

Indifferent President Chasing Ex-wife Novel

Chapter 14

Mu Yanzhi's eyes were filled with rage. He raised his hand, and he slapped Shen Suihuan!

"You evil wench!"

Shen Suihuan was stunned, and her eardrum was buzzing. She stared blankly at Jian Tong, whose face was covered with blood.

How could...

No. Jian Tong was pretending. How could she end up like that?

Jian Tong must be acting again! That was surely it! How could she bear to ruin her face...

Ouch!

Jian Tong was so painful that she was trembling all over, and her face was covered with broken shards. She wished she could die just like that.

Her face was bleeding. The blood was dripping down from her forehead, obscuring her sight.

All she could see was a bloody sight.

"Jian Tong..." Mu Yanzhi's pupils contracted, and he went over to help her up.

Jian Tong trembled, and she cried, "Mu Yanzhi... My face! It hurts!"

"My face!"

At this time, Jian Tong's face was covered in blood. Some porcelain pieces pierced into her flesh, and her original appearance could not be seen.

She also hated Shen Suihuan.

She had never thought that she would end up in such a sorry state. She was just putting up a little act...

Her face!

This was all Shen Suihuan's fault. It was all because of that b*tch, Shen Suihuan!

"Mu Yanzhi, am I going to die? My face..."

Mu Yanzhi's heart was in a mess. "Jian Tong, I'll send you to the hospital right away. Don't be afraid. I'm here!"

Jian Tong's eyes were full of tears, and she leaned in Mu Yanzhi's arms in pain.

Mu Yanzhi glared at Shen Suihuan, and he ran out with Jian Tong in his arms.

"Shen Suihuan, if anything happens to Jian Tong's face, I'll make you wish you were dead!"

Jian Tong was in so much pain that she could not speak. She grabbed his arm while trembling, and she said with a sobbing voice.

"Mu Yanzhi, I didn't expect Shen Suihuan to hate me so much. She's so cruel. She framed me, and she wanted me to be disfigured!"

Even if Jian Tong did everything on purpose, and it was all an accident, it must now become Shen Suihuan's fault!

She would certainly kill this deaf woman!

Jian Tong's eyes were filled with hatred as she thought about this.

Mu Yanzhi comforted her. "Don't worry, Jian Tong. I won't let her go!"

Shen Suihuan begged, "Mu Yanzhi, I didn't push her! I really didn't!"

"It's was all her act!"

However, Mu Yanzhi could not bear to listen to her any longer, and he gave her a hard kick.

"Enough, Shen Suihuan! I saw it with my own eyes. How can it be an act? How dare you slander Jian Tong? Get out of here! Now!"

Mu Yanzhi's eyes were filled with a bone-piecing chill as it fiercely burned Shen Suihuan's pupils.

Shen Suihuan only felt that the air suddenly froze as Mu Yanzhi's voice fell. His cold and disgusted eyes were like sharp knives, and they cut her flesh bit by bit.

The heart-wrenching pain rendered her speechless. Tears kept streaming down her cheeks.

He believed in Jian Tong.

He never believed Shen Suihuan.

Shen Suihuan finally understood what pain was.

She was tottering in the air.

"Mu...Yanzhi, I swear, I really didn't push her..."

She cried while she said this sentence, but she did not dare to wait for his answer.

It was what Jian Tong deserved!

It was Jian Tong who framed her!

Mu Yanzhi ignored her, and he rushed out of the villa.

Shen Suihuan also followed them listlessly. She wanted to go to the hospital together because only the doctors knew whether or not Jian Tong was pretending!

In the emergency center of the hospital.

Mr. and Mrs. Jian doted on Jian Tong the most. They rushed to the

hospital immediately after learning that something had happened to her.

Mu Yanzhi stayed outside with them.

Shen Suihuan did not even dare to walk over. That was because her biological parents looked like they wanted to tear her into pieces when they learned that Jian Tong had been disfigured!

She was wrong again.

Once again, she was still wrong.

"How dare you still have the nerve to come? It was your father and me who asked you and Yanzhi to divorce. If you think we are siding Jian Tong, you should have just come to us!" Mrs. Jian cried breathlessly. She rushed over, and she grabbed Shen Suihuan's arm while she shouted.

"Do you still have any conscience? That's the daughter that your father and I have raised for so many years! How could you make her disfigured? You're not human!"

Mrs. Jian looked at her with heartache, and she slapped her face continuously.

Mrs. Jian did not hit Shen Suihuan. Instead, she was punishing herself. Every slap she hit made Shen Suihuan feel extremely sad.

"It is my mistake. How could I give birth to someone as cruel as you?"

Shen Suihuan was numb. "I didn't! I didn't do it!" She mumbled.

Mrs. Jian was grieved and sad just for Jian Tong.

But what about her? She could not live any longer. Would her mother shed a tear for her?

No way.

After all, how could she forget that she was a deaf person who was hated by others?

Mrs. Jian kept crying, and her body was twitching.

Old Master Jian came to support her, and he never took a look at his daughter who resembled him.

"Don't cry. Jian Tong will be worried about us if she sees how sad you are."

"What a great sin!" Mrs. Jian exclaimed.

"We shouldn't have taken her back to the Shen family!"

Old Master Jian also said sincerely.

This simple sentence was more serious than any torture in the world for Shen Suihuan.

The air suddenly stagnated, and her thin figure swayed under the incandescent lamp.

They regretted!

In the end, they still regretted taking the deaf Shen Suihuan back to the Shen family.

They didn't want her anymore...

Tears streamed down her face.

The door of the emergency room opened just as they were waiting anxiously.

Everyone surrounded the doctor as soon as he came out.

"Miss Jian's face and eyes are seriously injured. Some glass impaled in her eyes..." The doctor tried to find the right words.

"Her eyes have been damaged, and her eyes will be at risk of being blind once the shards are taken out."

Blind?

She would not be able to see anymore?

Everyone was terrified. Mrs. Jian could not bear the blow, and she rolled her eyes. She almost fainted.

Mu Yanzhi held his breath. "She won't be able to see anymore?"

"I only want her to be fine."

The doctor nodded. "You can find a cornea donor if it's compatible."

After that, the doctor returned to the emergency room again.

After the doctor left, Mu Yanzhi came to Shen Suihuan with a cruel aura.

"Mu—" Shen Suihuan only managed to utter a word.

Mu Yanzhi reached out his hands, and he strangled her neck tightly.

"Shen Suihuan, I will kill you!"

"If Jian Tong goes blind, I'll gauge your eyes out!"
