun Xin Er even had a close relationship with the successor of the Li family.

So, Yun Xin Er's status was far more special in Li Wen's eyes. Hong Guan Ji was sure that Li Wen wouldn't care if it was another singer.

"So, how do you want to solve the problem?" Li Wen inquired

"I will make my son admit his mistakes publicly and inform the mass media that the video is a fake." Hong Guan Ji had no choice but to sacrifice his son because if he didn't do that, his family would be ruined.

He knew that Hong Jun would be jailed for this but for the sake of his family, he would do it.

Hong Jun was also good for nothing son so he would not lose much if he was put in jail, at least he would still be alive and his family would not be ruined.

Hong Guan Ji still had another son that was excellent in business and also had a good personality, so as long as Li Wen would not cause more trouble to his company, he was fine with it.

Li Wen rose from the couch and said, "I will give you a day to solve this problem. If your family dare to cause trouble again in the future, don't blame me if I will destroy your family later. Remember that!"

"Yes. I will remember it, director Li." Hong Guan Ji said as he bowed slightly.

Then Li Wen left with all of his bodyguards.

Currently, Xiao Tian was sitting on the couch. In front of him was Lan Ruoxi. Because Xiao Tian needed something from her, he traveled to Red Flower Bar after leaving the company.

"Young master Xiao, what do you want to do with this aphrodisiac?" Lan Ruoxi was surprised when Xiao Tian suddenly wanted aphrodisiac from her.

The aphrodisiac in Xiao Tian's hands was a little bit special. Whoever drank it, that person would immediately desire to have sex. But what made it special was that the person who drank it would desire to have sex with any person that close to that person, whether it was man or woman.

"Someone dared to post the video of Yun Xin Er and me on the internet, so I would do the same thing. But I will make it worse." Xiao Tian replied instantly. "I just need to know who is the mastermind behind all of this."

"So, you want to..." Lan Ruoxi didn't finish her words. She didn't want to imagine what Xiao Tian would do to the person who caused trouble to him because her mind could not bear it.

"I will destr-" Xiao Tian stopped his words when he realized that his smartphone was ringing. "How is it?"

"Sir, we have found out who posted the videos on the internet and we are following them now." Chun Hua said after Xiao Tian picked up the phone.

"Good! Send me the location now." Xiao Tian rose from the couch and walked out of the room.

When Lan Ruoxi saw Xiao Tian leaving, she immediately said, "Young master Xiao, I will come with you."

Upon hearing her words, Xiao Tian stopped his footsteps and looked at her for three seconds before walking again. He didn't give her an answer because he didn't care whether she would follow him or not.

Near Shi Fei's house.

Currently, Shi Fei was walking toward her house. The expression on her face was terrifying. She was furious because someone dared to cause trouble to the person she loved dearly.

She went home early because she wanted to investigate the person who caused trouble to Xiao Tian. She even intended to call in her subordinates to help her too.

Inside minivan, near Shi Fei's house.

Three people wanted to kidnap Shi Fei. Hong Jun paid them to kidnap Shi Fei so that he could take revenge on Xiao Tian.

"Zihan, Duhei, get ready. The target is here. Let's finish this job quickly so that we can have a party later." The blue-haired guy said.

"You are right, Min. Let's finish this job quickly." Because Shi Fei looked like a weak woman, Zihan thought it would be an easy job. That was why he was pleased.

Chapter 338 - Who Dare To Cause Trouble In Front Of This Young Master?

7-9 minutes

After driving for several minutes, Xiao Tian and Lan Ruoxi arrived at Liquid Bar, one of the famous bars in Shanghai. Without waiting for another second, Xiao Tian and Lan Ruoxi entered the bar.

When Chun Hua and her two underlings saw Xiao Tian, they immediately walked toward him and said. "Sir, they were in the VIP room."

"Take me to that room." Xiao Tian replied.

Inside the VIP room, two men were sitting on the couch. From the expression on their faces, anyone could tell that they were happy. Those two men were none other than Hong Jun and Zen.

On both of their sides, there was a beautiful lady wearing revealing clothes.

"Haha. That bastard Xiao Tian must be having a hard time now." After laughing happily, Hong Jun kissed the beautiful woman on both of his sides while squeezing their breasts with his left arm.

Even though his right arm was broken, it seemed like he forgot about it. The feeling he felt when he knew Xiao Tian was having a big problem, made him forget the pain and humiliation Xiao Tian had done to him.

Of course, Hong Jun wasn't satisfied and planned to give Xiao Tian another problem. Hong Jun would not be satisfied until Xiao Tian begs for forgiveness from him.

Hong Jun wanted to humiliate, so that Xiao Tian would not dare to cause trouble to him again in the future. Hong Jun wanted to make Xiao Tian tremble in fear every time Xiao Tian saw him in the future.

"I'm sure about it." Zen also did the same thing as Hong Jun. "That is the price for daring to cause trouble to us."

When they knew many people began to hate Xiao Tian, Hong Jun and Zen could not help but feel happy.

Xiao Tian had embarrassed them at the party three days ago, so they were thrilled because they could get their revenge on Xiao Tian. Of course, they didn't intend to stop there and wanted to kidnap Shi Fei so that they could torture him again later.

Even though they had no idea the person who gave them the video, they didn't care about it. All they had in mind was how to get their revenge on Xiao Tian.

When they imagined the expression on Xiao Tian's face when he was begging for forgiveness from them, their bodies trembled in happiness.

Xiao Tian was arrogant person, so they wanted to know what his expression would be when they tortured Xiao Tian later.

Bang!

Suddenly the sound of the door opened by someone echoed in the room. This made Hong Jun angry. "Who dare to cause trouble in front of this young master?"

"That's me, Xiao Tian." Xiao Tian walked toward Hong Jun with an angry face.

"Aaaa" the women who accompanied Hong Jun and Zen ran out of the room.

"Xiao...Xiao Tian." Hong Jun's expression darkened when he saw Xiao Tian in front of him. He didn't expect that Xiao Tian would appear in front of him. They were not ready for this.

And from Xiao Tian's expression, he knew that Xiao Tian was furious. This scared Hong Jun because he didn't bring a bodyguard with him.

Hong Jun knew that they would not be able to win a fight with Xiao Tian. Not only that, but Xiao Tian also brought his underlings with him.

Not only Hong Jun, but Zen was also surprised. His eyes widened in terror. He could not believe what he was seeing.

Because Hong Jun and Zen knew that they would not be able to win a fight with Xiao Tian, they rose from the couch and ran.

However, Chun Hua and her underlings immediately blocked them and also hit them in the face. Because Hong Jun and Zen were not good at fighting, they immediately fell to the floor after being hit by Chun Hua and her underlings.

Instead of walking toward Zen and Hong Jun, Xiao Tian walked toward the couch and sat on it. Chun Hua and her underlings immediately grabbed Zen and Hong Jun by the hair and brought them in front of Xiao Tian.

"You two are the ones who posted the video of me and Yun Xin Er on the internet, right?" Xiao Tian went straight to the point.

"What are you talking about? I don't know about it." of course, Hong Jun would not admit it. "Isn't that right, Zen?"

"Yes. Yes. We are not the ones who posted it on the internet." Zen knew if they admitted it, Xiao Tian would beat them to death. For this reason, he also lied to Xiao Tian.

Of course, Xiao Tian didn't believe their words. He then looked at Chun Hua and said, "Do it."

Even though Xiao Tian didn't explain it clearly, Chun Hua understood what he wanted. For this reason, she took a dagger from her right thigh and stabbed Hong Jun's left thigh. "Don't lie!"

"Aaaaaa....I'm not lying." Hong Jun still tried to cover his lie.

Because Hong Jun still didn't want to tell the truth, Chung Hua stabbed his thighs again. "Answer honestly!"

"Ahhhh." Hong Jun cried out in pain. The pain when Chun Hua stabbed his thighs ran through his entire body.

Ever since Hong Hun met Xiao Tian, Xiao Tian always humiliated him. This made him hate Xiao Tian very much. However, because he could not do anything to Xiao Tian, he could any hold back the hatred in his heart.

Zen, who saw what Chun Hua was doing, trembled in fear. From the expression on Hong Jun's face and the blood that came out of his thighs, Zen knew that Hong Jung felt so much pain.

This made Zen waver whether he should tell the truth or not. He was afraid Xiao Tian would ask his underlings to stab his thighs with a dagger too.

But he suddenly thought that if he admitted they were the ones who posted the video on the internet, Xiao Tian would torture them even more. This made Zen not know what he should do at that time.

When Xiao Tian noticed the fear on Zen's face, he started to smirk. "Manager Zen, tell me the truth. Who is the person that posted the video of me and Yun Xin Er on the internet? If you tell me, I will let you go, but if you don't want to tell me, my underlings will also stab you with a dagger."

Zen thought Xiao Tian would really let him go if he told Xiao Tian who was the person that posted the video on the internet.

For this reason, Zen immediately said, "It's young master Hong Jun. He is the person who posted the video on the internet."

"Zennnnn. You bastard!" Hong Jun was furious after hearing Zen's words. He didn't expect that Zen would betray him like that. "Xiao Tian, he is lying. He is the person who posted the video on the internet, not me."

Actually, both of them were the ones who posted the video on the internet and spread it. However, because their lives were on the line, they began to accuse each other.

They knew that Xiao Tian would torture the person who posted the video on the internet. For this reason, they began to accuse each other.

Xiao Tian had guessed that something like this would happen because, in his past life, he often saw it. "Now tell me the truth, or else I will torture both of you."

"It's him." Zen and Hung Jun pointed their index fingers at each other.

Xiao Tian then took a dagger from his underlings and sliced Zen's right cheeks, causing the blood to drip onto his cheeks. "Tell me now!"

"Ahhhh." Zen cried out loudly when Xiao Tian suddenly sliced his cheeks.

"Shut up!" Xiao Tian punched Zen's face hard, causing him to fall to the floor. Then Xiao Tian grabbed Zen by the hair and placed the dagger in front of Zen's left eye. "Tell me now, or else, I will pull out your left eye!"

Zen knew that Xiao Tian would really pull out his eyes if he didn't tell the truth. For this reason, he didn't dare to lie to Xiao Tian again. "It's us. We are the ones who posted the video on the internet."

"If you tell me from the start, I didn't need to hurt your cheeks." Then Xiao Tian sat on the couch again. "Make them drink it."

Chapter 339 - He Is Lying

7-8 minutes

"Wait... Wha...what is that? What do you want to do?" Hong Jun said in terror. At this moment, he thought Xiao Tian wanted to give them poison.

This made Hong Jun more scared because he still didn't want to die. He was still young and what more important was, he was still not married so he didn't want to die.

Hong Jun suddenly remembered something that could save himself. "Wait! Your woman, Shi Fei is in my hand. I paid three people to kidnap her and now she is in my hand. If you dare to hurt me, I will ask them to kill her."

Xiao Tian's face darkened. At this moment, he thought that Shi Fei was really in Hong Jun's hand. Even though Xiao Tian really wanted to get revenge on Hong Jun, but when he thought that Shi Fei was in Hong Jun's hand, he wavered and stopped what he was about to do.

When Hong Jun saw the expression on Xiao Tian's face, he knew that he had managed to scare Xiao Tian. Then he started to smirk and said, "Let us go and I will ask them to release your woman."

Hong Jun really hoped he could make Xiao Tian release them. Although he really wanted to kill Xiao Tian, what he needed to do at that moment was to free himself from the crisis situation first, after that he could make plans to kill Xiao Tian later.

At this moment, Chung Hua and her underlings wanted to laugh loudly but they tried their best not to do so.

Their founder was famous for her skill in fighting. Even several upper-class families didn't dare to cause trouble to her in the past and here Hong Jun said that their founder became a hostage.

It was the funniest thing they heard at that day. Their founder was famous because she could fight more than ten people alone, and here Hong Jun said that the three people he had paid to kidnap Shi Fei had captured their founder and taken her as a hostage.

However, when she saw the expression on Xiao Tian's face, she knew Xiao Tian believed Hong Jun's words.

"Sir, you don't need to worry. He is lying. I order ten of my underlings to guard lady Shi Fei's house every day. And because they didn't inform me about it, I'm sure everything is fine. If you don't believe me, you can call lady Shi Fei now." Even though Chun Hua didn't order her underlings to guard Shi Fei's house, she had no choice but to lie to Xiao Tian.

Because Xiao Tian wanted to confirm that Chun Hua was saying the truth, he took his smartphone and called Shi Fei.

"Hello, little brother. What is wrong?" currently, Shi Fei was sitting on the mountain of people. Three people who wanted to kidnap her now became a chair for her.

All of them had fainted and their faces were full of bruises. Not only that, but their arms were also broken.

"Nothing. I will hang up now." Because Xiao Tian only wanted to make sure that Shi Fei was fine, he immediately hung up the phone after he knew that nothing happened to her. "Chun Hua, well done. You did a very good job this time."

Xiao Tian though his underlings were the ones who beat Hong Jun's people. He didn't know that Chun Hua was lying to him.

"Thank you, Sir." Chun Hua could hardly believe that Xiao Tian still didn't know that Shi Fei was a former gang leader. Of course, she didn't intend to tell him because she was afraid that Shi Fei would torture her if she told him who Shi Fei was.

"What? Failed?!" the light in Hong Jun's eyes was dimmed. Earlier, he thought that he could be free from Xiao Tian because he was sure the person he paid for had succeeded in kidnapping Shi Fei.

He did not expect that they would fail in their mission. Now that nothing could save him anymore, he began resigned to fate.

Actually, he wanted to scare Xiao Tian using his family, but after remembering what had happened at Cloud Villa, he decided not to do that because he knew that Xiao Tian would not care about it.

Because Xiao Tian didn't want to waste time, he immediately told his underlings to make Hong Jun and Zen drink the aphrodisiac.

Soon, Hong Jun and Zen felt their bodies turning hot. They began taking off their clothes and did forbidden things.

Of course, Xiao Tian recorded all of it using the video application on his smartphone. After that, Xiao Tian posted the video on the internet.

And like the video of Yun Xin Er and him, Hong Jun and Zen video immediately spread really fast because Hong Jun was from an upper-class family.

Hong's family house.

Currently, Hong Guan Ji, his wife, and youngest son were sitting on the couch. At this moment, Hong Guan Ji was furious because his company was in a state of crisis.

He kept cursing his eldest son for his stupidity. Luckily his wife and youngest son were by his side to help him solve the problem.

Suddenly his secretary called him. Without waiting for another second, Hong Guan Ji picked up the phone. "What is wrong?"

"Sir, there is a video of young master Hong Jun doing something immoral with Zen on the internet. The video spread really fast and I can't stop it anymore because it's already too late." The secretary said.

"Now the company's reputation is down again. I am worried that this will cause major problems for the company."

"What happened? What video?" because Hong Guan Ji was discussing his company's problems with his wife and youngest son, he didn't know what was happening on the internet.

"I'll send the video link now." The secretary hung up the phone and sent a link to the video of Hong Jun and Zen doing something immoral.

When Hong Guan Ji saw the video, he was furious and his face turned red because of it. "This good for nothing son of mine dare to cause trouble again."

"What happened, dear?" Yi Yi, Hong Guan Ji's wife asked.

"Dad, what happened to big brother?" Hong Duan, Hong Guan Ji's youngest son, asked too. He didn't know why his father was suddenly angry after watching the video.

"Watch this!" Hong Guan Ji showed the video to his wife and son.

"How....how could he do something like this?! This is fake. Yes, this is fake." Yi Yi didn't want to admit that the person in the video was her son.

She knew that Hong Jun liked women, so she found it hard to believe what she was seeing. She kept denying that the person in the video was her son.

"Big....brother?" like his mother, Hong Duan also found it hard to believe what he was seeing. He knew that his big brother always spent time with women all day, and he also slept with a different woman every day.

However, the person in the video was indeed his big brother and he guessed that the video was real, not fake.

"Ahhhh." Hong Guan Ji could not hold back his anger anymore. Today, his eldest son had caused so many problems to him. From causing trouble to the Li family, destroying his company, and now, destroying his family's good name.

Bang!

Suddenly the sound of the door opened by someone could be heard in their ears.

Hearing that, Hong Guan Ji immediately said, "Who dares to cause trouble in my family?"

"That's me." Xiao Tian said coldly

Chapter 340 - Give Me 10 Million Yuan

7-8 minutes

Xiao Tian, Lan Ruoxi, Chun Hua, and fifteen of blue ice members gang walked toward Hong Guan Ji. Xiao Tian was grabbing Hong Jun's hair.

"Chun Hua, do it." to ensure that the plan was successful, Xiao Tian wanted to take Hong Duan as a hostage too.

Without waiting for another second, Chun Hua dashed toward Hong Duan and made him a hostage like Hong Jun.

"Give me 10 million Yuan and half of your company, or else, I will kill your two sons." Xiao Tian went straight to the point.

Hong Guan Ji gritted his teeth. He didn't expect that Xiao Tian would take his two sons as a hostage to blackmail him. "Your demand is unreasonable?"

"Unreasonable?" Xiao Tian's laughed coldly. "Let me ask you something. When your son posted the video of me and Yun Xin Er on the internet, did he think about my feeling? Because of him, I lost everything. My company is in a crisis, I was expelled from Sky University, my good image is ruined, many people hate me, and I broke up with my lover too. Did you think my demand still unreasonable?"

"You beat my son first at the party!" Hong Guan Ji answered angrily.

"Will I beat your son if your son didn't cause trouble to me?" Xiao Tian spoke and paused for a second before he continued, "I sat on the chair alone quietly, and suddenly your son came and began humiliating me. He even said that my mother is a slut. Am I wrong for beating him? If I call your mother a slut, will you sit still and do nothing? Tell me! Tell me!"

At this moment, Hong Guan Ji didn't know what to answer. Xiao Tian was right for being angry because if he was in Xiao Tian's place, he would be angry too. Who wasn't angry when someone called their mother a slut.

Because Hong Guan Ji didn't answer him, Xiao Tian immediately said again, "Why are you silent? Answer me! Will you be mad at me if I call your mother a whore in public?"

Hong Guan Ji gritted his teeth. He had no idea how to answer it. He knew that Xiao Tian was right, but admitting that Xiao Tian was right would make him lose his wealth and company.

Hong Guan Ji wanted to find an excuse but he was unable to find it. "But still, you don't need to do all of this. This is still unreasonable for me."

"I don't care!" Xiao Tian answered instantly. "Give me 10 million yuan and half of your company or I will torture your precious sons in front of you."

"You!" at this moment, Hong Guan Ji wanted to know why the security guards had still not come to rescue them. Until now he tried to buy time so that the security guards could save them.

As if Xiao Tian understood what was on Hong Guan Ji's mind, he immediately said, "The security guards will not come to save you because we have taken care of them before."

"Impossible!" Hong Guan Ji could not believe that they could beat up the security guards without him knowing about it.

"There is nothing impossible in the world!" Xiao Tian then looked at his underlings, giving them a sign to torture Hong Jun and Hong Duan.

Even though Xiao Tian only looked at them without saying a single word, his underlings understood what he wanted. They then took a dagger and stabbed the left thigh of Hong Jun and Hong Duan

"Ahhhhh." Hong Jun and Hong Duan cried out in pain.

"Noooooo." Tears fell down Yi Yi's cheeks. Her heart hurt very much after hearing the cry of her two sons.

"Stop it!" Hong Guan Ji also felt hurt when he saw what Xiao Tian's underlings were doing to his two sons.

"Give me 10 million Yuan and half of your company now!" Xiao Tian repeated his words. There was no feeling of pity when he saw blood dripping from the left thigh of Hong Jun and Hong Duan.

In his past, he often did something like this with his past life father, so something like that was a small thing in his eyes.

Hong Guan Ji clenched his fist. He still hadn't said anything to Xiao Tian. Giving Xiao Tian 10 million Yuan and half of his company would make his family lost its status as an upper-class family.

This made Hong Guan Ji waver about what he should do. Even though Hong Jun was good for nothing child, but he was still his son.

what made him want to do what Xiao Tian wanted was that Xiao Tian also took Hong Duan as a hostage. Hong Duan was his hope to improve his family status. He believed that his family status would increase in the hands of Hong Duan.

However, if he gave what Xiao Tian wanted, his family would lose a fortune and become a middle-class family.

Because Hong Guan Ji didn't give him an answer, Xiao Tian looked at one of his underlings and said, "Take his wife as a hostage and torture her in front of him too."

"Understood, sir." One of Xiao Tian's underlings dashed toward Yi Yi.

Seeing that, Hong Guan Ji tried to protect his wife, but Xiao Tian's underlings hit him on the face, causing him to fall on the floor.

Xiao Tian then grabbed Yi Yi's head by the hair and took a dagger. "Your wife is so beautiful. It will be very unfortunate if her beautiful face is ruined today. Not only will she be an ugly woman, but your family will be a laughing stock too."

Remember, I want everything to be done tomorrow, and if you dare to call the police, I will kill your son and wife immediately. I will send the location of the meeting tomorrow."

"How can I be sure that you will keep your word after I transfer half of my company's ownership to you?" Hong Guan Ji was afraid that Xiao Tian would not keep his word. That was why he wanted to make sure that Xiao Tian would not break his words.

"I, Xiao Tian, am different from trash like him." Xiao Tian said as he pointed his index finger toward Hong Jun. "If I say that I will release your son and wife, I will do that. As long as you do what you are told, I promise I will keep my word too."
