

Chapter 19

Valeria nearly fainted when she saw Julie's bloody face.

"Mom! Mom! Are you ok? Answer me!" Ashley did not expect that Julie would do this. But she understood after a moment of surprise.

Apparently, Julie was trying to frame Valeria. Ashley came out with an evil idea when she looked at Valeria, who was scared out of her wits.

Ashley picked up the coffee pot and threw it at Valeria.

That coffee pot was full of freshly brewed hot coffee. Ashley was extremely malicious.

She planned to disfigure Valeria with brewed hot coffee.

Although it was a perfect plan, she didn't expect that Valeria fainted at the sight of blood.

Seeing Julie's face covered in blood, Valeria lost her footing and fell onto the sofa.

However, instead of hitting Valeria in the face, the coffee pot Ashley threw landed on the ground.

Meanwhile, Julie was lying on the ground. And the hot coffee splashed all over the place.

Most of the coffee spilled over Julie, so she couldn't help screaming with the burning pain.

Valeria was not spared. Her feet and wrists were also splattered with the hot coffee.

When the waiter heard the scream, they rushed over immediately. A few people helped Julie up and immediately sent her to the hospital.

Valeria was laying on the sofa with a bloodless face. The waiter helped her up as well.

She was completely stunned. Before she could recover herself, she heard Ashley's voice.

"Dad, come here quickly. My mom had an accident! She was beaten up by Valeria and covered in blood!"

.....

The phone call from Ashley startled Ronald and he rushed to the hospital immediately. By the time Ronald arrived, Julie's wounds had been taken care of and the doctor was putting her on a drip.

The doctor said Julie was bleeding a lot and had a lot of burns.

Ronald was extremely furious, "What's going on? How did you get hurt?"

Julie was so weak, with her eyes full of tears. And she was totally different from the one who provoked Valeria aggressively in the cafe.

"I'm fine. But Ashley, how could you bother your father? He's very busy."

"How can you be okay? Dad, look at my mother. There are all wounds around her head and body." As she spoke, Ashley stripped Julie's clothes off and showed the wounds to Ronald.

Julie's body was burnt and swollen by the hot coffee. Ronald took a deep breath and asked, "Valeria again, huh?"

"She scalded my mom with coffee!" Ashley complained.

"I went to have coffee with my mother. Valeria suddenly rushed in and warned my mother to stay away from you. She also scolded my mother as a shameless mistress. My mother wanted to explain, she began to beat my mother! Not only did she hit my mother's head with something, but also scalded my mother with the hot coffee. Valeria said that my mom couldn't seduce you if she was disfigured!"

"Where is she?" Seeing the wound on Julie's body, Ronald believed everything Ashley said and he was extremely disappointed with Valeria.

"She is also in the hospital. She is now in the treatment room! Dad, look at my mom, you can't let Valeria go! She is going too far!"

"Ashley, what are you talking about? Valeria didn't mean to do that. Don't sow discord between them!" Julie shouted at Ashley.

"She just meant it! I know you are kind, Mom. But you don't have to speak for Valeria since she is such a vicious girl!"

"Valeria is still young and innocent. I'm fine. I'll be fine after a few days' rest. Ronald, please don't blame Valeria!"

Julie's cunning trick had made Ronald so angry that he went to find Valeria right away.

Seeing that, Julie and Ashley looked at the each other and smirked.
