Chapter 341 - One Problem Solved

Hong Guan Ji had no choice but to trust Xiao Tian. He just hoped that Xiao Tian would really keep his word after he transferred half of his company's ownership to Xiao Tian.

Because Xiao Tian needed Hong Guan Ji to clear his name, Xiao Tian immediately said, "Now, let's change the topic. I want you to tell everyone that the person in the video is not Yun Xin Er and me. It's someone else and your son has edited the video. I will record it. You will agree, right? "

"Yes. I will do whatever you want as long as you will release my wife and sons later." Li Wen also wanted him to do the same thing, so Hong Guan Ji had no problem with it.

Soon, they made a video where Hong Guan Ji explained everything. Of course, Xiao Tian immediately posted it on the internet because, with this, it would clear the bad reputation of him and Yun Xin Er.

And like Xiao Tian's scandal video, the video where Hong Guan Ji explained everything immediately spread throughout the whole of China.

When everyone learned the person in the video was not Xiao Tian and Yun Xin Er, one by one they felt guilty for speaking ill of Xiao Tian and Yun Xin Er.

Yun Xin Er's fans who hated Xiao Tian to the bone after watching the scandal video began to regret their action. Actually, they wanted to demonstration in front of Xiao Tian's company, but because everything had been explained, they decided not to do so.

However, the reporters were still looking for Xiao Tian and Yun Xin Er. The reporters wanted to know their opinion about the video of them.

After Xiao Tian posted the video on the internet, he and the others left. He didn't want to stay at Hong Guan Ji's house any longer because it made him feel sick when he saw Hong Jun's face.

Li Entertainment, Li Wen's office.

Currently, Li Wen was standing behind the window while looking at the beauty of Shanghai. But because he had a problem, the beautiful view looked ordinary in his eyes.

He was still furious about what Hong Jun had done to his company. He just didn't expect that Hong Jun dare to cause trouble to him.

Not long after that, someone knocked on the door. Li Wen immediately said, "Come in."

Bing Zhan immediately entered the office after Li Wen gave him permission. "Sir, I have news about the Hong family"

At this moment, Li Wen was still looking at the city of Shanghai. He didn't bother to turn around and look at Bing Zhan. "What is it?"

"CEO Xiao Tian made Hong Jun and Zen drink aphrodisiac. Then he recorded a video of them doing something immoral and posting it on the internet." Bing Zhan spoke and paused for a second before he continued, "After that, CEO Xiao Tian, lady Lan Ruoxi and his underlings went to Hong's family's home."

"Is that so?" Li Wen was not surprised that Xiao Tian would do something like that. From Xiao Tian's expression when Xiao Tian was beating Hong Jun, Li Wen understood that Xiao Tian was not afraid of the Hong family.

Li Wen only wondered how could someone from a middle-class family dare to cause trouble to an upper-class family.

"CEO Xiao Tian also posted another video on the internet. In the video, Hong Guan Ji explained everything, so Miss Yun Xin Er's reputation slowly returns to her previous reputation." Actually, Bing Zhan was also surprised when Xiao Tian dared to cause trouble to an upper-class family. Not only that, Xiao Tian was even young and his family also became a middle-class family not long ago.

"You can leave now." Li Wen said.

Then Bing Zhan left Li Wen's office.

When Xiao Tian went to Lin Xing Xue's house to explain that it was a fake video, Lin Xing Xue didn't believe his words.

Lin Xing Xue knew that it was Xiao Tian. This made Xiao Tian disappointed. He tried many ways to make up with her, but she always ignored him.

Lin Xing Xue rarely answered him and only looked at him without saying a single word. What made him even more depressed was that Feng Yu now hated him to the bone for hurting her mother's feelings.

The same thing happened when he tried to explain everything to his mother and aunt. They didn't believe his words and were still angry with him. Like what Lin Xing Xue did to him, Ye Xueyin and Ye Qingyu also ignored Xiao Tian and pretended as if he was air.

This made Xiao Tian decide to go to Liu Ning's house. At that time, only Shi Fei and Liu Ning who could understand him. When Xiao Tian explained everything to Liu Ning and Shi Fei about the video, they also did not believe his words.

Xiao Tian had no idea how could they know that the person in the video was him. He suddenly thought it was because they knew him very well.

Because it was already 9:00 pm, Xiao Tian decided to return home. When he stepped into the living room, he sighed in sadness when he saw his mother and aunt ignoring him and kept watching TV.

Usually, his mother would immediately run and jump into his arms every time he arrived home. In the past, Xiao Tian thought there was nothing special about it, but now he understood that it was a beautiful memory.

He was longing for it. He wanted his mother to jump into his arm again, but he knew that she would not do that.

When Xiao Tian was next to his mother and aunt, he put the cake on the table. Because his mother and aunt loved a cake very much, he bought it before going home.

Xiao Tian hoped that they would talk with him after he bought a cake. However, his effort was in vain because his mother and aunt ignored it.

Xiao Tian sat on the couch and tried to make up with them but they still ignored him. They even didn't say a single word since Xiao Tian arrived home.

With a hint of sadness on his face, Xiao Tian rose to his feet and walked toward his room. Because his mother and aunt didn't want to spend time with him, Xiao Tian went to the backyard to practice martial arts again.

He would use his free time to make himself stronger and stronger so he could protect them in the future. Xiao Tian practiced martial arts until 11:00 pm before he finally took a shower and laid down in bed.

Once again, he was sad when he realized that he was alone in his room. Since the scandal about Xiao Tian and Yun Xin Er, Ye Xueyin and Ye Qingyu never slept in his room again.

Xiao Tian was used to sleeping with his mother and aunt every night. That was why he felt something was off when he slept in his room alone.

Since Xiao Tian had a fight with his mother and aunt, his mother and aunt always slept in Ye Xueyin's room.

Actually, Xiao Tian wanted to sleep in his mother's room too, but he knew that they would kick him out. Xiao Tian didn't know that they would be very angry when they knew that he had another lover. As a result, Xiao Tian slept in his room alone.

Chapter 342 - Let Them Go

7-8 minutes

The next day at noon, Xiao Tian went to the Blue Ice Lotus gang headquarters. However, he didn't come alone because Lan Ruoxi and Zhao Sheng also came with him. Xiao Tian then sent the location to Hong Guan Ji.

Not long after that, Hong Guan Ji came with ten bodyguards. There was a black bag in his right hand too.

When Hong Guan Ji saw Zhao Sheng, he was surprised. Of course, he didn't show it on his face. Hong Guan Ji didn't expect that Xiao Tian had a strong back-up.

Yesterday, he was a little surprised when he saw Lan Ruoxi standing behind him, now Zhao Sheng was standing next to him.

Hong Guan Ji wondered how could someone from middle-class families be friends with upper-class families. Not only that, Xiao Tian even befriended someone from the famous Zhao family.

Earlier, Hong Guan Ji planned something, but after seeing Zhao Sheng and Lan Ruoxi, he decided not to do that.

When Hong Guan Ji was in front of Xiao Tian, he immediately said, "Where are my son and wife? I want to see them first."

Xiao Tian then looked at one of his underlings. Without waiting for another second, his underlings dragged Yi Yi and Hong Duan next to Xiao Tian.

"Give me the documents now!" Xiao Tian didn't care whether Hong Guan Ji came with his bodyguards or not because he thought Hong Guan Ji would not dare to do anything to him.

Instead of giving the documents to Xiao Tian, Hong Guan Ji looked at his son and wife, "Did they do anything to you two?"

Xiao Tian was unhappy when Hong Gung Ji ignored him. "I didn't do anything to them. Give the documents to me now or else, I will torture them in front of you again."

Hong Guan Ji knew that Xiao Tian was not joking around when he said that he would torture his wife and son if he didn't immediately give the documents to him.

However, because he was afraid that Xiao Tian would break his word, he immediately said, "Let's exchange it at the same time."

Xiao Tian knew that Hong Gun Ji was afraid that he would break his promise, so he agreed to Hong Gun Ji's suggestion. "Wait! I want to check the documents first. I want to know whether the documents are real or not."

"Do you think I'm stupid? If the documents are fake, you can find me at my home or company later." At this moment, Hong Guan Ji was afraid that Xiao Tian would take advantage of the situation. That was why he refused to do so.

"Yes, you are stupid!" Xiao Tian said coldly. "Especially, your eldest son."

Hong Guan Ji gritted his teeth. He was furious when he was called stupid by Xiao Tian. However, he did nothing because that was the best choice for him. "Let's exchange at the same time."

Because Xiao Tian didn't want to waste time, he immediately agreed. "All right. One....two....three."

Xiao Tian pushed Yi Yi and Hong Duan forward, while at the same time, Hong Guan Ji threw his bag toward Xiao Tian.

When Hong Guan Ji and the others were walking out of the room, Xiao Tian said coldly, "Wait!"

Hong Guan Ji stopped his footsteps and turned around. "What? Do you want to break your promise?"

"You are not allowed to leave this building until I'm sure the documents are real." Xiao Tian then looked at Chun Hua, giving her a signal to prevent them from leaving.

"What is the meaning of this?" Hong Guan Ji was furious when Xiao Tian's underlings prevented them from leaving.

"I said you all are not allowed to leave this building until I'm sure the documents are real." Xiao Tian then began to check the documents.

Hong Guan Ji and the others could do nothing about it. They had no choice but to wait until Xiao Tian finished checking the documents.

When Xiao Tian finished checking the documents and was sure that the documents were real, he looked at his underlings and said, "Let them go."

Hong Guan Ji was relieved when Xiao Tian kept his words. Because he was afraid that Xiao Tian would change his mind, Hong Guan Ji and the others immediately left.

One of Xiao Tian's underlings looked at Xiao Tian and said, "Boss, are we really going to let them leave just like that?"

"Yes. I have promised him that I will keep my word. Send five people to monitor them and immediately inform me if they are doing anything suspicious." Xiao Tian had taken half of their wealth, so he wanted to monitor them because he didn't want anything to happen to him in the future.

"Understood." Then five of Xiao Tian's underlings left.

Xiao Tian then walked toward Lan Ruoxi and Zhao Sheng and said, "Do you know where to buy weapons?"

Xiao Tian had a lot of money from Hong Guan Ji, so he wanted to make his underlings stronger by giving them weapons.

"I know." Zhao Sheng replied instantly. "Do you want to buy it now?"

"Yes." Xiao Tian then looked at Chun Hua. "Ask the others, what kind of weapon they want to use."

After several minutes, Chun Hua gave Xiao Tian a paper. On the paper, there was a note about the type of weapon they wanted to use such as sword, mace, ring sword, nunchaku, tonfa, dagger, Sai, and other weapons.

Then Xiao Tian, Lan Ruoxi, Zhao Sheng, and Chun Huan went somewhere to buy weapons. Luckily, they could buy all the weapons they wanted. After several hours, they returned to the Blu Ice Lotus headquarters.

Xiao Tian then gave the weapons to his underlings. This made his underlings happy and once again, Xiao Tian's reputation improved in their eyes.

Xiao Tian's himself also bought a weapon. He bought a katana because it was the best weapon for him.

Hong family.

Currently, Hong Guan Ji and the others were sitting on the couch. However, suddenly two police officers come to their home.

One of the police officers showed the arrest warrant and said, "Mr, Hong, we come here so arrest your eldest son for defamation. Please cooperate with us."

"I understand." Hong Guan Ji knew that something like this would happen, so he could do nothing about it. He guessed it was Li Wen who sent the police officers to arrest his eldest son. "Did director Li the one who ask this?"

"Yes." one of the police officers gave him an honest answer because they thought they didn't need to hide it.

everyone knew who caused the problem to Yun Xin Er and Xiao Tian. And the police would lose face if they didn't arrest Hong Jun just because Hong family was an upper-class family.

"Father, help me...father." Hong Jun didn't want to go to jail so he asked for his father's help. He lived a luxurious life from he was born so living in prison would be like hell for him.

Hong Jun did not expect that his actions would make him end up in prison. If he knew something like this would happen to him, he would never do anything to Xiao Tian. but unfortunately, time is something that cannot be turned back.

And then the police officers brought Hong Jun to the police station.

Son, I will find a way to free you later. Hong Guan Ji thought to himself.

Chapter 343 - I Love Him Very Much

6-8 minutes

Yun Xin Er's house.

One middle-aged man and a middle-aged woman came out of the car. Both of them were wearing well-known branded clothes. From their appearance, anyone could tell that they were good-looking when they were young.

Those middle-aged people were none other than Yun Xin Er's parents, Yun Wuya, and Nalan Jiangge.

One of the housemaids immediately welcomed them. "Welcome madam, sir."

"Is Xin Er at home?" Yun Wuya inquired

"Miss Yun is in her room." The maid answered.

Then Yun Wuya and Nalan Jiangge walked toward Yun Xin Er's room and knocked on the door. Because Yun Xin Er didn't answer them, Yun Wuya opened the door and entered his daughter's room.

When he saw his daughter lying down on the bed while embracing bolster, he sat next to her and said, "Xin Er, don't be sad. Everything will be fine."

Yun Wuya knew that his daughter was sad because of the scandal video. He didn't blame his daughter because he knew that the person who recorded the video was someone else. He was even happy because his daughter finally had a lover.

Yun Xin Er always worked hard and didn't think about love at all. Sometimes, it even made him worry about her.

"Xin Er, who is Xiao Tian? Where is his home? From which family he is? What is his family status?" Nalan Jiangge asked her daughter many questions at once.

Yun Wuya and Nalan Jiangge immediately returned to China when they found out that their daughter was having a problem.

Yun Xin Er looked at her father and said, "Father, why are you here? Didn't you say that you two will be on vacation in Paris for two months?"

Yun Wuya rubbed her hair and smiled gently, "We returned to China because we are worried about you."

"Xin Er, answer me!" because her daughter still hadn't answered her, Nalan Jiangge ordered Yun Xin Er to answer her questions.

Yun Xin Er only looked at her mother. She didn't answer her mother's questions on purpose because her mother was someone who judged people based on family status or job.

Yun Xin Er believed if she told everything about Xiao Tian, her mother would be angry with her and told her to stop seeing Xiao Tian.

"Jiangge, stop it! Don't you know that our daughter is sad? Why are you saying something like this again?" Yun Wuya was unhappy with his wife's behavior. "And you should stop judging people based solely on their family status or job."

"You know nothing." Nalan Jiangge said. "Xin Er is one of the famous singers in the whole of China. If her lover is from a lower-class or middle-class family, other people will make fun of our family later."

"Shut up!" Yun Xin Er shouted loudly. "I want to be alone."

"You.." Nalan Jiangge pointed her index finger towards Yun Xin Er. "How dare you use a high tone when talking to your mother? I am your mother, you must respect me and follow my every word."

"I said I want to be alone." Yun Xin Er really hated her mother's behavior. In her mother's eyes, if someone was not rich, it meant they were not worthy of having a relationship with them.

For this reason, her mother often set her up with a young master from a famous upper-class family whether it was upper-class families from Shanghai or other cities. All that was on her mother's mind was money and money. That was why Yun Xin Er was not close to her mother.

Yun Xin Er preferred to spend time with her father because her father never saw people base on their wealth, but by their hearts.

"You! unfilial daughter!" Nalan Jiangge was furious after seeing Yun Xin Er's behavior. "You should listen to me because I'm your mother. Now answer me, who is Xiao Tian?"

"He is my lover!" Yun Xin Er shouted to Nalan Jiangge too. "And I love him very much. I will never agree to meet another young master from upper-class families again because I love Xiao Tian."

"I don't care. You have to break up wit-" before Nalan Jiangge could finish her words, Yun Wuya covered her mouth, causing her could not finish her words.

Yun Wuya didn't want to see his wife and daughter fight again, so he decided to drag his wife out of his daughter's room. "Xin Er, you have to rest first. Your mother and I want to rest too."

Why is that name familiar to my ears? Xiao Tian? wait don't tell me, it's that young man who is famous recently? Yun Wuya thought to himself.

Red Flower Bar.

Currently, Xiao Tian, Lan Ruoxi, Xiao Tian, Chun Hua, and Zhao Sheng were sitting on the couch. They were discussing something serious.

"So, someone stole your clothing designs and gave it to Donghai clothing company?" Lan Ruoxi inquired.

"Yes." Xiao Tian immediately answered. "I think someone who works for my company has betrayed me."

"Bait that person with your new clothing designs. If that person knows, that person will try to steal it again. Make sure that all your employees know that you have new clothing designs." Zhao Sheng gave Xiao Tian suggestion.

"Yes. I also intend to do that." Xiao Tian also had the same though as Zhao Sheng. The best way to know the person who betrayed him was to bait that person with new clothing designs.

Because there was nothing to discuss anymore, Xiao Tian and Chun Hua went to his company. Then Xiao Tian asked Lin Xing Xue and Shi Fei to invite all store managers to come to his company to hold a meeting.

When all the branch managers arrived at Xiao Tian's company, they began the meeting. They also discussed many things such as how to increase profits and other things.

After the meeting was over, Xiao Tian secretly spread the news that he planned to make new clothes and had many clothing designs.

That night Xiao Tian and his underlings were guarding the company secretly. However, nothing had happened and his clothing designs were still in his office.

The next day, Xiao Tian and his underlings guarded his company again, but like yesterday, nothing had happened. At this moment, Xiao Tian thought that person knew Xiao Tian was baiting that person.

However, on the third day, someone suddenly entered his company secretly. Xiao Tian and his underlings immediately followed that person.

When that person entered Xiao Tian's office, Xiao Tian and his underlings also entered.

Clap...Clap...Clap...

Xiao Tian's clapped his hands.

"Who we got here?" Xiao Tian said.

Chapter 344 - Don't You Have A Little Pity For Her?

7-8 minutes

The person who wanted to steal Xiao Tian's clothing designs immediately turned around. That person didn't expect that someone was following her.

Chun Hua then turned the light on, so that they could see who that person was. On her right hand, a black dagger was ready to take the blood of the person that wanted to steal Xiao Tian's clothing designs.

"Oh! Is not this, Su Ruyan?" Xiao Tian walked toward her. Like Chun Hua, Xiao Tian was also carrying a weapon. The weapon in his right hand was the katana that he just bought a few days ago.

Su Ruyan felt her blood freeze when she saw Xiao Tian and his underlings. From their expression, she knew that they would beat her to death.

Su Ruyan knew that it would be meaningless to lie to them because they would not believe her words. The small flashlight which she placed in her mouth fell to the floor.

Su Ruyan walked backward before finally, her ass hit Xiao Tian's workbench. The feeling of deep fear suddenly emerged on her face.

When Su Ruyan saw the expression on Xiao Tian's face, she felt as if the temperature on the room suddenly turned cold.

The gentle expression that always appeared on Xiao Tian's face was nowhere to be seen. His gaze was so terrifying until it made her afraid.

Su Ruyan opened her mouth and wanted to say something to Xiao Tian, but she felt the words stuck in her throat after seeing Xiao Tian's deadly gaze.

Bruak...

Because the fear in her heart was so big, Su Ruyan fell to her knees. At this moment, she could only accept her fate.

Xiao Tian grabbed Su Ruyan's neck and said coldly, "Are you a spy from Donghai clothing company?"

Xiao Tian knew that someone told her to steal his clothing designs. That was why he wanted to know about it.

Because Xiao Tian was strangling her neck hard, Su Ruyan struggled to breathe. She didn't try to fight back because she knew it was useless.

She didn't know any martial arts, and she was also a woman, so there was a big difference in strength between Xiao Tian and her.

Because Su Ruyan hadn't answered him, Xiao Tian choked her neck harder. "Answer me!"

Su Ruyan's face turned red, and tears fell down her cheeks. However, she still said nothing while still enduring torture.

Xiao Tian stopped strangling her neck and turned around. Then he walked toward Chun Hua and said, "Chun Hua, cut her right arm and break her legs. After that, bring her to Blue Ice Lotus headquarters."

Because Chun Hua's weapon was a dagger, Xiao Tian gave the katana in his right hand to her. Suddenly a memory from his past life emerged on his mind.

"Son, remember what your father will say to you." Huang Feng, his past life father, looked at him seriously. "Never forgive someone who betrays you. Give unforgettable punishment to anyone who dares to betray you. Don't show weaknesses. If you forgive them and everyone knows about it, other people will not be afraid to betray you again. Make them regret betraying you so other people will be afraid of you and don't dare to betray you later."

After taking a deep breath, Xiao Tian shut his eyes for three seconds before reopening them again. "Cut both of her arms."

"Understood, sir" Chun Hua took Xiao Tian's katana and unsheathed it. As a gang leader, Chun Hua had killed people, so cutting Su Ruyan's arms was an easy job for her.

"Please...please... Don't do that.." Su Ruyan said in terror. She thought they would only beat her, nothing more than that.

She didn't expect that Xiao Tian would give Chun Hua an order to cut her arms. His words made Su Ruyan frightened.

Losing both arms meant that she would become a useless woman. Not only would she not be able to do many things, but she would become a laughing stock.

The imagination of losing her arms made Su Ruyan almost faint. She suddenly regretted her actions. At that moment, she hoped that someone would save her, or at least Xiao Tian would change his mind.

Su Ruyan was still young, so losing both arms was something that she didn't want to. She wanted to believe that all of it was only a dream, but when she saw a Kanata in Chun Hua's right hand, she knew that it was not a dream.

"Please...please, don't cut my arms." Su Ruyan still hoped that Xiao Tian would change his mind.

However, Xiao Tian didn't care about her plea. He didn't care whether it was man or woman. If they dared to betray him or cause trouble to him, Xiao Tian would do something terrible to them. "Chun Hua, cut her arms now!"

Because Xiao Tian still wanted Chun Hua to cut her arms, Su Ruyan's heart was trembling in fear. Tears kept falling down her soft cheeks. When she saw Chun Hua raising the katana, she immediately shut her eyes.

However, before Chun Hua could cut Su Ruyan's arms, suddenly a voice rang out, "Wait! Don't do that."

In reflex, Chun Hua stopped her move before it cut Su Ruyan's arms. Then she turned her head towards the source of the voice because she wanted to know who was the person who shouted earlier.

When Xiao Tian saw Lan Ruoxi, he immediately said coldly, "Lan Ruoxi. What is the meaning of this? Are you on the same side as her? Why did you want to stop us?"

Lan Ruoxi immediately explained her reason to Xiao Tian because if she didn't do that, Xiao Tian would order Chun Hua to cut Su Ruyan's arms again. "She is forced to steal your clothing designs. Her mother is sick and she wants to bring her mother to the hospital but she doesn't have money for it. Your store manager, Tang Yaxin, is the person who told her to steal your clothing designs. Tang Yaxin promised to give her a lot of money if she could steal your clothing designs. Because she really needs money, she has no choice but to agree to it."

"I don't care!" Xiao Tian replied instantly. "The fact that she had stolen my clothing designs would not change. She even plans to steal my clothing designs again. This is enough to punish her by cutting her arms so that she will not steal again in the future."

Lan Ruoxi knew that Xiao Tian would not agree to let Su Ruyan go, but because she didn't want Xiao Tian to cut Su Ruyan's arms, she still tried her best to change Xiao Tian's mind. "Can you not do that? think of this as me asking you a favor. For our friendship, can you change your mind? If she loses her arms, she will be depressed because the arms are important to us, especially for women."

"Lan Ruoxi, I am already kind enough not to kill her. If she didn't work for me, she would be dead now." Xiao Tian didn't want to change his mind because people who dared to betray him, need to be punished.

"Are you really going to cut her arms? Don't you have a little pity for her?" Lan Ruoxi still tried to change Xiao Tian's mind.

"I do not have a pity for someone like her!" Xiao Tian replied coldly

Chapter 345 - Is Your Heart As Cold As Ice?

6-8 minutes

When Su Ruyan found out Lan Ruoxi was trying to help her, she really hoped that Lan Rouxi succeeded in changing Xiao Tian's mind because she didn't want to lose her arms.

She kept praying in her head that Xiao Tian would change his mind. Now, Su Ruyan knew that Xiao Tian was someone that should not be offended because he was a cruel person.

At this moment, Su Ruyan could only see Lan Ruoxi trying to help her. However, the ray of hope slowly dimmed when she knew that Xiao Tian didn't intend to change his mind.

"I...I can help you find Tang Yaxin now." Su Ruyan finally could say a word when she knew there was still hope for her to survive.

"Do you think I need your help?" Xiao Tian looked at Su Ruyan with a cold expression on his face. "I can find Tang Yaxin by myself."

Lan Ruoxi knew that Xiao Tian was a cruel person after she helped Xiao Tian in destroying Feng Ao's life. However, she didn't know that Xiao Tian was far crueler than she thought.

From the information about him, Xiao Tian was not a person like this in the past. Lan Ruoxi had no idea what made Xiao Tian change so much. "Young master Xiao, can you let her go?"

"Lan Ruoxi, if someone betrays you, will you let them go?" Xiao Tian was unhappy when Lan Ruoxi kept asking him to let Su Ruyan go.

In his view, someone who betrayed him needed to be punished. Xiao Tian was kind enough not to kill Su Ruyan. If his past life father was next to him, he was sure Su Ruyan would have died.

At this moment, Lan Ruoxi didn't know what to say. If her underlings betrayed her, she had no idea whether she would forgive them or not.

When Xiao Tian knew Lan Ruoxi didn't say a word, he immediately said, "What?! You can't answer me?! You, yourself, don't know what you will do if your underlings betray you. You should think about my feeling before saying anything. What will you do if you were me right now?"

Like before, Lan Ruoxi didn't know what to say. What Xiao Tian said made sense. But still, she didn't want Xiao Tian to cut Su Ruyan's arms.

When Su Ruyan found out Lan Ruoxi began to waver whether Lan Ruoxi should help her or not, the ray of hope within her heart began to dim again, causing her to feel depressed again.

Xiao Tian then looked at Chun Hua and stretched out his right hand. "Chun Hua, give the Katana back to me."

Chun Hua gave the Katana to Xiao Tian.

At this moment, Chun Hua, Lan Ruoxi, and Su Ruyan thought that Xiao Tian had changed his mind. The feeling of happiness immediately emerged in the hearts of Lan Ruoxi and Su Ruyan. However, Xiao Tian's next words made their blood freeze.

"I will cut her arms myself." Xiao Tian walked towards Su Ruyan with the coldness in his eyes.

"No!" before Xiao Tian could cut Su Ruyan's arms, Lan Ruoxi dashed toward Xiao Tian and pushed him away, causing Xiao Tian to fail to cut Su Ruyan's arms.

"LAN RUOXI..." Xiao Tian said coldly. His eyes gleamed with terrifying sharpness as he stared at her. "Fine! I will let her go but as an exchange, you have to cut your arms."

Actually, Xiao Tian didn't want to cut her arms. He just wanted her to stop disturbing him. Xiao Tian believed after he said that, Lan Ruoxi would stop defending Su Ruyan.

Lan Ruoxi's eyes widened with disbelief. She found it hard to believe that she was hearing. "What...what did you say?"

"If you want me to forgive her..." Xiao Tian pointed his index finger toward Su Ruyan. "...cut your arms!"

Upon hearing his words, Lan Ruoxi suddenly didn't want to help Su Ruyan again. It was true that she wanted to help Su Ruyan, but if the price for helping her was losing her arms, Lan Ruoxi didn't want to do that.

Su Ruyan was stranger to her. The reason she wanted to help Su Ruyan was that Su Ruyan was a kind lady. Su Ruyan had no choice but to steal Xiao Tian's clothing designs because Su Ruyan needed money for her parents.

Lan Ruoxi just didn't expect that Xiao Tian really didn't feel pity for Su Ruyan. "Is your heart as cold as ice? Is forgiving someone something very difficult for you? Just imagine yourself in her place. She needs money for her parents. That is why she did all of this."

"I know that!" Xiao Tian replied instantly. "But did you forget that because of her, I lost a lot of money? the amount of money she needs is not as much as my loss. You should know about this! If he told me about it, I would have helped her."

Chun Hua, who was standing next to Xiao Tian and Lan Ruoxi, only looked at them without saying a single word. In her view, both of them were right.

Xiao Tian was right for punishing Su Ruyan because she stole his clothing designs previously. Of course, Lan Ruoxi was also right. Su Ruyan did all of it because she needed money to treat her mother's illness. However, she didn't dare to voice it out because she was afraid of the consequences.

At this moment, Su Ruyan had lost hope. She would accept what Xiao Tian would do to her. Of course, she hoped that Xiao Tian would not cut her arms.

"I will give you money!" Lan Ruoxi said instantly.

"I don't need your money! I just want to punish someone who betrayed me. And why do you want to help her so badly?" Xiao Tian didn't understand why Lan Ruoxi wanted to help Su Ruyan.

When he wanted to kill Liu Ning, Lan Ruoxi also stopped him. Now when Xiao Tian wanted to cut Su Ruyan's arms, Lan Ruoxi also tried to stop him.

Xiao Tian really didn't get her train of thought. This made Xiao Tian desire to know why she always wanted to help a stranger. "Lan Ruoxi, be honest with me. What is your relationship with her? Your action really makes me suspicious of you."

"I don't have any relationship with her. I just don't want you to hurt innocent people like her." this time, Lan Ruoxi was telling the truth. She really didn't have any relationship with Su Ruyan. She really only wanted to help Su Ruyan.

"Innocent? Hahaha." Xiao Tian laughed loudly. "Did you forget what she had done and want to do? You call her innocent?"

"But the situation forced her to do that. If she had money, she would not do that." maybe, Lan Ruoxi was wrong saying Su Ruyan was innocent.

However, in her view, Su Ruyan deserved forgiveness from Xiao Tian. Lan Ruoxi was sure that Su Ruyan would help them if he forgave Su Ruyan.

Xiao Tian didn't say a word and only looked at Lan Ruoxi in the eyes. Xiao Tian thought their conversation was going nowhere.

One of them had to budge, or everything wouldn't be finished. Xiao Tian then swung his katana, cutting Su Ruyan left thumb.

"Ahhhhh" Su Ruyan cried out in pain after Xiao Tian cut her thumb.

"Leave!" Xiao Tian said coldly.

Then Su Ruyan left.

Chapter 346 - Thank You For Saving Me

7-9 minutes

Even though Lan Ruoxi was still disappointed with Xiao Tian's actions, but in her view, it was better than cutting Su Ruyan's arms.

Because Xiao Tian was still angry with Lan Ruoxi, Xiao Tian immediately said, "You should go home now!"

Lan Ruoxi left to run after Su Ruyan. She didn't want Su Ruyan to pass out or die from blood-losing. Because Xiao Tian had cut Su Ruyan's left thumb, Lan Ruoxi believed that blood was dripping down from Su Ruyan's left thumb right now.

When Lan Ruoxi saw Su Ruyan, she immediately shouted, "Wait!"

Su Ruyan stopped her footsteps in reflex. She was familiar with the voice because that voice belonged to the person who had just saved her life.

And what she had guessed was right when she saw Lan Ruoxi running toward her. At this moment, Su Ruyan had no idea what Lan Ruoxi wanted from her.

However, she was not afraid because she believed that Lan Ruoxi would not do anything bad to her. When Lan Ruoxi was in front of her, Su Ruyan bowed slightly and said, "Thank you for saving me."

The words came out from the bottom of her heart. Su Ruyan was really grateful for Lan Ruoxi's help earlier. If it was not for Lan Ruoxi's help, she believed that Xiao Tian would have cut off her arms.

Even though blood still dripped down from her left thumb, Su Ruyan still showed her gratitude to Lan Ruoxi. Su Ruyan only pressed her wrist to slow down the blood that came out of her left thumb.

When Lan Ruoxi saw the blood was still dripping from Su Ruyan's left thumb, she immediately said, "Let's go to the hospital first. It will be bad if you lose too many drops of blood here."

"Thank you." Su Ruyan agreed with Lan Ruoxi's suggestion because she really needed to treat it or else, something bad would happen to her.

When they arrived at the hospital, they immediately asked the doctor to treat it. Even though Su Ruyan had lost her left thumb, she still felt lucky because she still had arms.

She didn't blame Xiao Tian for cutting off her left thumb. She was sure if it was other people, they would do more than what Xiao Tian had done to her because Xiao Tian had lost a few thousand Yuan or even more.

Somewhere, inside the hotel room.

Two people were lying down on the bed naked, an attractive young lady and an ordinary young man. The young lady was leaning her head on the young man's left arm, while the young man was smiling happily.

"Yaxin, you did a good job in stealing Xiao Tian's clothing designs. My company makes a lot of profit in just a few days." The young man laughed happily. "If you succeed in stealing his clothing designs again, I'll buy you a house later."

"Chaihe, I will give it to you tomorrow." Tang Yaxin was pleased when she knew that Zong Chaihe would buy her a house if she could bring Xiao Tian's clothing designs to him.

Previously, Zong Chaihe bought her a nice car for giving Xiao Tian's clothing designs to him. Now she only needed to please him so that he would marry her in the future.

If she could marry him, Tang Yaxin would be able to live luxuriously because Zong Chaihe was a rich person.

Zong Chaihe then sat on the edge of the bed and took a cigarette. After lighting up the cigarette and wearing shorts, he walked toward the window to see the night city. "Good!"

"Sir, what should we do now? Should we go and catch her right now?" Chun Hua inquired.

Because it was already late, Xiao Tian decided to catch Tang Yaxin tomorrow. "No. Let's go home now. We can catch her tomorrow."

"All right." Chun Hua nodded her head.

After arriving at home, Xiao Tian immediately headed toward his room.

'Father, I forgave the person who betrayed me earlier. Am I doing the wrong thing? If you were me, would you do the same thing? You always taught me not to forgive those who betrayed me, but she did that because she needed money for her mother's treatment. Her mother would be very sad if she knew that her daughter lost her arms because she wanted to get money for treatment. I...'

It was the first time Xiao Tian felt that way. Maybe because his past life father always told him what to do, so he had no idea what he should do when he hesitated like that.

Because it was already midnight, Xiao Tian decided to go sleep.

And like before, Xiao Tian was lonely when he was sleeping alone. When he noticed his mother and aunt were not on his side, Xiao Tian sighed and shut his eyes.

The following morning, Xiao Tian went to his company to see the development of his company. Since everyone thought the person in the video was not Xiao Tian, his company slowly grew again.

Several people began to buy clothes from his company again, and slowly people stop speaking ill of him. Even though his company didn't sell as many clothes as before, but Xiao Tian was not disappointed because he got a lot of money from Hong Guan Ji.

Not only that, but he also got twenty branches of the Hong Guan Ji Beauty company. Then he immediately called Shi Fei to his office.

"Do you need anything, little brother?" Shi Fei asked after sitting on the couch.

Xiao Tian then walked towards her and sat next to her. "I want to tell you something."

Xiao Tian began explaining everything to Shi Fei. He didn't hide anything from her. He even told her what had happened last night too.

Actually, Shi Fei already knew about it because last night Chun Hua had told her everything. Of course, she pretended as if she knew nothing because she didn't want Xiao Tian to know about her real identity.

After Xiao Tian finished explaining everything, Shi Fei immediately said, "What do you want to do to Tang Yaxin?"

"It better if you don't know about it." because Xiao Tian thought Shi Fei was a normal person, he didn't want to tell her about what he wanted to do to Tang Yaxin.

"All right." because Xiao Tian didn't want to tell her, Shi Fei decided not to ask anymore.

"Fei, hire all the doctors and cosmetic chemists who resigned from Hong Beauty company. Tell them that I'm the owner of those twenty branches now." Xiao Tian suddenly remembered something important. "Wait! Don't tell them that I'm the owner of those twenty branches. Just tell them that Hong Guan Ji is not the owner anymore, and Li Wen will not mind it if they work for me."

From the information, the reason all the doctors and cosmetic chemists resigned from their job was that Li Wen told them to. Otherwise, Li Wen would make their life difficult. That was why they immediately resigned.

If they knew that Hong Guan Ji was not the owner of those twenty branches anymore and Li Wen would not make their life difficult, Xiao Tian was sure they would work for him without thinking twice.

However, because Xiao Tian didn't want other people to know that he was the new owner of those twenty branches, he decided to hide his identity.

There were many reasons for him to do that. One of the reasons was to keep his good image. Everyone knew that Hong family and Xiao Tian were enemies, so if other people knew that twenty branches of Hong family's company now belonged to Xiao Tian, everyone would think that Xiao Tian forced Hong family to give those twenty branches to him.

Even though it was true, but Xiao Tian wanted to hide it because it could affect the development of the company. It could even destroy his company. "Tell them that the owner of the company is Qing Feng."

"All right." Shi Fei nodded her head.

Chapter 347 - Who Is This Beautiful Young Lady?

9-11 minutes

When Shi Fei was about to walk out of his office, she suddenly remembered something important, so she sat on the couch again. "Little brother, I have two friends. Their names are Bi Yu and Fu Jiyi. Recently, they were fired because they beat up their boss' son. Two of their boss' sons wanted to force their way on my friends. But they didn't know that my friends are martial arts masters, so they were beaten by my friends. For this reason, my friends' boss was furious and fired them from the company."

Of course, Shi Fei made up the story. The reason she did it was that she wanted her underlings to work at Xiao Tian's company too.

That way, not only would his company be more far safer than before, but they could help Xiao Tian with his work too. It was like killing two birds with one stone.

'Martial arts masters?'

Xiao Tian didn't expect that Shi Fei had friends who were skilled at martial arts.

Xiao Tian thought it was not a bad idea to hire her friends because it could make his company far safer. "Ask them to meet me here tomorrow."

"Awesome!" Shi Fei kissed Xiao Tian's cheeks. When Shi Fei grabbed the door handle and was about to walk out of Xiao Tian's office, she turned her head toward Xiao Tian. "Little brother, I don't like your current expression. I like your previous expression the most."

After saying that, Shi Fei walked out of Xiao Tian's office and headed to her office.

Xiao Tian didn't answer her. Ever since the problem came one after another, Xiao Tian never smiled even once. The expression on his face was always cold.

The smile that always on his face and his gentle attitude disappeared without a trace. He also never seduced Shi Fei or Liu Ning anymore.

Nanli district, Golden Bag Store

There was a handsome mature young man about twenty-seven years old and a pretty young woman about nineteen years old standing in front of Golden Bag Store. Those two people were a brother and sister. Their name was Liang Jun and Liang Rong

"Big brother, do you really want to buy me a bag from this store? It's a well-known store so the bag here must cost an arm and a leg. Let's just buy an ordinary bag." Liang Rong didn't want her big brother to waste a lot of money just to buy her a bag.

They were not from a rich family, so in her view, it would be better to save the money rather than wasting it to buy a branded bag.

"It's fine. Big brother has money now. Big brother will buy you a lot of things from now on." Because they did not have money in the past, every time they wanted to buy something, they could only dream about it.

However, because he was promoted to be general manager yesterday, Liang Jun wanted to celebrate it by buying his little sister a branded bag.

All this time, he always saved up his money so that he could buy a house for his family. Because he had saved up quite a lot of money and he was also promoted to be a general manager, he wanted to make his family happy.

It was a pity that his father and mother didn't want to leave their hometown, so now he would only live with her little sister in Shanghai.

But because he wanted to give his parents a better life, he always transferred his money to his parents' bank accounts every month.

Her little sister was still nineteen years old, so he wanted his little sister to enjoy her life more. Every day, her little sister always worked after she finished all her classes in university.

Her life was only studying and working. Every time her friends invited her to go somewhere, she always refused because she didn't want to waste the money. For this reason, she only had a few friends. All of her friends could even be counted with one hand.

Now that he had a better job, he wanted his little sister to only focus on studying and enjoy her life. For this reason, he brought her to Shanghai.

"But..." Liang Rong wanted to refuse again because she didn't want to waste his money. She was fine if her big brother wanted to buy her a bag from an ordinary branded bag, but not from a famous branded bag.

Liang Jun smiled and stroked her little sister's hair. "It's fine. Let get inside and buy it."

Because her big brother insisted on buying her a famous branded bag, she could not help but agree. "All right."

When Liang Jun and Liang Rong were about to enter the shop, suddenly a voice rang out, "Oh! Isn't this general manager Liang?"

Liang Jun and Liang Rong immediately turned around. When Liang Jun saw Zong Chaihe, he immediately said, "Good afternoon, Sir."

'He is with another woman?'

Liang Jun said in his head when he saw Zong Chaihe with a lady around twenty-three years old.

When Zong Chaihe saw Liang Rong, he smiled with heart-shaped eyes. "Who is this beautiful young lady?"

The woman next to Zong Chaihe did nothing when he behaved like that because she knew what kind of person Zong Chaihe was.

Actually, she was also his mistress. She agreed to be his mistress because he always gave her a lot of money and other things, so she didn't mind if he was interested in another woman again. As long as he still gave her what she wanted, she would let him do whatever he wanted.

When Liang Jun saw the expression on Zong Chaihe's face, his face darkened. Even though Zong Chaihe was his boss, but he didn't want his little sister to be Zong Chaihe's woman because Zong Chaihe was famous for dating many women at once.

However, because Zong Chaihe was his boss, he didn't want to be rude. For this reason, Liang Jun looked at his little sister and said, "He is my boss. Hurry up and introduce yourself."

Upon hearing her big brother's words, Liang Rong bowed slightly and said, "Hello, my name is Liang Rong."

Zong Chaihe immediately grabbed Liang Rong's chin and said, "Oh! What a beautiful lady! And you also have big breasts. I like it very much."

When Liang Jun saw Zong Chaihe harassing her little sister, he immediately stopped Zong Chaihe and stood in front of her little sister. "Sir, please stop it."

Zong Chaihe was annoyed when Liang Jun disturbed him, so he immediately said tightly. "How dare you disturb me! You should be grateful that I take a fancy to your little sister because I can promote you again."

Liang Jun was unhappy by this and clenched his fist. However, because he didn't want to cause trouble, he tried his best to hold back his anger. "Sir, my little sister is young and she is not worthy of you. Please leave my little sister alone."

"General manager Liang, you should be grateful that Zong Chaihe is taking a fancy to your little sister." the woman next to Zong Chaihe said abruptly. "If your little sister becomes his mistress, she will get whatever she wants. Not only that, but you can also even get promotion again. Is not that a good thing?"

"That's right, general manager Liang." Of course, Zong Chaihe agreed with it because he took a fancy to Liang Rong very much.

Her beautiful face, and smooth skin, made Zong Chaihe want to embrace her and do more things to her.

"Sir, please leave my little sister alone." Liang Jun knew that her little sister would suffer if she became Zong Chaihe's woman.

Not only was Zong Chaihe playboy, but he was also famous for often hurting his woman if they dared to disobey him. For this reason, Liang Jun would never let her little sister become Zong Chaihe's girlfriend.

Let alone his lover, Liang Jun even would not let Zong Chaihe be near his little sister in the future because he was afraid that something would happen to his little sister.

Zong Chaihe was furious because Liang Jun kept trying to disturb him. "General manager Liang, don't disturb me or you will regret it."

So, you want to use your power and status as my boss now, huh? Liang Jun thought to himself.

"Big brother." the feeling of fear emerged in her heart. From the expression on Zong Chaihe's face, she knew that Zong Chaihe was a bad man. That was why she kept standing behind her big brother and grabbed his shirt.

"Sir, please leave us alone" Liang Jun knew it was almost impossible to change Zong Chaihe's mind, but he still tried his best to do it.

Because Liang Jun still disturbed him, Zong Chaihe told two of his bodyguards which were standing behind him all the time, to beat Liang Jun.

Liang Jun tried to fight Zong Chaihe's bodyguards but because he didn't know any martial arts, he was immediately beaten by Zong Chaihe's bodyguards

Zong Chaihe looked at his bodyguards and pointed his index finger toward Liang Rong. "Take her."

"Understood" his two bodyguards immediately did what they were told.

"No!" Liang Rong tried to fight back but because of the difference in strength, it was useless.

"Sir, where are we going to take her?" after capturing Liang Rong, one of the bodyguards asked.

"To my villa," Zong Chaihe replied happily

"Big brother." Ling Rong cried out when they brought her by force.

'Zong Chaihe!'

Liang Jun's eyes were filled with a flame of fury as he stared at them. After he managed to stand up, he immediately ran after them

Chapter 348 - Sir, What Are You Talking About?

6-7 minutes

Stars Shop.

Tang Yaxin parked her sports car in the parking lot. With black glasses on her face and a well-known branded white bag in her left arm, Tang Yaxin walked toward the shop elegantly as if she was a young miss from an upper-class family.

Tang Yaxin was in a good mood because her boyfriend promised to give her a luxury house if she could bring Xiao Tian's clothing designs to him later.

Yesterday, Tang Yaxin had asked Su Ruyan to steal it. She just hoped Su Ruyan succeeded in stealing Xiao Tian's clothing designs so that she could give it to her boyfriend immediately.

Imagining that she would live in a luxury house, Tang Yaxin could not help but smile. Since she was young, she always dreamed to have a luxury house and a nice car.

Now that she already had a nice car, what she needed next was a luxury house. After that, she could walk with pride whenever she visited luxury places or something like that.

With a good mood and a dazzling smile on her face, Tang Yaxin walked out of the parking lot happily. However, the smile was frozen on her face.

"Who are you?" a expression of deep fear suddenly emerged on her face when she saw three women walking toward her. "What do you want? Leave now or else, I will call security guards to beat you all."

Of course, Tang Yaxin tried to scare them because they were at Stars Shop. She just hoped that she succeeded in scaring them off.

Clap...

Clap...Clap...

Clap...Clap...Clap....

The sound of clapping echoed throughout the entire parking lot.

Suddenly a good-looking young man around nineteen years old appeared behind Tang Yaxin.

This made Tang Yaxin even more scared. However, when she knew it was Xiao Tian, the feeling of fear suddenly disappeared without a trace.

"Sir. you came to the store?" Tang Yaxin walked toward Xiao Tian.

At this moment, Tang Yaxin didn't have bad thoughts. She thought Xiao Tian just wanted to surprise her.

But something unexpected happened when she was in front of Xiao Tian. Chun Hua, who was standing behind Xiao Tian, suddenly punched her mid-torso.

Uakk...

Tang Yaxin fell to her knees.

She could not believe what just had happened to her. Why did Chun Hua suddenly hit her? And why didn't Xiao Tian say a word to Chun Hua or protect her?

But what surprised her most was that Xiao Tian was looking at her coldly. This made her heart beat faster and faster.

'Don't tell me.....'

Tang Yaxin's expression turned into an expression of fear. She didn't want to believe it but from his expression, Tang Yaxin guessed Xiao Tian had known everything.

Tang Yaxin knew that she was doomed. But even so, she tried to protect herself. "Sir, what are you doing?"

Before Tang Yaxin had finished her words, Xiao Tian grabbed her hair and pulled it. "Why did you order Su Ruyan to steal my clothing designs? Who told you to do that? Tell me everything now!"

"Sir, what are you talking about? I don't understand" of course, Tang Yaxin pretended as if she knew nothing.

Tang Yaxin understood that lying was the only choice to protect herself. She just hoped Xiao Tian would believe her.

Xiao Tian pulled her hair again, causing her head to lift. Then he brought his face closer toward her face and said coldly, "Don't lie to me. Answer me now! Or else, you will regret it!"

"Sir, I really don't understand what are you talking about? Who stole your clothing designs? I know nothing about it." when Tang Yaxin saw the expression on Xiao Tian's face, the fear within her heart grew bigger.

She didn't expect the gentle and a kind boss could become a scary person like that. It was the first time she had seen his expression like that. It was as if he was a completely different person.

"So, you don't know anything, huh?" Xiao Tian stretched out his right arm toward Chun Hua. "Chun Hua, give me your dagger."

Chun Hua gave her dagger to Xiao Tian. "Here, sir"

"Wha...what do...want to do, sir?" Tang Yaxin said in terror.

With a scary expression on his face, coupled with him holding a dagger, Tang Yaxin suddenly had a bad feeling about it.

"I will ask you one more time." Xiao Tian then placed the dagger on Tang Yaxin's cheeks. "Tell me everything now, or else you will regret it! You still want to keep your pretty face, right?"

Xiao Tian knew that women value their faces the most. With him threatening to ruin her beautiful face, Xiao Tian was sure that she would tell him everything. And what he had guessed was right because Tang Yaxin's body suddenly trembled.

Tang Yaxin was afraid that Xiao Tian would really ruin her beautiful face. But if she told him the truth, she doubted he would forgive her.

This made Tang Yaxin not know what she should do. But when Xiao Tian pressed the dagger into her cheeks until blood came out of her cheeks, she immediately said, "It's Zong Chaihe. He is the one who asked me to steal your clothing designs. He forced me to do all of this."

Of course, Tang Yaxin blamed Zong Chaihe because, with this, she hoped Xiao Tian would forgive her, or at least he would not punish her heavily.

'Zong Chaihe?'

Xiao Tian didn't know who Zong Chaihe was. He also never caused trouble to Zong Chaihe.

"Why did he tell you to steal my clothing designs?" even though Xiao Tian had guessed the answer, but he wanted to make sure what he had guessed was right.

"It's because your clothing designs are always popular and good. He lost a lot of his customers because of your clothing designs. That was why he told me to steal your clothing designs." At this moment, Tang Yaxin was telling the truth.

Ever since Xiao Tian's company was built, Zong Chaihe's company slowly lost its loyal customers because Xiao Tian's clothing designs were far better than his clothing designs.

Xiao Tian then let her go and looked at his underlings, "Cut her arms and throw her far away from here."

"Sir, please don't do th-" before Tang Yaxin had finished her words, Xiao Tian's underlings took her into the car.

Chapter 349 - Are You Zong Chaihe?

7-9 minutes

Wanhui District, Zong Chaihe's villa

Zong Chaihe stopped his car in front of his villa before finally, two of his bodyguards and he came out of the car. One of the bodyguards were carrying Liang Rong. Currently, Liang Rong was faint because one of the bodyguards made her faint.

However, when they were about to enter the villa, a young man suddenly appeared. "Stop! Give my little sister back to me!"

Even though his body was in pain, Liang Jun didn't care about it because he had to save his little sister.

Zong Chaihe stopped his footsteps and turned around. When he saw Liang Jun, he looked at one of his bodyguards and said, "Beat him to death!"

Without waiting for another second, one of the bodyguards dashed toward Liang Jun. Like before, the bodyguard could easily beat Ling Jun.

Even though the bodyguard beat him or made him fall to the ground many times, Liang Jun always stood up again and again.

The bodyguard was even shocked about it. He was surprised when Liang Jun always managed to stand up even though he beat Liang Jun many times.

"What are you doing?" Zong Chaihe was furious when his bodyguard still hadn't managed to defeat Liang Jun. "Hurry up and beat him"

The bodyguard kept beating Liang Jun and after about fifteen minutes, Liang Jun finally could not move his body anymore. However, he was still conscious.

His eyes were filled with a flame of fury as he stared at Zong Chaihe. If gaze could kill, Zong Chaihe would have died many times.

"Good!" a satisfaction smile appeared on Zong Chaihe's face when he knew Liang Jun could not stand anymore. Suddenly an exciting idea emerged on his head. With this idea, he started to smirk. "Bring him to my room."

"Understood, sir." Even though the bodyguards had no idea why Zong Chaihe wanted them to bring Liang Jun to his room, but they didn't ask about it.

When they stepped into the room, Zong Chaihe immediately said, "Tie him to the chair."

"Understood sir," the bodyguards finally understood what Zong Chaihe wanted to do to Liang Jun. Even though it was a cruel thing, but none of them said it.

When the bodyguards finished tying Liang Jun to the chair, an evil smile emerged on Zong Chaihe's face, "All of you get out of the room. Guard the room and house. Don't let anyone disturb me."

"Yes, sir." all the bodyguards immediately left.

"Bastard! What are you going to do to my little sister?" Liang Jun said angrily. He wanted to free himself but it was in vain. "Don't you dare touch my little sister!"

Because Liang Rong was still unconscious, Zong Chaihe tapped her cheeks to wake her up. When she regained consciousness, he smiled lustfully, "Hello beauty, did you sleep well?"

"Help..." tears formed in her eyes when she saw Zong Chaihe. She knew that he wanted to rape her. "Big brother, help me!"

"Bastard! Don't touch my little sister!" Liang Jun said angrily. "I will kill you if you dare touch my little sister!"

Upon hearing Liang Jun's words, Zong Chaihe turned his head toward Liang Jun and sneered, "Hmf! You can't even move your body and you want to kill me? Hahaha. Are you dreaming right now?"

Liang Jun gritted his teeth. He was furious but he could do nothing at that time. He began to hate himself for being useless at an important time.

Then Zong Chaihe returned his attention to Liang Rong. "Beautiful, let's enjoy ourselves."

When Liang Rong saw what Zong Chaihe was about to do, she immediately tried to fight back. She didn't want her body tainted by him.

At the same time, Xiao Tian and ten of his underlings arrived at Zong Chaihe's villa.

When the security guards saw Xiao Tian and his underlings, one of the security guards said, "Who are you?"

However, Xiao Tian didn't answer him and kept walking forward. He didn't want to waste his time answering him.

The security guards were unhappy when Xiao Tian ignored them. All of them immediately tried to stop Xiao Tian.

However, seven of Xiao Tian's underlings immediately blocked them. While the seven underlings of Xiao Tian were fighting against ten security guards, his expression did not change at all.

It was as if he knew that his underlings would win the fight against the ten security guards. When Xiao Tian and three of his other underlings were at the door, he immediately kicked the door hard.

Bang!

The sound of the door being thrown open violently echoed throughout the villa.

Hearing that, two of Zong Chaihe's bodyguards immediately walked toward the guest room. "Who dare to cause trouble here?"

Xiao Tian once again ignored it. Like Xiao Tian, Chun Hua also ignored the bodyguards because she believed her subordinates could handle them.

When Xiao Tian heard a scream in one of the rooms, Chun Hua and he walked toward that room. However, one of the bodyguards suddenly appeared in front of him.

The bodyguard did not want to let Xiao Tian go to that room because his boss would be mad at him later.

However, the bodyguard failed to stop Xiao Tian because Chun Hua immediately blocked him. The bodyguard was unhappy and dashed toward Xiao Tian.

But Chun Hua blocked him again. Xiao Tian stopped his footsteps to look at them. When he saw his underlings could handle those bodyguards, Xiao Tian walked toward the room again.

Bang!

Xiao Tian kicked the door.

"Who is it?" Zong Chaihe was surprised after hearing the sound of the door being opened by someone roughly.

"Are you Zong Chaihe?" Xiao Tian looked at Zong Chaihe and said coldly.

'Xiao Tian?'

Zong Chaihe's eyes widened when he saw Xiao Tian in front of him. At first, he had no idea why Xiao Tian came to his villa, but after remembering everything, he finally knew the reason.

"Bodyguards!" Zong Chaihe immediately shouted loudly, hoping his bodyguards would come and beat Xiao Tian.

At this moment, Liang Jun and Liang Rong were looking at Xiao Tian. They had no idea why Xiao Tian suddenly appeared at Zong Chaihe's villa.

But what they believed was that Xiao Tian had come with bad intentions. They knew it because Xiao Tian's expression was telling them that Xiao Tian wanted to torture Zong Chaihe badly.

Even though Xiao Tian came with his own reason, but Liang Jun and Liang Rong were pleased. With Xiao Tian at Zong Chaihe's villa, there was hope for them to free themselves and get revenge on Zong Chaihe.

Because his bodyguards still hadn't arrived yet, Zong Chaihe shouted louder, "Bodyguards, come here. There is an intrud-"

However, before Zong Chaihe had finished his words, Xiao Tian kicked his face, causing him to fall to the floor.

Seeing this, Liang Rong immediately dashed toward her big brother and untied the rope that bound his body. "Big brother, are you all right?"

"I'm fine." Because Liang Jun was unable to control his anger anymore, he immediately kicked Zong Chaihe's face when Zong Chaihe was about to stand up.

After that, Liang Jun sat on Zong Chaihe's chest and kept hitting Zong Chaihe's face. Even though Zong Chaihe's face had turned blue and blood dripped down from the corner of his mouth, Liang Jun didn't stop hitting him.

Xiao Tian let Liang Jun do whatever he wanted because Xiao Tian knew that Liang Jun hated Zong Chaihe to the bone for trying to rape his little sister.

But when Xiao Tian noticed that Zong Chaihe could not bear it anymore and was about to faint, he immediately said, "Stop it! I still have something to do to this bastard!"

Chapter 350 - How Dare You Betray Me!

7-9 minutes

Liang Jun immediately stopped what he was doing. Even though he still wanted to hit Zong Chaihe until Zong Chaihe faint, but he decided to stop when Xiao Tian told him to.

Liang Jun knew that Xiao Tian also had business with Zong Chaihe. And if it was not for Xiao Tian, they would not be able to free themselves and beat Zong Chaihe. That was why he immediately stopped when Xiao Tian told him to.

After Liang Jun stood up, Xiao Tian grabbed Zong Chaihe's hair and pulled it, "Tell me, why did you order my employees to steal my clothing designs?"

"I don't steal your clothing designs!" of course, Zong Chaihe would not admit it. "I designed it myself!"

"Don't lie to me!" Xiao Tian hit Zong Chaihe's face hard, causing him to spit blood of his mouth. "Do you think I will believe your words?"

'Steal?'

Now Liang Jun and Liang Rong understood why Xiao Tian suddenly caused trouble at Zong Chaihe's villa. It was because Zong Chaihe stole Xiao Tian's clothing designs.

"No wonder the company suddenly made a lot of profit in the last few days. So, this is the reason." Liang Jun mused.

Liang Jun didn't expect his boss would steal Xiao Tian's clothing designs. At first, he thought the employees from the designer department were the ones who designed it, but he was wrong.

"Because you have stolen my clothing designs, you have to give me all your money!" of course, Xiao Tian would take Zong Chaihe's money before teaching him a lesson again.

When he knew Xiao Tian wanted to take all his money, Zong Chaihe immediately said, "Dream on! I will not give yo-"

However, before Zong Chaihe had finished his words, Xiao Tian hit Zong Chaihe's face again. "It's my money in the first place so you should return it to me!"

"What?! Your money? It's my money!" Zong Chaihe found it hard to believe what he was hearing. He didn't expect Xiao Tian dared to say that it was Xiao Tian's money.

It was true that he asked Tang Yaxin to steal Xiao Tian's clothing designs, but he used his money to produces it, so it was his money.

"Mr. Xiao Tian, if this bastard doesn't want to give his money to you, I can help you take over his company." Liang Jun said abruptly.

Liang Jun hated Zong Chaihe very much because Zong Chaihe tried to rape his little sister earlier. For this reason, he would teach Zong Chaihe a lesson by giving Zong Chaihe's company to Xiao Tian.

He was a general manager with many connections in the company so it wouldn't be too difficult for him to give Zong Chaihe's company to Xiao Tian

Xiao Tian looked at Liang Jun and asked, "Who are you?"

"I'm Liang Jun, a general manager at this bastard company." Liang Jun then touched her little sister's shoulders. "She is my little sister, Liang Rong"

"General manager?" general manager was a high position. Xiao Tian didn't expect that Zong Chaihe would try to rape his general manager's little sister. Then Xiao Tian started to smirk. "Tell me how to do it."

"I have many connections in the company. Not only that, three days ago I learned all the bad things he had done. We can disclose everything on the internet and when the company's reputation goes down and all major shareholders sell their shares." Liang Jun's eyes gleamed with terrifying sharpness and

clenched his fingers. "We will announce to the public that you have bought his company. With this, the company's reputation will be clean again."

"What if the major shareholder still wants to invest?" Xiao Tian inquired

"I will make them sell their shares." Liang Jun was sure that he could do that because he had many connections in the company and his status in the company was also high. "With this, his company will be yours."

"Liang Jun, you bastard! How dare you betray me!" Zong Chaihe shouted angrily. "I'm your boss and you want to betray me?!"

"Boss? Hahaha," Liang Jun laughed loudly, "When you tried to rape my little sister, did you think that I'm your general manager at your company? I would not do something like this if you didn't try to rape my little sister!"

"All right, I will leave it to you." because Liang Jun's idea was not bad and Xiao Tian didn't need to do anything, he agreed with it. "But...don't you dare to lie to me because you will regret it!"

"Don't worry. Give me a few days, and I will give his company to you." Liang Jun didn't intend to lie to Xiao Tian because if it was not for Xiao Tian, he would not forgive himself for the rest of his life.

For him, Xiao Tian was his savior. Because of Xiao Tian, nothing happened to his little sister. He didn't dare to imagine what would happen to his little sister if Xiao Tian didn't suddenly appear in front of them.

"If you can give me his company in a short time, I will give you a better job later." Xiao Tian needed a capable person who was able to take care of his other company so he would try to recruit Liang Jun.

Liang Jun worked as a general manager at Zong Chaihe's company so Xiao Tian believed that Liang Jun was a capable person.

"Thank you." even though Liang Jun had no idea what position Xiao Tian would give him later, he didn't care about it for now because what he had in mind was how to beat Zong Chaihe.

As if Xiao Tian understood what Liang Jun wanted, he immediately sat on the edge of the bed and said, "You can do whatever you want with him now."

Without waiting for another second, Liang Jun began hitting Zong Chaihe again. Even though blood kept dripping down from the corner of Zong Chaihe's mouth, Liang Jun didn't stop hitting him.

It was as if he wanted to kill Zong Chaihe. As he was hitting Zong Chaihe, a terrifying smile appeared on Liang Jun's face.

This time, Xiao Tian didn't stop him. Xiao Tian even didn't care if Liang Jun wanted to kill Zong Chaihe. He kept looking at them expressionlessly.

Not long after that, Chun Hua and the others entered the room. "Sir, we have paralyzed them."

"Good." Xiao Tian answered without looking at his underlings.

When Chun Hua and the others saw what Liang Jun was doing to Zong Chaihe, they were startled. They thought their boss would be the one who beat Zong Chaihe, but they were wrong.

They wanted to ask Xiao Tian what was going on but when they saw Liang Rong's condition, they finally understood what had happened to them.

Chun Hua and the others gritted their teeth. By seeing Liang Rong's torn clothes, they knew that Zong Chaihe tried to rape her earlier.

This made them furious and want to beat Zong Chaihe too. Even though they were members of a gang, but one of their mottos was protecting women. That was why they wanted to beat Zong Chaihe so badly.

When Liang Rong thought that her big brother could kill Zong Chaihe if he continued hitting Zong Chaihe, she immediately grabbed her big brother's hands. "Big brother, stop it! You will be sent to prison if you kill him."

Liang Jun immediately stopped what he was doing. Earlier, he lost control when he recalled what Zong Chaihe tried to do to his little sister, so he kept hitting Zong Chaihe.

Xiao Tian looked at his underlings and said, "Let's go."
