

## I'm Richer Than My Billionaire Ex-husband Chapter 200

It was hard to wait for Joanna to come over, and she was now in a slightly better mood, she did not want this to stir up her mood.

"Okay."

Joanna could also see that Alina did not want to mention Emma at all.

They were living under the same roof.

Joanna had basically thought about what would happen to Caleb.

But after a woman has gone through this, he could not be forgiven, right?

Joanna felt even more pathetic about Alina's marriage.

"Then let's talk about the Eglinton Display."

Eglinton Display was related to Chester.

It had to be said that the relationship between Alina and Caleb was now as messy as it had ever been.

In Caleb's world, he absolutely couldn't stand the relationship between Alina and Chester, while in Alina's world, Caleb and Emma's relationship was also taboo.

"I naturally want to attend."

"I know you're going to attend, but you know the requirements is very strict, you have to prepare well."

"I'll find a way to go back to Mulherd Manor, you can prepare with me." Alina thought about it and wanted to drag Joanna along.

Joanna would naturally help her, this was also the most crucial step for her in the design world, if this step was taken well, then the road ahead would be really smooth.

"Okay."

Joanna nodded her head.

Joanna was reluctant to come to Werland Villa.

But if they were to go back to Mulherd Manor, the two of them would naturally be together.

.....

In the Collins Castle, when Vanessa knew that Alina intended to take back everything on Emma.

She laughed!

“Well done!” It was simply very satisfying.

Butler, “So Master Caleb is wrong putting these two together!”

“Hmph, he’s never been clear in his head!”

If it was really clear, then he could have made the right decision.

But no!

On this point, no matter what happened to Caleb in the future, it didn’t deserve anyone’s sympathy.

He had brought everything on himself.

“Emma may be tormented now.” Thinking of Emma’s possible grimace, Vanessa was happy.

At that time, when she was taking those things that did not belong to her, at that time, Emma probably never thought that in the future, someone would be looking for her to claim those back.

Alina’s move made Emma feel what is worse than death, taking what should not be taken.

She had taken what she shouldn’t have, and when she finally had to spit it out, her heart was naturally tormented.

But no matter what, she had asked for it!

“If Master Caleb knows about this....” When he said this, the butler was worried.

Based on the way Caleb protecting Emma, he felt Emma still has some weight in Caleb’s heart.

If he returned from the hospital and knew what Alina had done, he might be furious.

“Since he dares to get them together, then he has to accept this blow.” Could Alina take it gladly?

He had thought of everything too well.

Regardless of why they had to get together this time, Alina won’t compromise.

There are some feelings that he can’t really touch just because he wants to.

Alina's reaction is really out of people's expectation.

"No matter what, those things were originally hers, so it's only right to take them back!"

"Yes." The butler nodded respectfully.

Amongst this luxurious family, such a thing had never happened before, and this was definitely a good start.

In the future, those rich dudes will have to weigh themselves up!

Recently in Ingford, there are really such cases! Probably because of the influence from Alina, so now there are mess.

Those men scolded Alina behind her back.

.....

In the hospital, Caleb was always considered a restrained person, now his mentality is considered completely collapsed.

At first, she didn't really believe Tomas's words, he thought Alina couldn't possibly say such things, after all, she was so sensible and reasonable.

And now?

At this point, Caleb was completely convinced and believed that Alina had really said something like that!

"Did you not call her?" At this point, Caleb began to be suspicious.

And with his words, Tomas's mind was about to fall apart, "I did."

Alina for sure knew he was in the hospital. But now in the past few days, not to mention Alina not coming, the Collins that hadn't come either.

It was as if he was a loner! No one came to his side at all.

"Go and get discharged from the hospital!" After his heart kept rising and falling, he said with a hidden anger in his tone.

He had to go to Werland Villa and see for himself what that woman's heart really was like.

Why on earth had he had the accident? Didn't she know?

Seriously, Alina did not know.

Now when Tomas heard him say that he wanted to be discharged from the hospital, he was scared,
