

ILY Monster 173

Afterschool, Davi and Kaide went straight to Sky Town to visit Haru. And when they arrived, Davi was surprised because Hinari was there waiting for her.

"Hinari? Did something happen again?" Davi asked worriedly as she hugged her.

"Nope, I'm fine. That damn old man just wanted me back home. But I think, he'll just send me somewhere again. Well, I'm used to it, maybe this time, he'll send me somewhere as an exile. Haha." She nonchalantly said as she laughs mischievously, but Davi just remained there, silent and worried.

However, as playful as she is, Hinari hugged her and patted her. .Google search free *webnovel.com*

"You don't have to worry about me. I have my secret backer. My grandfather is supporting me in secret, or else, why should I still be alive and kicking right now?"

"That's good to hear but... I'm still worried because you're a weakling."

"Oi... what do you mean by that?"

"I mean... you can't even punch properly. You can't even run fast. You even get stumbled by your own feet. What you'll gonna do if you meet some bad pervert?" Davi said worriedly when Hinari just cried without tears within her.

Ahh... This innocent little thing... How could I bring myself to tell her that I'm the one who's dubbed as pervert here...?

"Haha... Davi dear, didn't I tell you that a woman has lots of weapon? I don't have your physical capability and godly beauty but I have this secret weapon to bring any unruly man down my feet. Get it?" She said confidently and Davi's expression went better. Well, she knew since high school that no boy could bully her back then. And she still doesn't understand how could she bully them instead when her body is so weak.

"Well, I'm here not just to say goodbye but... come, we have something to talk about before I leave." Hinari said as she dragged Davi inside her room.

They sat on the bed and Hinari looked at her with narrowed and extremely curious eyes.

"Why are you looking at me like that? What is it?" Davi asked and Hinari heaved a sigh before she finally opened her mouth.

"I wanted to know what are you planning. You got married out of nowhere and I have no objection with it because he's such a good man and you love him but... to tell you the truth, he's deadly mysterious. I tried asking grandpa's men to at least find even a little about him but, they found no information about him at all. And that normal looking body guard of his is the same. It's as if they're some non-existent human beings... You're a smart girl. I know you know what I'm talking about that's why I'm curious about why you're not saying anything about it at all." she said and silence followed her statement before Davi just averted her gaze before she began to talk.

"I understand where you're coming from. But sorry Hinari, right now I can't tell you anything yet. But I promise, one day, I'll tell you everything." She said with her usual sincere and honest eyes, causing

Hinari to just sigh and raise her white flag. Well, Hinari was aware what kind of person Davi was. She knew that Davi was the type who values promises so much, as though they were sacred words. And for all the years Hinari spent with her, Davi never broke a single promise she made. That's why she could only deduce that she might have made a promise not to tell a thing.

"Okay, I get it. But anyway, what I'm here for is actually to ask some details about that night when you were drunk. Are you sure, he didn't do anything after you kissed him?"

"I told you right? I fell asleep and the next morning, I fell ill."

"Did you check your body? No kiss marks on your nape and chest or anything?"

"Huh? What..."

"Just tell me!"

"T-there's no such things, okay?"

"Are. You. Sure?"

"Absolutely sure."

"Ugh!" Like a frustrated mother, Hinari could only rant within her.

That's weird, I saw how much that man adores Davi, so why? How could he have such self-control when he likes her so much? Could it be that... he has ED? Or is it because he didn't want to touch her in her bad shape? But she's his wife... Wait... is it because he's...

Hinari narrowed his eyes when she finally convinced herself about the perfect reason why. Making her finally relaxed her doubtful heart and went calm as she continued asking her.

"So? What's your next plan?"

"I'm planning to surprise him when he's back."

"A date?"

"Mm."

"Okay, I'll leave the date to you. But before I go I'll list a new set of steps with advices for you to do later on. But of course, I prefer you execute them the soonest. Okay?" Hinari said and when Davi nodded obediently, a smug face slowly carved on Hinari's face secretly.

Yosh! Time to pave a way towards the long awaited nephew... Fufu... Just you wait Mr. frozen diamond, I'll make sure that no matter how mighty your self-control is, you can never resist your dearest wife anymore...
