

Infatuated with My Mysterious Husband Novel

Chapter 35

When William frowned slightly at her reply, Valeria added.

"However, business needs fairness. I can only do this after you get the invitation. After all, who knows if you can get it? If you cheat me, don't I get the short end of the stick?"

"Hoho," William narrowed his eyes and laughed, "This stupid woman has become smarter and she's trying to fool me."

Was he that easy to fool?

"Do you think it's a bad bargain to be with me?"

He slitted his eyes and smiled. It gave Valeria the creeps. She reached out and touched William's face.

"No, I'm just putting on an example. The fee of you must be very expensive since you're so handsome. I can sleep with you without spending a penny. Either way, I got the upper hand, didn't I? So, can you help me with the invitation?"

"Don't touch me!" William took her hand away. It was the first time in his life that he had been touched on the face by such a woman.

Why did he feel that he had been offended? Too daring! She was trying to take advantage of him!

He would like to see what kind of drama the little woman was going to play.

"I'll get you the invitation, but you have to remember what you said. Wash up and wait for me in bed when I get you the invitation. If you dare to lie to me, I'll show you what are the consequences!"

Valeria did not take his threats seriously, instead, she felt relieved for his

promise.

"He's just a gigolo, what can he do?" ¹

She would just give him more money then. As for washing up and waiting in bed, no way!

Of course, William had no idea that Valeria was going to get away with it. He just wanted to tease her.

Indeed, The B City Feast was his masterpiece, so it was as easy as turning over a hand for him to give her an invitation.

William was not worried about the invitation. He was worried about Valeria.

She was alone without money or contacts now. It was certainly not easy for Valeria to revenge on the vicious mistress and her daughter.

She didn't seem to be a cruel person. Would she be framed again instead of taking revenge on others?

After all, Valeria was his woman, William would not allow her to be framed. He had no other foibles but being good at protecting his own woman. ¹⁴

This time, no matter whether Valeria could succeed in her revenge or not, William would not sit by or do nothing.

William handed the invitation card to Valeria the next day. Valeria admired William greatly after getting the gold-stamping invitation card.

After all, it was really shocking that a gigolo could get it.

It was enough to prove how much the rich woman behind him loved him. Valeria was inexplicably curious about the woman behind William. She knew that there were only a few rich women in B City. Who would be behind him? ³

Curious as she was, she did not dare to ask. After all, she didn't want to

die.

Upon receiving the invitation, Valeria gained confidence. She had no money and no other contacts. It was indeed a difficult thing for her to take revenge.

Fortunately, she caught out some unspeakable points of Ashley which was given to her by Ashley herself.

She had been kept in the dark about the hooking-up between Ashley and Mason. Although she saw Ashley and Mason meet each other secretly several times, she always thought that they had work to discuss.

Until Ashley couldn't wait still and took the initiative to expose their scandal to her.
