Chapter 451 - Thank You, Elder

"What?! He wants to take their money?"

"Is he also a thug?"

"Maybe. Only thugs steal other people's money."

"He looks like normal young man. I didn't expect that he is also a thug."

"Appearance can indeed deceive other people."

"No wonder he is good at fighting."

One by one, everyone voiced out their thoughts when they witnessed Xiao Tian taking Jinhai and Gui's wallet.

Because they assumed that Xiao Tian wanted to steal Jinhai and Gui's money, they thought Xiao Tian was a delinquent.

"Can all of you shut up!" Xiao Tian was enraged when all of them bad-mouthed him. "They are the ones who ruin this place, so I just want to help the owner ask them to compensate for the things they have destroyed."

Xiao Tian's words dropped the entire area into dead silence.

They didn't expect that Xiao Tian would say something like that. He was also the one who destroyed the stall, but he behaved as if he only wanted to help the street vendor owner ask Jinhai and Gui to compensate for destroying the place.

Xiao Tian was a little astonished when he saw their money.

'Wow! They have quite a lot of money.'

In total, Jinhai and Gui had 10,000 Yuan. Without thinking twice, Xiao Tian took all of their money and marched towards the street vendor owner.

"Wha-what do you want?" the owner spoke with terror in his eyes.

His body trembled even more when Xiao Tian was in front of him. At this moment, he thought Xiao Tian wanted to do something to him or threaten him.

Of course, Xiao Tian knew the owner's feelings. That was why he smiled and spoke, "Elder, I'm sorry for what I've done to your stall. Please take this money as a compensation for the damage of your belongings."

The street vendor owner was startled by Xiao Tian's words. He didn't expect that Xiao Tian still thought about his feelings after breaking his stall.

Because the street vendor owner still could not believe what he was hearing, he didn't say a word and only stared at Xiao Tian.

At this moment, the street vendor owner began to think that Xiao Tian was not a bad person. If Xiao Tian were a bad person, Xiao Tian would leave immediately after destroying his stall, but Xiao Tian didn't do that; instead, Xiao Tian apologized to him and wanted to give him money.

When Xiao Tian noticed the owner's body was still trembling, he could not help but sigh again.

'He must be scared earlier. Well, he is already old so I can understand it.'

Because Lan Ruoxi was one of the causes of the problem, Xiao Tian glanced at her and spoke, "Ruoxi, apologize to the elder."

"Elder, I'm sorry." Lan Ruoxi realized that she was also the cause of the problem. That was why she immediately apologized to the street vendor owner when Xiao Tian told her to.

Because the street vendor owner still hadn't accepted the money, Xiao Tian put the money in his hands and smiled, "Please accept the money, elder."

Everyone who saw Xiao Tian was dumbfounded. They could not believe that Xiao Tian dared to behave as if the money he gave to the street vendor owner was his money.

"Ruoxi, let's leave." Because it would be awkward to eat there, Xiao Tian wanted to leave immediately.

"All right." Lan Ruoxi also had the same thought as Xiao Tian.

However, when Xiao Tian and Lan Ruoxi were about to leave, a voice rang out. "What happened here?"

A lady in a police suit marched towards the owner of the street vendor. From her appearance, she was about twenty years old.

When the lady saw the street vendor owner, she immediately dashed towards him. "Elder Da Ji, what happened to you? Who dares to hurt you? Elder Da Ji, tell me who it is? I will teach that person a lesson."

Actually, she wanted to eat at Da Ji's stall earlier. She just didn't expect that the street vendor was in a mess.

"Yi Wenxin, calm down." Da Ji responded instantly. "I'm fine. Nothing happened to me."

Da Ji knew who the officer in front of him was because she often came to eat at his stall. Because of how often she came to his stall, their relationship became close. He even treated her as if she was his granddaughter.

When Xiao Tian saw Yi Wenxin, his face darkened.

'This will be troublesome.'

With Yi Wenxin appearing in front of them, Xiao Tian knew that the problem would not end quickly.

When Yi Wenxin noticed Da Ji's body was trembling, she stared at everyone and retorted. "Who did all of this? Tell me now!"

"That young man and them." One of the customers pointed his index finger toward Xiao Tian before moving it to Gui and Jinhai.

With an angry face, Yi Wenxin glanced at Xiao Tian and spoke, "You! Follow me to police station now!"

"Hey! You have to investigate everything first before bringing someone to police station." Of course, Xiao Tian would defend himself because he didn't want to be imprisoned.

When Da Ji noticed Yi Wenxin trying to take Xiao Tian to the police station, he immediately said, "Wenxin, this young man is not at fault. They are the ones who cause trouble."

The expression of deep shock emerged on Xiao Tian's face upon hearing Da Ji's words. He didn't expect that Da Ji would defend him.

'Luckily I treated him nicely before, or else, he would ask her to take me to the police station now.'

Xiao Tian felt lucky that he treated Da Ji nicely earlier.

"But he is also the one who destroys your stall, right? Why are you defending him?" because Xiao Tian was also the one who ruined Da Ji's stall, Yi Wenxin wanted to take Xiao Tian to the police station.

"But it was because those two people tried to harass his lover. Look at this!" Da Ji showed the money to Yi Wenxin. "This young man give me money as a compensation. This young man is good person. If you want to arrest people, please take those two people to police station."

Because Da Ji said something like that, Yi Wenxin could not help but let Xiao Tian go. "You are lucky today!"

After saying that, she walked towards Gui and Jinhai. Her eyes were filled with a flame of fury when she stared at Jinhai and Gui.

It was as if she wanted to torture them for destroying Da Ji's stall. Because she wanted to imprison them immediately, she brought them to the police station.

Xiao Tian shifted his gaze from Yi Wenxin to Da Ji. "Thank you, elder."

"Don't mind it." Da Ji replied.

"Then, we will take our leave now." After saying that, Xiao Tian and Lan Ruoxi left.

After they were far from Da Ji's stall, Xiao Tian spoke, "Lady Lan, you almost got me in jail earlier."

"But you didn't go to jail, right?" Lan Ruoxi replied as she giggled.

Xiao Tian was unhappy with her words. He instantly grabbed her shoulders and whispered, "I'll make you pay for it later."

Instead of feeling afraid, Lan Ruoxi shouted, "Honey, I know you are horny right now. But we can't have outdoor sex because I'm afraid. At least, let's do it in your apartment."

Chapter 452 - This Is So Much Fun!

8-10 minutes

Because Lan Ruoxi said something like that loudly, all people around Xiao Tian stared at him.

"What?! He wants to force his girlfriend to have outdoor sex with him?"

"What the hell is wrong with his head?"

"Maybe he wants to follow a scene in a porn movie."

"I can understand if he desires to have sex with his lover, but wanting to have outdoor sex is too much. Does he think the real world is the same as adult videos?"

"What a horny young man! He even can't hold back his lust."

"Hey! But his lover is so fucking sexy and beautiful."

"You're right. She is so perfect!"

"I can't blame him for always horny like that."

"Yes. If I had a lover like her, I would feel aroused every time I see her."

"You're right. If I had a girlfriend like her, I would have sex with her every day."

"Not every day. Maybe every time I see her."

"I'm so envy of him. I also want to have a sexy and pretty lover."

One by one, the people around Xiao Tian and Lan Ruoxi expressed their feelings. Even though they thought that Xiao Tian was a horny young man or a pervert, but when they saw Lan Ruoxi, they could not help but envy him.

Some of them even understood the reason why Xiao Tian desired to have outdoor sex with Lan Ruoxi.

Xiao Tian's eyes swept across the area as he took in his surroundings. He didn't expect that Lan Ruoxi would say something like that loudly.

'Isn't she ashamed? How could she dare to say something like that in public place loudly?'

Even though Lan Ruoxi always behaved like a succubus, she had never acted like that in a public place. That was why Xiao Tian was surprised upon hearing her words.

Xiao Tian then brought his face closer towards her right ear and whispered, "You are really a bad lover! How could you do something like that to your lover?"

"Hehehe." Lan Ruoxi didn't answer and only giggled.

Because Lan Ruoxi dared to say something like that in a public place loudly, Xiao Tian wanted to do the same.

For this reason, Xiao Tian's lips curled into a grin before he spoke loudly, "Eh! My love, didn't you say that you desire to have outdoor sex with me? Last night before you passed out after having wild sex with me, you said that you wanted to have outdoor sex with me. Did you forget it?"

"What?! So she is the one who wants to have outdoor sex?"

"So she is a pervert!"

"I didn't expect that a lady like her is a pervert."

"So they had wild sex last night. So envious!"

"I also want to have sex with a sexy and beautiful lady like her."

"I really wish to have a sexy and pretty lover who is pervert like her."

Like what Xiao Tian had guessed, one by one, everyone around him said that Lan Ruoxi was a pervert too.

Xiao Tian had a smug face and spoke, "What do you want to do now? Hehe."

Of course, Lan Ruoxi didn't remain silent and wanted to say something again. However, when she was about to say something, Xiao Tian instantly kissed her lips.

Her eyes widened in surprise. She knew that they had kissed several times, but she didn't expect that Xiao Tian would kiss her in a public place.

When all men saw what Xiao Tian was doing, they were envy and furious at the same time.

"Bastard! How dare you kiss her in front of us? Are you making fun of us?"

"Do you think you are better than us just because you have a lover?"

"Yes. Just because we are all single, doesn't mean that you are better than us."

"Everyone, let's throw them to the trash can to get rid of our anger."

"All right."

One by one, everyone began to run toward Xiao Tian and Lan Ruoxi.

When Xiao Tian saw that, he stopped the kiss and spoke, "Let's run."

"Un." Lan Ruoxi nodded her head.

They didn't give up and kept chasing Xiao Tian and Lan Ruoxi when they saw Xiao Tian and Lan Ruoxi running away.

"Don't run!"

"Stop right there!"

"Let us throw you two to the trash can as a compensation for daring to lovey-dovey in front of us."

"That's right."

"You two must take responsibility for making our hearts bleed with jealousy."

"Chase us if you can! You guys are pathetic because all of you are still single. Haha." Xiao Tian then looked at Lan Ruoxi. "Isn't that right, my beautiful lover?"

"That's right." Lan Ruoxi didn't expect that Xiao Tian would still mock them.

As they were running, Xiao Tian laughed happily. "Haha. This is so much fun!"

"Haha. That's right. This is so much fun." Lan Ruoxi replied as she laughed.

Lan Ruoxi and Xiao Tian kept running until they finally managed to run away from the people who chased them.

When they saw a park in front of them, Xiao Tian immediately spoke, "Lady Lan, let's rest in that park."

"All right." Lan Ruoxi also thought that it was a good idea to relax in the garden.

After Xiao Tian and Lan Ruoxi sat on the public seating, they began to talk about many things.

As they were talking, a little girl, about nine years old carrying a basket full of roses, suddenly stood in front of them. "Big brother, do you want to buy a rose?"

When Xiao Tian saw the little girl, he suddenly felt sorry for her. She was still a child, but she had already done something that should be done by an adult.

"Little girl, how much does a single rose cost?" Xiao Tian inquired

"10 Yuan." The little girl replied.

Xiao Tian was surprised upon hearing her words, but he didn't show it on his face.

'What?! 10 Yuan? So expensive!'

Even though Xiao Tian knew that a single rose was expensive on the valentine's day, but he knew that a single rose would only cost 5-7 Yuan.

It was not valentine's day, so Xiao Tian was surprised when one rose cost 10 Yuan.

"I will buy all the roses." There were ten roses in the basket that she was carrying, so Xiao Tian decided to buy all of it.

Even though the price was much more expensive than usual, Xiao Tian didn't mind it because he thought her family needed money.

After Xiao Tian gave the money, the little girl immediately said, "Thank you, big brother."

"Un." Xiao Tian smiled softly.

"Wow!" Lan Ruoxi was startled upon seeing Xiao Tian's behavior. "I didn't expect that you still have a good side within you."

The corner of his lips twitched after hearing her words. He knew that Lan Ruoxi always saw his bad side. He just didn't expect that she would say something like that.

"What are you talking about? Everyone in the world knows that I'm a good person." of course, Xiao Tian would deny that he was a bad person.

Lan Ruoxi rolled her eyes when Xiao Tian said that he was a good person. "I'm sure all animals will laugh if they hear your words."

"You're right." Xiao Tian replied as he nodded his head. "They will laugh because I'm also humorous person."

"Hehe." Lan Ruoxi laughed when Xiao Tian said that. "Are you not going to give me those roses?"

"Well, because you said that I'm a bad person, I decide not to give you the roses." Xiao Tian spoke and paused for a second before he continued, "But, if you kiss me, I will think about it."

"Didn't you just kiss me in a public place earlier? You still dare to say something like that? Didn't you buy these roses for me?" Lan Ruoxi didn't expect that Xiao Tian would ask her to kiss him.

"Earlier and now is different." Actually, Xiao Tian was only joking when he said that he wanted her to kiss him. He did that because he wanted to tease her. "It's true that I bought these roses for you, but I suddenly changed my mind."

Hehe. I won't give it to you easily. Xiao Tian thought to himself.

"Fine." After saying that, Lan Ruoxi brought her face closer toward his.

When Xiao Tian saw her face getting closer towards his, he was a little surprised.

'What? She really will kiss me for the sake of roses? Does she really want these roses?'

Even though Xiao Tian found it hard to believe that Lan Ruoxi would kiss him for the sake of roses, but he said nothing.

Getting a kiss from a beautiful and sexy lady like her didn't come every day, so Xiao Tian would accept it gladly.

However, when his lips were close to hers, Lan Ruoxi stopped moving her head and snatched the roses from his hands.

After she did that, Lan Ruoxi laughed happily. "What? Did you think I will kiss you? Hehe. It seems like your mind is full of dirty things."

The corner of his lips twitched after hearing her words, but he didn't take back the roses because he bought the roses for her.

After talking for several minutes, Xiao Tian suddenly said, "Lady Lan, I need to go to bathroom."

"I will wait here." Lan Ruoxi replied.

When Xiao Tian was on his way to the bathroom, he suddenly heard a woman's cry for help.

"Help! Someone please help me."

Because Xiao Tian was curious about it, he walked towards the source of the sound. His eyes widened in surprise when he saw what was happening in front of him.

Chapter 453 - Golden Opportunity

6-8 minutes

When Xiao Tian was near the source of the sound, he saw a young man about twenty-five years old trying to rob a young lady. From her appearance, she looked like a woman around twenty-two years old.

Because Xiao Tian didn't want them to notice him, he immediately hid and observed the situation.

'What?! He is trying to rob someone in the park? What the hell is wrong with his head? Did someone hit his head when he was little?'

It was still 04:10 pm, so Xiao Tian could not believe the young man dared to try to rob someone in the park because, at this time, many people were still in the park.

However, when he skimmed his surroundings, he knew that it was a good place to rob someone. There were many trees surrounding them and they were also far from the crowd.

'No wonder he dares to try to rob someone in this place. But, isn't he too reckless? Even though this place is far from the crowd, but still, there is a high possibility that someone will see them.'

At this moment, Xiao Tian was still hiding and observing from behind a tree. It was not like he didn't want to help the girl immediately, but he wanted to observe the situation first.

However, when Xiao Tian noticed three people in black lying on the ground, he was a little shocked.

'I'm sure those people in black are her bodyguards. Being able to beat them without slightest injury, I'm sure he is at least a master martial artist, and not an ordinary one too.'

For people who wanted to be bodyguards, they had to be skilled in martial arts because no one wanted to recruit people who were not martial arts experts to be their bodyguards.

'Because that woman has three bodyguards, I'm sure she is from a rich family. If I help her, she will be indebted to me later. When she thinks I'm her savior, I can use her as a tool to make me richer later.'

Xiao Tian could not help but laugh loudly in his mind. He didn't expect that good thing would come to him today.

Earlier, he was annoyed because Lan Ruoxi almost got him jailed, but he didn't care about it anymore because he found a good way to make him richer.

If it were not for Lan Ruoxi, he would not have found an opportunity like this either. That was why Xiao Tian didn't mind it.

'Even though I don't know anything about her family but as long as her family is rich or well-known in Beijing, I'm good with that. If her family has a business, I will ask her family to cooperate with me later. But if her family doesn't have a business, I will ask them to support my business. As long as I can cooperate with her family, it will be easy to develop my businesses which are located in Beijing.'

With that in mind, Xiao Tian decided to help her. Even though he had to fight a master martial artist, he didn't care about it. What he had in mind was how to take advantage of the situation to make him richer.

Whether he won or lost the fight against that person, she would still owe him later, so there was no loss for him. If he could win the fight against the robber, it would be good, but if he could not win, Xiao Tian would give the robber money or run away with the girl.

"Hurry up and give me your money!" the young man spoke. "I promise I won't hurt you. I really need money right now. I won't take all your money. Just give me 10,000 Yuan."

"I don't have the much right now." Earlier, she wanted to go to the restroom. She didn't expect that someone tried to rob her when she was on the way to the washroom.

"Don't lie to me! You are wearing branded clothes and also have bodyguards so I'm sure you have a lot of money in your wallet." The young man didn't believe it when the girl said that she didn't have 10,000 Yuan in her wallet because, from her appearance and clothes, he believed that she was from a rich family.

When Xiao Tian heard the young man's voice, he suddenly stopped his footsteps.

'Wait! Where did I hear this voice? It seems like I hear this voice before. But where is it?'

After trying to recall the voice, Xiao Tian finally remembered where he had heard the voice.

'Yes. It's him! From his posture, the color of his hair and voice, I'm sure he is the person who talks with the doctor in the hospital earlier.'

Even though the young man covered the lower part of his face with a cloth, Xiao Tian still could recognize him.

'I see. So it's like that. If my memory isn't playing a trick on me, his younger brother needs surgery soon, but he has no money to pay for the surgery fee. So in the end he chose to rob someone to get money in a short amount of time.'

Xiao Tian didn't blame the young man because he knew that the young man needed money.

'Wait! Why didn't I realize this before? He is a martial arts expert who needs money while I need a skilled martial artist to teach my gang martial arts so that my gang can get stronger quickly. If I pretend to help that woman but also give the young man money later, won't they be indebted to me later?'

Xiao Tian's lips curled into a grin. When he realized that he could take advantage of their situation, he could not help but be thrilled.

'I didn't expect that the goddess of luck never left my side.'

At first, Xiao Tian thought that he would only get trouble in Beijing. He just didn't expect that he would also be lucky.

Actually, Xiao Tian wanted to ask Lan Ruoxi to help him find a martial arts expert after they returned to Shanghai. He just didn't expect that God would help him first.

'This is a golden opportunity. I can't let this chance slip away. Wait! I think I should test his skill first so that I know who strong he is.'

Even though Xiao Tian knew the young man was a martial arts expert, but he still wanted to test the young man's skill.

"Hurry up and give me your money! Otherwise, I will hurt you." The young man was getting impatient when the girls still didn't want to give him money.

"But I don't have money right now." Tears formed in her eyes. At this moment, she was about to cry because she thought no one would save her.

At this moment, Xiao Tian took a stone and throw it towards the young man. He wanted to know whether the young man could avoid a sudden attack or not.

Even though the young man's eyes were focused on the girl, but when the stone was about to hit him, he was able to sense it.

That was why the young man could avoid it. "Who is it?"

"Hey! isn't robbing a bad thing?" Xiao Tian said as he walked towards the young man.

Chapter 454 - You Can Attack Me Now

6-8 minutes

When the young lady saw Xiao Tian, she was thrilled. Even though she had no idea whether Xiao Tian would be able to save her or not, but at least, someone tried to help her.

Her bodyguards had passed out, so Xiao Tian was the one person who could save her. However, because she was still scared, she didn't have the strength to walk to Xiao Tian's side and only stood still.

"Who are you?" the young man was unhappy when he saw Xiao Tian. "Mind your own business if you don't want to get hurt."

Because Xiao Tian knew the young lady was too scared to walk towards him, he marched towards her and stood in front of her. "Brother, I know you need money, but robbing someone is a bad thing. You know that, right?"

"Shut up!" of course, the young man knew that robbing was not a good thing, but because he needed money as quickly as possible, he had no choice but to rob someone. Otherwise, his younger brother would not be able to walk anymore in the future.

Actually, he didn't want to rob or hurt anyone. He had tried to borrow money from people he knew, but none of them wanted to lend him money.

His parents had passed away so he didn't have other family. His younger brother was the only family he had. That was why he would not let his younger brother be disabled.

"Hey, calm down." Xiao Tian tried to make the young man calm down. "You said you need 10,000 Yuan, right?"

"Yes. I need 10,000 Yuan." The young man replied instantly.

"I happen to have 10,000 Yuan in my wallet right now? I will give it to you with two conditions." Actually, Xiao Tian only needed one condition, but because he wanted to win the heart of the young lady, he changed it to two conditions.

"What is it?" the young man inquired.

The young man believed when Xiao Tian said he had 10,000 Yuan in his wallet because Xiao Tian looked like a rich person.

"First, don't hurt this young lady. Second, I will attack you once and if you can still stand up, I will give you the money." Xiao Tian spoke and paused for a second before he continued, "How is it?"

Xiao Tian's words much surprised the young man. He didn't expect that Xiao Tian would only give him easy conditions.

Even though Xiao Tian said that Xiao Tian would attack him once, but because he was confident in his martial arts skill, he believed that Xiao Tian would not be able to hurt him.

"What if you lie to me?" of course, the young man didn't believe Xiao Tian's words one hundred percent because there was a possibility that Xiao Tian would not give him the money after receiving an attack from Xiao Tian. That was why he wanted to make sure that Xiao Tian would keep his word.

Xiao Tian had guessed the young man would say something like that. For this reason, Xiao Tian immediately took an oath. "For the heaven above me and the earth below me, I, Xue Yang, will die today if I don't keep my promise. "

The young man widened his eyes in surprise. Even though he said that he didn't believe Xiao Tian's words one hundred percent, but he didn't expect Xiao Tian to take an oath.

Taking an oath was a serious thing because if Xiao Tian didn't keep his promise, heaven would punish him.

"I've taken an oath. How is it? Are you still doubting me?" Xiao Tian inquired.

Because Xiao Tian would keep his word, he didn't mind taking an oath. What was important was how to make the young man believe that he would not break his promise.

"I believe you." Because Xiao Tian had taken an oath, the young man believe that Xiao Tian would not lie to him. "You can attack me now."

Instead of attacking the young man immediately, Xiao Tian turned his head to the left and right.

Xiao Tian's actions much surprised the young lady behind him. Since earlier, she didn't say anything because she wanted to know his way to save her.

Actually, she was surprised when Xiao Tian took an oath and said that he would give the young man money if the young man could still stand up after receiving an attack from him.

Because Xiao Tian dared to do that, she believed that Xiao Tian could beat the robber in one attack. Of course, she had no idea what Xiao Tian had in mind.

Not only the young lady, but the young man was also surprised after seeing what Xiao Tian was doing.

'What is he doing?'

Earlier, the young man thought Xiao Tian would attack him immediately. He didn't expect that Xiao Tian would skim his surroundings as if Xiao Tian was looking for something.

The young man suddenly thought Xiao Tian was buying time and there were other people around them. "You! You are lying to me! How dare you?"

Upon hearing the young man's words, Xiao Tian returned his attention to the young man and spoke, "What do you mean by lying to you?"

The reason Xiao Tian turned his head to the left and right was that he was looking for a stick to be used as a weapon.

If he attacked the young man empty hand, Xiao Tian was sure that he would not be able to hurt the young man. That was why Xiao Tian wanted to attack the young man using his secret move.

"Why don't you attack me right away? There are other people around us and you want to buy time so that your friend can bring someone over to this place to help you, right?" the young man spoke.

The young lady was happier after hearing the young man's words. She immediately thought Xiao Tian was buying time so that his friend could bring people to that place to save them.

Even though Xiao Tian was a bad person for not keeping his words, she didn't care about it. As long as Xiao Tian could help her, she would think of Xiao Tian as a good person.

"What are you talking about?" Xiao Tian could understand why the young man said something like that. "I learn sword martial arts, so I want to find a stick to be used as a weapon. Don't tell me, you want me to attack you barehanded? It's not fair to me."

"Really? You don't lie to me, right?" the young man inquired.

Xiao Tian didn't immediately answer and only looked at the young man. He knew the young man needed money as quickly as possible, but he just didn't expect that the young man would become impatient because of that.

"Do you want me to take an oath again?" Xiao Tian inquired.

"Fine. I believe you." the young man didn't say anything after hearing Xiao Tian's words. Of course, he knew that people, who learned sword martial arts, needed a sword to fight.

Not long after that, Xiao Tian found a good stick that could be used as a weapon.

"This is good." Xiao Tian spoke as he swung the stick three times. "Alright, I will attack you now. Get ready."

"Bring it on!" the young man said.

Chapter 455 - Trying To Hire Martial Arts Expert

6-7 minutes

Because Xiao Tian said that he would only attack the young man once, he decided to use the second secret move.

Currently, the second secret move was his strongest attack because he still hadn't mastered the other secret moves.

Even though he would only use the second secret move, but Xiao Tian didn't mind it because he believed it was enough to test the young man's skill in martial arts.

"Get ready. I will attack now." Xiao Tian started to concentrate and was ready to attack the young man in front of him.

As he was concentrating, his aura changed drastically. Not only that, but Xiao Tian looked like a different person.

The young lady, who was behind him, instantly took three steps back reflexively. Even though she didn't know any martial arts, but she could feel the atmosphere around Xiao Tian turning cold.

Not only the young lady, but the young man, who was seeing Xiao Tian, also felt that Xiao Tian's aura changed drastically.

Even though the young man had no idea what Xiao Tian would do later, but he knew that Xiao Tian was skilled in martial arts.

This made the young man take Xiao Tian seriously because he felt that if he underestimated Xiao Tian, he would end up seriously injured.

Xiao Tian's eyes were locked on the young man who was standing in front of him.

'Moon style sword of drawing techniques- second ceremony- Earth Breaker.'

Xiao Tian moved in zig-zag five times before finally, he changed his movements to an 'X' pattern and finish it with an 'O' pattern.

At first, the young man wanted to block Xiao Tian's attacks, but when he was about to do that, his instincts warned him that he would regret it if he blocked Xiao Tian's attacks. For this reason, he chose to avoid Xiao Tian's attacks.

'His attacks are dangerous. It's fast and aim at the fatal areas. If I were to block his attacks, it will be hard to block his next attacks.'

The young man was surprised after realizing that Xiao Tian's attacks were deadly. He didn't expect Xiao Tian to be so strong.

However, with his years of experience in fighting, he was sure that he could avoid Xiao Tian's attacks.

*Slash...Slash...Slash...

Each movement, Xiao Tian swung his stick three times, and all of his attacks were aimed at the vital areas of his opponent's body.

But because the young man had learned martial arts since he was a little and had a lot of fighting experience, he could avoid all of Xiao Tian's attacks.

Currently, Xiao Tian was behind the young man and he had finished attacking the young man.

'He could dodge all of my attacks?!'

Instead of feeling sad, Xiao Tian was thrilled.

'Good! This is very good!'

Because the young man could avoid all his attacks, Xiao Tian wanted to recruit the young man even more because he was sure that the young man, who was standing behind him, would be of great help to him in achieving his dreams.

The young man turned around and spoke, "Hey. As you can see, I'm still standing, so I want you to give me the money now."

Xiao Tian threw the stick and walked towards the young man. After that, he took his money out of his wallet and gave it to the young man.

"You are skilled in martial arts. It will be a pity if you end up in jail because you have no money." Xiao Tian said in a low voice so that the young lady didn't hear it. "If you need money or want a high paying job, you can find me at Hanu hotel room 203. I promise, you will not regret it."

The young man didn't answer and only took the money before finally, he dashed to the hospital to pay the surgery fee.

"Lady, are you alright?" Xiao Tian walked towards the young lady and asked

"I'm fine." The lady replied instantly. "Thank you for saving me."

"Don't mind it." Xiao Tian said as he smiled "Are those people your bodyguards?"

"Yes. My father hires them yesterday." The young lady didn't want to tell Xiao Tian the reason why her father hired bodyguards for her.

At this moment, Xiao Tian thought of a way to know her name because he needed it if he wanted to use her later.

'What should I do to get her name without being seen like I want to know her name?'

Xiao Tian was sure if he suddenly asked her name, she would think that he had a certain intention to her. Even though it was true that he had a certain intention, but Xiao Tian didn't want to show it.

After thinking for several seconds, Xiao Tian decided to pretend to be a mysterious person. For this reason, Xiao Tian smiled and spoke, "Because you are fine now, I'm leaving."

Without waiting for her answer, Xiao Tian walked away.

"Thank you." The young lady said in a low voice.

Xiao Tian was unhappy when the young lady still didn't stop him from leaving.

'Fuck! Why are you not stopping me? At least, tell me your name.'

He didn't expect that the young lady didn't stop him from leaving.

At this moment, Xiao Tian wanted to turn around and ask her name but decided not to do that because it would ruin his plan.

Because the lady didn't tell her identity to him, Xiao Tian walked towards the tree and hid. Then he grabbed his smartphone and took a picture of her.

'Even though you didn't tell me your name, but I won't give up. Soon I will know about you and your family.'

After taking her picture, Xiao Tian walked toward the washroom.

'We will meet again, woman. At that time, don't blame me for using you.'

Xiao Tian's lips curled into a grin.

After washing his hands and face, Xiao Tian returned to where Lan Ruoxi was sitting.

"What took you so long?" Lan Ruoxi asked when she saw Xiao Tian.

"Sorry about that." Xiao Tian replied as he sat next to her.

Chapter 456 - Meeting Yi Wenxin Again

6-7 minutes

At this time, Xiao Tian wanted to ask about the identity of the young lady to Lan Ruoxi but decided not to do that because the timing was not perfect.

They were enjoying themselves in the park, so Xiao Tian didn't want to destroy the mood. Lan Ruoxi and Xiao Tian talked for about thirty minutes before finally, they returned to the hotel.

After taking a shower, Xiao Tian lay on the bed.

"It's still 5:00 am. It would be boring if I just stayed at the hotel. I'll invite lady Lan to go for a walk '

Xiao Tian grabbed his jacket and went to Lan Ruoxi's room.

Knock...knock...knock...

Xiao Tian knocked on the door.

'Did she not hear it?'

Because Xiao Tian thought Lan Ruoxi didn't hear it, he knocked on the door again. Like before, Lan Ruoxi still didn't answer him. Xiao Tian then grabbed his smartphone and called her.

'She didn't pick up the phone. What is she doing?'

Because Lan Ruoxi didn't pick up his call, Xiao Tian went for a walk alone.

'The weather is good today.'

Xiao Tian's face broke into a smile when he was walking aimlessly.

Because he was walking alone, Xiao Tian only went to nearby places. He bought a coffee and sat on the public seating.

At this moment, Xiao Tian felt relaxed. The good weather, delicious hot coffee, and the sight of everyone walking past him, made Xiao Tian's mind feel refreshed.

'It's a pity that I'm alone now. If only a beautiful woman sat beside me, it would be perfect.'

Even though Xiao Tian thought it would be better if a lady sat next to him, but it didn't change the fact that he enjoyed the atmosphere very much.

After he finished drinking coffee, he intended to return to the hotel.

As he was walking, a familiar voice suddenly rang out. "Hey stop! Stop right there!"

Xiao Tian thought that person was talking to him. For this reason, Xiao Tian turned around to see who that person was.

'Isn't she the officer I saw at the street vendor? What is her name again? Yi...Yi...Wenxin? Yi Wenlin?'

Xiao Tian tried to remember the name of the officer who wanted to arrest him earlier but to no avail.

"Stop right there!" Yi Wenxin said as she chased a man.

The man was wearing brown trousers and a black jacket. The tip of his hat pointed down, causing people unable to see his face clearly.

When the man, who was being chased by Yi Wenxin, saw a young man wearing the same clothes as him, he purposely bumped himself into the young man and dropped the wallet.

Coincidentally, on the left side of the young man, there was a stairway to the underground. The man, who was being chased by Yi Wenxin, immediately ran towards the underground.

The young man, who noticed the brown wallet on the floor, immediately grabbed it. Because he thought the man, who bumped into him earlier, dropped his wallet, he wanted to call that person to return the wallet.

However, when the young man was about to call that person, Yi Wenxin grabbed his right shoulder and spoke, "I've caught you, bastard! Follow me to the police station now!"

Yi Wenxin thought the young man was the thief because the young man and the thief were wearing the same clothes.

Actually, she didn't see the thief's face clearly because the thief pointed the tip of his hat down. That was why she thought the young man was the thief.

The expression of deep shock emerged on the young man's face. He had no idea why there was an officer in front of him.

Not only that, but the officer also wanted to arrest him. He was only walking around and didn't do anything bad, so he had no idea why the officer wanted to bring him to the police station.

"Officer, what did I do wrong? Why do you want to bring me to the police station?" the young man wanted to know why she wanted to arrest him.

"What did you do wrong?!" Yi Wenxin was furious after hearing his words. "You stole someone's wallet and still dare to ask what did you do wrong?!"

The young man was astonished when she said that he stole a wallet. "What do you mean, officer? I don't steal anything."

Of course, the young man wanted to defend himself because he did nothing.

"You still dare to lie to me?" Yi Wenxin asked angrily. "The wallet in your hand belongs to the woman you just stole and you still dare to say that you didn't steal anything?"

The young man finally understood why Yi Wenxin wanted to take him to the police station. However, because he didn't do it, he wanted to explain everything to her. "I don't steal this wallet. This wallet belongs to the man who bumped into me earlier. I just want to return the wallet to him."

The expression of fear began to appear on the face of the young man. He was still young and never had anything to do to the police, so he was scared when Yi Wenxin wanted to take him to the police station.

"You want to lie to me, huh?" Yi Wenxin knew that he wouldn't admit it because that was something thieves would definitely say when the police caught them.

"But I really don't steal anything." At this moment, the young man finally understood that the person, who bumped into him earlier, was a thief.

The thief purposely bumped himself into him, so that he would be a scapegoat and the thief could escape.

The young man only wanted to take a walk because the weather was good. He just didn't expect that he would be the scapegoat.

"Shut up!" Yi Wenxin started to run out of patience. "You are still young and already dare to steal something. Did you not realize that you embarrassed your family?"

When Yi Wenxin wanted to bring the young man to the police station, a voice rang out. "He is not the thief."

Chapter 457 - Big Boobs But No Brain

6-7 minutes

The young man and Yi Wenxin instantly turned their heads towards the source of the sound. When the young man saw Xiao Tian, he was thrilled because he thought Xiao Tian intended to help him.

"Brother, you saw it too, right? Earlier, there was a man who bumped into me and dropped his wallet. I just want to return the wallet but this officer suddenly wants to take me to the police station without investigating everything first." the young man really hoped Xiao Tian would explain everything to Yi Wenxin.

Because Xiao Tian dared to say that he was not the thief, the young man was sure that Xiao Tian saw what had happened earlier.

When Yi Wenxin saw Xiao Tian, she was shocked, "You again?!"

Yi Wenxin didn't expect that she would meet Xiao Tian again. She had a grudge against Xiao Tian because Xiao Tian was one of the people who destroyed Da Ji's stall earlier. That was why she was unhappy when she saw Xiao Tian.

"He is not the thief." Xiao Tian repeated his words. Even though Xiao Tian had no idea who the young man was, but he decided to help the young man because he knew Yi Wenxin would bring the young man to the police station if he didn't help the young man.

"What do you mean by that?" of course, Yi Wenxin didn't believe his words. "Wait! Don't tell me, you're in cahoots with him. That's why you want to help him now."

Xiao Tian was unhappy with her words. He didn't expect that she was too unreasonable.

'This officer seems to have a problem with me.'

Xiao Tian began to think that Yi Wenxin still didn't forgive him for causing trouble at Da Ji's stall earlier.

When Xiao Tian didn't say a word, Yi Wenxin thought that she was right. "You also follow me to the police station!"

The young man began to panic again because he thought Xiao Tian could not help him. "Officer, I don't steal anything."

"Shut up!" Yi Wenxin hit the young man's head.

"What he said is right. The thief made him a scapegoat and ran away." Xiao Tian tried to explain everything to her. "If you don't believe me, you can check the wallet. I'm sure the wallet is empty because the thief has taken the money."

Upon hearing Xiao Tian's words, the young man gave the wallet to Yi Wenxin and spoke, "Here is the wallet. You can check it."

Because Yi Wenxin wanted to know whether what Xiao Tian said was right or not, she immediately grabbed the wallet to check it.

When she knew that the wallet was empty, she was surprised. Of course, she still thought that the young man was the thief. "I'm sure he has taken the money."

The young man didn't expect that Yi Wenxin to still suspect him of being a thief. "Why are you still doubting me? You can check all my pockets if you still don't believe me."

"You must have hidden the money." Without waiting for another second, Yi Wenxin checked all his pockets.

But still, she didn't find the money in any of his pockets. This made her suddenly think that she caught the wrong person because she didn't know anything about the thief other than his clothes.

"See? Did you find the money? You found nothing, right? I forgot to bring money earlier, but I don't care about it because I only want to take a walk." because Xiao Tian saw everything, he was sure the young man was not the thief.

The young man began to explain everything to Yi Wenxin again. This time, she began to believe his words.

"If you still don't believe me, you can check this underground CCTV." Xiao Tian said as he pointed his index finger toward the underground on his left side. "I'm sure you will see someone wearing the same clothes as him. And he is the real thief."

Because Yi Wenxin thought that she caught the wrong person, she immediately released the young man.

The young man felt relieved when Yi Wenxin released him. "Thank you, brother."

After the young man thanked Xiao Tian, he immediately left because he was afraid that Yi Wenxin would change her mind and arrest him again.

Yi Wenxin then stared at Xiao Tian intently. Her eyes were filled with a flame of fury. Because she failed to catch the thief, she wanted to vent her anger on Xiao Tian.

"Why are you looking at me like that?" Xiao Tian had no idea why Yi Wenxin hated him so much.

He knew that he had caused trouble at Da Ji's stall earlier, but Da Ji had forgiven him and he also gave money to Da Ji, so the problem should have been resolved.

Yi Wenxin didn't answer and only stared at Xiao Tian. From her expression, anyone could tell that she hated Xiao Tian to the bone.

Because Xiao Tian didn't want to stay with her, he turned around and walked away. "Hmf! Big boobs but no brain."

Even though Xiao Tian said it in a low voice, but Yi Wenxin was still able to hear it. "What did you say?"

"Nothing." Xiao Tian replied while still walking.

"Stop right there!" of course, Yi Wenxin would not let Xiao Tian go easily because she wanted to teach Xiao Tian a lesson first. She wanted to let him know what he would get for daring to insult her.

Xiao Tian kept walking as if he didn't hear anything. He was sure if he did what he told, she would give him trouble again.

Because Xiao Tian was still walking, Yi Wenxin said louder. "I said stop right there!"

Like before, Xiao Tian kept walking and pretending as if he heard nothing.

Yi Wenxin gritted her teeth. At this moment, she thought Xiao Tian didn't care about what she just said. "If you don't stop now, you will regret it!"

Xiao Tian was used to being threatened, so when she threatened him, he didn't care.

*Dor...

The sound of someone firing a gun echoed throughout the area.

Chapter 458 - Crazy Officer

7-8 minutes

*Dor...

The sound of someone firing a gun echoed throughout the area.

Xiao Tian instantly stopped his footsteps and raised his hands reflexively.

'Fuck! This crazy woman almost killed me!'

Xiao Tian didn't expect that Yi Wenxin would fire her gun. Even though she didn't shoot him, but her action nearly left him with a heart attack.

Xiao Tian turned around and spoke angrily, "Are you crazy? Do you want to kill me?"

"Yes. I want to kill you. Do you have a problem with that?" Yi Wenxin was not afraid of Xiao Tian, so she did whatever she wanted.

"Do you know that you can't fire your gun as you please?" Xiao Tian knew that the police were not allowed to use the gun as they pleased.

They were only allowed to use a gun in certain situations. That was why Xiao Tian was furious when Yi Wenxin fired her gun earlier.

Even though he was not hurt, but still, it was dangerous to fire the gun as she pleased. Not only could she hurt him, but she also could hurt others.

However, Yi Wenxin didn't show any fear on her face. "This is my gun, so I can fire it as I please. Why? Do you have a problem with it?"

"Of course!" Xiao Tian answered instantly. "Didn't your supervisor tell you not to use a gun as you please?"

"Shut up! Otherwise, I will shoot you in the head later." Yi Wenxin said as he pointed the gun at Xiao Tian's head.

Her actions made Xiao Tian angrier. He didn't expect that she was crazier than he thought. "Alright, alright. I won't say anything now. I just want to return to the hotel."

Without waiting for her reply, Xiao Tian began to walk again.

However, when he had only walked three steps, Yi Wenxin immediately said, "Stop! Otherwise, I will shoot you!"

Xiao Tian instantly stopped his footsteps because he was afraid that she would fire her gun for real. She was a crazy woman, so it was not weird if she did that.

"What do you want now? Why do you hate me so much? What did I do to you?" Xiao Tian asked her many questions.

Because Yi Wenxin already hated Xiao Tian, whatever he did, made her hate him even more. "Shut up! I told you to stop, you have to stop! If I told you to stay, you are not allowed to leave!"

He gritted his teeth. Since he took over Xiao Tian's body, Yi Wenxin was the most annoying woman he had ever met.

Xiao Tian suddenly thought of a way to snatch her weapon. Without a gun, Xiao Tian was not afraid of her.

However, when Xiao Tian walked closer towards her, Yi Wenxin pointed her gun at his head again. "Don't move!"

"Hey! I'm not a criminal, you know? Stop pointing your gun at me." Since their situation made Xiao Tian look like a criminal, he wanted her to stop pointing her gun at his head.

"Shut up!" Yi Wenxin didn't care about it; instead, she was pleased because, with that, other people would think that Xiao Tian was criminal.

Xiao Tian started to run out of patience. He really disliked Yi Wenxin. When he saw a security guard, Xiao Tian suddenly found an excellent idea.

He immediately waved his hands and shouted, "Officer, this policewoman is abusing her status. Please scold her."

At this moment, Yi Wenxin thought her friend or supervisor was behind her. For this reason, she turned her head to check it.

When Xiao Tian saw the opportunity to seize her weapon had appeared, he immediately closed the distance between them and snatched her gun.

Yi Wenxin, who was unprepared, could not do anything when Xiao Tian snatched her gun. "Return it to me!"

She didn't expect that Xiao Tian dared to snatch her gun. Her supervisors would yell at her if they found out she lost her gun. That was why she wanted Xiao Tian to return her gun.

"Take this." Xiao Tian threw her gun so that he could run away from her.

And just as Xiao Tian thought, Yi Wenxin immediately dashed towards the direction where Xiao Tian threw her gun.

Without waiting for another second, Xiao Tian ran from that place because if he didn't immediately run away, she would give him more trouble.

After taking her gun, Yi Wenxin turned around. When he didn't find Xiao Tian, she knew that Xiao Tian had run away. "Bastard! I will kill you if we meet again!"

"I hope I won't meet that crazy woman again. How can there be a woman like her?" currently, Xiao Tian was already at the hotel entrance.

When he almost arrived at his room, he saw Lan Ruoxi standing in front of his door. "Lady Lan, what are you doing?"

Lan Ruoxi instantly turned her head towards him. "Where have you been? I knocked on the door but you didn't answer earlier. I thought you were sleeping."

"I just went for a walk." Xiao Tian gave her an honest answer.

"Why didn't you take me with you?" Lan Ruoxi inquired

"Earlier, I knocked on your door but you didn't answer. I also called you but you didn't pick up the phone, so I went out alone." Xiao Tian explained to her why he went alone earlier.

"Oh! I was taking a shower earlier and charging my smartphone too. That was why I didn't know about it." After bathing, Lan Ruoxi didn't check her smartphone. That was why she had no idea that Xiao Tian wanted to take her for a walk earlier.

"I see." Xiao Tian replied

When Lan Ruoxi noticed Xiao Tian's expression, she asked curiously, "What happened to you? Your expression is like you are unhappy right now. Did something happen to you?"

"I met a crazy woman earlier." Xiao Tian replied instantly

"Crazy woman?" Lan Ruoxi had no idea who the crazy woman was. That was why she wanted to know who that woman was. "Who is she?"

Xiao Tian opened his door and entered the room. Without thinking twice, Lan Ruoxi also entered his room as if it was her room.

After Lan Ruoxi entered the room, Xiao Tian closed the door and locked it. "She is the officer we met at the street vendor earlier?"

"Oh! That woman?!" Lan Ruoxi remembered Yi Wenxin. "What did she do to you?"

Xiao Tian then explained everything to Lan Ruoxi. When he was explaining it, Xiao Tian's face was red from anger.

"Hehe." Lan Ruoxi giggled.

Xiao Tian then sat on the couch and looked at Lan Ruoxi. "Hey! Don't laugh. It's not funny."

"I didn't expect that she dared to do that." Actually, the reason Lan Ruoxi laughed was that she thought it was funny when she saw his angry expression.

However, Xiao Tian thought she was laughing his misery. "I'm sure she will be single in her lifetime."

"How come?" Lan Ruoxi asked.

"I'm sure that no man wants to marry a woman like her." Xiao Tian replied instantly. "Now I wonder how can she have such an attitude? Did her family not educate her?"

"Hehe. I'm sure she will point her gun at your head again if she hears your words." Lan Ruoxi replied.

"Oh wait! How about you make her your woman and bring her to Shanghai? With this, you can educate her."

"What?" Xiao Tian said in surprise

Chapter 459 - Lan Ruoxi Is Teasing Xiao Tian Again

6-8 minutes

"No way!" Xiao Tian refused without thinking twice. "Even though I'm playboy, I don't make just any woman my lover. And she doesn't deserve to be my woman."

What he just said was true. Even though Xiao Tian was a playboy, but he didn't seduce just any woman.

"Because she is a crazy woman?" Lan Ruoxi inquired.

"That's is one of the reasons." Xiao Tian was sure she would keep causing trouble if she became his woman.

That was why he would never make Yi Wenxin his woman. Not only would she cause trouble to him, but he also believed that she would mess up his harem.

In his eyes, there was nothing good about Yi Wenxin. It was true that she was a policewoman and could help him with her status, but with her personality, Xiao Tian was sure that her status would be useless to him.

Xiao Tian had Lan Ruoxi and Zhao Sheng as friends, so he was not interested in Yi Wenxin's status. Not only that, Xiao Tian was sure that her status was not high in the police force.

"One of the reasons?" Lan Ruoxi didn't expect that Xiao Tian would say that. "What are the other reasons?"

"Because she is not my type." Even though Yi Wenxin's breasts were big, but her face and body were in an ordinary category level.

Yi Wenxin was not as sexy as Shi Fei and she was also not as beautiful as Liu Ning. Couple with Yi Wenxin's crazy attitude, it made Xiao Tian even less interested in her.

"So what is your ideal type of woman?" Lan Ruoxi asked curiously.

Lan Ruoxi thought Xiao Tian would seduce any woman. That was why she was a little surprised when he said that Yi Wenxin was not his type.

Xiao Tian brought his face closer towards her right ear and whispered, "A lady like you."

At this moment, Xiao Tian was not joking. He was telling the truth. Lan Ruoxi was indeed his type. Not only was she beautiful and sexy but she also had a lot of connections and was clever.

However, because Lan Ruoxi was a foxy lady, Xiao Tian wavered whether he should make her his woman or not.

Lan Ruoxi was not surprised when Xiao Tian said that because she knew his personality. "As I thought, you really have a thing for older women."

"You also have a thing for a handsome young man, right? Isn't this a good coincidence?" Xiao Tian didn't deny it when Lan Ruoxi said he had a thing for an older woman because all his women were older than him. "How about we become a lover?"

Of course, Xiao Tian was joking around when he said that he wanted her to be his woman. Even though Lan Ruoxi was sexy and beautiful, but until now, Xiao Tian had no feelings for her.

Lan Ruoxi knew that he was joking because, from his eyes, she was able to tell that Xiao Tian was not interested in her. "Aren't we already lovers?"

Upon hearing her words, Xiao Tian suddenly remembered that they pretended to be a couple earlier. "Ah right! I forgot that you're my lover."

"You even kissed me in front of my friend and public place. Hehe." Lan Ruoxi said as she giggled.

If anyone saw her expression, they would think that she didn't mind it when Xiao Tian kissed her. But the truth was, she was really mind it. That was why she caused trouble to Xiao Tian earlier.

Xiao Tian suddenly found an exciting idea to tease Lan Ruoxi. With this in his mind, he immediately spoke, "My love, how about we sleep together, right now?"

"Sure." Lan Ruoxi answered without thinking twice.

Xiao Tian had guessed that Lan Ruoxi would say something like that. That was why he immediately carried her to the bed because Xiao Tian wanted to know what she would do later.

His actions much surprised her. Lan Ruoxi didn't expect that Xiao Tian would carry her to the bed. Because she said that she was fine sleeping with Xiao Tian, she did nothing when Xiao Tian was carrying her. "Oh! I didn't expect that my lover is so romantic."

"What?! You don't know about it?" Xiao Tian answered as he looked at her face. "Not only am I good-looking, but I'm also romantic."

"You are too overconfident about yourself. Hehe." Even though Lan Ruoxi was sure what he said was the truth but she didn't want to admit it.

Of course, she knew that he was also romantic because he had several women as proof. If Xiao Tian only relied on his face, it would be hard to have several women to be his girlfriends because, at that time, he was still from a lower-class family.

After placing Lan Ruoxi on the bed, Xiao Tian lay next to her and spoke, "Ah. This bed is not bad."

"Yes. This bed is soft and comfortable." Even though the bed was not as good as her bed, but the hotel bed was soft and comfortable too.

"It seems like I have to buy a good bed after returning to Shanghai." Xiao Tian suddenly wanted to buy a good bed because it would help him relax when he was on the bed.

When Xiao Tian didn't do anything to her, Lan Ruoxi decided to tease him. "Yang, didn't you say you want to sleep with me? How come you don't do anything to me now? Hehe."

Xiao Tian didn't immediately answer and only stared at her. Actually, Xiao Tian had no intention to sleep with her and only wanted to tease her. That was why Xiao Tian didn't do anything to her when they were laying on the bed.

Because Xiao Tian didn't say a word, Lan Ruoxi immediately spoke, "Am I not attractive enough?"

Xiao Tian really had no idea why Lan Ruoxi liked teasing him.

'Why does she always act like this? Is she not afraid that I might actually do something to her?'

After thinking for several seconds, Xiao Tian suddenly thought the reason why Lan Ruoxi dared to keep teasing him was that she was a master martial arts, so she could defend herself if he did something to her later.

Even though Xiao Tian was strong, but he was sure the current him was not strong enough to beat her. Earlier, the young man who tried to rob a woman, could avoid all his attacks, so he was sure that Lan Ruoxi would be able to do that too.

Of course, Xiao Tian believed that he would be stronger than her in the future because not only was he younger than her, but he had mastered several martial arts in his past life.

What Xiao Tian needed was only time, and he could become a really strong martial artist in the future.

Because Xiao Tian didn't say anything and only stared at her, Lan Ruoxi giggled and spoke, "Eh! What is this? Are you scared right now?"

Xiao Tian felt like she was stepping on his pride when she said something like that. That was why Xiao Tian decided to do something to her.

Even though he was still not her opponent in martial arts, but he would not let her step on his pride. However, when Xiao Tian was about to do something to her, something unexpected happened to him.

Chapter 460 - Aren't We Lovers?

7-8 minutes

*Growl...Growl...

The sound of worms having a concert in Xiao Tian's stomach could be heard in their ears.

Earlier, they didn't have lunch because Lan Ruoxi caused trouble at a street vendor before they could eat anything.

And after that, instead of eating, they went to the park and enjoyed themselves. That was why Xiao Tian was starving.

"Hehehe." Lan Ruoxi could not help but giggle after hearing that. "Shall we get something to eat?"

"Yes. I'm starving right now." Xiao Tian instantly agreed because he was hungry.

Xiao Tian and Lan Ruoxi immediately went out to eat. Because Xiao Tian was starving, they went to a nearby restaurant.

At first, Xiao Tian wanted to eat a little so that he could keep his image, but after thinking for several seconds, Xiao Tian decided to order a lot of food.

Xiao Tian thought he didn't need to keep his image because he was eating with Lan Ruoxi. In his view, it would be better to lose his image rather than to starve to death.

He also believed that Lan Ruoxi would not say anything about it. And what he had guessed was right because when Xiao Tian ordered a lot of food, Lan Ruoxi only giggled.

"Huft. I'm full." Xiao Tian had a happy face as he said that.

Lan Ruoxi covered her mouth and giggled. "Hehe. Yang, I didn't expect that you would not care about your image. I thought you would not behave like this. You even ignored me when you were eating earlier. Hehe."

"We are friends, so I don't need to keep my good image." Xiao Tian gave her an honest answer.

"Hehe." Lan Ruoxi didn't expect that Xiao Tian would say something like that. "So, do you want to go back to the hotel?"

"How about we go for a walk?" It was already 07:00 pm, so in his view, it was a good time to enjoy the night.

Earlier, he was alone when he went out for a walk. That was why he wanted to go for a walk again because at that time, he was with a gorgeous lady.

Xiao Tian believed it would be one hundred times better than when he went out for a walk alone earlier.

"Good idea." Lan Ruoxi also thought it would be boring if they spent the night at the hotel. It had been a long time since she was in Beijing, so she also wanted to enjoy the beauty of Beijing.

After Xiao Tian paid for the food, they left. At first, they wanted to take a taxi and go somewhere but decided not to do that because they wanted to enjoy the night on foot.

And like what Xiao Tian had guessed, when he was walking with Lan Ruoxi, almost all men, who saw her, stole glances at her when they noticed how beautiful she was.

'As I thought, she will attract all men who see her. Even though she is in her early thirties, but she is still beautiful and sexy.'

Xiao Tian suddenly wondered why Lan Ruoxi was still single until now. With her pretty face and sexy body, it would be easy for her to find a lover.

However, Lan Ruoxi ignored them as if she saw nothing. She kept walking with a dazzling smile on her face.

"Lady Lan, why don't you have a lover?" because Xiao Tian wanted to know why Lan Ruoxi was still single, he decided to ask.

Lan Ruoxi turned her head to see him and replied, "Because I'm waiting for you to ask me to be your lover. Hehe."

The corner of his lips twitched after hearing her words. Of course, Xiao Tian knew that she was joking around.

Even though Xiao Tian didn't love her, but he was also sure that Lan Ruoxi had no feelings for him.

"Oh wait!" Lan Ruoxi suddenly remembered something. "Aren't we lovers? Yang, do you want to break up with me?"

Her words surprised Xiao Tian a little. He didn't expect that she would say something like that. However, because Lan Ruoxi said that they were lovers, he wanted to take advantage of the situation again. "If so, how about we walk while holding hands?"

Lan Ruoxi giggled and replied. "Sure."

Because Lan Ruoxi didn't mind holding hands with him, Xiao Tian held her right hand without thinking twice.

After looking at her right hand, which was being held by Xiao Tian, Lan Ruoxi immediately spoke, "I wonder what your women will say if they see what you are doing now?"

"I don't know." Xiao Tian answered instantly. "But I think, they will not angry at me."

"Oh! How can you be sure about it?" Lan Ruoxi asked curiously

"Well, they already know that I have several women now." All his women knew that Xiao Tian had several women, so if they saw what he was doing, he was sure that they would not be mad at him.

"Oh!" his words much surprised her. Lan Ruoxi thought Xiao Tian still hadn't solved the problem. "It seems like you will live with your women later."

"Yes." Xiao Tian answered instantly. "I plan to buy a mansion later."

"As expected of a playboy. Not only are you talented in business and martial arts, but you are also talented in manipulating your women."

Xiao Tian didn't immediately answer and only stared at her.

'No. I failed in controlling my women in the past because some bastards revealed my relationship before I could fully control them.'

Xiao Tian still blamed Hong Jun for that. If it was not for Hong Jun, Xiao Tian was sure that he could control all his women. He even made a plan for it.

"After living together with all your women, you should control yourself. Otherwise, it will be bad for your body." Lan Ruoxi said as she giggled.

Even though Lan Ruoxi didn't say it directly, Xiao Tian understood what she meant by controlling himself. "I will try my best. Hehe."

"What? Do you best? Can you have sex with a lot of women at the same time?" even though Xiao Tian was still young, but Lan Ruoxi doubted that he could have sex with all his women at the same time.

Lan Ruoxi was sure that Xiao Tian had more than three women, so it was almost impossible to satisfy them at the same time.

Satisfy two women was already challenging, so to satisfy more than three women at the same time would be a very difficult task.

Xiao Tian needed to have a lot of stamina to do that. That was why Lan Ruoxi doubted that Xiao Tian could satisfy all his women at the same time.

"Are you doubting my stamina?" even though Xiao Tian himself was not sure whether he could satisfy his women at the same time or not, but he pretended that he could do that because he didn't want to lose face. "Do you want to test my stamina?"

As usual, Xiao Tian was joking when he said it. He was even sure Lan Ruoxi knew that he was joking.

"Sure." Lan Ruoxi said without thinking twice.
