

ILY Monster 123

By the time the four of them was already standing near a black car, Hinari purposely pushed Davi towards Sei. And as expected, the man quickly caught her and she fell into his embrace.

That moment, looking at the man carefully holding Davi like she was the most fragile and most precious porcelain in the universe just made Hinari to giggle over them.

However, the next second, disappointment flashed across her face when the kiss she was waiting didn't happen. The man just quietly gets in the car after making sure Davi was alright, causing Hinari eyes to get narrowed.

Thus, she immediately gestured Davi like a strict teacher to go and do something before he leaves. But the moment Davi realized what she's trying to say, she just smiled, as though telling her that there's no need for her to order her.

So, the next second, Davi suddenly stopped the car's door that was about to be closed and then she immediately entered half of her body in the car.

That moment, Sei-er already knew she's going to give him a brief good luck kiss. So he was not surprised anymore, however, the next second, Davi suddenly put her palm in his nape and she pulled him towards her before she kissed him. Her moves were fast yet gentle and the kiss this time wasn't the usual brief kiss they're sharing before, this time, she pressed her lips into his, a bit harder and a bit longer, before she finally let go of him.

Sei was dumbstruck. And the surprise was quite extreme this time that he blanked out for a moment. And before he could even react, the car's door was already closed.

Meanwhile, Zaki just opened the other car's door for him to enter when Hinari called out to him.

"Until next time Mr. Normal." She said mischievously but the disguised Zaki just ignored her.

However, the moment he sat and closed the door, Zaki began to huff.

"Ahh... that pervert..." He uttered as he ran his finger through his hair.

"Ohh... I wonder who pissed Zaki the great this time." It was Ryou who answered him. It was because, their boss was still in daze because of his wife's kiss a moment ago.

"A certain pervert actually called me normal looking and unattractive. Can you believe that?"

"What's the big deal? She's just pertaining to your disguised mask, right?"

"Even so, it didn't change the fact that she's calling a handsome guy like me normal looking and unattractive."

"Haha... Well, isn't it about time for you to find someone who can bully you as much as you bully others?"

"Huh? Hey... when did I bully someone?"

"And you don't even know it. Seriously, you and the boss are slowly drifting away into another dimension, I couldn't really keep up."

"Huh? What are you---" Zaki turned towards Sei and he fell speechless the moment he saw the man quietly covering his mouth with the back of his hand while his gaze was glued outside the window. And not just that, the man was obviously in a really pleasant mood as though he was wrapped with bright pinkish light all over.

"Err... what happened to him? Did the miss do something unusual?"

"Well, I guess so, the miss might have stepped the kiss up a bit."

"Ohh... the miss surely knows when to get bold huh... well, I don't really know how to cure his ignorance in romance anymore but, I know this monster-turned-human is learning."

"Hmm... you think he'll be the one to make the move soon?"

"Well, I don't know what's going on in this little log's mind but I know he's reaching his limit."

"Hey, are you sure you don't mind calling him like that?"

"Haha... you don't have to worry. Do you think I will risk my life just like that? Do you think this guy can even hear us right now? Even if I poke his cheek right now, he won't---"

"Zaki..." the moment, Sei called his name, the talkative guy clammed his mouth immediately while Ryou just laughed silently. "Shut your mouth." He continued, however, because his voice that moment wasn't frozen cold, Zaki remained unfazed.

"Anyway Sei, have you told her we're leaving tomorrow?" he asked and the bright atmosphere around him slowly dissipated. A sign that he hasn't told her yet.

"Make sure you'll tell her tonight... it'll be bad if you'll only tell her in the last minute."

"Mn."
