Chapter 381 - Finally, I Have Mastered The First Secret Move

The following morning, they had quick sex in the bathroom before finally, they traveled to her house. Xiao Tian didn't return home and at breakfast at Liu Ning's home.

Even though it had been more than three days since Xiao Tian returned home, but he didn't intend to go home because there was no point in returning home.

His mother and aunt still didn't want to talk to him and kept ignoring him. For this reason, he thought it would be better to live at Liu Ning's house for a while, or he could also live in his apartment.

After they had breakfast, Xiao Tian ordered a silicon head mask online. Then they went to Stars Clothes company headquarters to work.

This time, Xiao Tian intended to only work at Stars Clothes company for the whole day because they wanted to promote new clothing designs again.

As Xiao Tian was working, the news about his Eternal Beauty company skincare products began to spread. The reporters who attended to conference meeting yesterday began to publish the news.

Eternal Beauty company appeared in three newspapers and two television stations. Because his company also made skincare products for men, many men were curious and wanted to buy it too.

Of course, a lot of women also wanted to try it. For this reason, a lot of people come to Eternal Beauty Clinic. All the branches were full of people who wanted to buy the new skincare products.

Hong Guan Ji's house

"Why not now?" Hong Guan Ji inquired.

"Not now. It's not the right time. let's wait for the right time." Hong Duan replied.

"All right." Hong Guan Ji said as he nodded his head.

As Xiao Tian was working, Shi Fei entered his office without knocking on the door. "Little brother, did you see the news on TV?"

Xiao Tian lifted his head and looked at Shi Fei, "Fei, you should knock on the door first."

Instead of answering him immediately, Shi Fei grabbed his hands and dragged him to the couch. "You are indeed amazing. Both of your compa-"

Before Shi Fei had finished her words, Xiao Tian put his index finger on her lips and shook his head, "You should not talk about it here. And lower your voice. What if other people hear that?"

Shi Fei suddenly realized her mistake. Due to how happy she was, she forgot that she should not talk about Eternal Beauty company with him. She could only talk about it if they were at her house. "I'm sorry."

"Forget it." of course, Xiao Tian knew why Shi Fei behaved like that. That was why he was not angry with her. "How is the recruitment of the new employees?"

"We have hired thirty new employees and three young designers." Shi Fei answered instantly.

Xiao Tian rose from the couch and said, "Let's meet the designers."

"All right." then Xiao Tian and Shi Fei walked toward the design department.

As they stepped into the design department, Xiao Tian saw two young women and one young man. From their appearance, they were about twenty-two to twenty-three years old.

When the newly recruited designers saw Xiao Tian and Shi Fei, they rose from their seats and walked toward Xiao Tian and Shi Fei.

And as if they were seeing their idol, their eyes shone brightly when Xiao Tian was right in front of them. Of course, all of them knew who Xiao Tian was.

One of the reasons they applied for a job at Xiao Tian's company was that they hoped to work under him.

Not only could he be a successful person in a short amount of time, but his clothing designs were always popular.

They hoped with them working at Xiao Tian's company, he could teach them how to make good clothing designs.

Then Xiao Tian talked with them for about fifteen minutes. Xiao Tian also told them not to betray him or they would regret it later.

Xiao Tian then returned to his office and called Liang Jun because he wanted to know how the recruitment was going. Liang Jun told him that he had hired half of them and tomorrow, he would continue hiring the other.

After that, Xiao Tian met Yun Xin Er to give skincare products to her. Of course, Xiao Tian met her as himself because she didn't know who Qing Feng was.

Yun Xin Er was pleased by his actions because actually, she was also curious about Eternal Beauty company skincare products.

When she was about to buy it, Xiao Tian suddenly wanted to meet her. To her surprise, he gave her Eternal Beauty company skincare products. Of course, Xiao Tian lied when she asked why he suddenly gave her skincare products.

Not only did he give skincare products to Yun Xin Er, but he also gave Lin Xing Xue skincare products because he wanted to get close to her. Of course, Xiao Tian met Lin Xing Xue as Qing Feng.

Lin Xing Xue was surprised when she learned that he was the owner of Eternal Beauty company. And because she didn't want to be rude, she accepted it.

Xiao Tian talked with Lin Xing Xue at her house for about an hour before finally, he left. And like usual, Xiao Tian didn't return home; instead, he went to Liu Ning's house.

Because Xiao Tian wanted to become strong as quickly as possible, he practiced martial arts in the backyard again. This greatly surprised Shi Fei and Liu Ning.

At first, they wanted to watch TV with him, but because he was training martial arts, they decided to watch TV without him.

"Huft...Huft...Huft.." currently, Xiao Tian was standing while breathing heavily.

* Drop...

A drop of sweat fell on a wooden sword, which was in his right hand.

'Good! Finally, I have mastered the first secret move. Now I can learn the second secret move.'

Due to how tired he was, Xiao Tian decided to lie down for a while before he continued his training again. Like the first secret move, the second secret move started with a zig-zag movement.

He moved in zig-zag five times before finally, he changed his movements to an 'X' pattern and finished it with an 'O' pattern.

And like when he tried the first secret move for the first time, Xiao Tian was not satisfied when he finished doing the second secret move.

The Second secret move had eleven movements and each movement, he had to swing his sword three times, so when he finished the second secret move, he had swung his wooden sword thirty times.

"Huft...Huft...Huft..." because he had done the first secret move a few minutes ago, after he did the second secret move, Xiao Tian had no energy left.

For this reason, Xiao Tian fell to the ground. His body was covered in sweat, and due to how tired he was, he could not breathe with the nose and had to breath using his mouth.

'This body is still too weak. Should I use that method to make my body stronger faster?'

In his past life, one of his martial arts masters forced him to use ballast to make his body stronger faster. Of course, he refused at first because it could make him seem like a weird person.

However, because his past life martial arts master forced him to do that, he had no choice but to do so. That was why he wore a bracelet on both of his wrists and ankles.

He wore the ballast for a year before finally, his martial arts master allowed him to take it off. And because he wanted to get strong as quickly as possible, he suddenly wanted to do that again.

'But what should I say when my girlfriends see it? Will they laugh at me later?'

In his past life, when he was about to have sex with his women, all his women always asked him why he wore a bracelet on both of his wrists and ankles.

It always made him feel embarrassed every time he remembered it. For this reason, Xiao Tian was wavering whether he should do the same thing again or not.

It was fine if he wore a bracelet on both of his wrists, but to wear it on both of his ankles was too much for him.

'Let's think about it later.'

Xiao Tian then began to train martial arts again.

That night, Xiao Tian practiced martial arts until 09:00 pm before he finally took a bath. And like before, he spent time with Liu Ning and Shi Fei in Shi Fei's room before all of them fell asleep.

Chapter 382 - It's Boring To Practice Martial Arts Alone

9-11 minutes

The following morning, after eating breakfast, they traveled to Stars Clothes company. Because Xiao Tian had a lot of work to do, he immediately headed to his office and worked.

Xiao Tian worked until 04:00 pm before finally, he stopped working and walked out of his office to meet Liu Ning.

Because he had brought Shi Fei to his apartment, Xiao Tian wanted to take Liu Ning to his apartment too.

At first, Xiao Tian only wanted to take Liu Ning to his apartment, but she suddenly told him to bring Shi Fei too.

For this reason, the three of them went to his apartment. And like when Shi Fei first came to his apartment, Liu Ning was surprised when she saw his apartment.

Even though she had guessed that Xiao Tian bought a luxurious apartment, but she was still surprised when she was in his apartment.

Liu Ning really liked the concept of his apartment and the view around his apartment, especially after finding out that his apartment was near Yonhan beach.

After spending time in the apartment and taking a bath together, they went for a walk. They walked together, played in the water together, and saw the sunset together.

They didn't immediately return to the apartment; instead, they kept walking and enjoyed the night together. They only returned to the apartment when it was already 11:00 pm.

And like usual, they slept together in his room. Of course, they had sex before sleeping. They even slept naked.

The next day in the morning, Xiao Tian drove them home because they wanted to change their clothes first before going to the company.

If they didn't change their clothes, other employees would ask them many questions later. That was why they decided to change their clothes first.

That day, the company launched new clothing designs. And as usual, the clothing designs received a good response from the public.

His company even managed to sell a hundred clothing designs in just thirty minutes. Of course, Xiao Tian was happy by this because with this, his company had become famous again.

Time went by quickly and ten days had passed since his Eternal Beauty company promoted skincare products. Because the skincare products received a good response from the public, Xiao Tian thought it was the time to launch the other skincare products.

"Let's launch the other skincare products the day after tomorrow." Currently, Xiao Tian was in his office, and in front of him, there were Liang Jun and Mu Jia.

"Understood, sir." Liang Jun and Mu Jia said in unison.

After Liang Jun and Mu Jia left, Xiao Tian began to work again.

When the working hours were over, Xiao Tian traveled to Stars Clothes company to pick up Liu Ning and Shi Fei. They didn't immediately return to Shi Fei's house; instead, they went to Shanghai River.

Lately, Shi Fei and Liu Ning were thrilled because they could always spend time with Xiao Tian whenever they wanted. Not only that, Xiao Tian even stayed at their house every day, as if they had married him.

Xiao Tian also often brought them somewhere or they ate together at a restaurant or street vendor. Shi Fei and Liu Ning even hoped that they could stay like this forever.

After spending time at Shanghai River until 10:00 pm, they returned home. That night, Xiao Tian didn't practice martial arts because he still wanted to spend time with Liu Ning and Shi Fei.

They watched TV until 11:00 pm before finally, they took a bath together and slept in Liu Ning's room.

The following morning, after Xiao Tian had breakfast with Shi Fei and Liu Ning, he headed to the backyard to practice martial arts.

Because he wanted to master the second secret move immediately, he decided to skip work. He was sure Shi Fei and Liang Jun could handle the company without him.

For this reason, Xiao Tian practiced martial arts for the whole day. Even though he still could not master the second secret move, but his movement was getting better and better.

Not only that, but Xiao Tian was also getting better at controlling his breathing. Usually, every time he finished performing the second secret move, he would lose all the energy in his body.

Now, not only did his movements get better, but he still had a quarter of energy left after doing the second secret move.

"Huft...Huft...Huft..." Xiao Tian laid down on the grass while breathing heavily.

'It's boring to practice martial arts alone.'

In his past life, every time he practiced martial arts, his masters and father always accompanied him. Even though his past life father always laughed every time he made a mistake or whenever his masters hit him with rattan, Xiao Tian couldn't help but miss that moment very much.

Even though it was easier for him to get stronger because he had mastered all the martial arts in his past life, but practicing martial arts alone was very boring for him.

"Masters, father." Xiao Tian raised his right arm toward the sky and said in a sad voice.

'I need to practice again.'

Xiao Tian rose to his feet and began to practice martial arts again.

And like this, Xiao Tian practiced martial arts until 04:00 pm before finally, he stopped and took a bath. After that, he went to Stars Clothes company to pick up Liu Ning and Shi Fei.

Like usual, they didn't immediately return home; instead, they went to Stars Hill to enjoy the beautiful night.

That night, after they returned home, they had wild sex before finally they took a bath together and slept.

The next day in the morning, Xiao Tian traveled to Stars Clothes company. Even though today was the day his other company was promoting new skincare products, Xiao Tian didn't go to Eternal Beauty company because he believed Liang Jun could handle everything.

Xiao Tian didn't want to get involved in anything. That was why he decided to work at Stars Clothes company.

At the same time, Liang Jun was watching his subordinates who were promoting the new skincare products.

This time, they were promoting skincare products online. Of course, they had made an ad on their company website too.

Because many people already knew about Eternal Beauty company, Liang Jun didn't invite reporters. He believed promoting online and making an ad on their company website was already enough.

They even promoted the new skincare products live on YouTube. And like what he had guessed, a lot of people were interested in their new skincare products.

Several of them even immediately bought it. This made Liang Jun happy and smile from ear to ear. He wanted to show Xiao Tian that Xiao Tian didn't choose the wrong person to work as a director.

Somewhere at Tea Store.

Two ladies were drinking Green Tea while chatting. One of them was wearing a red dress while the other wore a black dress.

The lady, who wore a red dress, had a pretty face and a sexy body. She was about twenty-two years old, and from her appearance, anyone could tell that she was a famous model.

While the other lady had an ordinary body and face. She was about thirty-one years old. Those people were none other than Kang Zhenya and Cai Yazhu.

Cai Yazhu, a model who was popular lately, decided to drink tea with her manager. Today, she had a day off. That was why she invited her manager to drink tea with her in the morning. "How is it, manager Kang? Do you like it?"

"Yes. I like it. The tea in this shop tastes delicious." Kang Zhenya didn't expect that tea to be delicious. Because the shop was small and ordinary, she thought the tea would taste ordinary too. That was why she was a bit surprised when she tasted the tea.

"Hehe. I knew you would say that. The tea in this shop is delicious." Actually, Cai Yazhu found that tea shop by chance. At that time, she was eager to drink tea and happened to see that tea shop.

At first, she also thought the tea would taste ordinary, but she was wrong because it tasted delicious. That was why she brought her manager to that tea shop so that her manager could taste the tea too.

"Oh, right Yazhu, did you know that Eternal Beauty company is promoting their new skincare products today?" Kang Zhenya inquired

"Oh! That new company?" of course, Cai Yazhu knew Eternal Beauty company because lately, Eternal Beauty company was famous.

She was even curious about their new skincare products because all the comments on the internet stated that their skincare products were all good.

However, what made her most curious was why the owner of the company wore a mask in a conference meeting or why he wanted to hide his identity.

Many people also talked about the owner of the Eternal Beauty company because he wore a mask and didn't want to tell others about his identity.

"Yes." Kang Zhenya answered instantly. "All the comments about their skincare products are good and there are almost no negative comments. For this reason, I'm curious about their skincare products."

"Yes, I know about it." Cai Yazhu was also surprised after reading the comments.

There were very few people who made bad comments and other people thought they made up their stories or that they were hired by a rival company to make Eternal Beauty company have a bad reputation.

"How about we go and buy their skincare products too?" Kang Zhenya inquired. "I really want to try their skincare products."

"Good idea." Cai Yazhu answered. "Let's go now."

"All right." Kang Zhenya replied.

Chapter 383 - Why Does My Face Become Like This?

7-9 minutes

After Kang Zhenya and Cai Yazhu purchased the skincare products, they traveled to Rainbow Garden because they wanted to calm their minds by looking at beautiful flowers.

They spent time at Rainbow Garden until 05:00 pm before finally, they returned home. At night, Cai Yazhu applied the night cream on her face before going to sleep while Kang Zhenya forgot to do that and immediately slept.

The following morning, Cai Yazhu woke up at 06:00 am. And like usual, she headed to the bathroom to wash her face.

However, something big happened when she saw her face in the mirror. Something the models were most afraid of.

"My....my face?! What happened to my face?" her face was red and several pimples suddenly appeared on her face.

What made her down was that the pimples were found on her cheeks and nose. Cai Yazhu began to panic. She had a photoshoot for a magazine later. With her condition, it was impossible to do a photoshoot.

*Bruak

Cai Yazhu fell to her knees.

She had been working hard to be a model, and when she started becoming a recognized model, her face was suddenly ruined like that. If other people learned her current face, her good reputation would be destroyed.

Not only that, but she could lose her job as a model too. It would be hard to gain popularity again if other people saw her current face.

And what he feared the most was that many people would speak ill of her on the internet. She was frustrated and furious at the same time.

When she remembered something, her eyes widened and she gritted her teeth.

'Yes. This must be because of the skincare products from Eternal Beauty company. I'm sure of it. That company is wicked. I have to call them and ask them to take responsibility.'

Cai Yazhu began to blame Eternal Beauty company because last night before going to sleep, she used the skincare product which she bought from Eternal Beauty company.

When she applied her previous skincare products, nothing happened to her face and after she used the skincare products from Eternal Beauty Company last night, she woke up with redness and several pimples on her face.

Cai Yazhu believed all of this was because of the skincare products from Eternal Beauty company.

"Eternal Beauty company!" Cai Yazhu's eyes were filled with a flame fury.

With an angry face, Cai Yazhu returned to her room to take her smartphone because she wanted to call Eternal Beauty customer service. She wanted to complain and make the company take responsibility.

*Unknown people's house.

"What happened to my face? Why is my face red and have several pimples? I don't have pimples last night. Don't tell me, all of this is because the skincare products from Eternal Beauty company?" a lady was enraged when she saw at her face in the mirror. "Eternal Beauty company. I will sue you!"

*Unknown people's house.

"My..My face. Why does my face become like this?" a teenage girl touched her cheeks and looked at her face in disbelief. "Why are there so many pimples on my face? Wait, so this is....Ahhhhh. Eternal Beauty company...."

*Unknown people's house.

"My..My beautiful face... Why is my face like this?" a gorgeous lady then grabbed a skincare product from Eternal Beauty company. "Eternal Beauty Company!"

One by one people who bought the latest skincare products from Eternal Beauty company experienced the same problem. Their faces flushed red and several pimples suddenly appeared on their faces. Not only that, but some of them also felt their faces hot.

And like Cai Yazhu, all of them immediately took their smartphones because they wanted to complain. Some of them even wanted to travel to Eternal Beauty company for a demo.

*Nanli district, Liang Jun's house

Currently, Liang Jun was sleeping deeply. He was worn out because last night, he worked until 03:00 am.

However, his smartphone which was on the table next to him, suddenly rang. Hearing that, Liang Jun immediately woke up and picked up the phone, "What is wrong? Why did you call me so early?"

Liang Jun had no idea why his subordinate suddenly called him in the morning. He was still exhausted and desired to rest for another thirty minutes before going to work.

"Director Liang, we have...." his subordinate's voice was trembling. She could not finish her words immediately.

Ten minutes ago, a lot of people suddenly called customer service and all of them complained. There were even several people standing in front of the company and shouting, the company must take responsibility for what happened to their faces.

The security guards had a hard time calming them down. The demonstrators even wanted to enter the company. They also said that if the company didn't immediately take responsibility, they would destroy the company.

Liang Jun instantly got out of the bed and said, "What happened?"

From his subordinate's voice, he understood something had happened in the company.

"It's like this.." the subordinate began explaining everything to Liang Jun.

"What?" Liang Jun said in surprise. "I will be there soon."

Because the company was in crisis, Liang Jun only washed his face and went straight to the company. He didn't expect something big would happen in the company.

Because there were many demonstrators, Liang Jun used the back door. When he stepped into the company, he immediately said, "Call Mu Jia to come to my office now."

"Yes, sir." One of the employees responded.

After Liang Jun stepped into his office and sat on the office chair, his face darkened. He didn't expect that he would make a big mistake.

Not long after that, Mu Jia entered his office. Upon seeing her, Liang Jun immediately said, "Explain to me, how could something like this happen?"

"Director Liang, we have done sample test and..." Mu Jia was hesitant to tell Liang Jun the results of the sample test, but she knew that she had to tell him about it. "we have found that three kinds of toxic pollens have been added to the skincare products."

"How come?" Lian Jun was enraged. Liang Jun wanted to show Xiao Tian that he didn't choose the wrong person to work a director. Now that the company was facing a big problem, he had no idea how to inform Xiao Tian about it. "Didn't you say the test report for all the batches of skincare products shows that everything is normal?"

"Yes. We also thought there was no problem with the skincare products. We are sure someone has added toxic pollens to new skincare products." because the last time the sample test results showed that everything was normal, she was sure someone added toxic pollens after the test.

"Did you find the mastermind behind all of this?" Liang Jun inquired.

"We have investigated all the CCTVs in the company but all the tapes of the time where the crime was committed has been removed." Because it was done neatly, Mu Jia believed that everything was carefully planned by the mastermind. She even suspected the mastermind also worked at Eternal Beauty company.

"What about the antidote? Have you started making it?" Liang Jun inquired.

"We are working on it." Mu Jia spoke and paused for a second before she continued, "We will make the antidote as quickly as possible."

"You can leave now." Liang Jun said

Then Mu Jia left.

Chapter 384 - Why Didn't You Tell Me About This?

7-9 minutes

"Evil company."

"Eternal Beauty deceives consumers."

"Yes. Rotten business."

"Rotten products."

"Scammer."

"Give us an explanation."

"We must sue Eternal Beauty company."

"Yes, that's right. Everyone, let's sue Eternal Beauty company until it goes bankrupt."

One by one the demonstrators expressed their rage at Eternal Beauty company. They were enraged because Eternal Beauty company was selling rotten skincare products.

Every minute, the people who came to Eternal Beauty company, increased. For this reason, three reporters came to Eternal Beauty company.

Upon grasping there was a great opportunity to get news, reporters started interviewing the demonstrators. One of the reporters marched toward the female demonstrator and asked, "Miss, can you tell me the reason why you decide to demonstrate at Eternal Beauty company?"

"The skincare products from Eternal Beauty company have ruined my face. Last night, before going to sleep, I applied their skincare products, and now, my facial skin is flushed and suddenly several pimples have appeared on my cheeks and nose." The lady explained her problem to the reporter. "Eternal Beauty company, you have to take responsibility for it. Give me an explanation! You have ruined my face!"

The reporter then looked at the camera and said, "We want to know why products like this are allowed to enter the market? Eternal Beauty company has to take responsibility for this incident and they must explain it to their customers."

"I want to say something too. Let me say it." Kang Zhenya walked toward the reporter. "My model, Cai Yazhu is also one of the victims of their rotten skincare products. Yesterday, she bought their skincare products but now, her face is ravaged by their skincare products. She asked me to keep silent but I can't do that. I can't let an evil company like Eternal Beauty company continue to deceive their customers. Because of their rotten skincare products, she has to cancel all the photoshoots. Not only that, but

because her face is ruined, her career as a model is threatened. I want Eternal Beauty company to give me an explanation and take responsibility."

"Oh! That new rising star model?" the reporter was startled after hearing Kang Zhenya's words. "Eternal Beauty company has to give the consumers an explanation quickly. Not only has Eternal Beauty company ruined the faces of many people, but they have also ravaged the face of a rising star model."

Liang Jun, who observed everything through the window gritted his teeth. The problem had gotten bigger since the reporters appeared.

Jiazui district, Shi Fei's house.

Currently, Xiao Tian, Shi Fei, and Liu Ning were sitting on the couch in the living room. Earlier, Xiao Tian told them to take a day off because he wanted to spend time with them for the whole day.

As they were talking, his smartphone suddenly rang. When Xiao Tian knew it was his underling, he instantly picked up the phone. "What is wrong?"

"Sir, there is a problem at your Eternal Beauty company." His underling spoke after Xiao Tian picked up the phone.

"What is it?" Xiao Tian inquired.

Then his underling explained everything to Xiao Tian. This made Xiao Tian furious. He had no idea why there were always people who wanted to cause trouble for him.

And what made him enraged was that Liang Jun didn't inform him about it. "I will be right there. Call Chun Hua to meet me there and ask her to wear a mask too."

"Understood, sir." His underling replied before hanging up the phone.

Even though Xiao Tian wanted to spend time with Liu Ning and Shi Fei, but he had to go to his company. "Fei, Ning'er, I have to go now."

"Where do you want to go?" Liu Ning didn't expect Xiao Tian would say that because earlier, he said that he wanted to spend time with them for the whole day.

"There is a problem at my Eternal Beauty company." Xiao Tian gave them an honest answer.

"Again?" Shi Fei and Liu Ning said in unison.

"Yes." Xiao Tian nodded his head.

Shi Fei rose from the couch and said, "Little brother, I want to go wi-"

Before Shi Fei had finished her words, Xiao Tian interrupted her. "No. remember, both of you don't know who Qing Feng is. if you two come with me, everyone will be suspicious of me later."

"All right." Shi Fei sat on the sofa again.

Shi Fei and Liu Ning were sad because Xiao Tian wanted to solve the problem alone again. They really hoped Xiao Tian would share his problem with them, but Xiao Tian always tried to solve the problem alone.

Xiao Tian kissed their foreheads and said, "Sorry, it seems like I can't spend time with you two today."

"It's fine." Even though Shi Fei and Liu Ning were sad, but they understood his situation.

After that, Xiao Tian traveled to his apartment to change his car, took his golden mask and silicon head mask.

And like what Liang Jun did when he entered the company, Xiao Tian also used the back door to enter the company.

"Sir.." the employees greeted him when they saw Xiao Tian and Chun Hua.

Xiao Tian stopped his footsteps and inquired, "Where is Liang Jun?"

"Director Liang is in his office, sir." One of the employees responded

Then Xiao Tian and Chun Hua headed toward Liang Jun's office. Because he was the boss of the company, Xiao Tian didn't bother to knock on the door and immediately entered Liang Jun's office.

Liang Jun, who was observing the demonstrators through the window, turned his head after hearing someone enter his office without knocking on the door.

At first, Liang Jun wanted to shout furiously, but when he learned it was Xiao Tian, he didn't do that, "Sir, you have come?"

Liang Jun was startled when he saw Xiao Tian. He believed that no one had told Xiao Tian about the problems that occurred at the company.

However, because he knew Xiao Tian was a leader of a gang, he suspected that Xiao Tian's underlings were watching the company every day.

"Why didn't you tell me about this?" Xiao Tian asked in a cold voice.

"Sir, it's because..." Liang Jun had no idea what to say to Xiao Tian.

It was not because he didn't want to immediately inform Xiao Tian about it. It was because he didn't want to trouble Xiao Tian with the problems he created and tried to solve the problem alone.

"How is the situation now?" Xiao Tian knew there was no point in blaming Liang Jun now. What he had to do was how to solve the problem quickly.

Liang Jun was shocked by that. Earlier, he thought Xiao Tian would get angry with him, but he was wrong.

He had even prepared himself to be scolded. Of course, he was pleased by this because with this, he knew that Xiao Tian was a great boss.

Liang Jun began to explain everything to Xiao Tian. He also told Xiao Tian that Mu Jia and the others were making the antidote as they spoke.

When Xiao Tian found out Liang Jun was moving fast in trying to solve the problem, his anger decreased slightly.

At this moment, Xiao Tian was looking at the demonstrators and the reporters through the window. "You said that there is a rising star model that becomes a victim too, right?"

"Yes, sir." Laing Jun replied.

"Let's meet her." because Xiao Tian saw something amiss, he whispered something to Chung Hua.

"Understood, sir" Chun Hua replied before leaving.

Chapter 385 - Tian'er, Have You Had Dinner?

7-8 minutes

Then Xiao Tian glanced at Liang Jun and inquired, "Where is the dermatologist?"

"He is on the way, sir." Earlier, Liang Jun had called a dermatologist who worked at the company branch to come to the company headquarters.

Upon hearing Liang Jun's words, Xiao Tian looked at the demonstrators again. Not long after that, a dermatologist knocked on the door.

"Come in." Liang Jun said.

"Director Liang, do you need anything?" a middle-aged man around thirty-seven years old spoke when he was in front of Liang Jun.

Then his eyes moved towards Xiao Tian. However, because Xiao Tian was staring at the demonstrators, he could only see Xiao Tian's back. For this reason, he had no idea who Xiao Tian was.

"Yes." Liang Jun then turned around and looked at Xiao Tian. "Sir, doctor Zi has arrived."

'Sir'

Zi was curious who the person standing in front of him was, and why was Liang Jun being polite to that person?

Xiao Tian then turned around and said, "Let's go."

"Yes, sir." Liang Jun then glanced at Zi, "Doctor Zi, you come with us too."

"Yes, director Liang." Earlier, Zi was startled when he saw Xiao Tian. He knew that the owner of the company was someone who wore a golden mask. He just didn't expect that he would meet the big boss.

Then Xiao Tian, Liang Jun, and Zi traveled to Cai Yazhu's house to see her condition. Her house was located in Nanli district and it was quite big too.

From her house, Xiao Tian knew that she was quite a successful person. Without waiting for another second, Liang Jun knocked on the door.

Knock...knock...knock...

Xiao Tian, Zi, and Liang Jun were waiting patiently in front of the door.

Cai Yazhu, who was in her room, was shocked when she knew someone knocking on the door. Because she was afraid the person who knocked on the door was a reporter, she remained in her room.

Knock...knock...knock...

Because Cai Yazhu still hadn't answered them, Liang Jun decided to knock on the door again.

And like before, Cai Yazhu ignored them and remained in her room. At this moment, she was depressed because she thought her dream had broken into pieces.

Liang Jun glanced at Xiao Tian and said, "Sir, it seems like Miss Cai doesn't want to meet anyone right now. What should we do?"

Of course, Xiao Tian had guessed something like this would happen. She was a model who was famous recently.

Now that her pretty face was ravaged, she would not want to meet anyone because she was afraid they would make fun of her later.

However, because Xiao Tian wanted to take responsibility and solve the problem, he immediately said, "Miss Cai, I'm Qing Feng, the owner of Eternal Beauty company. I have come to take responsibility. I would like to meet you so that I can see your condition. Do not worry, I have come with dermatologist too."

Upon hearing Xiao Tian's words, Cai Yazhu dashed towards the guest room. When she found out it was indeed Xiao Tian and Liang Jun, she opened the door and grabbed Xiao Tian's collar. "Bastard! Skincare products from your company have ruined my face. You have to take responsibility now. Because of your skincare products, I have to cancel several photoshoots and contracts. TAKE RESPONSIBILITY NOW!"

When Liang Jun saw what Cai Yazhu was doing, he was furious, "You! Stop it!"

However, when Liang Jun was about to push Cai Yazhu away from Xiao Tian, Xiao Tian stopped him.

"That is the reason why I came to your home." Xiao Tian was not angry with her because he understood her feeling very well. "Now, let us in so that we can check your condition."

Because Xiao Tian said that he would take responsibility, Cai Yazhu stopped grabbing his collar and entered her house.

After they entered the house, Liang Jun closed the door because he didn't want other people to see them.

"Miss, let me check your condition." Zi wanted to immediately carry out his duties as a dermatologist.

"Un." Cai Yazhu nodded her head.

Zi began to examine her facial skin and asked her several questions.

"How is it?" Xiao Tian inquired.

Zi then began explaining everything to Xiao Tian, from her condition to how to cure her facial skin disease.

Xiao Tian then stared at Liang Jun and spoke, "How long does it take to make the antidote?"

"Mu Jia assumed it would take three to seven days, sir." Liang Jun replied instantly.

"Tell her to make it as quickly as possible." Xiao Tian wanted the antidote to be made quickly so that they could quickly cure the customers.

"Yes, sir." Liang Jun rose from the couch and walked out of the guest room because he wanted to call Mu Jia.

Xiao Tian then looked at Cai Yazhu and said, "Miss, don't worry. We will take responsibility for everything. But you have to wait for at least a week. Let us make the antidote first."

"All right." when Cai Yazhu looked at Xiao Tian's eyes, she knew that he really intended to take responsibility for everything. For this reason, her anger diminished a lot.

"We will come to your house every day to check your condition." Xiao Tian then gave his business card to her. "This is my business card. If you need anything, you can call me."

Cai Yazhu took his business card and replied, "All right."

Xiao Tian then glanced at Zi and Liang Jun and said, "let's return to the company."

After Xiao Tian, Liang Jun, and Zi reached Eternal Beauty company, Xiao Tian immediately headed toward his office.

That day, Xiao Tian stayed at the company until 09:00 pm. Even though he still had a lot of things to do, but Xiao Tian decided to go to Liu Ning's house because he didn't want to make his women worried.

Liu Ning and Shi Fei, who were watching TV, immediately dashed toward the guest room after hearing the sound of Xiao Tian's car.

"Little brother, you have returned?" Shi Fei spoke after opening the door.

"Un." Xiao Tian smiled softly after seeing Liu Ning and Shi Fei.

Even though he was facing a big problem, but upon seeing their faces, Xiao Tian felt the burden had been lifted off his shoulders.

Liu Ning held Xiao Tian's right hand and said, "Let's get inside."

After they sat on the sofa in the living room, Shi Fei inquired, "How is it, little brother?"

"Someone added three kinds of toxic pollens to the skincare products." Xiao Tian gave her an honest answer. "The chemists are making the antidote right now."

"Have you found out who is behind it?" Liu Ning asked

"No." Xiao Tian shook his head. "My subordinate had investigated all the CCTVs in the company but all the footage of the time where the crime was committed had been deleted."

Then they chatted for several minutes before finally, Liu Ning asked, "Tian'er, have you had dinner?"

"No." because his company was facing a big problem and he was busy thinking about how to solve the problem, he forgot to eat dinner. He even skipped lunch too earlier.

Liu Ning and Shi Fei sighed after hearing his words. They had guessed that Xiao Tian hadn't eaten anything.

"Wait here, I will bring food." After saying that, Liu Ning headed to the dining room.

Chapter 386 - Tan Fu, Why Did You Call Me?

7-9 minutes

After Xiao Tian consumed the food, he took a shower and chatted with Shi Fei and Liu Ning in Shi Fei's room. they talked about many things and of course, Liu Ning and Shi Fei also tried to cheer him up.

That night, they talked until 10:30 pm before finally, they slept.

The following morning, after he had breakfast with Liu Ning and Shi Fei, he traveled to Eternal Beauty company.

And like usual, there were still many demonstrators in front of his company. They declared that they would continue to demonstrate in front of his Eternal Beauty company until the company takes responsibility.

It was not because Xiao Tian didn't want to take responsibility, but it was because the antidote was still being made.

For this reason, the security guards were having a hard time calming down the demonstrators. That was why Xiao Tian ordered fifteen of his underlings to pretend to be security guards and helped them calming down the demonstrators.

Xiao Tian talked with Liang Jun, Mu Jia, and Zi for about thirty minutes before finally, they went to Cai Yazhu's house again.

Because the antidote was still being made, they could only give her anti-irritation and acne-removing creams. Even though her facial skin was still flushed and sometimes she also felt hot on her face, but her condition was better than yesterday.

Cai Yazhu was not as angry as before because she realized that Xiao Tian really did keep his words and wanted to take responsibility.

He even said that he would take her to meet someone who could give her a job after recovering as compensation for the cancellation of her contract with the magazine.

Xiao Tian, Liang Jun, and Zi continued coming to her house for six days straight. On the seventh day, the antidote was successfully made.

Cai Yazhu was thrilled upon hearing it because it meant she could cure her facial skin disease. It only took three days to cure Cai Yazhu's facial disease. This made Xiao Tian happy because he could solve the problem soon.

'What should I do to regain the good reputation of my company?'

Currently, Xiao Tian was sitting on his office chair in his office. Because now they had the antidote, the next thing he had to do was think of a way to regain his company's good reputation.

Nanli district, Yuwen Mall

A lady was walking out of the Golden Bag shop. The latest edition bag from Golden Bag company was hanging on her left arm.

She also wore clothes from a famous designer and of course, her sling-back open-toed shoes were also from well-known branded. That person was none other than Kang Zhenya.

'Hehe. Spending money feels so good'

Kang Zhenya walked elegantly as if she was a member of an upper-class family. She didn't realize that Chun Hua and two of her underlings had been following her since several days ago.

After she bought several items at Yewen Mall, Kang Zhenya headed to the parking lot. The smile on her face grew bigger when she saw the items she had bought from a well-known brand.

She threw all the items she had just bought into the passenger seat next to her. When she was about to start the car engine, suddenly her smartphone rang. "Tan Fu, why did you call me?"

"Young master wants us to do something again." Tan Fu went straight to the point.

"What? He has ruined the good name of the Eternal Beauty company by adding toxic pollens to their skincare products and spreading bad rumors on the internet as well. And you are saying that he is still not satisfied? Hey, I have even sacrificed Cai Yazhu for this. How come he is still not satisfied?" Kang Zhenya thought they would stop after they destroyed Eternal Beauty company's good reputation. She just didn't expect he wanted to do something again.

"Stop complaining." Tan Fu replied. "Young Master will give us money again if we are successful in carrying out this mission."

"Really?" Kang Zhenya's eyes shone brightly after hearing his words. Previously, after she persuaded Cai Yazhu to buy the new skincare products from Eternal Beauty company and gave bad comments about the company when she spoke in front of the camera, she received 200,000 Yuan from that person. "How much?"

"Another 200,000 Yuan." Tan Fu replied instantly. "Let's meet at Bamboo Restaurant at 16:00 pm tomorrow."

"All right." Kang Zhenya said before hanging up the phone.

At this moment, she didn't know that Chun Hua had put a voice recorder in her car, so all her conversation with Tan Fu was recorded. Because Kang Zhenya still wanted to enjoy herself, she decided to go to Shanghai River.

Because Chun Hua was eavesdropping the conversation between Kang Zhenya and Tan Fu, she knew that their plan was successful.

When Kang Zhenya drove her car, Chun Hua got into the car and said, "Follow her."

"All right." her underling, who was sitting on the driver's seat, replied as she nodded her head.

As they were following Kang Zhenya, Chun Hua decided to call Xiao Tian because she wanted to inform him quickly.

"How is it?" Xiao Tian asked after picking up the phone.

"We got evidence of their crime, sir." Chun Hua replied instantly. "We are following her right now."

"Good!" Xiao Tian was pleased after hearing her words. With this, not only was he able to solve the problem, but he could regain the company's good reputation too. "Send me the location now."

"Yes, sir." Chun Hua answered before hanging up the phone.

Xiao Tian then walked out of his office and headed toward the parking lot. He immediately drove his car after he received Chun Hua's location.

After Kang Zhenya reached Shanghai River and parked her car, she immediately got out of the car. And like before, she walked elegantly, and of course, a dazzling smile arose on her face again.

However, what she didn't know was that Chun Hua was following her from behind. When Chun Hua learned that no one paid attention to them, she immediately hit the back side of Kang Zhenya's neck, causing Kang Zhenya to faint instantly.

Because Chun Hua didn't want other people to know what she was doing, she immediately put Kang Zhenya into her car. Of course, she also took the voice recorder that she put in Kang Zhenya's car.

Not long after that, Xiao Tian arrived. With a terrifying expression on his face, Xiao Tian marched toward Chun Hua's car.

After he stared at Kang Zhenya, he looked at Chun Hua and said, "Put her in my car and you also get in my car. Let's head to Blue Ice Lotus gang headquarters."

Even though Chun Hua had no idea why he wanted to put Kang Zhenya in his car, she followed his words.

After they got into the car, Xiao Tian didn't immediately drive the car; instead, he wanted to hear the recorded conversation between Tan Fu and Kang Zhenya first. "Give me the voice recorder. I want to hear it."

Chun Hua gave the voice recorder to Xiao Tian. After he heard everything, Xiao Tian spoke, "Good! With this, I can regain the good reputation of my company."

After that, they traveled to Blue Ice Lotus gang headquarters. His underling's car was following behind his car.

As they were on their way to Blue Ice Lotus gang headquarters, a truck was speeding toward his car. because Xiao Tian could not avoid the collision, he immediately shouted, "Chun Hua, get out of the car."

*Boom

Their car crashed into each other.

Chapter 387 - I Want To See His Condition With My Own Eyes

7-9 minutes

"Chun Hua, get out of the car!" Xiao Tian shouted before he opened the door and jumped out of the car.

Chun Hua quickly jumped out of the car. However, because Xiao Tian informed her before the collision occurred, she didn't have the time to drag Kang Zhenya out of the car.

Kang Zhenya also could not save herself because she was passed out. For this reason, she was still in the car when the car collided.

And because the truck was speeding toward his car, his car rolled on the asphalt as far as five meters. For this reason, Xiao Tian had no idea whether Kang Zhenya was still alive or not.

Xiao Tian and Chun Hua, who jumped out of the car, had several injuries on their bodies. Luckily, they didn't have any serious injuries. For this reason, Xiao Tian and Chun Hua could still stand up and walk.

Chun Hua marched toward Xiao Tian and inquired, "Are you alright, sir?"

"It's only small injuries." Xiao Tian replied instantly.

"Sir, leader, are you two alright?" one of Xiao Tian's underlings asked.

Earlier, they were startled when their boss suddenly had a car accident. Luckily, they could avoid it. That was why nothing had happened to them.

'Wait! The voice recorder.'

Xiao Tian immediately checked the voice recorder because it was very important to him. If the voice recorder was destroyed, he would not be able to prove to the public that someone had added toxic pollens to his company's skincare products.

After finding out the voice recorder was fine, Xiao Tian was relieved.

It seems like the goddess of luck is still on my side. Xiao Tian thought to himself

"Yes." Xiao Tian then pointed his index finger to his car. "You two check her condition. I want to check who is the person inside the truck."

"Understood." Then they marched toward Xiao Tian's car to check Kang Zhenya's condition.

As Xiao Tian walked toward the truck, Chun Hua followed him.

'What?! He is...'

When Xiao Tian checked the condition of the truck driver, his face darkened.

"He has died." Chun Hua said after checking the condition of the truck driver.

"Yes." Xiao Tian was unhappy with this because, with this, he didn't know whether it was really a car accident or not.

Xiao Tian had no idea why he suddenly suspected that it was not a pure car accident but premeditated murder.

'But the driver is dead. Is this a suicide mission?'

Because the driver was died, he could not confirm his suspicions.

Xiao Tian was unhappy by this, but he could not do anything about it. "Let's check Kang Zhenya's condition."

When Xiao Tian and Chun Hua marched toward his car, they noticed a small fire suddenly appeared in his car. because Xiao Tian knew his car was about to explode, he instantly shouted, "You two, run! The car will explode."

After Xiao Tian said that, Chun Hua and he also ran toward the opposite side of his car. His two underlings, who were checking Kang Zhenya's condition, instantly ran further away from the car after hearing his words.

Luckily their car could avoid the car accident earlier, so they were fine and could run fast without a problem.

*Boom.

The car exploded.

Xiao Tian, Chun Hua, and his underlings jumped on the asphalt and laid prone to avoid the unexpected thing.

A two meters high fire burned his car. Because his car had exploded, he knew Kang Zhenya was died.

Xiao Tian, Chun Hua, and his two underlings rose to their feet and stared at his car.

Xiao Tian drew a deep breath before he spoke, "Let's head to the hospital first."

Even though Chun Hua and Xiao Tian didn't have serious injuries, but they had to treat their wound first. That was why Xiao Tian wanted to go to the hospital.

"All right." then they traveled to the hospital.

Jiazu district, Shi Fei' house.

Currently, Shi Fei and Liu Ning were sitting on the couch in the living room. Both of them were watching TV while hoping Xiao Tian would come to their home soon.

Shi Fei's smartphone suddenly rang. When she saw it was Bi Yu, she immediately picked up the phone and spoke, "What is it?"

"Leader, boss Xiao is in the hospital now." Bi Yu replied after Shi Fei picked up the phone.

"What?!" Shi Fei was startled after hearing Bi Yu's words.

Liu Ning, who was on her right side, turned her head toward Shi Fei. She was surprised when Shi Fei suddenly shouted earlier.

And from the expression on Shi Fei's face, Liu Ning suspected there was something wrong. "Big sister Fei, what is going on? Why are you shouting just now?"

"Little brother is in the hospital now. He has a car accident." Because Liu Ning was his lover too, Shi Fei decided to tell the truth.

"What?! Car accident?!" like Shi Fei, Liu Ning was astonished after hearing Shi Fei's words. The expression on her face suddenly turned worried, and she rose to her feet. "Which hospital? Let's go to that hospital now. I want to see his condition."

At this moment, she thought Xiao Tian had serious injuries because usually, anyone who got a car accident always had serious injuries. For this reason, she was anxious.

It was not that she didn't believe Shi Fei's words, it was just her emotion won over her mind.

"Wait, Ning." Of course, Shi Fei understood Liu Ning's feelings because she had the same feeling as hers. Then she spoke to Bi Yu again. "Explain everything."

Bi Yu then explained everything to Shi Fei. When Bi Yu finished telling everything, Shi Fei was relieved.

Because Shi Fei wanted to reduce Liu Ning's worries about Xiao Tian's condition, she immediately spoke, "Ning, little brother has no serious injuries. You don't need to panic like this."

"Which hospital is it? I want to see his condition with my own eyes." Liu Ning grabbed Shi Fei's hands and suddenly tears formed in her gorgeous blue eyes.

Even though Shi Fei stated that Xiao Tian didn't have serious injuries, Liu Ning wanted to make sure by seeing his condition with her own eyes. That was why she kept asking where Xiao Tian was being treated.

In the past, when she was down, Xiao Tian was the only person who visited her every day. Since then, Xiao Tian had become an important person in her heart.

This was also one of the reasons why she agreed to be his woman even though she knew that he had another lover beside her.

"Ning, remember. Little brother is pretending to be Qing Feng now, so we can't meet him. If we were to meet him, other people will be suspicious of him later." Shi Fei spoke and paused for a second before she continued, "Let's wait at home. At least we know that he has no serious injuries."

"But... I want to see him." she knew that Xiao Tian forbade her to meet him when he was pretending to be Qing Feng because it could destroy his plan. However, because Shi Fei said that he had a car accident, she wanted to see his condition.

Of course, Shi Fei also wanted to see his condition. She suddenly found a way to meet him without revealing themselves. "Send me the location of the hospital where he is being treated."

"Understood." Bi Yu replied before hanging up the phone.

Shi Fei then returned her attention to Liu Ning and spoke, "Ning, let's buy a mask. With this, we can meet little brother without revealing our identities."

"All right." Liu Ning replied

Chapter 388 - I..I'm Falling In Love With Her?

7-8 minutes

Nanli District, Heart Hospital.

Currently, Xiao Tian, Chun Hua, and two of his underlings were in the patient room. Because both of them had no serious injuries, the doctor allowed them to leave if they wanted to.

However, when they were about to walk out of the patient room, Shi Fei and Liu Ning stepped into the patient room. Of course, both of them wore a mask because they wanted to hide their identities.

"Tian'er.." Liu Ning dashed toward Xiao Tian and touched his face. "Are you alright?"

Xiao Tian instantly covered her mouth and checked his surroundings. He wanted to make sure that no one heard what she had just said.

Even though she was wearing a mask, Xiao Tian knew that she was Liu Ning. Of course, he knew she was Liu Ning from her voice and the way she addressed him.

Although Liu Ning almost revealed his identity, Xiao Tian was not angry with her. "Sstt.."

Liu Ning suddenly realized that she almost revealed his identity. "I'm sorry."

"It's fine." Xiao Tian stroked her hair gently. Xiao Tian knew that she was really worried about his condition. That was why he was not angry with her. Then Xiao Tian looked at Shi Fei and spoke, "Does anyone know your identity?"

"No. I also made sure no one follow us when we came here." Because one of Shi Fei's underlings work at Heart Hospital, they could enter the hospital while wearing a mask.

'Eh! Her voice? Why does her voice sound familiar? Where have I heard it?'

Chun Hua and her two underlings glanced at each other. Even though Shi Fei only spoke a few words, but they felt that they had heard her voice somewhere.

Because Shi Fei was wearing a mask, they didn't know she was Shi Fei. Then they remembered something.

'She is the founder!'

At this moment, Chun Hua and her two underlings stared at Xiao Tian in confusion. They knew that Xiao Tian was their founder's lover.

Of course, they only learned about it a few days ago. In the past, they thought their founder was only his subordinate, but they were wrong.

And from how Xiao Tian behaved when Liu Ning almost revealed his identity, they suspected that she was his woman too.

If Liu Ning was not his woman, he would be furious because he tried his best to hide his identity. Not only was he not mad with her, but he even stroked her hair gently and responded in a soft voice.

This made them confuse. They didn't expect that their boss had more than one woman. One of his women was even their founder.

What made them find it hard to believe was that their founder agreed to share her lover with another woman.

Because of how cruel their founder was, they thought it was impossible to make her agree to share her lover.

This made Chun Hua and her underlings astonished at Xiao Tian's luck. Of course, they said nothing about it because they were afraid Shi Fei would torture them if they said something about it.

"Are you really alright?" Shi Fei inquired.

"Yes." Xiao Tian responded. "How did you know I have a car accident and being treated here?"

At this moment, Shi Fei didn't immediately answer him. She knew if she didn't give a good excuse, Xiao Tian would be suspicious of her.

When Shi Fei noticed Chun Hua's underlings, she pointed his index finger toward them and spoke, "From them."

'EEEEEE! Founder, please don't do this to us. Big boss is a cruel person too. He is the same as you. Please make it clear and don't involve us in this.'

His underlings stared at Xiao Tian in fear. They wanted to said that their founder was lying but when they saw Shi Fei's eyes, they didn't dare to do that. For this reason, they only remained silent.

"Sigh..." Xiao Tian didn't suspicious of her words and thought that his underlings informed Shi Fei and Liu Ning. "Please be careful next time."

Xiao Tian had so many enemies right now. He even had no idea who his enemies were. That was why he said something like that.

'Eh?!'

Xiao Tian's underlings looked at him in confusion. Earlier, they thought Xiao Tian would get angry with them, but they were wrong.

Not only was Xiao Tian not angry, but he only sighed after looking at them. Of course, they were relieved by this.

Because Shi Fei and Liu Ning visited him, Xiao Tian decided to stay at the hospital for another few minutes. When Xiao Tian sat on the bed, Shi Fei and Liu Ning grabbed a chair and placed it next to Xiao Tian.

Even though Liu Ning was wearing a mask, but when Xiao Tian noticed tears forming in her beautiful blue eyes, he knew that she was really worried about him. "Don't worry. I'm fine. I don't have a serious injury."

"Un." Liu Ning nodded her head and held his right hand again. "You have to be careful next time."

'Ning'er, you should say it to that driver, not me because that person was the one who hit my car.'

Xiao Tian wanted to say it, but he knew that he should not say it.

For this reason, Xiao Tian only smiled and nodded his head. "Yes. I will be careful next time."

Xiao Tian didn't expect Liu Ning to be so worried about him like this. If she was worried to such an extent just because he had minor injuries, what would happen to her if he had a serious injury?

What Xiao Tian knew was that she would feel down like when she was hospitalized in the past.

This made Xiao Tian feel guilty. In the past, because he was afraid that she would be a threat, he had the intention of killing her. Luckily that he listened to Lan Ruoxi's words.

Because his past life father always told him to kill anyone who had the potential to be a threat, he wanted to kill her in the past.

Even though his past life father was not wrong, but now he knew that his father was not right either. This made Xiao Tian think that he should not blindly follow his past life father's words.

*thump....thump....

'This...this is....'

Xiao Tian's eyes widened. All this time, he had no feeling toward Liu Ning and only saw her as a friend with benefits.

However, when he realized how much she cared about his condition, Xiao Tian's heartbeat was suddenly getting faster and faster.

When Xiao Tian noticed Liu Ning's blue eyes, he felt as if he was drowning in the sea. Her gorgeous face, her caring attitude, and her smile suddenly emerged in his head.

'I..I'm falling in love with her?'

Of course, Xiao Tian knew what he felt. He just found it hard to believe that he suddenly fell in love.

"What's wrong? Did you feel hurt somewhere?" when Liu Ning saw his eyes, she was suddenly worried again. She thought Xiao Tian suddenly felt hurt somewhere in his body.

"Little brother, what's wrong?" Shi Fei was also worried after hearing Liu Ning's words.

Without giving a warning, Xiao Tian embraced Liu Ning and spoke, "Nothing. Let me embrace you."

Even though Liu Ning had no idea as to why Xiao Tian suddenly behaved like that, but she let him hug her.

As they were hugging each other, someone suddenly entered the patient room and showed his police badge. "I'm Shao Wencheng from Tiandu investigation unit."

Chapter 389 - Give It To Me Now!

7-9 minutes

Everyone instantly turned their heads to the source of the sound.

Of course, Xiao Tian knew that police would come to meet him. That was why he was not surprised at all.

Shao Wencheng stared at Xiao Tian and Chun Hua and spoke, "I have come to collect information. A reliable source said that you two had a car accident earlier. Two people died in a car accident, and your car was also exploded. Can you explain it in detail?"

"We were on the way to a police station, but suddenly a truck was speeding toward my car. Because I had no time to avoid collisions, our car crashed into each other. Chun Hua and I survived in the car accident because we jumped out of the car before the car crashed into each other. While Kang Zhenya, on the flip hand, had no time to do that. When we wanted to save her, my car was suddenly exploded. That was why we could not save her." Of course, Xiao Tian was lying to the police officer.

If he told the police officer that he wanted to bring Kang Zhenya to Blue Ice Lotus gang headquarters, it could give him trouble later.

"Why didn't you try to save her?" Shao Wencheng inquired.

"At that time, it was life and death situation, so of course, I would think about myself first." because Xiao Tian had evidence of their crime, he didn't care about Kang Zhenya's life.

His life and Chun Hua's life were more important than Kang Zhenya's life. If Kang Zhenya survived in a car accident, he would still torture her at Blue Ice Lotus gang headquarters. She was lucky that she died in a car accident, otherwise, he would torture her until she wished she die.

Shao Wencheng glanced at Chun Hua and asked, "What about you?"

"Me too. I had no time to save her because I had to save myself first." Chun Hua also had the same thought as Xiao Tian. She didn't care about Kang Zhenya's life.

"You said that you two were on the way to the police station." Shao Wencheng spoke and paused for a second before he continued, "Do you have any business at the police station?"

Xiao Tian took a voice recorder and spoke, "Kang Zhenya is one of the people who destroyed my company's good reputation by adding toxic pollens to skincare products and spreading bad rumors on the internet."

'A voice recorder?'

Shao Wencheng was startled after noticing a voice recorder.

He then stretched out his right arms and tried to take the voice recorder in Xiao Tian's right hand. "Give it to me!"

"No!" of course, Xiao Tian would not give it to Shao Wencheng. That voice recorder was the only way to regain the good reputation of his company.

Shao Wencheng was unhappy when Xiao Tian didn't give the voice recorder to him. "I said give it to me!"

"I will give it to you after I regain the good reputation of my company." The reason Xiao Tian said something like this was that he wanted to clear his company's bad reputation first. After that, he would copy the conversation between Kang Zhenya and Tan Fu before giving it to the police.

He needed that as a clue to find the mastermind behind everything that happened in his company.

"I want it now!" Shao Wencheng spoke in a higher tone. "Give it to me now!"

"No!" like before, Xiao Tian still didn't want to give it to Shao Wencheng.

Xiao Tian's actions made Shao Wencheng enraged. "Do you want to get in the way of police work?"

At this moment, everyone looked at Shao Wencheng intently. They felt something was amiss with his behavior.

Shao Wencheng's behavior changed drastically after he learned that Xiao Tian had a voice recording containing evidence of the crimes that Kang Zhenya committed against his company.

"I said I need this voice recorder to regain the good reputation of my company." Xiao Tian replied. "I will give it to you after that."

Shao Wencheng gritted his teeth. He was furious because Xiao Tian didn't care about him. "You! I'm a police officer. You should cooperate with me. And why are you all wearing a mask? Take off your mask. Your actions disrespect the police!"

When Shao Wencheng tried to take off Xiao Tian's mask, Xiao Tian grabbed his hands. Now Xiao Tian was more convinced that the police officer who was in front of him had a connection to the mastermind behind everything that happened in his company.

Even though Xiao Tian could understand why Shao Wencheng wanted them to take off their masks, but Shao Wencheng's behavior when Shao Wencheng saw the voice recorder, made him suspicious of Shao Wencheng.

"Who are you?" Xiao Tian asked as he grasped Shao Wencheng's hands harder.

"I have introduced myself earlier. I'm a police officer, Shao Wencheng." He tried to free himself from Xiao Tian's grasp but it was in vain. "Let go of my hands."

"Why did your attitude change when you found out that I have the voice recording of Kang Zhenya's crimes?" Xiao Tian wanted to know what Shao Wencheng would say after hearing his words.

"Yes. that's right." Liu Ning added.

"It seems like you want to snatch the voice recorder from his hands." Shi Fei also thought something was amiss with Shao Wencheng's behavior.

"How can a police officer behave like this?" Chun Hua didn't like Shao Wencheng's behavior. She really wanted to punch his face since he tried to snatch the voice recorder.

It was her hard work, and Shao Wencheng wanted to take it like that. Of course, Chun Hua was furious. Since earlier, they kept silent because they didn't want to cause trouble in the hospital.

However, because they could not tolerate Shao Wencheng's behavior anymore, they began to voice their feeling.

"How dare you all behave like this toward a police officer?" Shao Wencheng was shocked when everyone suddenly dared to behave rudely in front of him. "And take off your mark now! You all are talking to a police officer. Is this how you all behave toward a police officer?"

Suddenly a nurse entered the room and spoke, "Silent! This is a hospital, not an amusement park! You are all disturbing other patients. Police officer, visiting hours is over. You have to leave now."

Shao Wencheng stared at Xiao Tian and the others coldly before finally, he walked out of the patient room.

Because Xiao Tian suspected that Shao Wencheng was involved in everything that was going on in his company, he looked at his two underlings and spoke, "Follow him."

"Yes, sir." They responded before walking out of the patient room.

After Shao Wencheng got into the car, he took off the head silicon mask and grabbed his smartphone.

"What's up?" A voice rang out through Shao Wencheng's smartphone.

"Young master, that Qing Feng has a recorded conversation between Kang Zhenya and Tan Fu." Shao Wencheng went straight to the point.

"What?" A voice rang out through Shao Wencheng's smartphone. "Tell Tan Fu to leave Shanghai immediately."

"Understood, young master." Shao Wencheng said before hanging up the phone. After that, he left.

*Somewhere in the hospital garden.

Someone around twenty-eight years old was lying on the grass. Because he was lying next to the flowers, no one could see him.

If anyone saw that person, they would shock because that person only wore shorts and an undershirt. Not only that, but anyone could also tell that he was faint. That person was none other than the real police.

Chapter 390 - Hawk Gang

7-8 minutes

When Xiao Tian's underlings saw Shao Wencheng's true face, they were a little surprised. He was not Shao Wencheng, but Ding Zhipeng.

Earlier, they thought Ding Zhipeng was a police officer who worked for someone, but they were wrong because he was one of the Hong family's bodyguards.

This made Xiao Tian's underlings believe that the Hong family was the mastermind of everything that happened in Xiao Tian's company.

However, to make sure that the Hong family was the mastermind or involved in everything, they didn't immediately report to Xiao Tian and kept following Ding Zhipeng.

After Ding Zhipeng told Tan Fu to leave Shanghai, he immediately left. Xiao Tian's underlings also got into the car and followed Ding Zhipeng.

Wanhui District, Hong family house.

Five people were sitting on the sofa in the guest room; Hong Guan Ji, Yi Yi, Hong Duan, Hong Jun, and a young man who had an 'X' tattoo on his forehead.

Behind the person who had an 'X' tattoo on the forehead, two people were standing quietly. They didn't say anything or move their bodies as if they were a statue.

"1,000,000 Yuan." A young man who had an 'X' tattoo on his forehead, stated.

"Jin Yimu, isn't that too expensive?" Hong Guan Ji inquired. "He is only from a middle-class family. Why is it so expensive? He is nobody who got lucky with everything."

"Hey, how can you say that he is nobody? He is the leader of Blue Ice Lotus gang now, so it will be challenging to kill him. Maybe we will have a war with them later, so this price is reasonable." At this moment, Jin Yimu had no idea that Lan Ruoxi and Zhao Sheng were Xiao Tian's friends because Hong Guan Ji said nothing to him. "If you don't agree with this price, I won't accept this mission. If you ask the

other gangs, they will ask for more than one million Yuan, you know. I have given you a cheap price because I understand the condition of your family."

Of course, Jin Yimu was lying to them. It was a perfect time to get a lot of money from them, so he would not let the golden opportunity slip away.

Hong Guan Ji gritted his teeth after hearing Jin Yimu's words. Even though he could afford it, but paying one million Yuan just to kill someone from a middle-class family was way too pricey.

However, he could not afford to pay the other gangs because what Jin Yimu said was reasonable. This made Hong Guan Ji waver and stare at his wife and two sons.

"Father, just pay it. It's only one million Yuan. We can still afford it. I want Xiao Tian to die as quickly as possible." Hong Jun detested Xiao Tian to the bone.

Due to Xiao Tian's actions, he had to live in prison for several days. Luckily, his father could free him yesterday. Otherwise, he would still live in prison.

His hatred toward Xiao Tian was as big as the universe and as deep as a black hole. He really wanted to make Xiao Tian pay for everything that Xiao Tian had done to him.

"Big brother, you have to think about it carefully. One million Yuan is not a small amount of money." Hong Duan understood that his big brother really hated Xiao Tian. That was why his big brother could not think straight whenever it was involved with Xiao Tian.

"But we still have money. We can still afford it." Hong Jun then looked at Jin Yimu. "But you have to kill him qui- no, you have to bring Xiao Tian to me alive because I want to torture him until he wishes he dies."

When Hong Jun said that, his expression was terrifying and his smile looked like it wasn't a smile from a human being, but a smile from a devil.

Jin Yimu started to smirk. He knew that Hong Jun would agree to it because Hong Jun detested Xiao Tian very much. That was why he raised the price earlier. "Don't worry. We will bring him to you alive so that you can torture him as you please."

"Good!" Hong Jun then glanced at his father. "Father, after Xiao Tian dies, we can take over his companies. Of course, we will make his companies bankrupt first. After that, we will announce to the public that we have bought his companies. We will use his method to deal with him. With this, not only will our family status return to an upper-class family, but we will be richer than before."

Upon hearing her son's words, Hong Guan Ji touched his chin and began to think about it.

'How about hiring a hitman or assassin? Is it better than hiring a gang or not?'

Hong Guan Ji suddenly thought of hiring a hitman or assassin. However, after thinking that they had to deal with Blue Ice Lotus gang too, he thought it would be better to hire Hawk gang than an assassin or a hitman.

Because her husband was still wavering, Yi Yi tapped his shoulders and spoke, "Husband, Jun is right. Just pay for it. later, we can take over Xiao Tian's companies like what he did to us."

Hong Guan Ji looked at his wife for several seconds before finally nodding his head, "All right. I will send the money to you tomorrow. But I will only send you half first. Once you are successful in your mission, I will give you the rest."

"Deal!" Jin Yimu was pleased after hearing Hong Guan Ji's words.

Hong Duan could only sigh when his father agreed to pay one million Yuan to Hawk gang. Because he could not do anything about it, he only gazed at his father before finally, he shifted his gaze to his older brother.

Because there was nothing to discuss anymore, Jin Yimu thought there was no point in staying at their home. For this reason, his two underlings and he walked out of the room. "Just sit at home and wait for good news. Haha."

At this moment, Hong Jun smiled evilly because Xiao Tian's life would be in his hand later.

*Outside the Hong family home.

Three of Xiao Tian's underlings, who were spying Hong family since several days ago, looked at Jin Yimu and gritted their teeth.

In the past, Blue Ice Lotus gang and Hawk gang had a war but Hawk gang won the battle. That was why Blue Ice Lotus gang was the weakest gang now.

And because Hawk gang decided to help Hong family, they knew that they would have a war with Hawk gang again later. Of course, they were not afraid of Hawk gang; instead, they really wanted to fight them immediately because they wanted to get their revenge.

As they were looking at Jin Yimu, the two members of Blue Ice Lotus gang, who were following Ding Zhipeng, walked toward them. One of them asked, "How is it?"

"It seems like the Hong family are hiring Hawk gang to deal with our boss." one of Blue Ice Lotus gang members, who were looking at Jin Yimu, answered.

Nanli District, Heart Hospital

Currently, Xiao Tian, Shi Fei, Liu Ning, and Chun Hua were in the patient room. As they were talking about Shao Wencheng's behavior, his smartphone suddenly rang.

When Xiao Tian saw it was his underling, he immediately picked the phone, "What's it?"
