

### **ILY Monster 430**

Zaki couldn't even say a word. Lately, he was unable to even retaliate or stop her with her antics anymore. He was always being overpowered by her now, physically and mentally.

"Behave, beauty. The strong wind and the sun will hurt your beautiful eyes so we should protect it, okay?" she said and just like that, the helpless Zaki ended up wearing the hello kitty glasses.

"You see? Awww... you're so cute!" She exclaimed as she wowed. She took her cellphone out and she snapped a shot of him.

"Damn it, beauty! You're so damn beautiful, look!" Hinari forced Zaki to look at her phone and when the man saw it, he raised his hand to take the cellphone but the girl was too quick.

"Beauty, do you really want me to kiss you right now? You know it'll be dangerous for our driver here!" She threatened as she moved the phone away from him and Zaki could only look away. He landed his elbow on the window frame and covered his lower face with the back of his hand. Of course, Hinari was truly enjoying all this. Zaki couldn't refuse her at all and she always won now so it made her really happy. This Zaki letting her do what she pleased was kind of cute she couldn't help but imagine him as her cute obedient pet, so powerless to resist her.

"Don't you dare remove that, okay?" she said and she sat back. She took out one of her snacks and she began to eat.

She kept staring at Zaki as she ate and after a moment, she looked like she remembered something fun again. She moved and closed the windows she opened while Zaki just watched her silently.

The girl then moved towards her corner and she leaned her back on the car's door.

"Beauty, let's do something fun. Catch five of these and I will give you a reward, but if you fail I will punish you." She said as she tossed a ring shaped cracker in her mouth. And before Zaki could even say a word...

"Beauty, here I go! Catch!" Hinari suddenly tossed it towards him and Zaki instinctively caught it with his mouth. Well, when he was teenager, Zaki loved doing this. He found it fun so he was already an expert with this.

"Whoah!!! As expected with my beauty! Awesome as always!" Hinari wowed and she gave Zaki a round of applause.

Like an excited little girl, Hinari tossed another four and Zaki caught them with ease.

"OMG beauty! How are you so good?!"

"I don't want to be punished."

"Ohh... so you wanted your reward so much huh..."

"I don't need a reward, just behave and rest until we get there."

"No, no. I don't need a rest today. Okay, here's your most awaited reward, my beauty..."

Hinari then crawled towards Zaki and she suddenly sat on his lap, causing the man's eyes to widen. She was smiling seductively at him as she moved her face closer to his.

The man was about to speak but the girl quickly put her forefinger on his lips. She leaned forward and she suddenly hugged him without saying anything.

This of course surprised Zaki because he was expecting her to tease him with her naughty antics again. He didn't expect her to hug him like this. He could feel her chin on his shoulder and she stayed like that for long moment rendering Zaki surprised and unable to move. He was speechless and he didn't know what to do.

When the girl finally pulled away, she stared at Zaki. The way she looked at him that moment was unusual. Her eyes looked so emotional and it looked like there were fireworks sparkling in them. Before Zaki fell in a daze, Hinari slowly moved.

Zaki was expecting her to kiss him but to his surprise...

The girl's lips suddenly landed on his forehead.
