

Illicit 391

Chapter 391 - Protect The Founder?

"Boss, we suspect that the mastermind behind everything that happens in Eternal Beauty Company is the Hong family." Xiao Tian's underlings went straight to the point.

"Hong family?" Xiao Tian was furious after hearing his underling's words.

Of course, Xiao Tian knew that Hong family hated him to the bone because he had caused trouble to the Hong family by sending Hong Jun to the police and taking over half of their company branch.

"Yes." Xiao Tian's underlings responded. "They also hired Hawk gang to deal with you later."

"Hawk gang?" because Xiao Tian had no idea about the underworld, he didn't know anything about Hawk gang. "All right. Keep monitoring the Hong family."

"Yes, sir." His underlings answered before hanging up the phone.

Because Xiao Tian wanted to know about Hawk gang, he gazed at Chun Hua and inquired, "Do you know Hawk gang?"

"Hawk gang?" Chun Hua was a little startled after hearing his words. "I know."

"Tell me about it." Xiao Tian responded.

Chun Hua began to explain everything to Xiao Tian. "In Shanghai, there are several small gangs with about five to fifteen members. However, there are only four big gangs; Blue Dragon gang, Phoenix gang, Hawk gang, and Blue Ice Lotus gang. Of the four big gangs, Hawk gang is the third strongest gang with about sixty gang members. Hawk gang is located in the Southeastern part of the Nanli District. The name of their current leader is Jin Yimu with his right-hand man Ma Gen and Ma Shuhe."

"Which gang is the strongest?" Xiao Tian inquired.

"The Blue Dragon Gang is the strongest gang, and the Phoenix gang is the second strongest gang." Chun Hua answered.

Xiao Tian could only sigh after hearing Chun Hua's words. He just didn't expect that his gang was the weakest gang in Shanghai.

Because Hong family hired Hawk gang, Xiao Tian knew that sooner or later, they would have a war. This made Xiao Tian think about how to deal with the Hawk gang.

'Should I ask Zhao Sheng for help?'

Xiao Tian was sure with Zhao Sheng's help, it would be easy to destroy Hawk gang because the Zhao family was one of the strongest families in Shanghai.

However, Xiao Tian didn't want to depend on Zhao Sheng. This made Xiao Tian wonder what the best choice he should make.

Sigh. I should have recruited more underling in the past. Xiao Tian thought to himself

Even though Xiao Tian had given his underling weapons, but he wasn't sure that his gang could win the battle against Hawk gang because he had never trained his underlings before.

This made Xiao Tian realize that he had done a lot of mistakes. Now that the situation had become like that, it was too late to hire martial art master to teach his underlings martial arts.

Actually, Xiao Tian wanted to recruit more underling or hire a master martial art for his underlings. However, due to how busy he was, he kept forgetting about it.

Now that he remembered about it, he knew that it was too late. He suddenly remembered about Lan Ruoxi.

'Yes. I can ask Lan Ruoxi for help. She had promised me that she would do anything for me.'

Xiao Tian's eyes suddenly widened.

He then looked at Chun Hua and spoke, "Chun Hua, send more people to protect my mother and aunt."

Xiao Tian was afraid that his mother and aunt would be attacked and held as a hostage if he didn't send more people to protect them.

"Understood." Chun Hua then took her smartphone and called her underlings.

"Wait, send more people to protect Lin Xing Xue and her daughter too." even though they broke up, but Xiao Tian didn't want anything to happen to Lin Xing Xue and her daughter. For this reason, he wanted to send more people to protect them.

Xiao Tian knew that it could weaken the strength of his gang because he had to send a few underlings to protect them. However, since he didn't want anything to happen to them, he had no choice but to do so.

Xiao Tian then looked at Liu Ning and Shi Fei. "Ning'er, Fei, from now on, you have to be careful. I will send a few people to be your bodyguards."

"All right." Liu Ning knew the reason Xiao Tian wanted his underling to be her bodyguards was that he was worried about her safety. That was why she immediately agreed.

"Little brother, how about you ask Bi Yu and Fu Jiye to help you too? They are master martial arts. I'm sure they can help you." because Shi Fei could not protect him directly, she wanted to send her underlings to protect him.

"Bi Yu and Fu Jiye?" Xiao Tian suddenly remembered that they were master martial arts. "Good idea. Tell them to meet me at the Stars Clothes company tomorrow."

Because he needed more people, Xiao Tian immediately agreed to her idea.

"All right. I will call them later." Shi Fei was relieved when Xiao Tian agreed to her idea. With this, at least her underlings could protect Xiao Tian.

After several minutes, four of his underlings entered the patient room. When they saw Xiao Tian, one of them immediately spoke, "Boss, do you need anything?"

"From now on, the four of you are to protect Liu Ning and Shi Fei." Xiao Tian went straight to the point.

'Eh? Protect the founder?'

Xiao Tian's underlings found it hard to believe what they had just heard. Their founder could beat ten people easily and she was much stronger than them.

And here, Xiao Tian wanted them to protect her. They had no idea that the day they were given the task of protecting their founders had come.

Of course, they were pleased by this because they could stay next to their founder; the legendary Devil Queen.

They even believed they wouldn't have to do anything later because they were sure their founder could handle everything alone.

When they noticed Shi Fei stared at them, they suddenly felt a shiver running down their spine. For this reason, they immediately answered, "Yes, boss. We understand. We will try our best to protect them."

"Good!" Xiao Tian answered. "Don't let anything happen to them."

Because Xiao Tian was too stiff, Shi Fei grabbed his right hand and spoke in a soft voice, "Don't worry, little brother. Nothing will happen to us."

"I hope so." Xiao Tian loved them very much. That was why he hoped that nothing would happen to them. If anything happened to them, he could not forgive himself later.

"You have to be careful too" Liu Ning was also worried about Xiao Tian, but because she didn't know any martial arts, she could not help him.

At this moment, she suddenly felt useless. Her loved one was in danger but she could not help him. Not only that, but he even had to have his underlings protect them.

"All right." then Xiao Tian looked at Chun Hua "Chun Hua, let's go to Red Flower bar."

"All right." Chun Hua nodded her head.

"Fei, Ning'er, you two go to my apartment now. It's safer there." because there were security guards, Xiao Tian thought his apartment was safer than their house.

"All right." Liu Ning and Shi Fei nodded their heads.

As Shi Fei and Liu Ning went to his apartment, Xiao Tian and Chun Hua traveled to Red Flower bar.

Chapter 392 - Can You Let Me Borrow Twenty Of Your People?

After Shi Fei and Liu Ning entered his apartment, Liu Ning immediately sat on the couch and spoke, "Big sister Fei, will Tian'er be alright?"

Liu Ning was afraid that something bad would happen to Xiao Tian. Because Xiao Tian had become one of the most important people in her life, she didn't want anything bad to happen to him.

Even though she had tried her best not to worry about him, she could not help thinking about his safety.

"Don't worry. Little brother will be alright." Of course, Shi Fei understood Liu Ning's feelings because she also had the same feeling.

"Un." At this moment, Liu Ning prayed to God, wishing God would always protect Xiao Tian.

"Ning, wait here. I want to call Bi Yu and Fu Jiyi first because they can help little brother." because Shi Fei didn't want Liu Ning to know her true identity, she walked toward the bedroom.

Of course, she told Xiao Tian's underlings to keep an eye on Liu Ning so that she would not get close to the bedroom. Once Shi Fei stepped into the bedroom, she immediately called Bi Yu.

"Do you need anything, leader?" Bi Yu said after picking up the phone.

"There will be a war between Hawk gang and Blue Ice Lotus gang sooner or later." Shi Fei went straight to the point.

"Hawk gang?" Bi Yu was a little surprised after hearing Shi Fei's words. "Do you want me to call the others and destroy the Hawk gang?"

"No. I only want Fu Jiyi and you to help Xiao Tian and protect him at any cost." It was not like she didn't want to destroy the Hawk gang. It was because Xiao Tian would be suspicious if she helped him again later.

It was not the right time to reveal her true identity to Xiao Tian as things could get complicated later.

"Understood, leader." Even though Bi Yu had no idea why her leader didn't want to destroy the Hawk gang, she didn't ask about it.

After that, Shi Fei hung up the phone and returned to the living room. "Ning, let's watch TV."

"But Tian'er is..." Liu Ning was still worried about his safety, so she was not in the mood to watch TV.

Shi Fei immediately turned on the TV and spoke, "Don't worry. Little brother will be fine. Let's just watch TV."

Wanhui District, Red Flower Bar.

"Let's get inside." Xiao Tian spoke.

"All right." Chun Hua nodded her head.

After Xiao Tian and Chun Hua entered the bar, Lan Ruoxi's people brought them to the guest room. Not long after that, Lan Ruoxi entered the room and spoke, "Young Master Xiao, we haven't seen each other in a few days. What brings you here?"

Lan Ruoxi was a little surprised when she saw Chun Hua. Earlier, she thought Xiao Tian came to her bar alone, but she was wrong because he came with Chun Hua.

"Do you need some help?" Lan Ruoxi knew what had happened in his company. That was why she guessed that the reason Xiao Tian met her was that he wanted to ask her for help.

Of course, Lan Ruoxi knew that Qing Feng was Xiao Tian because when Hong Guan Ji transferred ownership of his company to Xiao Tian, Zhao Sheng and she were next to Xiao Tian.

"That's right." because Lan Ruoxi knew the reason why he came to her bar, Xiao Tian didn't bother to hide it. "Sooner or later, my gang will have a war with the Hawk gang, so I want to ask for your help. You have promised that you will help me with anything, right? Now is the right time for you to fulfill your promise."

"Hawk gang?" even though she knew that someone was trying to destroy his Eternal Beauty company, she didn't know that he would have a war with the Hawk gang. "What kind of help do you need?"

"I want your people to help me in the upcoming war." Xiao Tian gave her an honest answer.

"How many people do you need?" Lan Ruoxi inquired

"How about twenty people? Can you let me borrow twenty of your people?" Xiao Tian had sent ten people to protect his mother and aunt, four people to protect Lin Xing Xue and her daughter, and four people to protect Liu Ning and Shi Fei, so he only had thirty-two underlings who could participate in a war.

Hawk gang had about sixty members, so it would be difficult to win the war with only thirty-two people. Not only that, but the Hawk gang was also stronger than the Blue Ice Lotus gang. That was why Xiao Tian wanted Lan Ruoxi to lend him twenty of her people.

"Twenty people?" even though her underlings were skilled in fighting, she only had forty underlings. Lending twenty people to Xiao Tian meant that she would lose half of her bodyguards, who guards her and the bar.

"How is it? Can you lend me twenty of your people?" Xiao Tian inquired.

"Young master Xiao, I only have forty underlings. If I lend you twenty people, it means my bar safety will be reduced by half. I can't let you borrow twenty of my people, but I can give you ten people." Even though she had no enemy, but she didn't want anything to happen to her bar. That was why she could not lend twenty of her underlings to Xiao Tian.

"Ten people are also fine." He really needed people to help him destroy Hawk gang, so Xiao Tian immediately accepted it. Even though it was not as many people as he wanted, but ten people were also good.

"Have you asked young master Zhao for help?" Lan Ruoxi asked.

"No." Xiao Tian answered instantly.

"Why?" Lan Ruoxi had no idea why Xiao Tian didn't ask Zhao Sheng for help. Because they were friends, she was sure that Zhao Shen would help Xiao Tian. "All of his people are master martial arts. Ten of his people are equal to one hundred normal fighters, so destroying Hawk gang will be as easy as flipping hand."

Of course, Xiao Tian knew that it would be easy to destroy the Hawk gang with Zhao Sheng's help, but Zhao Sheng had helped him many times. That was why Xiao Tian didn't want to ask Zhao Sheng for help.

Xiao Tian was sure that his gang and he could destroy Hawk gang later. All he needed to do was add more people to help him in the upcoming war.

As long as the number of people who helped him in the war against the Hawk Gang was equal to the number of members of the Hawk Gang or even though the number of people helping him was less than the Hawk gang members, at least the difference wasn't much.

Hawk gang was stronger than Blue Ice Lotus gang. That was why Xiao Tian had to add more people so that the possibility of winning the war was greater.

It was not because Xiao Tian was afraid. It was better safe than sorry. Even though he was sure that his gang could win against the Hawk gang, but Xiao Tian didn't want to underestimate the Hawk gang. "Nothing."

Chapter 393 - Training Martial Arts Again

7-8 minutes

Lan Ruoxi didn't get his train of thought. Xiao Tian could easily destroy Hawk gang with Zhao Sheng's help, but he decided not to ask Zhao Sheng for help.

Lan Ruoxi was sure, if it was other people, they would immediately ask Zhao Shen for help. However, because Xiao Tian didn't want to ask Zhao Sheng for help, she didn't force him to do so.

Xiao Tian and Lan Ruoxi talked for about two hours before finally, he left. Because his gang would have a war with Hawk gang, Xiao Tian traveled to Shi Fei's house to practice martial arts.

While Chun Hua, on the other hand, called all her underlings to meet her at Blue Ice Lotus gang headquarters because they had to prepare themselves.

Jiazu District, Xiao Tian's house

It was already 06:00 pm, so Ye Qingyu and Ye Xueyin were already at home. Currently, they were on Xiao Tian's room, sitting on the bed.

"Tian....." it had been two weeks since Xiao Tian left home. Even though she was still angry with him, but Ye Xueyin missed her son very much.

Although she had a fight with him, she thought she would be able to see her son every day. She just didn't expect her son to leave home and not come back.

At first, she thought he would only leave for one or two days, but she was wrong because he still hadn't returned home even though it had been two weeks since he left home.

This made Ye Xueyin sad and wish to see her son quickly. She was used to seeing her son every day, so when she could not see him, she felt like something was missing within her.

"Big sister, don't be sad." Ye Qingyu could only sigh after seeing her big sister. She also didn't expect that her nephew would leave home and not return like that.

Because her big sister was sad every day, Ye Qingyu wanted to drag her nephew home, but she had no idea where he was. For this reason, she could only try to comfort her big sister, hoping that big sister would not be sad anymore.

However, her efforts were in vain because her big sister was still sad. Of course, Ye Qingyu was also sad when she could not see her nephew.

She realized that they should behave maturely, but when she recalled what he had done to them, the anger within her exploded out of nowhere.

Xiao Tian had tried to solve the problem many times, but they always ignored him. This made Ye Qingyu understand why he left home and not return any more.

'Tian, where are you? Please come back because big sister and I miss you very much.'

For the first time since she had a fight with Xiao Tian, Ye Qingyu voiced out her true feeling.

Jiazu District, Lin Xing Xue's house.

Currently, Lin Xing Xue was sitting on the bed in her room. She was looking at the picture of her and Xiao Tian when they were on a date.

In the picture, they were smiling happily as if they were the happiest people in the world. At this time, she had complicated feelings.

She missed him but she was also still angry with him. She loved him but she also hated him. She had no idea what she should do with her feelings.

And when she recalled that Xiao Tian never tried to make up with her anymore, her feeling hurt even more.

'Did I make a mistake? Why doesn't he try to make up with me anymore?'

Of course, Lin Xing Xue knew that she had been behaving childishly all this time. She even never spoke to him if it had nothing to do with work.

As she was looking at their pictures, tears fell down her soft cheeks. She missed his soft smile. She missed his caring attitude, and she missed his warm embrace very much.

'But he is cheating on me and lying to me too. Why did you do that, Tian?'

Lin Xing Xue wiped her tears off with her sleeve.

Jiazu District, Shi Fei's house.

Currently, Xiao Tian was training martial arts in the backyard. He had swung his wooden sword vertically four hundred times.

His body was covered in sweat, but he showed no sign of stopping. He kept swinging his wooden sword as if he was fighting someone.

"401, 402, 403, 404, 405." as Xiao Tian was swinging his wooden sword, he also counted it.

His gang would have a war with Hawk gang so he wanted to get stronger as quickly as possible. After he had swung his wooden sword a thousand times, Xiao Tian laid down on the grass.

His arms ache, and he was breathing heavily. "Huft....Huft....Huft...."

Because Xiao Tian wanted to get strong as quickly as possible, he only rested for ten minutes before finally, training martial arts again.

This time, he didn't swing his wooden sword again; instead, he tried the secret move. Xiao Tian then moved zig-zag five times, before finally, he changed his movement to an 'X' pattern and finish it with an 'O' pattern.

Xiao Tian was trying the second secret move because he had mastered the first secret move. And like usual, Xiao Tian was not satisfied with the result because his movements were not as fast and deadly as it should be.

Xiao Tian was sure that if his opponent was a martial arts expert, he or she would be able to avoid his attacks, or he would only get minor injuries from it.

This made Xiao Tian sigh and try it again.

'I have to move faster or else, I will not be able to defeat my opponent with this secret move later.'

As Xiao Tian was about to do the secret move again, a memory from his past life emerged in his head.

"Chen, the keys for the secret moves are breath, speed, posture, concentration, and strength." His past life master said seriously. "If your movements are fast but your attacks are not powerful, it will be useless because it will be like hitting a big stone with a stick. And vice versa, if your attacks are powerful but your movements are slow, they will be able to easily dodge your attacks. The main keys to this are your breathing and posture. Remember it or else, you will not be able to master the secret mover ever."

"Huff..." Xiao Tian exhaled and shut his eyes.

As he was concentrating, he tried to feel the energy within his body. Then he tried the second secret move again.

"Again." because he was still not satisfied with the result, Xiao Tian did the second secret move again.

"Again." Xiao Tian said.

"Again." Xiao Tian did the second secret move again.

"Again." Xiao Tian spoke

"Again." Xiao Tian tried to do that again.

But when he tried to do the second secret move again, he suddenly fell to the ground because he didn't have the strength to stand up anymore.

"Huft...Huft...Huft...Huft.." Xiao Tian was breathing heavily.

'Even though I still haven't mastered the second secret move, but the results are getting better.'

Xiao Tian knew that he would not be able to master the second secret move easily. That was why he decided to take a rest.

"I think it's enough for today." Xiao Tian mused.

After he laid down for about fifteen minutes, Xiao Tian took a shower and traveled to his apartment to meet Liu Ning and Shi Fei.

Chapter 394 - If You Can Give Me A Better Plan, We Will Use Your Plan

6-8 minutes

Nanli District, Hawk gang headquarters.

Inside the room, three people were sitting on the sofa. One of them had an 'X' tattoo on his forehead. Those people were none other than Jin Yimu, Ma Gen, and Ma Shuhe.

"So boss, what should we do to this Xiao Tian?" Ma Gen inquired.

Instead of answering, Jin Yimu asked Ma Gen, "What do you think?"

Ma Gen raised his right arm as high as his shoulders and clenched his fist. "We will go to his company, destroy it, beat him half to dead, and bring him to Hong Jun. After that, we will have a party. Haha."

Ma Gen was a person who fought with strength, not tactics because, in his view, people who fought with tactics were weak and coward. That was why he said something like that.

Ma Shuhe immediately hit Ma Gen's head and spoke, "You fool! We will be in trouble if we do like what you say."

Ma Gen rubbed his head and looked at Ma Shuhe, "Big brother, stop hitting my head, or else I will be a dumb person later."

'You are already a dump person!'

Ma Shuhe answered in his head.

Even though he knew that his younger brother's strength was amazing, but his younger brother always fought his opponent head-on. Sometimes, this made him worry about his younger brother.

Jin Yimu only gazed at Ma Gen without saying a word. When he asked Ma Gen a question earlier, he knew that Ma Gen would answer like that.

Jin Yimu had tried to make Ma Gen fight using tactics, but Ma Gen always stated that he would not use a cowardly method like that because, from his point of view, men should fight with strength.

Jin Yimu glanced at Ma Shuhe and inquired, "What about you? Do you have any idea?"

It wasn't like Jin Yimu had no way of dealing with Xiao Tian, but he wanted his underlings to not always depend on him.

"How about we kidnap his family to be taken as hostage, so we will have the upper hand in the war later." Ma Shuhe spoke and paused for a moment before continuing, "However, since Xiao Tian is the leader of Blue Ice Lotus gang, we should investigate them first. I'm sure some of his underlings are protecting his family. Once we know how many underlings are protecting his family, we can attack his underlings with more people and kidnap his family to be taken as hostage. "

"Not bad." even though there was nothing special with Ma Shuhe's plan, but Jin Yimu was satisfied with Ma Shuhe's answer.

"So, we will use my big brother's plan?" Ma Gen inquired.

Jin Yimu returned his attention to Ma Gen and replied, "If you can give me a better plan, we will use your plan."

Like before, Ma Gen raised his right arm and clenched his fist. "We will attack him openl-"

Before Ma Gen had finished his words, Ma Shuhe hit his head again.

This made Ma Gen look at his big brother. "Big brother, stop hitting my head! Why did you always hit my head?"

"It's because you never use your head." Ma Shuhe answered instantly.

"I did use my head." Ma Gen replied. "I use my head to attack my enemy."

Jin Yimu and Ma Shuhe could only sigh after hearing Ma Gen's words.

Nanli District, Xiao Tian's apartment.

"Tian'er..." Liu Ning, who was watching TV with Shi Fei, rose to her feet and dashed toward him when she saw Xiao Tian.

When Shi Fei noticed Xiao Tian, she rose from the couch and marched towards him. "Little brother, you have returned home?"

Xiao Tian kissed their foreheads and smiled softly, "What movies are you two watching?"

"Happy Ending movie." Shi Fei replied instantly. "Let's watch it together."

"All right." Xiao Tian nodded his head. Then they watched TV together. Of course, Xiao Tian sat between Liu Ning and Shi Fei.

As they were watching TV, Liu Ning embraced his right arm and spoke, "Tian'er, how about letting the police handle everything?"

Xiao Tian turned his head toward Liu Ning. He didn't expect that she would suddenly say something like that.

Of course, Xiao Tian understood that she was concerned about him. However, Xiao Tian believed that it was useless to ask the police for help.

He was even afraid that the police would defend the Hong family or help them destroy his companies. That was why Xiao Tian thought it would be better to solve it without involving the police.

"Ning'er, I know that you are worried about me, but believe me, nothing will happen to me." of course, Xiao Tian would say something like that because he didn't want to worry her. He was not God, so he had no idea what would happen to him later.

"But....." even though Xiao Tian kept telling her that he would be fine, but Liu Ning was still worried.

His gang would have a war with Hawk gang, and in a war, anything could happen. There was even a possibility that he would die in the war later.

At this moment, Shi Fei only glanced at them. Even though she was also worried about Xiao Tian's safety, but she was not as worried as Liu Ning.

Bi Yu and Fu Jiyi were almost as strong as her, so she was sure that they could protect Xiao Tian in the war later.

Shi Fei had investigated the strength of the Hawk gang. With the help of Bi Yu and Fu Jiyi, she was even sure that Blue Ice Lotus gang would win the war.

Even though Hawk gang was stronger than Blue Ice Lotus gang, but the difference of their strength was not big and Bi Yu and Fu Jiyi were able to cover up the difference in strength.

"Stop talking about it." Xiao Tian replied. "Let's watch TV again."

In his past life, Xiao Tian often got into fights between his father and his father's business rivals, so something like a war between gangs was only a small thing for him.

Liu Ning stared at Xiao Tian intently. From the expression on her face, anyone could tell that she was concerned about Xiao Tian's safety.

At this moment, Liu Ning wondered how could Xiao Tian behave normally. He could lose his life in the upcoming war, but it looked like he didn't care about it, as if he knew that nothing would happen to him later.

Many people were scared of the war between gangs. Some of them didn't even dare to fight with other people.

And here, Xiao Tian behaved like he desired to have war with Hawk gang. It looked like Xiao Tian was a person who loved the fight.

Liu Ning was not the only one who thought like that because Shi Fei also had the same thought. However, she said nothing and only stared at Xiao Tian.

Then they watched TV until 11:30 pm before finally, they slept in his room.

The following morning, Xiao Tian traveled to Eternal Beauty company. Since he had evidence that someone wanted to destroy his company and also had a skin disease antidote for his customers, Xiao Tian wanted to clear up his company's bad reputation.

Chapter 395 - She Is Already Dead

8-10 minutes

After Xiao Tian stepped into his company, he headed straight to his office. He didn't immediately sit on the couch or the office chair; instead, he stood behind the window.

Like yesterday, there were many demonstrators and several reporters in front of his company. They kept shouting and speaking ill of his company.

Luckily, the security guards and his underlings, who pretended to be security guards, could prevent them from trying to destroy the company.

Xiao Tian then sat on the office chair and grabbed the telephone. "Come to my office."

"Yes, sir." Liang Jun replied before hanging up the phone.

Without waiting for another second, Liang Jun walked towards Xiao Tian's office. He immediately entered Xiao Tian's office after Xiao Tian gave him permission. "Do you need anything, sir?"

"I have obtained evidence that someone has added toxic pollens to our skincare products." Xiao Tian then played a recorded conversation between Tan Fu and Kang Zhenya. "With this voice recording and an antidote for facial skin diseases, we can clean up the company's bad reputation."

"That's great. We can also drag them in front of the demonstrators so that the demonstrators know that the skincare products they have bought are fake, the skincare products that have been added with toxic pollens by someone." Liang Jun was pleased upon hearing Xiao Tian's words.

Last night, he couldn't sleep well because he kept thinking about how to solve the problem. He worked as a director at Xiao Tian's company so he wanted to help Xiao Tian solve the problems. He just didn't expect that the goddess of luck was still on their side.

"We don't know where Tan Fu is right now, and Kang Zhenya is dead." Xiao Tian's underlings informed him that Tan Fu had left Shanghai, so he had no idea where Tan Fu was.

Of course, Xiao Tian would try to find Tan Fu later. He just wanted to regain the good reputation of his company first.

"Dead?" Liang Jun said in surprise, "How could it be?"

"When I wanted to bring her to Blue Ice Lotus gang headquarters, a truck suddenly hit my car, and Kang Zhenya died in that car accident." Xiao Tian replied. "And because we don't know where Tan Fu is right now, we can only use the recording of their conversation as evidence that someone has added toxic pollens to skincare products."

"Don't tell me, the car accident is..." Liang Jun didn't finish his words because he wasn't sure whether it was really pure car accident or not.

"I also have the same thought like you before. However, because the truck driver is dead, I can't investigate it for now." Even though Liang Jun didn't finish his words, Xiao Tian understood what Liang Jun wanted to say. "Let's talk about it later. Now, all we need to do is clear up the company's bad reputation."

"I will prepare everything, sir." Because they had evidence that someone tried to slander Eternal Beauty company, Liang Jun wanted to prepare everything so that they could immediately clear up the company's bad reputation.

When Liang Jun was about to open the door, Xiao Tian immediately spoke, "Wait!"

Liang Jun turned his head toward Xiao Tian and answered, "Is there anything else, sir?"

Xiao Tian suddenly found a good way to clear up his company's bad reputation. With his idea, it would be easier for him to regain the good reputation of his company. "I will go to Cai Yazhu's house now. You prepare everything and wait for me. I want everything ready when I arrive at the company."

"Yes, sir." When Liang Jun learned that Xiao Tian wanted to go to Cai Yahzu's house, he knew what Xiao Tian wanted to do.

'As expected of the genius businessman.'

When Liang Jun realized Xiao Tian's plan, he could not help but praise Xiao Tian because Xiao Tian's plan would make it easier for the company to regain the good reputation.

After Liang Jun walked out of the office, Xiao Tian traveled to Cai Yazhu's house.

Knock...knock...knock....

Earlier, Xiao Tian had called Cai Yazhu and asked her whether she was at home or not. Luckily Cai Yazhu was at home.

*Click

As the door was opened, a gorgeous young woman appeared in front of Xiao Tian. That pretty lady was none other than Cai Yazhu. "Mr. Qing, what brings you here?"

"Lady Cai, I've come to your house because I need your help." Xiao Tian gave her an honest answer.

"Come in." because it was impolite to talk in front of the house, Cai Yazhu invited Xiao Tian to enter her home.

After Xiao Tian sat on the couch, Cai Yazhu immediately said, "Mr. Qing, please wait a minute. I will make tea and bring snacks."

"Lady Cai, you don't need to do that." Xiao Tian replied

"It's fine." Cai Yazhu said before walking toward the kitchen.

Xiao Tian could only sigh when he saw Cai Yazhu walking toward the kitchen.

Oh well, because she wants to make tea and bring snacks, I will explain everything to her later. Xiao Tian thought to himself.

Not long after that, Cai Yazhu returned with snacks and tea in her hands. After she put it on the table, she immediately said, "So, what can I do for you?"

Since Xiao Tian often came to her house, their relationship was closer than before and she was not angry with Xiao Tian anymore.

Xiao Tian took the voice recorder out of his pocket and spoke, "I have criminal evidence of people who have slandered and destroyed the good reputation of my company."

"That's a piece of great news" Cai Yazhu felt happy for Xiao Tian because now he could clear up his company's bad reputation. "Can you tell me who is the mastermind?"

"I'm not sure about this, but I suspect the mastermind is the Hong family." Xiao Tian answered instantly. "And I have important news for you."

"Hong family? I didn't know that the Hong family would do something like that." Cai Yazhu said in surprise. "And what is the news about?"

Instead of giving her an answer, Xiao Tian played a voice recording of the conversation between Kang Zhenya and Tan Fu.

"What? He has ruined the good name of the Eternal Beauty company by adding toxic pollens to their skincare products and spreading bad rumors on the internet. And you are saying that he is still not satisfied? Hey, I have even sacrificed Cai Yazhu for this. How come he is still not satisfied?" Kang Zhenya's voice rang out of the voice recorder.

Upon hearing it, Cai Yazhu's body went stiff for a second. She found it hard to believe what she was hearing.

Kang Zhenya was her manager and she always treated Kang Zhenya nicely. She just didn't expect that Kang Zhenya would do something like that to her.

She was furious and sad at the same time because she didn't expect that the person she trusted would sacrifice her for money. Cai Yazhu tried not to believe the voice recording, but she knew that it was Kang Zhenya's voice.

Kang Zhenya had become her manager for about two years and they always spent time together every day so she was familiar with Kang Zhenya's voice.

"So, everything that happened to me was because of her?" tears fell down her soft cheeks. All this time, she thought that they were like sisters because they always had a happy time together every day. "I didn't expect that our friendship is so weak. So weak until it can be destroyed with money."

Suddenly memories of them having a good time together emerged in her head. The time when they went shopping together or the time when they promised to be friends forever.

"So, all this time, our friendship is fake." Because Xiao Tian was in front of her, she immediately wiped her tears off with her sleeve. "Sorry for crying in front of you."

"It's fine." Xiao Tian understood that she was sad and disappointed. If he were in her shoes, he would also sad. "Please don't be sad lady Cai. Your tears are too precious for someone like her. Kang Zhenya is not worthy of your tears."

Cai Yazhu grabbed her smartphone and tried to call Kang Zhenya. "Sorry, Mr. Qing. I want to call my manager first. I want to ask for an explanation."

"She is already dead." Xiao Tian said.

"What?" Cai Yazhu said in surprise.

Chapter 396 - Solving The Problem Part 1

6-7 minutes

At this moment, Cai Yazhu had complicated feelings. It was true that she was angry with Kang Zhenya because Kang Zhenya had done something terrible to her.

However, they were friends and had spent time together almost every day for the last two years, so when she learned that Kang Zhenya was dead, she was sad too.

And unconsciously, a drop of tears fell down her cheeks. Cai Yazhu shut her eyes for about three seconds before opening it again.

When Xiao Tian noticed it, he was startled.

'Kang Zhenya has done something terrible to her and she is still sad when she knows about Kang Zhenya's death?'

Xiao Tian didn't understand it. How could she still feel sad when the person who died was the one who betrayed her? Shouldn't she be happy that Kang Zhenya died?

'How could this be? What's wrong with her?'

His past life father always told him to get rid of anyone who dared to betray him, so he had no idea why Cai Yazhu behaved like that.

If he was in her shoes, he would have laughed happily because he thought it was karma from heaven. "Are you..sad? Why? Shouldn't you be happy after learning about her death?"

Because Xiao Tian wanted to know why Cai Yazhu was feeling down, he decided to ask her about it.

"Because manager Kang is my friend" Cai Yazhu answered instantly. "I know that manager Kang had done something terrible to me, but in the last two years, she had given me good memories and encourage me every time I was feeling down. Even though I'm still angry with her but I have forgiven her. My facial skin disease has also been cured, so there is no point in hating her anymore."

Xiao Tian stared at Cai Yazhu intently. He found it hard to believe what he was hearing, "But sh-"

Before he had finished his words, Cai Yazhu interrupted him. "Mr. Qing, she is already dead. Let's stop talking about her."

"All right." even though Xiao Tian still wanted to know why she could forgive Kang Zhenya easily, Xiao Tian didn't ask anymore.

"So, what help do you need from me?" Cai Yazhu inquired.

"I want you to help me regain the good reputation of my company." Xiao Tian told her the truth. "We want to let our customers know that we have the antidote for their facial skin disease and we also want to take responsibility. Everyone knows that you are one of the victims of fake skincare products, so if everyone sees that your skin disease has been cured, they will believe in our antidote. "

"All right." because Xiao Tian had taken responsibility and promised to introduce her to someone who could give her a job later, she agreed to help Xiao Tian.

"Perfect! How about we go to my company now?" because Cai Yazhu agreed to help him, Xiao Tian wanted to immediately travel to his company to solve the problem.

"Mr. Qing, please drink the tea and eat the snacks first." Because Xiao Tian still didn't drink the tea and eat the snacks, Cai Yazhu said something like that.

Xiao Tian knew that it would be rude to leave without drinking the tea or eating the snacks. For this reason, Xiao Tian gulped down his tea and the snacks, "Done. let's go."

Because Xiao Tian wanted to solve the problem as soon as possible, he didn't realize that he behaved immaturely.

This made Cai Yazhu giggle. "Hehe. Mr. Qing, you are like a child. Alright, let me change my clothes first."

Xiao Tian shut his eyes upon hearing her words. He just realized that he behaved like a child. He was shy and wanted to dig a hole so that he could hide there.

Luckily I'm wearing a mask so she doesn't know who I am. Xiao Tian thought to himself

When Cai Yazhu saw him closing his eyes, she knew that Xiao Tian was feeling shy. This made her smile.

All this time, Xiao Tian always behaved seriously. This was the first time she saw him behave like that. That was why she could not help from giggling. Because she wanted to change her clothes, she immediately walked toward her room.

When Xiao Tian reopened his eyes and noticed Cai Yazhu was not in the guest room anymore, he was relieved. Then he waited in the guest room patiently.

At first, he thought he would have to wait a long time for Cai Yazhu to finish changing her clothes, but he was wrong because it only took her five minutes to change her clothes.

This made Xiao Tian look at her intently. In his two lives, every time women changed clothes, it always took a long time. The fastest one was fifteen minutes. That was why Xiao Tian was surprised when Cai Yazhu only needed five minutes to change her clothes.

"Let's go." Cai Yazhu spoke when she was in front of Xiao Tian.

"All right." Xiao Tian nodded his head.

At first, Cai Yazhu wanted to drive her car, but Xiao Tian told her to come with him. After several minutes of driving, they finally arrive at Eternal Beauty company.

Xiao Tian was surprised when he noticed there were no demonstrators in front of his company. Of course, he knew that it was Liang Jun's doing. He just wanted to know where Ling Jun took all the demonstrators.

As Xiao Tian and Cai Yazhu stepped into the company, he looked at one of his employees and asked, "Where is Liang Jun?"

"Director Liang is on his way to the company, sir." The employee replied. "He said, he will reach the company in ten minutes."

Because Liang Jun was not in the company, Xiao Tian looked at Cai Yazhu and spoke, "Let's head to my office and wait for Liang Jun there."

"All right." Cai Yazhu replied.

Xiao Tian returned his attention to his employee again. "Tell Liang Jun to come to my office once he arrives at the company."

"Yes, sir." The employee replied.

Then Xiao Tian and Cai Yazhu walked towards his office.

Chapter 397 - Solving The Problem Part 2

6-8 minutes

"So, what should I do later?" Cai Yazhu inquired

Currently, Xiao Tian and Cai Yazhu were sitting on the couch in his office.

"Actually, you don't need to do anyth-" Xiao Tian stopped his words and corrected it. "Wait! You can tell the demonstrators that our antidote has cured your facial skin disease and we intend to take full responsibility."

"That's all?" Cai Yazhu asked

"Yes." Xiao Tian nodded his head.

Not long after that, someone knocked on the door.

"Come in." Xiao Tian spoke

After Xiao Tian gave him permission to enter, Liang Jun stepped into his office. "Sir, everything is ready. I've brought all the demonstrators to Ting villa. We will hold the conference meeting there."

"Good." Xiao Tian then looked at Cai Yazhu, "Let's go."

Then Xiao Tian, Cai Yazhu, and Liang Jun traveled to Ting villa. Because Ting villa was not far from Eternal Beauty company, it only took them ten minutes to reach Ting villa.

They didn't immediately enter the conference hall; instead, they headed toward the private room.

"Lady Cai, please cover your face first." Xiao Tian thought it would be better to cover her face before he told the demonstrators who she was.

"All right." even though Cai Yazhu had no idea as to why Xiao Tian wanted her to cover her face, but because she had promised to help him, she did what she was told.

Because he wanted to make sure there wouldn't be any mistakes later, he immediately said, "How is the antidote? How many have you brought? "

"Three hundred antidotes, sir." Liang Jun answered instantly. "It's more than enough because there are only two hundred and twenty demonstrators. I have also brought five dermatologists in case we need them later."

"Good!" Xiao Tian was satisfied with Liang Jun's work. "Bring them here now."

"Yes, sir." Liang Jun replied before walking away.

Not long after that, Liang Jun returned with five dermatologists. When Xiao Tian saw them, he said, "Let's go."

Then they headed toward the conference hall. As they stepped into the conference hall, everyone immediately looked at them.

And like what Xiao Tian had guessed, the moment they saw Xiao Tian, they immediately voiced their anger toward him.

"Qing Feng, take responsibility!"

"Evil person!"

"Qing Feng, your company has destroyed my face! take responsibility, or else I will sue you!"

"Yes. We will sue you and your company."

Xiao Tian's face darkened. He was furious and wanted to beat them. However, he knew that he could not do that because it could make things get worst.

He even hadn't had time to sit on the chair and they had made him angry. For this reason, Xiao Tian didn't sit on the chair; instead, he grabbed the microphone and spoke, "Everyone, please calm down. I know you all are furious but don't worry because we will take responsibility now."

Upon hearing Xiao Tian's words, the demonstrators began to calm down. They were relieved that Xiao Tian intended to take responsibility for what he had done to their faces.

"But, let me clarify you all about something." Xiao Tian spoke and paused for a second before he continued, "The incident was entirely controlled by someone who wanted to destroy my company. That person had added three kinds of toxic pollens to our new skincare products."

Of course, Xiao Tian wanted to clear up his company's bad reputation first. For this reason, Xiao Tian took the voice recorder. "If you want proof, please listen to this recorded conversation."

Xiao Tian then played a recorded conversation between Kang Zhenya and Tan Fu. "What? He has ruined the good reputation of the Eternal Beauty company by adding toxic pollens to their skincare products and spreading bad rumors on the internet. And you are saying that he is still not satisfied? Hey, I have even sacrificed Cai Yazhu for this. How come he is still not satisfied?"

The demonstrators were shocked upon hearing the recorded conversation between Kang Zhenya and Tan Fu.

"What? So, someone slandered his company?"

"I didn't expect this. I thought it was their fault."

"It must be his company rival."

"Yes. I'm sure about it."

"But still, they have to take responsibility too."

"Yes, yes."

Even though many demonstrators still blamed his company, Xiao Tian could accept it because his company's skincare products had ruined their faces.

"Right now, we are still investigating who is the mastermind behind everything." Xiao Tian spoke and paused for a second before he continued, "But first, we will provide free medical and mental compensation to all consumers who are harmed by fake skincare products."

Xiao Tian then looked at Cai Yazhu and gave her a sign to remove her mask. When the demonstrators saw Cai Yazhu, once again they were shocked.

Of course, they knew who Cai Yazhu was because she was a rising star model. Not only that, her manager also stated that she was also one of the victims of fake skincare products.

At first, they thought her manager had lied to the public, but when the television stations stated that she had canceled several contracts and never appeared on TV anymore, they began to believe that she was indeed one of the victims of the fake skincare products.

Now that they had seen her beautiful face had returned to what it was before, they knew that Eternal Beauty company had taken the responsibility.

Of course, this made the demonstrators happy because they knew their beautiful faces could return to what it was before.

Because Xiao Tian thought it would be better for Cai Yazhu to explain it to the demonstrators, he gave the microphone to her and whispered, "Please explain it to the demonstrators."

Cai Yazhu took the microphone and spoke, "Everyone, please calm down. As you know, I'm also one of the victims of fake skincare products, but as you all can see, now my facial skin disease has been cured. What Mr. Qing said is indeed true. The company intends to take responsibility to all of you. You all can take me as proof that he will keep his promise, so you all don't have to worry because all of you will get your beautiful faces back. All you need to do is give Eternal Beauty company a chance to take responsibility, and I believe, they will be able to cure all your facial skin diseases later. "

Xiao Tian was satisfied upon hearing Cai Yazhu's words. Because he knew that all the demonstrators wanted him to immediately take responsibility, he immediately spoke, "Alright. We will begin the treatment now."

Chapter 398 - Solving The Problem Part 3

7-9 minutes

After Xiao Tian stated it, five gorgeous ladies stepped into the conference hall while pushing a wooden table. On each wooden table, twenty antidotes were neatly arranged.

This made the demonstrators thrilled. With this, they knew that Xiao Tian was serious when he stated that his company would take responsibility.

"These antidotes are the antidotes I used to treat lady Cai Yazhu's facial skin disease." Xiao Tian explained to the demonstrators. "These antidotes will cure your facial skin disease in a maximum of seven days, so please be patient. Before you try our antidotes, let our dermatologist check your facial skin disease first. "

Because Xiao Tian realized that it would take a long time for five dermatologists to examine the facial skin diseases of the two hundred and twenty demonstrators, Xiao Tian told Liang Jun to call the other dermatologist who worked in the company branch.

Twenty minutes later, ten of dermatologists entered the conference hall and began to check the facial skin diseases of the demonstrators.

With fifteen dermatologists working together, it only took an hour for dermatologists to finish checking the facial diseases of all the demonstrators.

'I lost a lot of money this time. Hong Family, just you wait, I will take over all of your wealth later as compensation for what you have done to me.'

Even though Xiao Tian behaved normally, in truth, he was enraged because he had lost a lot of money to cure the skin diseases of the demonstrators.

And because his underlings strongly suspected that the mastermind behind everything was Hong family, Xiao Tian made up his mind that he would take all of their wealth later.

Actually, Xiao Tian wanted to announce to the public that the Hong family was the mastermind behind everything that happened in his company, but because he had no evidence of their crimes, he didn't do that.

Hong family was famous and had a lot of connections too, so if he told the public that the Hong family tried to destroy his company without any evidence, it could backfire him later.

For this reason, Xiao Tian always told the public that he had no idea who the mastermind was.

At this moment, Liang Jun was annoyed too. Of course, he knew that the company had lost a lot of money. However, because they had to take responsibility, they had no choice but to do that.

'I have to make the company get a lot of profits quickly so that I can get back the money that is used to cure the skin diseases of the demonstrators.'

Liang Jun made up his mind that he would think of a way to make a big profit as quickly as possible after they solved the problem.

When Cai Yazhu saw the demonstrators, who were consulting their facial skin diseases with the dermatologist, she walked over to Xiao Tian and spoke in a low voice, "Mr. Qing, it seems like they are not angry anymore."

'I will immediately beat them to death if they still dare to be angry after what I have done to them.'

Xiao Tian answered instantly in his head.

Of course, Xiao Tian would not say that because it could bring him trouble again. "Yes."

The conference meeting lasted for three hours and even though the demonstrators still hadn't forgiven Eternal Beauty company completely, he could see that their anger had lessened significantly after Xiao Tian took responsibility.

After all the demonstrators left, Xiao Tian and Cai Yazhu traveled to Eternal Beauty company, while Liang Jun, on the other side, stayed at Ting villa because he still had something to do.

"Lady Cai, because you have helped me, I will keep my promise now." Several days ago, Xiao Tian had promised Cai Yazhu that he would introduce her to someone who could give her a job again, and because she had helped him again, he thought it was the right time to fulfill his promise.

Cai Yazhu was thrilled upon hearing Xiao Tian's words. Since her face was ruined by fake skincare products, she didn't work, and because she suddenly canceled several contracts, she was never offered the job again.

One of the companies which were disappointed with her, spread a bad rumor about her, saying that she was a terrible model. For this reason, it was difficult to get a job.

Of course, they knew what had happened to her, but because they lost a lot of money, they were furious.

That was why she had been waiting for Xiao Tian to introduce her to someone who would give her a job. "Who is that person?"

"Xiao Tian." Xiao Tian answered instantly. "I met him several days ago and because of our similarities in personality, we became friends right away. He told me that he needed a model for his new clothing designs. However, because he is in Beijing now, he said that I could bring you to his director and she would give you a job right away."

'Xiao Tian?'

Cai Yazhu was startled upon hearing his words. Of course, she knew who Xiao Tian was because he was a famous person. Not only was he good-looking, but he was also a genius in business.

Xiao Tian had become the idol of many people because he could become a successful person in a short amount of time.

He was even still nineteen years old. If he could become a successful person in his nineteen, how rich will he be in the future?

Many people even stated that he could raise his family status to an upper-class family before he turned thirty years old.

This made Cai Yazhu desire to meet Xiao Tian quickly because she wanted to know what kind of person Xiao Tian was?

I didn't expect that I will work with Xiao Tian. Cai Yazhu thought to herself

"When will you introduce me to Xiao Tian?" Cai Yazhu inquired.

"I have something to do now, so I will bring you to Stars Clothes company in two hours." Actually, he could ask Liang Jun to bring her to Stars Clothes company, but after thinking for several seconds, he decided not to do that.

"All right." even though she was a little sad because she could not meet Xiao Tian right away, but she didn't show it on her face because she knew that sooner or later she would meet him. "Mr. Qing, because you are busy right now, I will take my leave."

"Let my employee send you home." because she came to his company with him, Xiao Tian wanted to ask his employee to drive her home.

It would be rude if she went home alone, or took a taxi. For this reason, Xiao Tian grabbed the telephone and called one of his employees.

Not long after that, one of his employees entered his office and spoke, "Do you need anything, sir?"

"Send lady Cai to her home." Xiao Tian went straight to the point. "Remember, don't let anything happen to her."

"Understood, sir." The employee then turned his head toward Cai Yazhu. "Lady Cai, let me send you home now."

"Lady Cai, I will come to your house later." Because it would be rude if he asked her to meet him later, Xiao Tian decided that he would come to her house again later.

"All right." Cai Yazhu replied instantly. "I will be waiting at my house."

At this moment, the employee stared at Cai Yazhu and his boss and thought that his boss and Cai Yazhu had a special relationship. "Lady Cai, let's go."

"All right." Cai Yazhu nodded her head.

After they left, Xiao Tian began to work.

Chapter 399 - Going To Stars Clothes Company With Cai Yazhu

6-7 minutes

After the employee drove Cai Yazhu home, he immediately returned to the company because he had to work again.

At this moment, Xiao Tian tilted his head back and shut his eyes.

'What should I do to deal with the Hong family?'

Xiao Tian began to regret letting Hong family go in the past.

'This time, I won't let them off and will take over all their wealth too. I forgave them in the past, but this time, I won't do the same. I will make them regret for daring to cause trouble to me again. But this time, it will be difficult to do that. Sigh.'

Earlier, Xiao Tian's underlings informed him that the Hong family had hired several bodyguards and those bodyguards guard their house twenty-four hours per day.

With security like that, it would be challenging to deal with them without letting the bodyguards know about it.

"If only father were here, he would know what to do." Xiao Tian mused. "I should have studied seriously when my father taught me how to deal with the enemy."

His past life father and master martial arts had taught him many things in the past, but because Xiao Tian was only interested in martial arts and women, he had never studied seriously. Now that Xiao Tian was facing a problem, he began to regret it.

Nanli District, Hawk gang headquarters

Currently, Jin Yimu and Ma Shuhe were chatting in the private room. As they were chatting, suddenly someone knocked on the door.

"Boss, I have come to tell you the results of our investigation." Ma Gen spoke.

"Come in." Jin Yimu sent Ma Gen and two of his underlings to investigate the number of people who were guarding Xiao Tian's family.

Ma Gen wasn't surprised when he saw his big brother sitting on the sofa because he was often together with Jin Yimu.

"How is it?" Jin Yimu inquired

"Ten people are guarding them secretly." At first, Ma Gen thought only two people were guarding Xiao Tian's mother and aunt, but he was wrong because ten people were guarding them secretly.

Earlier, Ma Gen was surprised when he found out about it. He knew that Xiao Tian was a leader of a gang. He just didn't expect that Xiao Tian ordered ten of his underlings to protect his family secretly.

"Ten people?" Jin Yimu was also shocked upon hearing Ma Gen's words. "Good! It's good that he orders ten of his underlings to protect his family secretly."

"Eh! Why?" Ma Gen was dumbfounded upon hearing his boss' words. How could Jin Yimu be happy when he found out that ten people were guarding Xiao Tian's family secretly?

Shouldn't he be displeased by that? with ten people guarding Xiao Tian's family, it would be difficult to kidnap them.

Jin Yimu could not help but smile happily because he was sure if they could kidnap Xiao Tian's mother and aunt, he could win the war easily.

Because Ma Gen had no idea as to why Jin Yimu was thrilled, he looked at his big brother, hoping his big brother would explain it to him.

"Sigh!" Ma Shuhe sighed when he saw the expression on his younger brother's face. Even though Ma Gen didn't say a word, he knew that Ma Gen wanted him to explain why Jin Yimu was pleased. "It's because his family is very important to Xiao Tian. The more important his family is to him, the more worried he is about their safety. That's why Xiao Tian orders ten of his underlings to protect his family secretly."

"Ah! I see, I see." Ma Gen finally understood why Jin Yimu was pleased when Jin Yimu learned that ten people were guarding Xiao Tian's family secretly. "So, if we can kidnap them, it will be easier to destroy him and his gang."

"That's right." Jin Yimu answered instantly. "So, we have to make sure that we will succeed in kidnapping them later because if we fail, Xiao Tian will find out about it."

"So, when are we going to carry out this plan?" Ma Gen inquired

"Today." Jin Yimu didn't want to waste time anymore, so he decided to kidnap Xiao Tian's family later. "Send fifteen people and make sure that they are stronger than the people who are protecting Xiao Tian's family. If there is a chance to kidnap them, do it immediately. Remember, do it carefully."

"All right." Ma Gen replied before walking out of the room.

Nanli District, Eternal Beauty Company.

Currently, Xiao Tian was talking with Liang Jun. He told Liang Jun to keep producing the antidotes so that they didn't run out of the antidote later.

Xiao Tian knew that more people would come to the company and ask them to take responsibility later.

For this reason, Xiao Tian wanted to make sure that they would have the antidotes for everyone. He didn't want to have any more problems with customers because his efforts to regain the good name of his company could be in vain.

After they finished talking, Liang Jun immediately left to tell Mu Jia to make more antidotes.

And because he had promised to bring Cai Yazhu to Stars Clothes company, he went to her house. To his surprise, she was ready to go see Xiao Tian.

That was why Xiao Tian didn't need to wait for her to change clothes anymore. Because Cai Yazhu desired to meet Xiao Tian, she asked him to immediately bring her to Stars Clothes company.

The corner of his lips twitched upon seeing her behavior. Of course, Xiao Tian knew that she desired to meet him.

Xiao Tian just didn't expect that the rising star model was idolizing him so much. He had no idea what her reaction would be if she knew that he was Xiao Tian.

Of course, Xiao Tian would tell her his true identity. Because Xiao Tian didn't want to make a fuss in his company later, he sent a message to Shi Fei, saying that he would come to the company with Cai Yazhu and asking her to wait in the lobby.

Chapter 400 - I'm Deeply Sorry

14-17 minutes

When Xiao Tian and Cai Yazhu stepped into the company, several employees stared at them. it was break time, so they were about to head to the canteen.

The employees just didn't expect that they would meet Xiao Tian in the lobby. This made them want to know why Xiao Tian and Cai Yazhu came to Stars Clothes company.

"Hey, isn't that Qing Feng?"

"Yes, you are right. So, he is the owner of that evil company?"

"What is he doing here?"

"I don't know. Maybe he has come here because he wants to do a partnership with Stars Clothes company."

"I hope our boss will reject him later. I don't want our company to cooperate with a scammer like him."

"Me too. Our young boss is a genius in business, so he doesn't need to cooperate with scammer like him."

"Yes. His company's skincare products have ruined the faces of many people."

"That's right. My neighbor is also one of the victims of his rotten skincare products. Luckily I didn't buy skincare products from his company."

"Maybe, this is the reason why he is wearing a mask."

"He is wearing a mask because he is a scammer."

"In the past, I wanted to buy skincare products from his company because all the comments on the internet stated that their skincare products were good. Luckily I didn't buy their skincare products, or else my beautiful face would have ruined right now."

"Maybe all the good comments on the internet were from his employees to boost his company's good reputation."

"Yes. I'm sure about it."

At this time, they had no idea that they were bad-mouthing their boss. And because Xiao Tian only took responsibility today, they didn't know that he had taken the responsibility to his customers.

Not only the female employees, who were speaking ill of Xiao Tian, but a few male employees also did the same things.

This made Xiao Tian furious. Today, he had lost a lot of money to cure the facial skin disease of demonstrators and when he returned to his company, his employees dared to bad-mouth him.

He let them work at his company, and they dared to behave like that to him. Of course, Xiao Tian would not forgive them.

"What did you all just say?" Xiao Tian looked at them and spoke in a cold voice. "I dare you all to say it again!"

All the employees were shocked when Xiao Tian dared to behave like that. He was at Stars Clothes company, not Eternal Beauty company, and here, he dared to behave rudely.

"You are an evil person and your company also sells rotten skincare products." A red-haired lady spoke. "Why? everyone knows that your company's skincare products have ruined the faces of many people. Are you going to deny it?"

"Yes, you are right, Ehuang. Get out of here because we don't welcome an evil person like you." a blue-haired lady said abruptly.

"Lifen, calm down. I'm sure our boss won't want to cooperate with him later." Ehuang spoke. "because his company is not worthy to cooperate with Stars Clothes company."

"You!" Cai Yazhu was furious when the employees spoke ill of Xiao Tian.

"Stop it. Let me handle this." Xiao Tian spoke to Cai Yazhu. Then he returned his attention to Ehuang and Lifen. "You two are Ehuang and Lifen, right? It seems like both of you don't want to work here anymore."

"Huh? You want to make us get fired? Who are you to dare to say something like that? You are not our boss!" Lifen found it funny that Xiao Tian dared to say something like that to them.

"Just because you are the owner of Eternal Beauty company, doesn't mean you can fire every employee who works here. Remember, this is Stars Clothes company, not Eternal Beauty company!" Ehuang also had the same thought as Lifen. How could Xiao Tian dare to behave as if he was their boss?

"Hahaha" Xiao Tian laughed loudly. "I know Xiao Tian. If I ask him to fire you two, both of you will be fired immediately. Just you wait, today will be the last day you two work here."

"There is something wrong with his head," Lifen stated. "Who does he think he is?"

"Yes. Maybe because he is facing so many problems, it makes him crazy." Ehuang replied.

And because Ehuang and Lifen were quite beautiful, two young men, who had an ordinary appearance, walked closer toward Ehuang and Lifen.

Of course, they wanted to help Ehuang and Lifen while hoping that they could get closer to Ehuang and Lifen so that they could date them later. They were none other than Ren Tao and Gu Zi; a new employee, who just worked at the Stars Clothes company for a week.

Xiao Tian stared at Ren Tao and Gu Zi and asked, "Do you two also want to lose your job today?"

"Hahaha." Ren Tao and Gu Zi laughed.

They still found it hard to believe that Xiao Tian still dared to say something like that. And because they wanted to make fun of Xiao Tian, they were not afraid of Xiao Tian's threat.

Because he thought that Xiao Tian would not be able to get him fired, Gu Zi spoke boldly, "I dare you to fire me now!"

Ren Tao looked at Lifen and Ehuang and spoke, "Miss Lifen, Miss Ehuang, it seems like he is still dreaming right now because until now he is speaking nonsense."

"I think so too," Lifen replied.

"Yes. I really want to know what makes him think that he can fire all of us?" Ehuang was sure that Xiao Tian could not do anything to them later. That was why she dared to say something like that.

"It looks like all of you don't want to work here anymore." Xiao Tian spoke and paused for a second before he continued, "Don't beg me to forgive you later."

"Beg?" Ehuang said. "Do you think we will ask your forgiveness later?"

"Hahaha." Not only Ehaung, Lifen, Ren Tao, and Gu Zi, but several people also laughed at him. They thought Xiao Tian was crazy.

*Tok...Tok...Tok...

The sound of someone wearing high heels walking towards them could be heard in their ears. All of them immediately turned their heads to the source of the sound reflexively.

When they saw Shi Fei walking towards them, the employees began to smirk.

"What's going on here?" Shi Fei inquired. "I know it's a break time now, but why are you all causing trouble in the lobby?"

Ehuang pointed her index finger toward Xiao Tian and spoke, "Director Shi, this person is the one who is causing trouble here, and we are trying to stop him but he keeps causing trouble."

Of course, Ehuang wanted to slander Xiao Tian. She wanted to teach Xiao Tian a lesson by slandering him.

Shi Fei was shocked when the employees said that. She didn't expect that the employees dared to behave rudely to Xiao Tian.

Lifen looked at Xiao Tian and spoke, "Didn't you say that you want to get us fired? Do it now! Of course, if you can."

"Hehe." The employees began to laugh again.

Because of this, more employees began to walk toward them. They wanted to know what was going on.

Shi Fei was furious when she knew that the employees dared to behave like that to Xiao Tian. At this moment, she wanted to beat them up and throw them to the trash can; a place where they belong.

Xiao Tian looked at Shi Fei while pointing his index finger towards Ehaung, Lifen, Ren Tao, and Gu Zi. "Director Shi, fire all of them right now!"

"Hahaha." Ehaung, Lifen, Ren Tao, and Gu Zi laughed again.

They could hardly believe that Xiao Tian dared to order Shi Fei to fire them. Shi Fei was the director of the Stars Clothes company, not an employee of low status, and Xiao Tian still dared to order her around.

This made them could not help from laughing. They were sure that Shi Fei would not fire them because Xiao Tian was nobody to Stars Clothes company.

"Do you think Director Shi will do as you say?" Ehuang said with a mocking face.

"Do you think you have the authority to order director Shi?" Lifen said before laughing again.

Of course, Gu Zi and Ren Tao also wanted to make fun of Xiao Tian because they wanted to get close to Ehaung and Lifen.

Gu Zi looked at Shi Fei and spoke, "Director Shi, kick this person out of the company right now."

"That's right." Ren Tao said. "Otherwise, he will cause trouble in the company again later."

"That's right." Ehaung and Lifen spoke in unison.

"The four of you are fired!" Shi Fei spoke coldly. "Pack your belonging and immediately get out of the company. I don't want to see all of your faces again."

"What?!" Ehaung, Lifen, Ren Tao, and Gu Zi said in surprise.

They found it hard to believe what they were hearing. This made them want to know why Shi Fei followed his order. He was nobody and she was a director, so why did she follow his words?

"Director Shi, you want to fire us because of him?" Ehuang asked with disbelief expression.

At this time, Cai Yazhu smiled happily. She didn't expect that Xiao Tian had authority in Stars Clothes company. He even could order the director to fire the employee. This made Cai Yazhu curious who was Xiao Tian?

"Director Shi, why did you do this to us?" Lifen inquired.

"Yes. Director Shi." Gu Zi added. "He is not our boss, so why did you follow his order?"

"Director Shi, you should kick him out of the company, not fire us." Ren Tao almost could not believe what Shi Fei had just said to them. "A scammer like him should not be allowed to enter the company. It will make the reputation of the company turn bad."

"What? All of you still dare to speak ill of him?" the expression on Shi Fei's face turned terrifying. "I said, you all are fired. Get out of the company right now!"

Xiao Tian crossed his arms over his chest and started to smirk. "I've said this before that you all will lose your job. How dare a lowly employee like you all behave rudely to me?"

"Get out right now, or else I will call security guards!" Shi Fei was getting angrier when Ehaung, Lifen, Ren Tao, and Gu Zi were still in front of her.

This made Ehaung, Lifen, Ren Tao, and Gu Zi begin to regret their action. They didn't expect that they would lose their job just because they spoke ill of Xiao Tian.

Because they didn't want to lose their job, they turned their heads toward Xiao Tian. They knew if they wanted to keep working at Stars Clothes company, they had to apologize to Xiao Tian.

When Xiao Tian noticed them looking at him, he immediately spoke, "Why are you all looking at me? Do you all want to apologize to me?"

Ehaung, Lifen, Ren Tao, and Gu Zi didn't immediately answer. Earlier, they said that they would not ask for forgiveness because they believed that Xiao Tian could not get them fired. They just didn't expect that they would get fired just because he said so.

Xiao Tian suddenly found a good way to teach them a lesson. For this reason, he immediately said, "Kneel before me and apologize! If you are all sincere enough, maybe I will forgive all of you later."

This made Ehaung, Lifen, Ren Tao, and Gu Zi gaze at each other. They didn't want to kneel before Xiao Tian because it would make them lose face, but they also didn't want to lose their job because working at Stars Clothes company was their dream.

Because she still wanted to work at Stars Clothes company, Ehuang bowed slightly and spoke, "Mr. Qing Feng, please forgive my rude behavior to you earlier. I'm deeply sorry."

"Yes, Mr. Qing Feng. I also regret my behavior earlier." Lifen added and also bowed slightly. "I'm very sorry."

"Mr. Qing, I also regret my action. I'm sorry and please forgive me." Ren Tao bowed slightly. "Please ask director Shi not to fire us."

Because Ehaung, Lifen, and Ren Tao bowed slightly toward Xiao Tian, Gu Zi also did the same because he didn't want to lose his job. "Please forgive my stupidity behavior. I really regret it."

At this time, Cai Yazhu and Shi Fei only looked at Xiao Tian. They wanted to know what Xiao Tian would do to them later.

"I said kneel before me and apologize, not bow slightly to me!" of course, Xiao Tian would not accept it because they didn't kneel before him. And because he wanted to scare them even more, he looked at Shi Fei. "Director Shi, hurry up and kick them out!"

When Ehaung, Lifen, Ren Tao, and Gu Zi heard Xiao Tian's words, they immediately knelt before him and said in unison. "Mr. Qing please forgive our rude behavior earlier. Please ask director Shi not to fire us."

They knew that the other employees were looking at them. However, because they didn't want to lose their job, they had no choice but to do that.

Xiao Tian didn't immediately answer them and only looked at them. His lips curled into a grin when they did as he told them to.

At this moment, five security guards walked toward them. The security guards were shocked when they saw Ehaung, Lifen, Ren Tao, and Gu Zi kneeling before Xiao Tian.

Of course, the security guards didn't say anything about it and only stood next to Shi Fei, waiting for her to give them any order.

When Xiao Tian thought that they had been kneeling before him long enough, he looked at Shi Fei and spoke, "Director Shi, fire them and kick them out right now."

Ehaung, Lifen, Ren Tao, and Gu Zi instantly raised their heads to look at Xiao Tian. They found it hard to believe what they had just heard.

Earlier Xiao Tian said that he would forgive them if they knelt before him and apologized. But Xiao Tian's words were different from his promise.

This made Lifan want to know. "Mr. Qing, didn't you say that you would forgive us if we kneel before you and apologize? Why did you still ask director Shi to fire us?"

"You are right. But I only said that I would forgive you all. I never said that I would ask director Shi not to fire all of you." Xiao Tian answered instantly. "This is a lesson for you all so that all of you don't behave rudely toward other people in the future."

Because Xiao Tian said that he wanted her to fire them, she looked at the security guards and spoke, "Kick them out of the company"

"Yes, director Shi." The security guards answered in unison before they walked toward Ehaung, Lifan, Ren Tao, and Gu Zi.

"Director Shi, you can't do this to us!" Ehaung said

Shi Fei only stared at them and didn't answer. If they were not at the company, she would have beaten them to death for daring to insult Xiao Tian.

"Director Shi, I want you to fire him, him, her, her, him, and him." Xiao Tian pointed his index finger toward the employees who were involved in bad-mouthing him earlier.

Shi Fei and Cai Yazhu were surprised upon hearing his words. However, because Xiao Tian wanted to fire them, she had no choice but to do that.

When the other security guards came, she immediately told them to kick the employees who insulted Xiao Tian earlier.

"From now on, if any employees dare to disrespect guests, I will fire them immediately." Shi Fei looked at the other employees before looking at Xiao Tian and Cai Yazhu. "Mr. Qing, lady Cai, please follow me."

The other employees felt lucky that they didn't insult Xiao Tian earlier, or else they would have lost their job too.
