

## Illicit 361

### Chapter 361 - Sir, I Still Have Work.

After Yun Xin Er left, Xiao Tian began to work again. Time went by quickly and without realizing it, it was already time to go home.

Because he still wanted to make up with Lin Xing Xue, Xiao Tian headed toward her office and knocked on the door.

Knock...knock...knock...

"Come in." Lin Xing Xue's voice rang out from the other side of the door.

"Little Xue, let's go home. I will drive you home." Xiao Tian said when he was in front of her.

Lin Xing Xue, who was still working, stopped what she was doing and looked at Xiao Tian in the eyes. She didn't answer because she was still angry at him.

Since they broke up, Xiao Tian always tried his best to make up with her and talk to her. However, whenever she wanted to forgive him, the memory of him kissing passionately with Yun Xin Er always emerged in her mind.

When she remembered that he had been lying to her, her heart turned cold and she could not forgive him. "Sir, I still have work. You can go home first."

Xiao Tian had guessed that Lin Xing Xue would say something like that. He just hoped a miracle would happen to him today but what a pity, it seemed like the goddess of luck was no longer on his side.

Of course, Xiao Tian didn't give up and tried to send her home so that he could spend time together with her. "Work time is over, so you can work again tomorrow. Let's go home now. Remember Feng Yu is waiting for you at home right now."

Xiao Tian was right. Her daughter was waiting for her at home. But because she didn't want to go home with him, she rose to her feet and said, "Sir, I want to go home alone. You can go home with Shi Fei and Ms. Liu Ning."

Since the scandal videos of Xiao Tian and Yun Xin Er spread on the internet, Lin Xing Xue guessed Xiao Tian had more than one girlfriend.

And because Xiao Tian was the one who hired Liu Ning, she knew that Liu Ning was one of his girlfriends. Of course, she didn't hate Liu Ning. She just could not believe Xiao Tian have the heart to lie to her all the time.

It hurt. It was so painful when she remembered that Xiao Tian had been lying to her and was cheating on her. She found it hard to believe that a young man, who always said that he loved her dearly and would never hurt her feelings, did something like that to her.

When Lin Xing Xue walked past him, Xiao Tian immediately dashed toward her and stood in front of her. "Little Xue, can you not behave like this? I know I'm wrong but can't you give me one more chance? At least don't ignore me like this."

Lin Xing Xue was unhappy when Xiao Tian blocked path. "Xiao Tian, move away! I want to go home."

Xiao Tian's eyes widened in shock. It was the first time Lin Xing Xue spoke to him in such a high tone.

Because Xiao Tian didn't want to make her angrier, he had no choice but to move from her way. At this time, Xiao Tian could only see Lin Xing Xue walking away from him.

After taking a deep breath, Xiao Tian walked out of Lin Xing Xue's office, and an expression of sadness could be seen on his face.

When Liu Ning and Shi Fei saw Xiao Tian's expression, they could only sigh. They had tried to make Xiao Tian and Lin Xing Xue make up but everything was in vain.

Xiao Tian had no choice but to go home with Liu Ning and Shi Fei. And like usual, after Xiao Tian arrived home, he immediately practiced martial arts.

Xiao Tian skipped dinner because he didn't want to eat alone. That was why Xiao Tian practiced martial arts until 11:00 pm before finally sleeping.

-----

The following morning, Xiao Tian went to his company to work. After working for about thirty minutes, Liang Jun came to his company.

"Sir, all store managers are waiting at the company branch 6." Because Xiao Tian had hired him as director, Liang Jun immediately behaved like a subordinate.

"Good!" Xiao Tian rose from his seat and said, "You didn't tell them about my identity right?"

"No, Sir." Liang Jun replied.

"Let's go to the mask shop first." Because Xiao Tian wanted to hide his identity, he decided to wear a mask.

Then Xiao Tian and Liang Jun went to a mask store. Because Xiao Tian didn't want other people to know that he was the one who wanted to wear the mask, he told Liang Jun to buy it while he was waiting in the car.

Not long after that, Liang Jun returned with a golden mask. It was a mask that people wore when they went to a masquerade party.

When Xiao Tian wore the mask, anyone could only see his eyes, lips, and chin. His cheeks and forehead were covered by a mask, so no one would know that he was Xiao Tian. "Let's go."

"All right." Liang Jun replied.

After several minutes of driving, they finally reached their destination. The building was huge and had three floors.

The first floor was a place for customers to wait for treatment. The second floor was for treatment rooms and the third floor was for meeting rooms and offices.

But when Xiao Tian and Liang Jun were about to enter the meeting room, two security guards stopped them. "Sir, this is not a place for customers. Please leave the third floor."

Xiao Tian then looked at Liang Jun. "Does everyone who works here still doesn't know who you are?"

"Sorry, sir. Only the manager knows about me. Other employees don't know anything about me" Liang Jun only met the branch manager so the other employees had no idea who they were.

Liang Jun forgot to tell the branch manager to inform the other employees about them. That was why something like this happened to them.

Xiao Tian could only sigh. Because he didn't want to cause trouble in his company, he immediately said, "I'm Qing Feng, the owner of this company branch."

### **Chapter 362 - Hurry Up And Kick Them Out**

7-9 minutes

---

Of course, the security guards didn't believe Xiao Tian's words easily. Because Liang Jun didn't want to create trouble at the company branch in the morning, he immediately said. "He is Mr. Qing Feng, the owner of this company branch. Don't block our way because we are going to hold the meeting right now."

The security guards didn't listen to his words. Because Xiao Tian was wearing a mask, they suspected that he wanted to cause trouble, so one of the security guards said, "Sir, please leave or else we won't be polite anymore."

At this moment, Xiao Tian was not angry because he knew why they said something like that. "I know this is your job but I'm the owner of this company branch. Call your manager if you don't believe me."

Upon hearing Xiao Tian's words, the security guards looked at each other. They were wavering whether they should call their manager or not.

Suddenly a young woman around twenty years old walked toward them. "What is going on here?"

Xiao Tian and Liang Jun immediately turned their heads toward the source of the sound.

Because the woman's appearance didn't look like she had high status in the company branch, Xiao Tian looked at Liang Jun and said, "Who is she?"

"She is only an ordinary employee here." Even though Liang Jun only met with branch managers, he had looked at all the employee profiles and remembered them.

But because he only had two days to remember all the employees and the company branches had more than one hundred employees, Liang Jun only remembered the employees with high status, and he was sure the woman who was standing in front of him was none of those employees with high status.

"Who are you?" Xiao Tian was unhappy when he saw her behavior because she behaved as if she had authority in the company branch.

But because Liang Jun said that she was only an employee with low status, Xiao Tian wondered as to why she behaved like that. Of course, Xiao Tian was not angry and just wanted to know the truth first.

"I'm Li Ke. You two should not be here because this place is not for everyone." Because she was an employee with low status, she had no idea who Xiao Tian and Liang Jun were.

'Li Ke? Li family?'

Xiao Tian looked at Liang Jun because he wanted to know about her family.

As if Liang Jun could read Xiao Tian's mind, he immediately said, "It's different Li family. Unlike the Xiao family, there are several Li families in Shanghai."

"I see." Xiao Tian looked at Li Ke. "I'm Qing Feng, the owner of this company branch."

"Hah?!" of course, Li Ke thought Xiao Tian wanted to fool her. "The owner of this company branch is Mr. Hong Guan Ji. Do you want to fool me?"

Xiao Tian had guessed that she would say something like that because she was only an employee with a low status so it was normal if she didn't know about it. "I have bought this company branch."

"Do you think I'm three years old? So, if you told me you are the owner of this company branch, then this company branch is yours? So, what if I told you I'm the owner of this company branch?" Li Ke then looked at the security guards. "kick them out."

Actually, Xiao Tian didn't want to cause trouble and tried his best to hold back his anger, but after seeing her foolish behavior, he was unhappy.

Like Xiao Tian, Liang Jun was also unhappy. "How dare a lowly employee like you to behave like this in front of your boss?"

The security guards still didn't make a move because they were wavering about what they should do.

"Lowly employee?" Li Ke was furious when Liang Jun said that she was a lowly employee. Even though she was only an employee with low status, but none of the other employees dared to say such a word to her because she had a special relationship with the company branch manager. "If I want to kick someone, none of them could stop me from doing that."

'No one can stop her?'

Now Xiao Tian understood that Li Ke had a special relationship with the branch manager. However, he didn't know whether she was the branch manager's woman or family.

For this reason, Xiao Tian looked at Liang Jun and said, "Is she the branch manager's family?"

"No." Liang Jun replied instantly. "Branch manager is from Ha family so she is not from his family. Maybe she is his mistress because the branch manager has already married."

"I see." Xiao Tian nodded his head.

Li Ke then looked at the security guards and said, "What are you two doing? Hurry up and kick them out."

Because the security guards knew that she had a special status in the company branch, they immediately tried to kick Xiao Tian and Liang Jun out of the company branch.

"Are you two really want to kick me out of this place?" Xiao Tian was furious because the security guards listened to Li Ke's words. "You will regret it later if you still follow her words."

The security guards immediately stopped their footsteps and looked at each other. They really had no idea what they should do because they were afraid that Xiao Tian was really the owner of the company branch.

However, Li Ke also had a special status in the company branch and if they didn't do what they were told, she would make their lives difficult or maybe she would ask the branch manager to fire them later.

When Li Ke saw the security guards didn't do anything, she immediately said, "Hurry up and kick them out or I will ask the manager to fire you two later."

When the security guards heard Li Ke's words, they had no choice but to try to kick Xiao Tian and Liang Jun out of the company branch again because they didn't want to lose their job.

Because the security guards decided to follow Li Ke's words, Xiao Tian was furious. His face turned cold as the security guards tried to kick him out.

Xiao Tian knew that there was no point in talking with them anymore. That was why when the security guards tried to immobilize Xiao Tian, he immediately threw his fist toward the head of security guards.

Not only that, but Xiao Tian also kicked their mid-torso, causing them to fall to the floor. "You will regret your action later."

Li Ke was surprised. She thought the security guards would kick Xiao Tian and Liang Jun out of the company branch easily but she was wrong.

Not only did security guards fail to get them out of the company branch, but they were thrown to the floor after Xiao Tian kicked and hit them.

Of course, the security guards immediately rose to their feet and tried to kick Xiao Tian and Liang Jun out of the company branch again.

However, because Xiao Tian had kicked and hit them, one of the security guards said, "You have done it. we won't be polite anymore."

After saying that, the security guards tried to attack Xiao Tian again. Both of them threw their fists toward Xiao Tian at the same time.

However, before they could hit Xiao Tian, he kicked their chins. After that, Xiao Tian punched one of the security guards in the mid-torso very hard.

When the security guards wanted to attack Xiao Tian again, suddenly a voice rang out, "What is going on here?"

## Chapter 363 - You Will Regret Your Action Later!

7-8 minutes

---

All of them immediately turned their heads toward the source of the sound. When Li Ke saw Ha Wang, she started to smirk because with him around, she could do whatever she wanted. "Manager Ha, kick them out of this company branch."

"Who dares to cause trouble?" Ha Wang immediately stopped his words when he saw Liang Jun. "Mr, Liang, you have arrived?"

"Manager Ha, what are you doing? Hurry up and kick them out of here. They should-" before Li Ke had finished her words, Ha Wang slapped her face.

\*Slap

The sound of slapping could be heard in their ears.

Li Ke was dumbfounded by this. Until now, Ha Wang had never behaved like that when she was with him. He always treated her nicely and never said no to her words.

This was the first time Ha Wang did something like that. Not only did he ignore her words, but he even slapped her face in front of other people.

With her left hand on her cheeks, she shot a glance at Ha Wang. "What are you doing? Why did you slap my face?"

\*Slap

Instead of immediately giving her an answer, Ha Wang slapped her in the face again.

This made Li Ke furious and said angrily. "Ha Wang, what the hell are you doing? What did I do wrong?"

"Do you know who they are?" Ha Wang shouted. "He is director Liang Jun. Do you want me to get fired?"

At this moment, Li Ke realized that she was doomed. She didn't expect what Liang Jun had said to her was the truth.

Not only did she not believe their words, but she even wanted to kick Xiao Tian and Liang Jun out of the company branch.

Not only Li Ke, but the security guards were also shocked. Earlier Xiao Tian had said that he was the owner of the company branch, but they didn't believe his words.

This made the security guards look at Xiao Tian in fear. They were afraid they would lose their job because they had offended the big boss.

Ha Wang then looked at Liang Jun and said, "Sir, who is the person next to you?"

"He is Mr. Qing Feng, the owner of this company branch." Liang Jun then pointed his index finger toward Li Ke. "Manager Ha, who is this woman?"

"She is..." Ha Wang didn't know what to say. He was afraid if he told Liang Jun the truth, his position as branch manager would be threatened. For this reason, he decided to lie. "She is only an employee with low status."

"Ha Wang, you bastard!" Li Ke was furious when Ha Wang said that she was only an employee with low status. They had a secret relationship for several months and he always said that he would do whatever she wanted.

Last night when they slept together, he also said that he would teach anyone a lesson if they dared to cause trouble for her.

"Shut up, bitch!" Ha Wang shouted at Li Ke. He had to do that because he didn't want to lose his job. Even though he was only a branch manager, but because it was from a famous company, he got a high salary.

\*Slap

Li Ke slapped Ha Wang in the face very hard.

Usually, Ha Wang always said that she was pretty and had a nice body. Now when she was in trouble, not only did he not help her, but he even called her bitch.

This made Li Ke could not hold back her anger anymore. "Asshole, what did you say?"

At this moment, Xiao Tian, Liang Jun, and the security guards only looked at them. Xiao Tian and Liang Jun wanted to know what Ha Wang would do to Li Ke.

She was an employee with low status but she dared to behave mightily as if she had a high status in the company branch.

Ha Wang found it hard to believe that Li Ke dared to slap him in the face. She even did it in front of their boss.

All this time, he always treated her nicely and gave her whatever she wanted. He had bought her a nice bag, clothes, and many other things. He just didn't expect that she would embarrass him in front of his boss.

For this reason, Ha Wang slapped Li Ke's face again, causing her to fall to the floor. "Leave!"

Li Ke looked at Ha Wang as she gritted her teeth. She was furious. However, because she could not do anything at that moment, she only stood up and left. "You will regret your action later!"

Ha Wang didn't care about her threat and immediately looked at Xiao Tian, "Sir, let's head to the meeting room."

Xiao Tian looked at the security guards and said coldly, "Next time, use your head before doing something. This time, I forgive your mistakes, but next time, you two will regret it. Remember this!"

"Yes." the security guards answered in unison. They were relieved when Xiao Tian didn't fire them for their mistakes.

Then they headed to the meeting room.

When Xiao Tian stepped into the meeting room, he saw nineteen people sitting on the chair. They were around twenty-seven to thirty-five years old.

The meeting room was quite big with a long table in the middle of it. When the branch managers saw Xiao Tian, the expression of deep shock emerged in their faces.

They knew that he was their boss, but they didn't expect that Xiao Tian would be wearing a mask. Of course, they knew Xiao Tian wanted to hide his identity.

However, what they didn't understand was why Xiao Tian wanted to hide his identity. He was the owner of twenty branches.

It was something that should have made him proud. And here Xiao Tian decided to hide his identity. But none of them dared to complain because they were afraid of the consequences.

Then Xiao Tian and Liang Jun sat on the chair which had been prepared for both of them.

After sitting on the chair, Xiao Tian immediately said, "I know all of you are curious why I'm wearing a mask, but I have a reason for this. You only need to know that I'm your boss."

This time, Xiao Tian didn't want to become a kind leader like before, but he chose to be a ruthless leader because he wanted to make them afraid of him so that they would think twice if they wanted to betray him later.

One of the managers immediately said, "Sir, what should we do when someone wearing a mask tells us to do something in the future? We don't know your identity or face, so as long as they wear masks, they can pretend to be you. It's not that we want to force you to show your face to us, but we just want to know who our boss is."

"Good question." Xiao Tian also had the same thought. "Remember this. Every time I want you all to do something, I will tell Liang Jun because he is the one who will tell you all about it. If I want to meet you all, I will bring Liang Jun with me, so if someone wearing a mask telling all of you to do something, don't believe it."

"I'm sorry for saying this but does the director know your face, sir?" one of the branch managers said.

"He has seen my face." Xiao Tian answered immediately.

"Mr. Qing is the one who saved my family, so I know him." Liang Jun added.

### **Chapter 364 - He Is MR. Qing Feng, Our Boss**

7-9 minutes

---

Because Xiao Tian said that Liang Juan had seen his face before, all the branch managers didn't ask anymore.

"All right. let's get started." Because Xiao Tian didn't want to waste time, he wanted to start the meeting immediately.

All the branch managers then focused on Xiao Tian. None of them made a sound as if they were statues.

"First of all, let me introduce myself. I know you all already know about me from Liang Jun, but I will introduce myself officially." Xiao Tian was sure that they had known about him but he had to do that.

"My name is Qing Feng, and I'm from Beijing."

All the branch managers were surprised when they knew that Xiao Tian was from Beijing because Liang Jun only told them the name of their boss.

"Secondly, I want to change the name of this company into Eternal Beauty company. And all branches will be named Eternal Beauty Clinic." The reason why Xiao Tian wanted to change it was that he was the owner of the company, not Hong family.

All the branch managers said nothing after hearing Xiao Tian's words because they had guessed that Xiao Tian would change the name of the company.

It was impossible not to change the name of the company because if he didn't change it, other people would still think that Hong Family was the owner of the company.

"Third." Xiao Tian looked at Ha Wang. "I don't want anyone to get a job at my company because they use connections, or give special treatment to one of the employees."

When Xiao Tian looked at him, Ha Wang felt his blood freeze. Now that Xiao Tian had said it in front of other branch managers, his reputation was already tarnished. However, because Xiao Tian was his boss, he could not do anything to Xiao Tian.

"Do you all understand?" Xiao Tian looked at all branch managers with coldness in his eyes.

All the branch managers shivered for a second when they saw Xiao Tian's eyes. "We understood, sir."

After hearing Xiao Tian's words, many of them began to think about how to stop having a secret relationship with their mistress in the company branch.

Xiao Tian then returned his attention to Ha Wang and said, "Manager Ha, this time, I will forgive you. But next time you do the same mistake, I will fire you immediately. Do you understand?"

"Understood, sir." Ha Wang was relieved when Xiao Tian still gave him a chance to work under him.

He then promised himself that he would never have a mistress in the company branch again. If he wanted a mistress, he would look for a woman who didn't work at Eternal Beauty Clinic.

"Last, don't you dare to betray me or else you will regret it." Xiao Tian had chosen to become a ruthless boss, so he decided to give them a threat. "But if you all work hard and loyal to me, I will not treat you all unfairly."

"We will remember it, sir." All the branch managers said in unison.

Then they talked for about an hour before finally, Xiao Tian ended the meeting. Because they still didn't have a laboratory and the company headquarters, Xiao Tian and Liang Jun left to find a place for laboratory and the company headquarters.

With Liang Jun's connection, they immediately found a good place for the laboratory and the company headquarters. Even though the building was not big, but Xiao Tian was satisfied. That was why he decided to rent it for a year.

After that, Liang Jun and Xiao Tian went to Bamboo Restaurant. Then Xiao Tian told Liang Jun to call the head of the cosmetic chemists.

Not long after that, a mature lady wearing glasses appeared in front of them. Anyone who saw her could tell that she was a clever lady.

"Please sit." Liang Jun said to the mature lady.

After the lady sat on the chair, she looked at Xiao Tian. She was curious about the person next to Liang Jun.

As if Liang Jun could read her mind, he immediately said, "He is Mr. Qing Feng, our boss."

Upon hearing Liang Jun's words, the mature lady immediately said, "Hello sir, my name is Mu Jia. It's my pleasure to meet you."

"I'm Qing Feng." Xiao Tian replied.

'That's all?'

Mu Jia said in her head after hearing his words.

Because Mu Jia was not invited to the meeting earlier, Liang Jun explained what they discussed in the previous meeting.

After Liang Jun finished explaining everything, Xiao Tian immediately said, "So how long does it take to make new skincare products?"

"We can launch it whenever you want, sir. Before all of us resigned from Hong Guan Ji's company, we had made new skincare products and were ready to launch it. But because Hong Guan Ji's company had a big problem, we could not do that." the reason Mu Jia dared to use their previous new product was that she believed that no cosmetic chemists were working under Hong Guan Ji's company anymore. "We have made several new skincare products like, facial cleansers, facial moisturizers, mask, and other things. we only need the ingredients."

"Good! You can buy it with Liang Jun later." Xiao Tian was pleased by this. Earlier, he thought he had to wait three to six months if his company wanted to launch a new skincare product. He didn't expect the goddess of luck was on his side. "Let's not launch all of them at once. Launch half of them. After the new skincare products have received a good response from the public, we will launch the other half of the products."

"Understand, sir." Even though Mu Jia had no idea as to why Xiao Tian didn't want to launch all the products at once, but she didn't ask about it because he was the boss. Her job was to do what she was told.

"We will announce the new name of the company and at the same time, we will launch our skincare products to the public." Xiao Tian thought it was the perfect time to launch the new product because they would get public attention.

"Brilliant idea, sir." Liang Jun and Mu Jia said in unison.

Then they talked for several minutes before finally, Xiao Tian returned to his Stars Clothes company.

-----

Wanhui District, Hong family house

Three people were sitting on the couch, two males and one woman. From the expression on their faces, anyone could tell that they were angry over something. Those people were none other than Hong Guan Ji, Hong Duan, and Yi Yi

"I don't care. I want my son to be released from prison tomorrow and I also Xiao Tian die as soon as possible." Yi Yi hated Xiao Tian to the bone because he had destroyed their family.

Her son was put in jail because Xiao Tian and her husband had also lost half of his company. Not only that, but all the important employees had also resigned. It would be difficult for their family to raise again.

"Yes, father. I want to teach Xiao Tian a lesson too." Like his mother, Hong Duan also hated Xiao Tian very much.

Xiao Tian was only from a middle-class family and he dared to cause trouble to their family. And what he found hard to believe was that Xiao Tian succeeded in destroying his family.

Because Xiao Tian, they lost their status as an upper-class family and now they were only high middle-class family.

"I also want to beat him to death." Hong Guan Ji said with terrifying eyes. "But what should we do?"

"Easy." Hong Duan then whispered his plan to his parents.

"Let's do it like your plan." Hong Guan Ji and Yi Yi said in unison.

"Let's wait for the right time." Hong Duan said.

### **Chapter 365 - Don't Repeat The Same Mistake And Take Good Care Of Your Mother**

7-8 minutes

---

Somewhere at home.

A beautiful lady was sitting on the chair with tears falling down her cheeks. In front of her was an old lady lying on the bed. The old lady was closing her eyes as if she was sleeping. Those people were Su Ruyan and her mother.

As Su Ruyan looked at her mother, she wiped off the tears with her sleeve. "Mother, I'm sorry. I can't bring you to the hospital."

Not long ago, her father passed away, and since then her mother began to sick. Her mother began to rarely eat and only looked at the sky.

And because of this, her body became weak and she started to get sick. Su Ruyan had taken her mother to the hospital but her mother was still often ill.

Because of that, she no longer had money to take her mother to the hospital. Her mother was her only family so she didn't want to lose her mother.

She tried to borrow money from others but none of them wanted to lend their money because they were sure Su Ruyan would not be able to return the money later.

"Mother..." a sorrowful voice escaped from Su Ruyan's mouth.

She had no idea what she should do to take her mother to the hospital. She knew that if she didn't bring her mother to the hospital, she could lose her mother forever and she didn't want that.

She didn't want to be alone. Her father had passed away, so her mother was the only person she could call family.

'I'm still virgin...I know how to get money quickly.'

Because there was no other choice, Su Ruyan had no choice but to offer her virginity to rich people. With that, she was sure that she could get money to bring her mother to the hospital.

Actually, she saved her virginity for her first night with her future husband. However, because she really needed money for her mother, she had to forget her wish.

\*Weeu Weeeu..

When Su Ruyan was looking at her mother, she heard the sound of ambulance sirens. This made Su Ruyan rise to her feet and walk toward the guest room because from the sound, the ambulance was heading toward her house.

And what she had guessed was right when she saw an ambulance stop in front of her house. Su Ruyan immediately opened the door.

'Doctor?'

Su Ruyan was surprised when she saw a doctor coming out of an ambulance. Usually, there were only paramedics in an ambulance. That was why Su Ruyan was surprised.

However, what surprised her most was the ambulance stopped in front of her house. She remembered that she didn't call the ambulance.

When Su Ruyan was thinking why did the ambulance stop in front of her house, the doctor said, "Is this Miss Su Ruyan's house."

Upon hearing the doctor's words, Su Ruyan came to her senses and immediately replied, "Yes. I'm Su Ruyan. Doctor, why did an ambulance stop in front of my house? I didn't call an ambulance."

"Someone asked us to come to your house. That person said there is someone who is sick and needs treatment." The doctor replied immediately. "Where is that person?"

'Who?'

Su Ruyan wanted to know who sent the ambulance to her.

Because Su Ruyan still hadn't answered him, the doctor thought she had to pay the medical expenses later. "Miss, you don't need to worry. That person had paid for medical expenses."

With this, the doctor hoped Su Ruyan would tell him quickly where the patient was because they wanted to treat the patient quickly.

"That person is my mother. Follow me." Su Ruyan brought the doctor to her mother's room.

After the doctor checked the condition of Su Ruyan's mother, he immediately said, "We have to bring your mother to the hospital. We can't treat her with limited medical equipment."

"All right." Su Ruyan nodded her head.

Then the paramedics put Su Ruyan's mother into an ambulance.

As they were on the way to the hospital, Su Ruyan looked at the doctor and said, "Doctor, can you tell me who is the person who helped me?"

"That person didn't say his name but he has a message to you." the doctor had no idea why that person didn't want to tell them his identity. However, because that person had paid for the medical expenses, they didn't care.

"What is it?" Su Ruyan inquired

"Don't repeat the same mistake and take good care of your mother. Don't let your mother be disappointed with you." Actually, the doctor was curious about it. However, he didn't ask it because it was none of his business.

'Young boss'

Even though Xiao Tian didn't tell the doctor his identity, Su Ruyan knew the person who helped her was none other than Xiao Tian.

She suddenly regretted her actions very much. She had betrayed him and he still helped her. She didn't expect the person, who she thought was cruel, was the person who helped her.

Sudden memories of her talking to Xiao Tian emerged in her head. Xiao Tian had never treated his employees badly; instead, he always treated them nicely.

She really regretted it. She regretted betraying Xiao Tian when he was having many big problems. If she could turn back time, she would not betray him.

'Thank you, young boss.'

Suddenly tears fell down her soft cheeks. With this, she made up her mind to meet Xiao Tian and apologize to him tomorrow.

"What is wrong?" the doctor was dumbfounded when he saw tears falling down her cheeks. That was why he immediately asked her about it.

"Hmmm. Nothing." Su Ruyan wiped off the tears with her sleeve.

Because Su Ruyan didn't want to tell him, the doctor didn't ask about it anymore.

Su Ruyan's smartphone suddenly rang. When she saw the person who called her, she immediately said, "Miss Lan Ruoxi, what is wrong?"

After Lan Ruoxi sent her to the hospital a few days ago, they exchanged phone numbers. That was why Lan Ruoxi knew her phone number.

"Where are you right now?" Lan Ruoxi asked. "I'm on my way to your house. Let's take your mother to the hospital."

Because Lan Ruoxi went out of town, she didn't have time to bring Su Ruyan's mother to the hospital. That was why she immediately called Su Ruyan after she returned to Shanghai.

"I'm on the way to the hospital." Su Ruyan didn't expect that Lan Ruoxi wanted to help her too.

Lan Ruoxi was already like an angel to her. Lan Ruoxi had helped her when she needed help the most. Not only that, but Lan Ruoxi was also Xiao Tian's friend.

Su Ruyan didn't know that she was blind at this time. Everyone around her was nice, but she hurt them instead.

"Oh!" Lan Ruoxi was surprised after hearing Su Ruyan's words. she knew Su Ruyan had no money to bring her mother to the hospital, but because it was not the right time to ask her, she didn't ask about it. "Send me the location later."

"All right." Su Ruyan answered instantly.

After the ambulance arrived at the hospital, Su Ruyan immediately sent the hospital location to Lan Ruoxi so that Lan Ruoxi could come to visit her mother.

### **Chapter 366 - I Am Not Your Boss**

6-7 minutes

---

Currently, Su Ruyan was sitting on the chair in the patient room. After the doctor gave treatment to her mother, the doctor immediately left.

But Su Ruyan didn't want to go home. That was why she sat next to her mother. She was pleased because finally, her mother could get treatment.

Not long after that, Lan Ruoxi arrived at the hospital. After asking Su Ruyan in which room Su Ruyan's mother was being treated, Lan Ruoxi walked there.

When Lan Ruoxi stepped into the patient room, she saw Su Ruyan looking at her mother with a sad expression on her face. "Su Ruyan, how is your mother?"

When Su Ruyan heard Lan Ruoxi's voice, she turned her head toward Lan Ruoxi and said, "Miss Lan Ruoxi? My mother is fine. The doctor said that she needs to be hospitalized for several days before my mother can go home."

"Let's talk outside." Because Lan Ruoxi didn't want to disturb Su Ruyan's mother, she suggested talking outside the patient's room.

"All right." Su Ruyan rose from her seat and walked out of the patient room.

Then Lan Ruoxi and Su Ruyan sat on the chair in front of the patient room.

"Did you borrow money from someone?" because she knew Su Ruyan had no money, Lan Ruoxi thought Su Ruyan borrowed money from someone.

Lan Ruoxi was afraid that person would take advantage of Su Ruyan's situation. That was why she wanted to know from where Su Ruyan had money to take her mother to the hospital.

"No." Su Ruyan shook her head. "Young boss Xiao is the one who helped me."

"What?" Lan Ruoxi found it hard to believe what she was hearing.

Xiao Tian was the person who wanted to cut Su Ruyan's arms a few days ago. And here, Su Ruyan said that Xiao Tian was the one who helped her.

Of course, Lan Ruoxi was pleased by this because, with this, she knew that Xiao Tian still had a good side in him.

"I also didn't expect that boss Xiao would help me today. I will meet him tomorrow to apologize to him." Su Ruyan knew that Lan Ruoxi was surprised after hearing her words because earlier, she was also surprised.

"Let's meet him together tomorrow." Lan Ruoxi said.

"All right." Su Ruyan nodded her head.

-----

Xiao Tian's house

Currently, Xiao Tian was lying down on the grass. In his right hand, there was a wooden sword. After he arrived home, Xiao Tian immediately headed to the backyard to practice martial arts.

"I don't know why I suddenly want to help her. Maybe because I suddenly thought of my mother." of course, Xiao Tian was not thinking about his current life mother, but his previous life mother.

He himself was also surprised when he decided to help Su Ruyan. She was the person who betrayed him, but after thinking the reason why she betrayed him, Xiao Tian didn't hate her as much as when he found out that she betrayed him.

"Forget it. I have to practice martial arts again." lately, Xiao Tian always practiced martial arts because his mother and aunt still didn't want to talk to him. "Let's try the secret moves."

Because Xiao Tian thought that he was strong enough to learn the secret move, he wanted to try it. Xiao Tian then tried to focus and control his breath.

Because he was not strong enough to do the second secret technique, Xiao Tian tried to do the first secret move.

Then Xiao Tian moved zig-zag before turning it into an 'X' movement pattern. Each movement, Xiao Tian swung his wooden sword three times so when he finished his secret move, Xiao Tian had swung his sword twenty-one times.

"Huft...Huft...Huft..." Xiao Tian was still unable to control his breath after doing the secret move. Not only that, but he also felt that he had used up almost half of his energy.

'This is still not enough!'

Xiao Tian was unhappy with this.

If he did the secret move and his opponent could dodge the attack or still standing, he would be in a dangerous situation.

'Because this body is not trained from a young age, I still can't control my breath.'

Xiao Tian laid down on the grass while looking at the sky.

'I need to train again.'

Xiao Tian rose to his feet and practiced martial arts again. That night, Xiao Tian practiced the first secret move many times, and each time he did that, his movements and attacks got better.

'Let's end it here for today.'

Xiao Tian then went to the bathroom to take a shower. After that, Xiao Tian slept in his room.

-----

The following morning, Xiao Tian immediately traveled to his company. To his surprise, when he got out of the car, he saw Lan Ruoxi and Su Ruyan.

Then Xiao Tian walked toward them and spoke to Su Ruyan coldly, "What are you doing here?"

When Xiao Tian was in front of her, Su Ruyan bowed slightly and said, "Young boss, thank you for helping me."

"I'm not your boss!" after saying that, Xiao Tian walked toward his office.

When Lan Ruoxi noticed that, she immediately ran after him and stood in front of him. "Young master Xiao, are you still angry?"

Su Ruyan also dashed towards Xiao Tian and stood in front of him. She was not angry with Xiao Tian's behavior.

"What are you two doing here?" Xiao Tian inquired. "If you just want to say thanks, I don't need it."

Lan Ruoxi covered her mouth and giggled. "Hehe. You are behaving like this but you still help Su Ruyan. I wonder why did you decide to help her?"

Xiao Tian didn't answer her and only looked at her before finally walking toward his office again.

And like before, Lan Ruoxi followed him. She really wanted to know why Xiao Tian decided to help Su Ruyan because she thought he would not do that.

Because Lan Ruoxi and Su Ruyan kept following him, Xiao Tian stopped his footsteps and turned around. "Stop following me! I have told you I don't need your gratitude."

"We know" Lan Ruoxi then grabbed Xiao Tian's hands. "Let's head to your office."

Xiao Tian looked at them for three seconds before walking toward his office again.

### **Chapter 367 - Stop Calling Me Young Boss**

6-7 minutes

---

After they stepped into his office, Xiao Tian, Su Ruyan and Lan Ruoxi sat on the couch.

"Now that we are in my office, you two can tell me the reason why you want to meet me." Xiao Tian thought Lan Ruoxi and Su Ruyan didn't come only to thank him but they needed something from him too.

"Young master Xiao, because you have helped her, can you do one more thing?" because Xiao Tian knew that they also needed something from him, Lan Ruoxi didn't try to deny it.

And what he had guessed was right after hearing Lan Ruoxi's words. "What is it?"

"Can you make her name clean. I want you to let your other employees know that she has resigned, not because you fired her." Lan Ruoxi went straight to the point.

"I have already done it." yesterday Xiao Tian told Shi Fei to go to Stars Shop. He wanted the other employees to know that Su Ruyan had resigned from the job, not because she had betrayed him.

Of course, Xiao Tian also told the other employees that Tang Yaxin had betrayed him and was in jail. He wanted his employees to know that there would be great consequences if they dared to betray him.

"Really?" Lan Ruoxi was surprised after hearing his words.

She didn't expect that Xiao Tian would do something like that. With this, Lan Ruoxi was sure that Xiao Tian still had a kind heart.

"Thank you very much, young boss." Su Ruyan showed her gratitude to Xiao Tian again. She didn't expect that Xiao Tian would clear her name after what she had done to him.

"I'm not your boss! Stop calling me young boss." even though Xiao Tian had forgiven Su Ruyan, but every time he remembered what she had done to him, he could not help but angry at her.

"Young master Xiao, even though you are still handsome with your cold attitude, but you are more handsome when you smile." Lan Ruoxi said as she touched Xiao Tian's chin with her right index finger.

Xiao Tian grabbed her hands and said, "I don't ca-"

Before Xiao Tian had finished his words, his smartphone suddenly rang. When he saw who the person who called him, he immediately stood up and walked out of the office. "What's wrong?"

"Sir, Dan and Ren families want to meet you. They want to invest in our skincare products" Liang Jun went straight to the point.

"I will be there soon." Of course, Xiao Tian would immediately meet them because it was a good thing to have an investor before launching their product. Then Xiao Tian entered his office again. "I have to go now. You two should leave too."

Because Xiao Tian had a work, Lan Ruoxi and Su Ruyan left. They didn't want to disturb him or else he would be angry with them again.

When Xiao Tian was walking toward his car, Lin Xing Xue suddenly ran after him, "Sir, wait!"

Xiao Tian stopped his footsteps and turned around, "What is wrong?"

"I want to ask permission to go home early today. I have to go to my daughter's school because there is a parent meeting today." Lin Xing Xue went straight to the point

"You can leave early today." Xiao Tian replied. "Let me send you to your daughter's school."

"No." Lin Xing Xue shook her head. "I will go alone."

Xiao Tian knew that he would not be able to change her mind, so he didn't force her and walked toward the parking lot.

After driving for several minutes, Xiao Tian finally arrived at Eternal Beauty company. When Xiao Tian stepped into the waiting room, he saw Liang Jun sitting together with two middle-aged men.

When Dan Yaozu and Ren Zemin saw a young man, who wore a mask, entering the waiting room, they immediately rose to their feet.

Liang Jun had said to them that his boss wanted to keep his identity a secret. Liang Jun also told them that his boss was a young man who wore a mask.

For this reason, they immediately stood up when they saw Xiao Tian. They didn't ask why Xiao Tian wanted to keep his identity a secret because they believed Xiao Tian had a reason for it.

Dan Yaozu stretched out his right arm to handshake with Xiao Tian and smile. "Hello Mr. Qing, my name is Dan Yaozu."

Xiao Tian also stretched out his right arm to handshake with Dan Yaozu. "Hello Mr. Dan, I'm Qing Feng."

After that, Ren Zemin also introduced himself, "Hello, Mr. Qing, I'm Ren Zemin."

Even though Xiao Tian was younger than them, they still behaved politely.

"Hello, Mr. Ren. I'm Qing Feng." Xiao Tian replied. "Let's talk in my office. This is not the right place for us to talk."

"All right." Dan Yaozu and Ren Zemin also agreed that the waiting room was not the right place to discuss business.

After entering Xiao Tian's office, Liang Jun, Ren Zemin, Dan Yaozu and Xiao Tian sat on the couch. Like his office at Stars Clothes company, Xiao Tian's office was simple.

There was only workbench, office chair, couch, and small trees which were put in each corner of his office.

In Xiao Tian's office, they discussed the products, the target of the seller, and other things. They talked for several minutes before finally, Xiao Tian invited them to eat somewhere.

At first, Xiao Tian wanted to bring them to Bamboo Restaurant, but after thinking for several seconds, he decided not to do that.

They decided to eat at the restaurant near Yuwen Mall because his company was not far from Yuwen Mall.

As they were walking around Yuwen Mall to find a place to eat, Xiao Tian suddenly saw Lin Xing Xue and Feng Yu walking together.

Unconsciously, Xiao Tian's face broke into a smile when he saw them. Xiao Tian was happy and sad when he saw Lin Xing Xue's smile.

He really missed her smile and gentle attitude towards him, but he knew that she was still angry with him.

As Xiao Tian was looking at them, suddenly something big happened.

There was a store robbery.

### **Chapter 368 - My Name Is Qing Feng**

6-7 minutes

---

The robber was stealing at a jewelry store. The robber succeeded in stealing jewelry but when he was about to escape, the clerk found out what he was doing.

That was why he tried to run away. However, because the clerk shouted out loudly, saying there was a robber, many people started trying to catch the robber.

When the robber knew that he could not escape, he thought he needed to take someone as a hostage so he could run away later.

Then the robber took his knife and began to look for a hostage. Coincidentally, Lin Xing Xue, and Feng Yu were the closest people to him.

When he thought Lin Xing Xue was the perfect person for a hostage, the robber immediately grabbed Lin Xing Xue's hands and placed the knife in her neck. "Don't move, or I will kill this woman."

"Mother!" Feng Yu shouted when she saw the robber taking her mother as a hostage.

"Call the police, dammit!"

"I'm calling the police, asshole!"

"Hurry up and call the police!"

"Where is the security guard?"

"Wait, young man, don't hurt that lady. We won't move."

"Yes. that's right."

"Release her and we will let you go."

"Yes. that's right."

One by one the people began asking the robber not to hurt Lin Xing Xue. It was true they wanted to catch the robber but they also didn't want the robber to hurt Lin Xing Xue. For this reason, they tried to talk to the robber.

"Do you think I'm stupid?" of course, the robber would not believe their words. He was even sure that they would immediately catch him if he released her.

At this moment, there was a person who saw the robber with a flame of fury in his eyes. That person was none other than Xiao Tian. Xiao Tian was furious when he knew Lin Xing Xue was taken as a hostage by the robber.

"There is a robber in daylight?" Liang Jun was surprised when he learned there was a robber in daylight. He found it hard to believe that someone dared to steal during the day.

"Sigh.. people nowadays." Dan Yaozu sighed when he saw a robbery during the day.

Ren Zemin shook his head and said, "There are many people who are lazy to try to find work. Sigh..."

When Liang Jun saw Xiao Tian walking toward the robber, he immediately said, "Sir, where are you going?"

Liang Jun, Ren Zemin, and Dan Yaozu followed Xiao Tian because they were curious about what Xiao Tian wanted to do.

Xiao Tian walked toward behind the robber quietly. When other people saw what Xiao Tian was doing, they tried to turn the robber's attention to them so that Xiao Tian could save the hostage.

When Xiao Tian found a chance to save Lin Xing Xue, he dashed toward the robber and grabbed his right hand which was holding a knife.

After that, Xiao Tian snatched the knife and threw it to the floor. Everyone was happy when Xiao Tian succeeded in snatching the knife because without a knife, they didn't need to be afraid of the robber.

Xiao Tian hit the robber's face, causing the robber to fall to the floor. He didn't hit the robber anymore because he knew that everyone would beat up the robber.

And what he had guessed was right because several people began hitting the robber. Of course, Xiao Tian didn't stop them because he didn't care about the robber.

"Mother..." Feng Yu ran toward her mother.

Lin Xing Xue immediately squatted down and embraced her daughter. She was not afraid when she was taken as a hostage earlier. She even felt grateful because her daughter was not taken as a hostage too.

"Mother, are you alright?" Feng Yu inquired.

"Yes. I'm fine." Lin Xing Xue stopped the embrace and turned her head toward Xiao Tian.

At this moment, Xiao Tian wanted to walk toward them. However, because he was pretending to be Qing Feng, he could not do that. That was why he only looked at them.

Lin Xing Xue held her daughter's hands and walked toward Xiao Tian. "Thank you for saving me."

"Don't mind it." Xiao Tian answered instantly

Feng Yu bowed slightly and said, "Thank you for saving my mother."

Feng Yu's actions greatly surprised Xiao Tian. He didn't expect that Feng Yu would also show gratitude to him. Xiao Tian suddenly thought it was because her mother was very important to her.

That was why Feng Yu did something that she had never done before to him. "Don't mind it."

"Sir, can you tell me your name?" Lin Xing Xue wanted to know the name of her savior. Even though she was unable to see his face because he was wearing a mask, but at least, she wanted to know his name.

'It's me, little Xue.'

Xiao Tian immediately answered in his head.

Of course, Xiao Tian didn't say it because he was pretending to be Qing Feng now, not Xiao Tian. "My name is Qing Feng."

Lin Xing Xue bowed slightly and said, "I'm Lin Xing Xue. Once again, thank you for saving me earlier."

Even though Feng Yu didn't say a word again, but when Lin Xing Xue was bowing slightly, she also did the same thing.

At this moment, Liang Jun, Dan Yaozu, and Ren Zemin walked toward Xiao Tian. They didn't expect that Xiao Tian would save Lin Xing Xue from a robber.

Not only that, but from Xiao Tian's movement earlier, they believed that Xiao Tian knew some martial arts.

"Sir, are you alright?" Liang Jun asked when he was in front of Xiao Tian.

Even though he had gone to Xiao Tian's company twice, but he had never met Lin Xing Xue, so he didn't know who Lin Xing Xue was.

At this moment, Xiao Tian felt lucky that Lin Xing Xue didn't know who Liang Jun was. "I'm fine."

"Mr. Qing, I didn't expect that you were so brave. You are even not afraid of the robber." Dan Yaozu then turned his head toward Ren Zemin. "Is not that right, Mr. Ren?"

"Yes. You even succeeded in saving this lady." Ren Zemin added.

"Lady, because you are fine now, we are leaving first." because Xiao Tian was pretended to be Qing Feng, he decided to leave. It would not be good if he tried to get close to her at their first meeting. "Mr. Ren, Mr. Dan, Liang Jun, let's go."

Then Xiao Tian and the others left

### **Chapter 369 - What Did He Do In His Past Life?**

7-8 minutes

---

Xiao Tian, Liang Jun, Dan Yaozu, and Ren Zemin went to a nearby restaurant to eat. Like before, they talked for several minutes before finally, they left.

After that, Xiao Tian didn't return to his company; instead, he went home because he wanted to practice martial arts again.

Xiao Tian wanted to master the first secret move, so that he could learn the second move immediately.

It was still 01:00 pm, so he was alone at home. Well, even though his mother and aunt were at home, nothing was different because they still did not want to talk to him.

Because they didn't behave like an adult, Xiao Tian also stopped trying to talk to them and focused on practicing martial arts.

At that day, Xiao Tian practiced martial art until 08:00 pm before finally, he took a bath and went to Shi Fei's house.

-----

Knock...knock...knock.....

Xiao Tian knocked on the door.

After the door opened, Shi Fei and Liu Ning appeared. When Xiao Tian saw them, slowly his cold expression turned into a soft expression. "Ning'er, Fei, do you two want to go somewhere?"

Shi Fei and Liu Ning were pleasantly surprised when Xiao Tian wanted to take them somewhere. Of course, they agreed to his idea.

"Where do you want to go?" Shi Fei inquired.

"I don't know." Earlier, Xiao Tian only wanted to spend time with them at their house but he suddenly wanted to go somewhere with them. That was why he didn't know where they should go. "I will let you two choose where we go."

Shi Fei turned her head toward Liu Ning and asked, "Where should we go? Do you have any place in mind?"

Liu Ning touched her chin and began to think about it. "Hmmm. How about we go to Stars Hill?"

Shi Fei suddenly remembered when she went to Stars Hill with Xiao Tian last time. "Good idea."

Because Shi Fei and Liu Ning had decided where they should go, Xiao Tian agreed with it. "Do you two want to change clothes first or not?"

"We will change clothes first." Liu Ning and Shi Fei said in unison.

They would go out with their loved ones, so naturally, they wanted to make them look beautiful in front of him.

"All right." Xiao Tian nodded his head.

When Shi Fei and Liu Ning were changing their clothes, Xiao Tian waited in the living room. He sat on the sofa and watched TV because he knew it would take some time for them to change their clothes.

Of course, Xiao Tian didn't mind it because he knew that they wanted to look beautiful in his eyes. That was why Xiao Tian watched TV as he waited patiently.

Thirty minutes later, Shi Fei and Liu Ning came out of their room.

Shi Fei then stood in front of Xiao Tian while doing a sexy pose, "What do you think, little brother?"

"Sexy." Xiao Tian replied instantly before turning his head toward Liu Ning because he thought Liu Ning would do the same thing.

When Xiao Tian looked at her, Liu Ning knew what was on his mind, so she immediately spoke, "I won't do something like that."

"All right." because Liu Ning didn't want to show him a sexy pose, Xiao Tian didn't force her.

"Eh!" earlier, Liu Ning thought Xiao Tian would ask her to do a sexy pose but she was wrong. "You don't want to ask me to do a sexy pose?"

"No." Xiao Tian shook his head. "Because you don't want to do that, I won't force you to do it."

Liu Ning and Shi Fei looked at each other before sighing.

Since his harem was in a mess, Su Ruyan and Tang Yaxin betrayed him, and many other things, Xiao Tian never tried to seduce them again.

"Let's go." Xiao Tian said.

Then they went to Stars Hill. Because it was located in the Wanhui district, it took them more than an hour to reach Stars Hill.

After parking and getting out of the car, Shi Fei immediately hugged Xiao Tian's left arm and said, "Let's go."

Because Shi Fei embraced his left arm, Xiao Tian turned his head toward Liu Ning and stretched out his right arm. "Ning'er, you can hug my right arm. Let's walk while locking arms."

Liu Ning lowered her head and walked towards Xiao Tian before finally, locking arms with Xiao Tian. It was the first time she went on a date together with Shi Fei and Xiao Tian at the same time.

Not only that, but they even locked arms while walking. Of course, she didn't hate it. She was just feeling shy.

When Xiao Tian saw Liu Ning kept lowering her head, he immediately said, "Ning'er, do you feel ashamed of being my woman?"

Upon hearing Xiao Tian's words, Liu Ning raised her head and looked at him before shaking her head. "No."

"So, why are you lowering your head?" Xiao Tian knew how she felt but he also wanted her to feel proud to be his woman because one day, he would make all the women wish they were in her place.

"Sorry." Liu Ning realized that her actions made Xiao Tian sad. For this reason, Liu Ning didn't lower her head anymore.

"It's fine." Xiao Tian was not angry with her, especially when he saw her expression. "If you are feeling shy, I'm fine if you don't want to walk while locking arms."

"No." Liu Ning hugged his right arm tighter. "I want to walk while hugging your arms."

Xiao Tian kissed Liu Ning's forehead and said, "You don't need to think about others."

"That's right, Ning. Don't be shy. Just think other people like air. Someday, you will make other people envy of you because little brother will be an important person in the whole of China." Shi Fei then looked at Xiao Tian. "Isn't that right, little brother?"

"Yes. that's my dream." Xiao Tian said.

Shi Fei then returned her attention to Liu Ning and said, "Did you hear that, Ning?"

"Un." Liu Ning nodded her head.

Then they walked to an empty wooden bench so they could enjoy the beautiful night while sitting.

"Wow! Look at that person! There is a woman on both of his sides and they are hugging his arms too."

"I so envy of him!"

"Look at the woman on his left side, she is so sexy. Is she a model?"

"Maybe. But I prefer the woman on his right side. She is so beautiful."

"Man, I wish I was in his place. I would die with a smile on my smile if I had a sexy and beautiful woman by my side like that."

"Dude, I don't even care if I'm only given ten more days to live if I can spend the night with women like them."

"Beautiful lady on his right side and a sexy lady on the other side. What did he do in his past life? What good deeds did he do in his past life? I want to do that too so that I can have a beautiful and sexy lady by my side in my next life"

"Dude, you are drooling! Wipe it off. It's disgusting!"

"Shut up!"

"Hey! Isn't he Xiao Tian?"

"Yes. and I don't care. I only want to see a beautiful and sexy lady."

When Xiao Tian heard that, he only looked at them. As long as they didn't do anything to them, he would not do anything too.

### **Chapter 370 - Did You Sleep Well?**

7-8 minutes

---

Currently, Xiao Tian, Shi Fei, and Liu Ning were sitting on the wooden bench. In their right hand, there was roasted corn. They were enjoying the beautiful view as they were eating the roasted corn.

The twinkling lights below them, the shining stars above them, and the tall buildings, created a relaxing atmosphere for them.

Because Xiao Tian was sitting with a sexy and gorgeous lady on both of his sides, anyone who saw them always stole glances.

They were jealous of Xiao Tian and wished they were in his place. Enjoying a beautiful night with sexy and beautiful women was one of the most dreamed moments by men all over the world.

From young to old people always stole glances at them. Of course, they knew who Xiao Tian was. They just didn't expect that Xiao Tian was a playboy too. He even didn't care about his image and went on a date with his women.

Some of them bit their index finger as they stared at Xiao Tian, some of them gritted their teeth because they were envy of Xiao Tian, and some of them prayed to God, hoping one day they could have a pretty and sexy lady on both of their sides.

Of course, Xiao Tian, Liu Ning, and Shi Fei knew that all of them often stole glances at them, but they decided to ignore it.

At first, Liu Ning was shy when people looked at her, but after several minutes, she didn't care about it anymore. All she wanted to do was to enjoy the beautiful night and spend time with Shi Fei and Xiao Tian.

Xiao Tian, Shi Fei, and Liu Ning spent time at Stars Hill until 11:00 pm before finally, they went home.

"Little brother, do you want to go home now?" Shi Fei still wanted to spend time with Xiao Tian, so she was sad when she had to part with Xiao Tian.

Xiao Tian didn't answer immediately and only looked at Shi Fei for several seconds before finally looking at Liu Ning too.

Liu Ning still wanted to spend time with Xiao Tian too. That was why she immediately grabbed his hands and looked at him in the eyes.

Even though Liu Ning didn't say a single word, but from her expression, Xiao Tian understood what she wanted.

"No. I will stay overnight at your house." Actually, Xiao Tian wanted to go home earlier, but after finding out they still wanted to spend time with him, he decided not to do so.

"Good!" Shi Fei answered happily.

Upon hearing Xiao Tian's words, Liu Ning's face blossomed into a smile. She was pleased when Xiao Tian decided to stay overnight at her home.

Then they entered the house and headed to the living room. They watched TV until 11:55 pm before finally heading to Shi Fei's room.

Of course, Xiao Tian was lying on the bed with Liu Ning and Shi Fei on both of his sides. And like before, Liu Ning and Shi Fei immediately hugged his arms.

They talked for about fifteen minutes before finally, they slept.

-----

The following morning, Shi Fei and Liu Ning woke up at 05:00 am. Because today was Sunday, they didn't go to work. For this reason, Liu Ning and Shi Fei didn't immediately cook breakfast.

They looked at his sleeping face for about ten minutes before finally, Shi Fei said, "You can accompany him. I will cook breakfast now."

"Un." Liu Ning nodded her head.

As Shi Fei was walking toward the kitchen, Liu Ning kept looking at Xiao Tian. She touched Xiao Tian's cheeks with her index finger gently.

Finally, at 05:30 am, Xiao Tian woke up. He turned his head to the left side when he felt a finger touching his left cheek.

"Good morning, Tian'er." Liu Ning smiled beautifully. "Did you sleep well?"

"Un." Xiao Tian nodded his head. "Where is Fei?"

"She is in the kitchen cooking breakfast." Liu Ning answered instantly.

Then Xiao Tian grabbed Liu Ning's body and put her on top of his body. It had been a few days since he could embrace someone while lying down like that.

Even though Liu Ning was surprised by his actions, but she only smiled when Xiao Tian put her on top of his body.

When she wanted to put her head on his chest, Xiao Tian suddenly grabbed her head and pulled it towards his head.

Of course, Liu Ning knew that Xiao Tian wanted to kiss her. But because she loved being kissed by her lover, she let him do whatever he wanted.

Kissing with her lover in the morning was something that she loved too. As they were pressing their lips together, they looked into each other's eyes.

At first, it was a normal kiss but it only lasted for about ten seconds before finally, they opened their mouths and began to move their tongues lewdly.

They had a passionate kiss for more than a minute before finally, Liu Ning stopped the kiss. However, she didn't separate their lips.

She still pressed her lips against his while looking at his black eyes again. And when her breathing had returned to normal, Liu Ning put her tongue into his mouth again.

They did the same thing over and over again. And like this, they kissed passionately for more than ten minutes.

"Let's head to the kitchen." The reason Xiao Tian wanted to head to the kitchen was that he also desired to kiss Shi Fei.

As if Liu Ning could read his mind, she immediately smiled and said, "You also want to kiss big sister Fei, right?"

"Yes." Shi Fei was his woman too, so there was no point in lying to her and she also would mind it. That was why Xiao Tian told her the truth.

"All right." Liu Ning then got out of the bed. "Let's head to the kitchen."

As Liu Ning and Xiao Tian stepped into the kitchen, they saw Shi Fei cooking breakfast.

Because Xiao Tian wanted to kiss Shi Fei, he walked toward her before finally, embracing her from behind.

He didn't immediately kiss her because she was cooking breakfast. He didn't want anything to happen to her.

Shi Fei stopped what she was doing when Xiao Tian suddenly embraced her from behind. She was pleasantly surprised by his actions. "What is this? Hehe."

Xiao Tian then turned her body to face him. As soon as they were facing each other, Xiao Tian kissed her cheery lips.

Of course, Shi Fei welcomed the kiss happily. She even forgot that she was cooking breakfast when Xiao Tian kissed her.

As Xiao Tian and Shi Fei were kissing, Liu Ning took Shi Fei's place and continued cooking breakfast because she didn't want the food to overcook.

Soon Xiao Tian and Shi Fei kissed passionately. As they were kissing hungrily, Xiao Tian grabbed her buttocks and lifted her body.

Shi Fei immediately locked her legs around Xiao Tian's waist reflexively. Not only that, but she also wrapped her long slender arms around his neck.

After kissing passionately for several minutes, Shi Fei broke the kiss and giggled. "Hehe. Why did you suddenly kiss me? Did you have a French kiss with Ning before? That was why you also desired to have a passionate kiss with me?"

Xiao Tian didn't answer her and kissed her passionately again. And like this, they kissed hungrily for several minutes again.
