Chapter 691 - Xiao Tian And Lan Ruoxi Made Up

Instead of answering, Lan Ruoxi giggled, "Hehe."

'Sometimes, his words are funny.'

Lan Ruoxi said in her head.

Xiao Tian was dumbfounded by this. He had no idea as to why Lan Ruoxi suddenly laughed like that.

"Why are you laughing? Is there something funny? Where?" Xiao Tian asked curiously.

Because he thought that something funny was happening around them, Xiao Tian turned his head to the left and right.

'There is nothing funny around here. Why is she laughing?'

Xiao Tian only saw a few people around them, and all of them were lovers who were lovey-dovey in the garden. Xiao Tian was also sure he didn't say anything funny either.

"Nothing." Lan Ruoxi didn't tell him the reason why she laughed earlier.

'His words are like a husband who wants his wife to go home with him.'

Of course, Lan Ruoxi would not say it to Xiao Tian because she knew that he would immediately tease her if he heard it.

"All right." Because Lan Ruoxi didn't want to tell him, Xiao Tian didn't ask anymore. "Let's go home now. It's cold here. It's not good for your body."

Lan Ruoxi was wearing a skirt and a T-shirt. That was why Xiao Tian wanted them to go home immediately.

"I still want to be here." Lan Ruoxi refused. "You can go home first if you want. I will go home later."

"I will go home later too." After saying that, Xiao Tian sat on the swing seat.

He was worried that someone would try to harass her again later. That was why Xiao Tian decided to accompany her.

Of course, Xiao Tian didn't forget that she was stronger than him. However, in his view, protecting women from bad people was the duty of men.

A soft smile spread across her face when Xiao Tian sat on the swing seat next to her. She knew what Xiao Tian had in mind.

'Sometimes, he is so sweet. He even still wants to protect me even though I'm much stronger than him.'

Even though she believed that she could protect herself, she was still touched by Xiao Tian's actions. At this moment, Lan Ruoxi had forgotten that she had a fight with Xiao Tian before.

When Lan Ruoxi noticed that Xiao Tian was looking at her body, she immediately said, "Am I sexy?"

'Oh! I forgot that he is also a pervert. Hehe.'

Lan Ruoxi said in her head.

Instead of answering immediately, Xiao Tian rose to his feet and took off his black jacket.

After placing his jacket on her body, Xiao Tian replied, "Yes. You are very sexy, but now is not the right time to show off your sexy body because you can get sick later."

His actions much surprised Lan Ruoxi. She didn't expect him to put his jacket on her. "You understand women very well. Now I know why Shi Fei and Liu Ning didn't leave you even though they knew you cheated on them."

"Is that so?" Xiao Tian said.

'Of course, because that's what my father taught me.'

Xiao Tian added in his head.

When Xiao Tian wanted to sit on the swing seat again, Lan Ruoxi immediately said, "Where are you going? Come back here and push my swing."

Xiao Tian's face broke into a soft smile after hearing her words. Of course, Xiao Tian didn't refuse and immediately did what he was told.

"Why didn't you beat up those people immediately earlier?" Xiao Tian asked as he pushed her swing slowly from behind.

"I was about to do that, but you had beaten them before I did that." Lan Ruoxi had the intention to beat them up earlier, but Xiao Tian did it faster than her.

"Next time, you should just beat up people like them when you find out they have bad intentions." Xiao Tian gave a piece of advice to Lan Ruoxi.

Lan Ruoxi raised her head to look at Xiao Tian's face. "Isn't that too cruel?"

"Yes." Xiao Tian answered instantly. "But they deserve it. You should not be too soft with bad people like them."

"So, I should not be too soft with bad people?!" Lan Ruoxi said.

"Un." Xiao Tian nodded his head.

"Then, I won't be too soft with you anymore in the future. Hehe." After saying that, Lan Ruoxi laughed. "Because you are also a bad person."

The corner of his lips twitched after hearing her words. However, Xiao Tian didn't deny it because he knew that he was not a good person.

"Oh! You didn't deny it?!" previously, Lan Ruoxi thought Xiao Tian would deny it immediately. "So you do realize that you are also a bad person. I thought you didn't know about it."

"But at least, I've never done anything like that to any woman." Even though Xiao Tian was a playboy, he never harassed women or forced them to serve him.

"Really?" Lan Ruoxi asked

"Of course. Even though I'm a playboy, but I'm a good playboy." Xiao Tian said proudly.

"But when we were in Beijing, you often had your way with me." Lan Ruoxi said, "Not only that, a few days ago, you even cornered me against the wall and had your way with me. You kissed me passionately and placed your hands on my butt. Are you not going to deny it?"

Xiao Tian was at a loss for words. He didn't expect that she would bring it now.

"Really? I think you didn't remember it correctly." Xiao Tian denied shamelessly. "I'm a gentleman so there is no way I would do something like that to a pretty lady like you."

"Hahaha." Lan Ruoxi laughed. "See! I knew you would deny it."

Xiao Tian and Lan Ruoxi then spent time at the garden for another thirty minutes before finally going home.

"Eh! What is this? Why are you wearing Xiao Tian's jacket?" Zhao Sheng was startled when he saw Lan Ruoxi wearing Xiao Tian's jacket.

Even though he was relieved that Xiao Tian and Lan Ruoxi had made up, he was still curious about why Lan Ruoxi was wearing Xiao Tian's jacket.

"It's cold outside, so I gave my jacket to her." Xiao Tian answered with a calm face.

Actually, he had guessed that Zhao Sheng would ask that question because Zhao Sheng always said that no one should have special feelings between the three of them.

"What he said is true." Lan Ruoxi added. "It's so cold outside."

Zhao Sheng touched his chin and glanced at Xiao Tian and Lan Ruoxi. "Both of you didn't do anything behind me, right?"

"What do you mean by that?" Xiao Tian inquired.

"You two don't do something that only couples do, do you?" Zhao Sheng asked suspiciously. "Remember that no one should have a special relationship between us."

Xiao Tian sighed after hearing Zhao Sheng's words. "Sigh. This rule again."

Lan Ruoxi only giggled. "Hehe."

"But I'm glad that you two have made up." Zhao Sheng was relieved when Xiao Tian returned home with Lan Ruoxi.

From their behavior, Zhao Sheng was sure that Lan Ruoxi and Xiao Tian had made up. This made him delighted because previously, he was worried that they would keep fighting.

Then they talked in the family room for about twenty minutes before finally, they headed to their rooms.

'Oh! Right. I have to order Mu Huo to protect Fei and Ning'er tomorrow.'

With that in mind, Xiao Tian took his smartphone out of his pocket and called Mu Huo.

"Hello, boss?" Mu Huo was surprised when Xiao Tian suddenly called him because it was rare for Xiao Tian to call him late at night.

"Mu Huo, I want you to secretly protect my women tomorrow. Bring twenty-five people with you. At least, bring four martial artists at the high-level master stage tomorrow." Xiao Tian went straight to the point.

Previously, Lan Ruoxi had told him that there would be thirteen people trying to kidnap his women tomorrow, so Xiao Tian thought twenty-five people was more than enough.

"All right. But can you tell me why you suddenly want me to protect them in secret?" Mu Huo inquired.

"It's like this..." Xiao Tian began to explain the reason why he wanted Mu Huo to protect his women in secret tomorrow.

"I see." Mu Huo answered after Xiao Tian finished explaining everything. "Don't worry, boss. I won't let anything bad happen to your women."

"I'm counting on you." Xiao Tian said before hanging up the phone.

Xiao Tian then laid down on the bed.

'I really miss them. What are they doing now? Are they sleeping?'

Xiao Tian suddenly missed his women.

It had been a few days since Xiao Tian saw them. He missed their voices, their smiles, and their embraces.

At first, Xiao Tian wanted to call them but decided against it.

'Now is not the right time.'

Xiao Tian then slept.

The following morning, Mu Huo and twenty-five of Xiao Tian's underlings were following Shi Fei and Liu Ning.

Currently, Shi Fei and Liu Ning were inside the car. They were on their way to the Star Clothes company.

Of course, they were using Ye Qingyu's car because Ye Qingyu often went to work with her big sister. They often used her big sister's car.

Because Ye Qingyu didn't want to see Shi Fei and Liu Ning take a taxi, she lent them her car. Shi Fei suddenly noticed something.

'Who are they? Why are they following us?'

Even though Mu Huo and the others had tried to keep their distance from Shi Fei's car, they were still discovered by Shi Fei.

'They have been following us since we left home, but still not doing anything. Are they enemies or not? Wait! Are they members of the Blue Ice Lotus gang? But why are they following us?'

Countless questions emerged on Shi Fei's minds. She wanted to know who they were.

"Big sister Fei, what's wrong?" Liu Ning didn't know that someone was following them.

"Nothing." Because Shi Fei didn't want to scare Liu Ning, she decided to lie to Liu Ning.

"All right." Liu Ning didn't ask anymore.

'Why is she wearing a worried expression?'

Liu Ning asked in her head.

Not long after that, a white Van passed Shi Fei's vehicle and stopped not far in front of them.

Because Shi Fei didn't want their cars to collide, she had no choice but to stop the vehicle.

"It's them." Mu Huo said abruptly when a Van suddenly stopped in front of Shi Fei's car. "We will use a plan A."

"Who are they? Didn't they know it was dangerous to suddenly stop in front of our car like this?" Liu Ning in an exasperated tone.

Three people instantly came out of the Van and walked towards Shi Fei's car.

"Get out of the car now." one of them said immediately.

Chapter 692 - Protecting Shi Fei And Liu Ning

9-11 minutes

Three people instantly got out of the car and marched towards Shi Fei's vehicle. Those three people were the disciples of Ryu martial arts school.

"Instructor Junjie, instructor Bowen, instructor Kai Ming, are you really only sending three people?" one of the Tiger martial arts school disciples inquired.

Junjie, Bowen, and Kai Ming were instructors from the Hakken martial arts school. Previously, Jufan, Yahui, Shuren, and Lan Ruoxi had agreed that Jufan would send three martial artists at the high-level master stage while Yahui and Shuren would send five disciples at the low-level master stage.

"Yes," Junjie responded instantly. "We know that Xiao Tian ordered ten of his underlings to protect his women. The three of them are just bait. After all of Xiao Tian's underlings come out, we will give them a surprise attack."

"He is right." Kai Ming added. "The task of both of you later is to kidnap Xiao Tian's women. Don't worry. They are not martial artists like us, so it will be easy for you to kidnap them."

"Remember this, Fuzi, Sudao. Make them pass out first, so it will make it easier for you to kidnap them later." Bowen gave a piece of advice, "Our mission is to kidnap them, not beat Xiao Tian's underlings, so when we fight Xiao Tian's underlings later, the two of you have to kidnap Xiao Tian's women as quickly as possible. Do you understand?"

"Understood." Fuzi, Sudao answered in unison.

At the same time, Mu Huo also thought of the same plan.

"Ren Aoxu, bring nine people with you and stop them." Mu Huo spoke abruptly. "They thought we only had ten people, so I'm sure they will launch a surprise attack later. Don't worry. When all of them come out, we will give them a surprise attack later."

Xiao Tian had told him that thirteen people would try to kidnap Shi Fei and Liu Ning. Three of them were martial artists at the high-level master stage, while the rest were at the low-level master stage.

Mu Huo was sure that the three people who tried to kidnap Shi Fei and Liu Ning were only disciples.

'So, they are still in the car, huh?'

Mu Huo said in his head.

"Big sister Fei, what should we do?" even though Liu Ning was afraid, she still tried her best not to panic.

"Calm down. Nothing will happen to us." Shi Fei then glanced at the side mirror car.

At this time, she believed the two cars that followed them before were the vehicles of Xiao Tian's underlings.

'But who are they? Does little brother have an enemy again? Is this the reason why he suddenly told us that he had a business out of town?'

Shi Fei suddenly thought that Xiao Tian was lying when he told them that he had business out of town.

"Big sister Fei, there are a few more people behind us." Liu Ning spoke when he saw Ren Aoxu and the others.

"Don't worry. They are little brother's underlings." Shi Fei responded, "It seems like little brother ordered his underlings to protect us in secret."

"I said, get out of the car!" The three people who acted as bait kept asking Shi Fei and Liu Ning to get out of the car.

"Beat them to death!" Ren Aoxu said coldly as he pointed his sword at his enemies.

"Instructors, they have come out." One of the Ryu martial arts school disciples spoke abruptly. "Should we attack now?"

"Wait! Not now." Junjie thought it was still not the right time to attack Ren Aoxu and the others.

Since Ren Aoxu took nine people with him, it was easy for them to defeat their enemies.

"Now!" Junjie said as he got out of the Van.

The others instantly followed him. At this moment, Fuzi and Sudao dashed towards Shi Fei's car.

Ren Aoxu pretended to be surprised when Junjie and the others suddenly surrounded them. "Who are you?"

"You don't need to know us," Junjie responded instantly. "Beat them."

However, before they attacked Ren Aoxu and the others, Mu Huo and Xiao Tian's underlings got out of the vehicle and surrounded them.

Junjie was surprised by this.

'What is this? Wasn't it only ten people who guarded Xiao Tian women in secret?'

Junjie gritted his teeth when twenty-five of Xiao Tian's underlings surrounded them.

'We are outnumbered! The information is wrong.'

Not only were they outnumbered, but Junjie felt that all of his enemies were strong martial artists.

At this time, Shi Fei and Liu Ning were still in the car. They were looking at the people who were in front of them.

When Liu Ning saw people fighting in front of her, she wore a frightened expression. No matter how hard she tried to calm down, she was still scared.

It was the first time she saw people fighting with weapons. When she saw one of the Ryu martial arts school disciples being thrown into the vehicle bonnet, she instantly turned her head to the right side.

She was even more frightened when she saw blood splashed at her. Luckily, there was a windshield protecting her; otherwise, her face would be sprayed with that blood.

As for Shi Fei, she had a calm face. She was used to seeing fights, so it was a normal sight for her. She had even seen people die in battles.

'It seems like I don't need to step in.'

Previously, Shi Fei wanted to help them, but because the Blue Ice Lotus gang members had the upper hand in the fight, she changed her mind.

'It seems like they are stronger and know what to do now.'

Shi Fei was startled that the Blue Ice Lotus gang members were different from the last time she saw them.

'And who are they?'

Shi Fei had never seen Mu Huo and Ren Aoxu, so she didn't know who they were.

'Well, I don't care. I have decided to no longer be involved with the underworld, so I don't need to know them.'

Shi Fei then glanced at Liu Ning.

When she saw the expression on Liu Ning's face, she touched Liu Ning's shoulders and uttered, "Don't worry. We will be fine."

"Un." Liu Ning nodded her head.

'Big sister Fei is amazing. She still has a calm expression even though many people are fighting in front of her. She isn't even scared when she sees blood.'

Previously, Liu Ning thought Shi Fei would have the same expression as her, but she was wrong. That was why she praised Shi Fei.

When Junjie saw Mu Huo, the feeling of fear emerged within him. Mu Huo had defeated Cheung, the second strongest instructor of the Hakken martial arts school.

So, he knew that he would not be able to defeat Mu Huo because he was weaker than Cheung.

'What should I do now?'

When Junjie was thinking of a way to beat Mu Huo, Mu Huo dashed towards him and threw out a fist at his head.

Like what Junjie had guessed, he could not beat Mu Huo. He even never managed to land an attack on Mu Huo.

'This situation is dangerous!'

At this moment, Junjie's face was covered in bruises, and blood was dripping from the corner of his mouth.

As Mu Huo was beating Junjie, almost all of the disciples and instructors were beaten up by Xiao Tian's underlings and Ren Aoxu.

"Run!" Junjie knew that they had failed in their mission, so it was better to leave because he knew that they would not be able to defeat their enemy.

Of course, Xiao Tian's underlings didn't let them escape because whatever happened, they had to capture them.

When Junjie realized that Xiao Tian's underlings surrounded them, he knew that the possibility of them being able to escape was very slim.

This made Junjie think of a way to help them escape. Suddenly his sight fell on Liu Ning and Shi Fei.

'This is the only way that can help us escape.'

With that idea in mind, Junjie dashed towards Shi Fei's car and tried to take them as hostages. However, Shi Fei had locked the car door, so Junjie was unable to open it.

'I have to break the car window.'

Junjie raised his right arm because he wanted to break the car window. He was a martial artist at the high-level master stage, so breaking a car window was easy for him.

However, before Junjie could do that, Mu Huo threw out a high kick, aiming at the left side of Junjie's head.

This made Junjie change his mind and instantly put both of his arms on the left side of his head. But due to how strong Mu Huo's kick was, he was thrown two meters.

At this moment, all of Xiao Tian's underlings had beaten up their opponents. None of their opponents managed to escape.

This made Mu Huo not want to waste any more time and immediately attacked Junjie non-stop.

*Uakkk...

Junjie was thrown by Mu Huo's kick. He landed in front of Xiao Tian's underlings. Of course, they instantly attacked Junjie.

Because Junjie had greatly injured, he was unable to protect himself. And as a result, he was beaten up by Xiao Tian's underlings without being able to fight back.

After Xiao Tian's underlings immobilized their enemies, Shi Fei and Liu Ning got out of the car.

Mu Huo, who saw it, instantly walked towards them. "Misses, sorry for scaring you."

"Who are they?" Shi Fei inquired.

"They are..." Mu Huo could not finish his words because he didn't know whether he should tell the truth or not.

Xiao Tian only ordered him to protect Liu Ning and Shi Fei. Xiao Tian didn't tell him what to say if Shi Fei or Liu Ning asked questions about their enemies.

"Why are you not saying anything?" Liu Ning asked, "Where is Tian'er?"

Chapter 693 - Making A Plan Again

9-11 minutes

Once again, Mu Huo could not answer the question. He was afraid that Xiao Tian would get angry at him if he told them the truth.

'What should I do? I don't know what to answer.'

At this moment, Mu Huo regretted not asking Xiao Tian anything last night.

Because Mu Huo didn't say anything, Shi Fei shifted her gaze from Mu Huo to the Blue Ice Lotus gang members. "Is there any of you who can tell me what is going on?"

All of the Blue Ice Lotus gang members instantly avoided Shi Fei's gaze. Shi Fei was their founder, so they didn't dare lie to her.

However, their current leader was Xiao Tian, not her. It left them with no idea what to say to her.

'Sorry, founder. We don't want our leader to get mad at us later. Our leader has treated us very well, so we don't want to disappoint him.'

Those were the words that appeared in their minds. Even though Shi Fei was their founder, but they still chose Xiao Tian.

Since Xiao Tian became their leader, they were happier than before. They were always laughing together, joking together, partying together, and there was still a lot of fun they had done together since Xiao Tian became their leader.

Because they often had beautiful moments together, they had become closer to Xiao Tian or the other members.

Shi Fei was unhappy when the Blue Ice Lotus gang members ignored her question.

'What is this? Since when did they dare to act like this to me?'

Previously, Shi Fei thought they would answer her questions immediately, but she was wrong.

Shi Fei then looked at Liu Ning and spoke, "Ning, let's go to Star Clothes company. There is no point in asking them because they won't tell us. We will ask little brother later."

"All right." Liu Ning replied.

The Blue Ice Lotus gang members were relieved after hearing Shi Fei's words.

'Lucky!'

The Blue Ice Lotus gang member let out a sigh of relief.

Moze Village, Xiao Tian's house.

"These are all documents containing information about the Tiger martial arts school." Lan Ruoxi placed the documents on the table.

Currently, Lan Ruoxi, Zhao Sheng, and Xiao Tian were in the family room. After one of Lan Ruoxi's underlings sent documents containing information about the Tiger martial arts school, she immediately showed it to Zhao Sheng and Xiao Tian.

"So they have seventy disciples and twelve instructors, huh?" Xiao Tian said after seeing the documents. "It's more than I thought."

"Yes. But because we have captured Heiya and Baihe, they only have ten instructors now." Lan Ruoxi said, "Shuren said that he would only bring twenty-five disciples and five instructors, so not all of them will become our enemies later. Well, if he doesn't change his mind."

"You are right." Xiao Tian said instantly. "Now the question is, will he still send five instructors or will he only send three instructors later?"

"In my view, he will only bring three instructors later. Even though Shuren and Jufan are friends, but I believe Shuren will not risk the future of his martial school just to help Jufan." Zhao Sheng was sure that Shuren would only bring three instructors later.

Instructors were important for a martial arts school because they were one of the foundations of a martial arts school.

"I think so too." Lan Ruoxi had the same thought as Zhao Sheng.

"Let's just say he will bring five of them later. Who do you think he will bring?" Xiao Tian inquired.

"It's hard to guess because they all have a high chance of participating in the war later." Lan Ruoxi replied, "But we don't have to worry about that, because we already have information about them."

"What she said is right." Zhao Sheng added. "What we need to think about now is how to poison them."

"But it's hard to poison them." Xiao Tian said, "Because there is almost no chance of poisoning them."

"How about we invite them to our house and poison them here?" Lan Ruoxi voiced out her idea.

"I think it's not a good idea to poison them in our home." Xiao Tian disagreed with Lan Ruoxi's idea. "If they feel something is wrong with their bodies after leaving our house, they will suspect us later."

"I also disagree to poison them in our house." Zhao Sheng spoke. "From my point of view, it would be better to poison them in their place or another place like a restaurant."

"Wait. I have an idea." Xiao Tian suddenly found an idea to poison Jufan and the others.

"What is it?" Zhao Sheng and Lan Ruoxi asked in unison.

"We can get Shuren's servants to poison them." Xiao Tian went straight to the point.

"How?" Lan Ruoxi asked, "Do you want to bribe them with money?"

"That's right. I'm sure one of his servants will agree later." Nobody could refuse money, so Xiao Tian believed that he could make one of Shuren's servants poison Jufan and the others later.

"How can you be so sure that one of the Shuren's servants will accept your offer later?" Lan Ruoxi wanted to know where his confidence came from.

"Crystal, you really underestimate the power of money." Xiao Tian replied, "And if I fail later, I have a backup plan."

If all of Shuren's servants refused later, Xiao Tian would use a dirty way. With this, Xiao Tian was sure that one of them would do whatever he wanted later. Of course, his backup plan was cruel, but he didn't care.

For him, as long as it could help him achieve his goals, he would do anything, including hurting others.

"When are you going to carry out your plan?" Zhao Sheng inquired.

"Tomorrow." Actually, Xiao Tian wanted to carry out his plan as quickly as possible, but he didn't have any information about Shuren's servants.

"Why don't we carry out your plan tonight?" Lan Ruoxi thought Xiao Tian would carry out his plan immediately, but she was wrong.

"We don't have any information about his servants." Xiao Tian gave an honest answer. "At least, we need their pictures so that my underlings can follow them later."

"I will go to Ryu martial arts school tomorrow." Lan Ruoxi said, "I will take their pictures secretly later."

"Good! You are ind-" before Xiao Tian had finished his words, his smartphone suddenly rang.

'Mu Huo?'

When he found out the person who called him was Mu Huo, he immediately picked up the phone. "How is it?"

"Boss, everything is under control. We have captured all of them and now, they are in prison." Mu Huo went straight to the point.

Xiao Tian was thrilled after hearing Mu Huo's words. "Good! How about my women? Nothing happen to them, right?"

"Nothing happen to them, boss." Mu Huo replied instantly. "But, your women asked me a few questions earlier."

"Oh! What were their questions? And what were your answers?" Xiao Tian inquired.

"They wanted to know about the people who tried to kidnap them and asked where you were." Mu Huo gave an honest answer. "But because I had no idea what to say, I ignored their questions. It seems like they were annoyed earlier."

"I will call them later." Xiao Tian didn't want his women to hate Mu Huo or his underlings because all of them were important to him.

After Xiao Tian hung up the phone, Zhao Sheng asked, "How is it?"

"Everything is under control." After saying that, Xiao Tian turned his head towards Lan Ruoxi. "Crystal, I'm counting on you tomorrow."

"Leave it to me." Lan Ruoxi believed that she could take photos of Shuren's servants in secret tomorrow.

Currently, Jufan, Shuren, and Yahui were in a private room. They were discussing how to destroy the Blue Ice Lotus gang.

But not long after that, one of the instructors entered the room. "Grandmasters, I have come to give report."

"What is it?" Yahui inquired.

"Junjie and the others failed in their mission." The instructor went straight to the point. "Now they are being held by Xiao Tian's underlings in prison."

Previously, he called Junjie because he wanted to know the progress of his mission. However, the person who answered the call wasn't Junjie but Mu Huo.

Mu Huo told him that Junjie and the others were in prison, and if they wanted to free Junjie and the others, they had to go to the Blue Ice Lotus gang headquarters.

"What?! Failed again?!" Jufan's body stiffened at the remark.

Previously, they failed in their mission, causing them to lose five instructors. And now, the same thing happened again.

Jufan could not accept it. He was enraged because he had lost five instructors even before they had a war with the Blue Ice Lotus gang.

Like Jufan, Shuren and Yahui were also annoyed. Previously, they believed that Junjie would succeed in kidnapping Shi Fei and Liu Ning. They didn't expect that Junjie and the others would fail again.

"How could they fail in carrying out their mission?" Yahui wanted to know the reason why Junjie and the others failed in their mission.

"I don't know. I know this information from Mu Huo." The instructor gave an honest answer.

"Mu Huo? Mu Huo from the Blue Ice Lotus gang?" Shuren asked.

"Yes." because the instructor didn't want Jufan and the others to be suspicious of him, he started telling everything.

"What should we do now?" Yahui inquired.

"This is because we agreed to use their ideas." Jufan blamed Xiao Tian, Lan Ruoxi, and Zhao Sheng for their failure. "From now on, let's use our ideas."

"I agree." Shuren answered. "We should not use their ideas anymore because their ideas always fail."

"All right." Yahui spoke.

Chapter 694 - Meeting Jie Ai

9-12 minutes

The following morning, Lan Ruoxi traveled to Ryu martial arts school to carry out her mission. Even though Jufan and the others still allowed her to join the discussion, their attitude towards her had changed.

They always refused to use her ideas. Their behavior often infuriated Lan Ruoxi because she could no longer reduce the number of instructors.

However, she could not do anything about it because if she forced them to use her ideas, it would raise suspicion later.

Even though she failed to get Jufan and the others to accept her ideas, she succeeded in carrying out her mission. She managed to take pictures of Shuren's servants.

Because there was no point in staying at Ryu martial arts school, Lan Ruoxi returned home.

"So, how is it?" Xiao Tian inquired.

Currently, Xiao Tian, Lan Ruoxi, and Zhao Sheng were in the family room.

"Of course, I succeeded in carrying out my mission." Lan Ruoxi smiled as she showed Xiao Tian the photos of Shuren's servants. She took a photo of four of Shuren's servants.

"You are indeed the best." Zhao Sheng praised Lan Ruoxi.

Actually, Zhao Sheng had guessed that Lan Ruoxi would not fail in carrying out her mission because he knew who she was and what she had done in the past.

"Hehe." Lan Ruoxi was pleased after hearing Zhao Sheng's words.

"Can you send their pictures to my phone now?" Xiao Tian wanted to carry out their plan immediately. That was why he wanted Lan Ruoxi to send their pictures to him.

"All right." After saying that, Lan Ruoxi sent a photo of Shuren's servants to Xiao Tian's phone.

Without waiting for another second, Xiao Tian called Chun Hua.

"Hello?" Chun Hua said after picking up the phone.

"Chun Hua, I want you to follow a few people now." Xiao Tian went straight to the point.

"Who are they?" Chun Hua inquired.

"I will send their pictures later." Xiao Tian thought it would be better to send their pictures because he also had no idea who they were.

"All right." Even though Xiao Tian didn't answer her question, Chun Hua didn't mind it.

After Xiao Tian hung up the phone, he immediately sent their pictures to her. Xiao Tian sent two pictures because, in his view, Chun Hua didn't need to follow all of Shuren's servants.

Previously, Xiao Tian wanted Chun Hua to follow one person, but he suddenly changed his mind. From his point of view, it was better to be safe than sorry.

'Maybe I should call them.'

Currently, Xiao Tian was lying down on the bed. After discussing his plan with Zhao Sheng and Lan Ruoxi, Xiao Tian headed to his room.

'Yes. I will call them. I miss their voices.'

Without waiting for another second, Xiao Tian took his smartphone out of his pocket and called Shi Fei.

"Hello, little brother?" Shi Fei was not surprised when Xiao Tian suddenly called her because she believed Mu Huo had informed him that they wanted to know what was going on.

"Are you with Ning'er?" Xiao Tian inquired.

"No." Shi Fei was in her office. That was why she was not with Liu Ning. "Do you want me to call her?"

"Yes." Xiao Tian answered.

Without hanging up the phone, Shi Fei grabbed the phone which was on the table and called her subordinate.

"Do you need anything, director Shi?" her subordinate said after picking up the phone.

"Bring Mrs. Liu Ning to my office now." Shi Fei went straight to the point.

"Understood." Her subordinate didn't ask anything and immediately did what she was told.

Not long after that, Liu Ning entered Shi Fei's office and spoke, "Big sister Fei, do you need anything?"

At this moment, Liu Ning thought Shi Fei had something important to tell her. That was why Liu Ning immediately headed to Shi Fei's office.

'What does he want to talk about?'

Liu Ning asked in her head.

"Little brother wants to say something to us." Shi Fei gave an honest answer.

"Are you on the phone with him now?" happiness clouded Liu Ning's features.

"Yes." after saying that, Shi Fei walked towards the couch and sat on it. "Come here."

Without waiting for another second, Liu Ning sat on the sofa.

Shi Fei then put her smartphone on speaker mode. "Little brother, Ning is next to me now."

"Ning'er, it has been a few days since we last met. I really miss you." Xiao Tian voiced out his feelings.

"How are you?"

Xiao Tian did miss Liu Ning. No, he missed all his women. He wanted to spend time with them, but he knew that he could not do that because it could put them in danger later.

"I miss you too. Tian'er, where are you now?" Liu Ning wanted to know where he was because she suspected that Xiao Tian was still in Shanghai.

"I'm in the Mozu village now." Xiao Tian gave an honest answer. "I'm sorry for lying to you."

"Can you tell me what is going on?" Liu Ning didn't immediately get angry with Xiao Tian. She wanted to hear his explanation first because she didn't want any misunderstanding happen between them.

"It's like this...." Because Xiao Tian did not want to lie anymore, he told them the truth. "I could not help but lie to you because I don't want anything bad to happen to you two. I hope you can understand it."

"It's fine. We are not angry at you." after saying that, Shi Fei turned her head towards Liu Ning. "Isn't that right, Ning?"

"Yes. We are not angry at you." upon hearing everything, Liu Ning could not get angry with Xiao Tian because the reason he lied was to protect them.

"Thank you." actually, Xiao Tian had guessed that they would not be angry or would forgive him immediately because they understood him very well.

When everyone found out about his affair, the only people who still loved him and stayed by his side were none other than Liu Ning and Shi Fei.

Lin Xing Xue and the others were furious at him and ignored him. Of course, he could understand the reason why Lin Xing Xiu and the others were enraged.

"So, when will you go home?" it had been more than five days since she last saw her lover.

That was why Liu Ning wanted to see him as soon as possible. Of course, she would not force him to meet her if he didn't have time because she understood his position.

"I don't know. But I will meet you two if I have time." Xiao Tian had no idea when he would return home because he didn't know when he could destroy the Hakken martial arts school.

"Little brother, please take care of yourself and don't let yourself get hurt." Shi Fei knew that she would not be able to ask Xiao Tian to stop what he was doing.

That was why she only hoped that Xiao Tian would take care of himself because she didn't want anything bad to happen to her lover.

"Yes." Liu Ning added. "Please be careful."

"Hehe. Don't worry. Your lover is the son of the Goddess of Luck, so nothing will happen to me." Xiao Tian was joking on purpose because he didn't want the atmosphere to become heavy.

"Hehe." Liu Ning and Shi Fei laughed after hearing his words.

Then they talked for another thirty minutes before Xiao Tian finally hung up the phone.

At first, Xiao Tian wanted to meet Mu Huo but suddenly changed his mind. He suddenly felt it would be unfair if he didn't call his mother and aunt.

That was why he called them. They talked for about an hour before Xiao Tian finally hung up the phone. After that, Xiao Tian traveled to the Blue Ice Lotus gang headquarters to meet Mu Huo.

Xiao Tian told Mu Huo what he should do in the next two days. He also told his underlings to guard their base every day with at least eighty people.

Of course, Xiao Tian gave them money to buy food and drinks because many of them would not come home. After that, he went home.

Time went by quickly, and without realizing it, it was already 06:30 pm. After taking a shower, Xiao Tian called Chun Hua to ask about the progress of her mission.

Chun Hua told him that she was still following the target. Because Xiao Tian wanted to carry out his plan immediately, he asked her to send her location.

After receiving her location, Xiao Tian left. This time, Xiao Tian left using his real identity because it could destroy his plans if he met the target using his fake identity.

"Where is she?" Xiao Tian asked when he was in front of Chun Hua.

"She is in that convenience store." Chun Hua said as she pointed her right index finger at the convenience shop in front of her.

"I see. Let's wait here." Xiao Tian uttered.

Not long after that, a woman about forty years old came out of the convenience store. She was carrying mineral water in her right hand.

From her expression, anyone could tell that she was worn out and sleepy. She was Jie Ai, one of Shuren's servants.

"Let's follow her." Xiao Tian whispered.

Chun Hua didn't answer, but she nodded her head. Then they began to follow Jie Ai.

Since Xiao Tian and Chun Hua had no intention of hiding their presence, Jie Ai could feel someone was following her.

'Why do I feel like someone is following me?'

Jie Ai didn't stop walking, but she turned her head to look around her.

'Who are they?'

Because Jie Ai felt that Xiao Tian and Chun Hua were following her, she walked faster and faster.

Of course, Xiao Tian and Chun Hua did the same because they didn't want to lose her. At this moment, they were waiting for the right moment to carry out their mission.

When Xiao Tian felt that an opportunity had arisen, he glanced at Chun Hua and nodded his head.

Even though Xiao Tian didn't say what he wanted directly, Chun Hua could understand what he wanted. Without waiting for another second, she dashed towards Jie Ai and stopped in front of her.

"Who...who are you? What...what do you want?" fear crossed Jie Ai's face.

Because she was sure that Xiao Tian and Chun Hua had bad intentions, Jie Ai decided to run away. However, her efforts were in vain because Chun Hua always managed to block her path.

"You don't need to be afraid like that." Xiao Tian walked towards Jie Ai and stopped in front of her. "Let me introduce myself. My name is Xiao Tian. The reason why I met you is that I want to give you an opportunity to change your life."

Chapter 695 - Jie Ai Agree With His Plans

8-10 minutes

"Let me introduce myself. My name is Xiao Tian. And the reason why I came to see you is that I want to give you an opportunity to change your life." Xiao Tian introduced himself.

Of course, Jie Ai didn't believe Xiao Tian's words because he had been following her since she left the convenience store.

She was even sure that Xiao Tian had bad intentions towards her and his words were nothing but gibberish. For this reason, she tried to run away again.

"Why didn't you hear me first?" Xiao Tian said calmly after stopping her from running away. "Think about this. If I wanted to hurt you, I would have done it since you walked out of the convenience store. But I didn't do anything to you until now. It's because I have no ill intentions to you."

Upon hearing Xiao Tian's words, Jie Ai began to believe his words a little.

'Should I hear his explanation first?'

Jie Ai wavered whether she should hear Xiao Tian's explanation or not.

"Are you still doubting me?" Xiao Tian inquired.

Jie Ai didn't answer, but she nodded her head, giving him a sign that she still doubted him.

Of course, Xiao Tian knew that something like this would happen. "Chun Hua, can you leave us for a moment? I want to talk with her alone."

With this, Xiao Tian hoped Jie Ai would believe that he had no ill intentions towards her.

"All right." After saying that, Chun Hua walked away.

She was not worried that something bad would happen to Xiao Tian because he was a strong martial artist, and Jie Ai didn't know any martial arts.

"Can we talk now?" actually, Xiao Tian could use force, but he decided against it.

From his point of view, it would be better if Jie Ai accepted his offer without coercion because if he used force, he was sure she would immediately refuse.

And if he succeeded in getting her to accept his offer, there was a chance that she would betray him later. That was why Xiao Tian didn't resort to violence.

It took Jie Ai five seconds before answering, "All right. What do you want?"

"I want you to poison Jufan, Yahui and Shuren." Xiao Tian went straight to the point. "I'm sure you already know that I have enmity with them, so I won't hide it from you."

"I refuse!" Jie Ai didn't want to commit any crime. That was why she refused instantly.

"Really?" Xiao Tian grabbed his wallet and took 100,000 Yuan out of his purse. "If you agree, this money will be yours."

Jie Ai began to rethink her decision when she saw 100,000 Yuan in Xiao Tian's right hand. She was from a low lower-class family, so 100,000 Yuan was a lot of money for her.

'What should I do?'

Even though she didn't want to commit any crime, but she could not resist 100,000 Yuan.

Since she was a child, Jia Ai never had 100,000 Yuan in her bank account. No, she didn't even have a bank account because her parents were poor, and her salary was only enough to meet their daily needs.

Jufan paid her salary daily, but her wages ran out straight away to buy groceries. Otherwise, she and her family would starve later.

Since a long time ago, she wanted to bring her family to eat delicious food, but her wish had not been fulfilled until now because she had no money.

Even she and her family only had a few clothes, and she could not remember the last time she bought new clothes for herself or her family.

When Xiao Tian saw the expression on her face, he knew that he almost succeeded in getting Jie Ai to accept his offer.

Xiao Tian suddenly found an excellent idea to reduce the number of instructors. For this reason, he took another 100,000 Yuan out of his wallet and spoke, "I will add another 100,000 Yuan if you agree with my offers. So, how is it?"

Upon hearing Xiao Tian's words, Jie Ai became even more indecisive.

'What should I do? What should I do? What should I do?'

Like before, she didn't want to commit any crime, but at the same time, she also didn't want to let the opportunity to get 200,000 Yuan slip away.

'What should I do? This kind of opportunity won't come twice. I'm sure I won't get another chance like this if I refuse, but...'

At this moment, the evil side and the good side of her began to argue in her head.

The evil side told her to accept the offer immediately as this was an excellent opportunity to have a lot of money.

On the flip side, the good side kept telling her to refuse because it was not a good deed, and she could go to jail if she were caught by the police.

"Are you sure you don't want this money?" Xiao Tian inquired, "This money can change your life forever, you know? I'm sure this amount of money is enough to open a small business. With this, you don't need to become a maid anymore."

Like before, Jie Ai remained silent. However, from her expression, anyone could tell that she was interested in Xiao Tian's money.

And what Xiao Tian said was true. With 200,000 Yuan, she could change her family life. 200,000 Yuan was more than enough to open a small business.

"You don't have to worry if you get caught by them because you can blame someone else later." Xiao Tian was sure what made Jie Ai hesitant was that she didn't want to go to jail. "But I'm sure you will not be caught because the poison is tasteless and colorless."

"Re...really?" Jie Ai wanted to accept his offer even more after hearing his words, "How?"

Xiao Tian's lips curled into a smirk before answering, "This is what you have to do later."

Xiao Tian told her what she had to do later. He was sure that Jufan and the others wouldn't suspect Jie Ai if his plan went smoothly.

And if she was caught, she could tell them that she was being threatened. If she was imprisoned, Xiao Tian promised that he would release her later.

With so many promises and 200,000 Yuan, Jie Ai finally decided to accept the offer. "All right. I will accept it."

"Good!" Xiao Tian smiled happily because, with this, the destruction of the Hakken martial arts school was getting closer. "My underling will send you a phone and poison tonight,"

"All right." Jie Ai nodded her head.

In order to make sure that Jie Ai would not betray him, Xiao Tian gave her 100,000 Yuan. "I will give you 100,000 Yuan first. Once you have successfully carried out your mission, I will give the rest."

"I understand." Jie Ai smiled happily when she saw 100,000 Yuan in her hands.

She had never had 100,000 Yuan since she was a child, so she could not put her happiness in words.

"But, if you dare to betray me..." Xiao Tian spoke and paused for a second before he continued, "I will make you regret it later."

"I understand." Of course, Jie Ai knew that Xiao Tian would do something bad to her if she betrayed him. "But how can I meet you later?"

"Don't worry, I will put my number on the phone which I will send to you later." Xiao Tian replied instantly.

'And I will order two of my underlings to follow you in secret later.'

Xiao Tian added in his head.

"Alright." Jie Ai said.

After Jie Ai left, Xiao Tian walked towards Chun Hua.

"How is it, sir?" Chun Hua really wanted to know whether Xiao Tian managed to get Jie Ai to accept his offer or not.

"Everything is going well. Let's go to Blue Ice Lotus gang headquarters now." Xiao Tian wanted to meet Mu Huo because he needed Mu Huo to help him with his plan.

"Alright." Chun Hua nodded her head.

On his way to the Blue Ice Lotus gang headquarters, Xiao Tian bought a cheap phone because, in his view, it would be better if he bought a new one instead of giving his phone to Jie Ai. Then Xiao Tian saved his number on the new phone.

"Boss, is there anything you want us to do?" Mu Huo asked when he saw Xiao Tian. "Or do you want to see our enemies?"

"No." Xiao Tian replied. "I need your help now."

"What is it?" Mu Huo inquired.

"It's like this." Xiao Tian began to explain his plan to Mu Huo.

He told Mu Huo that Mu Huo needed to pretend to be one of the Ryu martial arts school instructors. Because it would take a long time to make a silicone head mask based on one of the Ryu martial art school instructors, Xiao Tian asked his underlings to make up Mu Huo's face.

After that, Xiao Tian and Mu Huo went to a nearby park. In the garden, Xiao Tian pretended to give Mu Huo a lot of money. And one of Xiao Tian's underlings then took a picture of them.

Xiao Tian wanted to slander one of the instructors of the Ryu martial arts school. He wanted Yahui to think that one of his disciples betrayed him for money. After that, Xiao Tian ordered one of his underlings to give the phone to Jie Ai.

"Where did you go earlier?" Lan Ruoxi inquired.

"I went to Lishi village to meet one of Shuren's maids." Xiao Tian gave an honest answer.

"I see." Lan Ruoxi said as she nodded her head.

Chapter 696 - Spending Time With Ye Qingyu

8-11 minutes

Xiao Tian talked with Lan Ruoxi for about twenty minutes before finally, he headed to his room and slept.

The next day at 09:00 am, Xiao Tian decided to meet his mother and aunt because their voices were different from usual when he called them yesterday. Xiao Tian could feel that they desired to meet him from their voices.

After he arrived at his destination, Xiao Tian immediately headed to Ye Qingyu's office. At first, he wanted to meet his mother first but suddenly changed his mind.

*Click.

Xiao Tian opened the door without knocking.

Ye Qingyu, who was working, was surprised when someone suddenly entered her office without knocking on the door.

At first, she was about to scold the person who walked into her office without knocking on the door, but when she found out that person was Xiao Tian, she decided not to do that.

'Tian.'

A soft smile spread across her face when she saw him. She was pleasantly surprised when Xiao Tian came to her office because she desired to meet him.

Because Xiao Tian didn't want his time with his aunt to be disturbed, he immediately locked the door.

Of course, Ye Qingyu did nothing when she found out that Xiao Tian locked the door because she also didn't want her time with Xiao Tian to get disturbed.

With a smile on his face, Xiao Tian walked over to Ye Qingyu, and when he was behind her, he wrapped his arms around her neck and voiced out his feelings, "I miss you so much, Qingyu."

Ye Qingyu, who was sitting on her office chair, put her hands in his. "Me too."

All the longing she had been experiencing for the past few days disappeared after hearing his words.

Because Xiao Tian desired to lovey-dovey with her, he carried her in a princess style and sat on the couch.

Ye Qingyu, who was sitting on Xiao Tian's lap, smiled beautifully. At this moment, she looked like a teenager who fell in love for the first time and didn't want to be separated from her lover.

Not only that but the smile on her face also never disappeared since Xiao Tian entered her office.

Xiao Tian then wrapped his right arm around her hips and spoke, "Do you like this surprise?"

Ye Qingyu didn't answer, but she nodded her head, giving him a sign that she was pleasantly surprised.

When Ye Qingyu nodded her head while smiling, she looked much more beautiful in Xiao Tian's eyes.

Maybe, it was because they hadn't seen each other for a few days, or perhaps, because his love was deeper than before. But it made Xiao Tian stunned when he saw it.

'She is so charming!'

In his eyes, Ye Qingyu suddenly became much more charming than usual.

Her pretty face, coupled with a beautiful smile, made the world dim. It was as if she was the only beautiful creature in the world.

"Why are you looking at me like that?" Ye Qingyu had no idea what Xiao Tian had in mind.

Previously, she thought Xiao Tian would use his sweet words like usual, but she was wrong. Not only did he not use his honeyed words, he even didn't say a word and only looked at her.

"I'm mesmerized by your beautiful smile." Xiao Tian gave an honest answer.

Even though Ye Qingyu had no idea whether Xiao Tian was lying or not, but she was thrilled when he praised her.

"Thank you." the smile on her face became even more beautiful, as if she wanted to seduce Xiao Tian using her smile.

Like before, Xiao Tian was mesmerized by her beautiful smile.

'Do you want to kill me with your smile?!'

Xiao Tian shouted in his head.

At this moment, Xiao Tian suddenly desired to kiss her. For this reason, he brought his face closer towards hers and kissed her left cheek.

*Kiss.

Xiao Tian pressed his lips against her left cheeks for about three seconds before he stopped the kiss.

To his surprise, Ye Qingyu suddenly cupped his face and kissed his forehead. Of course, her actions much surprised Xiao Tian because previously, he thought she would giggle for suddenly kissing her.

"Here too." Xiao Tian spoke as he touched his lips with his left index finger.

Xiao Tian wanted to feel her tender lips because it had been more than six days since he last kissed her cherry lips.

Ye Qingyu smiled softly after hearing his words. Actually, she had guessed that he would say something like that because almost every time she kissed his forehead or cheeks, he always asked her to kiss his lips too.

Because the truth was she also desired to kiss his lips, Ye Qingyu cupped his face again and pressed her lips against his.

She didn't stop the kiss immediately or shut her eyes; instead, her eyes were focused on Xiao Tian's black eyes.

'I finally can feel his lips again.'

Other than missing him, Ye Qingyu also missed his embrace and the feel of his lips.

That was why she was thrilled when she could kiss him again. Of course, she didn't show it on her face or say it to him because she was sure that he would tease her if she did something like that.

After she broke the kiss, Ye Qingyu said, "How is it? Are you happy now?"

"Yes. I'm delighted." Xiao Tian replied as he smiled. "Now, how about we have a French kiss?"

Actually, Xiao Tian was lying. He only wanted to tease her.

However, Ye Qingyu had a different thought. She thought Xiao Tian desired to have a passionate kiss with her.

Because her lover wanted to kiss her passionately, of course, Ye Qingyu would not refuse his wish. However, she would not be the one to start it because it would make her shy. For this reason, she immediately shut her eyes and opened her small mouth slightly.

"Pfft!" a peal of suppressed laughter burst out.

Ye Qingyu instantly opened her eyes and glanced at him. "Are you teasing me again?"

"Sorry. I was joking. Haha." Xiao Tian replied before laughing.

"Because you have teased me, I won't allow you to kiss me today." Ye Qingyu pretended to be angry.

"I don't mind if you don't allow me to kiss you today, because I can do that tomorrow." Xiao Tian spoke and paused for a second before he continued, "Wait! You only won't allow me to kiss you right? Then I'm perfectly fine with it because that means, I can have sex with you now. Hehe. Let's have sex now."

Like before, Xiao Tian was joking around because he had no intention of having sex with her. It had been more than six days since he could spend time with her, so he only wanted to lovey-dovey with her.

"No!" Ye Qingyu refused again. "I won't let you kiss me, and I also won't have sex with you. Today, I won't allow you to do any adult things to me."

"Ah, I'm so sad!" Xiao Tian pretended to be sad. "Well, I'm also fine with it because as long as I can spend time with my gorgeous lover, I'm already happy."

His words much surprised Ye Qingyu. Previously, she thought he would make an excuse so that he could have sex with her later, but she was wrong.

Of course, this made her happy. "Hehe. If you want to have sex with me or kiss me passionately, I can fulfill your wish but on one condition."

"Oh, what is it?" Xiao Tian inquired.

"You have to spend time with me until evening." Ye Qingyu responded, "After that, we can go to hotel or your apartment later. In there, I will agree to do whatever you want, including having sex with you. How is it?"

"Eh..." of course, Xiao Tian also wanted to spend time with her, but there were so many things he had to do later, so he could not do that.

At this moment, Xiao Tian didn't know how to refuse without hurting her feelings because he didn't want to make her sad. He could understand her feelings because he felt the same way as her.

"Hehe." Ye Qingyu giggled when she saw the expression on his face. "I was joking, you know."

She knew that Xiao Tian would not be able to spend time with her until evening. However, because he had teased her earlier, she decided to do the same thing to him.

Xiao Tian pinched her left cheek gently and smiled, "So my beautiful lover dares to tease me, huh? It seems like I have to punish you now."

"Hehe. What are you going to do to me?" Ye Qingyu made an expression as if she was challenging him to punish her.

She was sure that Xiao Tian would not hurt her. Until now, every time Xiao Tian said that he wanted to punish her, he only kissed her lips.

That was why all his women knew that if he said he wanted to punish them, he would only kiss them. And for them, it was not a punishment but a reward.

However, this time, Xiao Tian said something different. "I want to have sex with you until everyone hear your moan later."

Upon hearing his words, Ye Qingyu gazed at Xiao Tian without saying a word. It took her five seconds before she came to her senses, "What?! But didn't usually just kiss me every time you say you want to punish me? Why did it change today?"

"Because my lover is so beautiful." Xiao Tian replied. "It makes me horny."

'I'm sure, she will think that I'm horny and desire to have sex with her now. Hehe. This is interesting.'

Xiao Tian laughed in his head.

Chapter 697 - If You Refuse, I Will Bite Your Lower Lip

10-12 minutes

Ye Qingyu was at a loss for words. Previously, she thought that Xiao Tian would only kiss her passionately. She still hadn't realized that Xiao Tian was lying to her.

'What should I do?'

Ye Qingyu still hadn't said anything and only stared at him.

Of course, she didn't mind if Xiao Tian desired to have sex with her, but having sex in her office was a big no for her.

Her eyes widened for a second when Xiao Tian suddenly squeezed her left breast. She then shifted her gaze from his face to his left hand, which was squeezing her left breast.

'It seems like he is very horny.'

Xiao Tian's actions made Ye Qingyu even more certain that he was not lying when he stated that he was aroused.

At this moment, Ye Qingyu remained silent. She was thinking about what she should do.

As for Xiao Tian, he laughed in his head when he saw the expression on her face.

'Haha. Her complicated expression is so cute. It makes me want to tease her even more.'

Of course, Xiao Tian knew what she had in mind. Actually, he deliberately squeezed her left breast to make her think that he was horny.

'Alright. I think it's better to stop now because this is dangerous.'

Xiao Tian was afraid that he would really get aroused if he continued to squeeze her left breast. However, when Xiao Tian wanted to say that he was only joking around, Ye Qingyu suddenly did something unexpected.

Ye Qingyu cupped his face and kissed his lips. However, this time was different than before because as soon as their lips met, she immediately tried to put her tongue in his mouth.

Of course, her actions much surprised Xiao Tian because she refused to have a passionate kiss with him earlier.

'Eh! What is this?'

At this moment, Xiao Tian still hadn't opened his mouth and only stared at Ye Qingyu's eyes.

'Agh!'

Xiao Tian felt pain when Ye Qingyu suddenly bit his lower lip hard.

'My love, please don't bite my lips hard. You are hurting me, you know?'

Due to how hard she bit his lower lip, Xiao Tian suddenly suspected that his lower lip was bleeding. Of course, he was not angry at her.

When Xiao Tian opened his mouth, Ye Qingyu instantly put her soft tongue into his mouth.

'This method works so well.'

The reason why Ye Qingyu suddenly bit Xiao Tian's lower lip was that he always did the same thing every time Ye Qingyu didn't open her mouth when he wanted to kiss her passionately.

That was why she copied his method. However, she didn't realize that she bit his lower lips too hard.

Because it was difficult to kiss Xiao Tian passionately from sideways, Ye Qingyu instantly turned her body to face him.

She was wearing trousers, so it was easy to move around freely. She then lifted Xiao Tian's head slightly and started kissing him wildly.

She explored every inch of his mouth using her pink tongue before finally intertwining her tongue with his.

At this time, Ye Qingyu looked like a woman who was aroused and desired to have sex with Xiao Tian.

Actually, the reason why she kissed him passionately was that she wanted to satisfy him so that he would not ask for sex again.

However, Xiao Tian had a different thought. He thought Ye Qingyu agreed to have sex with him in her office.

For this reason, Xiao Tian wanted to unbutton her shirt. But before he could unbutton her shirt, Ye Qingyu stopped him.

Ye Qingyu grabbed his hands and placed them on her waist. And like before, Ye Qingyu cupped his face again as if she wanted to dominate the kiss. However, Xiao Tian moved his hands and tried to unbutton her shirt again.

His actions made Ye Qingyu stop the kiss. Of course, their lips were still touching each other. Like before, Ye Qingyu grabbed Xiao Tian's hands and placed them on her waist as if she was giving him a sign that he was not allowed to unbutton her shirt.

Because Ye Qingyu stopped him twice, Xiao Tian didn't try to unbutton her shirt again. He knew that she would stop him again if he tried to unbutton her shirt. That was why he decided to enjoy the kiss.

As Xiao Tian and Ye Qingyu were having a deep kiss, someone suddenly knocked on the door.

This made Ye Qingyu instantly stop the kiss. Even though Xiao Tian had locked the door, she still thought it dangerous to continue kissing passionately.

Because that person kept knocking on the door, Ye Qingyu wanted to open it. She thought it was her subordinate and her subordinate had something important to say.

However, when Ye Qingyu was about to slide from his lap, Xiao Tian stopped her.

"Tian, this is dangerous." Ye Qingyu said, "If you still desire to have a passionate kiss with me, we can do that again later. But now, let me open the door first."

Instead of letting her go, Xiao Tian kissed her passionately.

At first, Ye Qingyu tried to stop him, but due to how skilled he was in a deep kiss, she slowly started to intertwine her tongue with his.

"Qingyu, open the door." Ye Xueyin's voice rang out from the other side of the door.

Like before, Ye Qingyu instantly stopped the kiss. "It's big sister."

This time, Xiao Tian didn't stop her when she wanted to open the door because the person who knocked on the door was his lover.

*Click.

Ye Qingyu opened the door.

"Why did you lock the door?" Ye Xueyin inquired.

Ye Qingyu usually never locked the door. That was why she wanted to know the reason why her younger sister suddenly locked the door.

"Well, it's beca-" Ye Qingyu stopped her words halfway when her big sister suddenly ignored her.

"Tian?" Ye Xueyin's eyes lit up. Without waiting for another second, she dashed towards him. "Tian.."

With a soft smile on his face, Xiao Tian rose to his feet and walked towards his mother.

When Ye Xueyin was in front of Xiao Tian, she immediately jumped into his arms.

"Tian.." The smile on her face grew bigger. "I miss you a lot."

"Me too." Of course, Xiao Tian also missed her because she was one of the most important people in his life.

Because Ye Qingyu didn't want others to see them, she immediately locked the door and sat on the couch.

Currently, Xiao Tian was sitting on the sofa with his mother on his lap. His aunt was on his left side.

When Ye Xueyin saw blood on Xiao Tian's lower lip, she immediately asked, "Tian, your lower lip is bleeding."

"Don't worry about it." Xiao Tian replied as he smiled.

'No wonder it hurt a lot earlier, so it turns out that my lower lip is injured.'

Xiao Tian added in his head.

Ye Qingyu instantly turned her head towards Xiao Tian. She finally realized that she bit his lower lip too hard earlier.

'So, I bit his lower lip too hard earlier. But why didn't he say anything earlier?'

Ye Qingyu asked in her head.

'Tian...'

After thinking for several seconds, Ye Qingyu finally understood the reason why Xiao Tian didn't say anything when she bit his lower lip too hard.

'It seems like I need to bite his lower lip more gently next time.'

Ye Qingyu didn't want to make the same mistake. That was why she promised to bite his lower lip more gently next time.

At this moment, Ye Xueyin suddenly realized something.

'Wait! This is...'

Ye Xueyin instantly turned her head towards her younger sister before returning her attention to Xiao Tian.

"Was it Qingyu who bit your lower lip earlier?" Ye Xueyin asked.

"It's fine." Xiao Tian smiled. "It's only a small injury."

Ye Xueyin then looked at her younger sister and inquired, "Qingyu, is this the reason why you didn't open the door immediately earlier?"

"Yes." Ye Qingyu gave an honest answer. "I didn't know I bit his lower lip too hard earlier."

"So, the reason you locked the door and didn't open it right away was that you were having a passionate kiss with him?" Ye Xueyin said again.

"Yes." Ye Qingyu replied as she nodded her head.

"Tian, I also want to do it. Let's have a French kiss now. If you refuse, I will bite your lower lips later." Ye Xueyin suddenly desired to have a passionate kiss with Xiao Tian after learning that Xiao Tian and Ye Qingyu had a deep kiss earlier.

"Hehe." Ye Qingyu could not help but giggle after hearing her big sister's words.

The corner of Xiao Tian's lips twitched.

'What?! You want to bite my lower lip too?!'

Xiao Tian didn't expect that his mother would say something like that.

Because Ye Xueyin would not take no for an answer, she immediately pressed her lips against his. Soon, Xiao Tian and Ye Xueyin had a deep kiss.

Hozu Town, Ryu Martial Arts School.

Currently, Jufan, Shuren, and Yahui were in a private room. This time, they didn't discuss any plans. They talked about what they would do after destroying the Blue Ice Lotus gang.

Not long after that, Jie Ai entered the room with three glasses of tea. Of course, the tea was already mixed with poison.

Last night, Chun Hua gave her poison and a smartphone. It was Zhui poison. Zhui poison was similar to Xushi poison.

It was made to weaken people. However, Zhui poison was twice as dangerous as Xushi poison. And unlike Xushi poison, Zhui poison had no other side effect than to weaken people's strength.

The reason why Xiao Tian didn't use Xushi poison was that he was sure that Jufan and the others would notice that they were poisoned if he used Xushi poison.

After Jie Ai put the tea on their table, she walked out of the room. However, she didn't return to the kitchen immediately because she wanted to make sure that Jufan and the others drank the poison first.

After Jie Ai walked out of the room, Yahui immediately said, "Jufan, Shuren, please drink the tea."

Jufan, Shuren, and Yahui immediately drank the tea. Even though they were martial artists at the grandmaster stage, they didn't realize that the tea was already mixed with poison.

Jie Ai immediately returned to the kitchen after she saw Jufan and the others drinking the tea.

'Thank god. They didn't realize that I had mixed their tea with poison.'

Actually, she was terrified when she put the tea on their table earlier because she knew what would happen to her if they found out that their tea was already mixed with poison.

'Now, I just need to wait for the right time to carry out my next task.'

Jie Ai said in her head.

Chapter 698 - Carrying Out The Next Plan

9-11 minutes

"By the way, Yahui, have you caught the spy?" Jufan wanted to know whether Yahui had caught the spy or not because it was an important matter for them.

"No." Yahui shook his head. "It's hard to catch the spy. The spy is good at hiding. It's like the spy always know our move."

Yahui and his disciples had tried their best to catch the spy, but their efforts were in vain. This matter was even driving him crazy. He did not expect that catching a spy was so difficult.

"I suddenly feel that the spy is skilled in martial arts." Since Yahui and his disciples still had not succeeded in catching the spy, Shuren suspected that the spy was a martial arts expert.

"I think so too." Yahui also had the same thought as Shuren. "It seems like the spy has a lot of experience in this field."

Not long after that, one of Yahui's disciples entered the private room. "Grandmasters, lady Crystal has come."

"Bring her in." Yahui had guessed that Lan Ruoxi would come. That was why he was not surprised after hearing his disciple's words.

"Understood." Yahui's disciple bowed slightly before walking out of the room.

"Good morning, grandmasters." Lan Ruoxi greeted them when she was in front of them.

"Oh! You came alone?! How are they? Are they still not fully healed from their injuries?" because Lan Ruoxi came alone, Yahui wanted to know the condition of Xiao Tian and Zhao Sheng.

"Their condition is much better now." Lan Ruoxi lied to them. "I think they will recover fully in two days."

"Good." Yahui was pleased after hearing her words because, with this, Xiao Tian and Zhao Sheng could help them again later.

"By the way, grandmasters. I have good news." Lan Ruoxi uttered.

"Oh! What is it?" Yahui wanted to know what the news was.

Not only Yahui, but Shuren and Jufan were also curious about it.

"Yesterday, I got news that several small gangs will attack the Blue Ice Lotus gang in two or three days." Lan Ruoxi lied to them.

Previously, Jie Ai had informed Xiao Tian that she had managed to poison Jufan and the others. For this reason, he decided to speed up their plans.

"Really?" Jufan was delighted after hearing her words. "Why do they want to attack the Blue Ice Lotus gang?"

Not only Jufan, but Yahui and Shuren were also pleased. They had lost many martial artists, so they were thrilled with the news because with this, there was a high possibility that they would get an ally later.

"They hate the Blue Ice Lotus gang because the Blue Ice Lotus gang always bully them." Of course, Lan Ruoxi made up a story. "That is why those small gangs are planning to attack the Blue Ice Lotus gang together because they don't want to continue to be bullied."

"Good!" Yahui smiled happily. "How many people do they have?"

"I'm not sure about this, but I think there are about sixty of them." Lan Ruoxi responded. "Even though their number is not as many as the Blue Ice Lotus gang members, but I think they have a fifty percent chance of winning the war later."

"Oh! Why do you think so?" Shuren inquired.

"Because all of them are skilled in martial arts." Lan Ruoxi replied instantly. "They have many martial artists at the high-level master stage."

"Oh!" Yahui was startled. Because they were from a small gang, he thought none of them was at the high-level master stage. "How about we invite them to join us? With this, our chances of winning the war will be higher later."

"I agree with Yahui's idea." Jufan also had the same thought as Yahui.

"Me too." Shuren added. "We should invite them to join us."

"Grandmasters, I think it's better if we don't invite them to join us." Of course, Lan Ruoxi disagreed with their idea because if she agreed, it would ruin their plans later.

"Why?" Shuren wanted to know the reason why Lan Ruoxi disagreed with their idea.

"Yes. Why?" Yahui inquired. "Give us a reason why you disagree with our idea."

"Yes. We want to know about it." Jufan added.

Lan Ruoxi then began to tell them the reason why she disagreed with their idea. "From my point of view, it's better if we don't ally with them and let them have a war with the Blue Ice Lotus gang."

"Oh! Do you mean you want us to take advantage of the situation later?" Yahui finally understood the reason why Lan Ruoxi disagreed with their idea earlier.

"Yes." Lan Ruoxi didn't expect that Yahui would understand what she had in mind. "If they can destroy the Blue Ice Lotus gang, that means, we don't need to step in and can immediately beat Xiao Tian. If they lose the war later, it's fine. I'm sure many of the Blue Ice Lotus gang members will be seriously injured after the war. When they are at their weakest, it's the right time for us to attack them. With this, I'm sure, we can beat them later."

"I agree with Crystal's idea." Yahui thought Lan Ruoxi's idea was brilliant. "What do you think?"

"I agree too." Jufan and Shuren replied in unison.

"I will continue to monitor them and let you know later." Lan Ruoxi knew that they would not agree to send another martial artist to accompany her. That was why she said something like that.

'What a fool! They don't realize they have fallen into our trap again!'

Lan Ruoxi added in her head.

"I will send one martial artist to accompany you later." at first, Yahui didn't want to send any of his disciples. But he suddenly felt sorry for her after thinking that Lan Ruoxi would carry out a dangerous mission alone.

"Thank you, grandmaster Yahui." Lan Ruoxi was startled when she heard Yahui's words because she thought none of them would send their disciples again. "By the way, Grandmaster Yahui, have you caught the spy?"

"No." Yahui shook his head.

"I see." Lan Ruoxi had guessed that he would say something like that because there was no spy at Ryu martial arts school. "Can you allow me to look for the spy now?"

"What?! You want to try to find the spy?" Yahui didn't expect that Lan Ruoxi would try to find the spy.

"Yes. If you allow me to do so." Yahui was the owner of Ryu martial arts school, so Lan Ruoxi didn't want to do something that would make him unhappy because it could ruin their plans later.

"Sure." even though Yahui was sure that Lan Ruoxi would fail like him, he did not forbid her because, in his view, there was no harm in trying. Who knows, maybe Lan Ruoxi could find the spy later.

"Thank you, grandmaster Yahui." After saying that, Lan Ruoxi rose to her feet. "I will try to find the spy now."

"Do you want me to send one of my disciples to accompany you?" Yahui inquired.

"I think it will be better if I try to find the spy alone." Lan Ruoxi refused instantly. "Don't worry, grandmaster Yahui. I won't cause trouble at your place."

"All right." Yahui said.

Without waiting for another second, Lan Ruoxi walked out of the private room.

After Lan Ruoxi left, Yahui said, "Bei Fenshu..."

A young man about twenty-six years old instantly entered the room. "Do you need anything, Shifu?"

"Follow her." of course, Yahui would not let Lan Ruoxi go around in his place alone.

"Understood." After saying that, Bei Fenshu left.

"I thought you would let her look for the spy alone." Jufan spoke abruptly.

"Of course not." Yahui answered. "We have a few secret places. That's why I send him to follow her."

"In your view, will she be able to find the spy later?" Jufan inquired.

"No." Yahui answered instantly.

He and his disciples had been trying to find the spy for several days, and the results were zero, so he thought there was no way Lan Ruoxi would manage to find the spy.

Jufan then turned his head towards Shuren and asked, "What about you?"

"I also think that she will not be able to find the spy later." Even though Shuren was sure that Lan Ruoxi was skilled in martial arts, but he believed that she would not be able to find the spy later.

"So, none of you believe in her, huh?" actually, Jufan also had the same thoughts as them.

"Yes." Yahui and Shuren answered in unison.

Currently, Lan Ruoxi was standing in the backyard of the Ryu martial arts school. One of the reasons why she said she wanted to look for the spy was that she wanted to gather more information about Ryu martial arts school. Who knows, maybe she would find important information later.

'I think I wi-'

Lan Ruoxi suddenly felt that someone was following her.

'As I thought, Yahui sent one of his disciples to follow me.'

Actually, Lan Ruoxi had guessed that Yahui would send one of his disciples to follow her. That was why she was not surprised when she noticed that someone was following her.

'I will go to the front yard now.'

Lan Ruoxi behaved as if she didn't know that Bei Fenshu was following her.

Bei Fenshu, who was hiding behind the building, let out a sigh of relief.

'Lucky.'

Previously, Bei Fenshu thought Lan Ruoxi knew that he was following her. But after seeing her behavior, he was sure that Lan Ruoxi had no idea that he was following her.

'It seems like she is heading to the front yard.'

Bei Fenshui then followed Lan Ruoxi again.

Chapter 699 - Slandering One Of Ryu Martial Arts School Instructors

9-11 minutes

After Lan Ruoxi reached the front yard, she pretended to be looking for the spy.

'What should I do to meet Jie Ai?'

In order to carry out the next plan, Lan Ruoxi had to meet Jie Ai. However, because Bei Fenshui was following her, she had to be careful so that he would not be suspicious of her later.

'Should I change the plan?'

Lan Ruoxi suddenly wanted to change the plan.

'Forget it. I will go to the storage building now. I hope Jie Ai knows what she has to do later.'

When Lan Ruoxi reached the storage building, she saw Jie Ai walking in circles in front of the storage building.

'If I change the plan now, can she cooperate with me? Will she understand what to do later?'

Currently, Lan Ruoxi was hiding near the storage building. She pretended as if she was suspecting Jie Ai as a spy.

At this moment, Bei Fenshui was hiding not far from Lan Ruoxi.

'Why is she looking at Jie Ai? Is she suspecting Jie Ai as a spy?'

Bei Fenshui suddenly thought that Lan Ruoxi was suspecting Jie Ai as a spy.

Jie Ai then took her phone out of her pocket. Like before, she was still walking in circles.

'Why hasn't Lady Crystal seen me yet?'

Jie Ai was waiting for Lan Ruoxi because Xiao Tian told her that Lan Ruoxi would come to see her later.

Xiao Tian also said to her that Lan Ruoxi was skilled in martial arts and could protect her from Jufan and the others.

Bei Fenshui, who was looking at Jie Ai, started suspecting her of being a spy because of her weird behavior.

'Don't tell me....'

The longer he saw Jie Ai, the more he suspected that she was a spy because she made a lot of suspicious behavior.

He wanted to drag Jie Ai to his Shifu immediately but decided against it because he wanted to know what Lan Ruoxi would do.

Lan Ruoxi was unhappy now.

'Will she be able to tell right away what to do if I change the plan now?'

Lan Ruoxi was worried that Jie Ai would destroy the plan.

'Wait!'

Lan Ruoxi suddenly found two excellent ideas.

'There are two options now. Which one should I use?'

In her first plan, Lan Ruoxi would immediately walk towards Jie Ai and ask lots of questions as if she was suspecting Jie Ai as a spy. With this, Lan Ruoxi could make Bei Fenshui think of Jie Ai as a spy as well.

As for her second plan, she would go back to the private room to meet Jufan and the others. She would tell them that she was suspecting Jie Ai as a spy.

'I think the first plan is better. However, I'm afraid that she will ruin everything later because I'm sure she has no idea that someone is following me now.'

Lan Ruoxi then chose the second plan because she was afraid that Jie Ai would ruin everything.

Bei Fenshui, who saw Lan Ruoxi leaving, was startled. Previously, he thought Lan Ruoxi would ask Jie Ai many questions, but he was wrong.

Bei Fenshui took one last glance at Jie Ai before following Lan Ruoxi again.

"Oh! You have returned?!" Yahui was surprised when he saw Lan Ruoxi entering the private room.

'Haha. As I thought, she didn't manage to catch the spy.'

Yahui thought Lan Ruoxi gave up on catching the spy.

Like Yahui, Jufan and Shuren also thought that Lan Ruoxi had giving up on catching the spy. That was why she returned to the private room immediately.

Of course, Lan Ruoxi knew what they had in mind. But she still behaved normally. "Grandmasters, I'm suspecting someone."

Jufan and the others were stunned.

"Oh! Who is it?" Yahui inquired.

"I don't know her name, but she has..." Lan Ruoxi began describing Jie Ai's appearance.

"Jie Ai?" Yahui found it hard to believe what he was hearing. Because Jie Ai was not a martial artist, he was sure that she was not the spy. "Are you sure?"

"I'm not one hundred percent sure, but her behavior was suspicious earlier." Lan Ruoxi replied, "That's why I want to ask her some questions. Can you bring her here?"

"Crystal, you're not playing around, are you?" Jufan also knew that Jie Ai was not a martial artist, so he was doubting her words.

Because Yahui and his disciples had never been successful in catching the spy, he was sure that the spy was a martial art expert. It would be impossible for Yahui and his disciples not to have succeeded in catching the spy if the spy was not a martial artist.

"That's why I want to ask her some questions first because I'm not one hundred percent sure." Lan Ruoxi responded. "We will know everything later."

"Alright." Yahui thought there was no harm with investing Jie Ai. That was why he agreed with her idea. "Bei Fenshui."

Bei Fenshui instantly entered the private room. "Do you need anything, Shifu?"

"Bring Jie Ai here." Yahui went straight to the point.

"Understood." Bei Fenshui answered before walking out of the private room.

Not long after that, Bei Fenshui returned to the private room with Jie Ai.

"Grandmaster Yahui, do you need anything?" at first, Jie Ai was scared because she thought Yahui and the others knew that she had poisoned them.

However, when she saw Lan Ruoxi, she was relieved because Xiao Tian had told her that Lan Ruoxi would protect her later. Xiao Tian said to her that she just needed to cooperate with whatever Lan Ruoxi did later.

Instead of answering Jie Ai's question, Yahui turned his head towards Lan Ruoxi and spoke, "You can ask her many questions now."

"Thank you, grandmaster Yahui." Lan Ruoxi then turned around to face Jie Ai. "Mrs. Jie, can you tell me what you did in the last six days?"

"I worked here every day. After that, I went home and spent time with my family." Even though Jie Ai was surprised that Lan Ruoxi didn't do everything as they planned, but she didn't show it on her face.

"Really?" Lan Ruoxi's expression changed as if she was telling Jie Ai through her face that she didn't believe Jie Ai's words. "Let me tell you something. Just now, I tried to find the spy and saw you in front of the storage building with a suspicious behavior. I suspect that you are the spy who leaked our plan to Xiao Tian."

"No!" Jie Ai denied instantly before looking at Yahui. "Grandmaster Yahui, I'm not the spy. I swear. Grandmaster, you have been treating me very well, so there is no way I will betray you. To me, you are the savior of my life. Without you, my family and I would have starved to death."

"Then, tell me why did you behave suspiciously in front of the storage building earlier?" Even though Lan Ruoxi suspected Jie Ai as a spy, Yahui still believed that the spy was not her. That was why he still behaved normally.

"Last night, I...I..." Jie Ai pretended as if she could not finish her words.

"I what?" Lan Ruoxi was pleased when Jie Ai didn't ruin their plan.

Jie Ai took her phone out of her pocket and gave it to Yahui. "Grandmaster Yahui, I have something to tell you, but I'm afraid to do that. That's why I...I..."

When Yahui saw the photo on Jie Ai's phone, his expression instantly changed. He gritted his teeth and clenched his left fist.

'Jianghe!'

Yahui was furious when he saw the photo on Jie Ai's phone. In the image, Xiao Tian was giving Jianghe a lot of money. From the picture, anyone could tell that the spy was none other than his disciple.

'No. This is lie! This is not true.'

Jianghe was one of his most trusted disciples. That was why he tried to deny that Jianghe was the spy. However, no matter how many times he wanted to deny it, he couldn't refute the evidence in his right hand.

"Yahui, what's wrong?" Jufan was surprised when he saw Yahui's expression.

"Yes. Tell us, what's wrong?" Shuren wanted to know the reason why Yehui was suddenly furious.

"Here." Yahui gave Jie Ai's phone to Shuren.

"Jianghe?!" like Yahui, Jufan and Shuren were also enraged.

Of course, they knew who Jianghe was because Jianghe was one of Ryu martial arts school instructors, and they had met him many times.

Shuren then looked at Jie Ai and inquired, "When did you take this picture?"

"Last night." Jie Ai responded, "When I was about to go home, I accidentally saw them. Because I know that grandmaster Yahui has enmity with Xiao Tian, I immediately took their picture."

Lan Ruoxi, who saw their expressions, was pleased. From their faces, she knew that their plan almost successful.

"Why didn't you tell us immediately?" Jufan inquired.

"Instructor Jianghe is one of grandmaster Yahui's trusted disciples, so I don't know what to do." Jie Ai replied, "I don't want grandmaster Yahui to think that I have bad intentions."

"Is this the reason why you behaved suspiciously earlier?" Lan Ruoxi inquired.

Jie Ai turned her head towards Lan Ruoxi and nodded her head. "Yes. I didn't know how to tell grandmaster Yahui about this earlier."

Lan Ruoxi then looked at Yahui and asked, "Grandmaster Yahui, what are you going to do now?"

Yahui didn't answer instantly because he had no idea what to do.

"Yahui, I know what you feel, but we have to call Jianghe here now." Jufan uttered

After taking a deep breath, Yahui turned his head towards Bei Fenshui and spoke, "Bring Jianghe here now."

"Understood." Bei Fenshui responded before walking out of the private room.

Chapter 700 - Little Brother, I Hate You!

9-11 minutes

Not long after that, Bei Fenshui returned to the private room with Jianghe.

"Shifu.." Jianghe greeted Yahui instantly before turning to face Jufan and Shuren. "Grandmaster Jufan. Grandmaster Shuren."

However, none of them greeted him back. Not only did they ignore him, they even stared at him with sharp eyes. Their eyes were so sharp as if they wanted to cut his body into pieces.

'What is this? Why are they looking at me like that? Did I do something wrong?'

Countless questions emerged on his head.

Previously, Bei Fenshui only said that Yahui wanted to see him. That was why he had no idea what was going on.

"Jianghe, tell me. Why did you betray me?" Yahui asked coldly. His eyes gleamed with terrifying sharpness as he stared at his disciple.

"Shifu, what do you mean by that?" of course, Jianghe had no idea as to why Yahui suddenly accused him of betraying Yahui.

Ever since he became Yahui's disciple, he had never done anything that could embarrass Yahui, let alone betray him.

"Don't pretend you don't know anything!" Yahui's voice became colder than before. "Why did you betray me?"

"Shifu, I really don't understand what you mean. Why do you keep asking the same question? I have never done anything like that. I never betrayed you." like before, Jianghe denied Yahui's words because he never betrayed Yahui.

Because Jianghe kept denying it, Yahui gave Jie Ai's phone to Jianghe. "The person in this photo is you, right? Why did you meet Xiao Tian? Why did Xiao Tian give you money? If this is not betrayal, then what is it?"

Jianghe gritted his teeth when he saw the photo.

'Who is slandering me?'

He was furious because someone had slandered him. However, he tried his best to remain calm or else; he would make his Shifu even angrier.

"Shifu, this person is not me. Maybe he is someone else who has the same appearance as me." Jianghe had never met Xiao Tian, so he was sure that the person in the picture was not him.

"You still want to deny it, huh?" of course, Yahui didn't believe Jianghe's words.

"Jianghe, we have been treating you nicely until now." Jufan spoke abruptly. "I did not think you would repay our kindness with a betrayal like this."

"Yes." Shuren added. "We always think of you highly because you are diligent, polite and talented in martial arts. It seems like we misjudged you all this time."

"Grandmasters, please believe me." Jianghe still didn't give up and tried his best to make Jufan and the others believe in his words.

"Shut up!" Yahui raised his voice. "The evidence is in your hands and you are still denying it?!"

At this moment, Lan Ruoxi was laughing in her head.

'Young master Xiao is indeed an evil person.'

Lan Ruoxi was pleased because, with this, they were able to reduce one more instructor. Even though they could only reduce one instructor, but that was more than enough because every instructor was a martial artist at the high-level master stage.

As for Jie Ai, she kept lowering her head.

'God please protect me. God please protect me. God please protect me.'

Jie Ai kept praying in her head, hoping that God would protect her later. She was afraid that Jianghe would beat her later.

Lan Ruoxi, who saw Jie Ai, walked closer towards Jie Ai. Of course, she knew that Jie Ai was scared because Jie Ai was not a martial artist.

Yahui then looked at Jie Ai and spoke, "Jie Ai, tell us what you saw last night."

Jianghe instantly turned his head towards Jie Ai.

'So, you are the one who is slandering me, huh?!'

Jianghe's eyes were filled with killing intent as he stared at Jie Ai.

This made Jie Ai's even more scared.

'God please protect me. God please protect me. God please protect me.'

Like before, she kept praying in her head.

Jufan, Yahui, and Shuren, who saw her, did not suspect her. They had guessed that Jie Ai would be scared because they knew she wasn't a martial artist.

"Tell us the truth. Don't worry. Nothing will happen to you later." in order to make Jie Ai feel secure, Yahui promised to protect her from his disciple later.

Upon hearing Yahui's words, she opened her mouth and replied, "Last night, I saw instructor Jianghe and Xiao Tian at th-"

However, before she had finished her words, Jianghe interrupted her. "Lie! Last night, I slept right away after arriving home because I was tired."

"Jianghe, let her finish her words first!" Yahui was unhappy when Jianghe interrupted Jie Ai's words.

Jianghe turned around and replied, "But Shifu, I really di-"

"Shut up!" Yahui didn't let Jianghe finish his words. "Jie Ai, continue."

"Xiao Tian gave money to instructor Jianghe in the park because instructor Jianghe leaked grandmasters' plans to Xiao Tian." Jie Ai replied, "Xiao Tian also said to instructor Jian-"

Like before, before Jie Ai had finished her words, she was interrupted by Jianghe again. "Stop slandering me! I have never met Xiao Tian until now, so all the words you say are lies!"

"But...but I saw both of you in the park with my own two eyes." Jie Ai lied to them again. "I even took a picture of bo-"

Jianghe, who could no longer hold back his anger, raised his right arm and wanted to hit Jie Ai. "Don't slander me!"

He wanted to teach Jie Ai a lesson because she kept slandering him.

Jie Ai instantly squeezed her eyes shut. She was not a martial artist, so she knew that she was not Jianghe's opponent.

She knew that whatever she did, she would not be able to block or dodge Jianghe's fist. At this moment, she only hoped that Lan Ruoxi would protect her.

"Impudent!" Yahui was enraged when his disciple attacked Jie Ai.

Before Jianghe could hit Jie Ai, he was kicked by Lan Ruoxi in his mid-torso.

*Uakkk....

Jianghe was thrown two meters back before falling to the floor.

His back hurt because his back hit the wooden table before falling to the floor. Not only that, but blood also came out from the corner of his mouth.

His eyes were filled with hatred as he stared at Lan Ruoxi. Of course, he knew that Lan Ruoxi was strong. However, he didn't expect that she was stronger than he thought.

At this moment, Jie Ai opened her eyes.

'Thanks, God. Nothing happened to me.'

She was relieved when she found out that Lan Ruoxi protected her earlier.

Lan Ruoxi then looked at Yahui and spoke, "Grandmaster Yahui, I'm sorry for hitting your disciple."

She needed to keep their friendship. That was why Lan Ruoxi apologized to Yahui immediately.

"It's fine." Yahui didn't mind it. "I'm glad nothing happened to Jie Ai."

'It seems like she is stronger than I thought.'

Yahui added in his head.

Because Lan Ruoxi's movement was so fast, Yahui was sure that she was stronger than Jianghe.

Like Yahui, Jufan and Shuren were also surprised earlier. They had never seen Lan Ruoxi fight, so they didn't know how strong she was.

Lan Ruoxi then looked at Jie Ai and asked, "Are you alright?"

"Yes." Jie Ai replied as she nodded her head. "Thank you for protecting me."

"Don't mind it." Lan Ruoxi smiled softly.

Yahui then looked at Bei Fenshui and spoke, "Bring him to the underground prison."

"Understood." Bei Fenshui replied before dragging Jianghe to the dungeon.

"Shifu, you have to believe me!" Jianghe shouted, "She is slandering me! I have never betrayed you until now."

Of course, Yahui ignored it because he became even more suspicious of Jianghe when Jianghe attacked Jie Ai.

Nanli district, Blue Ice Lotus gang headquarters.

Currently, Xiao Tian was standing in front of his underlings. Because he wanted to destroy his enemies immediately, he told them that he would speed up their plans. He also said to them what they had to do later.

As he was talking to his underlings, his smartphone suddenly rang.

'Big sister Yun?'

When he found out the person who called him was Yun Xin Er, he immediately picked up the phone.

"Hello?"

"Little brother, I hate you!" Yun Xin Er said after Xiao Tian picked up the phone.

The corner of Xiao Tian's lips twitched after hearing her words. "Eh! Why did you suddenly say something like this? Did I do something wrong?"

"Why didn't you come to see me?" of course, Yun Xin Er was joking when she said that she hated Xiao Tian. She said something like that because she missed him so much.

"Ah!" Xiao Tian finally understood the reason why Yun Xin Er suddenly said something like that. "Big sister Yun, it's not like I don't want to see you. it's just that now is not the right time to see you."

"Why? Tell me the reason." Yun Xin Er wanted to know the reason why Xiao Tian didn't see her in several days.

"It's like this." Xiao Tian began to tell her everything. "This is the reason why I can't meet you now. it's because I don't want to put you in a dangerous position."

"I see." Yun Xin Er finally understood the reason why Xiao Tian ignored her for several days. "So, when will you come to see me?"

"I don't know." Xiao Tian didn't know when he could crush his enemies. "But, I will come to see you as soon as possible."

"Good!" even though Yun Xin Er was a little disappointed because she could not meet Xiao Tian, but she was pleased after hearing his words. "This big sister will be waiting then."
