

Chapter 101 She couldn't sleep

Nicole heard Shawn's words and knew that Shawn was not joking.

The expression in her eyes flickered, and she instantly became a little excited.

She didn't know when and she felt that getting along with Shawn seemed a lot easier, and she was still very happy.

'Then what about your family?'

Nicole took Shawn's hand and spoke again. She thought of Shawn family. She didn't have any problems with Shawn. The key was Shawn's home.

'Don't worry about them, they don't care about my life and they won't interfere. Don't worry, I will let people prepare for the wedding during this period. There will be all that should be there.'

He pressed her hand and gently squeezed it in his palm.

The two solved two major issues in one day.

In fact, she had always wanted to ask Shawn. Did she choose her just because they are soul mates in bed?

But she didn't ask this matter immediately, and silently chose to endure it by herself.

The wedding preparations were proceeding as desired.

Bob, as he said to Nicole at the beginning, went through divorce procedures with Elena and went abroad to relax. As for Elena, after divorcing Bob, he also ran away with Raven. Nobody knew where they go.

Erin stayed at the house, but she didn't know her identity.

The day before the wedding, Bob came back.

Nicole was staying at the house tonight. She hadn't fallen

asleep at eleven o'clock in the evening, she couldn't help coming to the door of Bob's room.

She knocked gently on the door: 'Dad, are you asleep?'

Nicole's voice was soft and asked tentatively.

The people inside hadn't fallen asleep yet. After hearing her question, he suddenly screamed.

'Not yet, what's wrong?'

He cast his eyes outside, and quickly put down the newspaper in his hand: 'Come in first, I'm reading the newspaper.'

Hearing this, Nicole opened the door and went inside. She looked at Bob sitting on the bed and couldn't help but frowned: 'Why haven't you slept yet.'

'I stayed abroad for more than a month before I came back. How did you let me sleep? The jet lag hasn't changed back yet.'

Bob laughed and waved to her

'You will get up at five o'clock tomorrow morning and put on makeup. Why don't you dare to sleep.'

Under Bob's beckoning, she came to him. She couldn't sleep either. Although she had already obtained the certificate with Shawn, she was still a little excited and didn't know why.

'I can't sleep either. I always feel very excited.'

Bob laughed: 'If you don't sleep now, tomorrow's condition will not be so good. Hurry up and go to sleep. If there is something we will talk about tomorrow.'

He patted her hand. He was just such a biological daughter. Now he was married, and there was still a little emotion.

She nodded helplessly under Bob's eyes. Now she had no

other choice but to go back and rest first.

"Then I will go back and try to sleep again, Dad, good night!"

After Nicole turned and went back, Bob also put down the newspaper and forced herself to fall asleep.
