

His Insane Lust

Chapter 15 You're not that gloomy in bed.

I could barely get pregnant???

Nicole was completely shocked, and she couldn't spit a word at that moment. Although she didn't intend to have a kid now, still she felt a little depressed.

The inspection was almost finished. Nicole walked behind Shawn and was suddenly dragged to the front by him and walked by his side.

'Why you're so upset like you're dead? You have been like this since the doctor said that. Are you still thinking about it?'

Shawn held Nicole's hand tightly in his palm.

'Don't move! We are married now. But in the eyes of others, we are still unmarried couples, and we must act like that.'

He firmly wrapped Nicole's soft hand in his palm, and his look became deeper. 'It's nothing to do with what the doctor said.' 'I was born with a gloomy character, alright????'

Nicole had no hope of withdrawing her hand and gave up her struggle decisively, but as soon as she dropped her words, Shawn was amused and chuckling.

'Well, you're not gloomy in bed. Not at all! He suddenly bent over and stuck at Nicole's ear and laughed.

The fragrance brought by Nicole's hair pervaded Shawn, and his hand holding Nicole suddenly tightened a lot, trying to wrap Nicole's hand tightly and even rubbing her whole body into him.

With a stuffy hum, Nicole couldn't understand why the man suddenly held her hand so tightly. 'We have to go back later. You gotta do me this favor.'

Nicole changed the subject to remind Shawn that Erin had always dreamed of marrying him since she was a child, but now she'd going back with Shawn, so that Erin can witness what her man in dream is like around her 'dear" sister.

Nicole suddenly turned around when she thought of it. She stared at Shawn and suddenly smiled: 'Honeyw' Shawn was aware of the subtle meaning of this 'honey". 'What do you want?' Shawn put his arm around Nicole's waist and patted her ass with

his big hand. 'I will certainly agree to my wife's reasonable request.' 'Husband – When you get home, you must love me a little.'

She let out a cute hum yet didn't expect Shawn's slap on her ass. She endured the impulse to push Shawn away, and looked at his handsome face. Forget about it. It was a blessing to be patted on her ass by such a man.

'You know, my sister, Erin, thinks of you as her Prince Charming and wants to be your wife.'

Nicole's fingers twirled gently on Shawn's chest, and she took advantage of the fact that no one on earth had ever deliberately teased Shawn like this.

Across his jacket and shirt, Shawn had an itchy feeling of her fingers spinning in front of his chest. He suddenly pulled back the hand on her ass, pressed Nicole's hand on his chest and picked his eyebrows.

Shawn stuck it to her ear and whispered it to Nicole: 'If you seduce me again, I will fuck you here. Just now the doctor said that I am stronger, remember?'

Shawn suddenly hugged Nicole in front of him, and they were directly attached to each other. Nicole couldn't help letting out a charming moan by such an act.

Nicole's cheeks turned red gradually. Nicole could recall what the doctor said now. The doctor said that he was born with intense sexual desire and strong physical strength, and the scene of them in bed instantly appeared in her mind.

What the doctor said seems to be correct, and Shawn's every move proves that the doctor is NOT joking.

What makes Nicole feel even shier is that she seems to belong to the horny kind, and Shawn could always lead her to orgasm easily.

'Don't change the subject, remember what to do when you get home with me.' Nicole leaned against Shawn's arms and snorted softly.

If it weren't for her 'warm-hearted' sister, how could she and Shawn now become booty calls with legal certificates?

'Of course, I will definitely accomplish what my wife asked of.' Shawn held Nicole in her ear and promised in a low voice, biting her earlobe gently.

It wasn't until they left the hospital and got on the bus that Shawn asked his assistants to announce his stay with Nicole.

This incident caused a sensation throughout the whole process.

No-one thought that Shawn of X-Space Industry would be with the miss of Family Miller. There was no news before. Now when the word came out, it exploded a heated discussion throughout the city!

'WHAT THE HELL?? Who released the news?? How can they be engaged!'

Erin sat on the sofa and skimmed the news, but she couldn't resist it. She threw her phone on the sofa and got so mad.

Erin's behavior surprised Elena sitting next to her. She looked at her daughter, got up in a hurry, walked to her and immediately held her hand.

'What's the matter? What happened that makes you this angry?' 'Mom! Have you seen the news, Nicole? That bitch is going to marry Shawn!'

Erin's voice was sharp and loud, and Elena's face suddenly changed. She immediately put out her hand over Erin's mouth and looked at it.

'Don't speak so loudly, what should I do if your dad hears you?' Erin faltered, and Elena was holding her hands. She could hardly speak. Elena released her hand covering her mouth after she was sure Erin would never speak loudly again. 'Mom, Shawn should be mine! Why did Nicole take him away from me all at once!' Shawn doesn't even know her, and now she says Shawn is her own. What a shameless woman!!!

'No, you said Nicole was going to marry Shawn. How did Nicole get together with the successor of X-Space Industry? They suddenly got together?'

Elena's a little confused.

But Elena just finished talking, Erin looked distressed, and she hated herself. If it weren't for those things she made, Nicole could not sleep in Shawn's bed!

'Mom, I'm ... 'Get yourself together. Nicole will come back with her boyfriend, let people prepare for the meal first.' Bob's voice suddenly came and interrupted Erin.

Erin and Elena suddenly turned and looked at Bob, and the resentment on their faces turned into consternation.

'Dad, will they come back that soon??' Erin held Elena's clothes tightly as if she would tear it up. 'Yes, so let people get ready quickly.'
