

## Illicit 921

### Chapter 921 - You Are The Mastermind, Right?

\*Silence...

Yi Wenxin's words turned the family room into a dead silence.

They knew that Yi Wenxin had a careless personality and always said what she had in mind without caring about the consequences of her words. However, they did not expect her to say something like that.

Qing Xiulan looked at Yi Wenxin and spoke, "Wenxin, you should not accuse him without evidence like this."

"Xiulan, I'm one hundred percent sure that Xiao Tian is the mastermind." after saying that, Yi Wenxin shifted her gaze from Qing Xiulan to her grandfather. "Grandfather, you remember what happened at our hospital this morning, right?! I'm sure Xiao Tian was furious earlier and caused this trouble for us as his revenge."

Xiao Tian was her enemy, and she also kicked him out of her hospital this morning, so the possibility of him being the mastermind was high.

"What Wenxin said makes sense." Yi Sunu stated.

Previously, Yi Yuan had told her and her husband everything, so she knew what had happened at their family hospital this morning.

"I think so too." Ku Wude added. "Maybe we should meet Xiao Tian and ask him a few questions later."

"But we don't have any evidence." Yi Yuan did not want to accuse Xiao Tian without evidence. "What if the mastermind is not him? What will you do later?"

Yi Yuan knew that his family was furious, but he did not expect his family to be consumed with anger and unable to think straight.

If it turned out that Xiao Tian was not the mastermind, their family's reputation would only get worse in the eyes of the public. Not only that, but they could also end up in prison later.

That was why Yi Yuan did not want to accuse Xiao Tian without evidence because the consequences could be fatal.

"That's why we have to meet him now." Yi Wenxin uttered.

"No!" Yi Yuan replied, "Let's try to find evidence tonight. If we don't find anything later, we will meet him tomorrow."

"But father..." Yi Sunu disagreed with her father's idea.

"Grandfather, what if Xiao Tian returns to Shanghai tomorrow?" Yi Wenxin knew that Xiao Tian lived in Shanghai, so she was afraid it would be too late if they didn't meet him immediately.

After thinking for several seconds, Yi Yuan replied, "Then we will meet him tomorrow morning."

At this moment, Qing Xiulan still had not said anything and only stared at them.

Yi Sunu turned her head to look at Qing Xiulan and spoke, "Xiulan, if we can't solve this problem later, you will help us, right?"

"Don't worry, aunty. I will ask big brother to help us." After saying that, Qing Xiulan shifted her gaze from Yi Sunu to her bodyguards, giving them a sign to inform Qing Feng about the problem immediately.

"Thank you, Xiulan." Yi Sunu was pleased after hearing Qing Xiulan's words.

-----

The following morning, Xiao Tian and Crystal strolled after eating breakfast with Lan Ruoxi and Yu Shi.

"Where do you want to go?" Xiao Tian inquired.

"We will be returning to Shanghai this afternoon, so I don't mind if we just wander aimlessly like this." Crystal replied, "With this, we can also enjoy the beauty of Beijing."

"Even though there's a lot of pollution in this place." Xiao Tian added.

"Hehe." Crystal giggled. "I'm sure the mayor will hit you if he hears your words."

"How about we go to the park?" Xiao Tian inquired.

"All right." Crystal thought it was a good idea to go to the park.

Then Xiao Tian and Crystal walked towards the nearby park.

"Oh, we have arrived." Xiao Tian saw a park fifty meters in front of him. "Le-"

Before Xiao Tian had finished his words, a voice suddenly rang out. "Stop right there!"

Xiao Tian and Crystal instantly turned around. Xiao Tian's face darkened when he saw seven people walking towards him.

'Do they want to cause trouble for me again?'

Xiao Tian clenched his fists.

These seven people were Yi Wenxin, Yi Yuan, Yi Sunu, Ku Wude, Qing Xiulan and Qing Xiulan's two bodyguards.

"Xiao Tian, it seems like they want to cause trouble for us." Crystal said in a low voice.

"Let me handle this." even though there were seven people in front of him, Xiao Tian didn't show the slightest fear in his eyes.

When Yi Wenxin was in front of Xiao Tian, she pointed her right index finger at Xiao Tian and spoke angrily. "Xiao Tian, you are the mastermind, right?"

"What do you mean by saying I'm the mastermind? What mastermind?" Xiao Tian still had no idea about what had happened to Yuji hospital, so he did not get her words.

After leaving Yuji hospital, Xiao Tian instantly called Zhao Sheng to ask Zhao Sheng for help. He then went for a walk and met Go Luo Di at the street vendor.

And after he arrived at the hotel, he instantly called his women because he missed them. Because he was sleepy, he fell asleep after calling his women.

"Don't pretend you don't know anything. You were the one who spread bad rumors about my family hospital, right?" like before, Yi Wenxin was still speaking in an angry voice.

"I'm not the mastermind." Xiao Tian replied, "And I'm glad someone caused trouble for your family hospital because you all deserve it!"

Xiao Tian was still furious at them because they didn't keep their promise. His anger would not be as deep as now if Yi Yuan refused to treat Yu Shi's wounds the first time they met.

However, he could not forgive Yi Yuan for breaking his promise out of the blue. In Xiao Tian's eyes, Yi Yuan didn't deserve to be a doctor.

"You....you..." Yi Wenxin was enraged after hearing Xiao Tian's words.

"Xiao Tian, are you really not the mastermind?" Yi Yuan inquired.

"What is this? Do you also suspect me as the mastermind?" Xiao Tian uttered, "Ah! I should have guessed it. Since you came to see me with this many people, I should have guessed that whatever I said would be useless."

Xiao Tian was sure they wanted to make him a scapegoat to clean up the Yi family's bad reputation. This made Xiao Tian even angrier.

'Just because I'm in Beijing. Do you think you can bully with like this?'

Sure, Xiao Tian didn't have any backers in Beijing, but he was someone who was not afraid of anything. He would rather die in battle than behave like a coward.

"He is not the mastermind. You all should not accuse someone without proof." Crystal's cold voice echoed throughout the entire area.

She was an assassin, so she was not afraid of them either. And Xiao Tian was someone who had helped her many times, so whatever happened, she would not let anyone bully him like that.

And what more was, Xiao Tian was slandered because he wanted to help her master. Of course, Crystal could not accept it.

"Of course, you will defend him because you are also involved in this, right?" Yi Wenxin was sure that Crystal was involved in everything.

After Xiao Tian checked everything on the internet, his lips curled into a smirk, "Your hospital is indeed a trash hospital, so they are right. After all, trash is trash."

"Die!" Yi Wenxin could not hold back her anger and instantly dashed towards Xiao Tian while throwing her right fist.

## Chapter 922 - Fighting Near The Park

7-9 minutes

---

"Die!" Yi Wenxin could not hold back her anger and instantly dashed towards Xiao Tian while throwing out her right fist.

Xiao Tian called her family hospital trash many times, so she wanted to beat him. Yuji hospital was the proud business of the Yi family, so she would not let anyone badmouth it.

And she also hated Xiao Tian to the bone, so she thought it was a perfect time to teach Xiao Tian a lesson.

"Wenxin, stop it!" Yi Yuan spoke abruptly when he saw his granddaughter rushing towards Xiao Tian.

Xiao Tian still had a calm face.

'Because you decided to attack me, I will make you regret now.'

Xiao Tian was someone who didn't care about gender.

Whatever it was a female or male, he would beat them if they dared to cause trouble for him. His past life father had told him that pitying his opponent was useless and could backfire on him.

Xiao Tian dashed towards her and instantly threw a high kick, aiming at Yi Wenxin's chin.

Yi Wenxin was only a martial artist at the low-level master stage, so the gap between her and Xiao Tian was like heaven and earth.

Even though she had attacked him first, but her speed was still in the category of the low-level master stage while Xiao Tian was already in the category of the high-level master stage.

With the huge difference in their speed, anyone would have known the result.

\*Aukkk...

Yi Wenxin was thrown into the mid-air after being kicked by Xiao Tian in the chin.

Xiao Tian never cared about gender in a fight, and he also hated Yi Wenxin, so he didn't hold back his strength.

When Qing Xiulan saw Xiao Tian beating Yi Wenxin, she looked at her female bodyguard and spoke, "Zizi, help her."

From the speed of Xiao Tian's attacks, Qing Xiulan believed that Xiao Tian was much stronger than Yi Wenxin.

\*Bang!

When Yi Wenxin was about to fall to the ground, Xiao Tian kicked her mid-torso, causing her to be thrown three meters away.

When Zizi threw a high kick towards Xiao Tian's head, Crystal dashed and blocked it. However, Crystal was unable to block or avoid the next attack, causing her to get hit on the face.

"Crystal!" Xiao Tian rushed towards Crystal and helped her up.

'Blood?'

Xiao Tian clenched his left fist when he saw blood on the corner of Crystal's mouth.

"Crystal, let me handle this." Xiao Tian didn't want her to get hurt, so he decided to handle everything.

Of course, Crystal refused. "Xiao Tian, let me hel-"

However, before Crystal had finished her words, she was interrupted by Xiao Tian. "It's fine. Nothing will happen to me."

"All right." Xiao Tian was a strong martial artist, so she decided to believe in him.

When Xiao Tian saw a steel stick near Crystal, he instantly picked it.

\*Shhhssss...

A cold aura slowly formed around Xiao Tian's body as he walked towards Zizi.

His eyes gleamed with terrifying sharpness as he stared at Zizi. At this moment, Xiao Tian looked like Asura, who wanted to wreak havoc in the battlefield.

Zizi was startled when she saw Xiao Tian.

'What is this? Why did my instincts suddenly tell me to run away?'

Zizi didn't understand what she was feeling.

Because she still had not gained insight about battle instinct, she could not feel the cold aura around Xiao Tian's body.

Xiao Tian held the steel stick tighter, and his eyes were focused on Zizi.

'Moon style sword of drawing techniques-third ceremony- Desert Storm.'

Because Xiao Tian did not want to waste time, he decided to use his secret technique.

\*Slash...Slash...Slash...

Xiao Tian moved in a pentagram pattern before changing it into a triquetra pattern. He swung his steel stick four times in each move, so he attacked Zizi thirty-two times in total.

\*Auakk...

Due to how fast and strong Xiao Tian's attacks were, Zizi was unable to block all of his attacks, and as a result, she was hit by Xiao Tian's attacks many times.

'How can he be this strong? He was not this strong two-months ago.'

Because all of Xiao Tian's attacks were aimed at the fatal areas, Zizi fell to the ground with blood and bruises covering his body.

\*Silence.

The entire area dropped into a dead silence.

Qing Xiulan and the others found it hard to believe what they were seeing. Her bodyguard was an extraordinary martial artist at the high-level master stage, but Xiao Tian was still able to beat her bodyguard.

Not only that, he even defeated her easily as if her bodyguard was nothing in front of Xiao Tian.

'How could this be?'

Qing Xiulan didn't want to admit it but what she was seeing was still the same.

'He...he is....'

Xiao Tian was not her bodyguard's opponent two months ago, so Qing Xiulan still could not believe it.

Like Qing Xiulan, the Yi family members were also startled. Because they were quite close to the Qing family, they knew how powerful Qing Xiulan's bodyguards were.

The Qing Family had always chosen outstanding martial artists to be their children's bodyguards. That was why they were shocked when Xiao Tian could defeat Qing Xiulan's bodyguard easily.

As Qing Xiulan and the others were in the state of shock, a soul-piercing howl of pain echoed.

"Aghhh." Zizi cried out in pain when Xiao Tian suddenly broke her right hand.

At this moment, Xiao Tian looked at Zizi coldly. There was no mercy in his gaze, only coldness. Because Zizi had injured Crystal, Xiao Tian decided to break her arms.

\*Crack...

Xiao Tian broke Zizi's other hand.

"Aggggghhh." tears fell down Zizi's cheeks.

She did not expect him to break both of her hands like that. When Zizi saw the cold look in Xiao Tian's eyes, she knew that he was a ruthless person.

She was Qing Xiulan's bodyguard, but Xiao Tian did not show the slightest care about it as if the Qing family was nothing in his eyes.

When Xiao Tian was about to break Zizi's right leg, Qing Xiulan's other bodyguard dashed towards him without being ordered.

"Limu, stop!" Qing Xiulan shouted.

Because anger had consumed Limu's body, he did not hear Qing Xiulan's words. Zizi was his friend, and they had been working together for three years, so he could not accept it when Xiao Tian broke her arms.

He had to take revenge!

"Die!" Limu roared as he threw out his right fist.

Limu was only a martial artist at the high-level master stage, so Xiao Tian was able to dodge it easily.

After dodging Limu's attack, Xiao Tian took three steps back.

'He is stronger than her.'

The energy around Xiao Tian suddenly moved towards his body. Soon, his body was surrounded by the energy of heaven and earth.

Battle instinct!

Xiao Tian was in a state of battle instinct.

'I have to finish this quickly.'

Because Xiao Tian could only maintain it for six seconds, he didn't waste time and dashed towards Limu.

\*Slash...Slash...Slash...

Countless attacks rained down on Limu.

'How could this be?!'

Limu was stronger than Zizi.

Because he had seen Xiao Tian's movements before, he was sure that he could defeat Xiao Tian.

However, he was wrong. He was utterly wrong because he could not fight back when Xiao Tian was attacking him continuously.

At this moment, Limu realized that he was not Xiao Tian's opponent, but it was already too late.

### **Chapter 923 - How Dare You Slander My Friend?!**

8-10 minutes

---

The sun was shining brightly, and the grey clouds were moving slowly.

The summer wind blew the surrounding trees, and some leaves fell right in front of a young man.

The young man was lying on the ground with a body covered in bruises and blood. His black eyes were full of disbelief as he found it hard to believe what was going on.

He lost the fight!

Yes. The young man lost the fight against his opponent in just four seconds.

He was a martial arts expert and had practiced martial arts for fifteen years, but someone could still defeat him in just four seconds.

He was unwilling to accept it, but no matter how many times he tried to deny everything, he could not change anything.

And what saddened him most was that the person who beat him was much younger than him. It was as if all his hard work this time was in vain.

Sadness, anger, disappointment. All sorts of feelings suddenly overtook him. He opened his mouth and was about to say something, but he felt as if the words were stuck in his throat.

And as a result, he could only stare at the young man who just defeated him in a fight.

"You would not end up in this pitiful state if you did not attack me!" Xiao Tian's cold voice echoed in the entire area.

Because Xiao Tian used battle instinct earlier, he could defeat Limu easily.

\*Silence...

Once again, the entire area dropped into a dead silence.

Crystal, who was standing behind Xiao Tian, widened her eyes in surprise.

'Four seconds! He only needed four seconds to defeat that woman's bodyguard!'

Because Crystal still had no idea that Xiao Tian had gained insight about battle instinct, she did not know why Xiao Tian could increase his strength, speed and reflexes drastically like that.

'Is this his real strength?'

At this moment, Crystal suddenly thought that Xiao Tian was not serious when he fought her. Otherwise, she would definitely end up like Limu.

\*Crack...

Xiao Tian broke Limu's arms.

"Agghh." Limu cried out in pain.

'He broke my hands too.'

Sadness welled up in his chest. Because Xiao Tian had crippled his arms, his job as a bodyguard ended.

He was sure the Qing family would fire him later because they would not want a cripple as their daughter's bodyguard.

"If you want to take revenge later, come to me. I'm Xiao Tian from Shanghai." Xiao Tian spoke and paused for a second before he continued, "But if you decided to do that, not only would I kill you, but I would also kill your family. So, think carefully before deciding to take revenge on me."

Xiao Tian would be more powerful in Shanghai because he had more than one hundred underlings, so he was not afraid of Limu.

Limu trembled in fear when he saw Xiao Tian's cold eyes. From his expression, Limu was sure that Xiao Tian was serious when he said it.

Xiao Tian then looked at Qing Xiulan and spoke, "Since you have helped me once in the past, I will forgive you this time. But there will be no second time!"

In the past, Qing Xiulan helped him when he was still weak and running away from his opponent. That was why he decided to forgive Qing Xiulan.

Xiao Tian walked towards Yi Yuan slowly and spoke, "Do you think I can't find a better doctor than you?"

He then continued, "Don't think that you are the best doctor in China. I have a friend who can help me find a better doctor than you, so there is no reason for me to cause trouble for you."

Sure, Xiao Tian hated Yi Yuan and Yi Wenxin, but he never thought of causing trouble to them because Zhao Sheng could help them.

Yi Yuan and the others did not say anything and only stared at Xiao Tian.

"You...what...what do you want to do?" Yi Wenxin stood in front of her grandfather.

At this moment, she thought Xiao Tian wanted to beat her grandfather too.

\*Slap...

Xiao Tian slapped Yi Wenxin's face hard, causing her to fall to the ground instantly.

"Don't interrupt me!" after saying that, Xiao Tian returned his attention to Yi Yuan. "Do you think you are the only doctor in China?"

Yi Yuan did not expect Xiao Tian to be so scary like that. He thought Xiao Tian was only an ordinary young man, but at this moment, he realized that Xiao Tian was a ruthless young man.

Since Xiao Tian wanted to prove that there were many doctors who were better than Yi Yuan, he called Zhao Sheng and put it on speaker mode so everyone could hear it later. "I will show you that there are many doctors who are better than you."

"Yo, Xiao Tian. what's up?" Zhao Sheng spoke after picking up the phone.

"Zhao Sheng, is the doctor you referred to last night better than Yi Yuan?" Xiao Tian went straight to the point.

The expression of deep shock blossomed on the faces of Yi Yuan, Yi Wenxin, Ku Wude and Yi Sunu.

'Zhao Sheng? Don't tell me....'

When Xiao Tian said the words 'Zhao Sheng', they instantly thought of someone.

The young master of the Zhao family!

The Zhao family was a well-known family because their family's martial arts were used in the military or the police. They also had many connections and had a long family history.

'How could this be? Isn't he only an ordinary young man?!'

Because the Zhao family was an upper-class family and the Xiao family had abandoned him, they thought it was impossible for Xiao Tian to befriend the young master of the Zhao family.

"Yi Yuan? Who is this Yi Yuan you are talking about?" Zhao Sheng still didn't know the person Xiao Tian was talking about.

Xiao Tian then began to tell Yi Yuan's identity.

"Ah, that old man!" Zhao Sheng finally knew the person Xiao Tian was talking about. "That old man's skill is so-so. Don't worry. The person I will introduce to you later is much better than that old Yi Yuan."

At this moment, Zhao Sheng still did not realize that Yi Yuan could hear his words. Even if he knew, Zhao Sheng would not care about it because Yi family was only a high-middle-class family.

In front of the mighty Zhao family, the Yi family was nothing. If one were to compare the two families, it was like heaven and earth.

Xiao Tian looked at Yi Yuan and spoke coldly. "Old man, do you understand now? Do you now understand that I don't need your help?"

"Eh, Xiao Tian. Is that old man near you? And do you have trouble with him?" Zhao Sheng was startled when he heard Xiao Tian's cold voice.

"He is in front of me." Xiao Tian gave an honest answer. "And yes. I have trouble with him because he is slandering me!"

"What?" Zhao Sheng said in surprise. "Xiao Tian put on a speaker mode. I want to say something to that old man."

Zhao Sheng still did not know that Xiao Tian had put on speaker mode since the beginning.

"You can say something to him now." Xiao Tian replied.

"Old man, how dare you slander my friend?!" Zhao Sheng said angrily. "Is your little Yi family so amazing now?"

Even though Zhao Sheng was humiliating the Yi family, none of the Yi family members said a word.

They were only a middle-class family, so they knew what would happen to them if they caused trouble for Zhao Sheng.

Sure, they were quite close to the Qing family, but they believed the Qing family would not help them if they had problems with the Zhao family members.

The reason was simple. It was not worth it. Ye. The Yi family was not close enough to the Qing family to make them go against the Zhao family.

"Old man, if you still dare to bully my friend, don't blame me for being impolite later." Zhao Sheng uttered, "Xiao Tian, you don't need to be afraid of him. I will help you if he still dares to slander you."

"I've never been afraid of him even once." Xiao Tian stated.

"Haha. Of course, I know about it because we have the same personality." Zhao Sheng replied, "If I was not afraid of them, there is no way you would be scared of them. Alright, I'll hang up first. I still have something to do now."

After Zhao Sheng hung up the phone, Xiao Tian inquired, "So, what do you want to do now? I'm fine if you still want to fight me."

## **Chapter 924 - Two Kinds Of Rankings For Martial Artists**

9-11 minutes

---

After Zhao Sheng hung up the phone, Xiao Tian inquired, "So, what do you want to do now?"

Xiao Tian had a cold expression, and a terrifying light gleamed in his eyes as he was still furious with their actions.

He wanted to show them that he feared nothing. Nothing in this world could make him tremble with fear because that was what his father taught him.

One of what his father taught him was never to show weakness in front of anyone, especially his enemies.

Xiao Tian knew that his actions could make him the enemy of the Qing family, but he did not show the slightest care about it.

First, they slandered him, and second, they injured Crystal. Sure, the Qing family was one of the influential families in Beijing but so what.

At this moment, Qing Feng, Qing Xiulan's big brother, appeared not far behind them.

'Hmm? What's going on?'

Qing Feng stopped his footsteps reflexively when he saw Xiao Tian arguing with Yi Yuan.

'Why is the atmosphere so heavy there?'

At this moment, Qing Feng still had no idea what was going on between Xiao Tian and the others.

An old man, who was about sixty years old and standing behind Qing Feng, spoke when he saw Qing Xiulan's bodyguards lying on the ground covered in wounds. "Young master, it seems like Xiao Tian is bullying your family. Look! Your younger sister's bodyguards are lying on the ground covered in blood."

"Wait! Let's see what is going on first." Qing Feng was a cautious person, so he wanted to find out what was going on first.

Qing Feng's eyes widened for a second when he remembered something.

'Wait! Don't tell me. They decided to meet Xiao Tian because they wanted him to take responsibility of what was happening to Yuji hospital? Aren't they being too reckless? Why did they meet him before getting proof?'

Of course, Qing Feng knew that the Yi family suspected Xiao Tian of being the mastermind behind what had happened to Yuji hospital because Qing Xiulan had told him everything.

'Sigh. Why is my younger sister with them? Have you forgotten who Xiao Tian is, Xiulan?'

Qing Feng could only sigh. He didn't expect his little sister to not stop the Yi family from seeing Xiao Tian.

'This is not like you, Xiulan.'

Like before, Qing Feng sighed again.

"Young master Qing, your Qing family is one of the most influential families in Beijing. If we didn't do anything to Xiao Tian now, other families would think that anyone could bully the Qing family." the old man still wanted to beat Xiao Tian because Xiao Tian had beaten Qing Xiulan's bodyguards.

He was a martial artist at the low-level grandmaster stage, so he was one hundred percent sure that he could defeat Xiao Tian.

He believed that Xiao Tian was only a martial artist at the high-level master stage because he had never heard of a martial artist at the grandmaster stage as young as Xiao Tian.

The only person who could reach the grandmaster stage before the age of thirty was only one person. And that person was none other than the Devil Queen, a woman who shook the whole of Shanghai alone.

Xiao Tian looked like a young man in his early twenties, so in his view, the possibility of Xiao Tian being a martial artist at the grandmaster stage was zero.

The Qing family was one of the most influential families in Beijing, so in his view, they had to teach Xiao Tian a lesson.

Qing Feng was unhappy with his bodyguard's behavior. "Do you know who he is? If you don't want to die, you should not attack him. Otherwise, I won't be able to help you later."

Qing Feng did not attack Xiao Tian immediately because he knew Xiao Tian's real identity. Otherwise, he would have done something by now.

The old man did not get Qing Feng's words.

'Why is young master Qing saying something like this? Wasn't he just an abandoned child? What is there to be afraid of?'

Countless questions emerged on the old man's mind.

Actually, he knew very little about Xiao Tian because the Qing family kept their secret very tightly, especially about their relationship with Xiao Tian's father.

Yes. Only Qing Yuhan's bodyguard knew everything about Xiao Tian besides the Qing family members because he had known Xiao Tian's father for a long time.

The old man tried to find the reason why Qing Feng said something like that, but he could not find the answer. "Young master Qing, can you explain it to this useless bodyguard?"

Instead of answering his question, Qing Feng asked, "Do you really think he is abandoned son? Let me say this to you. His father never abandons him."

\*Shui....

A young woman who was wearing a silver fox mask suddenly appeared next to the old man and grabbed his right shoulder.

"Young master Qing is right. Master never abandons his son. Otherwise, it would be impossible for master to order me to be young master Xiao's secret bodyguard." The young lady turned her head towards Qing Feng's bodyguard. "Old man, if you want to play, how about you play with me? Don't worry. I won't kill you. I will only break your legs later."

Terrifying light flashed in the eyes of the young woman as she stared at Qing Feng's bodyguard. Qing Feng's bodyguard was only a martial artist at the low-level grandmaster stage, so he was nothing in her eyes.

The expression of deep shock blossomed on the old man's face.

'So fast!'

Actually, the old man had noticed the young lady's presence before. But the young woman was already next to him and grabbing his right shoulder before he could move his body.

At this moment, he knew the gap between them was big. If the young woman attacked him with a weapon earlier, he would have been died by now.

"Do you understand it now? As my bodyguard, you should listen to me." After saying that, Qing Feng turned around to look at the young woman and clasped his hands in greeting. "Miss Silver Fox, it has been a long time since the last time we met. How is uncle Xiao doing now?"

Qing Feng's bodyguard was startled again after hearing Qing Feng's words.

'Silver Fox? Don't tell me. She is the famous Silver Fox ranked in the top fifty in the China underground world?!'

Fear slowly appeared within him when he found out the real identity of the young woman who was standing next to him.

Sure, he was in the top 100 in the Beijing underground world, but he was only ranked 900 in China underground world.

In China, there were two kinds of rankings for martial artists. Firstly, it was a ranking based on the city they lived in, and secondly, it was based on the whole of China.

Only Qing Yuhan's bodyguard who was ranked top fifty in China underground world while his children and wife only got ordinary bodyguards.

There were several reasons for this. First, the top 100 China underground world martial artists did not want to work as bodyguards because they were proud martial artists.

Becoming a bodyguard would hurt their pride and could ruin their reputation. Usually, they opened martial arts schools or became honorable instructors.

Second, if they had no choice but to become bodyguards, their payment was extremely high. For this reason, only a few people could hire them as bodyguards.

"Young master Qing, I won't report this matter to master because your father is my master's friend, but I hope something like this will never happens again in the future." The young woman spoke and paused for a second before she continued. "Otherwise, don't blame for being impolite later."

"Don't worry, Miss Silver Fox. I will make sure something like this will never happens again in the future." Qing Feng replied, "I hope Miss Silver fox can forgive my younger sister."

The young woman suddenly took documents and gave them to Qing Feng. "This is the evidence that my young master is not the mastermind."

Actually, the young lady didn't want to appear if Xiao Tian wasn't in a life and death situation. There were two reasons why she appeared in front of Qing Feng.

First, she didn't want Xiao Tian to have a problem with the Qing family. And second, her master told her to send a message to Qing Feng.

Qing Feng took the documents and skimmed them.

'Hmmm? So they are the real masterminds, huh?'

Actually, Qing Feng had suspected these two people as the mastermind, but he still didn't have enough evidence.

With the evidence that the young lady gave him, he could solve the problem immediately later. "Thank you, Miss Silver Fox."

"Tell your father that my master will come to your house tonight. He wants to discuss about that." After saying that, the young woman left.

"Discuss that?" Qing Feng touched his chin. "I see. I understand now."

At this moment, Xiao Tian was still arguing with the Yi family. "Not only did you break your word, you even slandered me. Do you think I'm afraid of your Yi family? Do you think your Yi family is so mightily?"

Xiao Tian's eyes were like a scarlet abyss, and every single one of his words was filled with hate.

"My name is Xiao Tian. I'm from Shanghai and my house is in Shanbei city. If you want to take revenge, come and find me." After saying that, Xiao Tian looked at Crystal. "Crystal, let's go."

Without caring about them, Xiao Tian and Crystal left.

## **Chapter 925 - We Have Made A Big Mistake**

7-8 minutes

---

Yi Wenxin could only grit her teeth when she saw Xiao Tian and Crystal leaving.

She wanted to stop them, but she knew that she could not do that because Xiao Tian was stronger than her.

If she did that, she was sure that Xiao Tian would break her arms like what he did to Qing Xiulan's bodyguards.

Yi Wenxin and the others then helped Qing Xiulan's bodyguards up. Qing Xiulan suddenly felt sorry when she saw her bodyguards' broken hands.

'He is so cruel!'

Qing Xiulan did not expect Xiao Tian to be so cruel.

Like Qing Xiulan, Yi Wenxin, and the others also looked at Xiao Tian and Crystal. However, none of them said a word.

At this moment, Qing Feng walked closer towards them. "Don't stop them!"

Qing Xiulan and the others instantly turned their heads towards the source of the sound.

"Big brother, what are you doing here?" Qing Xiulan was startled when she saw Qing Feng.

Instead of answering her question, Qing Feng flicked her forehead. "Why did you cause trouble for him?"

"Qing Feng, you are here?" Yi Yuan, Ku Wude and Yi Sunu spoke in unison.

After looking at Qing Xiulan's bodyguards, Qing Feng uttered, "All of you have made a big mistake this time!"

"Big mistake?" Ku Wude didn't get Qing Feng's words.

"What do you mean by that, young master Qing?" Yi Yuan inquired.

"If I didn't show up here, there was a possibility that your Yi family would cease to exist today." Qing Feng spoke and paused for a second before he continued, "The lightest disaster would be all of you will only end up in the hospital for a few weeks."

"Qing Feng, aunty doesn't understand your words." Yi Sunu uttered, "Why are you saying something like this? He is just an abandoned son, so there is no way he would dare to wipe out my Yi family."

"First, all of you are underestimating Xiao Tian's courage. He even dared to break Xiulan's bodyguards' hands. Do you think he is afraid of your Yi family? And second, I'm not talking about Xiao Tian." Qing Feng knew that Yi family members had no idea about the female bodyguard who protected Xiao Tian in secret.

"If you are not talking about Xiao Tian, then who is it?" Ku Wude was even more curious now.

"The female bodyguard who is protecting him in secret." Qing Feng gave an honest answer.

"What?!" the Yi family members were shocked.

'He has a bodyguard who is protecting him in secret?! But isn't he only an abandoned son?'

Because Qing Feng was the one who gave the information, they believed it instantly because there was no reason for Qing Feng to lie to them.

"Now tell me. Do you still think he is an abandoned son?" Qing Feng then changed his question. "Let me change my question. Does an abandoned son have a bodyguard protecting him in secret? His bodyguard is even a martial arts expert. Sigh. It suddenly makes me envy of him."

Xiao Tian's bodyguard was much stronger than his bodyguard, so Qing Feng was a little envious of Xiao Tian.

It was a pity that Xiao Tian did not know that a martial arts expert was protecting him in secret.

Qing Feng suddenly remembered something important.

"Xiao Tian is not the mastermind. They are the real masterminds." Qing Feng gave the documents to Yi Yuan.

After skimming the documents, Yi Yuan sighed.

'Qing Feng is right. We have made a big mistake.'

Yi Yuan then gave the documents to his daughter.

Then they realized that Xiao Tian was really not the mastermind.

-----

At this moment, Qing Yuhuan was working in his office. He stopped working instantly when one of the martial artists in charge of monitoring his children's movements called him.

"What is it?" Qing Yuhuan spoke after picking up the phone.

His subordinates immediately explained what had just happened to Qing Xiulan and the others.

Qing Yuhuan sighed before saying. "Tell them to meet me at home in an hour."

"Understood." His subordinate responded.

Qing Yuhan sighed again after hanging up the phone.

'Xiulan, oh Xiulan. Instead of stopping them, you decided to help them. Have you forgotten who he is? How can I explain it to brother Xiao later?'

Qing Feng then rose to his feet and went straight home.

-----

The warm sunshine shone on the earth.

The summer wind swayed the trees in the park.

Two young people were staring at each other.

The young man was touching the corner of the young woman's lips with his right hand. His black eyes were filled with worry as he looked at the young woman's wounds.

His eyes slowly turned cold when he remembered what had just happened to the young woman.

As for the young woman, her purple eyes were locked on the young man's handsome face. She did nothing when the young man was touching her face because she knew that he was worried about her.

"Xiao Tian, I'm fine." Crystal uttered, "This is only a small injury. You don't need to make a face like that."

"I should have broken their legs too earlier." Xiao Tian was still angry at Zizi because Zizi had injured Crystal.

"You have broken their arms so I think it's already enough." Crystal only had a minor injury, and Xiao Tian had broken Zizi's hands, so she no longer cared about it.

"Are you really alright?" at this moment, Xiao Tian was still touching Crystal's lips with his right hand, or more precisely, with his right thumb.

"I'm fine. By the way, are you not worried about the Qing family?" Xiao Tian had broken the arms of Qing Xiulan's bodyguards, so Crystal was worried about his safety.

Qing family was one of the most influential families in Beijing, so it wasn't easy to deal with them.

"You don't need to worry about it." Xiao Tian was not afraid of the Qing family, so he still behaved normally.

"It seems like my master is right. You are an amazing person. Not only do you value your friend greatly, you even dare to fight a strong opponent for the sake of your friend." At this moment, Crystal felt lucky to have decided to become his friend.

Most people would abandon their friends immediately when they were in danger, but Xiao Tian was different. Not only did he not abandon his friend, he even defended his friend.

And what surprised her most was that Xiao Tian did not care whether his opponent had a strong background or not.

Xiao Tian didn't say anything and only smiled. Normally, he would praise himself at this moment, but he was not in the mood to do that.

"By the way, how could your strength suddenly increased drastically earlier?" Crystal was shocked when Xiao Tian was fighting Limu earlier.

She was startled when Xiao Tian's strength, reflexes, and speed suddenly increased drastically. That was why she wanted to know about it.

At this moment, Xiao Tian wavered whether he should tell the truth or not. Of course, his strength, reflexes, and speed suddenly increased drastically because he was in the state of battle mode earlier.

'Should I tell her or not?'

Xiao Tian asked in his head.

"Xiao Tian, what is it? I'm curious about it.." Crystal uttered. "Can you tell me about it?"

### **Chapter 926 - I Met Miss Silver Fox Earlier**

7-8 minutes

---

Xiao Tian still had not said anything and only stared at Crystal.

Lan Ruoxi said it was dangerous to tell everyone that he had gained insight about battle instinct because they would know he was a candidate for the Ruler.

Lan Ruoxi had told him that there would be a high chance that they would try to kill him if they found out that he had gained insight about battle instinct when he was still at the mid-level master stage.

Sure, it could be said that Xiao Tian was nearly invincible against martial artists at the master stage. But he was nothing to martial artists at the grandmaster stage, especially for the mid-level grandmaster stage or the high-level grandmaster stage.

For this reason, Lan Ruoxi told him to hide it until he was strong enough to protect himself. This was what made Xiao Tian unable to say anything to Crystal.

"Crystal, this is..." Xiao Tian had no idea what to say to Crystal. "Hmmm. This is very important to me because almost all martial artist in China will try to kill me if they know about this."

Xiao Tian dared to use battle instinct against martial artists at the master stage because most of them had no idea what battle instinct was.

Yes. The possibility of them knowing about battle instinct was only one percent because they would only learn about it when they broke through to the grandmaster stage.

And in this world, not all martial artists could break through to the grandmaster stage. Even some martial artists at the grandmaster stage would not gain insight about battle instinct.

"Try to kill you?" his words much surprised her.

'Just what is it? He even said all martial artists in China would kill him if they knew about his secret.'

Crystal was getting more curious, but she decided not to ask more questions because she did not want to make Xiao Tian feel uncomfortable.

'I will ask master later. Maybe she knows something about this.'

Since her master had been in the world of martial artist for a long time, there was a possibility that she knew about it.

"Yes." Xiao Tian replied as he nodded his head. "I can't tell anyone about this because I'm still weak now. But I promise I will tell you about my secret after I'm strong enough to protect myself and people I care about."

"All right. I will wait for that day." Crystal replied.

'Does that mean he can reveal his secret once he is strong enough to protect himself?! What kind of secret is he hiding?'

She added in her mind.

Crystal rose to her feet and turned her head towards Xiao Tian. "Let's return to the hotel now."

"All right." Xiao Tian responded.

-----

Qing Family Mansion, Family Room.

"Xiulan, how could you make a mistake like this? This is not like you." Qing Yuhan sighed after saying that.

His daughter usually never acted recklessly and always thought first before doing something. But sometimes, she behaved differently when it was related to her friends.

"I'm sorry, father." Qing Xiulan apologized to her father.

"Do you know your actions almost ruined my friendship with Xiao Tian's father?" Qing Yuhan raised his voice a little. "If something like this happens again, I will forbid you to meet that Wenxin anymore."

Qing Xiulan didn't say a word because she was afraid that her father would get angrier later.

Qing Yuhan shifted his gaze from Qing Xiulan to Qing Feng. "Feng, take Xiulan's bodyguards to the hospital now. Once they recover, fire them immediately."

At first, Qing Yuhan wanted to fire Qing Xiulan's bodyguards instantly, but he changed his mind because it could ruin the good reputation of the Qing family.

"Father, I met Miss Silver Fox earlier." Qing Feng uttered.

"Did she say something to you?" usually, Silver Fox would not appear if Xiao Tian was not in a life and death situation, so Qing Yuhan was a little surprised.

"She said uncle Xiao will come to our house tonight." Qing Feng replied. "Uncle Xiao wants to discuss that."

"Discuss that? All right. We will wait for him later." actually, Qing Yuhan wanted to meet Xiao Tian's father immediately, but he could not do that because he didn't know where Xiao Tian's father was.

All he knew was that Xiao Tian's father lived in Beijing, but he didn't know where Xiao Tian's father was.

Qing Yuhan looked at his daughter and spoke, "Xiulan, you have to apologize to uncle Xiao later."

"I understand, father." Qing Xiulan replied.

-----

"Hmmm? Did something happen earlier?" Lan Ruoxi asked curiously as she stared at Xiao Tian.

Currently, Xiao Tian, Lan Ruoxi, Crystal and Yu Shi were sitting on the couch in his room.

"Someone caused trouble to Yuji hospital last night and that crazy officer and her family slandered me as the mastermind." Xiao Tian gave an honest answer. "It really pissed me off."

His words much surprised Yu Shi and Crystal. Like Xiao Tian, they also had no idea about it.

"How could they do that to you? They were the ones who did not keep their promise and they still dared to slander you?!" Yu Shi was still furious because Yi Yuan broke his promise out of the blue.

"So, what happened after that?" Lan Ruoxi asked curiously.

"It's like this...." Xiao Tian began to tell them about what had just happened to him and Crystal.

He didn't hide a single thing because they needed to know about it; especially, Yu Shi.

"You are really something, young master Xiao." Lan Ruoxi said after Xiao Tian finished telling everything.

"You even dared to break the arms of Qing Xiulan's bodyguards. Amazing! As expected of young master Xiao, you are really not afraid of anything."

Lan Ruoxi still behaved normally because she was sure the Qing family would not do anything to him.

Yu Shi shifted her gaze from Xiao Tian to Crystal. "Crystal, he even broke the arms of Qing Xiulan's bodyguards for you. You should reward him because he has avenged you."

"Reward?" Crystal said in surprise.

"Yes reward! How about you go to your room with Xiao Tian now and give me a grandson later?" Yu Shi revealed her true intention.

"Master, stop it!" Crystal said.

The corner of Xiao Tian's lips twitched after hearing Yu Shi's words.

'This old woman is really something!'

He didn't expect Yu Shi to be so straightforward like that.

As for Lan Ruoxi, she only giggled. She knew that Yu Shi wanted Xiao Tian to be Crystal's husband, so she was not surprised by Yu Shi's words.

After talking for another thirty minutes, they prepared themselves before going to the airport. Xiao Tian knew that the Yi family still had a problem, but he didn't care about it.

He would search for information on the internet later. If the Yi family still dared to cause trouble for him, Xiao Tian would take all his underlings and destroy the Yi family.

Yi family was only a middle-class family, so it was nothing in his eyes because he had destroyed an upper-class family before.

'Come and bite me if you dare. I will show you who am I later.'

Xiao Tian said in his head.

### **Chapter 927 - Spending Time With Lin Xing Xue**

7-8 minutes

---

Shanghai, Ku Airport.

"Finally, we have returned to Shanghai." happiness glowed inside Xiao Tian.

He was thrilled because he would be able to meet his women soon. Even though Xiao Tian only didn't see his women for two days, he really missed them.

Xiao Tian then looked at Yu Shi and Crystal. "Because it's already 04:00 pm now, I want to go home immediately. We will meet Zhao Sheng tomorrow morning."

"Un." Crystal was also tired and wanted to rest, so she agreed instantly.

"Where will we meet tomorrow?" Yu Shi inquired.

"Red Flower Bar." At first, Xiao Tian wanted them to meet at Bamboo Restaurant, but he changed his mind after thinking for a few seconds.

"All right." Yu Shi and Crystal answered in unison.

Then they went to their homes.

-----

"I'm home." Xiao Tian spoke after entering his house.

'Oh right, it's still 04:30 pm.'

Because it was still working hours, Xiao Tian was sure all his women were not at home.

To his surprise, Lin Xing Xue suddenly appeared in front of him.

"Welcome home, Tian." Lin Xing Xue walked closer towards him with a smile on her pretty face.

"Eh!" Xiao Tian was startled. "Little Xue, I thought you were still at my company now."

"I came home thirty minutes ago." Previously, Shi Fei asked Lin Xing Xue to go home immediately so that Xiao Tian would not be lonely at home.

Shi Fei, Ye Qingyu, Ye Xueyin and Liu Ning still had important work that needed to be done so they would be home late later.

Xiao Tian instantly cupped Lin Xing Xue's face before giving a peck on her lips. "I miss you a lot, little Xue."

"I miss you too." Lin Xing Xue smiled softly.

Xiao Tian held her right hand and dragged her to the family room. "Let's spend time in the family room."

After they stepped into the family room, Xiao Tian immediately turned on the TV before sitting on the couch.

As usual, Xiao Tian made Lin Xing Xue sit on his lap. He did not see her in two days, so he really missed her and desired to lovey-dovey with her.

Lin Xing Xue instantly wrapped her left arm around Xiao Tian's neck. She didn't look at the TV; instead, she kept gazing at Xiao Tian's face.

From her expression and behavior, anyone could tell that she really missed Xiao Tian.

\*Kiss...

Xiao Tian was pleasantly surprised when Lin Xing Xue suddenly kissed his right cheek.

"Now it's my turn." After saying that, Xiao Tian kissed Lin Xing Xue's lips.

One thing leads to another, and as a result, they ended up having a deep kiss. They had a passionate kiss for five minutes before finally they stopped and watched TV.

Fifty minutes later, Shi Fei and the others arrived home. This made Xiao Tian even happier because, with this, he could spend time with all of his women.

That night, Xiao Tian didn't have sex with any of them. However, he dragged his mother and aunt to his room.

Actually, Xiao Tian wanted to sleep with all his women, but his bed was not big enough for six people. For this reason, Xiao Tian had the intention to buy a bigger bed tomorrow.

Before sleeping, Xiao Tian looked for the information about the Yi family. He would go back to Beijing if they dared to slander him again.

However, the Yi family did not do that. They also already found the real mastermind.

The following morning, Xiao Tian went straight to Red Flower bar after having breakfast. He was going to meet Crystal, Yu Shi and Zhao Sheng at the Red Flower bar today, so he decided not to go to work.

Sure, he came to the Red Flower Bar too soon, but he didn't care about it because he could spend time with Lan Ruoxi later.

-----

Red Flower Bar, Private Room.

"Young master Xiao, you came to my place too soon." Lan Ruoxi uttered.

Currently, Xiao Tian and Lan Ruoxi were sitting on the couch.

Xiao Tian, who was sitting on the opposite side of her, replied, "I know. But I don't have anything to do today so I decided to wait for them here."

"Oh right, young master Xiao. Last night, Elder Lian called me and said your sword was finished. You can take it once you have some free time." Lan Ruoxi called Lian Xun and asked about Xiao Tian's sword last night.

Lian Xun said that Xiao Tian's sword was already finished. Actually, Lian Xun didn't want to continue making a sword for Xiao Tian, but Lan Ruoxi kept forcing him to finish the sword.

Because Lan Ruoxi was his disciple and he also had promised her before, Lian Xun had no choice but to continue making a sword for Xiao Tian.

Her words much surprised Xiao Tian.

'What?!'

Because he argued with Lian Xun before going to Beijing, Xiao Tian thought Lian Xun would not continue making a sword for him.

"Actually, elder Lian is my parents' friend, so I hope you can get along with him later." Lan Ruoxi knew that Xiao Tian didn't have a good relationship with Lian Xun.

They even had an argument before going to Beijing. However, she still wanted them to get along because Lian Xun was her master and Xiao Tian was her friend.

Xiao Tian was shocked again. "Your parents' friend?"

"Yes." for some reason, Lan Ruoxi could not tell Xiao Tian that Lian Xun was her martial arts master.

Even though Xiao Tian still disliked Lian Xun, he would try to get along with Lian Xun because he didn't want his relationship with Lan Ruoxi to be ruined.

"By the way, where do your parents live now?" ever since Xiao Tian knew Lan Ruoxi, he had never met her parents, so he suddenly wanted to know about it.

"They live in a small town now because they don't want to live in a big city." Lan Ruoxi lied to Xiao Tian.

"I see." Xiao Tian had no idea that Lan Ruoxi was lying to him.

Since Lan Ruoxi didn't want Xiao Tian to ask more questions about her parents, she changed the topic.

"Young master Xiao, did you do it with your lover last night?"

"No." Xiao Tian gave an honest answer.

"What a surprise!" Lan Ruoxi thought Xiao Tian would have sex with his girlfriend for a whole day because he did not meet them for two days.

At this moment, Xiao Tian suddenly wanted to tease Lan Ruoxi. "Lady Lan, how abo-"

However, before Xiao Tian had finished his words, Zhao Sheng suddenly entered the private room. "Yo, young master Zhao Sheng has arrived!"

Xiao Tian and Lan Ruoxi instantly turned their heads towards Zhao Sheng.

After sitting on the couch, Zhao Sheng spoke, "I thought you'd be late."

"I have nothing to do." Xiao Tian gave an honest answer.

"Oh right. Do you want to meet the blacksmith first or meet the doctor?" Zhao Sheng inquired.

"We don't need to meet the blacksmith since Lian Xun has finished making the sword for me." If Lan Ruoxi had not told him beforehand, he would have gone to see the blacksmith with Zhao Sheng.

"What?!" Zhao Sheng replied in surprise.

"I was also surprised earlier." After saying that, Xiao Tian looked at Lan Ruoxi.. "Lady Lan was the one who told me about this. Lady Lan, do you know why he still makes swords for me?"

## **Chapter 928 - The Ruler**

8-10 minutes

---

Lan Ruoxi did not answer Xiao Tian's question instantly and only stared at him.

'Hmm? Should I tell the truth or not?'

Lan Ruoxi wavered whether she should tell the truth or not.

"Why didn't you answer my question, lady Lan? Come on, tell me. Don't hide anything from me." previously, Xiao Tian forgot to ask the reason why Lian Xun decided to keep making a sword for him.

He did not have a good relationship with Lian Xun, and they even had an argument before he traveled to Beijing.

That was why Xiao Tian wanted to know the reason why Lian Xun still decided to continue making a sword for him.

"Hmm.." Lan Ruoxi touched her chin. "Do you really want to know the reason?"

"Yes." Xiao Tian replied.

When Lan Ruoxi saw Xiao Tian's curious face, a desire to tease him suddenly emerged within her.

"The answer is....secret." Lan Ruoxi responded as she winked her left eye.

The corner of Xiao Tian's lips twitched.

'This lady is teasing me again! Just you wait. I will punish you when we are alone later.'

At first, Xiao Tian wanted to punish Lan Ruoxi immediately, but he changed his mind because Zhao Sheng was with them.

"Hahaha." Zhao Sheng laughed happily when Lan Ruoxi teased Xiao Tian.

-----

The warm rays of the morning sun shone on the earth.

The sound of trees swaying echoed in the front yard of a small house.

A gorgeous young lady was sitting on the ground with a body full of sweat.

Her beautiful purple eyes were locked into the sky as if she was mesmerized by the beautiful sky.

An old woman suddenly walked towards the young woman before sitting next to her. "Crystal, let's stop here for today. You can continue practicing martial arts again tomorrow."

Crystal shifted her gaze from the sky to her master, "Master, do you know a technique that can increase speed, reflexes, and strength instantly?"

At this moment, Crystal remembered the time when Xiao Tian defeated Qing Xiulan's bodyguards easily.

"A technique that can increase speed, reflexes and strength?" Yu Shi was startled by Crystal's question.

"There is no such a thing like that. Why are you asking a question like this?"

"When we were in Beijing, Xiao Tian could defeat Qing Xiulan's bodyguards easily." Crystal explained the reason why she suddenly asked that question. "That time, his speed, reflexes and strength suddenly increased significantly. But when I asked him this question, he gave me no answer, saying it could put him in danger if anyone knew about it."

Crystal then continued, "He said he would only tell me the answer after he was strong enough to protect himself and the people he cared about. Why did he have to wait until he was strong enough before he could tell me the answer? Isn't this weird? I even started to think that he didn't want to tell me the answer."

Yu Shi touched her chin and began to think about it.

'His speed, reflexes and strength suddenly increased significantly and he could not give the answer before he was strong enough to defend himself?!'

Yu Shi was sure there was no technique that could increase speed, reflexes and strength instantly. They could only get it by training hard every day.

After all, they lived in a real-world, not fantasy world like in the movies.

Crystal looked at her master and asked again, "Do you know the answer, master?"

"I'm sure there is no technique that can increase speed, reflexes and strength ins-" Yu Shi stopped her words halfway before widening her eyes.

'Don't tell me....'

She suddenly remembered something.

Battle Instinct!

'But isn't he only a martial artist at the mid-level master stage, so how can he gai-'

Yu Shi's suddenly felt goosebumps, and her hands suddenly trembled.

'The Ruler! Don't tell me. He is a candidate to be the Ruler!'

Yu Shi instantly asked, "When his speed, reflexes and strength suddenly increased drastically, did you feel something different about him?"

"He looked so scary and my instincts told me to run away from him or else, I would regret it." Crystal still had not gained insight about battle instinct, so she could not feel the cold aura around Xiao Tian's body.

"Then, is he like run out of breath?" Yu Shi asked again.

"Yes." Crystal replied as she nodded her head. "Do you know anything about it?"

Even though Xiao Tian only used battle instinct for four seconds, it still took a lot of his stamina. She was a martial artist, so she knew that Xiao Tian was a little out of breath when she was near them.

"It seems like my guess is right. He has gained insight about battle instinct." Yu Shi mused.

Because Yu Shi was saying in a shallow voice, Crystal could not hear it clearly. "Hmm? What is it, master?"

"Battle instinct." Yu Shi gave an honest.

"Battle instinct?" Crystal was startled after hearing Yu Shi's words.

Of course, she knew what Battle Instinct was because Yu Shi had explained it to her before.

"But didn't you say that martial artists would only have a chance to gain insight about battle instincts when they broke through to the grandmaster stage?" Crystal remembered that Yu Shi said something like this in the past.

"Yes. Most martial artists will only have a chance to gain insight about battle instinct when they break through to grandmaster stage but there is an exception to people who are loved by heaven." Yu Shi explained. "These people are destined to stand at the top and one of them will become the Ruler."

"The Ruler? What is it?" Crystal did not get Yu Shi's words.

"The Ruler is a stage above grandmaster stage and there is only one Ruler in each generation." Yu Shi replied. "That's why people call them people who are loved by heaven."

"So you mean, Xiao Tian is destined to be an extraordinary martial artist?!" Crystal finally understood Yu Shi's words.

"Yes." Yu Shi replied as she nodded her head.

"Then why didn't he tell me about this?" Crystal still didn't understand why Xiao Tian hid the fact that he was destined to be an extraordinary martial artist.

Yu Shi sighed before answering, "Crystal, he is a candidate to become the Ruler, a martial artist who has the chance to control all martial artists later. Do you think all martial artists want to be his underlings? Of course, many martial artists will try to kill him because he is a threat to them."

Yu Shi then continued, "All martial artists practice martial arts to change their destiny and stand on top, not to be someone's underling. That's why they will try to kill him when he is still weak because people like Xiao Tian is destined to be an extraordinary martial artist if they let him to grow."

Yu Shi also told Crystal that Xiao Tian had no strong family background, so it would be dangerous if other martial artists knew that he was a candidate to be the Ruler.

"He is so amazing!" Crystal praised Xiao Tian.

'Don't tell me. This was the reason why he was able to reach the mid-level master stage in just two years?!'

She added in her mind.

Yu Shi then grabbed Crystal's shoulders and spoke, "Crystal, you have to be one of his wives no matter what!"

Xiao Tian was an amazing person, so she wanted Crystal to be Xiao Tian's wife. First, he was a genius in business.

Second, he was an attractive young man. And the most important thing was that he was also a genius in martial arts and a candidate to be the Ruler.

In her view, no one could compare to Xiao Tian because he was an ideal man to be a husband.

"Master, isn't it too dangerous to be his wife? He is a candidate to be the Ruler so many people want to take his life later." of course, Crystal said this because she only wanted to change Yu Shi's mind.

Xiao Tian was her good friend, so she would help him if his life was in danger. She didn't care even if she had to fight all martial artists because he was important to her.

"In life, we need to take a risk.. This time, I bet on Xiao Tian because I'm sure he will be the Ruler later." Yu Shi replied, "So, how is it? You agree to be his future wife, right?"

## **Chapter 929 - Going To Star Hill With Shi Fei**

7-9 minutes

---

"So, how is it? You agree to be his future wife, right?" whatever happened, Yu Shi would try her best to persuade her disciple to marry Xiao Tian because, with this, Crystal's future would be much better later.

Not only would they create a better life for Crystal's children, but they would also get a lot of supporters later.

Crystal could only sigh. "We will see it in the future."

Since her master knew how amazing Xiao Tian was, her master wanted her to be Xiao Tian's wife even more now.

"Crystal, Xiao Tian is an amazing person." Yu Shi uttered, "Becoming his wife will only give you benefit so you should not let this opportunity slip away. Don't only see him as good friend. He is too amazing to be just a friend!"

Crystal rose to her feet and replied, "Master, I want to take a bath now. You should take a shower too. Remember, we will meet Xiao Tian in thirty minutes."

Because she could not stop her master, Crystal decided to avoid the conversation by saying she wanted to take a bath.

Otherwise, her master would keep persuading her to be Xiao Tian's wife later.

"Hey, Crystal. Where are you going? Your master still hasn't finished talking to you." of course, Yu Shi knew that Crystal wanted to avoid the conversation.

'Sigh. This child is so stupid! Why did she always refuse to be Xiao Tian's wife? She even already knows how amazing he is. I really don't get her train of thought.'

She added in her mind.

After Crystal and Yu Shi took a shower, they went straight to the Red Flower Bar. Because they didn't want to waste time, Xiao Tian and the others traveled to Hosu town to meet the person who could cure Yu Shi's injuries.

After checking Yu Shi's injuries, that doctor also said that Yu Shi would not be able to be a martial artist later.

However, Yu Shi didn't mind it because all she wanted was to be by Crystal's side and play with Crystal's children. Then they went to the hospital to treat Yu Shi's injuries.

-----

Star Clothes Company, Xiao Tian's Office.

Currently, Xiao Tian was working in his office. After sending Yu Shi, he instantly traveled to his company to work.

'Oh right. Should I buy bed now?'

Xiao Tian had promised Shi Fei to buy a bigger bed so that he could sleep with all of his women later.

'I think it's better to buy it now. I'm afraid I will forget to buy it and end up regretting it again later.'

With that idea in mind, Xiao Tian called Shi Fei and told her to come to his office. At first, he wanted to bring all his women, but he changed his mind after thinking for a few seconds.

\*Click...

As usual, Shi Fei entered his office without knocking on the door.

"Little brother, let's go now." Shi Fei was thrilled when Xiao Tian said he wanted to buy a bigger bed.

Xiao Tian walked closer towards her and pinched her nose, "Why do I feel like you are happier than me?"

"Because with this, we can have an orgy later." Shi Fei said what she had in mind.

The corner of Xiao Tian's lips twitched after hearing her words.

'It seems like she really loves sex now.'

He added in mind.

After that, Xiao Tian and Shi Fei went to bed store. Because Xiao Tian would have many women in the future, he decided to buy the biggest bed in that store.

The bed was big enough for nine people to sleep together. Xiao Tian then gave his address to the clerk so that they could send the bed immediately.

"Fei, how about we do a motorbike date now?" Xiao Tian had promised to have a motorbike date with Shi Fei a few days ago.

"Un." Shi Fei nodded her head happily.

Then they went home to change his car to a motorbike. And because they would go on a date, Xiao Tian and Shi Fei also changed their clothes.

Without wasting their time, Xiao Tian and Shi Fei did a motorbike date. They went to many places, and when it was already 07:00 pm, they decided to go to Star Hill.

But because it was already night, they decided to use a car. For this reason, they traveled to his apartment first before going to Star Hill.

-----

"Beautiful!" Shi Fei stated.

The colorful city lights looked so beautiful from the hill. Couple with Xiao Tian next to her, it made Shi Fei happier.

"Un." At this moment, Xiao Tian suddenly remembered the time when he traveled to Star Hill with Shi Fei for the first time.

At that time, what they did was the same as what they were doing now; eating grilled corns, holding hands and looking at the beautiful night.

"This place is so amazing!" Shi Fei uttered, "It's a pity that we can't have sex here. I'm sure having sex here will feel amazing because we can see the beauty of Shanghai from here."

\*Uhuk...

Xiao Tian almost coughed blood after hearing her words.

Shi Fei instantly turned her head to look at Xiao Tian and giggled cutely. "Hehe. I was joking, you know? How can you always take it seriously?"

"Because I know you love having sex with me." He took it seriously because he knew Shi Fei loved having sex with him.

"That's right." Shi Fei replied, "I love having se-"

Before Shi Fei had finished her words, Xiao Tian covered her mouth with his right hand. He did this because he didn't want to be the center of attention.

Previously, Xiao Tian spoke in a low voice. That was why no one could hear his words earlier. "Fei, don't say it loudly."

After removing Xiao Tian's right hand from her mouth, Shi Fei giggled cutely again. "Why are you behaving like this? This is not like you. It seems like you have become a coward now. Hehe."

"Naughty lady, it seems like I have to punish you now." they were many people near them, so Xiao Tian had to stop her or else they would think Xiao Tian and Shi Fei were perverted lovers.

Sure, Xiao Tian knew that he was a pervert, but he could not reveal it to the public or else he would lose his good reputation, and it could affect his companies' future.

He would only behave like a pervert in front of his women.

Instead of feeling afraid, Shi Fei wore a happy face. "I'm fine if you want to punish me now and in this place."

Xiao Tian didn't say a word and only stared at her.

"Hehe. My lover is a coward now. Hehe." Usually, it was Xiao Tian who always teased her, so it was her turn to do that.

"It seems like my sexy lover really need to get punished now." after saying that, Xiao Tian skimmed his surroundings.

When Xiao Tian saw a place that lacked light and only had four people, his lips curled into a smirk.

He pulled Shi Fei up and dragged her to that place. "Come here, naughty lady. I will punish you now."

"It seems like we are going to do naughty things now." Because Xiao Tian was dragging her to a quiet and dark place, Shi Fei knew he had in mind.

'This is really exciting!'

Shi Fei loved adventure, so she was excited when she knew that she would do adults things with Xiao Tian at Star Hill.

"You, sit here!" Xiao Tian made Shi Fei sit on his left side.

"I see." Shi Fei uttered, "This is indeed a good place to do adult things."

Because there was a high wall on Shi Fei's left side, they didn't need to worry about being caught from their left side.

What they needed to pay attention to was their right side.

'I can cover her with my jacket now. These four people on my right side are lovers so they won't pay attention to us later.'

With that idea in mind, Xiao Tian took off his jacket and used it to block the view from the right side.

"My sexy lover, because you are so naughty earlier, I have to punish you now." Xiao Tian spoke and paused for a second before he continued, "Your punishment is to give me a handjob and blowjob and make me have an orgasm later."

"I will gladly accept my punishment. I can't wait to drink your delicious white sperm. Hehe.." After saying that, Shi Fei unzipped Xiao Tian's jeans.

### **Chapter 930 - Fun At Star Hill**

7-8 minutes

---

In a dark and quiet place, two young people were sitting on the ground; a young man and a young woman.

The young man wore a fascinating expression while spreading his jacket with his right hand as if he wanted to block the view from his right side.

His black eyes were filled with flames of lust, and his breathing was also getting heavier every second.

Even though the scenery in front of him was breathtaking, the young man did not show the slightest care about it and only kept paying attention to his right side.

On the left side of the young man, a sexy lady was moving her right hand up and down repeatedly. Every move of her right hand made the young feel more aroused.

Like the young man, the young woman was also wearing a fascinating expression. She kept opening her little mouth and gulping her saliva as if she was seeing the most delicious food in the world.

Yes. Not only the young man, but the young woman also felt aroused every time she moved her right hand up and down.

If anyone saw what they were doing, they would widen their eyes in surprise because the young man and young woman were doing adult things.

Handjob!

Yes. The young lady was giving a handjob to her attractive boyfriend in a quiet and dark place.

Even though there were two couples on her right side, she did not show the slightest care about it and kept giving a blowjob as if they were alone in that place.

The young woman began squirming her legs, and her body suddenly felt hot when she noticed the precum on the tip of the young man's cock.

Sure, she could not see it, but she could feel it with her right hand. This made the young woman lift her head to look at the young man.

And as if the young man could read the young woman's mind, he instantly brought his face closer towards hers.

Because the flames of lust had consumed their bodies, they had a passionate kiss and moved their tongues lewdly.

Like before, the young woman was still giving a handjob while having a deep kiss with the young man as if her right hand could not be separated from the young man's penis.

They had a passionate kiss about a minute before the young woman suddenly broke the kiss.

\*Bite...

As the young woman was looking at the young man with her lustful eyes, she bit her lower lip seductively.

Not only that, she even played with her sexy lips as if she was telling him that the flames of lust had consumed her body.

"Little brother..." Shi Fei could not hold back the flames of lust within her.

The sight of Xiao Tian's erect cock was too much for her. She wanted to lick it, suck it and devour it like what she always did.

Yes, Shi Fei was not satisfied with just giving him a handjob.

She wanted more!

She wanted to put Xiao Tian's huge erect penis into her little mouth and suck it until she could drink that white liquid.

And that white liquid was none other than Xiao Tian's white sperm!

Like Shi Fei, Xiao Tian also desired more. Sure, getting a handjob was amazing, but he also wanted a blowjob.

For this reason, Xiao Tian nodded his head, giving her a sign that she could do whatever she wanted.

After getting permission from Xiao Tian, Shi Fei wasted no time and bent over. She licked and sucked Xiao Tian's huge penis like a slut who had not seen a penis for more than two months.

Xiao Tian instantly gritted his teeth when he felt Shi Fei's soft tongue licking the tip of his cock.

'I feel like electricity flows through my body every time she moves her soft tongue.'

There were four people near them, so Xiao Tian had to hold back his groan or else it would be dangerous later.

Shi Fei became greedier after licking Xiao Tian's pre-cum.

'Delicious! This pre-cum is so tasty! This makes me want more.'

Shi Fei instantly opened her little mouth and put Xiao Tian's cock into her mouth.

\*Slurp...Slurp...Slurp...

Because she was already aroused, Shi Fei instantly moved her head up and down fast as if she wanted to make Xiao Tian have an orgasm as quickly as possible.

Like before, Xiao Tian kept looking at Shi Fei while trying not to groan.

'She is much skilled in giving blowjob now.'

Due to how skilled Shi Fei was at giving blowjob, Xiao Tian was sure he would have had an orgasm if he had not had a lot of experience with women.

The way she moved her soft tongue was like a pro. It was as if all she did every day was sucking and licking a penis.

Even though Shi Fei was not in a comfortable position, she kept giving blowjob.

Sure, her back began to hurt a little, but she kept licking and sucking Xiao Tian's penis as if his cock was the most delicious candy in the world.

\*Slurp...Slurp...Slurp...

Shi Fei licked, sucked, and kissed Xiao Tian's cock more greedily.

At this moment, Shi Fei began to forget that they were at Star Hill and four people were chatting not far from her.

Xiao Tian finally reached his limit after getting a blowjob from Shi Fei for about fifteen minutes.

'I'm cumming... I'm cumming....'

Xiao Tian gritted his teeth and squeezed his eyes shut.

Shi Fei, who noticed Xiao Tian's cock suddenly getting harder and harder, knew that he was about to cum soon.

'Let it out, little brother. Let me drink your white sperm again.'

Shi Fei moved her head up and down faster and faster.

When Xiao Tian felt that he could not hold back anymore, he grabbed Shi Fei's head and pulled her head deeper towards his cock.

'I'm cumming....Aahhh....'

His body quivered for a few seconds after having an orgasm.

\*Gulp...

Shi Fei drank Xiao Tian's white sperm greedily.

'Ahh. Little brother's sperm is as delicious as ever.'

After drinking Xiao Tian's sperm, Shi Fei licked her lips before showing her lewd face.

\*Gulp...

Because the flames of lust had consumed his body, Shi Fei looked even sexier than usual. The way she licked her lips made Xiao Tian want to fuck her little mouth so badly.

\*Throb...

Xiao Tian's cock was throbbing non-stop.

"Hehe." Shi Fei, who noticed Xiao Tian's penis throbbing non-stop, giggled happily. "Little brother, do you want to do it again?"

Shi Fei knew that Xiao Tian was still not satisfied. She even knew that Xiao Tian wanted to fuck her mouth, pussy, and ass hole so badly because she could tell it from his lewd expression.

After fixing his jeans, Xiao Tian dragged her to his car. "Let's leave now."

"Ahh. It seems like we are going to have sex in the car again later. This really gets me excited!" from his behavior, Shi Fei knew that he wanted to fuck her so badly.

Of course, this excited her because she also felt the same. She also desired to have sex with him since she began to suck his huge cock earlier.

'Ahh. My pussy is getting wetter now. It seems my pussy knows that a big cock will eat it soon.'

She added in her mind.
