

ILY Monster 488

"Look away, you beast! Are you also planning to become a pervert now?" Hinari's voice echoed inside the bathroom as she sat on the bowl and he replied.

"Would that be a bad thing?" Zaki answered innocently as if he really was considering it, causing Hinari to puff her cheeks again.

"It is bad okay?! A beauty can't be a pervert!"

'If you become a pervert too, I might leave this world early, you idiot! How could I handle a beauty, a beast and a pervert all at once? Do you want to give me a heart attack?'

"But you said I'm no longer the beauty but a beast."

"No! You being a beast in bed is enough! Now turn your back because it's being shy!" Hinari weakly pushed Zaki to turn around and the man finally obeyed as he rubbed his neck with his unchained hand. The next moment, he heard the sound of liquid flowing out into the bowl as Hinari relieved her bladder.

Hearing it, Zaki started talking as if he was speaking to himself. "It is still shy? Even though I already saw and touched everything? So last night wasn't enough at all to make it-" Google search freewebnovel.com

Zaki couldn't even finish his words because suddenly, Hinari cried out loud, causing Zaki to jolt in shock. His eyes were wide with worry as he knelt on the floor, looking at her.

"W-what's wrong? I-is there something wrong?!" he asked but Hinari just stretched out her hands and held both side of his face as she cried like a child.

"Hinari... are you hurt somewhere? Please tell me!"

"Should I call a doctor-"

Zaki clamped his mouth and his worried to death expression slowly subsided the moment Hinari suddenly grinned at him.

"You want to be a pervert, right? Okay, you can become the pervert and I'll become the cry baby. How about it? Huh? Beauty?" Hinari asked mischievously and Zaki swallowed air as he raised his hand. He was about to flick her but he stopped midway.

He instead pulled her towards him and made her straddle him as he hugged her. "Are you trying to kill me with worry? Sigh... don't worry, okay? I'm not going to take away your pervert role, I don't need it. I'm very satisfied being the beauty and the beast of your life."

The moment Hinari heard him, a wide beautiful smile flashed across her face and she embraced him back tightly. "Hehe. I'm so happy. I really really love you, my love."

"Hinari... I have something to tell you, but let's go get you dressed first or you might catch a cold." He said as he stood with her still straddling him when Hinari pulled away from him a little to look into his eyes.

"My love, let's take a bath first."

"Do you want me to bathe you?"

"No, I wanted to bathe you."

"But you're weak right now."

"... I can manage."

"Okay, let's bathe each other then."

...

Inside the bathroom, Hinari finally realized that the reason why Zaki didn't remove his coat and shirt the whole night was because he couldn't. He couldn't remove them due to the handcuff and he wouldn't have been able to possibly tear such fabric, like what he did with like her dress. But the buttons were wide open so his clothes didn't hide his mouth watering chiseled abs.

"Err... what are we gonna do with your clothes?"

"Well..."

"Ahh, let's go find some scissors."

Zaki then wrapped himself with a towel and covered Hinari with a white blanket as he carried her out of the bedroom.

"I don't think Sei will be back just yet." Zaki said as they looked down the empty living room.

"Looks like it."

Carrying her, Zaki started walking down the stairs.

But as soon as they reached the kitchen, Zaki and Hinari's eyes widened in surprise.
