

ILY Monster 302

Hinari's brain burst out upon hearing what Zaki said that she almost want to topple him down and just run away again in a flash. She felt her body heating up with extreme embarrassment.

However, before her inner self's reaction will be reflected on her face, Hinari still managed to restrain herself from going berserk. Well, her pride just refused to give in. Apart from the great embarrassment and awkwardness, Hinari somehow didn't want to show this man that she was completely at the losing end. She just can't make herself willingly accept defeat against this man to give him a chance to triumph over her.

Thus, the next moment, Hinari suddenly switched to her seductive aura and she smiled coquettishly.

"Oh... so I actually did something improper to this handsome beauty of mine, huh. Well, its not actually surprising but I think... me losing my mind to the point that I actually attempted to r*pe you many times is strange. I believe I only did something like that because you might have provoked me and seduced me with your beauty and magnetic appeal. No one can resist your beauty if you ask me, so I could only proclaim that I was a victim of your irresistible beauty. Your masculine appeal surely seduced a queen like me to act shamelessly, so you can't put all the blame on me, okay?" She nonchalantly explained and Zaki's veins could only pop one after another. Well, Zaki didn't expect her to retort this way and immediately manage to turn the table around by twisting some facts that she even ended up putting the blame on him.

"Well, since I'm you're my fiancé, I hope that whatever I did to you is already forgiven. But of course, if you still demand a compensation, then it can't be helped. If you want eye for an eye, then, I could only abide." She continued and Zaki's jaws stiffened.

I-is she seriously trying to tell me that's it's okay for me to demand eye for an eye compensation?! T-this woman, how could she talk so bold when...

Zaki somehow wanted to get pissed. However, when he realized that this girl was just someone good at acting and voicing out perverted and bold things, Zaki heaved a sigh before he flicked Hinari's forehead.

"Shut up you bad little girl. You don't have to tell me that. One day, I will definitely make you pay and compensate me, so better prepare yourself, understand?" He replied before he immediately rose and sat at the edge of the bed. Somehow, Zaki was actually glad that she really didn't seem to recall what happened last night. He thought that it was better this way because he understood that it was a bit too shameful for her.

Hinari on the other hand was surprised. She thought that he will continue to tease her relentlessly and embarrass her but he didn't seem to be thinking about something like that at all. Something that struck Hinari's heart once again. Even if her mind was blurry, what happened last night made Hinari discover more about him and just what kind of man he was. She remembered how he treated her last night and her heart began to pound hard like never before, thus developing quite an admiration to this handsome man. It made her realize that she will never ever find someone like him in this world.

"Also, If you want me to forgive you... you better stop acting like some old perverted lady in front of any man. You understand?" He admonished with a serious gaze and Hinari just mischievously smiled as she rose and sidled towards him.

"Another man? So you're saying, I'm only allowed to act like a pervert in front of you?" She asked seductively and Zaki raised a brow as he looked at her.

"No. I'm no exception. In short, stop your perverted games." He answered and Hinari's eyes slightly widened.

"Ehh? Why can't I be a pervert in front of you as well? Isn't it all right if its just to you?!" Hinari exclaimed and Zaki was about to shut her up with a kiss when suddenly, his sneeze stopped him. So, without a choice, he unceremoniously swooped her up and carried her like a sack on his shoulder as he answered her.

"Because, it's for your own good." He replied and Hinari was puzzled. However, because of him suddenly carrying her out of her hideout, Hinari couldn't help but protest.

"Hey, what are you doing? Can't you carry me like a princess?"

"This is your punishment for running away."

"Huh? How could you carry a lady like this?"

"I will carry you like princess if you stop being a pervert."

"H-huh? Wait... w-why are you even here?"

"I came to bring you back."

"H-huh? Why?"

"Someone needs you."

"Who?"

"Can't you just tell me?"

"I can't. It's a surprise."

"Argh! Now you're trying to kill me with curiosity. Anyways, put me down. If you won't carry me like a princess, just let me walk!" She protested but Zaki ignored her until he put her inside the car. And as soon as Zaki entered, the car immediately sped up towards the airport.
