

ILY Monster 245

While Davi was struggling, trying to wake up her senses, Sei pulled Davi's face and he gently landed his forehead to hers as he spoke.

"Listen. I will never divorce you. You will be my only one. No matter what happens, you will forever be my only wife... But... I need to leave you. I don't know how long it will take. I don't know if you could wait for me. That's why i---" Sei's words were stopped. It was because Davi suddenly kissed his lips before he could finish his words.

"Sei... no matter how long it takes, I will wait for you. I promise." She uttered. Her eyes brimming with passion and love. Her voice was like the sweetest song on earth, reassuring him that there's no need for him to worry. Reassuring him that she will wait even if it takes forever.

"Sei, don't forget that no matter what happens, I will always love you. I will always be here waiting for your return. I love you so much. Whatever happens, I will never regret that I met you. I love you so much." She continued and she began kissing his forehead, his eyes, his nose down to his lips before she pulled back again. She let go of his shoulders and she sat.

That moment, she finally realized the hard thing touching her and her entire body immediately flushed red.

The man just remained there unmoving. Breathing heavily as his gaze was locked unto her.

The next second, Davi slowly untied her robe. And like a movie in slow motion, the moment she removed her robe, Sei gasped and his mouth hanged opened. His wife was wearing a sexy white lingerie. Her damp long black hair was scattered on her shoulders and her every shape was being seen through the thin fabric she was wearing. She was blushing intensely yet no hesitation nor doubt flashed across her beautiful eyes.

Looking at the sexy goddess on top him, Sei was about to go crazy. His entire senses have gone wild and his brain seemed to be charmed badly that all he could think was to touch her and make her his.

Davi then moved, her lips were about to reach Sei's when she pulled away again, leaving the man gasping. The girl actually moved to get the blindfold under her pillow while Sei thought that she was going to kiss him.

The girl then quietly put the blindfold in her eyes before she crawled to him and slowly removed his mask. Her fingers then searched for his lips when the man called out her name.

"Davi..." he uttered in barely more than a whisper. Uttering her name as if it was the most precious sound that could ever left his mouth. And the next second, unable to contain himself anymore, Sei pulled her into a fiery passionate kiss.

He savored her lips as their breathes mingled. Their hearts beating as one as if they literally merged into one. The kiss was nothing like the kisses they shared before. It was a kiss that seemed to be a seal of their promises and they felt like they were drifting in the clouds.

Sei's hand then slowly worked its way around her body, feeling her every curves before he laid her on her back. Sei was full of wonder as he looked at her, his desire was blazing like fire and he kissed her

again intensely as their bodies melted into each other's. He held her tighter and tighter as he began kissing her nape down to her chest. Davi began to moan as the heat between them skyrocketed beyond redemption.

That moment, they felt like time ceased to exist. As they both delved deeper against each other's, their world began to change. Every worries and uncertainties disappeared and as they felt the intense pleasure, they began to feel like they've been lifted into the heavens as they drowned into the pool of love.
