Chapter 821 - Fighting Two Wolves

"Huft...Huft...Huft..." even though Xiao Tian was already tired, he kept forcing himself to run.

He was afraid that something bad would happen to Flower if he didn't immediately reach the hospital.

*One minute...two minutes...three minutes....

It had been more than fifteen minutes since Xiao Tian left the cave, but he still hadn't reached the city.

'It's hard to run in the forest.'

Because they were in the forest, Xiao Tian could not run as fast as he could.

He had to watch his steps or else he would fall to the ground later. Not only that, but he also needed to watch his surroundings because it would be dangerous if they encountered a wild beast later.

At this moment, Flower felt that her body was getting weaker and weaker. She even found it hard to open her eyes, so she let Xiao Tian handle everything.

'Am I going to die today?'

Due to how weak her body was, Flower thought she was going to die.

And as if Xiao Tian could read her mind, he immediately said, "Hang in there, Rose. I will bring you to the hospital now."

At this moment, Flower was still closing her eyes.

'This voice? Was it Xiao Tian's voice?'

Because she had been in the cold weather since yesterday, Flower suddenly got hypothermia. It was a condition where the body could not warm up on its own.

The person who was experiencing symptoms of hypothermia could not speak well, had difficulty thinking due to very low energy, had very low breathing, had a weak pulse and could lose consciousness.

This condition was very serious because it could cause death if not being treated immediately.

'Xiao Ti-'

Before Flower could finish her words, she was unconscious.

Like before, Xiao Tian kept running towards the east. However, he suddenly stopped his footsteps when he saw two wolves not far from them; one adult wolf and a young wolf.

Because Xiao Tian didn't want those wolves to notice him, he immediately stood behind a tree.

'They are currently eating a deer. As long as I walk carefully, they won't notice me.'

With that idea in mind, Xiao Tian walked slowly and carefully. He also paid attention to the wolves.

*Tak...

When Xiao Tian was paying attention to the wolves, he subconsciously stepped on a twig.

'Fuck!'

Xiao Tian cursed venomously in his heart.

The wolves instantly turned their heads towards the source of the sound. Because the wolves thought it was another wild beast, they walked closer towards Xiao Tian.

At this moment, Xiao Tian knew that he could not run away from the wolves. He was piggybacking Flower, and they were also in the forest, so he could not run fast.

His only option was to fight the wolves. Xiao Tian then took out a dagger.

'I need a bigger weapon.'

Xiao Tian swept his gaze around.

And as if God wanted to help him, Xiao Tian saw a stick not far from him. After putting Flower down, Xiao Tian took the stick.

'Wait here, Rose. I will finish it quickly.'

Xiao Tian's eyes were focused on the wolves, indicating that he was ready to fight.

Currently, Flower was sitting on the ground with her back leaning against a tree. Because she was unconscious, she didn't know what was happening.

*Grrrr....

The wolves walked closer towards Xiao Tian and Flower. They were not afraid of Xiao Tian; instead, they looked at Xiao Tian as if he was their prey.

Xiao Tian was holding a wooden stick in his right hand and a dagger in his other hand.

'I can't let my guard down.'

Currently, Xiao Tian was standing in front of Flower because he had to protect her too.

*Grrr...

The young wolf dashed towards Xiao Tian before jumping at him while opening its mouth and showing its fangs.

Xiao Tian immediately hit the young wolf's head with the wooden stick. Xiao Tian was a martial artist at the mid-level master stage, so his speed and reaction were fast.

If it were normal humans who knew nothing about martial arts, they would have been bitten by a young wolf.

*Bang....

The young wolf was thrown two meters back after being hit by Xiao Tian.

However, Xiao Tian didn't have time to rest as the adult wolf immediately attacked him from his right side.

Like what the young wolf did earlier, the adult wolf also opened its mouth and showed its fangs when the adult wolf jumped at Xiao Tian.

Due to how fast the adult wolf was, Xiao Tian didn't have time to attack or dodge. Luckily, Xiao Tian was able to block the adult wolf's attack with his stick.

*Bang...

Xiao Tian fell to the ground after blocking the adult wolf's attack.

Previously, Xiao Tian placed his wooden stick horizontally in front of his chest, causing the adult wolf to bite the wooden stick.

And as if the young wolf knew it was a perfect time to attack Xiao Tian, the young wolf immediately dashed towards Xiao Tian.

Xiao Tian, who noticed it, instantly kicked the adult wolf so that he could avoid the attack of the young wolf.

After kicking the adult wolf, Xiao Tian rolled to the left before rising to his feet.

'Fighting wild beast is much harder than I thought.'

Xiao Tian could not beat the wolves quickly because their way of fighting was different from humans. Not only were their instincts great, but they were also much faster than most humans.

'I have to defeat them as quickly as possible. Time is essential for Rose.'

Xiao Tian started to think of a way to defeat the wolves quickly.

'I have to beat one of them first.'

With that idea in mind, Xiao Tian rushed towards the young wolf because the young wolf was much easier to defeat.

*Bang....

Xiao Tian hit the young wolf in the head, causing the young wolf to be thrown a meter back before its body hit a tree and fell to the ground.

However, when Xiao Tian was about to stab the young wolf's head with his dagger, he saw an adult wolf walking towards Flower.

"No!" Xiao Tian instantly dashed towards Flower.

*Auuckkk...

The adult wolf instantly opened its mouth widely, ready to bite Flower.

Because Flower was unconscious, she didn't know what was happening. She had no idea that an adult wolf was about to bite her neck.

At this moment, Xiao Tian stretched out his right arm in front of the adult wolf's mouth. Flower was unconscious, so she could not defend herself.

And she was also sick, so it would be dangerous if she were bitten by an adult wolf. That was why he offered his right arm to be bitten by an adult wolf.

"Hiiii..." Xiao Tian tried his best to endure the pain when the adult wolf was biting his right arm.

*Drip...Drip...Drip...

Blood fell down from Xiao Tian's right arm.

Even though he was enduring the pain, Xia Tian didn't stay still. It was a perfect time to attack the adult wolf, so he immediately stabbed the adult wolf's body with the dagger using his left hand.

*Stab...Stab...Stab...Stab...Stab...

Xiao Tian was a martial artist at the mid-level master stage, so his speed was extremely fast. Xiao Tian managed to stab the adult wolf's body more than fifteen times in less than six seconds.

Because the adult wolf was biting Xiao Tian's right arm, it could not dodge Xiao Tian's attacks. For this reason, the adult wolf did nothing when Xiao Tian was stabbing its body with his dagger continuously.

*Fall...

Because Xiao Tian had stabbed its body many times, the adult wolf fell to the ground, dead.

After killing the adult wolf, Xiao Tian rose to his feet and walked towards the young wolf. Sure, he felt immense pain, but he knew that the fight was still not over.

Xiao Tian didn't have time to relax because he had to take Flower to the hospital immediately.

When the young wolf saw Xiao Tian, it immediately ran away as if the young wolf knew what would happen if the young wolf still wanted to fight Xiao Tian.

Because the young wolf was running away, Xiao Tian immediately walked towards Flower. "Rose, I will bring you to the hospital now."

Like before, Xiao Tian was piggybacking Flower.

*Drip...Drip...Drip...

As Xiao Tian was running, his blood kept dripping down from his right arm.

Chapter 822 - I Have Found Where Little Brother Is

7-8 minutes

As Xiao Tian was running, he suddenly felt a little dizzy. He had tied his right arm with his torn clothes, but his right arm didn't stop bleeding.

'It looks like the wound from the wolf bite is quite deep. My right arm keeps bleeding. It makes me a little dizzy.'

Xiao Tian looked at his right arm.

'No, I can't pass out here. I have to take Flower to the hospital.'

When Xiao Tian felt like he could not run anymore, he rested for one to three minutes. After that, he continued running again.

Like before, he encountered a wild beast again. Because there was no other choice, Xiao Tian fought a wild beast again.

In his fight with the wild beast, his right arm was injured again. But Xiao Tian didn't care about it and kept running.

Because the injuries were quite serious and deep, his blood kept coming out when he was running. In addition, his body had almost reached its limit because he had been in cold places for a very long time.

Not only that, he had been running for more than thirty minutes and also fought three wild beasts. Coupled with his blood constantly oozing from his wounds, Xiao Tian almost fainted many times.

*One minute...two minutes...three minutes...

After running for about fifteen minutes, Xiao Tian finally saw a few houses in front of him. He was pleased because that meant they had got out of the forest.

"Rose, we are already out of the forest." Even though Xiao Tian knew that Flower could not hear his words, he still said it. "Please wait a little longer."

Like before, Xiao Tian ran again. However, since he was not familiar with that place, he looked for someone to ask for the location of the nearest hospital or clinic.

And as if God wanted to help him, Xiao Tian saw a group of old men about fifty years old chatting not far from him.

Without waiting for another second, Xiao Tian dashed towards them. When he was in front of them, he immediately said, "Excuse me, elder. Can you tell me where the nearest hospital is?"

The group of old men were startled when he saw Xiao Tian's condition. His clothes and body were dirty. Some parts of his clothes were even torn. His right arm was also bleeding.

From his appearance, anyone could tell that something bad had happened to him earlier. But what surprised them most was that Xiao Tian was carrying someone on his back.

And from her pale face, they could tell that Flower was sick. They instantly felt sorry after seeing the condition of Xiao Tian and Flower.

"Young man, is she sick?" one of the old men inquired.

"Yes." Xiao Tian answered instantly. "Can you please tell me where the nearest hospital is?"

"The nearest hospital is two kilometers from here." the grey-haired old man answered before pointing his right index finger forward. "But there is a clinic near here. You go in that direction and you will see a clinic twenty meters from here."

"Thank you, elder." After saying that, Xiao Tian left.

'Twenty meters again. I can do it.'

Xiao Tian suddenly felt he had no energy anymore. He was still able to walk because he was determined to take Flower to the clinic.

*Five meters...ten meters...twenty meters...

When Xiao Tian saw a clinic in front of him, he immediately entered it.

"Doctor, please save her." Xiao Tian said as he stepped into the clinic.

One of the nurses immediately walked towards Xiao Tian when she saw his condition. "Sir, what's wrong with her?"

At this time, several nurses suddenly walked towards Xiao Tian because they knew that Flower and Xiao Tian were in a state of crisis.

"She is sick beca- " before Xiao Tian had finished his words, he fainted.

Xiao Tian's body had been enduring the cold weather since yesterday. Not only that, but he also fought three wild beasts and ran for over thirty minutes while carrying Flower earlier.

He also lost quite a lot of blood, so his body had reached its limit. If he didn't have the determination to save Flower, he would not be able to take her to the clinic.

That was why he immediately fainted when he knew that Flower could be saved. Luckily the nurses were able to catch Xiao Tian and Flower in time.

"Bring them to the patient rooms." one of the nurses spoke.

At this moment, there was a gorgeous mature lady who saw them. Her short hair danced beautifully when she ran towards Xiao Tian.

When she found out, the person who had just fainted was Xiao Tian, her face turned worried, "Nurse, what happened to him?"

Yes, this gorgeous lady was none other than Lin Xing Xue. Yesterday, she took time off from her job because she wanted to visit her parents grave.

She went to the clinic because she wanted to buy medicine. She just didn't expect to see Xiao Tian at the clinic.

The nurses instantly turned their heads towards Lin Xing Xue. One of them immediately asked, "Are you his family?"

"I'm...He is my boss." Actually, Lin Xing Xue wanted to say that she was his lover, but she changed her mind after remembering that they had broken up.

"Can you call his family?" one of the nurses uttered, "It seems like his condition is bad, especially this young lady."

"All right." After saying that, Lin Xing Xue shifted her gaze to Flower.

'Who is she? Is she his lover too?'

Because Lin Xing Xue had never met Flower before, she had no idea who Flower was. Xiao Tian had many women, so she thought Flower was one of them.

"We will take them to the patient rooms first. Please contact their families immediately." After saying that, the nurses took Xiao Tian and Flower to the patient rooms

Star Clothes Company, Shi Fei's office.

Currently, Shi Fei was working in her office. But because Xiao Tian had been missing for five days, she could not focus on her work.

'Where are you, little brother?'

Shi Fei tilted her head back.

As she was thinking about Xiao Tian, her smartphone suddenly rang. She instantly picked up her phone when she found out the person who called her was Bi Yu. "How is it?"

"Leader, we have found him." Bi Yu uttered,

"Where is he now?" Shi Fei inquired.

"He is in the Gozu Clinic." Bi Yu answered. "I will send you the location now."

"Good." Shi Fei then hung up the phone.

"Big sister Fei, what's wrong?" Liu Ning asked after stepping into Shi Fei's office.

She was startled when Shi Fei suddenly told her to come to Shi Fei's office.

"I have found where little brother is. He is at Gozu Clinic now." Shi Fei went straight to the point.

"Gozu Clinic?" Liu Ning's face turned worried when she learned that Xiao Tian was at the clinic. "Did something bad happen to him?"

"I don't know." Shi Fei forgot to ask about it earlier, so she had no idea why Xiao Tian was at the clinic.

"Let's go there now."

"All right." Liu Ning uttered.

Shi Fei and Liu Ning traveled to Star Restaurant to pick up Ye Qingyu and Ye Xueyin before going to the Gozu Clinic.

Chapter 823 - Who Do You Think You Are?

6-7 minutes

"Tian..." Ye Xueyin continued to show a worried expression after finding out that Xiao Tian was at Gozu clinic.

Since he had not returned home for five days, she thought his condition was severe. At this time, she really hoped that they could reach Fuku city quickly because she wanted to see his condition as soon as possible.

Like Ye Xueyin, Ye Qingyu and the others were also worried. In the past few days, they had been praying to God to protect Xiao Tian, but when they found out that Xiao Tian was being treated at the clinic, the feeling of worry within them grew bigger every second.

"Fei, drive faster!" Ye Xueyin forced Shi Fei to drive the car faster.

"Mrs. Ye, it's already fast." Of course, Shi Fei could understand the reason why Ye Xuyin told her to drive the car faster. "But if I drive faster than this, it will be dangerous for us and the others."

"Big sis, Fei is right." Ye Qingyu added. "She can't drive faster than this or else it will be dangerous for us. You don't want to get into a car accident, do you?"

"But...but..." of course, Ye Xueyin knew about it, but she wanted to see Xiao Tian as quickly as possible.

"Mrs. Ye, please calm down." Even though Liu Ning said something like this, but she was also worried deep inside her. "At least, we know where he is now. We also have to think about our safety or else, we won't be able to see him later."

Ye Xueyin didn't say a single word anymore. She just hoped that Xiao Tian's condition was not serious.

"Where are you, boss?" Mu Huo had asked many people, but no one knew where Xiao Tian was.

Coincidentally, he saw Lin Xing Xue walking out of the clinic. From the look of it, it seemed like she just bought water for herself.

Because Mu Huo knew who she was, he immediately walked towards her. "Mrs. Lin, do you know where my boss is?"

Lin Xing Xue was startled when she saw Mu Huo. Of course, she knew who he was because Xiao Tian had told her many things.

"Tian?" she then pointed her right index finger at the clinic in front of her. "He is being treated in this clinic. I saw him earlier. I have also informed his family just now."

"Really?" at this moment, Mu Huo didn't know whether he should be happy or not.

He was happy because he finally managed to find Xiao Tian, but he was also sad because Xiao Tian was being treated in the clinic.

"Yes." Lin Xing Xue nodded her head. "Let me bring you to his room."

"All right." As Mu Huo headed to Xiao Tian's patient room, he notified the others and sent the location of the clinic.

All of the Blue Ice Lotus gang members instantly traveled to the Gozu clinic. Luckily, all of them were wearing normal clothes.

But because sixty people suddenly wanted to enter the Gozu clinic, they were stopped by the security guards.

"Bastard, why are you stopping us?"

"Yes. Why did you forbid us to see our leader?"

"Do you want me to beat you to death?"

"I will count to three. If you still forbid us to see our leader, I will kill you later."

"Who do you think you are?"

"Let's just beat them to death."

"Yes. Let's just do that."

One by one, Xiao Tian's underlings voiced out their anger.

They were furious because the security guards were forbidding them to see Xiao Tian. Even though they were wearing normal clothes, they were still gang members, so they could not change their personalities.

"Don't lie!" one of the security guards answered. "You want to cause trouble here, right?"

Of course, the security guards didn't believe their words easily because something like that had never happened before.

And from the way they spoke, they could tell that they were members of a gang. This made them even more unwilling to let them into the clinic.

"Yes." the other security guard added. "This is a place to treat patients."

Actually, the security guards were frightened by Xiao Tian's underlings. Sure, they knew martial arts, but there was no way they could beat sixty people.

But since it was their job and for the sake of keeping the patients safe, they had no choice but to stop Xiao Tian's underlings.

"All of you, stop it! Do you remember we are at the clinic now? Don't cause trouble here!" Mu Huo's voice rang out from behind the security guards.

He knew that something like that would happen. That was why he immediately walked out of the clinic because he didn't want Xiao Tian's underlings to cause trouble at the clinic.

Xiao Tian was being treated in that clinic, so it could be fatal if Xiao were kicked out because of their actions.

The security guards instantly turned their heads towards Mu Huo. At this moment, they were amazed by his actions.

Mu Huo didn't show the slightest fear on his face even though he said something like that to Xiao Tian's underlings.

'What a brave young man!'

Of course, the security guards had no idea that Mu Huo was the instructor of the Blue Ice Lotus gang.

But they instantly stopped praising Mu Huo's bravery after hearing the words of the Blue Ice Lotus gang members.

"But instructor, we want to see our leader's condition too."

"That's right. He is our leader so we have the right to see him."

"And these bastards dare to forbid us to see our leader."

"Tch! I really want to beat them. Who they think they are?"

Like before, Xiao Tian's underlings voiced out their anger.

When Ren Aoxu saw Mu Huo, he immediately said, "Senior Mu Huo, how is the condition of my senior brother?"

"He is still unconscious right now." Mu Huo gave an honest answer. "And his condition is quite serious."

Xiao Tian's underlings wanted to see him even more after hearing Mu Huo's words.

"Bastard! Move out. I want to see my leader."

"Move out!"

"Don't stop us!"

"Don't make us angry!"

Xiao Tian's underlings tried to enter the clinic again.

But suddenly, a voice rang out. "What's going on here?"

Chapter 824 - Tch, Tch, Tch

6-7 minutes

Everyone instantly turned their heads towards the source of the sound. When the Blue Ice Lotus gang members saw the person who had just spoken, they immediately fell silent.

Mu Huo and the security guards were startled.

'Eh?!'

Mu Huo and the security guards were curious as to why Xiao Tian's underlings suddenly fell silent like that.

"This is clinic, so don't cause trouble here!" Shi Fei said coldly. "Do you know that your actions disturb all patients?"

"Our leader's family and women are here."

"It's better if we don't say anything."

"That's right. It will be dangerous if they are angry at us later."

Xiao Tian's underlings instantly stopped causing trouble.

At first, Mu Huo was suspicious of Shi Fei's identity as she could silence all of Xiao Tian's underlings in an instant, but after remembering that she was one of Xiao Tian's women, he threw that thought away.

He believed the reason why Xiao Tian's underlings suddenly fell silent was that they didn't want to anger her because it would be dangerous if she snitched to Xiao Tian later.

"You are Mu Huo, right?" Shi Fei said when she was in front of Mu Huo. "Bring us to little brother's room."

"All right." Mu Huo answered before looking at Xiao Tian's underlings. "If you want to see your leader, please be patient. You can see him later but alternately."

"All right." Xiao Tian's underlings answered in unison.

*Click...

When Lin Xing Xue heard the sound of someone opening the door, she rose from her seat. "You have arrived?"

Currently, Xiao Tian was lying on the patient's bed, unconscious. A needle was inserted into a vein in his left arm, and the needle was connected to a tube and a bag of blood.

Since Guzo clinic was a small clinic, the room was not big with limited medical equipment.

"How is little brother's condition?" Shi Fei's face turned even worried when she saw Xiao Tian.

"His condition is quite serious. His right arm was bitten by wild beasts and his body is very weak now." Lin Xing Xue spoke and paused for a second before she continued, "The doctor said it was because he had lost a lot of blood and had been in the cold place for a long time. His immunity is not working well right now."

"How long has he been unconscious?" Liu Ning inquired with teary eyes.

"Almost an hour." Lin Xing Xue answered. "But doctor said that he would wake up in two or three hours."

"Tian..." tears ran down Ye Xueyin's soft cheeks when she saw Xiao Tian's condition.

Her heart broke into pieces, and she suddenly felt weak. She didn't know how to describe the sadness in her heart.

Like Ye Xueyin, Shi Fei, and the others also felt the same. Xiao Tian was their boyfriend, so they felt like someone was stabbing their hearts when they saw his condition.

"How did he end up like this?" Ye Qingyu inquired.

"No one knows about it." Lin Xing Xue replied. "The nurse said that Tian came carrying a young woman on his back before passing out."

"A young woman? Who is she?" Shi Fei asked curiously.

"I don't know. I have never seen her before." Lin Xing Xue gave an honest answer.

"Where is she now?" Liu Ning wanted to see who that woman was.

"She is in the ICU room now." Lin Xing Xue answered, "Her condition is much worse than Tian. Doctor said she got hypothermia too."

"So we have to wait for little brother to regain consciousness before knowing everything." Shi Fei uttered, "Let's hope little brother regain consciousness soon."

Liu Ning and the others nodded their heads. At this moment, a nurse suddenly entered the patient room and told them to wait outside.

She said it could affect his health if there were more than three people in the patient room. That was why the nurse told them to wait outside.

Not long after that, a handsome young man and a beautiful mature lady walked towards Xiao Tian's patient room.

Yes, those people were none other than Lan Ruoxi and Zhao Sheng. When they got information about what had happened to Xiao Tian, they immediately went to the Guzo clinic.

"Hello, everyone." Zhao Sheng smiled when he was in front of Liu Ning and the others. "How is Xiao Tian's condition?"

"Hello," Lan Ruoxi smiled. "We heard young master Xiao is being treated here, so we came to visit him."

"He is in the patient room now." Shi Fei answered as she pointed her right index finger at Xiao Tian's patient room.

"We will see his condition now." Lan Ruoxi uttered.

Then Lan Ruoxi and Zhao Sheng entered the patient room.

When Zhao Sheng saw Xiao unconscious in bed, he shook his head before speaking. "Tch, tch, tch. Xiao Tian, Xiao Tian. look at you now. It seems like you can't do anything without me. How can you end up in this pathetic condition? Tch, tch, tch."

Black lines formed on Lan Ruoxi's forehead after hearing his words.

'How can you say something like that?'

Lan Ruoxi said in her head.

Zhao Sheng then took his smartphone out of his pocket before taking a picture of Xiao Tian. "Hehe. With this, I can make fun of him later. Hehe."

Lan Ruoxi was speechless. She didn't know what to say to Zhao Sheng. If she had not known of his friendship with Xiao Tian, she would have thought that Zhao Sheng had bad intentions towards Xiao Tian.

"But how did he end up in this condition?" Lan Ruoxi only got information that Xiao Tian was being treated at Gozu clinic.

She had no idea what had happened to Xiao Tian. Of course, she knew that Xiao Tian came to Gozu clinic with Flower.

"I don't know." Zhao Sheng also didn't know about it. "Maybe, he faced a strong enemy before and was beaten by his enemy."

"It seems so." Lan Ruoxi also had the same thought as Zhao Sheng.

"Hehe. I suddenly want to know the person who made him like this." Zhao Sheng uttered, "Maybe I can play a little with that person."

'What a battle manic!'

Those were the words that appeared in Lan Ruoxi's mind.

Chapter 825 - Nurse, How Is Her Condition?

6-7 minutes

Since Zhao Sheng and Lan Ruoxi could not stay in the patient room for long, they immediately left the patient room because they didn't want to disturb Xiao Tian.

At first, Zhao Sheng and Lan Ruoxi wanted to see Flower, but they were not allowed to visit her because she was in the ICU room.

Because of this, Zhao Sheng and Lan Ruoxi waited in front of Xiao Tian's patient room and talked with Ye Xueyin and the others. Not long after that, Xiao Tian finally regained consciousness.

'Oh right, I'm in the hospital right now.'

Xiao Tian suddenly remembered Flower.

'Where is she? Is she in a different room?'

He turned his head to the left and right.

'How is her condition now?'

Because Flower was unconscious when he brought her to the clinic, Xiao Tian wanted to know her condition.

At this moment, he still had no idea that Shi Fei and the others were waiting in front of his patient room.

When Zhao Sheng looked at Xiao Tian through the small glass in the middle of the door, he immediately said, "Xiao Tian has regained consciousness. Call the doctor now!"

Ye Xueyin and the others instantly rose to their feet and entered his patient room.

"Tian...." Like before, Ye Xueyin cried out again.

Zhao Sheng then turned his head towards Mu Huo and spoke, "Mu Huo, call the doctor now!"

"All right." Mu Huo instantly walked out of the patient room to call the doctor.

Xiao Tian was startled when he saw Shi Fei and the others.

'How come they are here?'

Xiao Tian remembered that he fainted immediately after arriving at the clinic, so he wondered how they would know that he was at the Guzo clinic.

"Tian..." as Ye Xueyin was sitting next to him and holding his right hand, beautiful tears ran down her soft cheeks.

Xiao Tian immediately wiped off her tears and spoke, "Mother, don't cry. I'm fine."

"Senior brother, how did you end up in this condition?" since Xiao Tian had regained consciousness, Ren Aoxu wanted to know everything.

Everyone immediately turned their heads to Xiao Tian because they also wanted to know what had happened to him.

At this moment, Xiao Tian wavered whether he should tell the truth or not. He was afraid that it would make them worry if they knew the truth.

But since he had promised not to hide anything anymore, he decided to tell them the truth. "Well, it's beca-"

However, before Xiao Tian had finished his words, the doctor stepped into the patient room. "Please let me check his condition first."

'Amazing! His condition is much better than an hour ago.'

The doctor was amazed by the speed of his recovery.

Previously, he had thought Xiao Tian would continue to be unconscious for the next two to three hours, but he was wrong.

'This speed of recovery is amazing. It seems he has excellent immunity.'

Not only did Xiao Tian regain consciousness sooner than he thought, but his body was also even much better than an hour ago.

"How is it, doctor?" Liu Ning inquired.

"His condition is much better now." The doctor responded. "But he still needs to rest for a day so he can fully recover."

Shi Fei and the others felt relieved after hearing the doctor's words.

"Doctor, how is my friend's condition?" Xiao Tian inquired.

"Her condition is better now, and she has also been transferred to a normal patient room." of course, the doctor knew the person Xiao Tian was referring to. "But she is still unconscious now. From her condition, it looks like she will regain consciousness in the next six to seven hours."

"I see." Xiao Tian knew that Flower's condition was much worse than his, so he was not surprised after hearing the doctor's words.

The doctor then looked at Liu Ning and the others. "Everyone, please let the patient rest now so that he can recover faster."

"All right." Even though Xiao Tian's women still wanted to be with him, but they decided to leave the patient room.

Because Zhao Sheng and Lan Ruoxi had something to do, they immediately left.

'Just you wait. I will kill you after I fully recover.'

Xiao Tian's eyes gleamed with terrifying sharpness as he clenched his fist.

Previously, he wanted to order Mu Huo to look for those delinquents, but the doctor suddenly entered the patient room.

Seconds turned into minutes, and without realizing it, it had been four hours since Xiao Tian regained consciousness.

Xiao Tian was able to walk, but the doctor still would not let him go home. The doctor said he could discharge from the clinic tomorrow.

"Tian'er, where do you want to go?" Liu Ning was startled when she saw Xiao Tian getting out of bed.

Currently, there were three people in the patient room. Those people were Liu Ning, Lin Xing Xue, and Ye Xueyin.

Shi Fei and Ye Qingyu left an hour ago because there was something important to do. Of course, they would come back later.

"I want to see Rose's condition." Xiao Tian gave an honest answer.

"Rose? Is she the woman you brought here?" Lin Xing Xue inquired.

Rose was a name for women, and Xiao Tian came with a woman before, so she thought Rose was the one he brought to the clinic earlier.

"Yes." Xiao Tian nodded his head. "Do you know where her room is?"

"I know. Let me bring you to her patient room." previously, Lin Xing Xue headed to Flower's patient room because she was curious about Flower.

"We will come with you too." Liu Ning and Ye Xueyin said in unison.

"Un." Like before, Xiao Tian nodded his head.

Then they headed to the patient room where Flower was being treated.

Coincidentally, when they reached Flower's patient room, they saw a nurse who had just come out of the patient room.

"Nurse, how is her condition?" Xiao Tian inquired.

"Her condition is better now." the nurse answered. "Do you want to see her now?"

"Yes." Xiao Tian answered.

"Okay, but don't stay in her room for long." The nurse uttered, "And please don't be loud either."

"Un." Xiao Tian nodded his head.

Then Xiao Tian, Lin Xing Xue, Ye Xueyin, and Liu Ning entered the patient room.

Chapter 826 - Just You Wait, Your Nightmare Is Coming

6-7 minutes

Without waiting for another second, Xiao Tian, Liu Ning, Ye Xueyin, and Lin Xing Xue entered the patient room.

Xiao Tian's expression turned sad when he saw Flower lying on the bed, unconscious.

'Rose...'

He had spent five days with her in the forest. Facing many dangerous situations together, looking for a way back to the city together, eating together, they did many things together in the past five days.

Even though their relationship was not like a couple, but their relationship was more than just friends. That was why Xiao Tian felt sad when he saw her condition.

Liu Ning, who saw Xiao Tian's face, touched his right shoulder and spoke, "Don't be sad. She will be fine. She just needs to rest for now."

"Sigh." Xiao Tian let out a soft sigh. "If only I could have brought her to the clinic sooner, her condition would not have been like this."

"Don't blame yourself." Lin Xing Xue uttered, "You already did your best to save her."

Xiao Tian had told them everything. When they found out what had happened to Xiao Tian and Flower in the forest, they were furious at these delinquents who pushed them off the cliff.

They were also enraged at the middle-aged men who tried to rape Flower. But they were also amazed by Xiao Tian's skills when they learned that he managed to kill three wild beasts.

They knew that Xiao Tian was a martial artist, but they didn't expect him to be able to do that. Killing wild beasts was challenging, especially wolves, because wolves were born to be predators.

Because they were not allowed to stay in the patient room for long, they immediately got out of the patient room.

"I will go outside first." Mu Huo had informed him that many of his underlings were waiting outside the clinic.

"All right." Liu Ning and the others said in unison.

Without waiting for another second, Xiao Tian walked out of the clinic to see his underlings.

"Leader..."

"Leader..."

"Leader..."

"Leader..."

One by one, Xiao Tian's underlings walked towards him when they saw him. They were happy because they finally could see him.

At first, they wanted to see Xiao Tian forcefully, but they decided to wait outside since he was still unconscious.

"It's been five days since I last saw you guys." Xiao Tian spoke as he smiled, "Are you training martial arts seriously?"

"Of course, leader. Our dream is to be the strongest gang in Shanghai, so we have to practice martial arts seriously."

"That's right, that's right. We are much stronger now."

"If we remain weak, how can we possibly become the strongest gang later."

One by one, Xiao Tian's underlings answered his question.

"But leader, what happened to you?" one of his underlings inquired.

They still had no idea what had happened to Xiao Tian because he still had not told them anything.

When Xiao Tian saw their expressions, he knew that they really wanted to know everything. "Since all of you are curious about it, I will tell you now...."

They then looked for a place to talk. Coincidentally, there was an excellent place to talk in front of the clinic.

Xiao Tian began to tell them everything, from the reason why he came to Fuku city to how he ended up at the Guzo clinic.

He told them that he was pushed off the cliff by a few delinquents when he wanted to save Flower, lived in the forest for five days till how he fought the wild beasts.

"Damn it! Who are the bastards who pushed our leader off the cliff? I really want to skin them alive?"

"Leader, don't worry. We will find them later."

"I will torture them later."

"I really want to cut their arms."

"I really want to pull out their eyes."

One by one, Xiao Tian's underlings voiced out their anger. They were enraged when they found out that a small gang dared to do something bad to their leader.

"But leader, did you really fight four wild beasts?" one of Xiao Tian's underlings asked again.

"Yes." Xiao Tian then showed his injured right arm. "I got this injured when I fought it."

"Our leader is amazing. He killed three wild beasts."

"Of course, because he is our leader."

"He is the best martial artist, after all."

Like before, they began to praise Xiao Tian again.

They knew that fighting wild beasts was much more difficult than fighting humans because their way of fighting was different, and their speed was also extremely fast.

"Okay, don't make a fuss here." Xiao Tian stopped them from making noise. "Your job now is to find their base, but don't do anything to them. I will be the one to give them nightmares."

"Understood, leader." After saying that, they left.

'Just you wait, your nightmare is coming.'

Xiao Tian's eyes gleamed with terrifying sharpness as he walked towards his room.

Coincidentally, when he was in front of his patient room, Xiao Tian saw a doctor who just came out of Flower's patient room.

"Doctor, how is her condition now?" Xiao Tian inquired,

"She has regained consciousness, but it's better if you let her rest now since her body is still weak." The doctor answer.

"A...alright." Xiao Tian was happy and disappointed at the same time.

He was pleased because Flower finally had regained consciousness, but he was sad because he could not see her immediately.

For this reason, Xiao Tian only saw Flower through the small glass in the middle of the door.

'Rose...'

Xiao Tian was standing in front of Flower's patient room for about a minute before going to his room.

Even though he could not speak to her now, Xiao Tian was sure that he could do that later. He just had to wait until her condition was much better.

"Tian, what are you thinking about?" Ye Xueyin inquired.

Currently, Ye Xueyin, Liu Ning, and Lin Xing Xue were sitting next to his patient bed.

"Nothing." Xiao Tian answered as he shook his head.

'I'm just happy that Rose's condition is better now.'

He added in his head.

Chapter 827 - Are You Falling For Her?

7-8 minutes

Inside a small patient room, a young woman was sitting on the bed. Her pretty face looked a little pale, and her beautiful lips were dry.

She kept looking at the clouds through the window without saying a single word, as if she was mesmerized by the clouds.

Yes, that young woman was none other than Flower. She was startled when she found herself in the patient room because she thought she was still in the forest.

'So, this means, Xiao Tian found a way back to the city when I was unconscious.'

Because she was unconscious not long after getting out of the cave, she didn't know anything. She even had no idea that Xiao Tian fought three wild beasts earlier.

'But where is he?'

Flower asked in her mind.

'Don't tell me. Something bad had happened to him.'

Because she was worried about Xiao Tian and wanted to know his condition, she immediately got out of bed.

"Where do you want to go?" A nurse, who had just entered the patient room, asked, "You have to rest for now because your body is still weak."

"Nurse, how is Xiao Tian's condition?" Flower inquired.

"Xiao Tian?" the nurse tilted her head to the left.

"The young man who brought me to this clinic." Flower answered.

"Ah! That handsome young man?" the nurse finally knew the person Flower was referring to.

"Yes. That good-looking young man." Flower uttered, "How is his condition now? Where is his room?"

"He is in patient room number 5. Eh! Where are you going?" the nurse instantly stopped Flower when Flower was about to walk out of the patient room. "You should rest for now. Don't worry about him. His condition is much better now."

"Really?" Flower inquired.

"Yes." the nurse nodded her head. "You can talk to him tomorrow. Now you have to rest first."

"...All right." Flower replied.

"Little brother, we are back." Shi Fei spoke as she stepped into the patient room.

"Tian, how are you feeling now?" Ye Qingyu inquired.

Xiao Tian instantly turned his head towards them and answered, "Fei, aunt. I'm fine."

"Big sis, you can go home now." Ye Qingyu spoke as she looked at Ye Xueyin. "We'll take care of him now."

"But I still want to be with Tian." Ye Xueyin did not want to be separated from Xiao Tian.

Xiao Tian then looked at his mother and spoke, "Mother, you have been here since morning. You need to rest. Don't worry. I'm fine."

"But, but," like before, Ye Xueyin still wanted to be with him. She still wanted to take care of him.

"No buts!" Xiao Tian uttered, "You can visit me again tomorrow morning."

After looking at Xiao Tian for several seconds, Ye Xueyin spoke, "All right."

"Tian'er, we are going home now." Liu Ning uttered, "We will come back again tomorrow morning."

"Un." Xiao Tian nodded his head.

After that, Ye Xueyin and Liu Ning went home.

Shi Fei then looked at Lin Xing Xue and spoke, "Xue, you should rest too."

"...All right." After saying that, Lin Xing Xue rose to her feet. "I will come back again tomorrow."

"Thank you, little Xue." Xiao Tian smiled softly.

"Un." Lin Xing Xue left after nodding her head.

"Little brother, how is Rose's condition?" Shi Fei asked curiously.

"She has regained consciousness." Xiao Tian replied, "But she needs to rest so we can't disturb her for now."

"Little brother, you lived with her in the forest for five days. You even fought wild beasts for her sake." Shi Fei spoke and paused for a second before she continued, "Now tell now, are you falling for her?"

Xiao Tian flicked Shi Fei's forehead and answered, "What are you talking about?"

Shi Fei touched her forehead before speaking, "So you have no feelings for her? I thought you liked her because you always fall in love with a pretty woman."

The corner of Xiao Tian's lips twitched after hearing her words. "Why do you always think like that?"

"Because you are a playboy." Shi Fei answered instantly. "And I know that having a huge harem is one of your dreams."

Xiao Tian was speechless. He didn't know what to say to her.

'This woman!'

Xiao Tian could only shake his head.

They then talked for several minutes before the nurse told Xiao Tian to rest.

The following morning, Xiao Tian headed to Flower's patient room after eating breakfast.

"Rose, how are you feeling?" Xiao Tian asked when he was next to her.

"Xiao Tian?" Flower was pleasantly surprised when she saw Xiao Tian.

After Xiao Tian sat on the chair, he immediately spoke, "Doctor said we could go home later."

"I also heard it from doctor earlier." Flower then shifted her gaze from Xiao Tian to the two women standing on his right side. "Are they your family?"

Shi Fei instantly introduced herself. "My name is Shi Fei. I'm his lover."

"I'm Ye Qingyu, his aunt." actually, Ye Qingyu wanted to introduce herself as his woman but suddenly changed her mind because it was better to hide their relationship from the public.

"Hello, I'm Rose." Flower introduced herself using her fake name. "I heard from the nurse that you were also injured. How are you feeling now?"

"I'm fine." Xiao Tian answered, "I even already walked around the clinic yesterday."

When Flower noticed a bandage on his right arm, she inquired, "Why is there a bandage on your right arm?"

"Oh, this?!" Xiao Tian raised his right arm. "It's nothing. Only a small injury."

Ye Qingyu and Shi Fei immediately looked at Xiao Tian.

'How can you say it's only a small injury?!'

Even though they wanted to say it, but Shi Fei and Ye Qingyu said nothing.

When Flower noticed the expression on the faces of Shi Fei and Ye Qingyu, she knew that Xiao Tian was lying to her.

'I will ask the doctor later.'

Flower knew that Xiao Tian would not tell the truth, so she intended to ask the doctor or nurse about it later.

At this time, Mu Huo's voice rang out from the opposite side of the door. "Boss, can we talk for a moment?"

Xiao Tian instantly rose to his feet upon hearing Mu Huo's voice. "Rose, I have to go now. You can talk with my aunt and Fei."

Xiao Tian knew what Mu Huo wanted to tell him because he ordered his underlings to find all the delinquents who pushed him off the cliff yesterday.

"All right." Flower nodded her head.

'Is that person his underling?'

Flower knew that Xiao Tian was the leader of the gang. That was why she suspected the person who had just spoken was one of his underlings.

Xiao Tian then looked at his aunt and Shi Fei. "Aunt, Fei, please accompany her."

Ye Qingyu instantly held his hands and spoke, "Tian, please be careful."

Of course, she knew what Xiao Tian wanted to do or where he was going because Xiao Tian had told her everything. She was sure Xiao Tian wanted to get his revenge.

"Be careful, little brother." Like Ye Qingyu, Shi Fei also knew what he wanted to do.

After Xiao Tian walked out of the patient room, Mu Huo immediately informed him that they had found out where these delinquents were.

'I will kill you today.'

Xiao Tian's eyes gleamed with terrifying sharpness as he clenched his fist.

Chapter 828 - I'm Their Leader

6-8 minutes

After driving for about fifteen minutes, they finally reached the abandoned factory.

"They are in that abandoned factory, boss." Mu Huo spoke as he pointed his right index finger at the abandoned factory in front of them. "Your underlings are now surrounding them, so it's impossible for them to escape."

"Good." Xiao Tian immediately got out of the car.

"Leader..."

"Leader..."

"Leader..."

Three of Xiao Tian's underlings walked closer towards Xiao Tian.

"Tell them to make their move now." Xiao Tian uttered, "Don't let a single person escape."

"Understood, leader." Xiao Tian's underlings instantly informed the others.

"Hahaha." The green-haired delinquent laughed happily. "Today, we got a lot of money."

Inside the abandoned factory, nineteen delinquents were sitting on the ground. A happy smile could be seen on their faces. Yes, those delinquents were the people who pushed Xiao Tian off the cliff.

"Today is our lucky day!" the red-haired delinquent uttered, "It's still 08:20 am, but we already got a lot of money."

Previously, they stopped a car that was passing through the street in their territory. Of course, those delinquents told the car owner to give all their money or else those delinquents would kill them later.

At first, the car owner and his family tried to fight those delinquents, but they could not beat those delinquents. As a result, those delinquents took all of their money.

"Let's pay some women and enjoy ourselves later." the blue-haired delinquent spoke.

"Good idea!" the black-haired delinquent added.

"Haha." The grey-haired delinquent laughed after hearing their words. "You all are hor-"

He stopped his words halfway when sixty of Xiao Tian's underlings suddenly surrounded them. All of them were startled, and in the next second, their faces turned panicked.

They were only nineteen people, so there was no way they could go against sixty people.

'Who are they? Why are they here? Do they want to take over this place?'

Countless questions appeared in their minds.

"Who are you?" the green-haired delinquent inquired.

"You don't need to know who we are." Chun Hua replied, "All you need to know is that all of you will die today."

"Die?" the red-haired delinquent was unhappy with her words. "Just who are you? I remember that we have no enmity, so why are you doing this to us? Or do you want to take over this place?"

At this moment, the grey-haired delinquent noticed the symbol on the left chest of Chun Hua's clothes.

'That symbol? Blue Lotus? Wait. Don't tell me. They are...'

He suddenly remembered one of the big gangs in Shanghai.

"Are...are you all from the Blue Ice Lotus gang?" the grey-haired delinquent wanted to confirm whether his guess was correct or not.

"Oh! You know us?!" one of Xiao Tian's underlings pretended to be surprised. "Yes, we are members of the Blue Ice Lotus gang."

"Blue Ice Lotus gang?!" Of course, these delinquents knew the Blue Ice Lotus gang.

Even though they had never met the Blue Ice Lotus gang members, they had heard many rumors about them.

One of the rumors stated that they had won the war against the Hawk gang and killed the leader of the Hawk gang. And recently, there were other rumors about them.

It was said that they won the war against three martial arts schools and defeated three martial artists at the grandmaster stage.

"Do...do you want to force us to join your gang?" the red-haired delinquent inquired.

They had heard a rumor that the Blue Ice Lotus gang was looking for new members to join them.

"What?!" Xiao Tian's underlings found it hard to believe what they were hearing.

"Do you think you are qualified to join us?" Chun Hua said coldly

"Then, what do you want?" the grey-haired delinquent asked. "We believe that we have never caused trouble for your gang, so why are you doing this to us?"

"It's true that you never cause trouble to us." One of Xiao Tian's underlings spoke and paused for a second before she continued, "But you have caused trouble to our leader."

"Lies!" these delinquents said in unison.

They were only a small gang with nineteen members, so there was no way they would dare to cause trouble with a big gang like the Blue Ice Lotus gang.

Of course, they had no idea that Xiao Tian was the leader of the Blue Ice Lotus gang because not everyone knew that the Blue Ice Lotus gang had a new leader.

"Fuku City is far from your gang's headquarters, and we've never caused trouble outside of Fuku City." The green-haired delinquent stated, "Some of us haven't even left Fuku city in recent years."

"Yes. That's right." The red-haired delinquent added.

"It seems like we need to help them remember it." One of Xiao Tian's underlings uttered, "Do you remember that you pushed two people off a cliff six days ago? One of them is our leader."

"What?!" of course, these delinquents still remembered it.

"Oh! It seems like they remember it now." one of Xiao Tian's underlings spoke.

"Is that beautiful woman your leader?" because he knew that the Blue Ice Lotus gang was a female gang, the grey-haired delinquent thought Flower was their leader.

"Our leader is a man, bastard!" one of the Blue Ice Lotus gang members retorted.

She wanted to beat them up immediately, but Xiao Tian had ordered them not to do that before he arrived.

"Then...." Those delinquents remembered that they fought a young man before they pushed Xiao Tian and Flower off the cliff. "then, that young man is...."

"That's right. I'm their leader." Xiao Tian said as he walked closer towards these delinquents.

Those delinquents instantly turned their heads towards the source of the sound.

'He...he is still alive?!'

They believed that they had pushed Xiao Tian off the cliff. The cliff was high, so they thought Xiao Tian already died. That was why they found it hard to believe what they were seeing.

One of Xiao Tian's underlings immediately took a chair that was used by one of these delinquents earlier.

After sitting on the chair, Xiao Tian uttered, "It has been six days since we last met. Did you miss me?"

"How could you still be alive?" the grey-haired delinquent asked.

"Of course, it's because God still loves me." Xiao Tian replied. "But unfortunately, the same thing will not happen to you because today is the day you all will all die."

Chapter 829 - Torturing His Enemies

6-7 minutes

"Of course, it's because God still loves me." Xiao Tian replied. "But unfortunately, the same thing will not happen to you because today is the day you all will all die."

Xiao Tian didn't hide his intention because there was no point in doing that.

Upon hearing Xiao Tian's words, all the delinquents dropped to their knees and begged Xiao Tian to forgive them. "Big brother, please forgive us. We were wrong and regret it now. Please don't kill us."

Every human being was afraid to die, including those delinquents. Because Xiao Tian brought sixty of his underlings with him, they knew that they would not be able to beat them.

It was impossible to defeat sixty people with only nineteen people. Most of them were only martial artists at the high-level apprentice stage or low-level master stage, so they knew the outcome if they decided to fight Xiao Tian's underlings.

"Haha. Look at them!"

"Hmf! As I thought, they are cowards!"

"They instantly kneel before our leader after hearing his words. Haha."

"Loser!"

One by one, Xiao Tian's underlings started making fun of these delinquents.

Even though these delinquents were unhappy with their words, they could not do anything. As long as they could live later, they didn't mind even if Xiao Tian's underlings continued to make fun of them because all they had in mind was how to get Xiao Tian to forgive them.

Xiao Tian didn't say a word and only stared at them. No matter how many times they begged for forgiveness, he was determined to kill them.

If he didn't fall off the cliff, he would not have to live in the forest for five days. If they didn't push him off the cliff, he would not have to fight wild beasts and didn't need to sleep in the cave.

He also didn't need to endure the cold air when it rained, and Flower would not get sick because of it. No matter what happened, Xiao Tian would kill them later.

'Do you think I will forgive you after what you have done to me?'

The hatred within him grew even bigger when Xiao Tian recalled his difficult time living in the forest with Flower.

"Boss, please forgive us." The grey-haired delinquent begged again, "If you forgive us, we are willing to be your servants."

"That's right." The green-haired delinquent added. "We will be your servants for as long as you want."

In their mind, it was better to be his servant than to die. That was why they said something like that.

"I have many underlings so why do I need a servant?" Xiao Tian responded,

"What about women?" the blue-haired delinquent uttered, "We know a few beautiful women in this city. We can bring them to you now, if you want."

"Or we can give you a lot of money." The black-haired delinquent added. "We also got quite a bit of money this morning. If you want, you can take them all."

"Bastard, do you think our leader need your money?" one of Xiao Tian's underlings hit the black-haired delinquent's head after saying that.

Because Xiao Tian said nothing, the other members of the Blue Ice Lotus gang also started beating up these delinquents.

Like before, Xiao Tian only looked at them. He let his underlings do whatever they wanted because it was not a bad idea to beat these delinquents before killing them.

"Aghh.." all the delinquents cried out in pain when Xiao Tian's underlings were beating them.

They really wanted to fight back, but they knew that they would not be able to beat Xiao Tian's underlings.

And they also believed that Xiao Tian's underlings would do even more cruel things if they tried to fight back or defend themselves.

For this reason, they did nothing and tried their best to endure the pain when Xiao Tian's underlings were beating them. Blood dripped down from their mouths and heads, but they still did nothing.

The Blue Ice Lotus gang members stopped beating them when Xiao Tian suddenly walked closer towards these delinquents.

When Xiao Tian was in front of them, he squatted down and tapped the red-haired delinquent's face. "How do you feel when you are in a hopeless situation like this? When you want to fight back but you can't do it. What do you feel?"

The red-haired delinquent didn't answer. He was afraid that Xiao Tian would not like his answer and would order his underlings to beat him again later.

"Oh! You are ignoring me, huh?" after saying that, Xiao Tian looked at one of his underlings.

Even though Xiao Tian didn't say what he wanted directly, his underling knew what he had in mind. For this reason, she immediately gave one of her daggers to Xiao Tian, "Leader, here."

"What a good dagger! Let me test this dagger first." After saying that, Xiao Tian stabbed his dagger into the red-haired delinquent's right thigh.

"Agggghh." The red-haired delinquent cried out in pain.

The other delinquents trembled in fear after seeing what Xiao Tian did. As for Xiao Tian's underlings, they behaved normally because they knew what kind of person their leader was

After Xiao Tian pulled out the dagger from the red-haired delinquent's right thigh, he uttered, "Not bad, not bad. The sharpness of this dagger is really not bad."

At this moment, the red-haired delinquent's trousers were wet with his blood. He squeezed his right thigh tightly, hoping he could slow down the bleeding.

Because Xiao Tian still wanted to torture these delinquents, he looked at his underlings and spoke, "Do you guys want to test the sharpness of your weapons too? We have guinea pigs here."

"Really?" one of his underlings inquired.

"Of course." Xiao Tian nodded. "Have I ever lied to you?"

"Then, I want to try my blade. I wonder how sharp my blade is."

"I also want to test the sharpness of my new Katana."

"Me too. I want to test the sharpness of my throwing knives."

One by one, Xiao Tian's underlings spoke happily. They were people who liked to torture their enemies, so they were pleased after hearing Xiao Tian's words.

As Xiao Tian's underlings had happy faces, these delinquents had expressions of terror on their faces.

Chapter 830 - Complicated Feeling

7-8 minutes

"Agghh." A soul-piercing howl of pain rent in the abandoned factory.

At this moment, Xiao Tian's underlings were stabbing or slashing the body of these delinquents with their weapons. Head, arms, legs, and stomach. Every part of their bodies was full of blood.

They felt immense pain to the point they felt as if they were in hell. These delinquents kept begging Xiao Tian to order his underlings to stop, but Xiao Tian ignored their words and only stared at them as if they were people chosen to entertain him.

"Ohh. The sharpness of my daggers are not bad."

"My blade is good too."

"I think my throwing knives are not bad too. it's very sharp. I like it."

"It seems like I'll be filing a complaint to that weapon shop. I'm not satisfied with the sharpness of my Katana. It's not as sharp as when I tested it at that weapon shop."

At this moment, Xiao Tian's underlings were still torturing these delinquents. Now the grey floor turned red because of their blood.

When Xiao Tian saw that they were about to faint, he immediately spoke, "Stop! Tie their hands and follow me."

Even though Xiao Tian's underlings still wanted to torture them, but they immediately stopped what they were doing.

"Whe...where do you want to take us?" the grey-haired delinquent, who was covered in blood, inquired.

"To the place you familiar with." Since this delinquent had pushed him off a cliff a few days ago, he wanted to do the same.

However, he would tie their hands to ensure that they would die later. Xiao Tian didn't want them to survive like him because it would cause trouble for him later.

Terror overtook their faces when they reached the cliff where they fought Xiao Tian a few days ago. Of course, they immediately knew the reason why Xiao Tian suddenly brought them to that place.

Xiao Tian then looked at these delinquents and asked, "Isn't this place quite familiar to you?"

At this moment, these delinquents knew that they would die later. Previously, they had begged Xiao Tian to forgive them, but he kept ignoring their words.

For this reason, they knew it was useless to ask for forgiveness again. They regretted it. They regretted it so much.

They did not expect that their lives would end just because they wanted to harass a young woman. If they could turn back time, they would not harass Flower or fight Xiao Tian, but they knew it was too late now.

All they could do was pray to God, hoping God would change Xiao Tian's mind.

"Make them stand on the edge of the cliff." Xiao Tian said as he pointed his right index finger at the edge of the cliff.

Without waiting for another second, his underlings did what they were told. At this moment, these delinquents were standing on the edge of the cliff with their hands tied behind their backs.

"Seven days ago, you pushed me off the cliff, now it's my turn to do that." Xiao Tian spoke and paused for a second before he continued, "I just want you all to feel what I went through when I fell off the cliff."

"Big brother, please forgive us. Please don't kill us. We promise, we will become good people later." Even though the grey-haired delinquent knew it was useless to beg Xiao Tian, he still did that.

"Yes." the other delinquents said in unison. "We won't do anything bad again if you give us a second chance."

The cliff behind them was high. Coupled with their hands being tied behind their backs, they were sure they would die if they fell off the cliff.

"Just be a good people in your next life." After saying that, Xiao Tian kicked them all off the cliff.

Xiao Tian and his underlings looked at these delinquents when they were falling off the cliff.

"Oh! It seems like all of them are dead." Xiao Tian uttered,

"Yea. They are died." One of Xiao Tian's underlings responded.

Xiao Tian then looked at his underlings and spoke, "All right. The problem is solved. All of you can go back to our base now."

"Understood." Xiao Tian's underlings replied in unison.

As his underlings returned to their base, Xiao Tian went back to the Gozu clinic. Instead of heading to his patient room, he went straight to Flower's patient room.

"Rose, I have returned." After saying that, he turned his head towards Shi Fei and Ye Qingyu. "It seems like you guys are having a good time."

"Where did you go earlier?" Flower inquired.

"I went to take our revenge on these delinquents." Xiao Tian gave an honest answer.

"Oh!" actually, Flower had guessed that Xiao Tian would get their revenge immediately. That was why she was only a little surprised after hearing his words.

"Oh right. Did the doctor say you can go home now?" Xiao Tian inquired.

Instead of answering his question, Flower asked, "Tell me honestly how did you get that injury?"

Actually, Flower already knew the answer because she had asked the doctor about it earlier, but she wanted to hear it from his mouth.

"Ah this." Xiao Tian raised his right arm as high as his shoulders. "Like I said before, you don't need to worry about this because it's only a small injury."

"Xiao Tian, can you tell me honestly? I want to know how you got that injury." Flower wanted to know why Xiao Tian kept hiding it.

From her behavior, Xiao Tian was sure that she already knew the answer. For this reason, he decided to tell the truth. "When we were on our way to this clinic, there were...."

Xiao Tian started telling her everything, from how he ran for more than thirty minutes to how he fought the wild beasts in the forest. He also told her how he got these injuries.

When Flower was listening to his story, she had complicated feelings again. For her sake, Xiao Tian fought the wild beasts and kept protecting her.

He didn't even care about his condition and continued to carry her until he passed out. Of course, Flower was happy with his actions, but at the same time, she was also sad.

'Why? Why? Why are you so nice to me? Why?'

Ever since they fell off the cliff, she felt that her determination to kill him was slowly fading away. Sure, they lived in the forest for six days, but she didn't hate these experiences.

At this moment, the memories of where they lived in the forest suddenly appeared in her mind. The memory of when Xiao Tian almost threw up after eating the fruit she gave him.

The memory of when they consumed the grilled fish in the waterfall, or the memory of the time when he was still trying to protect her even though he was injured. All the memories that popped up in her mind were clearly visible one by one.

'How could I still plan to kill you after hearing all of this? How could I possibly think of killing you after remembering everything you've done to me?'

It was the first time something like this had happened to Flower, so she had no idea what to do.

'Why do we have to fall off a cliff together? Why do you keep treating me nicely? And why should you be my target?'

Flower then raised her head to look at Xiao Tian.

'God, what should I do now?'
