

Infatuated with My Mysterious Husband Novel

Chapter 36

At first, Valeria accidentally found Ashley's flirty text messages to Mason on his mobile phone.

Valeria was stunned when she saw those explicit flirty text messages. She couldn't believe it and thought it was just a prank. 

Valeria was so angry that she saved screenshots of the messages and was about to ask Ashley what was going on.

While she was on her way to Ashley, she happened to see them in the underground parking lot of the Wolf Pack Building having sex in their car.

At that time, Ashley did it on purpose. She wanted to reveal her relationship with Mason so that she could irritate Valeria.

The car sex was so shocking that Valeria could not imagine.

Seeing it, Valeria was fuming with anger, furious to the extreme.

Ashley got what she wanted. But even the wise man were not always free from errors. Ashley only thought of irritating Valeria, but never thought that the parking lot of Wolf Group Building were in 360-degree surveillance with no blind angle.

Their car sex would definitely be recorded. Valeria could just go to Wolf Group Building to get the surveillance video and send it to Ashley as a big gift.

But would the staff in Wolf Group Building provide her with surveillance?

No matter what it was, Valeria decided to have a try.

In order not to let Ashley and her mother found her and affect her plan,

Valeria wore a hat, sunglasses and a mask to disguise herself so as not to be seen. Then secretly, she went to the security room of Wolf Group Building where she found Ashley and Mason having car sex.

Valeria found the security guards on duty and explained her intention of coming. They firmly refused her request.

"We have no authority except for the leader's approval."

But Valeria didn't know their leaders. Her plan would probably fail. She hovered in the hall unhappily.

When Marcus stepped out of the elevator, he saw Valeria hovered in front of the security room. He was stunned for a moment and immediately called William.

"Mr. Howard, Miss Brown is at the entrance of the company's security room. I don't know what she's up to."

"Is that so?" William was also a little surprised. Could it be that Valeria had discovered his identity?

But thinking about it, he didn't think it was possible. He told Marcus to ask her what she was doing here.

Soon, Marcus knew the purpose of Valeria's visit. He immediately reported it to William.

When William heard that Valeria was going to take the surveillance video, he laughed and said, "Give it to her. Let them cooperate with her whatever she wants."

The boss seemed to be in a good mood. Marcus agreed.

He was muttering to himself. The boss never wasted time, but now he did a lot of incredible things for Miss Brown.

Did he have a crush on Miss Brown?

But Mr.Howard clearly knew that Miss Brown was the ex-girlfriend of

the first lady's nephew.

He must have known very well that even Master Howard wouldn't agree with it, right?

So what was he up to?

Valeria thought there was no way to get the surveillance. After wandering around the hall for a while, she decided to leave. Just as she arrived at the gate, the security guard, who had rejected her, came over with a smile.

"Miss, please come with me if you want to get the surveillance video."

The change of his attitude made Valeria a little confused, "Whatever. Get the video first."

She followed the security guard to the monitoring room. He copied the surveillance video of that night to Valeria according to her request.

Valeria thanked the security guards for the surveillance and left happily.

A few minutes later, William also received a copy of that video in his mailbox.

He turned on the video and saw the liveliness in it. He couldn't help but laugh out loud.

This little monster, not bad, actually thought of this trick! ¹

It was sinister enough, vicious enough, and cruel enough! Just like him! ²
