Chapter 811 - Going To The Waterfall

"By the way, Rose, where did you get this wooden crutch?" Xiao Tian inquired.

Flower showed her dagger and responded. "I coincidentally found this dagger and that wooden crutch."

Of course, Flower was lying to Xiao Tian. She had been carrying that dagger from the beginning because she wanted to kill Xiao Tian.

She also lied when she said she found the wooden crutch because she was purposely looking for something to help Xiao Tian walk when she was on her way back to the cave.

"I see." Xiao Tian knew that she lied to him when she said she found the wooden crutch coincidentally because he knew that the wooden crutch had just been cut from the tree.

Because Xiao Tian's speed in walking was slow, Flower glanced at him many times. She wanted to take a bath quickly because her body was full of sweat after walking for many hours earlier.

Even though Flower didn't say anything, Xiao Tian could tell what she had in mind. "My right leg is injured, so I can't walk fa-"

Before Xiao Tian had finished his words, he fell to the ground.

'It hurts!'

Xiao Tian cried out in his head.

"Are you alright?" Flower helped him rise to his feet.

"Thank you." Xiao Tian responded.

However, because they were in the forest and the road was difficult, Xiao Tian fell to the ground again.

*Drip....

Blood dripped down from his right leg.

'This is embarrassing.'

Xiao Tian said in his head.

To his surprise, Flower suddenly grabbed his right arm and helped him walk. "Let's me help you."

Her actions much surprised him. He wanted to ask why she suddenly wanted to help him but decided against it because he was afraid that she would change her mind later. "Thank you."

After walking for about fifteen minutes, they finally reached their destination.

'Beautiful!'

Xiao Tian was amazed by the beautiful scenery in front of him.

The waterfall was not too high. It was about two and a half meters, but the water was clean. He could even see himself in the water.

'This place is like the training area for martial artists in the movies.'

Not only was the water clean, but there were also many stones around the waterfall, from big rocks to small stones.

Some of the stones were even in the water. If Xiao Tian was not injured, he could cross the water by jumping from one stone to another.

"We have arrived." Flower uttered,

Xiao Tian then walked closer towards the water and sat on the ground. When he saw the flowing water in front of him, he took the water with his hands before drinking it.

'Finally, I can drink.'

Because the water was immaculate, Xiao Tian dared to drink it.

Previously, Flower only brought fruits with her, so he was thirsty after consuming the fruits. Luckily, the water was clean, so he could drink it.

*Gulp...Gulp...Gulp....

Like Xiao Tian, Flower also drank the water.

"I want to take a bath behind that big stone. Don't you dare peek at me later." Flower said as she pointed her right index finger at the massive stone in front of the waterfall.

"Sure." Xiao Tian had no intention of peeking at her.

'Everything will be troublesome if I make her angry.'

It was not like he was afraid of her, but because he could not walk properly, he could only rely on her in everything. If he made her angry and she didn't give him food later, he could end up dying later.

Flower crossed the water by jumping from one stone to another. After that, she walked towards the big stone which was located right in front of the waterfall.

'Should I take off my clothes?'

Because the distance between Xiao Tian and her was quite far, he would not be able to see her body clearly later.

The expression of deep shock blossomed on Xiao Tian's face when he saw Flower.

'What?! She is naked?! Did she forget I'm here?'

Even though he could not see her body clearly, but Xiao Tian could tell that she was naked. He was also able to see her curvy body.

'Damn! It seems like she is testing me right now.'

Xiao Tian forgot his promise and kept looking at Flower.

*Slush...Slush...

After taking off her clothes, Flower walked towards the water.

'Finally, I can take a bath.'

After Flower reached the big stone, she began cleaning her body. The water was not deep. It was only as deep as the lower part of Flower's breasts, so if she were not behind the big stone, Xiao Tian would have been able to see her beautiful breasts.

As Flower was cleaning her body, a soul-piercing howl of pain rent the air above the waterfall.
"AGGHHH."

'It hurt like hell.'

Xiao Tian felt as if someone was stabbing his body with a knife.

Flower instantly stood next to the stone. "Xiao Tian, what's wrong?"

Due to how worried she was, she forgot to cover her body.

Xiao Tian, who saw Flower, was startled.

'Holy hell! You forbade me to peek at you, and here you are showing me your naked body.'

Xiao Tian shouted in his head.

Of course, Xiao Tian knew the reason why she didn't cover her body. "Nothing. I'm cleaning my wounds, but it hurts like hell."

At this moment, Flower finally noticed that she forgot to cover her naked body. Even though Xiao Tian could not see her body clearly, she still covered her breasts with her arms before hiding behind the stone again. "Cleaning your wounds?"

"Yes." Xiao Tian answered instantly. "I have to clean my wounds or else, it could be fatal for me later."

"Wait until I finish taking a bath. I will help you clean your wounds later." She knew that Xiao Tian could not move his body freely, so she wanted to help him.

"All right." Even though Xiao Tian was surprised by her words, he didn't ask the reason why she wanted to help him clean his wounds later.

'I will just sit here then.'

Xiao Tian added in his mind.

Then Flower continued cleaning her body.

Chapter 812 - Rose, Can You Catch Fish?

5-7 minutes

As Xiao Tian was cleaning his wounds, he suddenly thought of something.

'Wait. Fish. Yes, fish. I'm sure there are many fishes here.'

Xiao Tian wanted to catch fish for lunch because he didn't want to eat fruit that had terrible taste.

'But I can't walk properly, so it will be hard for me to catch fish.'

Xiao Tian then shifted his gaze from the water to the big stone, which was located right in front of the waterfall.

'Can she catch fish?'

Xiao Tian suddenly remembered that Flower had a dagger.

'Yes, I'm sure she can. We just need to find a long stick and sharpen the tip. With this, it will be easier for her to catch fish.'

Even though they had no seasoning, but fish was better than the fruit that Flower gave him.

'I will ask her to catch fish later. I hope she will agree with my idea.'

Flower was able to start a fire, so as long as she could catch fish, they could eat it.

Xiao Tian then sat on the stone and looked at the sky. At first, he only wanted to find his senior sister, but he didn't expect that he would get lost in the forest with Flower.

'Just you wait, I will kill you after getting out of this damn forest.'

Xiao Tian promised himself that he would kill all the delinquents who made him fall off the cliff. If they had not pushed him yesterday, he would not have ended up in that situation.

"What are you thinking about?" Flower, who was walking towards Xiao Tian, inquired.

Xiao Tian turned his head towards her and responded. "Nothing."

"I have finished taking a bath." Flowered uttered, "I will help you clean your wounds now."

"All right." Xiao Tian could not clean the wounds on his back, so he agreed instantly.

After Xiao Tian took off his T-shirt, she was startled. Of course, she didn't show it on her face.

'He has a good body.'

She knew that Xiao Tian had a good body, but she didn't expect that his body was better than she thought.

When Flower saw the wounds on his back, she suddenly had a complicated feeling. One of the reasons why Xiao Tian had these wounds was that he protected her when they were falling off the cliff.

There were many trees growing on the cliffs and under the cliffs, and Xiao Tian got those injuries from trying to reach those trees to save them.

Flower then tore off a tiny part of the hem of her T-shirt before drenching it with water. "I will clean your wounds now."

"All right." Xiao Tian responded.

'Holy hell. She tore off my T-shirt without telling me.'

At this moment, Xiao Tian thought Flower tore off his T-shirt. He didn't realize that she tore off her T-shirt.

"Aghh.." Xiao Tian cried out in pain. "Please be gentle."

"Endure it!" Flower responded. "Aren't you a man? Why are you behaving like a woman?"

Xiao Tian didn't know what to say to her.

'It has nothing to do with a man or woman.'

He could only shout those words in his head.

After enduring the pain for about five minutes, Flower finally finished cleaning his wounds. "Done. Do you want me to clean the wounds on your legs too?"

"No. I can do that by myself." Xiao Tian refused instantly.

"Are you sure?" Flower asked again.

"What is this? Do you want to see my naked body?" Xiao Tian wanted to lighten the mood. That was why he said something like that.

However, Flower had different thoughts. "If so, don't ask me for help later."

At this moment, Xiao Tian suddenly remembered about the fish. "Rose, can you catch fish for lunch?"

"Fish? We still have a few fruits in the cave. We can eat it later." Flower responded.

"But I really want to eat fish. I'm sure there are many fishes here." Xiao Tian made an excuse so that he would not eat that fruit again. "You can use a stick to catch them. Just sharpen the tip of the stick with your dagger."

"Why? Do you really dislike that fruit?" of course, Flower knew what he had in mind. "If you want to eat fish, just catch it yourself. I'm fine with eating the fruit."

The corner of Xiao Tian's lips twitched after hearing her words.

But because he really wanted to eat fish for lunch, he stretched out his right arm. "Give me your dagger. I will catch them myself."

"Here." Flower gave him the dagger without thinking twice.

Xiao Tian had no idea that she wanted to kill him yesterday. And even if he knew, his right leg was injured, so she was sure that she could defeat Xiao Tian easily if they fought.

Xiao Tian then turned his head to the left and right.

'There! That stick is good.'

Xiao Tian saw a long stick on the ground not far from him. The rod was two meters long, so it was perfect for him.

At this moment, Flower was staring at him.

'Should I help him catch fish?'

She was wavering whether she should help him or not.

Actually, she also wanted to catch fish, but she changed her mind because they still had a few fruits in the cave. She was someone who didn't want to waste food.

Sure, the taste of the fruit was not great, but it took a lot of effort to get it, so she didn't want to waste it.

'Hmf! He is my target. I don't need to care about him. I'm kind to him now because he has helped me many times before.'

Even though Flower currently had no bad intentions towards Xiao Tian, but she still wanted to kill him. The reason why she was kind to him now was that he had helped her many times, and she would have been dead if he had not protected her when they were falling off the cliff.

Flower was determined that she would kill him once they got out of the forest. For now, what she had in mind was that how to get out of the forest.

'You are lucky, Xiao Tian.'

Chapter 813 - It's Gender Equality

6-7 minutes

After Xiao Tian sharpened the tip of the stick, he walked into the water and started looking for fish.

'Damn! I never expected I would do something like this in my life.'

Xiao Tian had a lot of money and was also the son of the wealthiest person in his previous life, so he didn't expect that he would have to try so hard just to feed his empty stomach.

He usually went to a famous restaurant if he was hungry, so this was his first time doing such a thing.

Xiao Tian swept his gaze around.

'Found them!'

There were three fish near him.

'Walk carefully. Carefully. Carefully and don't let them notice me.'

Since the stick was not long enough to reach the fish, he carefully walked closer towards the fish.

'Fuck!'

Xiao Tian cursed venomously in his heart.

Even though he had walked carefully, the fish were still aware of him. For this reason, they instantly ran away from him.

Seconds turned into minutes, and without realizing it, it had been ten minutes since Xiao Tian tried to catch fish, but his efforts were in vain.

Yes. He still hadn't caught a single fish. Because the fish had good instincts, they always ran away before Xiao Tian could do anything, or they could avoid it when Xiao Tian tried to stab them with his stick.

'Damn it! If only my right leg is not injured.'

Xiao Tian blamed his injured right leg for his failure to catch fish. He was sure he could catch fish easily if his right leg were not injured.

Even though his reflexes and speed were good, it was useless because he could not walk properly. The fish always ran away when he tried to approach them. Coupled with him being unable to walk properly, it made it even more difficult to catch fish.

Of course, Xiao Tian didn't give up because he didn't want to eat those fruits for lunch.

"Stop running away, you asshole!" Xiao Tian pointed his stick at the fish.

He was enraged because he felt that he was being toyed with by the fish from the start.

"Pfft!" a peal of suppressed laughter burst out.

'He is angry because he always fails to catch the fish. Hehe.'

Flower didn't expect him to say something like that to the fish.

If usually Xiao Tian had always been loved by the goddess of luck, the goddess of luck was not by his side this time.

It had been thirty minutes since Xiao Tian tried to catch fish, but he still had not caught a single fish. For this reason, he always cursed in his heart.

Yes. He constantly cursed venomously in his heart every time he failed to catch the fish. He even lost count of how many times he had cursed venomously in his heart in the last thirty minutes.

'Huft..'

Because Xiao Tian's right leg was injured, he decided to stop.

'It seems like I will eat that fruit again.'

Xiao Tian sat on the ground and sighed.

"How is it? Did you manage to catch fish?" Flower asked as she walked closer towards him.

"No." Xiao Tian shook his head. "It's hard to catch fish with an injured leg."

"Do you want to eat fish so badly?" Flower asked again.

Although Xiao Tian didn't answer her question, but he nodded his head, giving her a sign that he really wanted to eat fish.

"Rose, your clothes..." at this moment, Xiao Tian finally realized that the clothes she tore off earlier were not his but hers.

"It's nothing." Flower's gaze fell on the stick next to him. "Give me that."

"What?" Xiao Tian was startled by her words. "Do you want to catch fish?"

Instead of answering his question, she inquired, "Do you still want to eat fish?"

Actually, she didn't want to help him catch fish, but she changed her mind after seeing his efforts and desire to eat fish.

'Well, eating fish is not a bad idea too.'

Flower added in her mind.

"Here." Xiao Tian smiled happily as he gave the stick to Flower.

Even though she was a woman, but there was a high possibility that she would succeed in catching fish since she could walk normally.

The expression of deep shock blossomed on Xiao Tian's face when Flower managed to catch two fish in no time.

'What?! That speed and reflex. Don't tell me....'

Because Flower's speed and reflexes were fast, Xiao Tian suddenly suspected that she was a martial artist like him.

Xiao Tian suddenly remembered the time when two delinquents tried to harass her. At that time, she didn't show the slightest fear on her face.

At first, Xiao Tian thought it was because she knew someone would definitely help her, but now he finally realized he was wrong.

Of course, Xiao Tian still had no idea that she was an assassin and he was her target because when she wanted to kill him, he was still unconscious.

"Rose, are you a martial artist?" Xiao Tian inquired.

"I learned martial arts a little in the past." Flower answered without looking at him.

'I forgot to hide my skills.'

She then glanced at Xiao Tian.

'Luckily, he still doesn't know who I am.'

Flower was relieved after seeing Xiao Tian's expression because, from his face, she could tell that he was not suspicious of her.

At this time, Xiao Tian suddenly felt that their genders were switched. As a man, it should be his job to look for food, but here, he could only see Flower catching fish.

'What am I thinking about? Yes, yes. it's gender equality.'

Xiao Tian nodded his head.

"I think this is enough." Flower had caught six big fish, so she decided to stop.

"Yes. It's enough." Because the fish she caught were big, Xiao Tian was sure it could make him full later.

After Flowers made a fire, they immediately grilled the fish. Xiao Tian smiled happily as he consumed the roasted fish.

Even though the grilled fish had no taste, but it was tastier than the fruit that Flower gave him this morning.

Chapter 814 - No, I'm Not Worried About Him.

6-7 minutes

After consuming the roasted fish, Flower inquired, "Do you want to stay here or return to the cave?"

Instead of answer her question, Xiao Tian asked, "Why? Do you want to find a way back to the city again?"

"Yes." Flower responded as she nodded her head.

"If so, then I will stay here." It was boring to be in the cave, so in his view, it was better to stay there.

Not only was the scenery beautiful, but the air was fresh too. He even could play with water later.

"All right." After saying that, Flower left.

"How is it?" Shi Fei inquired.

"We still haven't found him, leader." Bi Yu gave an honest answer.

"Keep looking for him." After saying that, Shi Fei hung up the phone.

'Just where are you, little brother?'

Shi Fei asked in her head.

At the same time, Xiao Tian's underlings were also looking for him. They had been looking for him for more than three hours but still hadn't found him.

Of course, they didn't give up and kept looking for him. He was their leader, so they had to find him no matter what.

"I'm sure they are worried about me right now." Xiao Tian suddenly remembered his women.

Because he suddenly disappeared without telling them, he was sure they were looking for him now.

However, he could not do anything or inform them. There was no signal, and they also hadn't found a way back to the city.

'I hope Rose can find a way back to the city immediately.'

Seconds turned into minutes, and minutes became hours. Without realizing it, it had been four hours since Flower left.

'It's already 04:00 pm.'

Xiao Tian looked at the clock on his smartphone. After that, he turned off his phone because he really needed the light on his phone.

At this time, Flower had returned to the cave. Like this morning, she failed to find a way back to the city.

'Hmmm! Don't tell me, he is still in the waterfall right now.'

Previously, Flower thought Xiao Tian had returned to the cave, but she was wrong. She then put down the twigs and sat down.

'Huft.. I'm tired.'

She had walked for more than three hours, so her legs hurt. Sure, she was a martial artist at the mid-level master stage, but she was still a human.

'I'm going to rest for a bit.'

Flower then laid down on the leaves of the banana tree.

Yesterday, she found a banana tree, so she took the leaves so they would not sleep on the ground.

Of course, she was pleased yesterday because she thought she could eat bananas, but her happiness immediately turned into disappointment when she didn't see the bananas on the tree.

Seconds turned into minutes, and without realizing it, it had been twenty minutes since she arrived at the cave.

'Why hasn't he returned to the cave yet?'

Flower then sat up.

'Nothing bad happened to him, right?'

She then rose to her feet.

'I will go to the waterfall to check on him. No, I mean, I want to take a bath again because my body is full of sweat. Yes. I'm not worried about him. And it will be boring if I'm alone in this forest.'

Even though she said something like that in her mind, Flower ran towards the waterfall as if she was in a hurry.

"Hehe. Rose would be happy if she knew that I managed to catch five big fish." Xiao Tian smiled happily when he saw five big fish next to him.

Because he didn't want to keep troubling Flower, he decided to catch some fish. Unlike before, where he didn't manage to catch a single fish, this time, it was easier for him to catch fish as if the fish were willingly giving themselves to him as his food.

Because he had watched how Flower started a fire, Xiao Tian managed to do that.

'Today is a beautiful day!'

Because it was almost dark, Xiao Tian planned to go back to the cave after roasting the fish.

"Why are you still here?" Flower's sweet voice rang out from behind Xiao Tian.

Xiao Tian, who was roasting fish, turned his head towards the source of the sound.

"Rose, come here. The fish is almost done." Xiao Tian was pleasantly surprised when he saw her.

"Oh! You managed to catch five big fish?" Flower was startled when she saw him roasting five big fish because he could not catch a single fish earlier.

But what surprised her most was that Xiao Tian could start a fire too. She was sure that Xiao Tian never started a fire before, so she didn't expect him to be able to do that.

"I'm just lucky." Xiao Tian answered as he smiled.

Flower then sat on his right side. "I can't find a way back earlier."

"It's fine." when Xiao Tian saw that one of the fish was cooked, he took it and gave the grilled fish to her.

"Here, eat it. You must be hungry from walking a lot today."

"...Thank you." Flower said after taking the roasted fish.

"How is it?" Xiao Tian inquired.

"Delicious." Flower responded as she ate the grilled fish.

Xiao Tian smiled happily upon hearing her words. "By the way, Rose, what's your job? I'm curious about your job because you have the skills to survive in the wilderness."

"I'm a waitress in a small restaurant." Flower lied to him. "But it looks like I can't work there anymore. The restaurant manager doesn't like me and since I didn't go to work for two days without telling her, I'm sure she will use this opportunity to fire me."

"How about you work in my company?" Flower had helped him many times, so he wanted to give her a job as gratitude.

She had given him food, brought him to the cave when he was unconscious. She was even the one who was looking for a way to return to the city now. If it was not for her, there was a high chance that he would have died being eaten by a wild beast.

"I will think about it." Flower answered.

Chapter 815 - Fighting A Wild Pig

6-8 minutes

After consuming the roasted fish, Flower crossed the water by jumping from one stone to another. "I want to take a bath now. After that, let's go back to the cave. It's almost dark."

The corner of Xiao Tian's lips twitched after hearing her words.

'What is this? Why does she want to take a shower in front of me again? Does she forget I'm a male? Is she not afraid that I will do something to her?'

Xiao Tian then picked up a small rock and threw it into the water.

*Plung...

The sound of a stone falling into the water could be heard in his ears.

Because it was almost dark, Flower took a quick bath. "Let's return to the cave."

"All right." After saying that, Xiao Tian rose to his feet with the help of a wooden crutch. "Rose, we need to find twigs to make a fire."

"I have already looked for it." Flower answered. "I put it in the cave. You don't have to worry about it."

"Why do I feel like I'm onl-" Xiao Tian stopped his words halfway when he saw a wild pig running towards them. "Rose, move! There is a wild pig running towards us."

Flower was startled by his words. But because the size of the wild pig was not big, she was not afraid and instantly took out her dagger.

'It's an adult pig, but the size of that pig is not big. I'm sure I can kill it.'

Because there was only one wild pig, Flower was sure that she could kill it.

When he saw the wild pig getting closer towards them, Xiao Tian turned his head towards Flower.

'I have to protect her.'

Xiao Tian suddenly noticed the wooden crutch in his right hand. As Xiao Tian was focused on the wild pig, a deadly aura slowly emerged all over his body.

'Moon style sword of drawing techniques- second ceremony- Earth Bre-Fuck!'

Xiao Tian suddenly remembered that his right leg was injured, so it was impossible for him to use his secret move.

At this moment, Flower was ready to attack the wild pig. A black glint flashed across her eyes when the wild pig was about to hit them.

"Dangerous!" However, before she could attack the wild pig, Xiao Tian pushed her to the right side.

*Bruak...

Even though Xiao Tian and Flower fell to the ground, but they managed to dodge the wild pig's attack.

Pigs were animals that always ran straight. They could not run in a zigzag like some animals, so it was easy for Xiao Tian to avoid it.

"Rose, give me your dagger and you hide behind that tree. Let me handle this wild pig." Even though Xiao Tian knew that Flower was a martial artist, but he thought she could not beat the wild pig.

Flower was startled by his words.

'His right leg is still injured and he still wants to protect me?! Why? Why does he always want to protect me? We only met a few times and our relationship is even less than friends, so why?'

Flower suddenly felt something unfamiliar deep inside her. It was a feeling she could not describe in words.

'What is this feeling? Why is my heart beating fast like this? Is this because we are in danger?'

Because Flower had always trained to become a professional assassin since a little, she never knew what it was like to fall in love.

She was not allowed to fall in love because it could affect her job as an assassin. Not only that, but it could also slow down her speed to become a martial artist at the grandmaster stage.

Because Flower only stared at him, Xiao Tian snatched her dagger. "Hide now!"

He then turned his head to the left and right. When he saw a huge tree next to him, he instantly stood in front of it.

"Come here, pig. Come here." A wild pig was almost like a bull; once its running, it was very hard to stop suddenly.

Like before, Flower was staring at him. She even forgot to hide. It was as if she wanted to find the answer to why Xiao Tian always tried to protect her, on his face.

*Gorg...Gorg...Gorg...

The wild pig's eyes were focused on Xiao Tian. It was as if the wild pig knew that Xiao Tian was challenging it.

"Come here, pig." Xiao Tian's eyes were locked on the wild pig when he saw the pig rushing towards him.

The wild pig ran towards Xiao Tian as fast as it could. The pig pointed its fangs at Xiao Tian as if the wild pig wanted to pierce Xiao Tian's body with its fangs.

Flower's face turned worried when she saw the wild pig dashing towards Xiao Tian. "Xiao Tian, run!"

She had no idea as to why she suddenly worried about his safety when the wild pig was about to pierce its fangs into Xiao Tian's body.

Of course, Flower still remembered that Xiao Tian was her target, but at that moment, she really didn't want anything bad to happen to him.

Maybe because they were the only ones who lived in the forest, or perhaps it was because he had protected her many times before, but she was really worried about his safety.

*Five meters...four meters...three meters

When the wild pig was about to pierce Xiao Tian's body with its fangs, he moved to the left, causing the wild pig to hit the big tree.

Without waiting for another second, Xiao Tian attacked its eyes and neck with his dagger. His previous life master had told him that the best way to kill an animal was to aim at its weak points.

And their weak points were eyes, mouth, and neck. Even though his right leg was injured, Xiao Tian was still a martial artist at the mid-level master stage.

The speed of his attacks was fast and deadly. Because he was using a dagger, Xiao Tian decided to attack its eyes and neck continuously.

*Eekk...

As if the wild pig knew it was dangerous to fight Xiao Tian, the pig decided to run away from him.

However, because the pig was seriously injured, it could only run for about seven meters before falling to the ground, dead.

"Xiao Tian, are you alright?" Flower dashed towards Xiao Tian.

At this moment, Xiao Tian's hands were full of the wild pig's blood.

"I'm fine." Xiao Tian smiled as he responded. "But it seems like I need to go back to the waterfall to wash my hands."

"I will accompany you to go there." After saying that, Flower helped Xiao Tian stand up.

On the way to the waterfall, Flower often stole glances at him.

'He is a brave young man. He even dared to fight a wild pig.'

Flower was sure if it were another young man, they would have run away, leaving her alone earlier. But Xiao Tian didn't do that. Not only did he still try to protect her, but he even managed to kill the wild pig.

After Xiao Tian cleaned his hands, they returned to the cave. Unlike before, they didn't encounter any wild beast this time.

Like last night, they started a fire and slept after the fire was about to die out.

Chapter 816 - Rain

7-8 minutes

The following morning, Xiao Tian and Flower consumed the fruit she picked yesterday after waking up.

"Ekkhhh." Like yesterday, Xiao Tian almost threw up when he was eating the fruit.

"Hehe." Flower giggled when she saw his funny face. "Let's eat fish for lunch."

"Good idea!" Xiao Tian answered instantly.

After consuming the fruit, Flower spoke, "I will look for a way back to the city now."

"I'll be waiting for you at the waterfall later." it was better to wait for her at the waterfall, so Xiao Tian planned to go there later.

"You want to go there alone?" Flower was startled by his words.

"Yes." Xiao Tian responded as he nodded his head. "Don't worry. My right leg is much better now."

"Let's go there now." Flowered uttered, "I'll take you to the waterfall before looking for a way back to the city."

'No. I'm not worried about his safety. Yes. I'm only thirsty after consuming the fruit.'

She said in her mind.

"All right." Xiao Tian smiled happily when he saw her expression.

'She is worried about my safety. Cute.'

Xiao Tian believed Flower was afraid that there would be a wild beast around the waterfall. That was why she wanted to take him to the waterfall.

After they reached the waterfall, she immediately said, "I will go now. Remember, you have to hide immediately if there is a wild beast later. Don't do anything dangerous like yesterday."

"Un." Xiao Tian nodded as he smiled.

Flower stared at him for about two seconds before leaving.

"I think it's better to catch fish now so that she can eat as soon as she comes back." With that idea in mind, Xiao Tian started catching fish.

Seconds turned into minutes, and without realizing it, it had been four hours since Flower left.

"Mmm. It looks so delicious." Xiao Tian, who was seeing the roasted fish in front of him, suddenly felt hungry. "No, no. I can't eat now. I have to wait for Rose to come back."

Previously, Xiao Tian managed to catch four big fish. He was sure it was enough to fill their empty stomachs later.

When Xiao Tian heard someone walking behind him, he immediately turned his head. His face broke into a smile when he saw Flower. "Rose, you're back?"

"Oh! You've grilled the fish?!" previously, she thought Xiao Tian would catch some fish after she came back. That was why she was a little surprised.

"Yes." Xiao Tian responded. "Let's eat."

"Here. Take this. It will help your wounds heal faster." Flower gave some medicinal herbs to Xiao Tian. "It can also help avoid scars later on."

Xiao Tian stared at Flower without saying anything as if her kind behavior hypnotized him.

Because Xiao Tian said nothing, she immediately said, "Why are you looking at me like that? Hurry up and take these medicinal herbs. Don't get me wrong. I just don't want to keep helping you walk."

On her way to find a way back to the city, Flower also paid attention to the plants around her. She knew that he was her target, but she still wanted his right leg to heal immediately.

That was why she kept looking for medicinal herbs. She even smiled happily when she found them.

"Thank you, Rose." Xiao Tian took the medicinal herbs and smiled softly.

Because her body was full of sweat, Flower immediately took a shower after consuming the roasted fish.

Like yesterday, she was not afraid to take a shower near Xiao Tian as if Xiao Tian was a woman like her.

Time went by quickly, and without realizing it, it had been four days since they fell off the cliff. At this moment, Xiao Tian's injuries had healed, and he was able to walk normally.

"Do you want to take a rest?" Xiao Tian inquired.

Currently, they were still in the forest. Since Xiao Tian's right leg had recovered, he decided to accompany her to find a way back to the city.

"Let's take a rest near that river," Flower responded as she pointed her right index finger at the small river in front of her.

"All right." Xiao Tian nodded his head.

"The water is dirty. We can't drink it." Flower looked at the river in front of her. "And from the looks of it, it seems like there is no fish in this river."

"I think so too." Xiao Tian answered. "Let's walk again after resting for fifteen minutes."

"Un." Flower nodded her head.

After resting for fifteen minutes, Xiao Tian and Flower started to walk again. They kept walking, hoping to find a way back to the city.

"Rose, I think it's about to rain." Xiao Tian said as he looked at the gray clouds.

"Let's find a place to shelter from the rain." Since Xiao Tian was with her, she decided not to return to the cave.

"Un." Xiao Tian nodded his head.

However, the goddess of luck was not on their side because they did not find a place to shelter from the rain.

*Rumble...Tar...

The sound of thunderclap echoed in the entire area.

'Not good!'

Those were the words that appeared in their minds.

They could not return to the cave because they were very far from it. They were sure they would be caught in the rain before arriving at the cave.

"Let's go to that big tree." Xiao Tian pointed his right index finger at the big tree in front of them.

"All right." Flower agreed.

*Pitter-patter...

The sound of raindrops falling on the leaves and the ground could be heard in their ears.

'Why does it have to rain at this time?'

Xiao Tian was annoyed because it was suddenly pouring. But what annoyed him most was that they could not find a single place to shelter from the rain.

Even though they were standing under a big tree, but they still felt cold. Some of the raindrops even still fell on their bodies.

Seconds turned into minutes, and without realizing it, it had been more than forty minutes since it was suddenly pouring.

However, there was no sign of the rain stopping. This made Xiao Tian and Flower anxious. Because they were only sitting under the big tree, they could get sick if it kept raining.

*Achoo...

Even though Flower was wearing a jacket, but because it was so cold and her jacket wasn't thick, she sneezed.

Xiao Tian instantly turned his head towards her. "Rose, are you alright?"

"I'm fine." Even though she said something like that, but from her expression, anyone could tell that she was not fine.

Sure, she was skilled in martial arts, but she was still a human being. Her body could not keep resisting the cold air around them.

At this moment, some parts of their clothes were wet from the rain because the big tree could not protect them from the rain completely.

"Hang in there, Rose. I think the rain will stop soon." Actually, he was not sure whether the rain would stop soon or not.

Xiao Tian said that because he wanted to give her some hope. Of course, he knew it was a false hope, but at the very least, she would try her best to endure the frigid air after hearing his words.

"I hope so." Flower's body was trembling in the cold.

'I hope so.'

She repeated her words in her head.

Chapter 817 - Xiao Tian, I Can't Stand The Chill Of The Air Anymore

7-8 minutes

In the vast forest, two young people were sitting under a big tree. Half of their clothes were wet, and their bodies were shaking non-stop.

From their appearance, anyone could tell that they had been sitting under the big tree for a long time.

Yes. Those young people were none other than Xiao Tian and Flower. Because the heavy rain still had not stopped, they continued to sit under a big tree.

*Uhebrubrehbr...

Flower was wrapping her arms around herself. Her body could barely stand the chill of the air anymore, but she still tried her best to endure the cold air.

When Xiao Tian saw her shaking body, he suddenly felt sorry for her. Sure, his condition was not any better than her, but his body was better at resisting the chill of the air than hers.

'I have to do something.'

Xiao Tian then rubbed his hands together fast and blew hot air on his hands.

After doing that, Xiao Tian placed his palms on Flower's cheeks, hoping it could help her warm up her body. "Hang in there, Rose."

His actions much surprised her. Flower instantly stared at his black eyes.

'He is....'

Due to how surprised she was, she didn't remove his hands from her cheeks and only looked into his eyes.

Like before, Xiao Tian rubbed his hands together before placing them on Flower's cheeks again. "Rose, I have a wild idea that could help us warm our bodies."

"What is it?" Flower inquired.

"Hug each other." Xiao Tian gave an honest answer. "Don't get me wrong. It's not like I want to take advantage of the situation but hugging each other can help us warm up our bodies."

Xiao Tian knew that his idea looked like he wanted to take advantage of the situation, but he really wanted to help her warm up her body because he felt sorry when he saw her body constantly shaking.

At this moment, Flower didn't say a word and kept staring at him. What Xiao Tian said was true but hugging each other was too much for her.

Not only had they only known each other for a few days, but he was also even her target, so Flower had no idea what to say to him.

Because Flower didn't say anything, Xiao Tian thought she refused his idea. Of course, he was not angry or surprised because he knew that his idea was crazy.

'Ah. Never mind. I don't want to force her to accept my idea because it will look like I want to take advantage of the situation.'

Xiao Tian then rubbed his hands together again.

"It looks like the rain won't stop anytime soon." Like Xiao Tian, Flower also rubbed her hands together before placing them on her cheeks. She kept repeating the same process over and over.

"Yes." at this moment, Xiao Tian really wanted to curse their bad luck. Usually, the goddess of luck was always by his side, but everything was different this time.

When they found the cave, it didn't rain, but suddenly it rained when there was no cave around them. Not only was it raining, but it was also raining heavily and didn't stop after more than an hour.

After trying to endure the cold air for more than an hour, Flower's body had reached its limit. Her hands and feet kept shaking. Even the teeth in her mouth chattered together relentlessly and uncontrollably.

Xiao Tian was even sadder after seeing her condition. Sure, he found some ways to warm up their bodies, but his ideas were much crazier than his previous idea.

Xiao Tian was one hundred percent sure that Flower would reject his ideas instantly.

'It's almost dark so it's getting colder now.'

Not only Flower, but Xiao Tian also felt the air was much colder now.

"Xiao Tian...." Flower spoke abruptly. "I...I can't stand the chill of the air anymore. It's so cold to the point I can no longer feel my hands."

Without waiting for another second, Xiao Tian pulled her into his embrace and hugged her tightly.

'I will accept it if you blame me later.'

With him hugging her, Xiao Tian hoped he could warm up her body.

At this moment, Flower's head was on Xiao Tian's chest. She did not resist or try to push him away because she felt warmer in his arms.

'God, please stop the rain or else, I will die later.'

Flower kept praying in her head, hoping God would stop the heavy rain.

However, God did not grant her wish. Instead of stopping, the rain was getting heavier. This made her even sadder.

Like before, Xiao Tian wanted to curse venomously when the rain was getting heavier. It was almost dark, so it would be horrible if the rain didn't stop.

*Five minutes...Ten minutes...Twenty minutes...

After thirty minutes, the rain finally stopped. At this moment, it was already dark, and they could not see anything.

Xiao Tian suddenly remembered something.

'Luckily, my smartphone has a flashlight.'

Xiao Tian took his smartphone out of his pocket.

Ever since they fell off the cliff, Xiao Tian always turned off his smartphone when he did not use it because he knew they needed the flashlight on his smartphone.

"Rose, the rain has stopped." Xiao Tian spoke abruptly, "Let's find a place to sleep or make a fire."

Due to heavy rain, they could not make a fire there because all the twigs were wet. Half of their clothes were also wet, so they really needed something to warm them their bodies or else they could get sick tomorrow.

They were currently in the forest, so it could be fatal if they were sick because there was no hospital or doctor near them.

"Isn't it dangerous? It's already dark and we can't see anything now" it was already dark, so Flower thought it was better if they stayed under the big tree.

Sure, they had a smartphone that could be used as a flashlight, but walking at night was still dangerous because they were in the forest.

Of course, Xiao Tian understood that, but there was a high possibility that they could get sick tomorrow if they stayed there and didn't warm up their bodies. "But we can get sick if we stay in this place."

At this moment, Flower was thinking about the advantages and disadvantages if they stayed in that place.

After thinking carefully, Flower agreed to his idea. "All right."

Then Xiao Tian and Flower looked for a place to sleep and make a fire. Even though their phones had a flashlight, but they had to observe their steps and surroundings because they were walking at night in the forest.

*One minute...Two minutes...Three minutes...

And as if God suddenly felt sorry for their condition, they finally found a big cave after walking for about fifteen minutes.

"Rose, there is a cave." Xiao Tian spoke as he pointed his right index finger at the cave in front of him. "Let's sleep in that cave tonight."

"All right." Rose was pleased because they could sleep inside the cave later.

Because Xiao Tian wanted to make sure there were no beasts in the cave, he immediately checked his surroundings.

"This is..." Xiao Tian was startled by what he was seeing.

Chapter 818 - Flower Is Sick

7-8 minutes

The expression of deep shock blossomed on Xiao Tian's face.

'Don't tell me. We are not the only ones in this forest?!'

There were remnants of people who had started a fire with twigs. There were even remnants of them eating fish.

At this moment, Xiao Tian was pleased and worried at the same time.

'Where are they now? Will they come back to this cave again later? How many of them stayed in this cave before? Are they bad people or not?'

Countless questions emerged in his mind.

"What's wrong, Xiao Tian?" Flower, who was walking closer towards Xiao Tian, inquired.

"Look!" Xiao Tian pointed his right index finger at the remnants of people who had started a fire with twigs.

"There were people who stayed in this cave before?" like Xiao Tian, Flower was startled. "From the look of it, it looked like they stayed in this cave this afternoon."

"I think so too." Xiao Tian agreed with Flower. "The question is, are they good people or not?"

"Let's think about it later." Flower answered. "There are twigs here. Let's start a fire to warm our bodies."

"All right." After saying that, Xiao Tian started a fire

However, because there were only a few twigs, the fire only lasted for about fifteen minutes. Sure, it could help them warm up their bodies, but it was not enough.

They were caught in the heavy rain for more than two hours, and half of their clothes were wet, so they still felt cold.

Coupled with nighttime, the air was getting colder. However, Xiao Tian and Flower could not do anything about it.

It also rained heavily around the cave earlier, so it was useless to look for twigs because they were sure all the twigs were wet because of rain.

Of course, Xiao Tian had tried to find twigs in the cave, but he found nothing. Xiao Tian thought of burning his clothes early but changed his mind after thinking carefully because it would make the situation worse for him.

Because they could not do anything, they decided to sleep. The following morning, Xiao Tian woke up when the rays of the sun shone on some part of the cave.

*Uhebrubrehbr...

'Rose?'

Xiao Tian instantly turned his head towards Flower.

Flower was wrapping her arms around herself, her skin was chilling from the unforgiving cold. The teeth in her mouth chattered together relentlessly and uncontrollably, and she could not stop herself from shaking.

'Don't tell me....'

Xiao Tian immediately checked her condition.

'She caught a cold.'

Xiao Tian's face turned worried.

This was something he had been afraid of since it rained yesterday. They were currently in the forest, so there was no doctor or hospital near them.

'It seems like she caught a cold because she slept with wet clothes.'

Flower was his only companion and had helped him many times, so he didn't want anything bad to happen to her.

'I have to make fire.'

Xiao Tian said in his head.

[A/N=They are in the forest, so Xiao Tian doesn't know how to make Flower's condition better. He thought starting a fire could help Flower's condition get better. That is why he has this strange idea.]

With that idea in mind, Xiao Tian immediately spoke, "Rose, wait here. I will look for twigs around here so that I can make a fire for you."

At this moment, Flower wanted to ask him why he suddenly wanted to make a fire. But before she could say anything, Xiao Tian had left.

Because Xiao Tian didn't want to waste time, he dashed out of the cave to look for twigs. He knew that time was essential for Flower now.

Several minutes after Xiao Tian left, two grown men about thirty years old entered the cave. The expression of deep shock blossomed on their faces when they saw Flower.

'A woman?! And a pretty woman on top of that.'

They almost could not believe what they were seeing. They exchanged a glance before finally, their shocked faces turned into lustful expression.

Flower had a pretty face and was alone inside the cave, so they were sure that they could do anything to her later. With that idea in mind, they walked closer towards Flower.

*One step...two steps...three steps...four steps...

The closer they were to Flower, the bigger their desire to taste her body. They were in the forest, so they believed that no one would know what they were going to do to Flower.

*Clang....

They dropped their machete and sickle to the ground and began to smile evilly.

*Gulp....

They could not help but gulp their saliva when they saw her body.

When Flower heard someone walking closer towards her, she instantly turned her head towards the source of the sound.

Previously, she thought it was Xiao Tian, but she was wrong. Her eyes instantly filled with the flames of fury when she saw two grown men walking closer towards her.

From their expressions, Flower knew that they had bad intentions towards her.

'So they were the ones who stayed in the cave yesterday.'

Flower instantly tried to sit up. She was furious when she saw their lustful faces.

"Beauty, it seems like you are cold now." the yellow-haired grown man spoke when he was in front of Flower. "How about we help you warm up your body? Don't get me wrong. We only want to help you. We don't mean to take advantage of the situation."

Of course, Flower knew what they had in mind because she could tell everything from their faces.

"That's right, beauty." The brown-haired grown man added. "With this, not only can it help you warm your body, but it can also give you pleasure later."

"Leave!" Flower was not afraid of them.

"Stop staring at us like that, beauty." The yellow-haired man uttered, "Like we said earlier, we only want to help you, nothing more than that."

"Yes, that's right. Instead of making a scary face like that, you should be grateful to us." After saying that, the brown-haired man started taking off his clothes.

Like his friend, the yellow-haired man also started removing his clothes. Flower was in a weak condition, so they believed that she could not do anything later.

"I said leave!" Flower instantly took out her dagger.

Sure, she was sick, but she was not a woman who would not do anything when someone wanted to do bad things to her.

She was an assassin, so she would rather fight to the death than letting them do as they pleased.

The feeling of deep fear emerged in the heart of yellow-haired and brown-haired men when they saw a dagger in Flower's right hand.

At first, they wanted to run away, but when they remembered that Flower was sick, they changed their minds.

"Beauty, please throw that dagger." The yellow-haired man uttered, "It's dangerous to play with dagger, you know?"

"He is right." The brown-haired man added. "Like we said earlier, we have no bad intentions towards you. We only wanted to help you."

At this moment, a young man about twenty years old suddenly appeared not far behind them. His eyes gleamed with terrifying sharpness as he stared at the grown men. Yes. That young man was none other than Xiao Tian.

Chapter 819 - Please Stop Beating Us

6-7 minutes

Xiao Tian was furious. He was enraged when he learned that two grown men wanted to do something bad to Flower.

'Bastard!'

Because the grown men had taken off their clothes, Xiao Tian knew that they wanted to rape Flower.

Flower was someone who had helped him many times, so Xiao Tian could no longer hold back his anger when they wanted to do a bad thing towards her.

Without waiting for another second, Xiao Tian dashed towards the grown men and kicked their heads.

*Bang...

Blood splashed out of their mouths as they crashed on the ground.

Because the anger had consumed Xiao Tian's body, he didn't stop and kept attacking them. Head, legs, arms and chest.

Xiao Tian kept attacking all parts of their bodies. He showed no mercy to them. At this moment, Xiao Tian looked like a devil who was enraged.

"Aghhh.." the yellow-haired and brown-haired men tried to fight back, but their efforts were in vain.

They were not martial artists, so they could not do anything when Xiao Tian was beating them.

"Please, stop. Please stop. I'm sorry, please forgive us. Please stop beating us." They could no longer endure the immense pain they felt when Xiao Tian was beating them.

They were sure that they would die if Xiao Tian didn't stop beating them. For this reason, they begged for forgiveness.

At this moment, Flower only stared at Xiao Tian, who was beating the grown men. She didn't tell Xiao Tian to stop or ask him to forgive them.

They wanted to rape her earlier, so they didn't deserve her forgiveness. For this reason, she only looked at them without saying a single word.

"Please forgive us." Because Xiao Tian kept hitting their bodies, they begged for forgiveness again.

Like before, Xiao Tian ignored their words. They wanted to rape Flower earlier, so he had to teach them a lesson.

'Hmf! You want me to stop? Dream on!'

Xiao Tian kept beating them until they finally fainted.

"Rose, are you alright?" Xiao Tian asked with a worried face.

"I'm fine. They didn't do anything to me earlier." At this moment, Flower felt grateful to Xiao Tian.

Sure, she was a martial artist, but because she was sick and her body was in a weak state, she didn't know what would happen to her if Xiao Tian didn't appear earlier.

Xiao Tian suddenly remembered that he had to make a fire. "Wait here. I will make a fire first."

"Will it really help my condition get better later?" Flower inquired.

"...I don't know." Xiao Tian really had no idea whether making a fire could help Flower's condition get better or not. "At least, I want to try it first."

"All right." Flower nodded her head.

After Xiao Tian started a fire, he immediately spoke, "How are you feeling now?"

"Same." After saying that, Flower laid down on the leaves.

Last night, they found a lot of leaves beside the remains of the firewood, so they used them for bedding.

"You can sleep if you want." Xiao Tian spoke as he smiled.

Seconds turned into minutes and without realizing it, it had been twenty minutes since Xiao Tian beat these two grown men. At this moment, they were still unconscious.

Actually, he wanted to find a way back to the city, but he changed his mind after thinking for several seconds. Flower was sick, so he could not leave her alone because she needed him the most at this moment.

And Xiao Tian was afraid that something like before could happen again if she were alone. They had lived in the forest for five days, so adding one more day was no big deal for him.

'Hmm?'

As Xiao Tian was looking at the grown men, he suddenly thought of something.

'Even though the odds are slim, it would not hurt to check it out.'

With that idea in mind, Xiao Tian rose to his feet and walked closer to the grown men.

Flower was startled when she saw Xiao Tian walking towards them. At this moment, she thought Xiao Tian was still annoyed and wanted to beat them again.

But she was wrong. She was utterly wrong because what Xiao Tian did was something she had never thought of before.

'What is he doing? Why is he checking their clothes? Does he want to steal their money? But we are in the forest now, so money is useless here.'

Countless questions appeared in her mind when she saw what Xiao Tian was doing.

'Hmm? Did he find something? What is it?'

Flower was curious when Xiao Tian suddenly had a happy expression.

Xiao Tian dashed towards Flower with a happy face. "Rose, we can go back to the city later."

"What do you mean by that?" Flower didn't get Xiao Tian's words.

They were still in the forest, so why he said something like that to her. They had been looking for a way back to the city for four days, but their efforts were in vain.

"Look at this!" Xiao Tian showed the restaurant bill that belonged to one of the grown men.

"Is that a bill?" Flower inquired.

"Yes." Xiao Tian nodded his head. "I found this bill in one of their wallets. It was mentioned that they made the payment at the Fu Restaurant two days ago."

"Then..." Flower turned her head towards the grown men who were unconscious on the ground.

"You are right." Even though Flower didn't finish her words, Xiao Tian could understand what she had in mind. "Yes. I think they came to this forest yesterday. Maybe they are looking for something in this forest. Since they ate at Fu Restaurant two days ago, I'm sure they know a way back to the city."

"Good." Flower was pleased with this.

They had been living in the forest for five days. She missed her house, her soft bed and the warm bath. She missed everything.

Like Flower, Xiao Tian also missed everything, especially his women. He really wanted to meet them. Xiao Tian was sure that they were worried now because he disappeared for five without any news.

"Rose, give me your dagger." Xiao Tian uttered.

"What do you want to do with my dagger?" Flower inquired.

"To get information." Xiao Tian gave an honest answer.

Chapter 820 - I'm A Man Of My Word

8-10 minutes

Upon hearing Xiao Tian's words, Flower knew what he wanted to do. "Here."

Because they wanted to rape her earlier, Flower didn't care about them. She would even just turn a blind eye if Xiao Tian decided to kill them later.

They were in the forest, so no one would know what would happen to them later. After Flower gave her dagger to him, Xiao Tian immediately walked towards the grown men.

*Slap...Slap...Slap...

The sound of him slapping their faces echoed in the entire cave.

Xiao Tian didn't care whether his way of waking them up was cruel or not. They dared to try to rape Flower earlier, so he would not use a good method to wake them up.

*Slap...Slap...Slap...

Because they were still unconscious, Xiao Tian kept slapping their faces.

"Hey, wake up!" Xiao Tian uttered,

Due to the pain they felt, the grown men finally regained consciousness.

But what welcomed them was another slap from Xiao Tian. "Aghh..."

They cried out in pain because Xiao Tian slapped their faces very hard.

"Good, you two finally regained consciousness." Xiao Tian stopped slapping their faces. "I want to ask you one question, but you have to give me an honest answer, or else...."

Xiao Tian didn't finish his words, but his face turned terrifying as if he was telling them what the consequences would be through his face if they lied to him.

"Wha...what is it?" the yellow-haired man asked with terror in his eyes.

"Which way is the road leading to the city? Remember, if you dare to lie to me, I will make you feel immense pain later." after saying that, Xiao Tian played with the dagger using his right hand.

"Are you really going to let us go if we tell the truth?" the yellow-haired man wanted to make sure that Xiao Tian was not lying when he said that he would let them go if they told him the truth.

"Yes." Xiao Tian replied instantly. "Don't worry. I'm a man of my word."

"West...Walk to the west for about a kilometer and you will reach the city." The brown-haired man pointed his right index finger towards the west.

'Go to the west and die there!'

He added in his mind.

Xiao Tian had beaten him before, so he wanted to make Xiao Tian and Flower lost in the forest forever.

Xiao Tian instantly glanced at the yellow-haired man after hearing it. Because he didn't know whether the brown-haired man was lying to him or not, he wanted to see the reaction of the yellow-haired man.

When Xiao Tian saw the yellow-haired man's expression, he suddenly felt that the brown-haired man was lying to him.

For this reason, Xiao Tian stabbed the brown-haired man's right thigh with his dagger.

"Agggghhhh." A soul-piercing howl of pain echoed in the cave.

Xiao Tian did not feel pity when he saw the brown-haired man in pain.

"My right leg...you! I have answered your question, but why did you still stab my right thigh?" The brown-haired man didn't expect that Xiao Tian would stab his right thigh with a dagger.

"I have a feeling that you are lying to me." Xiao Tian explained the reason why he suddenly stabbed the brown-haired man's right thigh.

The brown-haired man could only endure the pain because he knew he could not beat Xiao Tian.

'How did he know about it?!'

Previously, he thought Xiao Tian would believe his words, but he was wrong. At this moment, he finally realized that he was underestimating Xiao Tian.

The yellow-haired man, who was seeing Xiao Tian's expression, trembled in fear.

'He ... he stabbed my friend just for that reason!'

Even though the yellow-haired man knew that Xiao Tian was a cruel person, he didn't expect Xiao Tian to be more ruthless than he thought.

He instantly stabbed the brown-haired man's right thigh just because he felt that the brown-haired man was lying to him.

Usually, other people would get angry first before doing something, but Xiao Tian did the opposite. He hurt others first before saying anything.

This type of person was hazardous because they would do anything to get what they wanted. This made the yellow-haired man's body tremble even more.

When Xiao Tian saw the yellow-haired man's expression, his lips curled into a grin. After seeing what he did to his friend, Xiao Tian was sure that the yellow-haired man would not dare to lie to him later.

"Tell me, which way is the road leading to the city?" Xiao Tian's expression turned even scarier than before. "If you dare to lie to me, I will make you feel much worse pain later."

"East... Walk to the East for about two kilometers and you will reach the city later." the yellow-haired man's body was still trembling when he answered Xiao Tian's question.

At this moment, Flower was staring at them. Even though she didn't say anything, she was startled by Xiao Tian's actions.

'I didn't expect him to be this cruel.'

Ever since they fell off the cliff, Xiao Tian had always been so well-behaved and innocent, so she was surprised by his actions.

Sure, he beat them until they passed out, but she thought he did it because they wanted to rape her earlier.

Like before, Xiao Tian did not trust the yellow-haired man's words instantly. Because the best way to get the yellow-haired man to tell him the truth was to scare him, Xiao Tian decided to pretend that he was going to stab the yellow-haired man's right thigh.

The yellow haired-man was instantly frightened when Xiao Tian was about to stab his right thigh. "I'm not lying. I'm telling the truth."

Xiao Tian instantly stopped scaring him after hearing the yellow-haired man's words. At this moment, the tip of his dagger was so close to the yellow-haired man's right thigh.

'It seems like he is not lying to me.'

He said in his head.

"Why do I feel like you are also lying to me?" of course, Xiao Tian needed to be very careful.

That was why he pretended as if the yellow-haired man was lying to him. The consequences would be fatal if they lost in the forest again because Flower was sick now.

"No, no." the yellow-haired man answered. "I swear to God that I'm telling the truth."

After looking at the yellow-haired man's face for several seconds, Xiao Tian's face broke into a smile.

"Good. I believe you."

The yellow-haired man was relieved when Xiao Tian no longer wanted to stab his thighs.

Xiao Tian then rose to his feet and walked towards Flower. "Rose, we can go back to the ci-"

'Rose...'

Xiao Tian's expression turned worried when he saw Flower.

'How could this be?'

Previously, her condition had slightly improved, but now her condition had suddenly become much worse.

At this moment, Flower only stared at him without saying a single word. She herself also had no idea as to why her condition suddenly became worse.

Her body was so weak to the point she felt that she had no energy in her body. She even didn't have the strength to sit up.

"Rose, hang in there. We will get out of this damn forest now." after saying that, Xiao Tian piggybacked her because he knew that she could not walk in that condition.

However, when Xiao Tian walked past the grown men, he suddenly stopped his footsteps.

The feeling of deep fear blossomed in the heart of the grown men. From his expression, they knew that Xiao Tian wanted to do something to them.

"Wha...wha.." because of how frightened he was, the yellow-haired man could not finish his words.

"Don't be afraid." Xiao Tian smiled softly. "I just want to thank you for telling me how to get out of this forest."

However, what he did and what he said was different because Xiao Tian broke both of their legs after saying that.

"Agghhhh." They cried out in pain.

After breaking their legs, Xiao Tian walked out of the cave.

'Hmf! You tried to rape my friend earlier. Do you think I will forgive you easily? Good luck in surviving in this forest. I hope you won't be eaten by wild beasts.'

Xiao Tian then headed towards the East.

'Hang in there, Rose. I will definitely save you. I won't let anything bad to happen to you.'

Because time was essential for Flower, Xiao Tian decided to run.
