

# His Insane Lust

## Chapter 10 You Can Move in After the Agreement

Nicole felt the hot air sprayed by Shawn and couldn't help but turn her head. It was really itchy. 'The reason why you get married is so simple and straightforward.'

'Don't be blunt, can you understand? It's just that we get what we need, and you can arouse my sexual interest. so everything is very suitable. Let's get the certificate tomorrow.'

Shawn rolled over and lay down directly. He stretched out his hand and held Nicole, letting her press on himself.

'What do you think?' Shawn dragged Nicole up a little, just as her entrance was against Shawn's stout dick.

Only when the atmosphere was just right when they could do these things, and then they would have a little emotional appeal.

Nicole was still in a trance, but after hearing Shawn say this, she was really a little moved. 'If you've thought about it for so long, did you come up with a better way to help your family?' Nicole came back, and she kissed Shawn on the lips by surprise: 'Husband!' . Shawn was right. Love is nothing. Money and physical desire are the two major problems in life. Even after finding two of one kind, who can guarantee the 'better half' won't cheat?

What's more, when she marries Shawn, she won't suffer any losses. Shawn's face value, size, family power and ability are all superb, so she doesn't need to hesitate to worry about anything.

'How is this enough?' Shawn raised his lip angle, stretched out his hand on Nicole's back, and kissed him directly. After a kiss, she was still in bed, but Shawn had gone to get the agreement. Nicole still felt a little unbelievable. She didn't know whether to sell herself or find a treasure.

After waiting for Shawn for a long time, Nicole suddenly got up. Shawn had already taken off all her clothes, and her fine figure was thus displayed.

Nicole came to the computer desk and accidentally touched something on it. She bent down subconsciously to pick up something that had fallen on the ground.

At the moment when she bent down, Shawn just walked to the door, and the line of sight just hit Nicole's cocked ass.

Shawn just calmed himself down. He didn't expect to see this scene again. His eyes looked tight and he suddenly ran to Nicole.

Nicole just picked up what had fallen on the ground when she heard the sound. She turned around and wanted to ask Shawn about the agreement. Who knew that Shawn had just turned around and hugged her?

'Shawn.....' Nicole was caught off guard by this sudden hug. 'What were you picking up just now?' Shawn's big hand shifted back, and pinched her ass with a bit of punitive force. 'It seems that we haven't tried to come from behind? I want to ...'

In the bottom of his eyes, his lust grew stronger, and suddenly his lips were transferred to Nicole's ear, and he kept whispering in her ear:

'I want to go in from here.' Shawn touched Nicole's ass with his hand, and then slapped it twice.

Nicole just thought about it, and she that the asshole was so tight, a little nervous and a little exciting, but she was afraid of what would really happen.

She put her hand around Shawn's neck and snorted: 'You still have to sign the agreement with me, let's do it first.'

'I can move in after that?' Shawn looked at Nicole and let out a chuckle. He gave Nicole a slight frown. Nicole hesitated. 'I want to take a bath first.' 'Well, let's go to the bathroom.' Shawn seemed to think of something fun, and his smile suddenly changed. Shawn was staring at Nicole, and Nicole was actually staring at Shawn, who wants to fuck all the time.

Nicole coughed gently, shook her head, and forced the thoughts in her mind to be thrown away. She stood with Shawn. Shawn did not know when he moved behind Nicole, held Nicole in the back, put one hand on her chest, and rubbed it gently.

'Look at the content above first, and if there is any problem, just point it out.' He deliberately stuck it to Nicole's ear and whispered softly to Nicole's sensitive cochlea.

Nicole's body trembled, and Shawn kneaded it like this. She couldn't help but grunt, and when the breath in her mouth fell, Shawn felt unbearable again.

Nicole looked at the contents of the agreement. In fact, there was nothing she can't accept, except that both parties can't cheat, can't easily ask for divorce, and have to play the role of husband and wife.

Nicole didn't expect it to be as simple as marrying Shawn. She put the agreement on the table and signed it directly

'I have already signed it.'

Her name fell on it, Shawn glanced at it, and the font was beautiful. When he read this word, he felt that people should be very nice.

Shawn continued to cling to Nicole's body, and his lips moved to Nicole's neck and bit Nicole's neck gently. 'You don't have to think about it? Sign it so soon?'

Nicole suddenly turned around, and she looked at Shawn for granted. She didn't worry about anything at all, just like Shawn said, she took advantage of this matter.

'Shawn.' 'Shawn? What should you call me now, don't you know that?'

Shawn looked at Nicole's brow and said in a light tone. Suddenly, he stretched out his hand and picked Nicole up. He threw Nicole directly on the bed, while Shawn was lying on her thigh.

'Isn't that called after marriage?' She just called Shawn's husband because she wanted to give Shawn an answer at that time,

Only when Nicole had just asked Shawn this sentence, Shawn's tip of the tongue suddenly invaded her sensitive area.

Nicole's body can't help but tremble because of a wonderful touch, and she can't help it. "Just call me? What should you call me?" His voice was bewitched, with a somewhat provocative, gently licking her sensitive area again.

Shawn's sudden kiss made Nicole feel unbearable. Stimulated by the tip of his tongue, her mysterious zone gradually burst into water.

Her boobs mixed with a lot of crystal. 'UH-HUH ... AH...

Nicole couldn't help crying out. She couldn't help touching her chest with her hands, holding the full and disgruntled twist on her chest.

'What should you call me?'

Shawn persisted in asking Nicole. He suddenly took off his trousers, moved up, pressed on Nicole, and kissed Nicole's lips gently with the lips just below her.

'Um ... husband ... Nicole blushed and answered Shawn vaguely.
