### The Innocent Wife of Scheming President

#### Chapter 545 The End (2)

"Yes."

"You are stupid, but unfortunately, she never loved you."

William smiled bitterly again, "I know, she likes Kaleb, but Kaleb loves Miss Meyer. Susan is just a pawn that he uses to avenge."

"Ophelia?" Mrs. Hoyle was still surprised when she heard the name she didn't want to mention, "What's the matter with Ophelia?"

"To be precise, it was Ophelia Meyer in prison who used the feelings that Kaleb showed to her every time he visited her in the prison, and used Ellison Geve's ambition for Angel, to revenge on you."

William's words made Olive Steele suddenly feel emotional. In this world, no matter the good or the bad, they were all desperate for love.

Kent Bai squinted at Alan Hoyle's sullen face, "Unexpectedly, the woman was still not obedient in jail."

"This white-eyed wolf." It took a long time for Mrs. Hoyle to squeeze these words from her throat. She looked at the cold breath exuding her son's body, and suddenly understood why Ophelia Meyer couldn't get her son's heart even if she grew up with him. "Alan, whatever you have to do with that woman, Mom will no longer stop you."

"Old lady, you should have been like this." Kent Bai laughed, and then kicked William. "As for you, don't kneel here anymore. Susan must take care of herself. However, I can give you a chance."

"What's the matter?" There was a little doubt on the depressed face, and hope flashed through at the same time.

But soon, he was desperate.

Kent Bai said, "Since you are willing to go to hell with her, then I will satisfy you."
