

Illicit 411

Chapter 411 - He Is A Demon

"KILL THEM!" Jin Yimu roared angrily as he pointed his sword at Xiao Tian.

Upon hearing Jin Yimu's words, all Hawk gang members were instantly ready to attack Xiao Tian and his underlings.

Because Fu Jiye and the others thought it was a perfect time to attack the Hawk gang members, they dashed toward the Hawk gang members and began to attack them.

"Aaaahhhh"

"Uakk"

"Aaaaahhh."

The sound of a few people crying in pain echoed in the front yard. Because Fu Jiye and the others were skilled in a martial art, they beat ten people in an instant.

Jin Yimu turned around right away upon hearing his underlings cry in pain. When he noticed twelve unfamiliar people attacking his underlings, he gritted his teeth.

Jin Yimu finally understood that Xiao Tian had brought more than twenty-two people to his headquarters.

And because he was careless, he didn't notice it. He thought Xiao Tian would attack them openly, but he was wrong.

Now that Xiao Tian's people were surrounding them, Jin Yimu finally realized that he had made a big mistake.

Jin Yimu knew that he had to divide his underlings into two groups or else, it would be fatal for them because he knew that the people who attacked them from behind were skilled in martial art.

Jin Yimu looked at Ma Gen and spoke, "Ma Gen, take care of them."

"All right." Ma Gen answered before charging toward Bi Yu and the others.

Jin Yimu instantly unsheathed his sword and roared, "Attack their leader!"

Because they were surrounded by their enemy, Jin Yimu knew that they were at a disadvantage, so in order to have the upper hand, they had to defeat Xiao Tian immediately.

Not only would they be able to make Blue Ice Lotus gang members lose their will to fight if they could defeat Xiao Tian quickly, but Xiao Tian's underlings would either surrender or run away because defeating the leader was the key to winning the war. For this reason, he ordered his underlings to attack Xiao Tian.

When Xiao Tian saw the Hawk gang members running toward him, his lips curled into a grin. "Come here."

In his past life, Xiao Tian had a group fight or a war more than three times, so instead of feeling afraid; his blood was boiled in excitement.

"Bi Yu, protect him!" Fu Jiye was worried when she noticed more than ten people trying to attack Xiao Tian.

Even though Xiao Tian had told her that he was a sword martial artist, but in her view, Xiao Tian was still inexperienced in a real fight.

She even thought that Xiao Tian was weak. Even though he had learned martial arts, but street fighting was different from fighting fellow martial artists.

For this reason, Fu Jiye was worried to death when more than ten people wanted to attack Xiao Tian because she was sure that Xiao Tian would get injured by them

"I will leave them to you." Bi Yu instantly dashed toward Xiao Tian.

Their main mission was to protect Xiao Tian, so they had to protect him at any cost or else, Shi Fei would be furious at them later.

When Ma Gen noticed that Bi Yu wanted to help Xiao Tian, he immediately blocked her way. "I won't let yo-"

However, before Ma Gen had finished his words, Fu Jiye kicked him hard in the head, causing him to fly into mid-air. "Hurry up and save him!"

Bi Yu nodded her head and rushed toward Xiao Tian again.

"Protect our boss!" Chun Hua shouted loudly.

At this moment, Xiao Tian didn't move even an inch. It was not like he didn't want to attack them immediately, but he wanted to show them what fear was.

'Moon style of sword drawing techniques-First Ceremony...'

Xiao Tian began to concentrate and focused on his enemy. When the Hawk gang members were a meter away from Xiao Tian, he began using his secret technique.

'Mountain Splitter.'

Xiao Tian moved in zig-zag four times before finally changing his movements into an 'X' pattern. His movements were fast and deadly.

*Slash...Slash...Slash...

Every time Xiao Tian swung his katana, the blood of his enemies flew on the air. Some of his enemies' blood splashed onto his face and body.

Because his enemies were not master martial artists, Xiao Tian killed one person in every move. It was not like a battle; instead, it was like a massacre.

All of his enemies didn't have time to scream or dodge and they instantly fell on the ground; death.

All his enemies died!

Anyone who saw Xiao Tian was stunned. It was as if Xiao Tian was not a human being; instead, he looked like a God of War who entered the battlefield to massacre his enemies.

*Silence

In an instant, almost everyone stopped fighting when they saw what Xiao Tian had done to his enemies.

"What kind of movement is that?" Fu Jiyi was shocked when she saw Xiao Tian killing his enemy in every move he made.

She believed that she knew all kinds of martial arts, but when she saw Xiao Tian's movement, she could not help but be stunned because she had no idea what kind of martial arts he had learned.

She had never seen such deadly martial arts move like his. Not only was his movement deadly, but it was also fast.

"He is..." Bi Yu could not finish her words because she found it hard to believe what she was seeing.

All this time, she thought Xiao Tian was an inexperienced martial artist who pretended to be a master martial artist.

However, when she saw his deadly move, she knew that she was wrong.

'No wonder he dared to behave like that. It turned out that he is skilled in martial arts.'

Upon seeing Xiao Tian's deadly move, Bi Yu was sure that Xiao Tian had fought many people in the past.

It was impossible for inexperienced martial artists to kill the enemy in every move. Not only were his movements deadly, but he was not afraid when facing more than ten people alone.

All of Xiao Tian's underling, who intended to protect him earlier, stunned when they saw what Xiao Tian had done to his enemies.

Like Bi Yu, they also doubted that Xiao Tian was an expert in martial arts before. They just didn't expect that their big boss was skilled in martial arts.

All this time, they followed his every word because their founder told them to. They even had the intention to attack him when Xiao Tian first came to their headquarter because they thought Xiao Tian didn't deserve to be their big boss.

And seeing how easily he killed his enemies, Blu Ice Lotus gang members believed that Xiao Tian was much stronger than them.

They suddenly felt lucky that they didn't try to attack him when he first came to their headquarters or else, they would have been dead now.

*Fear...

Hawk gang members, who saw what Xiao Tian had done to their fellow gang, started feeling afraid of him.

They didn't expect that Xiao Tian would keep killing people without caring about the consequences.

"He is a demon!"

"I..I don't want to fight him."

"He is not a human being, he is definitely a demon in disguise."

"I don't want to die."

"Me too. I don't want to get killed by him."

"I don't want to fight anymore."

In front of death, it was normal for a human being to feel fear. When the Hawk gang members saw their fellow gang death on the ground, their will to fight disappeared instantly.

Even though they often fought with other people, it was very rare for them to kill their opponents. The worst-case was lying in the hospital for several months.

They just didn't expect that they would meet a person who would kill people easily. Not only that, but he even killed people without a blink, as if killing people was something he usually did.

*Drop...

Due to how scared he was, one of the Hawk gang members unconsciously dropped his weapon and a frightened expression emerged on his face.

When he saw the terrifying expression on Xiao Tian's face, the frightened expression within him grew bigger and bigger.

*Fall...

He instantly fell on his knees. He really didn't want to fight Xiao Tian. Even though he was a gang member, but he was still afraid of death.

When Jin Yimu saw his underlings, he shouted angrily. "What are you all doing? Kill him! Revenge for our brother who died fighting against him!"

Xiao Tian's lips curled into a smirk. "Yes, that's right. come! Let's continue our fight!"

Chapter 412 - It's Because You Are Weaker Than Me

8-11 minutes

Jin Yimu was furious when he saw his underlings. They were a member of the gang, so they should not be afraid of death. "Bastard! I said, kill him!"

However, none of his underlings dared to attack Xiao Tian. The scene where Xiao Tian slaughtered their fellow gang members was still clear in their minds.

"What? You all don't want to fight me anymore? What a coward!" Xiao Tian mocked them. "If you all don't want to fight anymore, KNEEL BEFORE ME!"

*Drop.

Another one of Hawk gang members fell on his knees.

When the other Hawk gang members saw that Fu Jiyi and the others had beaten many of their fellow gang members, they knew that they would lose the war.

The members of the Hawk gang, who could still fight, were only fifteen people left. While, on the other hand, none of Blue Ice Lotus gang members were seriously injured.

Blue Ice Lotus gang members still had thirty-five people, so with only fifteen people, they knew that it was almost impossible to win the war.

Not only did the number of their enemies twice as many as them, but many of their enemies were skilled in fighting.

The Hawk gang members began to think that there was no point in fighting anymore because it was useless.

If they fought them, there was a high possibility that they would lose their lives, so rather than losing their lives, they would prefer to surrender.

One of the Hawk gang members, who was afraid of Xiao Tian, said in a tremble, "I...I surren-"

However, before he could finish his words, Jin Yimu kicked his head, causing him to fly into mid-air. "COWARD!"

Jin Yimu understood that it was useless to ask his underlings to fight Xiao Tian, so he decided to attack Xiao Tian himself. "DIE!"

Jin Yimu swung his sword vertically. However, Xiao Tian was able to block it easily. As Xiao Tian was blocking Jin Yimu's attack, he threw a high kick.

Due to how fast Xiao Tian's kick was, Jin Yimu was unable to block or dodge it, causing his head to get kicked.

In a second, Jin Yimu attacked Xiao Tian again. He swung his sword in all directions, but like before, Xiao Tian was able to block or dodge it.

This made Jin Yimu furious. He didn't expect that he was unable to land an attack on Xiao Tian. Even though Xiao Tian was skilled in martial art, but he was a master martial artist.

Bi Yu, who was seeing the fight between Xiao Tian and Jin Yimu, immediately dashed toward them because she wanted to help Xiao Tian.

However, Ma Shuhe suddenly appeared in front of her. "Sorry lady, but I can't let you disturb their fight."

Ma Shuhe knew the only way to win the war was that they had to defeat Xiao Tian immediately. Jin Yimu was a master martial artist who was experienced in fighting, so he believed that Jin Yimu would be able to defeat Xiao Tian later.

That was why he had to block anyone who wanted to interfere with their fight.

"Move!" Bi Yu was annoyed when Ma Shuhe suddenly appeared in front of her.

Of course, she knew that Jin Yimu was a master martial artist. That was why she wanted to help Xiao Tian.

Even though Xiao Tian killed the Hawk gang members easily, but they were not master martial artists.

"You have to defeat me first if you want to help your leader." Even though his opponent was a female, Ma Shuhe did not underestimate her because he knew that she was good at fighting.

Because Bi Yu had to defeat Ma Shuhe if she wanted to help Xiao Tian, she had no choice but to fight Ma Shuhe.

Bi Yu then grabbed a knife and threw it toward Ma Shuhe. However, Ma Shuhe was an experienced fighter, so he was able to dodge it easily.

Because Fu Jiye suspected that Bi Yu's opponent was skilled in fighting, she knew that she had to be the one to help Xiao Tian.

For this reason, she dashed toward Xiao Tian. But like Bi Yu, when she rushed toward Xiao Tian, Ma Gen suddenly appeared in front of her.

"Woman, your kick is strong. It hurt so much!" Ma Gen said as he touched his head. "But I won't be careless like before this time. Don't try to help your leader, because I won't allow you to disturb their fight. Your opponent is me."

Because Fu Jiye had to defeat Ma Gen quickly, she grabbed the tonfa and began to attack him.

When Lan Rouxi's people and his underlings wanted to help him, Xiao Tian shouted, "Don't interfere!"

Lan Rouxi's people and his underlings instantly stopped their footsteps. They had no idea why Xiao Tian forbade them to help him.

It was a war, not a competition, so there was no need to fight fairly. Almost all of Hawk gang members lost their will to fight, so all they had to do was defeat Jin Yimu and the war would be over after that.

"Why?" Chun Hua had no idea what was on Xiao Tian's head.

With them fighting Jin Yimu together, it would be easier and faster to defeat Jin Yimu. That was why she wanted to know why Xiao Tian forbade them to help him.

"I said don't interfere!" Xiao Tian was sure that he could defeat Jin Yimu alone.

It had been a long time since he fought a strong opponent, so he wanted to fight Jin Yimu alone. His blood was boiled in excitement. That was why he did not want anyone to help him.

"Hahaha." Jin Yimu could not help but laugh when Xiao Tian forbade his underlings to help Xiao Tian.

Earlier, he was afraid that Xiao Tian's underlings would help Xiao Tian in fighting him. Even though he was a master martial artist, but if he fought many people at once, he could lose the fight.

Not only were many of Xiao Tian's underlings skilled in fighting, but he was alone at that time. Even though he could defeat several of Xiao Tian's underlings alone, he would lose the fight due to exhaustion later.

In his view, Xiao Tian was a fool. That was why Jin Yimu laughed loudly.

Of course, Xiao Tian understood what was on Jin Yimu's head. "Don't get me wrong. The reason why I forbid them to help me is that I can defeat you quickly."

"Hahaha." Jin Yimu laughed. "Do you think I'm as weak as my underlings? Hahaha."

"You will know how weak you are later." Xiao Tian then prepared himself because he wanted to use the first secret move again.

When Jin Yimu noticed the expression on Xiao Tian's face, he knew that Xiao Tian wanted to use his secret move again. "Hey, do you think you can defeat me with your secret move? It's true that your secret move is deadly but I've seen your move earlier, so it's useless to me because I know how to dodge it."

Like what Jin Yimu had said, when Xiao Tian used his first secret move, Jin Yimu was able to dodge it. Of course, Xiao Tian managed to injure him. However, it was only minor injuries so he could still fight Xiao Tian.

It seems like I can't defeat him with the first secret move. Xiao Tian thought to himself.

At this moment, Xiao Tian knew that he had to use the second secret move. However, because he still hadn't mastered it, he didn't know whether he could defeat Jin Yimu with it or not.

Suddenly a memory from his past life emerged in his head.

"Chen, believe in yourself! Don't ever hesitate, especially in a fight." his past life martial master gave him a piece of advice. "The moment you are hesitating, it will be the moment when you become weak."

With that in mind, Xiao Tian decided to use the second secret move. He knew that he still hadn't mastered it, but he believed that he could master it now.

"What? You want to use the same move again?" at this moment, Jin Yimu thought Xiao Tian wanted to use the first secret move again. That was why he laughed again.

Xiao Tian exhaled and began to focused on Jin Yimu.

'Moon style sword of drawing techniques- Second Ceremony- Earth Breaker.'

Xiao Tian began moving in zig-zag five times before finally, he changed his movements to an 'X' pattern and finished it with an 'O' pattern.

Because the first and second secret moves had almost the same movement, Xiao Tian was only able to injure Jin Yimu a few times.

'Not enough! This is not enough to defeat him! I have to move faster and make my attack more deadly.'

As Xiao Tian was using the second secret move, his movements suddenly became faster and his attack also became deadlier. At this time, Xiao Tian finally mastered the second secret style.

This made Jin Yimu unable to smile anymore. He thought it was the same secret move, but he was wrong. He was utterly wrong.

*Slash...Slash...Slash...

Because it was deadlier than the first secret move, Jin Yimu finally could not dodge it anymore. The wounds he got earlier, were also getting worse.

Blood came out of his cheeks, hands, chest, and legs. Even though he had avoided Xiao Tian's attack which was aimed at the fatal area, he could not stand up anymore because his legs were badly injured.

"I didn't expect to lose to you." Jin Yimu said

"It's because you are weaker than me." Xiao Tian answered instantly.

Chapter 413 - Our Big Boss Is Amazing

5-7 minutes

Upon hearing Xiao Tian's words, Jin Yimu gritted his teeth. Even though he hated to admit it, but what Xiao Tian had said was true.

If he were stronger than Xiao Tian, it would be Xiao Tian, who was the one lying on the ground, not him.

At this moment, Bi Yu and the others also had defeated their opponents. And once again, they were surprised when they knew that Xiao Tian had defeated Jin Yimu.

"I didn't expect he would defeat Jin Yimu." Fu Jiyi, who was on Bi Yu's right side, spoke abruptly.

"Hmf! It's only Jin Yimu. I can also defeat him." Because Xiao Tian was far away from her, Bi Yu said what she thought.

"Are you still angry with him?" Fu Jiyi inquired.

Instead of answering, Bi Yu said something else. "I don't know what the leader sees in him."

"Actually, I also want to know about it." Fu Jiyi answered instantly.

Actually, all of Shi Fei's underlings wanted to know what made their leader fall in love with a young man like Xiao Tian.

They thought Xiao Tian didn't deserve to be their leader's boyfriend because their leader was an amazing person.

Even though Xiao Tian was a good-looking young man, but they were still many people who were more handsome than him.

They believed that it would not be hard for their leader to find a man who was more handsome than Xiao Tian.

However, since their leader had chosen Xiao Tian as her boyfriend, they didn't dare to question it, or else, Shi Fei would punish them later.

"Yes, we won!"

"Haha. We are stronger than Hawk gang now."

"Our big boss is amazing!"

"Yes. He even defeats Jin Yimu alone."

"Now we are not the weakest gang anymore."

One by one, the Blue Ice Lotus gang members expressed their happiness. Not only did they win the war, but none of them was seriously injured.

It was as if they didn't come to Hawk gang headquarters to have a war with them, but to bully them. Something like this had never happened in the past.

Every time they had a war with other gangs, many of them always ended up with seriously injured. It was the first time they won the war without getting severe injuries.

Chun Hua walked toward Xiao Tian and asked, "Boss, what should we do now?"

"Tie up all of them and take all their possessions." It was normal for winners to take all of the loser's possessions, so Xiao Tian wanted to take all their belongings.

Not only would it make them richer and stronger, but it would also prevent them from becoming a strong gang again.

With them taking all their possessions, it would make the Hawk gang become weak and hard to rebuild their gang.

"All right." Chun Hua replied before telling the others to take all the possessions of Hawk gang.

"What do you want to do with him, sir?" Fu Jiyi asked when she was next to Xiao Tian.

"There is only one outcome for someone who dares to try to kidnap my family." Xiao Tian answered instantly

"One outcome?" Fu Jiyi suddenly understood what Xiao Tian meant by it. "You want to kill him?"

"That's right." the reason Xiao Tian wanted to kill Jin Yimu was that he didn't want Jin Yimu to become a threat in the future. "But not now. I want to teach him a lesson for daring to try to kidnap my family."

Fu Jiyi and Bi Yu looked at Xiao Tian intently. They didn't expect that Xiao Tian still wanted to kill people.

"Are you not afraid the police will find out everything?" Fu Jiyi inquired.

"I have a way to hide it." his past life father had taught him a lot of ways to hide their crimes such as burying or burning them. That was why he was not afraid of killing people.

"What is it?" Fu Jiyi asked curiously

"You don't need to know." Xiao Tian answered instantly. "Let's return to Blue Ice Lotus gang headquarters."

Because Xiao Tian didn't want to tell her, Fu Jiyi didn't ask anymore.

After Chun Hua and the others finished taking all of the Hawk gang's possessions like certificates of ownership and the other, they returned to Blue Ice Lotus gang headquarters.

Of course, they took all Hawk gang members to their base because Xiao Tian suddenly wanted to make them their slave.

After they reached their base, Chun Hua told her underlings, "Put them in a secret prison."

"Understood." Chun Hua's underlings replied in unison.

Behind their headquarters, they were a secret prison in the basement. It was a place where tortured or imprisoned their enemies.

"Young master Xiao, we will take our leave now." Because their job was done, Lan Ruoxi's people wanted to return immediately so that they could guard the bar again.

"Thank you for helping me, brothers." Xiao Tian replied. "Please tell lady Lan that I will visit her tomorrow."

"All right." Lan Ruoxi's people immediately left.

"Sir, we will take our leave too." because Xiao Tian was not in danger anymore, Fu Jiyi and Bi Yu thought there was no point in staying at Blue Ice Lotus gang headquarters. That was why they wanted to leave too.

"All right. As a token of gratitude, I will give both of you a bonus this month, and you two can also take a day off tomorrow." Because Fu Jiyi and Bi Yu had helped him, Xiao Tian decided to reward them.

He wasn't the type to forget other people's help. If other people helped him, he would always remember it, and vice versa, if other people tried to cause trouble to him, he would not forget them.

"Thank you, sir." Fu Jiyi and Bi Yu didn't expect that Xiao Tian would reward them.

Even though they were fine if Xiao Tian didn't give them a reward, but they would not refuse it if he wanted to reward them.

After that, Bi Yu and Fu Jiyi left.

Chapter 414 - We Meet Again, Hong Family

7-9 minutes

After all his underlings gathered in the room, Xiao Tian spoke, "Let's go to the Hong family."

Even though they just finished having a war with the Hawk gang, Xiao Tian wanted to immediately go to the Hong family.

Xiao Tian didn't want to give the Hong family a chance to flee or hire another gang because it would be bad for them later.

Xiao Tian was sure that the Hong family still didn't know that they had destroyed the Hawk gang, so it was a perfect time to go to their house.

"Understood." Chun Hua also had the same thought as Xiao Tian.

The mastermind behind everything was the Hong family, so they had to teach them a lesson immediately.

And because none of the Blue Ice Lotus gang members were seriously injured, all of them wanted to go to the Hong family.

When Xiao Tian noticed that all of his underlings wanted to follow him, he immediately spoke, "There is no need for all of you to follow me. Ten of you follow me, and the rest stay here. Keep an eye on the Hawk gang."

Then Xiao Tian and ten of his underlings went to the Hong family.

Wanhui District, Hong family house.

Four people were currently sitting on the couch in the living room; Hong Guan Ji, Hong Jun, Hong Duan, and Yi Yi.

Because they had hired the Hawk gang to deal with Xiao Tian, they believed that Xiao Tian's fate would be in their hands later.

"I really can't wait to torture Xiao Tian." Hong Jun, who hated Xiao Tian to the bone, said as he clenched his fists.

Because the Hawk gang was stronger than the Blue Ice Lotus gang, Hong Jun believed that Jin Yimu would bring Xiao Tian to him tomorrow.

"Don't worry, son. We will let you torture Xiao Tian as you please later." Yi Yi also hated Xiao Tian to the bone.

Because Xiao Tian had taken half of their wealth, their family status was no longer an upper-class family.

Since their family had become a middle-class family, all of her friends mocked her every time they met. For this reason, her hatred for Xiao Tian was getting bigger and bigger every day.

Not only did Xiao Tian take half of their family's wealth, but he also made them lose their dignity. Now that all her friends knew that their family status was no longer an upper-class family, they didn't want to be friends with her anymore because, in their eyes, she was no longer deserve to be their friends.

Due to how much the hatred she had for Xiao Tian, she even planned to torture him too.

At this moment, Hong Guan Ji and Hong Duan only looked at Hong Jun and Yi Yi. Of course, they also hated Xiao Tian because Xiao Tian was the source of all the troubles in their family.

Hong Jun looked at his mother and said, "Mother, let's torture him together later."

"All right." Yi Yi replied as she nodded her head.

"How is it?" Xiao Tian inquired.

His underling, who had just returned from investigating the Hong family home, began to explain everything.

Currently, Xiao Tian and his underlings were near the Hong family house. They didn't immediately break into their home because they wanted to know how many people guarding their house.

And like what Xiao Tian had guessed, the Hong family increased the number of their bodyguards. In the past, they only had seven bodyguards and two security guards.

Now they had four security guards and fifteen bodyguards. Two bodyguards were standing at the front door while the others were patrolling the house.

At this moment, Xiao Tian was wavering whether they should break into their house immediately or attack the bodyguards and security guards secretly first.

However, because their house was surrounded by the wall fence as high as two and a half meters, it would be challenging to jump over the wall fence.

"What should we do, boss?" Chun Hua inquired. "Should we break into their house and attack them openly or try to climb the wall fence?"

"Let's climb the wall fence." After thinking for several seconds, Xiao Tian thought that climbing the wall fence was better because after climbing the wall fence, they could secretly attack the bodyguards and the security guards.

"All right." Chun Hua and the others immediately walked toward the wall fence.

Because the wall fence was quite high, Chun Hua immediately walked toward the wall and put her hands on it. "Sir, you can climb the wall fence first."

"There is no need for it." Xiao Tian put his katana behind his back and walked toward the opposite side of the wall fence.

'What is he doing?'

His underlings were curious why Xiao Tian suddenly walked toward the opposite side of the wall fence. When they saw Xiao Tian was about to run toward the wall fence, all of them were shocked.

'Wait! Does he want to climb the wall fence without our help?'

Xiao Tian immediately ran toward the wall fence. When he was about to hit the wall fence, he jumped and put his foot on the wall fence. Xiao Tian immediately pushed himself up and grabbed the top of the wall fence.

All his underlings were stunned when they saw Xiao Tian managed to climb the wall fence alone. Earlier, they thought they had to help Xiao Tian climb the wall fence, but they were wrong because Xiao Tian could climb the wall fence alone.

After Xiao Tian noticed that there were no bodyguards around them, he immediately jumped down the wall fence. "Hurry up and climb the wall fence."

Chun Hua and the others immediately climbed the wall fence. The backyard was large, with a swimming pool and several trees in it.

Xiao Tian and his underlings hid behind the trees and waited for the bodyguards to approach them. Not long after that, four bodyguards walked toward them.

Xiao Tian looked at his underlings and spoke in a low voice, "Get ready to attack them."

All his underlings nodded their heads. When the bodyguards were close to them, they immediately attacked the bodyguards.

Because it was a sudden attack, the bodyguards didn't have time to fight back. For this reason, Xiao Tian's underlings could knock them out in an instant.

Not long after that, another three bodyguards walked toward them. And like before, they could knock them out in an instant again.

In less than ten minutes, Xiao Tian and his underlings could defeat thirteen bodyguards and all of the security guards, so there were only two bodyguards left.

Because those two bodyguards kept guarding the door, Xiao Tian and his underlings decided to attack them.

When the bodyguards noticed Xiao Tian and his underlings, they immediately said, "Who are yo-"

However, before the bodyguards had finished their words, Xiao Tian and his underlings attack them. And like before, they could knock them out in an instant again.

Xiao Tian's lips curled into a grin. Now that they had taken care of the bodyguards and security guards, the fate of the Hong family was in his hands.

This time, Xiao Tian had no intention of forgiving the Hong family like in the past because he knew that the Hong family would try to attack him if he let them go again. "Let's get in."

Xiao Tian kicked the door and entered the house with his underlings.

"Who is it?" Hong Guan Ji shouted angrily.

"Yo. We meet again, Hong family." Xiao Tian replied.

Chapter 415 - Both Of You Are Stupid!

7-8 minutes

Hong Guan Ji, Hong Jun, Hong Duan, and Yi Yi were stunned upon seeing Xiao Tian and his underlings. They found it hard to believe what they were seeing.

Not only did the Hawk gang not destroy Xiao Tian's gang, but they even let Xiao Tian come to their house. What surprised them the most was that Xiao Tian was still alive and kicking.

This made them furious at the Hawk gang. The Hawk gang said that they would deal with Xiao Tian as soon as possible. They didn't expect that the Hawk gang would lie to them.

'That bastard Jin Yimu! What the hell is he doing right now? Why hasn't he dealt with Xiao Tian yet? He even let Xiao Tian come to my house.'

Hong Guan Ji gritted his teeth. Because Xiao Tian was in front of him, he knew that Xiao Tian had defeated his bodyguards and security guards.

Upon knowing that no one could save them anymore, Hong Guan Ji had no idea what they should do.

When Xiao Tian saw the expression on their faces, his lips curled into a smirk. "Why? Are you all disappointed to see me?"

"Why are you still okay?" since Hong Jun wanted to know why nothing happened to Xiao Tian, he decided to ask.

"Of course, it's because I always take care of myself." Xiao Tian answered instantly. "Oh, wait! I'm sure you all want to know why the Hawk gang still doesn't do anything to me, right?"

Xiao Tian's underlings laughed upon seeing their expressions. They really wanted to say that they had destroyed the hawk gang, but decided not to do so.

"Because I've destroyed the Hawk gang." Xiao Tian said as he laughed.

"What?" Hong Jun, Hong Guan Ji, Hong Duan, and Yi Yi said in surprise.

"Don't lie to us!" Hong Jun spoke.

Of course, they didn't believe Xiao Tian's words. The Hawk gang was stronger than the Blue Ice Lotus gang, so it was impossible for them to destroy the Hawk gang.

"Oh! You don't believe me?!" Xiao Tian had guessed that they would not believe it easily. "I know that the Hawk gang was stronger than my gang, but that was in the past because now, we are much stronger than them. If the Hawk gang is stronger than my gang, how could I possibly stand in front of you all? "

They began to think about Xiao Tian's words seriously. If the Hawk gang was indeed stronger than the Blue Ice Lotus gang, it was impossible for Xiao Tian to appear in front of them because the Jin Yimu had said that they would deal with Xiao Tian today.

Because Xiao Tian was the one who appeared in front of them, that meant the Blue Ice Lotus gang had indeed destroyed the Hawk gang.

The feeling of deep fear suddenly emerged within them. They didn't expect that the Hawk gang would lose to the Blue Ice Lotus gang.

Because many people said that the Hawk gang was stronger than the Blue Ice Lotus gang, they thought the Hawk gang could destroy Xiao Tian's gang and capture him, but they were wrong.

Hong Guan Ji, Hong Jun, Hong Duan, and Yi Yi looked at each other. At this time, they were thinking of a way to escape from Xiao Tian.

They knew if they fell into Xiao Tian's hands, he would torture them later. However, because none of them could do martial arts and Xiao Tian also came with his underlings, they knew that it was almost impossible to escape from him.

"Why are you all silent? I know that all of you are eager to capture me. Why don't you do it now? I'm even standing in front of you right now?" Xiao Tian really loved it when he saw the hopeless expression on their faces.

Because their family status was an upper-class family in the past, they always looked down on other people. Now that they could not do anything, it was so satisfying to see their expressions.

Hong Guan Ji suddenly remembered that he put the gun under the table in the afternoon. Even though it wasn't enough to kill all of them, at least he could kill Xiao Tian using a gun.

He was sure if he managed to shoot Xiao Tian with a gun, they could escape from them. Xiao Tian was the leader of the Blue Ice Lotus gang, so if something happened to Xiao Tian, his underlings would immediately worry about him and ignore them.

At that time, they could immediately run away from them. As long as they could escape from Xiao Tian, they could try to kill him again in the future.

For this reason, Hong Guan Ji squatted down and grabbed the gun. Without waiting for another second, he pointed the gun toward Xiao Tian and said, "DIE!"

However, before Hong Guan Ji could fire the gun, Xiao Tian had swung his katana.

*Swing...

Because the distance between Xiao Tian and Hong Guan Ji was not far, Xiao Tian managed to cut off Hong Guan Ji's right hand before he could fire the gun.

"AAAAAAA." Hong Guan Ji cried out in pain. The gun fell on the floor along with Hong Guan Ji's right hand.

Hong Guan Ji immediately pressed his right arm using his left hand. However, the blood still didn't stop coming out of his right arm.

Of course, Xiao Tian immediately grabbed the gun because he was afraid they would take the gun if he didn't immediately grasp the gun.

"Father!" Hong Jun and Hong Duan were worried when they knew that Xiao Tian had cut off their father's right hand.

"Dear.." Yi Yi's face went pale when she saw blood coming out of his right hand.

"That is the price for trying to kill me!" actually, Xiao Tian had guessed that Hong Guan Ji was hiding a weapon near him.

Hong's family was a former upper-class family, so he believed that at least they had one gun. That was why Xiao Tian didn't let his guard down since he entered their house.

"How dare you cut off my father's right hand!" Hong Jun couldn't control his emotions and dashed towards Xiao Tian.

However, before he could hit Xiao Tian's face, Xiao Tian stabbed Hong Jun's mid-torso with his katana.

Even though there was a gun in his hand, Xiao Tian decided not to use it because the gun's sound could attract people's attention. That was why Xiao Tian used his katana to attack Hong Jun.

*Cough

Hong Jun fell on the floor, and blood splashed out of his mouth. He looked at his white T-shirt that had turned into red.

"Big brother!" Hong Duan dashed toward his big brother.

Actually, Hong Duan was surprised when Hong Jun tried to attack Xiao Tian earlier. He wanted to stop Hong Jun, but it was too late.

"Like father like son. Both of you are stupid!" Xiao Tian had no idea what was on Hong Jun's head when Hong Jun tried to attack him earlier.

Hong Jun should have known that there was no point in attacking him barehanded because Xiao Tian had a katana in his hand.

Xiao Tian then looked at his underlings and spoke, "Bring them to our base."

Because they could not fight Xiao Tian and his underlings, Yi Yi, and the others didn't fight back when Xiao Tian's underlings wanted to bring them to Blue Ice Lotus gang headquarters.

Chapter 416 - Long Live Blue Ice Lotus Gang

7-8 minutes

When they reached their base, Xiao Tian immediately spoke, "Give them first aid because I still don't want them to die."

The reason Xiao Tian ordered his underlings to treat Hong Guan Ji and Hong Jun was that he wanted to take their family's wealth later.

It would not be easy to take their wealth if Hong Guan Ji and Hong Jun died. That was why he ordered his underlings to provide them with first aid.

Because it was still 08:00 pm, Xiao Tian thought it would be better to make his underlings relax. "Chun Hua, buy food and beverages. Let's have a small party now."

"What? Party?" one of Xiao Tian's underlings spoke. "Boss, you want to throw a party now?"

"Yes." Xiao Tian replied as he nodded his head. "All of you have helped me in destroying the Hawk gang and captured the Hong family, so this is a small gift from me. Don't worry. I will reward you all again later."

"We will have a party now."

"Long live our boss."

"Yes. I love the party."

"Me too. I also love the party."

"Not only you two, but I'm also sure everyone loves a party."

Xiao Tian's face broke into a smile when he saw the expression on their faces. He didn't expect that he could make his underlings happy just by having a party.

Even though they are gang members, they are still human, so it's normal if they like a party. Xiao Tian thought to himself.

Then Chun Hua and five other people went to buy food and beverages. Xiao Tian's other underlings immediately prepared the place so that they could have a party right away when Chun Hua returned to their headquarters.

After they finished preparing everything, they waited patiently. Thirty minutes later, Chun Hua and the others returned to their base.

A smile instantly appeared on their faces when they saw Chun Hua and the others. Because they wanted to start the party immediately, they helped Chun Hua prepare the food and drinks.

After they prepared everything, they didn't immediately eat; instead, they looked at Xiao Tian.

The corner of Xiao Tian's lips twitched upon seeing them. Of course, Xiao Tian knew that they wanted him to give a speech before they ate together.

At this moment, Xiao Tian had no idea what he should say to them because it was the first time for him to be the leader of a gang.

'Damn! What should I say at a time like this?'

However, because his underlings wanted him to give a speech, he had no choice but to do it. "Today, we managed to destroy the Hawk gang. With this, the other gangs will know that the Blue Ice Lotus gang is not the weakest gang anymore. But this is only the beginning. Even though we are still not the strongest gang yet, but someday I will make our gang the strongest gang in Shanghai. I will make other gangs tremble in fear whenever they hear the name of our gang. We will take back our past glories and become the strongest gang in Shanghai."

Even though Xiao Tian knew the reason they could win the war against the Hawk gang was that Lan Ruoxi's people, Bi Yu and Fu Jiyi had helped them, but a win was still a win.

Xiao Tian raised his right arm and shouted, "Long live Blue Ice Lotus gang."

'What the fuck am I saying?'

Xiao Tian suddenly felt embarrassed after saying that. However, he really intended to make his gang stronger because he knew that he would need his gang again in the future.

If his gang were weak, his dream would be difficult to achieve because he knew that he would not be able to become the wealthiest person without the help of his gang.

"Long live Blue Ice Lotus gang."

"Long live Blue Ice Lotus gang."

"Long live Blue Ice Lotus gang."

"Long live Blue Ice Lotus gang."

One by one, the Blue Ice Lotus gang members followed his words.

"Let's eat now." Xiao Tian knew if he didn't say it, his underlings would not start eating the food.

Upon hearing Xiao Tian's words, his underlings began to eat the food.

"Boss, you were so cool when you used your secret move." One of his underlings said abruptly.

"That's right, boss. What is the name of that move?"

"Boss, can you teach me that move?"

"Teach me too, boss. I want to learn that cool move."

His underlings were shocked when they saw Xiao Tian's secret move earlier. When they saw it, they suddenly wanted to learn it.

Of course, they knew that they could not force Xiao Tian to teach them that secret move. But they still hoped that Xiao Tian would teach them that secret move.

"The name of the martial art that I've been learning is called Moon Sword Martial Arts." Because his underlings wanted to know the name of the martial art he had been learning, he decided to tell them.

All his underlings were shocked upon hearing Xiao Tian's words. Earlier, Xiao Tian didn't want to tell them the name of the martial art he had been learning. They just didn't expect that Xiao Tian would tell them about it.

Of course, they were happy about it because they finally knew the name of the martial arts that Xiao Tian had learned.

"I've never heard of it."

"Me too."

"This is my first time hearing it."

"I don't know there is a martial art called Moon Sword Martial Arts."

Xiao Tian had guessed that they would say something like that because he was sure there was no martial art called Moon Sword Martial Arts in his current life. "In the future, I will teach you this martial art, but you can't teach it to other people."

"Boss, can't you teach us tomorrow?"

"Yes, boss. Teach us that martial art tomorrow."

"We also want to be strong like you, boss."

"There is a reason why I can't teach you tomorrow." Xiao Tian still hadn't mastered all the secret moves, so he didn't want to teach them because it could take him longer to master the secret moves. "Don't worry. I will find a strong martial artist to teach you in the future."

"Thank you, boss."

"Thank you, boss."

"Thank you, boss."

"Thank you, boss."

Even though they were disappointed that Xiao Tian didn't want to teach his martial art to them tomorrow, they didn't force him.

"Alright, let's continue eating." Xiao Tian spoke.

That night, Xiao Tian and his underlings had a party until 11:00 pm before finally, Xiao Tian went to his apartment.

Jiazu district, Xiao Tian's house.

Currently, Ye Xueyin and Ye Qingyu were sitting on the couch in the living room. From the expression on their faces, anyone could tell that they were sad.

"Qingyu, it seems like Tian won't come home again today." Earlier, Ye Xueyin immediately headed toward her son's room after she arrived home, hoping that she could see him.

However, when she was in his room, his room was empty. She kept waiting in the living room, hoping that Xiao Tian would return home.

Because it was already 11:00 pm, Ye Xueyin knew that her son would not return home again. That was why she was sad.

At this moment, Ye Qingyu could only sigh. She also didn't expect that Xiao Tian would not return home again.

Chapter 417 - I Also Feel Lucky To Have You As My Man

6-8 minutes

"I'm home." Xiao Tian said after he stepped into his apartment.

Earlier, before he traveled to his apartment, he went to Stars Clothes company to take a bath because his clothes and body were covered in blood.

He knew that his women would be worried if they saw him covered in blood. That was why he decided to take a shower before going to his apartment.

'Where are they? Are they sleeping?'

Because Liu Ning and Shi Fei were not in the living room, Xiao Tian immediately headed towards his room because he thought they were in his bedroom.

Like what Xiao Tian had guessed, Shi Fei and Liu Ning were in his room. They were lying down on the bed while talking happily.

When they noticed Xiao Tian, they said in unison, "Welcome home."

With a soft smile on his face, Xiao Tian walked towards them, "Both of you seem happy. Did anything good happen today?"

"We only have a girl talk." Shi Fei answered before turning her head towards Liu Ning, "Isn't that right, Ning?"

"Yes." Liu Ning replied as she nodded her head.

"Girl talk?" Xiao Tian really loved it when he saw Shi Fei and Liu Ning getting along like that. "What were you two talking about?"

"Secret." Shi Fei answered before giggling.

"Oh! So now my women dare to hide something from me, huh?" Xiao Tian pinched the cheeks of Shi Fei and Liu Ning.

He knew since his other women learned that he was cheating on them, and several problems appeared one after another, Xiao Tian always treated Liu Ning and Shi Fei a little cold.

Not only did he not often spend time with them, but his personality also changed drastically. Of course, Xiao Tian knew that he should not behave like that because they were his women.

For this reason, Xiao Tian tried to treat them nicely again like before.

At this moment, Liu Ning and Shi Fei looked at each other. Since Xiao Tian had a lot of problems, he turned into a cold person and rarely smiled.

That was why when they noticed that Xiao Tian's behavior returned to the way it was before, they were shocked. Of course, they were pleased by it because that meant, he had become more mature now.

Shi Fei and Liu Ning immediately pushed Xiao Tian until he fell on his back. Without waiting for another second, both of them kissed his cheeks and smiled happily.

"Little brother, I like your current behavior the most." Shi Fei voiced out her real feeling

After Liu Ning and Shi Fei laid down on both of his sides, he stroked their hair and apologized, "I'm sorry for often ignoring you two in the past few weeks. I promise I won't do it again."

"Mmm. It's fine." Liu Ning shook her head. "We understand it, so you don't have to feel guilty."

"That's right. As long as you won't leave us and keep loving us, we will always support you and stand by your side." Shi Fei then looked at Liu Ning. "Isn't that right, Ning?"

"Yes." as his women, it was their job to support him. That was why Liu Ning never complained when Xiao Tian's behavior changed or when he rarely spent time with them.

Xiao Tian kissed the forehead of Shi Fei and Liu Ning and smiled softly. "I really lucky to have both of you as my women."

"I also feel lucky to have you as my man." even though Xiao Tian hadn't done many things for her, but Liu Ning was indeed happy to be his woman.

"Me too." Shi Fei added.

"Oh, right, if you want, you can return to your home tomorrow because I've solved my problems." Xiao Tian had destroyed the Hawk gang and captured the Hong family members, so it would be fine if Shi Fei and Liu Ning wanted to return to their home again.

"Really?" of course, Shi Fei knew about it because Bi Yu and Fu Jiyi had told her everything. However, she had to pretend as if she knew nothing because she didn't want to make Xiao Tian suspicious of her.

"Yes." Xiao Tian replied instantly. "But if you still want to stay here, you can also do that."

"What do you think, Ning?" Shi Fei inquired

For her, there was no difference in staying at Xiao Tian apartment or their house because as long as they could be with Xiao Tian, anywhere was fine.

"Tian'er, I like living in your apartment, but if we continue living in your apartment, our house will continue to be empty. That's why I want to return to my house." There were two reasons why Liu Ning wanted to return to her house.

First, she didn't want her house to remain empty and have no one to occupy it. And second, there was a high chance that others would find out that they were living with Xiao Tian.

It was not that she didn't want others to know that they were living together, but she didn't want to reveal Xiao Tian's identity.

The reason Xiao Tian bought an apartment was for a place to live when he pretended to be Qing Feng. Many people had known that they were Xiao Tian's women because they already went on a date several times.

That was why if other people knew that they were living in his apartment, they would be suspicious of Xiao Tian later.

"Little brother, let's live together in our house." Xiao Tian had been living with them for several weeks, so Shi Fei was used to sleeping with him or seeing his face after waking up. That was why she asked Xiao Tian to live with them in their house.

"That's right, Tian'er. Let's live together in our house." Like Shi Fei, Liu Ning was also used to sleeping with Xiao Tian. Since they lived together, she was happier because she could always spend time with Xiao Tian.

Xiao Tian looked at them for about three seconds before answering. "All right."

"Yay." Shi Fei said happily before finally, she kissed Xiao Tian's cheeks again.

Of course, Liu Ning was also thrilled by that because with this, they could spend time together every day again.

Xiao Tian's face broke into a smile when he saw their happy expression. "Ning'er, Fei has kissed my cheeks earlier. Why haven't you kissed my cheeks yet?"

Liu Ning looked at Xiao Tian for about three seconds before finally, her face blossomed into a smile. Even though his words surprised her a little, but she still kissed his cheeks.

"Because both of you have kissed me, now it's time for me to kiss you two." Without waiting for another second, Xiao Tian laid prone on top of Liu Ning and kissed her lips.

Liu Ning widened her eyes for a second when Xiao Tian suddenly did something like that. Of course, she immediately welcomed the kiss.

And like usual, the normal kiss only lasted for about three seconds before finally, it turned into a passionate kiss where they lewdly intertwined their tongues and drank their saliva.

After Xiao Tian had a hot kiss with Liu Ning, he kissed Shi Fei's lips. Of course, they also had a passionately kiss.

Chapter 418 - Why Are You Two Looking At Me Like That?

8-10 minutes

After they had a passionate kiss, Xiao Tian, Shi Fei, and Liu Ning talked for several minutes. That night, they didn't have sex because they only wanted to chat and enjoy their time together.

The following morning, Xiao Tian returned home because he believed his mother and aunt also wanted to spend time together with him or see him.

Ye Xueyin and Ye Qingyu, who were cooking breakfast in the kitchen, stopped what they were doing. When Ye Xueyin heard the sound of Xiao Tian's car, she dashed towards the guest room.

Ye Xueyin really wanted to see her son, so she didn't care about cooking when she knew that her son had returned home.

'Ah! I forget to bring something for my mother and aunt.'

Actually, Xiao Tian wanted to buy a cake for his mother and aunt because they liked the cake very much. However, because he had already reached his home, Xiao Tian decided not to buy it.

After Xiao Tian opened the door, he immediately spoke, "I'm ho-"

Before Xiao Tian had finished his words, his mother, who missed him very much, instantly embraced him when she saw him. "Tian....."

Of course, Xiao Tian knew his mother's feelings. With a soft smile on his face, Xiao Tian hugged her too and spoke, "I'm home, mother."

At this moment, Ye Xueyin didn't answer; instead, she embraced him tighter. She hugged him tightly as if Xiao Tian would disappear again if she didn't embrace him tightly.

Because of how tightly his mother hugged him, Xiao Tian had difficulty breathing. "Mother, can you loosen your hug? I can't breathe."

Ye Xueyin finally realized that she embraced her son too tight. For this reason, she stopped hugging him and replied, "Tian, you won't disappear again, right?"

Because last time, Xiao Tian disappeared when she was sleeping, she was afraid that he would disappear again.

'Disappear? What do you mean by disappear? I only live with the women who I love the most.'

Xiao Tian answered instantly in his head.

Of course, he would not say it because he knew that his mother would be sad if he said something like that. "No. I won't disappear again."

"Really?" Ye Xueyin inquired

"Yes." even though Xiao Tian planned to often sleep at Liu Ning's house, he had to say it because he didn't want to see his mother sad. "Let's head to the living room."

"Un." Ye Xueyin replied as she nodded her head.

As they were walking toward the living room, Ye Xueyin hugged his right arm and kept looking at him.

Because Xiao Tian wanted to make his mother happy, he stopped his footsteps.

This made Ye Xueyin stunned. For this reason, she immediately asked, "What's wrong, Tian?"

Without giving her a warning, Xiao Tian carried his mother. He then placed both of his hands on her buttocks so that she would not fall.

His actions surprised her a lot. Of course, she didn't complain; instead, she immediately wrapped her long slender arms around his neck.

In the past, Xiao Tian often carried her like that, so she could not help but happy when he carried her again.

She really missed being carried by her son because it had been more than two weeks since he carried her like that.

When they stepped into the living room, Xiao Tian saw his aunt standing near the couch, waiting for them.

Like her big sister, Ye Qingyu also missed Xiao Tian. That was why she turned off the stove fire and waited in the living room. At first, she also wanted to head to the guest room but decided not to do it.

After Xiao Tian put his mother on the couch, he stood in front of his aunt and smiled, "I'm home, aunt."

Like what Ye Xueyin had done earlier, Ye Qingyu instantly embraced him and replied, "Welcome home, Tian."

After Ye Qingyu stopped the hug, Xiao Tian cupped her face and spoke in a soft voice, "Don't make an expression like this, or else, your beautiful face will be ruined. The thing most suitable for a beautiful woman like you is smiling, not showing a sad expression like this."

Even though Xiao Tian knew that she was not sad, but because her expression was like she was sad, Xiao Tian said something like that.

"Un." Ye Qingyu nodded her head before smiling.

"What were you two doing earlier?" Xiao Tian inquired

"We were cooking breakfast." Ye Qingyu answered instantly.

"Oh! You better continue cooking breakfast so that you can quickly have breakfast." Xiao Tian said. "I will be waiting in my room because there is something I want to do."

"All right." Ye Qingyu replied before walking toward the kitchen.

When Ye Qingyu headed towards the kitchen, Ye Xueyin followed her because she wanted to help Ye Qingyu in cooking breakfast so that they could finish cooking breakfast faster.

Not long after that, they finished cooking breakfast. And because Ye Xueyin wanted to eat breakfast together with her son, she headed towards his room. "Tian, have you had breakfast? We have finished cooking breakfast."

"No. Let's eat together." even though Xiao Tian already had breakfast with Shi Fei and Liu Ning, he decided to lie to his mother because he knew that they wanted to eat breakfast with him.

"Un. Let's eat breakfast together." Ye Xueyin answered happily when he said that he hadn't had breakfast yet, because that meant they could eat together.

As they were eating breakfast, Ye Xueyin and Ye Qingyu often looked at Xiao Tian. This made Xiao Tian unable to eat properly. "Why are you two looking at me like that? Both of you have to eat properly because you two can be late for work later. "

"Un." Ye Xueyin and Ye Qingyu answered in unison.

After they finished eating breakfast, Xiao Tian was stunned when he saw his mother and aunt still sitting on the chair. "Why are you two still sitting on the chair? If you two keep sitting on the chair, the two of you will be late for work later."

At this moment, Ye Xueyin and Ye Qingyu didn't answer and still looked at him.

Of course, Xiao Tian knew that they still wanted to spend time together with him. However, because he wanted to meet Lan Ruoxi, he had to make his mother and aunt go to work or else, he would not be able to meet Lan Ruoxi. "Do you want me to drive you to your workplace?"

"All right." Ye Xueyin and Ye Qingyu answered in unison.

Even though they still wanted to spend time with Xiao Tian, but they had to go to work. That was why they immediately agreed when Xiao Tian said that he wanted to drive them to their workplace.

After they took a bath and changed their clothes, Xiao Tian drove them to their workplace. Because his mother's workplace was closer, Xiao Tian sent his mother first.

And like what Xiao Tian had guessed, his mother actually didn't want to go to work and desired to spend time together with him. "Mother, we can spend time together again later, so don't be sad."

"Really?" Ye Xueyin inquired.

"Yes." Xiao Tian replied as he nodded his head.

Because Xiao Tian said that they could spend time together later, Ye Xueyin got out of the car and entered her coffee shop.

After that, Xiao Tian drove his car toward the Golden Bag company. And after several minutes of driving, they finally arrived at the Golden Bag company. "Aunt, we have arrived."

At this moment, Ye Qingyu didn't immediately get out of the car; instead, she looked at him intently.

"What is it?" Xiao Tian asked curiously.

Instead of answering, Ye Qingyu cupped his face and kissed his lips. Her actions surprised Xiao Tian very much. Of course, he let her do whatever she wanted and only looked at her in the eyes because he knew her feelings.

After pressing her lips against his for about ten seconds, Ye Qingyu stopped the kiss and got out of the car. "See you at home."

"Un," Xiao Tian nodded his head.

After Ye Qingyu entered the company, Xiao Tian drove his car toward the Red Flower bar. After several minutes of driving, Xiao Tian finally arrived at Red Flower bar.

After Xiao Tian entered the bar, Lan Ruoxi's people guided him to the waiting room. Not long after that, a seductive voice rang out, "Oh, young master Xiao, what brings you to my bar?"

Chapter 419 - Do You Know That You Are Inviting A Wolf Into Your Den?

7-9 minutes

After Lan Ruoxi entered the guest room, she didn't immediately sit on the couch; instead, she stood in front of Xiao Tian and spoke, "Young master Xiao, let's talk in a private room. This room is not suitable for us to talk freely."

At this moment, Lan Ruoxi thought that Xiao Tian wanted to discuss something important with her. That was why she wanted them to change rooms because she was afraid that someone might coincidentally overhear their conversation later.

"All right." Xiao Tian also thought that the waiting room was not the best place for them to talk.

After that, they headed toward the private room. The private room was quite large, with luxurious furniture adorning the room.

After they sat on the couch, Lan Ruoxi looked at him and asked, "So, what brings you here?"

"I just want to say thank you for helping me." Xiao Tian gave her an honest answer.

'That's all?'

Lan Ruoxi was a little surprised upon hearing his words because she thought he would say that he needed her help in something.

Maybe I'm overthinking. Lan Ruoxi thought to herself.

"I heard from my people that you were the one who defeated Jin Yimu. I didn't think that young master Xiao is so strong." After her people returned to the bar, they informed her what had happened when they had a war with the Hawk gang.

Of course, Lan Ruoxi had guessed that Xiao Tian's gang would win the war because she had sent the best fighters to help him, and two of Shi Fei's best underlings were also helping him.

However, what surprised her the most was that Xiao Tian was the one who defeated Jin Yimu because she thought the one who would beat Jin Yimu would be Bi Yu or Fu Jiyi.

Lan Ruoxi's underlings also informed her that they had no idea what kind of martial arts Xiao Tian had learned because they had never seen his martial arts.

Not only was the martial arts he learned too terrifying, but it also had secret moves. Lan Ruoxi was surprised when her underlings said that Xiao Tian killed ten people in less than ten seconds.

Lan Ruoxi even wondered who his martial arts master was and what was the name of the martial arts he had learned.

At first, she wanted to investigate it but decided not to do that because she was afraid that Xiao Tian would be angry if he knew about it.

Because Xiao Tian had defeated a master martial artist, it meant that Xiao Tian's fighting skill was also on the same level as that of a master martial artist.

She just didn't expect that Xiao Tian, who was only nineteen years old, had become a master martial artist. Of all people she knew, only one person could achieve that, and that person was none other than Zhao Sheng.

However, Zhao Sheng was from a martial arts family, so she could understand it. While Xiao Tian, on the flip side, was not from a martial arts family.

This made Lan Ruoxi wonder who was the more genius in martial arts; Xiao Tian or Zhao Sheng.

Lan Ruoxi, who was sitting in front of him, rose from the couch and sat next to him. "Young master Xiao, what is the name of the martial art you have learned, and who is your master?"

"You wouldn't know even if I told you about it," Xiao Tian had no idea why everyone wanted to know the name of the martial arts he had learned.

"But I want to know it." of course, Lan Ruoxi didn't give up because she was really curious about it. "Hey, just tell me. You can treat it as my reward for helping you."

Because Lan Ruoxi had said something like that, Xiao Tian decided to tell her. "The name of the martial arts I have been learning is Moon Sword Martial Arts."

"Moon Sword Martial Arts?" Lan Ruoxi touched her chin and tried to remember all the names of the martial arts she knew. However, none of the martial arts she knew had a name like that. This made Lan Ruoxi even more curious about it. "What is the name of your martial arts master?"

At this moment, Xiao Tian had no idea how to answer it because his martial arts masters were from his past life.

But because he didn't want to lie about his martial arts masters, Xiao Tian gave her an honest answer. "Lin Feng."

Lin Feng was the name of one of his martial arts masters. Another his martial arts master's name was Qing Wen Tian.

Lin Feng was the one who taught him Moon Sword Martial Arts while Qing Wen Tian was the one who taught him Dragon Hands Martial Arts.

The reason Xiao Tian used Qing Feng as his name for his other identity was that it was a mixture of the names of his martial arts masters.

It was not like Xiao Tian wanted to disrespect his martial arts masters; instead, it was the opposite.

Even though his martial arts masters had often forced him to train hard, he knew that it was for him, not for them.

"Lin Feng?" Lan Ruoxi tried to remember all the famous martial artists or grandmaster martial artists named Lin Feng, but just like before, she couldn't remember it. "Who is he?"

"My master said that he didn't want other people to know about him, so he forbade me to reveal his identity." Xiao Tian decided to lie to Lan Ruoxi because he had no other choice.

Upon hearing his words, Lan Ruoxi knew that she would not get any information about his martial arts master. For this reason, she didn't ask about it anymore.

At least, she knew the name of the martial arts he had learned. "So, is there any other reason you came to my place?"

"No," the reason Xiao Tian came to Red Flower bar was only to say thank you to Lan Ruoxi. He didn't have any other motive because, at that time, he didn't need anything.

"Young master Xiao, I was invited to attend a banquet in Beijing in four days. Can you accompany me?" Lan Ruoxi inquired.

Banquet? Beijing? Xiao Tian thought to himself.

"Why did you choose me?" Xiao Tian had no idea why Lan Ruoxi wanted him to accompany her.

With her beauty and status, he was sure that she could ask many important people to accompany her. He just wanted to know why she chose him of all people she knew.

"Because I want you to accompany me." it was true that she could ask many people to accompany her, but she didn't want to do that because all of them would take advantage of the situation later.

Of all men she had met or knew, Xiao Tian was the only one who looked like he had no interest in her. That was why she wanted him to accompany her to attend a banquet in Beijing.

At this moment, Xiao Tian didn't immediately answer and only looked at her in the eyes. He was wavering whether he should accompany her or not.

Xiao Tian was sure if he accompanied her to attend the banquet in Beijing, it would take at least four days to return to Shanghai, and he would not be able to see his women if he went to Beijing with her.

However, because Lan Ruoxi had helped him many times, Xiao Tian didn't know how to refuse it. "Fine. I will accompany you."

Even though he would not be able to spend time with his women for several days later, Xiao Tian didn't mind it because he could do that after he returned to Shanghai.

Of course, Xiao Tian would explain it to his women because he didn't want his women to misunderstand him.

Lan Ruoxi, who was sitting on his right side, instantly sat on his lap and replied, "Good!"

At this moment, Xiao Tian behaved normally because it was not the first time for Lan Ruoxi to sit on his lap. "Now I know why you want me to accompany you to attend the banquet. Do you know that you are inviting a wolf into your den?"

Instead of feeling afraid or shy, Lan Ruoxi brought her face closer towards his right ear and whispered, "I'm not afraid of wolves."

"Don't blame me if you regret it later." Xiao Tian spoke.

"I won't blame you." Lan Ruoxi answered as she giggled.

Chapter 420 - Did You Finally Take A Fancy To Me?

6-8 minutes

Xiao Tian suddenly remembered something important. "Can you help me find a guy named Tan Fu?"

Tan Fu was involved in everything, so Xiao Tian didn't want to let him go easily.

Lan Ruoxi covered her mouth and giggled. "Didn't you say that you only came to thank me? So, what is this? Hehe."

Of course, Lan Ruoxi would help him. The reason she said it was that she wanted to tease him. For her, finding a person was easy because she had a lot of connections.

"Well, it's because you want me to accompany you to go to Beijing later. Let's just say that it's my reward for helping you." at first, Xiao Tian wanted to find Tan Fu alone, but because Lan Ruoxi wanted him to accompany her to attend the banquet in Beijing, he decided to say it.

It was the perfect time to ask her to help him, so Xiao Tian would not let the opportunity slip away.

"Oh! So, you want me to help you find Tan Fu as your reward?" Lan Ruoxi then brought her face closer towards Xiao Tian's right ear. "Are you sure about it? Just for information, I intend to grant whatever your wish as a reward, you know? For example, you can ask me to do adult things with you."

Because Lan Ruoxi kept teasing him, Xiao Tian decided to tease her back. "Oh, that's a brilliant idea! How about you sleep with me now?"

Actually, Xiao Tian didn't intend to seduce or tease her because, in his eyes, Lan Ruoxi was sly as a fox. That was why Xiao Tian never let his guard down whenever he was with her because Xiao Tian was sure that she would take advantage of him one day.

In his past life, he had met several women who had the same personality as her. For this reason, Xiao Tian was even more sure that she would ask him to do something big in the future.

Of course, Xiao Tian knew that their relationship was only at the level of a business relationship. He only hoped that the things she would ask for in the future weren't something that could harm the people who were important to him.

"Oh! Did you finally take a fancy to me?" Lan Ruoxi knew that Xiao Tian was a playboy like Zhao Sheng, so she was not surprised upon hearing his words. "I'm fine if you want to sleep with me? Do you want to do it now? If so, we can head to my room right now?"

"Sure. Let's head to your room now." Xiao Tian wanted to know how far she would continue teasing him.

Even though Xiao Tian had no interest in Lan Ruoxi, but he kept behaving as if he had a crush on her.

"I'm fine with it. Let's head to my room now." Lan Ruoxi also had the same thought as Xiao Tian. She wanted to know how far Xiao Tian would continue behaving like that.

However, when they were about to stand up, someone suddenly knocked on the door.

"Come in." Lan Ruoxi spoke while still sitting on Xiao Tian's lap.

After Lan Ruoxi gave permission to enter the private room, the door was opened, and a lady in her twenties came into sight.

When Xiao Tian noticed who she was, the feeling of deep shock emerged in his heart. He didn't expect that he would meet Su Ruyan again.

Of course, Xiao Tian didn't show it on his face and only stared at Su Ruyan as if she was only one of Lan Ruoxi's employees, not his former employee.

Like Xiao Tian, Su Ruyan was startled when she saw Xiao Tian. However, what surprised her the most was that Lan Ruoxi was sitting on Xiao Tian's lap. For this reason, she stopped her footsteps.

Of course, Su Ruyan knew that Lan Ruoxi had a close relationship with Xiao Tian. She just didn't expect that their relationship was much closer than she thought.

Ever since she worked at Lan Ruoxi's bar, she had never seen Lan Ruoxi behave like that with other guests. That was why she was astonished when she saw Lan Ruoxi sitting on his lap.

And from the expression on their faces or the atmosphere around them, they were in a lovey-dovey moment.

'Just how close is their relationship? Are they going out?'

Su Ruyan could not help but think like that. She still found it hard to believe what she was seeing.

Xiao Tian returned his attention to Lan Ruoxi and asked "She is working at your bar?"

Of course, Xiao Tian knew that Lan Ruoxi and Su Ruyan had become friends. He also knew that Lan Ruoxi was the one who helped Su Ruyan in the past. He was just a little shocked when he found out that Su Ruyan was working at Lan Ruoxi's bar.

"Yes. She didn't have a job, so I offered her a job at my bar and she accepted it." at this moment, Lan Ruoxi was still sitting on Xiao Tian's lap. She didn't care even though Su Ruyan saw her sitting on his lap. Lan Ruoxi even behaved as if Su Ruyan was her other underlings.

"I see." Xiao Tian didn't care whether Su Ruyan worked at Lan Ruoxi's bar or not because Su Ruyan was no longer his employee.

"But I only let her work as a housemaid. Her job is only to clean up the room or help the chef. Usually, she only works in the kitchen." actually, Lan Ruoxi also didn't want to let Su Ruyan work at her bar because Su Ruyan was still innocent, but she could not continue supporting Su Ruyan.

For this reason, Lan Ruoxi gave Su Ruyan a job. Of course, Lan Ruoxi didn't let Su Ruyan work as a bartender or something like that because it was too dangerous for Su Ruyan.

Lan Ruoxi then glanced at Su Ruyan and inquired, "What are you standing there for? And why do you want to see me?"

Upon hearing Lan Ruoxi's words, Su Ruyan instantly marched towards Lan Ruoxi. However, when she was next to Lan Ruoxi, Su Ruyan looked at Xiao Tian and spoke, "Young boss."

Because Xiao Tian used to be her boss, Su Ruyan unconsciously greeted Xiao Tian when she was near him.

"How many times do I have to tell you. I'm not your boss anymore." Xiao Tian was startled when Su Ruyan suddenly greeted him.

Su Ruyan was heartbroken after hearing his words. She knew that she had betrayed him in the past, but his voice when he said it was too cold as if he didn't know who she was.

Lan Ruoxi could not help but sigh upon hearing Su Ruyan's words. Instead of informing her why she wanted to see her, Su Ruyan greeted Xiao Tian instead.

Of course, Lan Ruoxi was not angry with Su Ruyan because she knew that Xiao Tian used to be Su Ruyan's boss.

Lan Ruoxi just didn't expect that Su Ruyan still treated Xiao Tian as if he was still Su Ruyan's boss. "Tell me, why do you want to see me?"

"Ah!" Su Ruyan suddenly remembered the reason why she wanted to see Lan Ruoxi. "There are two people who want to meet you. They are in the waiting room right now."

"Tell them that I have an important guest right now and will meet them later." Lan Ruoxi spoke.

"All right." Su Ruyan immediately left.
