Chapter 351 - Well Done!

Before Xiao Tian and his underlings left, Xiao Tian looked at Liang Jun and said, "I will be waiting for good news in my company."

"I will make it as quickly as possible." Liang Jun replied instantly.

"Good!" then Xiao Tian and his underlings left.

At this moment, Liang Jun and Liang Rong still remembered Xiao Tian's scary face. When Xiao Tian was invited by Rising Star TV show, he was like a kind person, but the Xiao Tian they saw earlier was different from Xiao Tian on TV.

Because there was no point in staying at Zong Chaihe's villa, Liang Jun turned his head toward his little sister and immediately said, "Let's go home."

"All right." Liang Rong nodded her head.

Because Shi Fei's friends wanted to apply for a job, Xiao Tian immediately traveled to his company. After several minutes of driving, Xiao Tian arrived at his company.

When Xiao Tian was about to enter his office, Shi Fei, who was seeing him, immediately dashed toward him. "Little brother, you have come?"

"Yes," Xiao Tian replied. "Are your friends already here?"

"Yes. there are in my office right now." Shi Fei then cupped his face before finally, forcing him to smile. "Your face is too stiff. You are more handsome if you smile."

Xiao Tian looked at Shi Fei for about five seconds before finally, he smiled. However, his smile was not as dazzling as his usual smile.

Shi Fei knew Xiao Tian had many problems lately so she didn't mind it. She just hoped he would return to his usual self quickly. "If you want to talk to me, you can call me anytime. Don't endure the problem alone because I'm here. Whatever happens, I will always support you. You are not alone, little brother."

"Thank you, Fei" Xiao Tian felt lucky to have Shi Fei because she didn't add a problem to him.

Shi Fei kissed Xiao Tian's forehead before walking toward her office, "I will bring my friends to your office now."

Xiao Tian then entered his office and sat on the couch. He was really curious about what kind of person Shi Fei's friends were.

Not long after that, Shi Fei and two of her friends entered his office.

Xiao Tian then lifted his sight toward them. One of her friends had an adorable face while the other had a quite pretty face.

Shi Fei then put her friend's resume on the table. "Little brother, these are their resume."

Xiao Tian then took the resume and began to read it. He was pleasantly surprised after reading their resume.

Even though previously Shi Fei's friends worked in a small company, but they both worked as managers. Xiao Tian thought they were low-status employees in the previous company. This made Xiao Tian happy because they were capable people.

'Little brother?'

Shi Fei's underlings were surprised at how Shi Fei called her boss. How could their leader call Xiao Tian little brother? was not Xiao Tian the boss? and what surprised them most was that Xiao Tian didn't mind it as if their leader always called him like that.

Xiao Tian then put their resume and said, "Fu Jiyi, Bi Yu, you two are hired to work here."

"Thank you, boss." Fu Jiyi and Bi Yu said in unison.

"I know that you two worked as managers at the previous company, but you two have to work from the bottom again here. But don't worry, if I am satisfied with your work, I will promote you two as managers again later." Xiao Tian planned to make them work as managers if Liang Jun succeeds in taking over Zong Chaihe's company because that was the best choice for them. "Fei, take them to their workplaces."

"Let's go." Shi Fei said.

Then Shi Fei, Fu Juyi, and Bi Yu left.

As Xiao Tian was working, something big happened. A video about the bad things Zong Chihe had been doing all this time, spread on the internet.

This made Xiao Tian smirk. He didn't expect that Liang Jun would make his move this fast. Of course, Xiao Tian was pleased by this because this meant, he would get Zong Chaihe's company quickly.

After the videos spread on the internet, the company took a big blow. The people who wanted to buy clothes decided not to do that.

Many people also started to hate Zong Chaihe, especially the families of the victims. Until now, they didn't dare to reveal it to the public because they were afraid of Zong Chaihe.

That was why they felt grateful to whoever posted the videos on the internet. Because everything was exposed on the internet, the families of the victims ventured to go to the police station to report what Zong Chaihe had done to them all the time.

Soon, four police officers came to Zong Chaihe's villa to arrest him. The police officers were surprised when they saw Zong Chaihe's condition.

Because it was a perfect time to put Zong Chaihe in prison longer, Liang Jun and Liang Rong told the police officers everything.

When Zong Chaihe was brought to the police station, almost all the major shareholders sold their shares. They thought there was no point in continuing to invest in Zong Chaihe's company.

With how big the scandal was, All major shareholders believed that they would lose more of their money if they didn't sell their shares.

With his connection in the company, Liang Jun could make Zong Chaihe's company go bankrupt in a single day. Not only that, but he could also even make Zong Chaiher's company belong to Xiao Tian.

"Not bad." Xiao Tian, who saw the news on the internet, smiled evilly. "Now, your company will be mine. All the results of your hard work will be mine."

With this, Xiao Tian believed that Liang Jun would meet him later. And what he had guessed was right because the day after the scandal, Liang Jun came to Xiao Tian's company.

"Mr. Xiao Tian, all you need to do is sign these documents and Zong Chaihe's company will be yours." Liang Jun put the documents on the table.

After Xiao Tian read all documents, he was satisfied. In the documents, it was stated that Zong Chaihe sold his company to Xiao Tian. "Well done!"

"Thank you. This is what I can do as a sign of gratitude for saving us yesterday." Liang Jun immediately replied. "We just need to announce that you have bought Zong Chaihe's company to the public."

"Is there an internal problem in the company?" Xiao Tian inquired.

"No. Using my status as a general manager, and take advantage of the situation, I have everything under control." Because he used his connection and many of his friends had a high status, it was not hard to control everything, especially after the scandal.

Even many of the employees immediately resigned because they thought it would be meaningless to continue working at Zong Chaihe's company. They thought that Zong Chaihe's company was over.

"Because I'm satisfied with your work, I will hire you as director in my other company." Xiao Tian thought it was not a bad idea to hire Liang Jun as director in his other company because Liang Jun had experience working as a general manager.

"Director?" Liang Jun said in surprise.

Chapter 352 - Whatever You Do, I Will Always Support You

8-10 minutes

"Yes." Xiao Tian answered, "A few days ago, I bought twenty branches of the Hong family company. You will work as director at that company. "

"Hong family company?" Liang Jun found it hard to believe what he just had heard. Hong family was from an upper-class family and their company had many branches in the whole of China.

Not only that, but Xiao Tian said that he had bought twenty branches of Hong family company. And being director at a company like that would make his status rise significantly.

"But you must keep my identity a secret and when others ask you later, you must say your boss's name is Qing Feng." Xiao Tian planned to hide his identity. That was why he told Liang Jun to say that his name was Qing Feng.

"Why do you want to hide your identity?" Liang Jun had no idea why Xiao Tian wanted to hide his identity. Being the owner of several branches was something to be proud of, so he wanted to know what Xiao Tian had in mind.

"You don't need to know." Xiao Tian didn't bother explaining to Liang Jun that the reason he wanted to hide his identity was to minimize the problem.

Because Xiao Tian didn't want to tell him, Liang Jun didn't ask about it anymore. He didn't want to make Xiao Tian angry and change his mind about hiring him as director.

Xiao Tian then explained which branch belonged to him. After explaining everything, he immediately said, "Your first job as director is to get all branch managers to come to company branch 6 the day after tomorrow at 9:00 in the morning."

Hong Guan Ji named all his company branches with numbers such as Hong Beauty branch 1, Hong beauty branch 2, and so on. Xiao Tian owned Hong beauty branch 1 to Hong beauty branch 20.

The reason Xiao Tian wanted all the branch managers to come to branch 6 was that it was closest to his house.

All branches owned by Xiao Tian were located in famous cities in China such as Shanghai, Beijing, Guangzhou, Shenzhen, Tianjin, Taipei, and Hong Kong. Three branches were located in Shanghai, five in Beijing, three in Guangzhou, two in Shenzhen, two in Tianjin, two in Taipei, and three in Hong Kong.

"Understood, sir." Liang Jun immediately behaved like Xiao Tian's subordinate.

Because there was nothing to talk anymore, Xiao Tian immediately said, "You can leave now. Remember not to reveal my identity to them. You can bring these documents as proof that those twenty branches belonged to me."

After Liang Jun took the documents, he immediately left.

Xiao Tian then took the telephone on the table and called Shi Fei, "Fei, come to my office now."

Not long after that, Shi Fei entered his office. "What is it, little brother? Do you need anything?"

Xiao Tian then sat on the couch and said, "Sit on the couch. I have something to tell you."

Instead of sitting on the couch, Shi Fei sat on his lap. After wrapping her long slender arms around Xiao Tian's neck, she immediately said, "What is it? Do you want to have sex with me right now? Hehe"

Actually, Shi Fei was only joking because Xiao Tian's expression was still stiff, so she wanted to make the atmosphere lively.

However, it seemed her effort was in vain because Xiao Tian's expression didn't change. "I really don't like your current expression."

After taking a deep breath, Xiao Tian sighed. "Zong Chaihe's company has belonged to me now."

Xiao Tian went straight to the point. Because he was talking with Shi Fei, Xiao Tian didn't need to lie to her.

"How come?" Shi Fei was surprised after hearing his words, "Wait! Don't tell me, the reason Zong Chaihe's company bankruptcy is because of you?"

"Yes." Xiao Tian gave her an honest answer. "He is the person who told Su Ruyan and Tang Yaxin to steal my clothing designs, so I decided to teach him a lesson. While Zhong Chaihe is in the police station, his company falls in my hands."

As Xiao Tian was saying that, his eyes were terrifying. Not only that, but he also grinned evilly. Even though Liang Jun took over Zong Chaihe's company using dirty methods, he did not care at all. The important thing was that Zong Chaihe's company had belonged to him now.

Other people also had no idea that the reason Zong Chaihe's company bankruptcy was because of Liang Jun.

Not only was his name still clean, but his company was getting bigger after he took over Zong Chaihe's company. Suddenly a memory from his past life appeared on his mind.

"Son, if other companies dare to cause trouble to your company, teach them a lesson and..." his past life father laughed evilly. "Take over their company so that your company can become bigger. Haha. Remember what your father has said just now."

"That's awesome." Shi Fei said as she smiled. "Now your company is bigger than before."

When Xiao Tian saw the smile on Shi Fei's face, he was stunned. Earlier, he thought Shi Fei would ask him many things, but he was wrong.

This made Xiao Tian curious why Shi Fei didn't ask anything. "That's it? You don't want to ask me anything?"

"No." Shi Fei shook her head. "Whatever you do, I will always support you."

At that time, Shi Fei had no idea that her simple words meant everything to Xiao Tian. Xiao Tian felt warm after hearing her words, and for the first time after his scandal spread on the internet, Xiao Tian smiled beautifully.

When Shi Fei saw his smile, she was pleased because it had been a few days since Xiao Tian smiled from the bottom of his heart. "I love this smile very much. My lover is more handsome when he smiles like this."

"Fei, I want to promote you as director now. You will accept it, right?" She Fei had been working hard and never disappointed him, so he wanted to promote her as director.

"Really?" Shi Fei was pleasantly surprised after hearing his words, "So, now I'm director?"

"Yes. Let's find a place for company's headquarters tomorrow." Because Xiao Tian had a lot of money from Hong Guan Ji, he wanted to rent a building for company's headquarters.

"All right." Shi Fei nodded her head.

Because Xiao Tian wanted to work again, he immediately said, "You can return to your office now."

However, Shi Fei remained sitting on his lap without a sign of stopping. Not only that, but she also looked at Xiao Tian intently.

Because Shi Fei was still sitting on his lap, Xiao Tian immediately said, "Fei, why are you still sitting on my la-"

Before Xiao Tian had finished his words, Shi Fei immediately kissed his lips. This made Xiao Tian a little surprised. Not only that, after their lips met, Shi Fei immediately tried to put her tongue in his mouth.

Even though Xiao Tian was not in the mood for it, he didn't stop Shi Fei and decided to open his mouth. Xiao Tian didn't want to make her sad by rejecting her.

They kissed passionately for several seconds before finally, Shi Fei broke the kiss. "Hehe. Do you like it? Do you want to have a French kiss again?"

At this time, Xiao Tian didn't answer her and only looked at her in the eyes. Xiao Tian wanted to tell her to return to her office, but after seeing her happy expression, he decided not to do that.

When Shi Fei slid from his lap, Xiao Tian thought she wanted to return to her office, but he was wrong. He was utterly wrong because not only did she not return to her office, but she even knelt between his legs.

Xiao Tian knew what she wanted to do when she looked at his cock intently. "Lock the door first."

"All right." Shi Fei dashed and locked the door.

With a happy expression, Shi Fei knelt between Xiao Tian's legs again. And without saying a single word, Shi Fei began to unzip Xiao Tian's trousers.

When Shi Fei saw his cock, her eyes shone brightly, "Mr. Cock, we meet again."

Then Shi Fei began to give Xiao Tian a blowjob. After Xiao Tian cummed in her little mouth, Shi Fei sat on the couch while holding Xiao Tian's cock with her left hand as if her hands didn't want to separate from his cock.

Chapter 353 - Wait!

6-7 minutes

After giving him a blowjob, Shi Fei rose to her feet. Actually, she only wanted to taste his cock because it had been a few days since she gave him a blowjob.

However, when she was giving him a blowjob earlier, her pussy was wet and the flame of lust appeared within her body. For this reason, Shi Fei grabbed her jeans and wanted to take it off because she wanted to have sex with him.

When Xiao Tian saw what she was doing, he grabbed her hands and said, "Wait! Let's not do it here."

"So, where should we do it?" even though she wanted to have sex with him as soon as possible, but because Xiao Tian said that he didn't want to have sex in his office, Shi Fei stopped what she was doing.

"Let's go to the nearest hotel." the reason Xiao Tian didn't want to have sex in his office was that he didn't want Fu Jiyi and Bi Yu to know about it, and he had to think about Lin Xing Xue's feeling too.

"All right." as long as she could have sex with Xiao Tian, Shi Fei would agree to his words.

Then they went to the nearest hotel. They immediately had sex as soon as they entered the hotel room. After having sex for more than an hour, they decided to stop.

"Huft...Huft...Huft..." Shi Fei's heavy breath could be heard in their ears. "It was great."

Xiao Tian didn't answer and only looked at Shi Fei's body. Previously, they had wild sex and Xiao Tian cummed in her pussy, ass hole, and her mouth a few times.

There was not a hole that he didn't mark with his sperm, and Shi Fei loved it very much. Even the whole room smelled of sperm and the sheets were wet from their cum.

However, both of them kept lying down without caring about it. Currently, Xiao Tian was lying on his back while Shi Fei was lying on his right side with her head resting on his right arm.

Xiao Tian then slowly closed his eyes, intending to rest for a few minutes before going home. However, he suddenly felt something squeezing his cock.

This made Xiao Tian reopen his eyes. When he saw Shi Fei sitting between his legs, he immediately said, "Do you still want to have sex again?"

"Huff." Shi Fei let out a seductive moan when Xiao Tian cock slowly entered her pussy again. After his penis was inside her pussy, Shi Fei rested on top of his body. "No. I just want to rest while still connected with you."

Xiao Tian didn't say a single word again and let her do whatever she wanted. Then he closed his eyes again.

When Xiao Tian didn't embrace her, Shi Fei grabbed his hands and placed it around her waist. "Embrace me tightly."

Without opening his eyes, Xiao Tian did what he was told. At first, Xiao Tian intended to rest for a few minutes, but because he had fallen asleep, they ended up staying in the hotel for an hour and a half.

Because it was already 09:00 pm, Xiao Tian thought it was time to go home. But when he found out Shi Fei was sleeping, Xiao Tian didn't have the heart to wake her.

For this reason, Xiao Tian waited until Shi Fei woke up. Seconds turned into minutes and forty minutes had passed since Xiao Tian woke up, but Shi Fei was still sleeping deeply.

Actually, Shi Fei had woken up five minutes ago but she was pretending to sleep because she still wanted to spend time with him.

Shi Fei loved spending time with Xiao Tian, coupled with him caressing her hair gently, made Shi Fei want to spend time longer with him even more.

Since Xiao Tian had a lot of problems, he rarely spent time with her and only focused on making him stronger. Of course, Shi Fei knew what he had been doing because Chun Hua always told her what Xiao Tian did.

Because Shi Fei thought it was time to go home, she pretended to wake up. However, when she felt Xiao Tian's cock throbbing hard, she squeezed her pussy hard, intending to make him feel aroused.

"Fei, you are awake?" even though Xiao Tian felt Shi Fei's vagina squeezing his cock hard, he pretended as if he felt nothing.

Shi Fei immediately giggled and said, "Little brother, your cock is throbbing hard. Do you want to do it again?"

Before Xiao Tian could answer her, Shi Fei kissed his lips again. Of course, Xiao Tian welcomed the kiss because he loved kissing his woman.

At first, they only pressed their lips against each other but suddenly the desire to have a French kiss suddenly appeared within their bodies.

They didn't stop the kiss and only looked into each other's eyes. And as if they could communicate through their eyes, they immediately opened their mouths and moved their tongues lewdly.

As they were kissing passionately, Shi Fei, who felt Xiao Tian's cock throbbing hard, slowly moved her hips up and down.

This made the lust within Xiao Tian's body grow bigger and bigger. Even though Xiao Tian wanted to go home immediately, but when Shi Fei moved her hips, he suddenly desired to have sex before going home. For this reason, Xiao Tian didn't stop Shi Fei and only enjoyed the kiss.

After kissing and moving her hips for more than a minute, Shi Fei broke the kiss and stopped moving her hips. "Let's have sex again before going home."

Instead of giving her an answer, Xiao Tian grabbed her buttocks and moved his hips. And then, they had sex again for several minutes before finally, they stopped and went home.

"I'm home." even though Xiao Tian knew that his mother and aunt would not reply to him, he still said it.

He just hoped that a miracle would happen to him and his mother and aunt welcome him with smiles on their faces.

But like usual, his mother and aunt ignored him and kept watching TV. Then Xiao Tian sat next to his mother and tried to talk to them.

However, they ignored him completely as if he was air. After sighing, Xiao Tian headed toward his room and slept

Chapter 354 - Tian'er, Can You Let Me Work At Your Company?

7-8 minutes

The following morning, Xiao Tian woke up at 04:00 am. The reason he woke up early was that he wanted to cook breakfast for his mother and aunt.

Xiao Tian hoped with him cooking breakfast for them, they would at least talk to him. Even though Xiao Tian could not cook, he didn't give up.

He didn't care how many times he failed in cooking breakfast, Xiao Tian kept trying to make a delicious breakfast.

After failing several times, Xiao Tian finally managed to make breakfast. He didn't know whether it was delicious or not but based on his tongue, the food tasted good.

Without realizing it, it was already 05:15 am. Xiao Tian was pleased because he could make breakfast on time.

All he needed to do was to place the food on the table and waited for his mother and aunt. When Xiao Tian wanted to bring the food to the dining room, his mother and aunt entered the kitchen.

"Mother, aunt, I have made breakfast. You two don't need to cook breakfast anymore." Xiao Tian said in a soft voice.

It was rare for Xiao Tian to say in a soft voice like that. Not only that, he even smiled too.

However, Ye Qingyu and Ye Xueyin didn't answer him and only looked at him. Even though they were touched by his actions, but when they remembered what he had done to them, they ignored Xiao Tian again.

*Slice

Xiao Tian felt as if someone was slicing his heart when his mother and aunt ignored him and prepared to cook breakfast for them.

"Can you two not ignore me like this? I know I'm wrong but at least, talk to me. Don't ignore me like this. You two are mature women, so BEHAVE LIKE AN ADULT!" Xiao Tian was unable to hold back his anger anymore.

Xiao Tian knew everything was his fault but the behavior of his mother and aunt were too excessive. It had been several days since they talk to him. Xiao Tian was afraid that if his mother and aunty kept ignoring him, he would forget their voices.

Xiao Tian had done many things to make up with them but they always ignored him as if he was air. When Xiao Tian found out that his mother and aunt still ignored him, he walked out of the kitchen and headed to his room to calm his mind.

Because Xiao Tian was unable to calm his mind, he immediately went to Liu Ning's house. However, because it was still 05:30 am, Xiao Tian didn't have the courage to knock on the door.

Xiao Tian was afraid that Shi Fei and Liu Ning were still sleeping or he would disturb them. For this reason, Xiao Tian only sat on the terrace.

Coincidentally, not long after Xiao Tian sat on the chair, Liu Ning opened the door. The expression of deep surprise emerged on her face when she saw Xiao Tian sitting on the chair. "Xiao Tian?"

"Ning'er.." without giving her a warning, Xiao Tian walked toward her and embraced her tightly.

It was the first time Xiao Tian came to her house so early in the morning. When she noticed his behavior, she understood that Xiao Tian's mind was in a mess.

When Xiao Tian stopped the hug, Liu Ning smiled and said, "Let's come inside."

After closing the door, they headed to the living room.

Liu Ning, who saw the expression on his face, placed his head on her lap and caressed his hair gently, "What is wrong? If you have a problem, you can share it with me. Maybe I can help you solve it."

Xiao Tian looked at Liu Ning's loving face for three seconds before finally hiding his face on her stomach. "Nothing."

Xiao Tian knew Liu Ning had no problem with him having several women, but in his view, it would be better not to discuss it to her because he didn't want to make her sad or anything like that.

Liu Ning only smiled after seeing his behavior. Even though she hoped Xiao Tian would tell her about his problem, but she didn't ask about it anymore.

When Xiao Tian rested his head on Liu Ning's lap, his mind suddenly calmed down. Coupled with her caressing his hair gently, made Xiao Tian fall asleep.

Seconds turned into minutes and without realizing it, it had been twenty minutes since Xiao Tian slept on Liu Ning's lap.

Not long after that, Shi Fei woke up and headed to the dining room to drink water. Like Liu Ning, Shi Fei was surprised when she saw Xiao Tian sleeping on Liu Ning's lap.

Then Shi Fei walked toward Xiao Tian and kissed his hair gently. "Since when is he here?"

"About twenty minutes ago." Liu Ning answered in a low voice because she didn't want to wake Xiao Tian.

Because Shi Fei didn't want to disturb his sleep, she decided to take a bath.

Not long after that, Xiao Tian woke up. "What time is it now?"

"It's still 06:10 am." Liu Ning answered instantly. "You can sleep again if you want."

"No. I have to go to work because today I need to find a place for my company's headquarters." Yesterday, Xiao Tian had promised Shi Fei that they would look for a place for the company's headquarters, so he didn't want to sleep again.

Xiao Tian knew that his mind was a mess because his harem was falling apart. However, he could not let his emotions affect his mood to work.

One of his main goals was to raise the status of his family to an upper-class family so that everyone would respect his family. And Xiao Tian hoped his mother and aunt would forgive him if he could raise the status of his family into an upper-class family

"Tian'er, can you let me work at your company?" ever since Liu Ning lived with Shi Fei, she always stayed at home. It made her lonely so she thought it would be better if she worked at her lover's company.

At first, she wanted to work at another company, but after thinking carefully, it would be better to work at Xiao Tian's company.

Not only could she help him develop his company, but she would be able to spend time with him too. It was like killing two birds with one stone. That was why she asked Xiao Tian to give her a job.

"Work?" Xiao Tian was a little surprised after hearing her words. "Do you want to work at my company?"

"Yes." Liu Ning answered as she nodded her head.

"I worked for a year at La company before, but Feng Ao told me to stop working after we got married." Actually, she did not want to stop working, but because at that time, Feng Ao was her husband, so she decided to follow his wishes.

"Tell me your major at University and your experience working at La company." Even though Xiao Tian would give her a job, he did not want to give her a job that she would not be able to handle, because not only would it give her problems later, but it could also endanger the company.

Liu Ning then began to explain everything to Xiao Tian, from her major at University to her experience working at La company.

After hearing it, Xiao Tian said, "Ning'er, I can give you a job but it's not a high position because I think you will not be able to handle it later."

"I'm fine with it." Liu Ning said

Chapter 355 - Hey, I Want A Kiss Too

6-7 minutes

"Don't worry, if you can handle a high position job, I will promote you later. Or you can ask Shi Fei to teach you working as a manager." Actually, Xiao Tian didn't have the heart to give her a low position but because she only had experience working as low-status employees, he could not give her a high position in his company.

"I will teach her how to work as a manager later." Shi Fei, who just finished bathing, said.

"Good!" Xiao Tian agreed with it. Shi Fei had experience working as a manager and her work was good too, so it was the best choice to make Liu Ning learn from Shi Fei. "I will count on you."

"Thank you, big sister Fei." Liu Ning was pleased after hearing Shi Fei's words. "And you should wear clothes first."

"Why? Little brother had seen my body many times, and I'm not naked, you know." Currently, Shi Fei was only wearing a towel but because the towel was short, her pussy was almost visible to them.

"But still.." Liu Ning didn't know what to say to make Shi Fei immediately wear clothes.

Suddenly Shi Fei thought of something. With this on her mind, she giggled and stood in front of Xiao Tian.

Shi Fei then grabbed the towel which was covering her pussy and said, "Little brother, do you want to see my pussy?"

Xiao Tian didn't answer and only looked at her hands. He just didn't expect that Shi Fei would tease him like that.

Of course, Xiao Tian didn't mind to see her beautiful vagina if she really wanted to show it to him. But he would not say it to her.

"You want to see, right?" when Shi Fei saw the expression on Xiao Tian's face, she knew that Xiao Tian wanted to see her pussy.

But what disappointed her was that he said nothing. Usually, Xiao Tian would tease her and immediately take off her towel if she teased him like that, but now he did nothing.

Of course, Shi Fei was also delighted by this because she could tease him as she pleased. Then Shi Fei raised her towel slowly until a little part of her pussy was visible to Xiao Tian's eyes. "Now tell me, do you want to see my vagina?"

And like before, Xiao Tian didn't say anything, but he could not take his eyes off her pussy. Even though he had seen her pussy last night, but when Shi Fei teased him like that, Xiao Tian wanted to see it again.

When Liu Ning saw what Shi Fei was doing, she immediately grabbed Xiao Tian's head and pulled it into her chest, "Big sister Fei, stop it! and wear clothes quickly."

"Ning, you are not fun." Shi Fei then walked toward her room to wear clothes.

When Shi Fei left, Liu Ning stopped pulling Xiao Tian's head and said, "She really doesn't know the meaning of shy."

At this moment, Xiao Tian looked at Liu Ning in the eyes. However, he didn't say anything and only looked at her.

"Tian'er what is wrong-" when Liu Ning saw the expression on Xiao Tian's face, she immediately stopped her words.

Liu Ning knew that Xiao Tian wanted to kiss her. For this reason, she closed her eyes to give him a sign that it was fine to kiss her.

Then Xiao Tian slowly brought his face closer towards hers before finally, their lips met. He didn't immediately kiss her passionately and only pressed his lips against hers.

However, when he saw her beautiful face, he suddenly desired to have a French kiss with her. That was why Xiao Tian opened his mouth and tried to put his tongue in her mouth.

Liu Ning didn't open her eyes when she felt Xiao Tian's tongue trying to enter her little mouth. She only opened her mouth to give his tongue a way to enter her mouth.

As they were kissing passionately, Liu Ning slowly opened her eyes. When she saw his black eyes, she felt as if she were sinking into the dark night. Coupled with how skilled Xiao Tian was using his tongue, made the flame of lust begin to appear within her body.

This made Liu Ning wrap her slender arms around his neck, and slowly tilt her head to the left and right.

It was not only Liu Ning, but Xiao Tian also felt the flame of lust begin consuming his body. For this reason, Xiao Tian bent over, causing them to fall on the couch.

When Xiao Tian was on top of her body, he didn't stop the kiss; instead, it made him want to kiss her even more.

Even though they always stopped the kiss every fifty seconds, but they immediately had passionately kiss again as if they were addicted to one another.

They kissed hungrily for more than five minutes before finally, a voice rang out, "Hey, I want a kiss too."

This made Liu Ning and Xiao Tian stop the kiss and look at the source of the voice. As if they were still not satisfied kissing each other, Liu Ning and Xiao Tian kissed passionately again.

Even though Shi Fei also wanted to have a French kiss with Xiao Tian, she didn't stop them; instead, she squatted down and looked at what they were doing from a close range.

"Hehe. Both of you have a lewd face." Shi Fei suddenly wondered whether she also had a lewd expression whenever she had a passionate kiss with Xiao Tian or not. "Look! Your saliva is dripping down from the corner your mouth."

This time, Xiao Tian and Liu Ning were kissing longer than before. They had a passionate kiss for more than a minute. This greatly surprised Shi Fei because earlier, she thought they would stop after kissing for several seconds, but she was wrong.

Shi Fei kept looking at them until finally, they stopped the kiss. And when she noticed Xiao Tian looking at her, her eyes shone brightly, "Is it my turn now?"

Xiao Tian then sat on the couch and tapped his lap, "Come and sit on my lap."

With a smile on her face, Shi Fei did what she was told. And then Xiao Tian and Shi Fei kissed passionately too.

Chapter 356 - Looking For A Place For The Company Headquarters

6-7 minutes

When Shi Fei and Xiao Tian had a passionately kiss, Liu Ning headed to the bathroom to take a bath because she would go to Xiao Tian's company today.

Because she didn't want to make them wait long, she took a quick bath. Then Liu Ning returned to the living room.

At first, she thought Xiao Tian and Shi Fei still had a passionate kiss, but she was wrong because they were watching TV when she stepped into the living room.

Shi Fei was still sitting on Xiao Tian's lap while facing the same direction. Even though Xiao Tian only wrapped his arms around her waist and didn't say a single word, Shi Fei was delighted.

As they were watching TV, Shi Fei often laughed and kissed Xiao Tian's cheeks. However, Xiao Tian only watched TV. He did nothing when Shi Fei kissed him.

When Shi Fei noticed Liu Ning standing not far from them, she slid from his lap and said, "Let's have breakfast."

"All right." Liu Ning nodded her head.

Shi Fei grabbed Xiao Tian's hands and walked toward the dining room.

As they were consuming food, Shi Fei often laughed happily. This made Xiao Tian curious and want to know why she laughed. "Why are you laughing? Is there something funny?"

"No. It's the first time for the three of us having breakfast together like this." Shi Fei then turned her head toward Liu Ning. "Isn't that right, Ning?"

Even though they only ate at home, Shi Fei was pleased because it was rare for her to have breakfast with Xiao Tian and Liu Ning.

"Yes." Liu Ning nodded her head. "I'm also happy we are having breakfast together like this."

"Are you not happy, little brother?" Shi Fei inquired.

"I'm happy." Of course, Xiao Tian was delighted. He only didn't show it on his face.

"Is that so? But your expression is telling me that you are not happy." From his expression, Shi Fei had no idea whether Xiao Tian was telling the truth or not.

At this moment, Shi Fei hoped that Xiao Tian's previous personality would return soon because it would be interesting to hear his answer. Now she could not tell about his feeling at all.

"Stop talking and eat. We are going to look for a place for the company headquarters today." Xiao Tian said as he continued consuming the food.

Liu Ning and Shi Fei looked at each other before sighing. They knew Xiao Tian was having a big problem. They just didn't expect that he would also change because of that.

Then they continued eating the food. After several minutes, they finished eating. Because there was nothing to do anymore, they immediately went to his company.

After they reached his company, Shi Fei introduced Liu Ning to other employees. When Liu Ning saw Lin Xing Xue, a complicated expression emerged on her face.

Because she didn't ask whether Lin Xing Xue worked at his company or not, she had no idea what she should do or say after meeting Lin Xing Xue.

However, Liu Ning ventured to tell everything to Lin Xing Xue, because in her view, it would be better to tell her everything quickly.

For this reason, Liu Ning brought Lin Xing Xue to someplace alone. This made Lin Xing Xue curious. But she followed Liu Ning because Liu Ning said that Liu Ning had something important to tell her.

When they were alone together, Liu Ning began to get nervous because she thought she had destroyed Lin Xing Xue's life. With a complicated expression, Liu Ning began telling everything to Lin Xing Xue.

To her surprise, Lin Xing Xue was not angry with her. Lin Xing Xue even told that she did not mind it because it was in the past and Feng Ao had paid for his actions.

Even though Lin Xing Xue said something like that, Liu Ning still felt guilty. She couldn't get rid of those feelings just like that.

That was why she told Lin Xing Xue if Lin Xing Xue needed something in the future, Lin Xing Xue could tell her and she would help Lin Xing Xue as much as she could.

As Lin Xing Xue and Liu Ning were talking something, Xiao Tian and Shi Fei left to look for a place for the company headquarters.

Actually, Xiao Tian also wanted to bring Lin Xing Xue, but he thought she would refuse it, thinking that Xiao Tian would take advantage of the situation later. For this reason, he only went together with Shi Fei.

After looking for more than four hours, Xiao Tian and Shi Fei finally found the right building for the company headquarters.

The building was huge and had three floors. On the first floor, there was one large empty room, seven cubicle toilets, one small kitchen, and two bathrooms. Xiao Tian thought it was perfect place for low-status employees to work.

On the second floor, there were fifteen small size offices, nine cubicle toilets, one kitchen, and three washrooms.

While in the third floor, there were five offices, one meeting room, five cubicle toilets, one kitchen, three bathrooms, and one bedroom.

Xiao Tian thought it was a perfect building for company headquarters. Not only did the building have a large parking lot, but it also near Bamboo Restaurant.

At first, Xiao Tian wanted to buy it but after learning about the price, Xiao Tian decided to rent it. It was not because Xiao Tian couldn't afford it, but because it was too expensive.

Xiao Tian could buy it using the money he got from Hong Guan Ji and his saving, but in his view, it was not the best choice.

For this reason, he decided to rent it for two years. After everything was done, Xiao Tian and Shi Fei decided to eat at Bamboo Restaurant.

Because it was already 01:00 pm, Xiao Tian and Shi Fei returned to the company. Xiao Tian didn't want to waste time because he still had a lot of works.

After they reached his company, Xiao Tian immediately headed toward his office and worked. Not long after that, one of his employees knocked on the door. "Come in"

After the employee was in front of him, he immediately said, "Sir, there are two people reque-"

Before the employee had finished his words, a voice rang out, "So, you are Xiao Tian?"

Chapter 357 - Can You Live Only With Love? That Is Bullshit!

7-9 minutes

Xiao Tian was unhappy when two people suddenly entered his office as they pleased. "Who are you?"

Like Xiao Tian, Nalan Jiangge was unhappy when she saw Xiao Tian. "Are you Xiao Tian?"

Because Yun Wuya didn't want her wife to cause trouble in Xiao Tian's office, he immediately said, "Jiangge, this is not our place. You have to be polite to him."

"Why do I have to do that?" Nalan Jiangge had no idea why her husband still behaved kindly toward Xiao Tian. "Because of him, our daughter's reputation was tarnished. Luckily director Li had cleaned up his mess."

Xiao Tian finally understood that they were Yun Xin Er's parents. Even though Xiao Tian was unhappy because they suddenly entered his office, but he tried his best to hold back his anger.

Xiao Tian didn't want to have problems with Yun Xin Er's parents. "As for information, I'm the one who posted the video on the internet, and I have solved the problem now."

"Liar!" Nalan Jiangge thought Li Wen was the one who posted the video of Hong Guan Ji on the internet. That was why she was furious. "It was director Li, not you."

"It's me. If you don't believe it, you can ask director Li yourself." if they were not Yun Xin Er's parents, Xiao Tian would have kicked them out of his company because he didn't like her behavior.

He was having a bad day and here, Nalan Jiangge wanted to make him lose his patience. But when he remembered Yun Xin Er, he kept telling himself to be patient.

"Young man, is that true?" Yun Wuya inquired. "Is that you who solved the problem? Not director Li?"

"It's me the one who solved the problem." Xiao Tian really liked Yun Wuya's behavior. For this reason, Xiao Tian rose from his seat and walked toward them. "Uncle, I'm sorry for causing trouble to your daughter."

Actually, Xiao Tian wanted to apologize to Nalan Jiangge too, but after remembering her attitude, he decided to only apologize to Yun Wuya.

In his view, he was already kind enough not to get angry at Nalan Jiangge and kick her out of his company. That was why he didn't apologize to her.

"It's fine." Yun Wuya was a little surprised when Xiao Tian suddenly apologized to him. Of course, he understood why Xiao Tian only apologized to him.

"You!" Nalan Jiangge was furious because Xiao Tian didn't apologize to her. "You should apologize to me too!"

Xiao Tian looked at Nalan Jiangge for about five seconds before he finally spoke in a monotonous tone. "I'm sorry."

Xiao Tian was not good at dealing with other people's parents. In his previous life, because his father was the wealthiest person in Beijing, everyone always smiled and treated him nicely.

Every time he went to his girlfriend's house, their parents always had a smile on their faces. Now because he was only from a middle-class family, he knew that Nalan Jiangge would not behave like that.

Xiao Tian even believed that she would forbid him from seeing Yun Xin Er again because, in her view, Xiao Tian didn't deserve Yun Xin Er.

"What is the meaning of your monotone voice?" Nalan Jiangge pointed her index finger toward Xiao Tian. "You are only from a middle-class family and you dare to behave like this to me? Do you know who I am?"

As I thought, she is a person who judges people based on family status. Xiao Tian thought to himself.

Xiao Tian ignored Nalan Jiangge and looked at Yun Wuya. "Uncle, please sit."

"You!" Nalan Jiangge found it hard to believe that Xiao Tian still dared to ignore her.

"Thank you." Yun Wuya dragged his wife and sat on the couch.

"Xiao Tian, stop seeing my daughter from today onwards." Nalan Jiangge told Xiao Tian her main purpose for coming to his company. "You should know your place. You are only from a middle-class family and my daughter is one of the most famous singers in the whole of China. And we are from an upper-class family too."

Because Xiao Tian didn't want to have a fight with Nalan Jiangge, he looked at Yun Wuya and said, "Uncle, I have never seen you before. Don't you live with big sister Yun?"

Even though Xiao Tian's behavior was rude because he ignored her wife, but Yun Wuya knew it was because Xiao Tian didn't want to fight with her wife. "We have live sepe-"

Before Yun Wuya had finished his words, Nalan Jiangge hit the table with her fist.

Bang!

The sound of her hitting the table could be heard in their ears.

"Jiangge, what are you doing?" Yun Wuya was unhappy with his wife's behavior.

He knew that she didn't like Xiao Tian, but if she always behaved rudely, it would create another problem.

Yun Wuya thought it would be better to talk with a calm mind rather than using violence. Maybe with that, they would know that Xiao Tian was not as bad as they thought.

"Wuya, why aren't you saying anything? Don't tell me you agree with their relationship?" Nalan Jiangge had no idea why her husband never said anything to Xiao Tian. "He is from a middle-class family. He doesn't deserve our daughter."

"Aunt, yo-" before Xiao Tian had finished his words, he was interrupted by Nalan Jiangge.

"Don't call me aunt." Nalan Jiangge said angrily. "You don't deserve to call me aunt."

"It's true that I'm from a middle-class family now, but we don't know what will happen in the future." Because Nalan Jiangge always said middle-class families and upper-class families, Xiao Tian decided to defend himself.

At first, he wanted to keep ignoring her, but in his view, if he kept ignoring her, she would continue humiliating him.

"Future? Are you sure your family status will be an upper-class family in the future?" Nalan Jiangge thought it was impossible for Xiao Tian to improve his family status to an upper-class family. That was why she said something like that. "My daughter is pretty and famous. There are many young masters from upper-class families who want to become my daughter's boyfriend. And you don't deserve her."

"Jiangge! Can you stop judging people only based on their family status?" Yu Wuya didn't want Xiao Tian to think that they only cared about money. That was why he tried to stop his wife from saying family status.

"Why? Is it wrong? Money is important! Can you live only with love? That is bullshit! We need money to live, not love." Nalan Jiangge thought Xiao Tian was a naive person who thought that it was fine to have a relationship with Yun Xin Er as long as he loved her.

Yun Wuya knew what his wife had just said was also right but from what she said, money was everything. He disagreed with it. "Can you stop saying upper-class families and middle-class families? You are like a gold digger if you behave like this!"

"Why are you defending him?" Nalan Jiangge found it hard to believe that his husband still hadn't supported her. "You should tell him too! Tell him not to see our daughter anymore."

Xiao Tian really wanted to slap her with money but because he knew they had more money than him, he decided not to do that.

Nalan Jiangge returned her attention to Xiao Tian again. "You shoul-"

"Stop!" a voice suddenly rang out

Chapter 358 - Stop It! You Are Hurting Xin Er!

8-10 minutes

From the voice, everyone knew it was Yun Xin Er. When she found out that her parents went to Xiao Tian's company, she immediately traveled to his company too.

Yun Xin Er knew that her mother would cause trouble to Xiao Tian because her mother didn't like Xiao Tian.

When she saw his expression, Yun Xin Er understood that her mother had caused trouble to Xiao Tian. but she was pleased because it seemed like Xiao Tian was able to hold back his anger.

This made Yun Xin Er love him even more. "Mother, stop it! Can you stop judging people based on their family status?"

"Xin Er, this is for you, not for us." Nalan Jiangge replied. "I don't want you to suffer after marriage later. That is why I always introduce you to young masters from upper-class families because I'm sure they can make you happy."

"No." Yun Xin Er shook her head. "A marriage without love is meaningless. It's more painful than a marriage without money."

Yun Xin Er dared to say something like that because she knew some people who got married for money and almost all of them divorced after being married for a few months or their lives were unhappy. That was why Yun Xin Er didn't want to get married if not with the person she loved.

"Shut up!" Nalan Jiangge was unhappy after hearing her daughter's words. "I did all of this for you, not us."

"No." Yun Xin Er replied. "The reason you want me to get married to a young master from upper-class families is that you want to raise our family status."

"You, unfilial daughter! How dare you accuse your mother like this." Nalan Jiangge pointed her index finger at Yun Xin Er.

"Hey, stop it! Don't fight here! This is not our place. Are you two not ashamed?" Yun Wuji didn't expect that his wife and daughter would still fight in front of other people.

Because Xiao Tian didn't want Yun Xin Er to fight with her mother, he rose from the couch and walked toward her. "Big sister Yun, don't fight with your mother. She is still your mother."

"But..." Yun Xin Er also didn't want to fight with her mother but her mother always kept making her angry. "But..."

"It's fine." Xiao Tian said.

At this moment, Yun Wuya liked Xiao Tian even more after knowing his behavior. Yun Wuya was sure if it was another people, they would have been angry with Nalan Jiangge because she had been humiliating Xiao Tian since they met.

Yun Wuya knew that Xiao Tian was furious but still, he tried his best to hold back his anger. It was rare for young people to be able to control their anger like Xiao Tian.

Usually, young people tended not to be able to control their emotions. However, Xiao Tian was different. This made Yun Wuya surprised and amazed at the same time.

'No wonder he can be a successful person at a young age.'

Yun Wuya believed one of the reasons Xiao Tian could be a successful person at a young age was that he could control his emotions.

A businessman who could not control his emotions would always complain if his company was having problems. That was why most people who could not control their emotions, would not succeed in their careers

"It's fine." Xiao Tian said. "One day, I will prove to your mother that I can raise my family status into an upper-class family."

Upon hearing his words and seeing the expression on his face, Yun Xin Er immediately said, "All right."

In China, if anyone wanted to become an upper-class family, they had to have a net worth of at least three hundred million Yuan.

The standard of the rich people in this world was far higher than in his previous life. Someone with a net worth of 600,000-100,000,000 Yuan would only be categorized as a middle-class family, and someone who had a net worth of less than 500,000 Yuan would be categorized as a lower-class family.

Each family class was also divided into three sub classes. For example, someone who had a net worth of less than 100,000 Yuan, that person would be categorized as a low lower-class family.

Someone with a net worth of 150,000-300,000 Yuan would be categorized as mid low-class family. They needed to have a net worth of 350,000-500,000 Yuan if they wanted to be categorized as high lower-class family.

Someone with a net worth of 600,000 -5.000,000 Yuan would be categorized as a low middle-class family and someone with a net worth of 6,000,000 – 50,000,000 Yuan, would be categorized as mid middle-class family.

For people who wanted to be categorized as a high middle-class family, they needed to have a net worth of 60,000,000-100,000,000 Yuan

It was the same with an upper-class family. Someone with a net worth of 150,000,000–500,000,000 Yuan would be categorized as a low upper-class family.

Someone with a net worth of 500,000,000 – 1,000,000,000 Yuan would only be categorized as mid upper-class family. They needed to have a net worth of more than 1 billion Yuan if they want to be categorized as high upper-class family.

In Shanghai, there were 27 million population with about seven million families from middle-class families and countless families from lower-class families.

There were twenty-five upper-class families in Shanghai, but more than half of them were from low upper-class families.

Previously there were twenty-four upper-class families in Shanghai, but since Yun Xin Er became one of the most famous singers in the whole of China and had a close relationship with the successor of Li family, Yun family business grew rapidly. For this reason, Yun family became an upper-class family, or more precisely, low upper-class family.

Because Xiao Tian got money from Hong Guan Ji, now he was categorized as a high middle-class family. Xiao Tian needed to have another 70,000,000 Yuan if he wanted to be categorized as a low upper-class family.

Actually, the twenty branches that he got from the company owned by Hong Guan Ji were worth more than 100,000,000 Yuan.

That could make him instantly become an upper-class family, but Xiao Tian didn't want to tell them about it because he was sure they would know the reason he got the company owned by Hong Guan Ji.

Xiao Tian believed they would not believe him if he said he bought those twenty branches. There were several reasons for it.

First, Xiao Tian's company was in a crisis a few days ago, so it was not possible to tell the public that he bought twenty branches of Hong Guan Ji's company because everyone would be suspicious of him later.

Second, Xiao Tian and the Hong family were enemies. Those were two of several reasons why Xiao Tian could not tell anyone about it and decided to hide his identity.

"You have said it yourself!" upon hearing Xiao Tian's words, Nalan Jiangge found a way to keep Xian away from her daughter, so she didn't want to let the opportunity to slip away because she wanted Yun Xin Er's future husband at least from mid upper-class families. "From today onwards, don't you dare to meet my daughter if your family is not an upper-class family. Your family status has to be at least mid upper-class family if you want to meet my daughter. After that, we can talk again. Dear, Xin Er, let's go"

"No." when Nalan Jiangge grabbed her hands and wanted to drag her out of Xiao Tian's office, Yun Xin Er freed her hands from her mother's grasp. "I will keep meeting him even though he is from a middle-class family. I don't want to separate from him."

Nalan Jiangge grabbed her daughter's hands again and said, "You should remember our family status. He is not worthy of you. There are many people who are better than him. Just forget him already!"

Nalan Jiangge believed Xiao Tian would not be able to raise his family status to an upper-class family. That was why she wanted her daughter to forget him.

Xiao Tian gritted his teeth. He was really furious with Nalan Jiangge's behavior. He didn't expect that she would treat her daughter like that.

And from their behavior, Xiao Tian guessed that Yun Xin Er and Nalan Jiangge were not close. But because Nalan Jiangge was Yun Xin Er's mother, he still tried to hold back his anger.

However, when Xiao Tian saw Nalan Jiangge kept hurting Yun Xin Er by grasping her hands hard and dragging her, Xiao Tian shouted, "Stop it! You are hurting Xin Er!"

Chapter 359 - Stop!

6-8 minutes

"She is my daughter so I can do whatever I want." Nalan Jiangge was furious when Xiao Tian shouted at her.

"Up until now, I have been trying to hold back my anger because you are her mother, but now that you are hurting her, I can't stay silent anymore." Xiao Tian looked at Nalan Jiangge and said coldly, "Release her hands or else....."

Xiao Tian didn't finish his words. Actually, Xiao Tian didn't want to behave rudely because she was Yun Xin Er's mother.

Even though Yun Xin Er was not close to her mother, but Xiao Tian was sure that she would be sad if Xiao Tian hurt her mother.

When Nalan Jiangge saw the expression on Xiao Tian's face, a feeling of deep fear suddenly emerged in her heart.

She had no idea why she suddenly had a feeling like that, but she felt that she would regret her actions if she kept grabbing her daughter's hands or hurting her daughter.

Not only Nalan Jiangge, but Yun Wuya was also surprised. Even though he knew that Xiao Tian was trying his best to hold back his anger, but Yun Wuya didn't expect that Xiao Tian was very scary when he was angry.

'He is.....'

Yun Xin Er was astonished when she saw the expression on Xiao Tian's face. Even though she knew the reason why he was furious, but she didn't like his expression.

All she wanted to see was his gentle expression and his caring attitude. She didn't expect Xiao Tian could become a scary person too.

After releasing her daughter's hands, Nalan Jiangge said, "Xin Er, let's go home. There is no point in staying here anymore. Husband, let's go."

"No." it was the first time Yun Xin Er met Xiao Tian after their scandal video, so she wanted to spend time with him.

"You!" even though Nalan Jiangge had guessed something like this would happen, she was still unhappy after hearing her daughter's words. "I said let's go home!"

"Let's go home." because Yun Wuya didn't want her wife to cause trouble anymore, he dragged her wife out of Xiao Tian's office.

"Wait! I don't want them to stay together in the same place." Nalan Jiangge didn't want her daughter to spend time with Xiao Tian, so she wanted to drag her daughter home. However, because her husband dragged her, she could not do so.

"Are you alright?" even though his expression was not as caring as before and his voice was not as soft as before, but Yun Xin Er could still tell that Xiao Tian was worried about her.

"It's fine." Then Yun Xin Er sat on the couch. "How is your company?"

Xiao Tian sat next to Yun Xin Er and replied, "My company is slowly growing again."

"I'm happy to hear that. I heard from director Li, you are the one who solved the problem. How did you do that?" at first, Yun Xin Er thought it was Li Wen who solved the problem, but she was wrong because when she asked Li Wen, he said that it was Xiao Tian who did it.

Yun Xin Er didn't expect Xiao Tian dared to cause trouble to an upper-class family for her. This made her love him even more.

"Yes. Are you not angry at me?" Xiao Tian inquired

"No." Yun Xin Er shook her head.

Yun Xin Er was only disappointed with her fans, especially her male fans. Since the scandal, she knew that her fans didn't want her to have a lover.

Just because they saw her kissing passionately with Xiao Tian, they began to call her slut. From the scandal, Yun Xin Er knew that all her fans wanted her to stay single and never let any man touch her.

She was furious when she read all the comments about her on the internet. Her fans forgot that she was also a human being, not God.

Yun Xin Er was also a woman who wanted to love someone or be loved by someone she loved.

She thought her fans, who hated her because of the scandal video, were selfish. They didn't know what she felt after reading their comments.

Xiao Tian was relieved after hearing her words. He thought she would get angry at him because of the scandal. "Xin Er, I'm sorry. Because of me, your reputation is tarnished."

Because Hong Jun and Zen were the masterminds of what had happened to them, Xiao Tian felt guilty to Yun Xin Er.

Yun Xin Er pinched his cheeks and smiled, "You don't need to apologize to me because it's not your fault."

"No. It's my fault." Xiao Tian then began explaining everything to Yun Xin Er. Of course, Xiao Tian didn't tell her that he forced Hong Guan Ji to give him half of his company and 10 million Yuan.

"What?" Yun Xin Er said in surprise. "You did the right thing. Just because he is from upper-class family doesn't mean he can do whatever he wants."

Even though Xiao Tian had guessed that Yun Xin Er would not blame him, he could not help but feel happy. "Thank you for not blaming me."

Yun Xin Er thought it was the perfect time to tease him. "Little brother, I've lost a lot of fans now, so what will you do to make it up to me?"

Yun Xin Er wanted to know what he would do after hearing her words.

Xiao Tian didn't answer her immediately because he had no idea what he should do. It was impossible to make them her fans again if they didn't want to. "I don't know. I will do whatever you want."

"Really?" Yun Xin Er inquired

"Yes." Xiao Tian answered.

Suddenly an exciting idea appeared in her mind. For this reason, she started to smirk. "If so, then I want you to take off your clothes now."

Her words greatly surprised Xiao Tian. He didn't expect she would say something like that. But because he said that he would do whatever she wanted, Xiao Tian walked to the door to lock it so that no one would be able to see him naked later.

"Hey! Don't think about running away." When Xiao Tian walked toward the door, Yun Xin Er thought he wanted to run away, but she was wrong.

After locking the door, Xiao Tian began taking off his blazer and shirt. He walked toward Yun Xin Er as he took off his clothes.

The feeling of deep shock emerged within Yun Xin Er's heart. Earlier, she thought Xiao Tian would tease her for saying something like that.

She just didn't expect that he would really do whatever she wanted. Actually, Yun Xin Er wanted to stop him and tell him that she was joking around, but after remembering what he had done when he stayed over at her house last time, Yun Xin Er did nothing.

She really wanted to know whether Xiao Tian would really take off his clothes or not. That was why Yun Xin Er only sat and looked at him.

After Xiao Tian took off his blazer and shirt, he put it on the floor before finally starting to take off his trousers.

When Xiao Tian was only wearing underwear and was about to take it off too, Yun Xin Er's eyes widened in surprise "Stop!"

Chapter 360 - I'm Leaving. I Will Call You Later

6-8 minutes

Xiao Tian stopped what he was doing reflexively. He was stunned when Yun Xin Er told him to stop. Earlier, she wanted him to get naked and when he was about to get naked, Yun Xin Er suddenly told him to stop. "Didn't you say you want me to be naked?"

Currently, Xiao Tian was standing in front of Yun Xin Er only wearing underwear. And like usual, he didn't feel shy at all.

Yun Xin Er could only sigh. She had no idea what was wrong with him today. She felt like Xiao Tian was different from his usual self. "What is wrong with you?"

"What do you mean by that?" Xiao Tian inquired

"This is not like you." Yun Xin Er answered instantly. "Earlier I thought you would tease me like you usually did."

The reason Xiao Tian didn't tease her was that he thought Yun Xin Er really wanted him to get naked in front of her. That was why he did what he was told.

Yun Xin Er tapped the couch and said, "Sit here."

Like a good boy, Xiao Tian immediately sat on her right side. He didn't say anything and only looked at her.

"Why were you not teasing me earlier?" Yun Xin Er inquired. "I thought you would tease me and take advantage of me. I even also thought that you would kiss me after I said it. Not only did you not do that, but you even did what I wanted. Something like this had never happened before. What is wrong?"

Because Yun Xin Er felt that Xiao Tian was different from his usual self, she didn't want to tease him anymore and asked him.

"Nothing." Xiao Tian answered as he shook his head.

Yun Xin Er cupped his face and looked at him lovingly, "Why did you behave like this? Do you still have a problem? Tell me. Maybe I can help you solve the problem."

Xiao Tian only looked at Yun Xin Er in the eyes. However, he only shook his head again. "Nothing"

Yun Xin Er was unhappy when Xiao Tian didn't want to tell her about it. He was important to her so she wanted to help him if he had a problem. "Xiao Tian, tell me!"

Instead of giving her an answer, Xiao Tian embraced her tightly. "Let me hug you."

Yun Xin Er could only sigh and embrace him too. Because Xiao Tian didn't want to tell her about it, she didn't want to force him anymore.

"Even though I'm a little sad that you didn't want to share your problem with me, but I won't force you to tell me." Yun Xin Er stopped the hug and cupped his face again. "But remember this. You are not alone. I will always be there for you. You have to remember this."

"Un." Xiao Tian nodded his head.

Yun Xin Er then kissed his forehead and said, "Now, put on your clothes. I don't want you to catch a cold."

Xiao Tian did what he was told. Even though Xiao Tian was not a shy person, but he did not want to remain naked in his office because if anyone knew about it, his reputation would be ruined again.

"I still have work to do so I have to leave." The reason Yun Xin Er came to Xiao Tian's company was that she heard her parents traveled to his company.

Actually, she still had a lot of work, but because she was afraid that Xiao Tian would fight with her mother, she went to his company without caring about her work.

Now that everything was fine, she had to return to the workplace again. She didn't want to make her manager angry because earlier, she left without informing her.

"All right. Be careful." Xiao Tian understood that she was a busy person. That was why he didn't try to make her stay longer.

Yun Xin Er then rose to her feet and said, "I am leaving."

"Yes. Be careful." Xiao Tian replied.

Yun Xin Er looked at Xiao Tian in the eyes and said, "I'm leaving."

"Un. Be careful on the road." Once again Xiao Tian answered.

"I'm leaving." Yun Xin Er said with a higher tone.

Because Xiao Tian thought Yun Xin Er wanted to see his smile before returning to work, his face broke into a smile. "Be careful on the road."

Yun Xin Er had no idea what to say to him. Usually, Xiao Tian always understood what she wanted, but now he was clueless.

She knew that he was still facing a problem but she didn't expect that his EQ would drop to 50 just because of that.

However, she didn't want to tell him what she wanted so she decided to say it again. "I'm leaving."

Xiao Tian didn't immediately answer. He was dumbfounded as to why Yun Xin Er kept saying the same words.

Xiao Tian suddenly understood what she wanted. He didn't expect that he would forget it. Without waiting for another second, Xiao Tian rose from the couch.

When Yun Xin Er saw Xiao Tian rose to his feet, she was pleased because she thought Xiao Tian finally understood what she wanted.

Yun Xin Er slowly shut her beautiful eyes and waited for Xiao Tian to kiss her cheery lips.

Xiao Tian didn't immediately kiss her; instead, he placed his hands around her waist and slowly brought his body closer toward hers.

At first, Xiao Tian wanted to kiss her lips immediately but decided against it. Everyone always said that the kiss on the forehead was a sign of love.

For this reason, Xiao Tian kissed her forehead and pressed his lips for several seconds.

This made Yun Xin Er surprise and open her eyes. Even though she hoped Xiao Tian would kiss her lips, but she was pleased when Xiao Tian kissed her forehead.

For her, there was no difference between kissing on the lips and forehead. The important thing for her was the person who kissed her.

After Xiao Tian kissed her forehead, her face blossomed into a soft smile. She was thrilled because finally, she could get a kiss from the person she loved dearly.

"Little broth-" Yun Xin Er stopped her words when she saw Xiao Tian's face getting closer toward her right eye.

Of course, she understood that Xiao Tian desired to kiss her eyes. For this reason, she shut her eyes so that he could kiss her eyes

After Xiao Tian kissed her eyes, she thought he would kiss her lips but she was wrong. She was utterly wrong because after kissing her eyes, Xiao Tian embraced her tightly

It was as if they would be separated for a long time. Of course, Yun Xin Er also embraced him tightly.

"Be careful on the road." This time, Xiao Tian deliberately did not kiss her lips because he wanted her to know that he loved her dearly, not just lust for her body.
