

Chapter 14 The Temptation of Sanny

"I know, brother, I will think about this matter carefully."

Lavinia rubbed her eyebrows, the more her bother saying that Lavinia should make up, and Lavinia would feel less guilty about Evans after breaking up.

Two people tied up in a long-distance relationship were not happy together, but they were used to having someone around when they are lonely, and they were also used to the feeling of having the other half, so they would not be laughed at.

It's hard to say how much you love. For example, when you saw Evans, Lavinia never had any illusions about Evans physically and psychologically.

Unlike Chris, Lavinia's body reacted just to think of this person.

Erik saw that her sister listened to her own words and had promised to think about it, so she was relieved to leave.

Immediately after leaving, he called Evans and told her that Lavinia was not seriously injured, so that Evans should not disturb Lavinia's rest.

How could Erik not listen to his little sister?

In the bustling bar, Evans was filled with wine, and in front of every bottle of wine stood an enchanting bunny, who wore a neat little skirt, and when she walked, she could see the infinite scenery inside immediately.

These women can do anything to sell wine.

They are also the kind of people who can afford to play.

Evans sat on the leather sofa like a good boy, and the hostess sat on both sides. He was else and still did not move.

But someone named Evans to throw himself at the feet of these women, and this man in front of them is the big goal they want to conquer tonight. How can we do it without hard work?

"Mr. Evans, if our girls have something to serve badly, you must point it out. It's the first time that Sanny came to this place, which is a bit awkward for people. Please ask Evans to bear with me."

Women painted with heavy makeup, enchanting posture wriggling in front of Evans.

Although Evans's family is bankrupt, the dead camel is bigger than the horse, and the technology is in his family's hands. Naturally, many people want to please Evans privately and let him quietly sell their family's technology completely.

Evans has participated in such wine bureaus several times, and the purpose was similar. He thought that there was Lavinia around him, and he wanted to keep the most important thing for that woman. No matter how beautiful the woman was in front of him, he would sit still until today...

This Sanny brought by this woman is actually a clean

person who has just entered the business. He only took one symbolic look when he heard the introduction of a woman.

He didn't expect this look make Evans couldn't walk out anymore.

Women's facial features are not too delicate, at least in the hostess, she is not the most outstanding, better than this woman looks a bit like Lavinia, just caught Evans's heart.

"You said her name was Sanny?"

This was Evans taking the initiative to take a word, heard Evans openings, women have some accident.

She thought all women couldn't get into the young master's eyes, but she only said a sentence for the first time, and Evans became interested.

Smelly men are not all the same...

"Yes, mister. She's still a little girl. Today, we made a special trip to serve Evans, and asked Evans to accept it."

While speaking, the woman pushed the Sanny towards Evans, and Evans easily smelled the Sanny's body.

The scent with fatal temptation was a gift specially prepared for Evans in this shop.

"Evans, why don't you let Sanny serve you?"

Say, Sanny crudely picked up a glass from the table, filling for Evans.

Evans's attention has been on Sanny. If it's just a woman on the romantic field, then forget it. Evans certainly won't touch it.

But she was the first time, and she was still a perfect match. Evans suddenly thought of something, and his index

finger moved slightly.

He has been in love with Lavinia for six years, and they always respect each other. In order to accommodate Lavinia, Evans has never been willing to touch Lavinia, and he dare not overstep the rules.

But nowadays people fall in love, and it is normal to sleep together before getting on the bus and buying tickets.

Evans has been dissatisfied with Lavinia, a conservative woman, who has been reluctant to sleep with Evans.

However, it has been impossible for Evans to pursue Lavinia.

There are more than ten men and women sitting in the balcony. Evans raised his glass. To everyone's surprise, he pulled open the collar of the woman and poured all the red wine in.

Scarlet liquid down the woman's cleavage all the way down, it seemed that he still did not enjoy, he picked up a bottle of wine, opened the woman's skirt, along her thigh ditch, completely fell down.

"Mr. Evans, what are you doing?"

What kind of play was this?

Men and women were attracted by Evans's actions. It was like opening Pandora's Box at this time, looking at a woman's face and fantasizing about a woman as Lavinia. Those who once fantasized about using posture with Lavinia only want to use it on this woman.

"Why, it's just a bottle of red wine. I can't change the

method yet?"

Saying that finish, Evans took a woman who had already been scared by Evans and went directly into the small room inside.

Sanny just never thought Evans would do that. When she entered the small room, she had returned to her pure appearance just now.

"Evans, let Sanny wait on you."

Rao is the first time to do this to a strange man, but there is no unwilling expression on her face.

If only the person standing in front of him was the real Lavinia, it was a pity that the woman immediately broke up with him after watching him go bankrupt.

He forbore for six years without touching a woman who wanted to break up with him now. Evans couldn't restrain his anger at the thought of this.

Unable to retaliate against Lavinia, Evans vented all his anger and desire on Sanny.

Sanny already frivolous sky-blue uniform was torn in half by Evans, crisp jumped out of the uniform, her body still hung with red wine stains.

"Sanny is it? Serve me today and follow me later."

Evans said, and the whole person's hand has been leaning toward the private area of Sunny.

Lavinia is the beauty in Evans's heart, clean and flawless, but this Sanny can satisfy Evans's most primitive impulse and give him the dignity of a man. He doesn't mind raising a red rose outside while proposing to

Lavinia.

Even if it goes bankrupt, relying on the core technology of Jiang Gu's hand alone, outsiders who dare to disrespect Evans.

As long as the core technology is not sold for one day, those people will please him for one day.

Sanny was quite familiar with what she had to do next even if she hadn't tried it.

It's the first time for her. It's true, but before doing this job, she also trained and saw many men and women fight in actual combat. She never ate pork but she saw pigs run. When she saw Evans pull down his trousers, she knew what this man wanted to do next.
